NOT FOR DISTRIBUTION TO ANY U.S. PERSON OR TO ANY PERSON OR ADDRESS IN THE U.S.

IMPORTANT: You must read the following before continuing. The following applies to the prospectus following this page (the Prospectus), and you are therefore advised to read this carefully before reading, accessing or making any other use of the Prospectus. In accessing the Prospectus, you agree to be bound by the following terms and conditions, including any modifications to them any time you receive any information from us as a result of such access.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER TO SELL OR THE SOLICITATION OF AN OFFER TO BUY THE SECURITIES OF THE ISSUER IN THE UNITED STATES OR ANY OTHER JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE SECURITIES ACT), OR THE SECURITIES LAWS OF ANY STATE OF THE U.S. OR OTHER JURISDICTION AND THE SECURITIES MAY NOT BE OFFERED OR SOLD WITHIN THE U.S. OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT), EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND APPLICABLE STATE OR LOCAL SECURITIES LAWS.

THE FOLLOWING PROSPECTUS MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER, AND IN PARTICULAR, MAY NOT BE FORWARDED TO ANY U.S. PERSON OR TO ANY U.S. ADDRESS. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

This Prospectus has been delivered to you on the basis that you are a person into whose possession this Prospectus may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located. By accessing the Prospectus, you shall be deemed to have confirmed and represented to us that (a) you have understood and agree to the terms set out herein, (b) you consent to delivery of the Prospectus by electronic transmission, (c) you are not a U.S. person (within the meaning of Regulation S under the Securities Act) or acting for the account or benefit of a U.S. person and the electronic mail address that you have given to us and to which this e-mail has been delivered is not located in the United States, its territories and possessions (including Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands) or the District of Columbia and (d) if you are a person in the United Kingdom, then you are a person who (i) has professional experience in matters relating to investments in Article 19(1) of the Financial Services and Markets Act (Financial Promotion) Order 2005 (the Order) or (ii) is a high net worth entity falling within Article 49(2)(a) to (d) of the Order.

This Prospectus has been sent to you in an electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of electronic transmission and consequently none of the Issuer, the Obligors, The Royal Bank of Scotland plc, the Dealers or any person who controls it nor any director, officer, employee nor agent of it or affiliate of any such person accepts any liability or responsibility whatsoever in respect of any difference between the Prospectus distributed to you in electronic format and the hard copy version available to you on request from The Royal Bank of Scotland plc.

GATWICK FUNDING LIMITED

(incorporated with limited liability in Jersey with registered number 107376)

£5,000,000,000 Multicurrency programme for the issuance of Bonds

Gatwick Funding Limited (the **Issuer**) has established a multicurrency programme for the issuance of Bonds (the **Programme**).

Application has been made to the Financial Conduct Authority (the **FCA**) in its capacity as competent authority under Part VI of the *Financial Services and Markets Act 2000*, as amended (the **FSMA**), for the purposes of the Prospectus Directive and relevant implementing measures in the United Kingdom (the **UK Listing Authority** or **UKLA**) for Bonds issued under the Programme during the period of 12 months after the date hereof to be admitted to the Official List and to the London Stock Exchange plc (the **London Stock Exchange**) and for such Bonds to be admitted to trading on the London Stock Exchange – Regulated Market (the **Market**). References in this Prospectus to Bonds being "listed" (and all related references) shall mean that such Bonds have been admitted to trading on the Market and have been admitted to the Official List. The Market is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC (**MIFID**).

The Programme provides that Bonds may be listed on such other or further stock exchange(s) as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Bonds.

The Bonds may be issued, on a continuing basis, to one or more of the Dealers specified under "*Some Characteristics of the Bond Programme*" and any additional Dealer appointed under the Programme from time to time by the Issuer, which appointment may be for a specific issue or on an ongoing basis. References in this Prospectus to the "relevant Dealer" shall, in the case of an issue of Bonds being (or intended to be) subscribed by more than one Dealer or in respect of which subscriptions will be procured by more than one Dealer, be to all Dealers agreeing to subscribe for such Bonds or to procure subscriptions for such Bonds, as the case may be.

The Issuer may also issue unlisted Bonds and/or Bonds not admitted to trading on any regulated market for the purposes of MIFID and in circumstances that would not otherwise require the publication of a prospectus under Directive 2003/71/EC, as amended (**Exempt Bonds**). The UK Listing Authority has neither approved nor reviewed information contained in this Prospectus in connection with the Exempt Bonds.

Bonds issued under the Programme have not been, and will not be, registered under the Securities Act, or with any securities regulatory authority of any state or other jurisdiction of the United States. The Bonds may not be offered, sold in the United States or to, or for the benefit of, U.S. persons as defined in Regulation S unless such securities are registered under the Securities Act or pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in accordance with all applicable state securities laws. Each purchaser of the Bonds in making its purchase will be deemed to have made certain acknowledgements, representations and agreements. See "*Subscription and Sale*" in this Prospectus.

Please see "*Risk Factors*" to read about certain factors you should consider before buying any Bonds.

Neither the United States Securities and Exchange Commission nor any state securities commission in the United States nor any other United States regulatory authority has approved or disapproved the Bonds or determined that this Prospectus is truthful or complete. Any representation to the contrary is a criminal offence in the United States.

Prospectus dated 13 March 2014

Under the Programme the Issuer may, subject to all applicable legal and regulatory requirements, from time to time issue Bearer Bonds and Registered Bonds. The maximum aggregate nominal amount of all Bonds from time to time outstanding under the Programme will not exceed £5 billion (or its equivalent in other currencies calculated as described in the Dealership Agreement described therein, subject to increase as described therein). Copies of each Final Terms will be available (in the case of all Bonds) or the pricing supplement (in the case of any Tranche of Exempt Bonds) (the **Pricing Supplement**) from the specified office set out below of Deutsche Trustee Company Limited as the Bond Trustee (in the case of Bearer Bonds), from the specified office set out below of each of the Paying Agents and (in the case of Registered Bonds) from the specified office set out below of each of the Registrar and the Transfer Agent, provided that, in the case of Bonds which are not listed on any stock exchange, copies of the relevant Final Terms or Pricing Supplement (as the case may be) will only be available for inspection by the relevant Bondholders.

Details of the aggregate principal amount, interest (if any) payable, the issue price and any other conditions not contained herein, which are applicable to each Tranche of each Sub-Class of each Class of each Series (all as defined below) will be set forth in the relevant Final Terms or Pricing Supplement (as the case may be) or in a Drawdown Prospectus, see "*Final Terms, Pricing Supplements and Drawdown Prospectuses*" below. In the case of a Tranche of Bonds which is the subject of a Drawdown Prospectus, each reference in this Prospectus to information being specified or identified in the relevant Final Terms or Pricing Supplement (as the case may be) shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus, unless the context requires otherwise. In the case of Bonds to be admitted to the Official List and to trading on the Market, the Final Terms will be delivered to the UKLA and the London Stock Exchange on or before the relevant date of issue of the Bonds of such Tranche. The Issuer may also issue unlisted Bonds. The Issuer may agree with any Dealer and the Bond Trustee that Bonds may be issued in a form not contemplated by the Conditions herein, in which event (in the case of Bonds admitted to the Official List only) a further prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Bonds.

Bonds issued under the Programme will be issued in Series on each Issue Date and each Series may comprise one or more of two Classes. Bonds will be designated as either Class A Bonds or Class B Bonds. Each Class may comprise one or more Sub-Classes with each Sub-Class pertaining to, among other things, the currency, interest rate and maturity date of the relevant Sub-Class. Each Sub-Class may be zero-coupon, fixed rate, floating rate or index-linked Bonds and may be denominated in sterling, euro or U.S. dollars (or in other currencies subject to compliance with applicable laws).

Ratings ascribed to all of the Bonds reflect only the views of the Rating Agencies and any further or replacement rating agency appointed by the Issuer. Any two of S&P, Fitch and Moody's may provide ratings in respect of each Series of Bonds issued under the Programme. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by any one or all of the Rating Agencies. A suspension, reduction or

withdrawal of the rating assigned to any of the Bonds may adversely affect the market price of such Bonds.

The rating of certain Sub-Classes or Series of Bonds to be issued under the Programme may be specified in the applicable Final Terms or Pricing Supplement (as the case may be). Whether or not each credit rating applied for in relation to the relevant Sub-Class or Series of Bonds has been issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the Final Terms or Pricing Supplement (as the case may be). In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused. Each of Standard & Poor's Credit Market Services Europe Limited (being one of the entities through which Standard & Poor's Ratings Services' business operations in the European Union are currently conducted), Fitch Ratings Limited and Moody's Investors Service Limited is established in the European Union and registered under the CRA Regulation.

If any withholding or deduction for or on account of tax is applicable to the Bonds, payments on the Bonds will be made subject to such withholding or deduction, without the Issuer being obliged to pay any additional amounts as a consequence.

In the case of any Bonds which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a member state of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive (2003/71/EC), the minimum denomination shall be €100,000 or not less than the equivalent of €100,000 in any other currency as at the date of issue of the Bonds. Bonds may be issued in such denomination and higher integral multiples of a smaller amount specified in the relevant Final Terms or Pricing Supplement (as the case may be).

If issued under the relevant Final Terms or Pricing Supplement (as the case may be), Bonds that are Bearer Bonds may be represented initially by one or more Temporary Bearer Global Bonds, without interest coupons, which will be deposited with a common depository or common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg on or about the Issue Date of such Sub-Class. Each such Temporary Bearer Global Bond will be exchangeable for Permanent Bearer Global Bonds or definitive securities in bearer form as specified in the relevant Final Terms or Pricing Supplement (as the case may be) following the expiration of 40 days after the later of the commencement of the offering and the relevant Issue Date, upon certification as to non-U.S. beneficial ownership and as may be required by U.S. tax laws and regulations, as described in "*Forms of the Bonds*". Bearer Bonds are subject to U.S. tax law requirements. Subject to certain exceptions, the Bearer Bonds may not be offered, sold or delivered within the United States or to U.S. persons.

The Programme contemplates the potential issue of Bonds for sale in the United States pursuant to Rule 144A under the Securities Act or another exemption from the registration requirements of the Securities Act and the Issuer may issue such Bonds in the future.

If issued under the relevant Final Terms or Pricing Supplement (as the case may be), Bonds that are Registered Bonds will be represented on issue by beneficial interests in a Registered Global Bond, in fully registered form, without interest coupons attached, which will, in the case of Bonds not issued under the New Safekeeping Structure form, be deposited with, and be registered in the name of, a common depository for Euroclear and Clearstream, Luxembourg or, in the case of Bonds issued under the New Safekeeping Structure, will be deposited with, and registered in the name of, a common safekeeper for Euroclear and Clearstream, Luxembourg. Ownership interests in the Registered Global Bonds will be shown on, and transfers thereof will only be effected through, records maintained by

Euroclear and Clearstream, Luxembourg and their respective participants. Bonds in definitive, certificated and fully registered form will be issued only in the limited circumstances described herein. In each case, purchasers and transferees of Bonds will be deemed to have made certain representations and agreements. See "*Forms of the Bonds*" and "*Subscription and Sale*" below.

IMPORTANT NOTICES

This Prospectus is being distributed only to, and is directed only at, relevant persons. This Prospectus, or any of its contents, must not be acted on or relied on by persons who are not relevant persons. Any investment or investment activity to which this Prospectus relates is available only to, and any invitation, offer or agreement to subscribe, purchase or otherwise acquire such investments will be engaged in only with, relevant persons.

Neither the delivery of this Prospectus nor the offering, sale or delivery of any Bonds shall in any circumstances imply that the information contained herein concerning the Issuer or the Obligors is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct or that there has been no adverse change in the financial position of the Issuer or the Obligors as of any time subsequent to the date indicated in the document containing the same. None of the Arranger, the Dealers, the Bond Trustee, the Issuer Security Trustee, the Borrower Security Trustee or the Other Parties undertakes to review the financial condition or affairs of any of the Issuer or the Obligors during the life of the Programme or to advise any investor in the Bonds of any information coming to their attention.

This Prospectus is not intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer, any member of the Security Group, the Arranger, any Dealer, the Bond Trustee, the Issuer Security Trustee, the Borrower Security Trustee or any of the Other Parties that any recipient of this Prospectus should purchase any of the Bonds.

Each person contemplating making an investment in the Bonds must make its own investigation and analysis of the creditworthiness of the Issuer and the Obligors and its own determination of the suitability of any such investment, with particular reference to its own investment objectives and experience and any other factors which may be relevant to it in connection with such investment. A prospective investor who is in any doubt whatsoever as to the risks involved in investing in the Bonds should consult independent professional advisers.

The distribution of this Prospectus and the offering, sale or delivery of the Bonds in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions. This Prospectus does not constitute, and may not be used for the purposes of, an offer to or solicitation by any person to subscribe or purchase any Bonds in any jurisdiction or in any circumstances in which such an offer or solicitation is not authorised or is unlawful.

In connection with the issue of any Tranche of Bonds, the Dealer or Dealers appointed as Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in connection with such Tranche may over-allot Bonds or effect transactions with a view to supporting the market price of the Bonds at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Bonds is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Bonds and 60 days after the date of the allotment of the relevant Tranche of Bonds. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

The Commission has given, and has not withdrawn, its consent under Article 4 of the Control of Borrowing (Jersey) Order 1958 to the issue of the Bonds by the Issuer. A copy of this document has been delivered to the Jersey registrar of companies in accordance with Article 5 of the Companies (General Provisions) (Jersey) Order 2002, and he has given, and has not withdrawn, his consent to its circulation. It must be distinctly understood that, in giving these consents, neither the Jersey registrar of companies nor the Commission takes any responsibility for the financial soundness of the Issuer or for the correctness of any statements made, or opinions expressed, with regard to it.

If you are in any doubt about the contents of this document you should consult your stockbroker, bank manager, solicitor, accountant or other financial advisor. It should be remembered that the price of securities and the income from them can go down as well as up.

The Bonds may not be a suitable investment for all investors.

The investment activities or certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent Bonds are legal investments for it, Bonds can be used as security for indebtedness and other restrictions apply to its purchase or pledge of any Bonds.

Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained in this Prospectus, any supplemental prospectus or any applicable Final Terms or Pricing Supplement (as the case may be);
- have access to, knowledge of and appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact the Bonds will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including Bonds with principal or interest payable in one or more currencies or where the currency for principal or interest payments is different from the potential investor's currency;
- understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant indices and financial markets; and
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Bonds are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Bonds which are complex financial instruments unless it has the experience (either alone or with a financial adviser) to evaluate how the Bonds will perform under changing conditions, the resulting effects on the value of the Bonds and the impact this investment will have on the potential investor's overall investment portfolio.

