

## i THINGS TO SEE AND DO IN LONDON

### World class attractions

Welcome to London! We hope you enjoy your stay. Whatever your reason for visiting, we're sure you'll find something fascinating to entertain you. From the ancient treasures in the British Museum to the incredible modern art at Tate Modern, there's plenty to see. And as many of London's museums and galleries are free, you can visit lots of different places, even if you're on a budget. If you're here to shop, you're in luck: London contains some of the greatest shopping streets in the world, with iconic department stores like Liberty and Selfridges as well as gorgeous independent boutiques in and around Covent Garden, Carnaby Street and on the Kings Road as well as Westfield London shopping centre with over 300 shops. Theatre fans will love going to the West End and catching a world-class show like Billy Elliot, War Horse or The Lion King.

### A city of contrasts

As one of the world's most visited cities, there's always something going on in London. But there's plenty of space to relax too. London has the most parkland of any large city, meaning there are lots of tranquil places where you can get away from the crowds. It's also a very sporty city; its sporting past can be traced through historic venues like Wimbledon and Lords' Cricket Ground to the new Olympic stadium and state-of-the-art Aquatics Centre. You can indulge in one of more than 50 Michelin-starred restaurants in London; or pick up some fantastic street food at one of the city's popular markets. The crown jewels in the Tower of London and the opulence of Buckingham Palace it's a city fit for a Queen; but with 300 languages spoken and all different communities and cultures represented in this city, London is truly a place where everyone is welcome.