In addition, the market value of the Bonds may fluctuate for a number of reasons including due to prevailing market conditions, current interest rates and the perceived creditworthiness of the Issuer

and the Obligors. Any perceived threat of insolvency or other financial difficulties of the Security Group or a less favourable outlook of the airport industry in the UK could result in a downgrade of ratings and/or a decline in the market value of the Bonds.

All references herein to pounds, sterling or £ are to the lawful currency of the UK, all references to U.S. dollars, U.S.\$, \$ and dollars are to the lawful currency of the United States of America, and references to euro or € are to the single currency introduced at the start of the third stage of European Economic and Monetary Union pursuant to the Treaty establishing the European Community, as amended from time to time.

In this Prospectus, words denoting the singular number only shall include the plural number also and *vice versa*.

This Prospectus contains various forward-looking statements regarding events and trends that are subject to risks and uncertainties that could cause the actual results and financial position of the Issuer and/or the Obligors to differ materially from the information presented herein. When used in this Prospectus, the words "estimate", "project", "intend", "anticipate", "believe", "expect", "should" and similar expressions, as they relate to the Issuer, the Obligors and their management, are intended to identify such forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. Except as required by applicable laws or regulations, neither the Issuer nor the Obligors undertake any obligations publicly to release the result of any revisions to these forward looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

References in this Prospectus to the Financial Conduct Authority or FCA are to the United Kingdom Financial Conduct Authority which before 1 April 2013 was known as the Financial Services Authority or FSA.

RESPONSIBILITY STATEMENTS

This Prospectus comprises a base prospectus for the purposes of Article 5.4 of the Prospectus Directive and for the purpose of giving information with regard to the Issuer and the Obligors which, according to the particular nature of the Issuer, the Obligors and the Bonds, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and the Obligors.

Each of the Issuer, GAL and the Security Parent accepts responsibility for the information contained in this Prospectus. To the best of the knowledge of each of the Issuer, GAL and the Security Parent (each having taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

No person has been authorised to give any information or to make representations other than the information or the representations contained in this Prospectus in connection with the Issuer, any member of the Security Group, or the offering or sale of the Bonds and, if given or made, such information or representations must not be relied upon as having been authorised by the Issuer, any member of the Security Group, the Arranger, the Dealers, the Bond Trustee, the Issuer Security Trustee or the Borrower Security Trustee or any other party. Neither the delivery of this Prospectus nor any offering or sale of Bonds made in connection herewith shall, under any circumstances, constitute a representation or create any implication that there has been no change in the affairs of the Issuer, any member of the Security Group since the date hereof. Unless otherwise indicated herein, all information in this Prospectus is given as of the date of this Prospectus. This document does not constitute an offer of, or an invitation by, or on behalf of, the Issuer or any Dealer to subscribe for, or purchase, any of the Bonds.

No representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Other Parties as to the accuracy or completeness of the information contained in this Prospectus or any other information supplied in connection with the Bonds or their distribution. The statements made in this paragraph are without prejudice to the respective responsibilities of the Issuer and the Obligors. Each person receiving this Prospectus acknowledges that such person has not relied on the Arranger, any Dealer, the Bond Trustee, the Issuer Security Trustee or the Borrower Security Trustee or any Other Party nor on any person affiliated with any of them in connection with its investigation of the accuracy of such information or its investment decision.

None of the Issuer, GAL, the Security Parent, the Arranger, the Dealers, the Bond Trustee, the Issuer Security Trustee, the Borrower Security Trustee or the Other Parties accept responsibility to investors for the regulatory treatment of their investment in the Bonds (including (but not limited to) whether any transaction or transactions pursuant to which Bonds are issued from time to time is or will be regarded as constituting a "securitisation" for the purposes of the CRD IV and the application of Article 405 of the CRR and Article 51 of the AIFM Regulation to any such transaction) in any jurisdiction or by any regulatory authority. If the regulatory treatment of an investment in the Bonds is relevant to an investor's decision whether or not to invest, the investor should make its own determination as to such treatment and for this purpose seek professional advice and consult its regulator. Prospective investors are referred to the "*Risk factors – Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Bonds*" section of this Prospectus for further information.

SUPPLEMENTARY PROSPECTUS

The Issuer has undertaken, in connection with the admission of the Bonds to the Official List and to trading on the Market, that, if there shall occur any significant new factor, mistake or material inaccuracy relating to information contained in this Prospectus which is capable of affecting the assessment of any Bonds whose inclusion would reasonably be required by investors and their professional advisers, and would reasonably be expected by them to be found in this Prospectus, for the purpose of making an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and the Obligors, and the rights attaching to the Bonds, the Issuer shall prepare a supplement to this Prospectus or publish a replacement prospectus for use in connection with any subsequent issue by the Issuer of Bonds and will supply to the Arranger, each Dealer and the Bond Trustee a copy or, in the case of the Bond Trustee, two copies of such supplement hereto or replacement prospectus.

FINAL TERMS, PRICING SUPPLEMENTS AND DRAWDOWN PROSPECTUSES

Any information relating to the Bonds which is not included in this Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Bonds will be contained either in the relevant Final Terms, Pricing Supplement or in a Drawdown Prospectus. For a Tranche of Bonds, which is the subject to Final Terms or Pricing Supplement (as the case may be), those Final Terms or Pricing Supplement (as the case may be) will, for the purposes of that Tranche only, supplement this Prospectus and must be read in conjunction with this Prospectus. The Conditions as completed by the relevant Final Terms or as supplemented, amended and/or replaced to the extent described in the relevant Pricing Supplement (as the case may be) are the terms and conditions applicable to any particular Tranche of Bonds, which is the subject of Final Terms or Pricing Supplement (as the case may be).

The Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus are the terms and conditions applicable to any particular Tranche of Bonds

which is the subject of a Drawdown Prospectus. Each Drawdown Prospectus will be constituted by a single document containing the necessary information relating to the Issuer and the relevant Bonds.

U.S. INFORMATION

The Bonds have not been approved or disapproved by the SEC or any other securities commission or other regulatory authority in the United States, nor have the foregoing authorities approved this Prospectus or confirmed the accuracy or determined the adequacy of the information contained in this Prospectus. Any representation to the contrary is unlawful.

The Bonds in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended and the regulations promulgated thereunder.

TO ENSURE COMPLIANCE WITH TREASURY DEPARTMENT CIRCULAR 230 (CIRCULAR 230), BONDHOLDERS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF FEDERAL TAX ISSUES IN THIS DOCUMENT IS NOT INTENDED OR WRITTEN TO BE RELIED UPON, AND CANNOT BE RELIED UPON, BY BONDHOLDERS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON BONDHOLDERS UNDER THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED; (B) SUCH DISCUSSION IS INCLUDED HEREIN BY THE ISSUER IN CONNECTION WITH THE PROMOTION OR MARKETING (WITHIN THE MEANING OF CIRCULAR 230) BY THE ISSUER OF THE TRANSACTIONS ADDRESSED HEREIN; AND (C) BONDHOLDERS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

In making an investment decision, investors must rely on their own examination of the Issuer and the Obligors and the terms of the Bonds being offered, including the merits and risks involved.

The Prospectus may be distributed on a confidential basis in the United States to a limited number of QIBs (as defined below) for informational use solely in connection with the consideration of the purchase of the Bonds being offered hereby. Its use for any other purpose in the United States is not authorized. It may not be copied or reproduced in whole or in part nor may it be distributed or any of its contents disclosed to anyone other than the prospective investors to whom it is originally distributed.

Registered Bonds may be offered or sold within the United States or to U.S. persons only to QIBs in transactions exempt from registration under the Securities Act. Each U.S. purchaser of Registered Bonds is hereby notified that the offer and sale of any Registered Bonds to it may be made in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A.

Each purchaser or holder of Bonds represented by a Rule 144A Bond, or any Bond issued in registered form in exchange or substitution therefor, will be deemed by its acceptance or purchase of any such Bond to have made certain representations and agreements intended to restrict the resale or other transfer of such Bonds as set out in "*Subscription and Sale*" and "*Transfer Restrictions*".

NOTICE TO NEW HAMPSHIRE RESIDENTS

NEITHER THE FACT THAT A REGISTRATION STATEMENT OR AN APPLICATION FOR A LICENCE HAS BEEN FILED UNDER CHAPTER 421-B OF THE NEW HAMPSHIRE REVISED STATUTES WITH THE STATE OF NEW HAMPSHIRE NOR THE FACT THAT A SECURITY IS EFFECTIVELY REGISTERED OR A PERSON IS LICENSED IN THE STATE OF NEW HAMPSHIRE CONSTITUTES A FINDING BY THE SECRETARY OF STATE OF NEW

HAMPSHIRE THAT ANY DOCUMENT FILED UNDER CHAPTER 421-B IS TRUE, COMPLETE AND NOT MISLEADING. NEITHER ANY SUCH FACT NOR THE FACT THAT AN EXEMPTION OR EXCEPTION IS AVAILABLE FOR A SECURITY OR A TRANSACTION MEANS THAT THE SECRETARY OF STATE HAS PASSED IN ANY WAY UPON THE MERITS OR QUALIFICATIONS OF, OR RECOMMENDED OR GIVEN APPROVAL TO, ANY PERSON, SECURITY OR TRANSACTION. IT IS UNLAWFUL TO MAKE, OR CAUSE TO BE MADE, TO ANY PROSPECTIVE PURCHASER, CUSTOMER OR CLIENT ANY REPRESENTATION INCONSISTENT WITH THE PROVISIONS OF THIS PARAGRAPH.

AVAILABLE INFORMATION

To permit compliance with Rule 144A in connection with any resales or other transfers of Bonds that are "restricted securities" as defined in Rule 144(a)(3) under the Securities Act, the Issuer has undertaken in the Bond Trust Deed to furnish, upon the request of a holder of such Bonds or any beneficial interest therein, to such holder or to a prospective purchaser designated by him, the information required to be delivered under Rule 144A(d)(4) under the Securities Act if, at the time of the request, the Issuer is neither subject to reporting under section 13 or 15(d) of the Exchange Act, nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder.

OVERVIEW OF GATWICK AIRPORT LIMITED AND THE PROGRAMME

The following does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of this Prospectus and, in relation to the Conditions of any particular Tranche of Bonds, the applicable Final Terms or Pricing Supplement (as the case may be).

OVERVIEW

Introduction

GAL is the owner and operator of Gatwick, the world's busiest single runway airport. Gatwick occupies a key strategic location in the South East of the UK, one of the busiest centres for air transport in the world. The airport, operating from two terminals, is the UK's second busiest by passenger traffic, the tenth largest in Europe for international passengers, and handles approximately 25% of Greater London's traffic.

In the year to 31 March 2013, 34.2 million passengers passed through Gatwick. The estimated maximum physical capacity with the existing single runway is 45 million passengers per annum, which gives scope for future growth.

Gatwick airport serves over 215 destinations worldwide with a diversified route network. No individual route represents more than 3.2% of total passenger traffic and Gatwick has a broad base of airlines with 62 main carriers operating regularly from the airport. Approximately half of GAL's income is generated through aeronautical income.

Under new ownership since 2009, Gatwick has been increasingly focused on competing for short and long-haul origination and destination traffic, which currently accounts for 93% of passenger journeys. The strategy has yielded considerable success over the last four years. More recently, new routes were launched and additional frequencies added in the winter 2012/13 season and summer 2013 seasons by established operators such as easyJet, British Airways and Norwegian Air Shuttle, to destinations in Europe. Gatwick has added additional capacity with 21 slot pairs available in summer 2014. Growth amongst long haul carriers serving leisure destinations, such as the Caribbean and Africa, was complemented by growth in business routes such as Moscow, Dubai, and China. Norwegian Air Shuttle continued to increase its presence at Gatwick. From July 2014, it will launch direct services from Gatwick to New York (JFK), Los Angeles (LAX) and Fort Lauderdale.

GAL will have invested £1.2 billion in the infrastructure of the airport over the six years ended 31 March 2014, known collectively as the Q5+1 period. This investment includes an extension to the North Terminal, a new security search area in the south terminal, redevelopment of the departure lounges in both terminals, resurfacing of the runway and a new baggage system.

Non-aeronautical income is an important component of GAL's revenue mix, principally derived from retail concessions and car parking. Approximately ninety retail clients operate in around 222 outlets across the two terminals and the airport manages 4,900 short-term and 28,400 long-term car park spaces. Non-aeronautical income accounts for 47% of Gatwick's revenues and has remained robust through the recent economic slowdown. In the year ended 31 March 2013, net retail and car parking income per passenger was £4.79, up 1.1% on the prior year.

For the year ended 31 March 2013, the company generated turnover of £538.9 million from continuing operations. The chart below demonstrates the consistent growth in the Company's turnover over the Q5 period (compounded growth rate of 3.5%).

Turnover for the years ended 31 March 2009-2013

EBITDA has increased in each of the last three years and reflecting this, cash flow from operations has grown by 38% over the same period. This is largely a result of traffic growth, higher aeronautical charges and improved commercial spend per passenger.

The chart below sets out the consistent growth in the Company's EBITDA over the first five years of the Q5+1 period (compound annual growth rate 8.3%).

Airports Commission's interim report on capacity constraints in the South East

Runway capacity in peak periods in the South East of England has become increasingly constrained as air travel demand has increased. In July 2010, the current UK Government stated that it did not support the construction of new runways at Heathrow, Gatwick or Stansted, the major airports in the South East. In its 2011 National Infrastructure Plan, the UK Government noted that, while it would look at "all options for maintaining the UK's aviation hub status", this did not extend to supporting the construction of a third runway at Heathrow airport.

In September 2012, the government established the Independent Airports Commission ("Airports Commission"), chaired by Sir Howard Davies, to identify and recommend to the Government options for delivering additional UK airport capacity in the short, medium and long term.

As part of the initial consultation process, Gatwick submitted its Outline Proposals for providing additional runway capacity in the longer term to the Airports Commission.

On 17 December 2013, the Airports Commission released its interim report which concluded that there is a need for at least one additional runway to be in operation in the South East of the UK by 2030. The Airports Commission will be taking forward for further detailed study proposals for new runways at two locations: Gatwick Airport (a new runway south of the existing runway) and Heathrow Airport (a new runway to the northwest or an extension of the existing northern runway). The next phase will see the Airports Commission undertaking a detailed appraisal of the three options identified before a public consultation in autumn 2014, with a final report due by summer 2015. The Airports Commission has not shortlisted the Thames Estuary options because there are too many uncertainties and challenges surrounding the proposal at this stage, but will undertake a further study of the Isle of Grain option in the first half of 2014 to assess whether that option offers a credible proposal for consideration alongside the other shortlisted options.

The UK Government's 2013 National Infrastructure Plan further supported this approach to assessing the medium and long term capacity challenge at the largest airports in the South East of England. In particular, it supported proposals by the Airports Commission to improve surface transport access to key airports, including a government commitment of £50 million towards a full redevelopment of the railway station at Gatwick.

Gatwick's work programme will continue to cover all issues which the airport understands will be relevant to the Airports Commission's process and the eventual policy decision by the Government on airport expansion. Gatwick will continue to evaluate various runway options and assess key requirements, including environmental, surface access and economic impacts. As Gatwick has now been shortlisted, Gatwick intends to carry out public consultation in Spring 2014 in accordance with guidelines for major infrastructure projects which are subject to the Development Consent Order process.

For at least for the rest of this decade, London's airports will be relying on their existing physical capacity to meet expected increasing demand. Gatwick's work and submission to the Airports Commission in May 2013 includes a detailed evaluation of how Gatwick's existing single runway capacity can be maximised to contribute to the short-term capacity needs for London and the UK.

Gatwick's Shareholders

Following its acquisition in December 2009, Gatwick is 42% owned by Global Infrastructure Partners (GIP), a US\$16.5bn independent, specialist infrastructure fund. The remaining consortium members consist of four of the world's leading infrastructure investors: Abu Dhabi Investment Authority; the California Public Employees' Retirement System Fund; the National Pension Service of Korea; and Future Fund Board of Guardians.

Over the past four years, the shareholders have implemented a new strategic direction for Gatwick. Management's priority is to transform the passenger experience and improve efficiency for the airlines and the airport itself, improving Gatwick's competitiveness in the London airport market.

Credit Strengths

Gatwick's credit highlights include:

- Premium Market in the South East – the South East is a densely populated and affluent catchment area in the heart of the UK service economy. Overall runway capacity is already limited at peak periods and traffic in the UK is projected by the DfT to grow by 2.4 % per annum over the next ten years with no additional runway capacity currently being made available in the South East during this period.
- Strategically Advantaged London Airport – Gatwick occupies a unique position within this premium market and is located 29 miles from central London with fast direct rail links into the capital. This combination of passenger demand and a wealthy catchment area allows Gatwick to attract higher yielding passengers.
- Resilient Financial Performance – GAL's balanced mix of aeronautical and non-aeronautical revenues, coupled with a diversified traffic base, in terms of destinations served, carriers and airline business models, has provided historically some resilience to economic downturn and airline failure. This is reflected in the EBITDA of the business improving year-on-year, despite traffic levels remaining below their pre financial crisis levels of 2007.
- Predictable Cost Base, Deliverable Capital Expenditure Programme – GAL benefits from a well-understood and stable operating cost base, broadly aligned with RPI and well matched to revenue. Building on the successes achieved to date in increasing the efficiency of the operation, overhauling the capital programme and establishing effective project management, management sees further scope to improve both capex and opex efficiencies. This is a key focus for the management team.
- Modernised Regulatory Framework – Gatwick operates within a regulatory environment that has been recently modernised with the introduction of the Civil Aviation Act 2012 (the **CA Act 2012**). The CAA has supported GAL's proposal that it will enter into a set of legally enforceable airline commitments (**Airline Commitments**) to all airlines and bilateral contracts with individual airlines as an alternative form of price control. The CAA's decision for economic regulation at Gatwick beyond 31 March 2014 was published in January 2014, and proposed to incorporate the Airline Commitments proposed by GAL within an economic regulation licence in addition to specific conditions as to financial and operational resilience and pass through of second runway costs. GAL believes firmly that the Airline Commitments framework can lead to a transformational change in the way Gatwick operates, how it co-operates with its airline customers, and how – together – all parties can transform the passenger experience at Gatwick (see "*Airport Regulation*").
- Experienced Management Team – a dynamic and strong executive management team is in place to drive the shareholders' operational philosophy through the business. Key hires have delivered additional airport and regulatory expertise at a senior level.

Driving Transformational Change

After 4 years of new ownership significant progress has been made improving the airport's operations, including:

- the completion on or ahead of schedule of the North Terminal extension, the North and South Terminal forecourts, Multi Storey Car Park 6, the refurbishment of Pier 2 and the new shuttle system linking North and South Terminals;
- the ongoing reconfiguration and refurbishment of Pier 5, the construction of a new A380 stand, resurfacing of the main runway, significant investment in snow clearing equipment, new baggage systems in North and South Terminals and the demolition and ongoing redevelopment of Pier 1;
- an innovative new security area consolidating all security lanes into one area in the South Terminal and incorporating new technology, opened in Summer 2011, and additional security lanes in the North Terminal;
- extensive investment in the retail offering across both the North and South Terminals, including a 2,500 sq. metre World Duty Free walkthrough store and redevelopment of the International Departure Lounge in the South Terminal;
- all service quality regime targets were achieved for the whole of a financial year for the first time in Q5 in the financial year ended 31 March 2013. Since April 2011 there have only been nine failures of the monthly SQR metrics. During December 2013, the airport suffered severe flooding and failed 4 out of a possible 35 measures, contributing almost half of the total measures failed since April 2011. Security queuing times have reduced markedly and the associated service targets have been met in each month since the change in ownership; and
- innovative check-in and security processes have been trialled and intensified route marketing discussions with airline customers are producing results. Following reform of operational management, staff absenteeism has also declined.

EVOLUTION OF THE REGULATORY FRAMEWORK

Economic Regulation under the CA Act 2012

The regulatory framework for airports in the UK has recently changed. The CA Act 2012, which received Royal Assent in December 2012 includes reforms that modernise the system of economic regulation of airports in the UK.

Under the economic regulatory regime of the Airports Act 1986 (**Airports Act**), the CAA set caps on the amount that Gatwick can charge airlines for using its airport facilities, including for Gatwick's regulatory period ending 31 March 2014. The CA Act 2012 introduces a new framework for the economic regulation of UK airports with an economic licensing regime for dominant airports (and dominant airport areas) where operators are determined by the CAA to have substantial market power and where competition law would provide insufficient protection against the risk of an abuse of that power, provided that the benefits of intervention through licensing are likely to outweigh the adverse effects (the **Market Power Test**) (see "*Airport Regulation - Reform of the Regulatory Framework*"). The CA Act 2012 gives the CAA greater flexibility to align the regulatory requirements that it imposes with the market and competitive position at the relevant airport.

GAL's licence and Airline Commitments for Q6

As part of Gatwick's Business Plan submission to the CAA, it proposed that GAL would enter into a set of legally enforceable Airline Commitments with all airlines operating at Gatwick covering price, service, transparency, financial resilience, operational resilience and dispute resolution. The proposal was that these Airline Commitments would be in place for seven years from April 2014 and would replace the need for economic regulation of Gatwick by the CAA. In addition, GAL envisaged that there would be a series of bilateral contracts, incorporating, for example, price, service and duration, agreed on a commercial basis between GAL and certain individual airlines.

The CAA has accepted the Airline Commitments framework proposed by Gatwick, and has incorporated them into a licence given that Gatwick meets the Market Power Test. This licence, which was published on 13 February 2014, will be in place for a period of seven years from 1 April 2014 and limit price increases over that period to RPI+0%, when any discounts in contracts with airlines are taken into account. Price increases excluding the effect of any discounts are limited to RPI+1% over the period. In addition, GAL's Airline Commitments include minimum service quality standards, minimum annual capital expenditure of £100 million, minimum standards of consultation with airline and passenger groups and dispute resolution procedures. Gatwick's licence also includes a financial resilience condition, under which GAL is required to act in a manner calculated to secure that it has available to it sufficient resources including financial, management and staff resources, to enable it to provide airport operation services at the airport. There is also an obligation for GAL to pre-notify the CAA of certain changes to the Finance Documents. In addition, the CAA has also set out a process for monitoring GAL's performance under the Airline Commitments, including whether the blended price actually charged under the Airline Commitments and bilateral contracts is consistent with the CAA's benchmark view of a 'fair price' of RPI-1.6% per year.

The economic regulation provisions of the CA Act 2012, and therefore the new licences for those airports that the CAA has determined meet the Market Power Test (Gatwick and Heathrow), will be in full effect from 1 April 2014. Where a licence is not required, an airport's activities will remain subject to general competition law, the provisions of the Airport Charges Regulations 2011 and the Airports (Groundhandling) Regulations 1997, in respect of each of which the CAA has an enforcement role.

The CA Act 2012 also introduced a new general duty for the CAA to carry out its functions in a manner which furthers the interests of users of existing and future air transport services regarding the range, availability, continuity, cost and quality of airport operation services, where appropriate by doing so in a manner which will promote competition in the provision of airport operation services. In carrying out its general duty, the CAA will be required, among other things, to have regard to "the need to secure that each holder of a licence ... is able to finance its provision of airport operation services in the area for which the licence is granted".

In relation to licence provisions designed to ensure financial resilience at licensed airports, the CA Act 2012 provides for derogations to be given for pre-existing financing arrangements. The CAA is precluded from removing or amending these derogations without first determining: (i) that there has been a material change in circumstances since the derogation was granted; and (ii) the benefits of removing the derogation are likely to outweigh any adverse effects to passengers.

GAL has supported the UK Government's proposals regarding reform of the economic regulation of airports and welcomed the evolution of the regulatory architecture delivered by the CA Act 2012. For more information on the economic regulation of Gatwick, see "Airport Regulation".

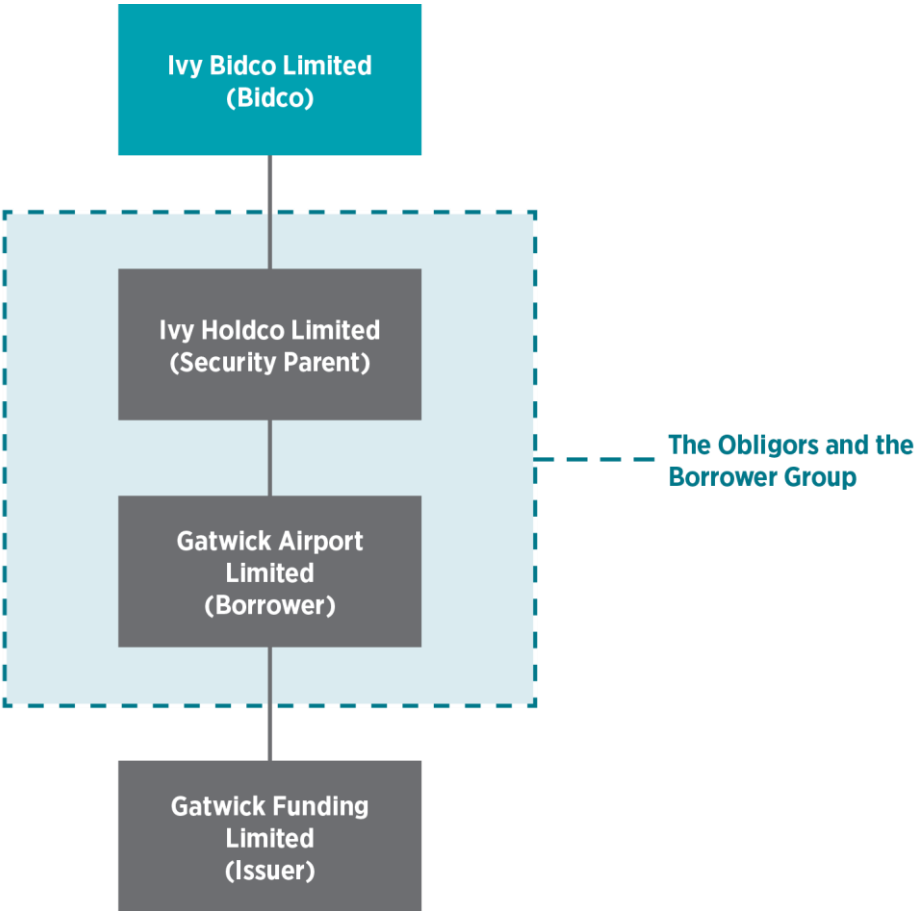

One of the consequences of the regulatory changes highlighted above is that from 1 April 2014, the requirement for GAL to prepare and publish separate regulatory accounts containing a RAB figure

will cease to apply. For further details, including the consequences of this change under the Finance Documents, see "*Airport Regulation*" below.

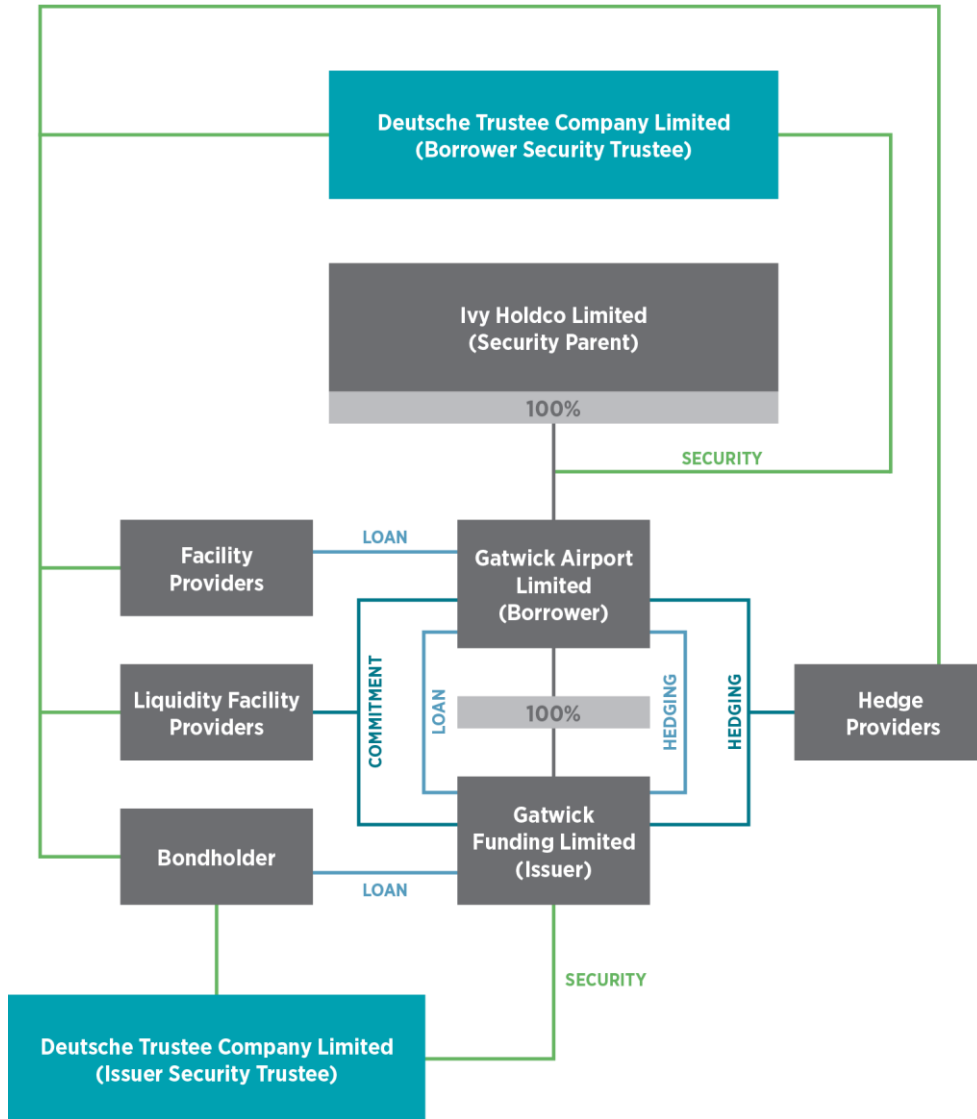

THE PROGRAMME

The Issuer has established the Programme to raise debt in the bond markets to fund, among other things the future on-going capital expenditure programme of GAL. The capital structure also incorporates revolving bank facilities, medium term bank debt, Bonds, and associated risk management hedging.

SIMPLIFIED OWNERSHIP STRUCTURE

SIMPLIFIED DEBT STRUCTURE

SOME CHARACTERISTICS OF THE BOND PROGRAMME

Issuer	Gatwick Funding Limited.
Borrower	Gatwick Airport Limited.
Security Parent	Ivy Holdco Limited.
Obligors	The Borrower and the Security Parent.
Bond Trustee	Deutsche Trustee Company Limited or any successor appointed pursuant to the Bond Trust Deed.
Issuer Security Trustee	Deutsche Trustee Company Limited or any successor appointed pursuant to the Issuer Deed of Charge.
Borrower Security Trustee	Deutsche Trustee Company Limited or any successor appointed pursuant to the STID.
Arranger	The Royal Bank of Scotland plc.
Dealers	Banco Santander, S.A. Commonwealth Bank of Australia Crédit Agricole Corporate and Investment Bank J.P. Morgan Securities plc The Royal Bank of Scotland plc
Programme Size	Up to £5 billion (or its equivalent in other currencies) aggregate nominal amount of Bonds outstanding at any time as increased from time to time by the Issuer.
Issuance in Classes	<p>Bonds issued under the Programme will be issued in Series on each Issue Date and each Series may comprise one or more of two Classes. Bonds will be designated as either Class A Bonds or Class B Bonds. Each Class may comprise one or more Sub-Classes with each Sub-Class pertaining to, among other things, the currency, interest rate and maturity date of the relevant Sub-Class. Each Sub-Class may be zero-coupon, fixed rate, floating rate or index-linked Bonds and may be denominated in sterling, euro or U.S. dollars (or in other currencies subject to compliance with applicable laws).</p> <p>On each Issue Date, the Issuer will issue the Sub-Classes of Bonds set out in the Final Terms or Pricing Supplement (as the case may be) published on the relevant Issue Date.</p>
Certain Restrictions	Each issue of Bonds denominated in a currency in respect of which particular laws, guidelines, regulations,

restrictions or reporting requirements apply will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time including the restrictions applicable at the date of this Prospectus. See "*Subscription and Sale*".

Currencies

Euro, sterling, U.S. dollars and, subject to any applicable legal or regulatory restrictions, any other currency agreed between the Issuer and the relevant Dealer.

Final Terms, Pricing Supplement or Drawdown Prospectus

Bonds issued under the Programme may be issued either (a) pursuant to this Prospectus and associated Final Terms or Pricing Supplement, or (b) pursuant to a Drawdown Prospectus.

Redenomination

The applicable Final Terms or Pricing Supplement (as the case may be) may provide that certain Bonds may be redenominated in euro. The relevant provisions applicable to any such redenomination will be contained in Condition 17 (*European Economic and Monetary Union*), as amended by the applicable Final Terms or Pricing Supplement (as the case may be).

Maturities

Such maturities as may be agreed between the Issuer and the relevant Dealer, subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the Issuer.

In certain circumstances, where Bonds have a maturity of less than one year, such Bonds will be subject to limitations to ensure the Issuer complies with section 19 of the FSMA. For further details please see the United Kingdom selling restrictions as set out in "*Subscription and Sale*" and the Final Terms or Pricing Supplement (as the case may be) for any particular Series of Bonds.

Issue Price

Bonds will be issued on a fully-paid basis and at an issue price which is at par or at a discount to, or premium over, par, as set out in the relevant Final Terms or Pricing Supplement (as the case may be).

Interest

Bonds will, unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be), be interest-bearing and interest will be calculated (unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be)) on the Principal Amount Outstanding of such Bond. Interest will accrue at a fixed or floating rate (plus, in the case of Indexed Bonds, amounts in respect of indexation) and will be payable in arrear, as specified in the relevant Final Terms or Pricing Supplement (as the case may be), or on such other basis and at such rate as may be so specified. Interest will be calculated on the

basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer as specified in the relevant Final Terms or Pricing Supplement (as the case may be).

Form of Bonds

The Bonds will be issued in bearer or registered form as specified in the relevant Final Terms or Pricing Supplement (as the case may be). Registered Bonds will not be exchangeable for Bearer Bonds.

Interest Payment Dates

Interest, in respect of Fixed Rate Bonds and Indexed Bonds may be payable monthly, quarterly, semi-annually or annually (according to the relevant Final Terms or Pricing Supplement (as the case may be)) in arrear and, in respect of Floating Rate Bonds will be payable quarterly in arrear (or, as otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be)).

Early Redemption

The applicable Final Terms or Pricing Supplement (as the case may be) will indicate either that the relevant Bonds cannot be redeemed prior to their stated maturity (other than in specified instalments, for taxation reasons if applicable, following prepayment of a Borrower Loan or following an Index Event or a Bond Event of Default) or that such Bonds will be redeemable at the option of the Issuer and/or the Bondholders upon giving notice to the Bondholders or the Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and on such other terms as may be agreed between the Issuer and the relevant Dealer, in each case as set out in the applicable Final Terms or Pricing Supplement (as the case may be).

Scheduled Redemption

Unless previously redeemed or cancelled, each Sub-Class of Bonds is expected to be redeemed on the Scheduled Redemption Date. Neither the Issuer nor the Borrower has the right to extend the Scheduled Redemption Date, which is also the maturity date of the corresponding tranche of the Borrower Loans. The Maturity Date under the Bonds falls two years later, to cater solely for the possibility that the Borrower might default on repayment of the Borrower Loans. In these circumstances (which constitute an event of default (a **Loan Event of Default**)), the Bonds will accrue interest at a floating rate, which will be met from any available proceeds from the Borrower Loans or, if insufficient, from drawings under the Liquidity Facility to the extent available. If the Bonds are not redeemed in full by their Maturity Date, there will be a Bond Event of Default.

Final Redemption

If a Sub-Class of Bonds has not previously been redeemed in full, such Sub-Class shall be finally redeemed at its respective Principal Amount Outstanding (in the case of Indexed Bonds as adjusted in accordance with Condition 6(b) (*Application of the Index Ratio*)) plus accrued interest on the Maturity Date as specified in the applicable Final Terms or Pricing Supplement (as the case may be).

Denomination of Bonds

Bonds will be issued in such denominations as are or may be agreed between the Issuer and the relevant Dealer, as specified in the relevant Final Terms or Pricing Supplement (as the case may be), but the minimum denomination shall be not less than €100,000 or not less than the equivalent of €100,000 in any other currency as at the date of issue of the Bonds.

Taxation

Payments in respect of Bonds will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of any jurisdiction, unless and save to the extent that the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event and to that extent, the Issuer and/or the Paying Agents will make payments subject to the appropriate withholding or deduction. No additional amounts will be paid by the Issuer and/or the Paying Agents in respect of any withholdings or deductions.

Status of the Bonds

The Bonds to be issued under the Programme will constitute secured obligations of the Issuer. Bonds of each Class rank *pari passu* without preference or priority in point of security among themselves. One or more Classes, Sub-Classes or Series may be issued at one time. All Bonds issued under the Programme will be secured over the same assets of the Issuer, which are secured in favour of the Bondholders and the other Issuer Secured Creditors under the Issuer Deed of Charge.

The Bonds represent the right of the holders of such Bonds to receive interest (where applicable) and principal payments from the Issuer in accordance with the terms and conditions of the Bonds and the Bond Trust Deed entered into by the Issuer and the Bond Trustee in connection with the Programme.

All claims in respect of the Class A Bonds will rank in priority to payments of interest and principal due on the Class B Bonds.

Covenants

The representations, warranties, covenants and events of default which will apply to, among other things, the Bonds are set out in the Bond Trust Deed. See "*Summary of the*

Financing Agreements – Bond Trust Deed".

Listing

It is anticipated that Bonds issued under the Programme will be admitted to the Official List and admitted to trading on the Market. The Bonds may also be listed on such other or further stock exchange(s) as may be agreed between the Issuer and the relevant Dealer in relation to each Series.

Exempt Bonds may also be issued pursuant to a Pricing Supplement.

Ratings

The ratings assigned to the Class A Bonds and the Class B Bonds by the Rating Agencies reflect only the views of the Rating Agencies. The ratings will be specified in the relevant Final Terms or Pricing Supplement (as the case may be).

A rating is not a recommendation to buy, sell or hold securities and will depend, among other things, on certain underlying characteristics of the business and financial condition of the Borrower. A rating may be subject to suspension, change or withdrawal at any time by the assigning Rating Agency.

Governing Law

The Bonds and any non-contractual obligations arising out of or in connection with them will be governed by, and construed in accordance with, English law.

Selling Restrictions

There are restrictions on the offer, sale and transfer of the Bonds in the United States, the United Kingdom, Jersey and such other restrictions as may be required in connection with the offering and sale of a particular Sub-Class of Bonds. See "*Subscription and Sale*" and the Final Terms or Pricing Supplement (as the case may be) for any particular series of Bonds.

Investor Information

The Borrower is required to produce an Investor Report semi-annually which shall be published on the designated website of GAL, being www.gatwickairport.com/investor and which will also be made available at the specified office of the Principal Paying Agent, in the case of Registered Bonds at the specified office of the Registrar and the Transfer Agents and (in all cases) at the registered office of the Bond Trustee. No reports in respect of the Borrower Loan Agreement and the Borrower Loans will be prepared.

RISK FACTORS

The following sets out certain aspects of the Programme documentation and the activities of the Issuer and the Borrower Group of which prospective Bondholders should be aware. The occurrence of any of the events described below could have a material adverse impact on the business, financial condition or results of operations of the Issuer, the Borrower and the Security Parent and could lead to, among other things, Trigger Events, Bond Events of Default, Loan Events of Default and/or non-payment of amounts under the Bonds.

This section of the Prospectus describes all material risks that are known to the Issuer and the Borrower Group as at the date of this Prospectus. This section of the Prospectus is not intended to be exhaustive and prospective Bondholders should read the detailed information set out elsewhere in this document prior to making any investment decision. Further, prospective Bondholders should take their own legal, financial, accounting, tax and other relevant advice as to the structure and viability of an investment in the Bonds. Bondholders may lose the value of their entire investment in certain circumstances.

In addition, while the various structural elements described in this document are intended to lessen some of the risks discussed below for holders of the Bonds, there can be no assurance that these measures will ensure that the holders of the Bonds of any Sub-Class or Tranche receive payment of interest or repayment of principal from the Issuer in respect of such Bonds on a timely basis or at all.

COMMERCIAL RISKS

GAL generates two types of income:

- (a) aeronautical income from airport fees and traffic charges which are regulated by the CAA and typically levied on the basis of passenger numbers, air transport movements (landing and take-off) and the length of time for which an aircraft is parked at the airport and are also linked to the rate of inflation, which is liable to change; and
- (b) non-aeronautical income from retail concession fees, car parking income, property rental income and income from the provision of operational facilities and utilities.

The following risks could affect one or both of these types of income which may, in turn, materially impact GAL.

Macro-economic factors

Changing economic circumstances may affect demand for travel. Travel, especially leisure travel, which is a key market for Gatwick, is a discretionary consumer expense. During periods of economic slowdown, customers may reduce or stop their spending on travel, impacting passenger numbers and the propensity of passengers to spend in the shops and thereby impacting income for GAL. In addition, economic conditions may impact Gatwick's operating costs, pension plan contributions and the costs and availability of capital and of the services of suppliers which are required by Gatwick.

Economic circumstances may also affect GAL's retail income. Like leisure travel, passengers' retail spending at Gatwick is discretionary and poor economic conditions may result in travellers choosing to curtail such spending.

Car parking income may be affected by a change in the passenger mix in circumstances where outbound leisure travellers from the UK are substituted by inbound passengers who would not generally use car parks.

In addition, fluctuations in exchange rates may impact spending by passengers.

Exposure to airlines' actions or financial situations

GAL has negotiated commercial arrangements with certain airlines which incentivise those airlines to maintain and grow passenger numbers, and continues to engage with other airlines under the 'Airline Commitments' framework to agree contract terms (see "*Airport Regulation – Regulatory regime*"). However, as airlines have no obligations to GAL to deliver a given passenger volume, to provide a minimum volume of flights to and from Gatwick or to use a particular type of aircraft, there can be no assurance as to the level of GAL's future aeronautical income from any one or more airline operators. Levels of retail income at Gatwick and passenger spend may also be affected by such factors.

In addition, the economic position of some airlines remains difficult. Individual airlines may suffer financial difficulties which force them to partly or completely discontinue their flight operations or to merge with others, thereby having to realign their flight operations from Gatwick to other airports. In addition, airline customers may refuse to pay the required charges.

Any loss of airline customers or failure to pay by such airline customers could have a material adverse impact on GAL if it is unable to mitigate such loss by the take-up of the vacated slots by other airline customers.

Reliance on major airline customers

Gatwick's biggest five airline customers (easyjet, British Airways, TUI, Monarch and Norwegian) accounted for 73.7% of total air transport movements and 75.0% of passengers at Gatwick for the year ended 31 March 2013. Although GAL continues to seek to attract new airlines to operate from Gatwick and to encourage growth from existing operators, GAL has derived, and believes it will continue to derive, a significant portion of its turnover in any given year from a limited number of airlines. Actions taken by airlines (especially by those airlines that have a strong presence at Gatwick) such as decisions to change flight times, ticket prices and flight routes could materially affect the financial performance of GAL. Also, financial difficulties experienced by any significant airline customer could lead to a reduction or cessation of flights from Gatwick and could result in a particularly adverse effect on GAL if it is unable to mitigate such loss by the take-up of the vacated slots by other airline customers in a timely manner. There can therefore be no assurance as to the level of GAL's future aeronautical income from any one or more airline operators.

Event risks

Threats to security and terrorism

The UK Government currently assesses the threat to interests within the UK, including aviation, from international terrorism as "Substantial", the third highest threat level. The current threat level to interests within the UK from Irish-related terrorism is assessed as "Severe" in Northern Ireland, the second highest threat level, and "Moderate" in Great Britain. Gatwick has been operating heightened security measures since September 2001 and was required by the government to introduce additional security measures following the discovery of terrorist plots in August 2006 and December 2009. The consequences of any future terrorist attack may include cancellation or delay of flights, fewer airlines and passengers using Gatwick, liability for damage or loss and the costs of repairing damage. The implementation of additional security measures at Gatwick in the future, including stricter hand luggage and other carry-on restrictions and reduced shopping time as a result of more rigorous and time-consuming security procedures could lead to additional limitations on airport capacity, overcrowding, increases in operating costs, reduced spend by passengers and delays to passenger movement through Gatwick and fewer passengers using Gatwick.

Natural phenomena/adverse weather conditions

In April 2010, Gatwick was forced to close due to the eruption of Eyjafjallajökull in Iceland resulting in no air transport movements for four consecutive days (16 to 19 April inclusive). This significantly impacted air transport movement and passenger numbers on the 15, 20 and 21 April. Gatwick's traffic recorded a 20.2% decline in that month compared to 2009. In the evening of 30 November 2010, Gatwick was forced to close due to heavy snowfall. This resulted in no air transport movements for two further days (1 and 2 December) and significantly impacted air transport movements and passenger numbers on the 3 and 4 December. During this time train services to and from Gatwick and road networks were also severely affected by the weather. On 18 December 2010, Gatwick was again forced to close for a period of several hours due to heavy snowfall, which significantly impacted air transport movement and passenger numbers on that day and the following day. On 24 December 2013, severe flooding in the vicinity of Gatwick Airport resulted in the failure of electricity distribution to areas of the airfield and North Terminal. During this time train services to and from Gatwick and road networks were also severely affected by the weather. As a result of disruption caused, 72 of the 260 scheduled departures were cancelled which significantly impacted air transport movement and passenger numbers on 24 December 2013. Any future natural phenomena or adverse weather conditions or other event causing prolonged closure of airspace could have a similar or greater adverse impact on air transport movement and passenger numbers, affecting GAL's income.

Industrial action

With over 2,600 employees, relationships with employees, trade unions and other employee representatives are important to the running of Gatwick. Gatwick also relies on the employees of third party contractors for important services such as baggage handling. Existing labour arrangements and relationships may not prevent a strike or disruption in the future (whether by GAL's employees or by the employees of a third party contractor who provides services to Gatwick), and should these relationships deteriorate, the operation of Gatwick could be adversely affected, leading to a loss of revenue and increased costs associated with industrial disputes.

Key personnel

GAL's success depends, to a significant extent, on the continued services of its executive management team, which has substantial experience in the airport industry. There is no guarantee that any of the executive management team will remain employed by or seconded to GAL. The unexpected departure or loss of the services of one or more members of the executive management team could have an adverse effect on Gatwick's operations and/or GAL's financial condition or results of operations and there can be no assurance that GAL will be able to attract or retain suitable replacements.

Epidemic diseases

Previous international outbreaks of infectious diseases, such as the outbreak of SARS in 2003, and the resulting actions tabled by the WHO (including travel advisories), had a significant adverse effect on passenger demand for air travel in the UK. An outbreak of another epidemic disease (whether domestic or international) or any WHO travel advisories (whether relating to UK cities or regions or other cities, regions or countries) could have a material adverse effect on passenger demand for air travel. Any resulting reduction in traffic could have a material adverse effect on GAL.

Business interruption

Gatwick is exposed to the risk of accidents, including aircraft crashes. These accidents could result in injury or loss of human life, damage to airport infrastructure and short or long term closure of Gatwick's facilities and may have an impact on passenger traffic levels.

In addition, Gatwick may suffer business interruption or disruption from a number of other events out of its control such as wars, riots, political action, blockades, fire or technical problems. Any interruptions or disruptions in the services that Gatwick provides could have a material adverse impact on GAL.

As Gatwick operates from a single site, any disruption to the efficient operation of Gatwick could have a material adverse impact on GAL. In particular, damage resulting from any of the above events may take considerable time to repair. The direct effect of such events and a prolonged period before rectification could have a material adverse impact on GAL.

Concessionaires

In a situation where passengers are spending less in the shops at Gatwick, concessionaires may seek to renegotiate minimum guarantee payments to GAL under concession agreements. If contract negotiations, amendments or documentation are not satisfactorily resolved or if concessionaire contracts are not renewed or are terminated, if there is reduced competitiveness of the airport retail offering or retail tenant failures or if GAL is not able to replace lost turnover with new contracts in a timely manner, this could have a material adverse effect on GAL.

Reliance on suppliers

GAL is an operating company and has entered into and will continue to enter into contracts with third parties under which it has given or will give representations, covenants and indemnities as part of the transactions to which the contracts relate. Gatwick sources goods and services required for the operation of Gatwick from third party suppliers, including air traffic control services, border control, maintenance, and utilities. In certain cases, Gatwick may only be able to access goods and services from a limited number of suppliers and the transition to new suppliers of such goods and services may take significant amounts of time and require significant resources. A failure, refusal or inability (whether due to insolvency or otherwise) of a supplier to provide goods or services, which is beyond Gatwick's control, could have a material adverse effect on GAL.

Reduction of passenger demand due to increased cost to travel

Spending on travel, especially leisure travel, is discretionary and price sensitive.

Fuel costs typically represent a large percentage of airlines' operating costs. Fuel prices fluctuate widely depending on many factors, including international market conditions, geopolitical events and exchange rates. If fuel prices increase significantly above current levels, airlines may seek to pass on increases in fuel prices to their customers by increasing their fares, which may have a materially adverse impact on passenger numbers and air transport movements.

In addition, any further changes which the UK Government may introduce to air passenger duty and the system of taxing the aviation industry, other travel taxes or other taxes (whether existing or future) such as VAT may also affect the cost of flying, potentially decreasing passenger numbers.

COMPETITION RISKS

Gatwick's market share may be adversely affected by competition from other UK airports. The sale of Stansted Airport to Manchester Airports Group, which completed in March 2013, may increase the competition offered to Gatwick.

Current stated government policy is opposed to the construction of a further runway in the South East for the foreseeable future. However, in September 2012, the government set up the Airports Commission, which is tasked with identifying and recommending to the government options for

airport capacity and connectivity. On 17 December 2013, the Airports Commission published its interim report which concluded that there is a need for at least one additional runway to be in operation in the South East of the UK by 2030. The interim report states that the Airports Commission will be taking forward for further detailed study proposals for new runways at two locations: Gatwick Airport (a new runway south of the existing runway) and Heathrow Airport (a new runway to the northwest or an extension of the existing northern runway). The next phase of its work will see the Airports Commission undertaking a detailed appraisal of the three options identified before a public consultation in autumn 2014, with a final report due by summer 2015. The Airports Commission has not shortlisted the Thames Estuary options because there are too many uncertainties and challenges surrounding the proposal at this stage, but will undertake a further study of the Isle of Grain option in the first half of 2014 to assess whether that option offers a credible proposal for consideration alongside the other shortlisted options.

However, at least for the rest of this decade, London's airports will be relying on their existing physical capacity to meet expected increasing demand. As capacity becomes constrained, another airport which is granted permission to build a further runway in the future may gain a competitive advantage over Gatwick, which could have an adverse effect on GAL. Gatwick's business may also be adversely affected by the development of efficient and viable alternative means of transport to air travel, including improvement of existing surface transport systems, the introduction of new transport links or technology, as well as the increased use of communications technology.

Substantially shorter journey times for some types of rail travel are becoming possible through advances in high-speed rail transport which, in addition to enlarging the catchment areas of other UK airports, could result in air travel becoming less attractive compared to other means of transport, particularly for domestic and European routes. This could result in a decline in the volume of short-haul passenger and freight transport for Gatwick.

Car parking income may be adversely affected by competition from off-airport car park operators and valet parking providers as well as from increased use of alternative forms of transport.

REGULATORY RISKS

Risks associated with the introduction of new economic regulation licensing regime

The CA Act 2012 allows for economic regulation, including a form of price control, to be applied at airports demonstrated by the CAA as having satisfied the Market Power Test under the CA Act 2012. However, the CA Act 2012 also provides for a more flexible approach than the previous system of economic regulation, in terms of how the CAA may choose to regulate. In particular, although price control conditions must be imposed where the CAA considers it to be necessary or expedient to do so, the mechanism could take a number of different forms, such as setting a maximum price or a system of monitoring prices.

In January 2014 the CAA published its market power determination for GAL, finding that Gatwick meets the Market Power Test in section 6 of the CA Act 2012 and therefore should be required to have a licence under the CA Act 2012. The CA Act only permits economic regulation of an airport operator and the granting of a licence by the CAA if the Market Power Test is satisfied. In order to meet the Market Power Test, the CAA is required to demonstrate that:

- the operator of the relevant airport or airport area has, or is likely to acquire, substantial market power, either alone or otherwise;
- that competition law does not provide sufficient protection against the risk that the relevant operator may engage in conduct which constitutes an abuse of that market power; and

- the benefits, for passengers and users of cargo services, of regulating the relevant operator by means of a licence are likely to outweigh the adverse effects.

The CAA's market power determination finding that Gatwick meets the Market Power Test in the CA Act 2012 can be appealed to the CAT by GAL, or others whose interests are materially affected. The deadline for such an appeal by GAL was 10 March 2014. GAL did not appeal the market power determination.

On 13 February 2014 the CAA published the notice granting the licence to GAL, which will come into force on 1 April 2014. Gatwick's licence incorporates GAL's Airline Commitments. GAL and airlines will have six weeks from the date of publication of the new licence (to 26 March) to seek permission to appeal the licence to the Competition Commission (to be replaced by the CMA on 1 April 2014). If an appeal is lodged then there is no automatic suspension of the application of the new licence pending the Competition Commission's (or CMA's) decision. (However, an application to suspend the effect of the decision can be made to the Competition Commission (or CMA) in circumstances described in Part 4 of Schedule 2 of the CA Act 2012).

CAA regulation – price caps and factors which may affect pricing

Airport charges at Gatwick are currently subject to regulatory review that results in the CAA setting price caps on certain airport charges. The regulatory review generally takes place every five years (a **quinquennium**); see "*Airport Regulation – Economic Regulation*". The current quinquennium runs from 2008 and has been extended to 31 March 2014 (Q5+1) to dovetail with the introduction of the new regulatory regime, which commences on 1 April 2014.

In January 2014, the CAA published its Decision and Notice for the regulation of Gatwick from 1 April 2014, proposing to incorporate GAL's Airline Commitments within a licence. This was confirmed in the CAA's Notice granting a licence to Gatwick on 13 February 2014. GAL's Airline Commitments will be in place for a period of seven years from 1 April 2014 and limit price increases over that period to RPI+0%, when any discounts included in contracts with airlines are taken into account. Price increases excluding the effect of any discounts would be limited to RPI+1% over the period. In addition, GAL's Airline Commitments include minimum service quality standards, minimum annual capital expenditure of £100 million, minimum standards of consultation with airline and passenger groups and dispute resolution procedures.

In the CAA's Notice granting a licence to Gatwick, the CAA sets out, amongst other things, its view of the 'fair price' in the five years from 1 April 2014 of RPI-1.6% per year using a single till RAB calculation. However, as the CAA has decided to incorporate GAL's Airline Commitments within Gatwick's licence, the "fair price" is not included in Gatwick's licence and is for monitoring purposes only. Specifically, the CAA has stated that it intends to monitor GAL's pricing and other behaviours on an annual basis and the "fair price" analysis will be used as a benchmark. The CAA will also undertake a review of Airline Commitments in the second half of 2016 to assess whether they are operating in the passenger interest.

In carrying out its general duty, the CAA is required, among other things, to have regard to "the need to secure that each holder of a licence ... is able to finance its provision of airport operation services in the area for which the licence is granted". However, there can be no assurance that any future licence conditions set by the CAA will be sufficient to allow GAL to operate at a profit; nor that the methodology of the review process at subsequent reviews would not have a material adverse effect on the income of GAL; nor that the CAA will permit the recovery of forecast operational expenditure which cannot be avoided. Additionally, there can be no assurance that any future modifications to the licence by the CAA, while subject to appeal by GAL, will not adversely affect the ability of GAL to finance its business at reasonable rates and thus have an adverse impact on its ability to meet its payment obligations under the Finance Documents.

Enforcement action by the CAA

In order to fulfil its functions the CAA has the power to make a range of decisions, (see "*Airport Regulation*"), including making a compliance order against a regulated airport operator under the Airports Act. If the CAA makes such a compliance order against GAL, such order could require GAL to remedy any loss or damage sustained, or injustice suffered, by any person in consequence of any failure on the part of the operator.

The CA Act 2012 also provides for CAA enforcement of licence conditions, meaning that the CAA has the power to serve enforcement notices and enforcement orders on GAL. Where the CAA serves an enforcement or urgent enforcement order on an operator, the operator will be under a duty to comply with the terms of that order. The CAA may take action, through seeking injunctive relief, in order to ensure that an operator does not breach its duty to comply with an enforcement order.

In addition, failure to comply with licence conditions or an enforcement order or competition law could result in penalties for offending operators of up to 10% of turnover at the relevant airport. Penalties may be imposed on a daily basis or as a fixed amount. Gatwick would have a right of appeal to the Competition Appeal Tribunal (the **CAT**) against any enforcement orders or penalties that the CAA might seek to impose under these provisions.

The CA Act 2012 also provides the CAA with competition powers, held concurrently with the OFT. This will allow the CAA to enforce competition law, conduct market studies, and make market investigation references to the Competition Commission (the **CC**) in the airports sector. Note that from 1 April 2014 the OFT and CC will merge and be replaced by the Competition and Markets Authority (the **CMA**)

Legal challenges to determinations by the Civil Aviation Authority and judicial review

Certain of the CAA's decisions are subject to specific rights of appeal. The CA Act 2012 introduced a system of appeals relating to licence decisions of the CAA. In relation to the operator and market power determinations, the CAT will have the power to hear appeals. Appeals may be brought by the relevant operator, and any other person whose interests are materially affected by the determination. For new licence conditions (and licence modifications), the CC (or the CMA from 1 April 2014, as the case may be) has authority to hear appeals. Appeals on licence conditions may be brought by the relevant operator, or airlines whose interests are materially affected by the decision.

In the event an appeal was successful, the CAA could be required to remake its decision or, in certain circumstances, the CAT or the CC (or the CMA, as the case may be) could substitute their decision for that of the CAA.

Where no specific rights of appeal exist, the CAA's decisions are subject to judicial review. The role of the court in judicial review proceedings is not to remake the decision being challenged, or to assess the merits of that decision. The court will review a decision only on grounds of illegality, irrationality, procedural unfairness or breach of legitimate expectations. The remedies available under judicial review include the quashing of a decision, the making of a declaration, a prohibiting or a mandatory order and the recovery of damages.

This means, for example, that successful judicial review proceedings by an airline against a CAA decision could result in a quashing of the decision and a requirement for the CAA to remake the decision.

Service quality rebate triggers

GAL's Airline Commitments include minimum service quality standards which are similar to the Service Quality Regime (SQR) currently in operation at Gatwick. This sets defined service standards for a range of passenger facilities, such as piers, lifts, escalators and moving walkways, as well as for airfield congestion and security queuing times. To the extent that GAL does not meet the defined standards, it is required to provide rebates to airlines on the per-passenger charges, which from April 2014 could amount to up to 7% of annual airport charges, as is the case during Q5.

Revocation of licence

Gatwick's licence sets out the circumstances in which the licence may be revoked by the CAA. Those circumstances include if GAL (the Licensee) requests or otherwise agrees in writing with the CAA that the licence should be revoked; if GAL ceases to be the operator of all of the Airport Area (as described in the licence); if the Airport Area ceases to be a dominant area; if the Airport ceases to be a dominant airport; if GAL fails to comply with an enforcement order (given under section 33 of the CA Act 2012), an urgent enforcement order (given under section 35 which has been confirmed under section 36 of the CA Act 2012), or to pay any penalty (imposed under sections 39, 40, 51 or 52 of the CA Act 2012) by the due date for any such payment (subject to certain conditions under the licence). Before the CAA is able to revoke CAA's licence, the effect of section 48 of the CA Act 2012 is to require the CAA to notify GAL that it intends to revoke the licence (including giving its reasons) and give GAL an opportunity to make representations. A decision to revoke a licence can be appealed in accordance with Schedule 4 of the CA Act 2012.

If Gatwick continues to meet the Market Power Test in section 6 of the CA Act 2012 (and is therefore required to have a licence under the CA Act 2012), GAL will not be permitted to levy charges in respect of airport operation services in the event that its licence is revoked. The revocation of GAL's licence could therefore have a material adverse impact on GAL's revenues, and consequently its ability to meet its payment obligations under the Finance Documents.

Section 30 of the Airports Act

Section 30 of the Airports Act gives the Secretary of State the power to give directions to airport operators in the interests of national security. The directions can require airport operators to take, or refrain from taking, particular action specified in the direction. This provision allows the Secretary of State to give directions for airport closure in times of extreme international tension or in the interests of national security. This presents a risk for Gatwick due to the potential loss of control over the operational functions at Gatwick. It also presents the risk of a loss of revenue without compensation. There is no predictability or certainty as to the occurrence of events which may trigger a direction under Section 30 of the Airports Act. Section 30 is unaffected by the provisions of the CA Act 2012.

Other changes to the regulatory environment

Income and/or operations at Gatwick could be adversely affected by changes in policies regarding route licensing, the "use it or lose it" rule (under which airlines are required to fly 80% of their slots or sacrifice them to other airlines), security and safety, immigration and border controls, airport development, environmental policy, tax, air passenger duty (including recent and planned increases) and the provision of airport capacity.

In the event the Airports Commission, tasked with identifying and recommending options for delivery additional UK airport capacity, recommends capacity solutions at airports other than Gatwick, this could also have an adverse effect on GAL's business.

FINANCING RISKS

Hedging Risks

While the Issuer and the Borrower operate a hedging programme in accordance with the Hedging Policy, the Issuer and the Borrower are not required to fully or perfectly hedge their present or future interest rate or inflation exposure and may not in practice do so. The Borrower or the Issuer are subject to the creditworthiness of, and in certain circumstances early termination of the hedging arrangements by, either hedge counterparties (with respect to the Borrower) or the Issuer Hedge Counterparties.

Leverage Risks

Leverage

The secured nature of the borrowings and the covenant structure put in place under the Programme allows GAL to raise debt of up to 70%, and in certain cases 72.5%, of RAB which is a higher ratio than can usually be raised under an unsecured capital structure. Debt at higher levels of leverage could have a material adverse impact on GAL's ability to meet its payment obligations under the Finance Documents and its other borrowings.

A significant portion of GAL's cash flow from operations is dedicated to debt payments.

Because of the secured nature of its borrowings and the structure that applies to them, GAL has been able to raise more debt than would typically be the case for an unsecured borrower. As a result, a greater portion of GAL's cash flow from operations is dedicated to payments on its debt obligations, thus reducing its flexibility to deal with significant financial under performance. This may increase GAL's vulnerability to any economic downturn in its business or to adverse industry conditions, which in turn could have a material adverse effect on GAL's business, financial condition and results of operations.

Financing risk

The Borrower Group will need to raise further debt from time to time in order, among other things, to:

- (a) finance future capital expenditure; and
- (b) enable it/the Issuer to refinance Bonds and other debt.

There can be no assurance that the Borrower Group will be able to raise future finance on terms that are economically viable or at all. For instance, events in the credit markets in 2007 and 2008 significantly restricted the supply of credit.

Monitoring of Compliance with Warranties and Covenants and the Occurrence of Trigger Events, Loan Events of Default or Potential Loan Events of Default

The STID provides that the Borrower Security Trustee will be entitled to assume, unless it is otherwise disclosed in any Investor Report or Compliance Certificate or the Borrower Security Trustee is expressly informed otherwise, that no Trigger Event, Loan Event of Default or Potential Loan Event of Default has occurred which is continuing. The Borrower Security Trustee will not itself monitor whether any such event has occurred. As the Issuer is a special purpose company, it will fall to the Obligors themselves to make these determinations as well as the determinations of the financial and operational positions underlying them, which may be subjective.

Unavailability of Liquidity Facilities in the future could restrict the Group's ability to incur further indebtedness.

Gatwick and the Issuer have Liquidity Facilities available to cover certain shortfalls in interest and other payments in respect of certain of their financial indebtedness. If the Group were unable to extend or replace its Liquidity Facilities when they expire, the Issuer would not be permitted to issue further Bonds and the Group may not be able to incur any further Senior Net Indebtedness or Junior Indebtedness, which could have a material adverse effect on the Group's business, financial condition and results of operations.

Modifications, waivers and consents in respect of Common Documents and Issuer Transaction Documents and enforcement of Borrower Security

The STID provides that the Borrower Security Trustee shall seek the approval of Bondholders on certain matters, along with all other holders of Qualifying Borrower Debt, as a condition to concurring in making modifications to or granting consents or waivers or to the enforcement of the Borrower Security. Prior to the repayment in full of the Senior Debt, the Qualifying Borrower Junior Creditors (including the holders of the Class B Bonds) will not be entitled to vote (other than in respect of a Basic Terms Modification in relation to the Bonds or an Entrenched Right). It is possible that the interests of certain Qualifying Borrower Secured Creditors will not be aligned with the interests of a Class or Tranche of Bondholders and therefore there can be no assurance that any modification, consent or waiver or the enforcement action taken will be favourable to all Bondholders. In the case of modifications, consents or waivers, such changes may be detrimental to the interests of some or all Bondholders, despite the ratings of such Bonds being affirmed. The votes of the Bondholders of the relevant Class may not constitute a majority in respect of any such matter, owing to the relative size of Qualifying Borrower Debt which is capable of being voted by Authorised Credit Providers other than the Issuer (in respect of Qualifying Borrower Debt outstanding under any Borrower Loan Agreement). Such risk is increased due to the fact that (a) the votes of the Bondholders entitled to vote on a matter (except in relation to an Entrenched Right) will be treated as a single class on a pound for pound basis with the other Qualifying Borrower Secured Creditors, whereas a vote in respect of the entire Outstanding Principal Amount under certain other Authorised Credit Facilities will be taken in respect of such decisions and (b) only the votes of those Bondholders who participate within the Decision Period specified in the STID will be taken into account. Therefore, Bondholders alone may not be able to control the outcome of any particular approval or enforcement process and it is possible that the Borrower Security Trustee may be given an instruction which is not in the interests of Bondholders.

The conditions of the Bonds contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally (other than matters which concern the enforcement of the Issuer Security or modifications to the STID, which matters may only be addressed in accordance with the procedures set out in the STID as described above). These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

Notwithstanding any other provision of Condition 14(d), the Bond Trustee shall be obliged, without the consent of any of the Bondholders or any other Issuer Secured Creditor, to concur with the Issuer, and/or if so requested by the Issuer direct the Issuer Security Trustee to concur with the Issuer, in making any modifications to the Issuer Transaction Documents and/or these Conditions that are requested by the Issuer in order to enable the Issuer solely to comply with any legal requirements which apply to it under Regulation (EU) 648/2012 (including, without limitation any associated regulatory technical standards and advice, guidance or recommendations from relevant supervisory regulators) (the **European Market Infrastructures Regulation** or **EMIR**), subject to receipt by the Bond Trustee and the Issuer Security Trustee of a certificate of the Issuer certifying to the Bond Trustee and the Issuer Security Trustee that the requested amendments are to be made solely for the

purpose of enabling the Issuer to comply with its reporting, portfolio reconciliation and dispute resolution legal requirements under EMIR (and for no other purpose).

The conditions of the Bonds also provide that the Bond Trustee may, without the consent of Bondholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Bonds or (ii) determine without the consent of the Bondholders that any Bond Event of Default or potential Bond Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Bonds in place of the Issuer, in the circumstances described in Condition 14(e) (provided that the Bond Trustee may not enforce the Issuer Security or modify the STID other than pursuant to the STID).

ENVIRONMENTAL, HEALTH AND SAFETY, CONSTRUCTION AND PLANNING RISKS

Environmental and health and safety considerations

GAL's business is affected by a wide variety of EU and UK environmental, health and safety and planning laws and requirements. Gatwick's existing operations may be impacted by a number of environmental and planning factors, including those involving: aircraft movements; air quality (including emissions standards); noise, soil and water pollution arising from airport operations; discharges and surface water drainage; land and groundwater contamination; flooding; asbestos in premises and exposure to asbestos; waste handling, management and disposal; climate change; and energy use and efficiency.

Compliance with present or future environmental, health and safety and planning requirements may be costly and time-consuming and may interfere with Gatwick's existing activities and operations. Any such costs and other constraints which may exist in the future may have a material adverse effect on Gatwick's operations or its financial condition.

Planning and construction

GAL's capital investment programme includes major construction projects at Gatwick and is subject to a number of risks. Difficulties in obtaining any requisite permits, consents, including environmental consents, licences, planning permissions, compulsory purchase orders or easements could adversely affect the design or increase the cost of the capital expenditure projects or delay or prevent the completion of a project or the commencement of its commercial operation. GAL may face higher than expected construction costs and delays and possible shortages of equipment, materials and labour due to the number of major construction projects in the London area. GAL may also suffer business interruption from construction incidents.

The commencement of commercial operation of a newly constructed facility may also give rise to start-up problems, such as the breakdown or failure of equipment or processes or lack of readiness of operators, closure of facilities and disruptions of operations. GAL's construction contracts may contain restricted remedies or limitations on liability such that any such sums claimed or amounts paid may be insufficient to cover the financial impact of breach of contract. The ability of contractors to meet their financial or other liabilities cannot be assured.

The failure of GAL to recognise, plan for and manage the extent of the impact of construction projects on Gatwick could result in projects overrunning budgets, operational disruptions, unsatisfactory facilities at Gatwick, safety and security performance deficiencies and higher than expected operating costs. Any of these could affect Gatwick's day-to-day operations.

OTHER RISKS

Insurance

GAL benefits from insurance cover to protect against key insurable risks including terrorism and business interruption. Cover may not be adequate to cover lost income, reinstatement costs, increased expenses or other liabilities. Moreover, there can be no assurance that, if insurance cover is cancelled or not renewed, replacement cover will be available at commercially reasonable rates or at all.

GAL may not have, or may cease to have, insurance cover if the loss is not covered under, or is excluded from, an insurance policy including by virtue of a deductible applying, exhaustion of applicable cover limits or a policy operating as an excess policy or if the relevant insurer successfully avails itself of defences available to it, such as breach of disclosure duties, breach of policy condition or misrepresentation.

Insurance cover for GAL is currently, and may in the future be, provided by a combination of insurance market entities. Any of these insurers could cease to offer current insurance cover, become insolvent or lose their licences or authorisations.

Pensions

GAL may be required to make further contributions to its defined benefit plan if the value of the pension fund assets is not sufficient to cover potential obligations. GAL provides retirement benefits for its employees through a defined benefit plan and a defined contribution pension scheme. GAL's funding obligations under the defined benefit plan are dependent upon movements in the value of the plan assets and assumptions regarding key metrics, such as price and salary inflation and mortality rates. Changes in the plan's investment strategy may also impact on GAL's funding obligations. The defined benefit plan's next valuation is due to be completed by 31 December 2014, in conjunction with which contributions to the scheme may be revised. In addition, the Pensions Regulator has powers, the exercise of which could require other members of the Borrower Group, including the Issuer as a connected person to GAL, to make additional contributions or put in place other financial support. Any increase in contributions or other forms of financial support could have a materially adverse impact on GAL's cash flows and returns.

OTHER LEGAL RISKS

Mortgagee in possession liability

Should the Borrower Security Trustee take enforcement proceedings under the Security Documents and if there is a physical entry into possession of GAL or an act of control or influence that may amount to possession, such as receiving rental income directly from a relevant tenant, the Borrower Security Trustee may be deemed to be a mortgagee in possession. A mortgagee in possession may incur liabilities to third parties in nuisance and negligence and, under certain statutes (including environmental legislation), can incur the liabilities of a property owner. The Borrower Security Trustee has the absolute discretion at any time to refrain from taking any action under the Transaction Documents, including becoming a mortgagee in possession in respect of GAL, unless it is satisfied at the time that it is adequately indemnified by the Borrower Secured Creditors (including the Bondholders on behalf of the Issuer).

Change of law

It is possible that changes in law or regulations, or their interpretation or application (see, for example, "*Regulatory Risks – Legal challenges to determinations by the Civil Aviation Authority and judicial*

review" above), after the date of the Prospectus may result in the transaction as originally structured no longer having the effect anticipated.

Insolvency proceedings and subordination provisions

There is uncertainty as to the validity and/or enforceability of a provision which (based on contractual and/or trust principles) subordinates certain payment rights of a creditor to the payment rights of other creditors of its counterparty upon the occurrence of insolvency proceedings relating to that creditor. In particular, recent cases have focused on provisions involving the subordination of a hedging counterparty's payment rights in respect of certain termination payments upon the occurrence of insolvency proceedings or other default on the part of such counterparty (so-called "flip-clauses"). Such provisions are similar in effect to the terms which will be included in the Issuer Transaction Documents, Common Documents and the Transaction Documents relating to the subordination of Subordinated Hedge Amounts.

The English Supreme Court has held that a flip clause as described above is valid under English law. Contrary to this, however, the U.S. Bankruptcy Court has held that such a subordination provision is unenforceable under U.S. bankruptcy law and that any action to enforce such provision would violate the automatic stay which applies under such law in the case of a U.S. bankruptcy of the counterparty. The implications of this conflicting judgment are not yet known, particularly as the U.S. Bankruptcy Court approved, in December 2010, the settlement of the case to which the judgment relates and subsequently the appeal was dismissed. However, there remains a stayed action in the U.S. commenced by the Lehman Brothers Chapter 11 debtors concerning the enforceability of flip clauses and, in addition, in February 2012, a complaint was filed by certain parties seeking recognition and enforcement of the *Belmont* decision (and corresponding lower court decisions) and other declaratory relief with respect to the flip clause in question in the case described above. At the same time as filing the complaint, the relevant parties also filed a motion seeking the withdrawal of the reference from the U.S. Bankruptcy Court, requesting that the complaint be heard instead by the U.S. District Court. It has not yet been determined whether the complaint will be addressed by the U.S. Bankruptcy Court or the U.S. District Court, nor is it known when the complaint will be addressed.

If a creditor of the Issuer or the Borrower (such as a Hedge Counterparty) or a related entity becomes subject to insolvency proceedings in any jurisdiction outside England and Wales (including, but not limited to, the U.S.), and it is owed a payment by the Issuer or the Borrower, as the case may be, a question arises as to whether the insolvent creditor or any insolvency official appointed in respect of that creditor could successfully challenge the validity and/or enforceability of subordination provisions included in the English law governed Issuer Transaction Documents, Common Documents and the Transaction Documents (such as a provision of the Issuer Payment Priorities or the Borrower Post-Enforcement Priorities of Payments which refers to the ranking of the relevant Hedge Counterparties' payment rights in respect of Subordinated Hedge Amounts). In particular, based on the decision of the U.S. Bankruptcy Court referred to above, there is a risk that such subordination provisions would not be upheld under U.S. bankruptcy laws. Such laws may be relevant in certain circumstances with respect to a range of entities which may act as a Hedge Counterparty, including U.S. established entities and certain non-U.S. established entities with assets or operations in the U.S. (although the scope of any such proceedings may be limited if the relevant non-U.S. entity is a bank with a licensed branch in a U.S. state). In general, if a subordination provision included in any of the Issuer Transaction Documents, Common Documents or Transaction Documents were successfully challenged under the insolvency laws of any relevant jurisdiction outside England and Wales and any relevant foreign judgment or order were recognised by the English courts, there can be no assurance that such actions would not adversely affect the rights of the Bondholders, the market value of the Bonds, the ability of the Borrower to satisfy its obligations under the Borrower Loan Agreements and/or the ability of the Issuer to satisfy its obligations under the Bonds.

Lastly, given the general relevance of the issues under discussion in the judgments referred to above and that the Issuer Transaction Documents, Common Documents and Transaction Documents will include terms providing for the subordination of Subordinated Hedge Amounts, there is a risk that the final outcome of the dispute in such judgments (including any recognition action by the English courts) may result in negative rating pressure in respect of the Bonds. If any rating assigned to the Bonds is lowered, the market value of the Bonds may reduce.

Tax Risks

Change of tax law and practice

The statements in relation to taxation set out in this Prospectus are based on current law and the practice of the relevant authorities in force or applied at the date of this Prospectus. Any changes in such law or practice might have an adverse effect on the financial position of the Issuer or the Borrower.

The Issuer's UK tax position

The Issuer has been advised that it should be a "securitisation company" for the purposes of the Securitisation Regulations. Accordingly, the Issuer should be subject to corporation tax in the UK on its "retained profit" only in accordance with the special regime for securitisation companies as provided for by these regulations.

If the Issuer were to cease to qualify as a securitisation company, this may have an adverse effect on the Issuer's UK tax position, which could adversely affect the Issuer's ability to make timely payment of interest and principal under the Bonds.

Potential secondary tax liabilities of the members of the Borrower Group and the Issuer

Where a company fails to discharge certain tax liabilities due and payable by it within a specified time period, UK tax law imposes, in certain circumstances (including where that company has been sold so that it becomes controlled by another person), secondary liability for those overdue taxes on other companies that are or have been members of the same group of companies, or are or have been under common control, for tax purposes with the company that has not discharged its tax liabilities.

The Security Parent on behalf of itself and each other member of the Borrower Group from time to time has undertaken in the Tax Deed that no steps have been or will be taken by it or any member of the Borrower Group which could be expected to give rise to a secondary liability for the Issuer or the Borrower. If any secondary tax liabilities arise in the Issuer or the Borrower (whether in respect of a primary tax liability of a member of the Borrower Group or of another company with which the Issuer or the Borrower is or has been grouped or is under common control for UK tax purposes), and those secondary tax liabilities are not discharged by the Security Parent or any other member of the Borrower Group, and are of significant amounts, the Issuer or the Borrower could be adversely affected.

The Issuer and the members of the Borrower Group have been and are members of a VAT group that also includes members of the wider corporate group of which GAL is the representative member.

Withholding tax in respect of the Bonds

All payments under the Bonds can be made without deduction or withholding for or on account of any UK tax provided that they are and continue to be included in the Official List and admitted to trading on the London Stock Exchange (see "*Tax Considerations*" below). All payments under the Bonds can be made without deduction or withholding on account of Jersey law.

In the event that any withholding or deduction for or on account of tax is required to be made from payments due under the Bonds, neither the Issuer nor any Paying Agent nor any other person will be obliged to pay any additional amounts to Bondholders or, if Definitive Bonds are issued, Couponholders, or otherwise to compensate Bondholders or Couponholders for the reduction in the amounts they will receive as a result of such withholding or deduction.

If, as a result of a change in tax law, any withholding or deduction for or on account of any UK or Jersey Tax is required to be made, the Issuer will have the option (but not the obligation) of redeeming all (but not some only) outstanding Bonds in full at the Principal Amount Outstanding (as adjusted, in the case of the index-linked bonds, in accordance with the terms of the relevant Bonds) together with accrued interest pursuant to Condition 5 (*Interest and other Calculations*). For the avoidance of doubt, none of the Bond Trustee, Bondholders or Couponholders will have the right to require the Issuer to redeem the Bonds in these circumstances.

Withholding tax in respect of the Borrower Loan Agreements

All payments made under any of the Borrower Loan Agreements can be made without deduction or withholding for or on account of any UK tax. In the event that, for example as a result of a change in tax law, any withholding or deduction for or on account of tax is required to be made from any payment due to the Issuer under any of the Borrower Loan Agreements, the amount of that payment will be increased so that, after such withholding or deduction has been made, the Issuer will receive a cash amount equal to the amount that it would have received had no such withholding or deduction been required to be made. If the Borrower is obliged to increase any sum payable by it to the Issuer as a result of the Borrower being required to make a withholding or deduction from that payment, the Borrower will have the option (but not the obligation) to prepay all relevant outstanding advances made under the Borrower Loan Agreements in full. If the Borrower chooses to prepay the advances, the Issuer will then be required to redeem the Bonds. Such redemption would be for the Principal Amount Outstanding (as adjusted, in the case of the index-linked bonds, in accordance with the terms of the Bonds), together with accrued but unpaid interest. If the Borrower does not have sufficient funds to enable it either to repay amounts due under the Borrower Loan Agreements or to make increased payments to the Issuer, the Issuer's ability to make timely payments of interest and principal under the Bonds could be adversely affected.

Withholding tax in respect of the Issuer Hedging Agreements

It should be possible to structure the Issuer Hedging Agreements so as to ensure that all payments thereunder can be made without withholding or deduction for or on account of any UK tax. If any withholding or deduction for or on account of any tax is required to be made from any payment due from the Issuer under the Issuer Hedging Agreements, the Issuer will not be obliged to pay any additional amounts to the relevant Issuer Hedge Counterparty in respect of the amounts so required to be withheld or deducted.

If any withholding or deduction for or on account of any tax is required to be made from any payment due under the Issuer Hedging Agreements by an Issuer Hedge Counterparty, that Issuer Hedge Counterparty shall be obliged to pay an additional amount to the Issuer, in a sufficient amount so that the amount received shall be equal to the amount due and payable had such withholding or deduction not been required, but in the event of a requirement (or a substantial likelihood of such a requirement) to withhold or deduct for or on account of any tax by either party to an Issuer Hedging Agreement as a result of a change in law (or the application or official interpretation thereof), the Issuer Hedge Counterparty will have the right to terminate the Issuer Hedging Agreement (subject to the condition that the Issuer Hedge Counterparty shall first have used reasonable efforts to transfer its rights and obligations under the Issuer Hedging Agreement to another of its offices or affiliates such that payments made by or to that office or affiliate under the Issuer Hedging Agreement can be made without any withholding or deduction for or on account of tax).

Foreign Account Tax Compliance Act Withholding

The U.S. "Foreign Account Tax Compliance Act" (or "**FATCA**") imposes a new reporting regime and, potentially, a 30% withholding tax with respect to (i) certain payments from sources within the United States, (ii) "foreign passthru payments" made to certain non-U.S. financial institutions that do not comply with this new reporting regime, and (iii) payments to certain investors that do not provide identification information with respect to interests issued by a participating non-U.S. financial institution. Whilst the Bonds are in global form and held within the clearing systems, in all but the most remote circumstances, it is not expected that FATCA will affect the amount of any payment received by the clearing systems. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. The Issuer's obligation under the Bonds is discharged once it has paid the clearing systems, and the Issuer has therefore no responsibility for any amount thereafter transmitted through the clearing systems and custodians or intermediaries. Prospective investors should refer to the section "Tax Considerations - Foreign Account Tax Compliance Act."

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entity established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland). In April 2013, the Luxembourg Government announced its intention to abolish the withholding system with effect from 1 January 2015, in favour of automatic exchange under the Directive.

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

If a payment were to be made or collected through a Member State that has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Agent nor any other person would be obliged to pay additional amounts with respect to any Bond as a result of the imposition of such withholding tax. The Issuer is required to maintain an Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Directive.

Insolvency Considerations

Jersey Considerations

The principal type of insolvency procedure available to creditors under Jersey law is the application for an Act of the Royal Court of Jersey under the Bankruptcy (Désastre) (Jersey) Law 1990, as amended (the **Jersey Bankruptcy Law**) declaring the property of a debtor to be "*en désastre*" (a declaration). On a declaration of *désastre*, title and possession of the property of the debtor vest automatically in the Viscount, an official of the Royal Court (the **Viscount**). With effect from the date of declaration, a creditor has no other remedy against the property or person of the debtor, and may not commence or, except with the consent of the Viscount or the Royal Court, continue any legal proceedings to recover the debt.

Additionally, the shareholders of a Jersey company (but not its creditors) can instigate a winding up of an insolvent company, which is known as a "creditors' winding up" pursuant to Chapter 4 of Part 21 of the Companies (Jersey) Law 1991, as amended (the **Jersey Companies Law**). On a creditors' winding up, a liquidator is appointed, usually by the creditors. The liquidator will stand in the shoes of the directors and administer the winding up, gather assets, make appropriate disposals of assets, settle claims and distribute assets as appropriate. After the commencement of the winding up, no action can be taken or continued against the company except with the leave of the court. The corporate state and capacity of the company continues until the end of the winding up procedure, when the company is dissolved. The Jersey Companies Law requires a creditor of a company (subject to appeal) to be bound by an arrangement entered into by the company and its creditors immediately before or in the course of its winding up if (inter alia) three quarters in number and value of the creditors acceded to the arrangement.

Appointment of Administrative Receiver

The Insolvency Act 1986 allows for the appointment of an administrative receiver in relation to certain transactions in the capital markets. Although there is as yet no case law on how these provisions will be interpreted, it should be applicable to the floating charges created by the Obligors and assigned by way of security to the Borrower Security Trustee. However, as this issue is partly a question of fact, were it not to be possible to appoint an administrative receiver in respect of one or more Obligors, they would be subject to administration if they were to become insolvent.

Since the Issuer is incorporated in Jersey, it is unlikely that it will be possible to appoint an administrative receiver in respect of the Issuer in England (so as to prevent the appointment of an English administrator) using the capital market provisions referred to above. Accordingly, in the event that the Issuer were to become insolvent and it was not possible to appoint an administrative receiver, the Issuer could be placed into administration.

Recharacterisation of fixed security interest

There is a possibility that a court could find that certain fixed security interests expressed to be created by the Security Documents instead take effect as floating charges. Whether the fixed security interests will be upheld will depend, among other things, on whether the Borrower Security Trustee or, as the case may be, the Issuer Security Trustee has the requisite degree of control over the relevant assets and exercises that control in practice. If the fixed security interests are recharacterised as floating security interests, certain claims, including certain employee claims in respect of contributions to pension schemes and wages and the costs and expenses of an administration and/or a liquidation, may have priority over the rights of the Borrower Security Trustee or the Issuer Security Trustee, as the case may be, to the proceeds of enforcement.

ISSUER AND BOND CONSIDERATIONS

Bonds obligations of Issuer only

None of the Bonds will be obligations of, nor will they be guaranteed by, any of the Other Parties or any company in the Borrower Group. Furthermore, the Bonds are limited recourse obligations of the Issuer and no person other than the Issuer will accept any liability whatsoever to Bondholders in respect of any failure by the Issuer to pay any amount due under the Bonds.

Special purpose vehicles

The Issuer is a special purpose financing entity. Other than the proceeds of the issuance of Bonds, the Issuer's principal source of funds will be pursuant to the Borrower Loan Agreements and funds available to it pursuant to the Liquidity Facilities and the Issuer Hedging Agreements.

Therefore, the Issuer is subject to all the risks relating to income and expenses to which the Borrower is subject. Such risks could limit funds available to the Borrower to enable the Borrower to satisfy in full and on a timely basis its obligations under the Borrower Loan Agreements.

Similarly, the Security Parent is a non-operating holding company. Other than by virtue of the shares it owns in GAL, the Security Parent will not have any other income or assets. The Security Parent guarantees the payment obligations of the Borrower Loan Agreements and has provided security in favour of the Borrower Secured Creditors, including the Issuer. Therefore, the Issuer is subject to the risk that the Security Parent will not have sufficient income to make payments under the guarantee or that upon the enforcement of the security provided by it, including over its shares in GAL, there are insufficient proceeds to discharge its payment obligations.

Reliance by the Issuer on third parties and Issuer Hedge Counterparties

The Issuer has entered into agreements with a number of third parties, which have agreed to perform services for the Issuer. In particular, but without limitation, the Issuer Cash Manager has been appointed to provide cash management services to the Issuer, and the Issuer Account Bank has been appointed to provide banking services to the Issuer and the Issuer Corporate Administration Providers have been appointed to provide corporate services to the Issuer. In the event that any of those parties fails to perform its obligations under the relevant agreement to which it is a party, the ability of the Issuer to make payments owed in respect of the Bonds may be affected.

The Issuer is also reliant on the Issuer Hedge Counterparties to provide a hedge against interest rate, currency, inflation and/or other risks in respect of amounts received by the Issuer from the Borrower under the Borrower Loan Agreements and the amounts payable by the Issuer under the Bonds.

If the Issuer fails to make timely payments of amounts due under any Hedging Agreement, then it will have defaulted under that Hedging Agreement and such Hedging Agreement may be terminated by the relevant Issuer Hedge Counterparty. An Issuer Hedge Counterparty is only obliged to make payments to the Issuer as long as the Issuer complies with its payment obligations under the relevant Hedging Agreement. If a Hedging Agreement terminates or the Issuer Hedge Counterparty is not obliged to make payments or if the Issuer Hedge Counterparty defaults on its obligations to make payments of amounts in the relevant currency equal to the full amount to be paid to the Issuer on the due date for payment under the relevant Hedging Agreement, the Issuer will be exposed to changes in the relevant currency exchange rates and to any changes in the relevant rates of interest, where such hedges are put in place. Unless a replacement hedge is entered into, the Issuer may have insufficient funds to make payments due under the relevant Bonds.

If a Hedging Agreement terminates, then the Issuer may be obliged to make a termination payment to the relevant Issuer Hedge Counterparty. There can be no assurance that the Issuer will have sufficient funds available to make a termination payment under the relevant Hedging Agreement, nor can there be any assurance that the Issuer will be able to enter into a replacement hedging agreement, or if one is entered into, that the credit rating of the replacement hedge counterparty will be sufficiently high to prevent a downgrade of the then current ratings of the Bonds by the Rating Agencies.

If the Issuer is obliged to pay a termination payment under any Hedging Agreement, such termination payment will rank ahead of amounts due on the Bonds, except where default by, or downgrade of, the relevant Issuer Hedge Counterparty has caused the relevant Hedging Agreement to terminate. The obligation on the Issuer to make a termination payment may adversely affect the ability of the Issuer to meet its obligations under the Bonds.

Conflicts of interest generally

Conflicts of interest may arise during the life of the Programme as a result of various factors involving certain transaction parties. For example, such potential conflicts may arise because one or more lenders to the Issuer or the Borrower (including under the Liquidity Facility Agreement) may also act in other capacities under the Transaction Documents, although the relevant rights and obligations under the Transaction Documents are not contractually conflicting and are independent from one another.

Issuer and Borrower security

Although the Issuer Security Trustee will hold the benefit of the Issuer Security on trust for the Bondholders and the Borrower Security Trustee will hold the benefit of the Borrower Security on trust for the Borrower Secured Creditors, such security interests will also be held on trust for certain third parties. Certain of the Issuer's obligations to such third parties rank ahead of the Bondholders. Such persons include, among others, the Bond Trustee (in its individual capacity), the Issuer Security Trustee (in its individual capacity), the Issuer Hedge Counterparties (in respect of certain payments payable to them), the Liquidity Facility Providers, the Registrar, the Transfer Agents, the Paying Agents and the Issuer Account Bank in respect of certain amounts owed to them (see "*Summary of the Financing Agreements – Issuer Cash Management Agreement* " and "*Summary of the Financing Agreements – Issuer Account Bank Agreement*"). To the extent that significant amounts are owing to any such persons, the amounts available to Bondholders will be reduced. Likewise, certain of the Borrower's obligations to certain third parties will rank ahead of its obligations to the Issuer. In addition, it should be noted that unsecured creditors of the Borrower, such as trade creditors and suppliers, while subordinate to Borrower Secured Creditors, are not bound into the financing structure as they are not parties to the STID and the Common Terms Agreement and so will be able to petition for a winding up or administration of the Borrower where it fails to pay its unsecured debts as they fall due.

Timing of payment on Bonds

Payment dates for the various different types of Senior Debt and Junior Debt will not necessarily coincide, and there is no obligation to ensure that a payment made in respect of any Junior Debt will not lead to a deficiency of funds to make payments in respect of Senior Debt that falls due on a later date.

Subordination of the Class B Bonds

Payments under any Class B Bonds (if issued) will rank subordinate to payments under the Class A Bonds. If on any Interest Payment Date the Issuer has insufficient funds to make payments under the Class B Bonds, the Issuer's liability to make such payments will be deferred and no non-payment

Bond Event of Default will arise as a result of such non-payment. Prior to repayment in full of the Senior Debt, rights of holders of Class B Bonds will be (other than with respect to a Basic Terms Modification or other matters which affect their Entrenched Rights) generally restricted with respect to certain actions and participating in voting on STID Proposals, with the result that such holders will only be entitled to vote on certain matters and take action following repayment of the Senior Debt.

Conflict of interest between Bondholders

The Bond Trust Deed requires the Bond Trustee to have regard to the interests of all the Bondholders (so long as any of the Bonds remain outstanding) equally as regards all powers, trusts, authorities, duties and discretions of the Bond Trustee as if they formed a single class (except where expressly required otherwise). However, the Bond Trust Deed also requires that, in the event of a conflict between the interests of the holders of any Class of Bonds, the Bond Trustee shall have regard to the interests of the holders of the Most Senior Class of Bonds then outstanding provided that, if, in the Bond Trustee's opinion, there is a conflict of interest between the holders of two or more Tranches or Sub-Classes of Bonds of the same Class, it shall have regard to the interests of the holders of the Tranche or Sub-Class of such Class then outstanding with the greatest Principal Amount Outstanding.

Limited liquidity of the Bonds; Absence of secondary market for the Bonds

There can be no assurance that a secondary market for the Bonds will develop, or, if a secondary market does develop for any of the Bonds issued after the date of this Prospectus, that it will provide any holder of Bonds with liquidity or that any such liquidity will continue for the life of the Bonds. Consequently, any purchaser of the Bonds must be prepared to hold such Bonds for an indefinite period of time or until final redemption or maturity of the Bonds.

The liquidity and market value at any time of the Bonds are affected by, among other things, the market view of the credit risk of such Bonds and will generally fluctuate with general interest rate fluctuations, general economic conditions, the condition of certain financial markets, international political events and the performance and financial condition of the Borrower.

Optional redemption by the Issuer

The Issuer may, if such option is specified in the relevant Final Terms or Pricing Supplement (as the case may be), elect to redeem the relevant Bonds in advance of their scheduled maturity date by giving notice to the relevant Bondholders in accordance with the Terms and Conditions. For example, the Issuer may redeem Bonds when its cost of borrowing is lower than the interest rate on the Bonds depending on the price the applicable Bonds may be redeemed at. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Bonds and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Rating Agency assessments, downgrades and changes to Rating Agency criteria may result in ratings volatility in respect of the Bonds

The ratings to be assigned by the Rating Agencies to the Bonds reflect only the views of the particular Rating Agency and, in assigning the ratings, each Rating Agency takes into consideration the credit quality of the Obligors and structural features and other aspects of the transaction of which the Bonds form part. There is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the Rating Agencies as a result of changes in, or unavailability of, information in relation to the Obligors' underlying business and performance or if, in the Rating Agencies' judgment, other circumstances so warrant. If any rating assigned to the Bonds is lowered or withdrawn, the market value of the Bonds may be reduced.

Future events, including events affecting the Obligors and/or circumstances relating to the industry in which the Obligors operate, could have an adverse impact on the ratings of the Bonds.

A confirmation from a Rating Agency that any action proposed to be taken by the Issuer will not have an adverse effect on the then current rating of the Bonds does not, for example, confirm that such action: (a) is permitted by the terms of the Finance Documents; or (b) is in the best interests of, or not prejudicial to, the Bondholders. While each of the Secured Creditors (including the Bondholders), the Issuer Security Trustee and the Bond Trustee (as applicable) are entitled to have regard to the fact that a Rating Agency has confirmed that the then current rating of the Bonds would not be adversely affected by such action, the above does not impose or extend any actual or contingent liability on that Rating Agency to the Secured Creditors (including the Bondholders and the Bond Trustee) or the Issuer or any other person or create any legal relationship between the Rating Agencies and the Secured Creditors (including the Bondholders and the Bond Trustee) or any other person whether by way of contract or otherwise.

Any such confirmation from a Rating Agency may or may not be given at the sole discretion of that Rating Agency. It should be noted that, depending on the timing of delivery of the request and any information required to be provided as part of any such request, it may be the case that a Rating Agency cannot provide a confirmation in the time available or at all. A confirmation from a Rating Agency, if given, will be given on the basis of the facts and circumstances prevailing at the relevant time and in the context of cumulative changes to the transaction of which the Bonds form a part since the Establishment Date. A confirmation from a Rating Agency represents only a restatement of the then-current rating of the Bonds and cannot be construed as advice for the benefit of any parties to the transaction of which the Bonds form a part.

Fitch has indicated that it will no longer provide ratings confirmations as a matter of policy. To the extent that a confirmation from a Rating Agency cannot be obtained, whether or not a proposed action will ultimately take place will be determined in accordance with the provisions of the relevant Issuer Transaction Documents and specifically the relevant modification and waiver provisions.

A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by its assigning rating agency at any time.

Credit ratings may not reflect all risks relating to the Bonds

One or more independent credit rating agencies may assign an unsolicited credit rating to the Bonds. These ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above and below and other factors that may affect the value of the Bonds. Such a rating may be lower than the rating assigned to the Bonds by the Rating Agencies and may impact the market value of the Bonds.

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**) from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to the transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended).

The list of registered and certified rating agencies published by the ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating

agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

Certain risks related to index-linked Bonds

Under the Programme, the Issuer may from time to time issue Bonds with principal or interest determined by reference to an index or formula. Potential investors should be aware that they may lose all or a substantial portion of their principal of any index-linked Bonds issued under the Programme. The historical experience of an index should not be viewed as an indication of the future performance of such index during the term of any index-linked Bonds. Accordingly, each potential investor should consult its own financial and legal advisers about the risks entailed in an investment in any such Bonds and the suitability of such Bonds in the light of its particular circumstances.

Implementation of and/or changes to the Basel III framework may affect the capital requirements and/or the liquidity associated with a holding of the Bonds for certain investors

The Basel Committee on Banking Supervision (the **Basel Committee**) approved significant changes to the Basel II regulatory capital and liquidity framework in 2011 (such changes being commonly referred to as Basel III). In particular, Basel III provides for a substantial strengthening of existing prudential rules, including new requirements intended to reinforce capital standards (with heightened requirements for global systemically important banks) and to establish a leverage ratio "backstop" for financial institutions and certain minimum liquidity standards (referred to as the Liquidity Coverage Ratio and the Net Stable Funding Ratio). It is intended that member countries will implement the new capital standards and the new Liquidity Coverage Ratio as soon as possible (with provision for phased implementation, meaning that the measure will not apply in full until January 2019) and the Net Stable Funding Ratio from January 2018. Implementation of Basel III requires national legislation and, therefore, the final rules and the timetable for their implementation in each jurisdiction may be subject to some level of national variation.

Implementation of the Basel framework and any changes as described above may have an impact on the capital requirements in respect of the Bonds and/or on incentives to hold the Bonds for investors that are subject to requirements that follow the relevant framework and, as a result, may affect the liquidity and/or value of the Bonds.

In general, investors should consult their own advisers as to the regulatory capital requirements in respect of the Bonds and as to the consequences for and effect on them of any changes to the Basel framework (including the changes described above) and the relevant implementing measures. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

Denominations and trading

The Bonds of each Class, Sub-Class or Tranche will be issued in the Specified Denominations as set out in the Final Terms or Pricing Supplement (as the case may be). For so long as the Bonds of any relevant Class, Sub-Class or Tranche are represented by a Global Bond, and the rules of Euroclear and Clearstream, Luxembourg so permit, the Bonds will be tradeable in the Minimum Denomination and the Integral Amount up to and including the Maximum Denomination. However, if Definitive Bonds for that Class, Sub-Class or Tranche of Bonds are required to be issued and printed, any Bondholders holding Bonds having a denomination which cannot be represented by a Definitive Bond in the Minimum Denomination or higher integral multiples of the Integral Amount up to and including the Maximum Denomination will not be entitled to receive a Definitive Bond and would need to purchase a principal amount of Bonds such that its holding amounts to a Specified Denomination.

Book-entry form of Bonds

The Bonds will initially only be issued in global form and deposited with a common depository, or common safekeeper, for Euroclear and Clearstream, Luxembourg. Interests in the Global Bonds will trade in book-entry form only. The common depository, or its nominee, or the common safekeeper for Euroclear and Clearstream, Luxembourg will be the sole holder of the Global Bonds representing the Bonds. Accordingly, owners of book-entry interests must rely on the procedures of Euroclear and Clearstream, Luxembourg, and non-participants in Euroclear or Clearstream, Luxembourg must rely on the procedures of the participant through which they own their interests, to exercise any rights and obligations of a holder of Bonds.

Unlike the holders of the Bonds themselves, owners of book-entry interests will not have the direct right to act upon the Issuer's solicitations for consents, requests for waivers or other actions from holders of the Bonds. The procedures to be implemented through Euroclear and Clearstream, Luxembourg may not be adequate to ensure the timely exercise of rights under the Bonds.

European Economic and Monetary Union

It is possible that prior to the maturity of the Bonds, the United Kingdom may become a participating member state in the European economic and monetary union and the euro may become the lawful currency of the United Kingdom. In that event (a) all amounts payable in respect of any Bonds denominated in sterling may become payable in euro; (b) applicable provisions of law may allow or require the Issuer to redenominate such Bonds into euro and take additional measures in respect of such Bonds; and (iii) the introduction of the euro as the lawful currency of the United Kingdom may result in the disappearance of published or displayed rates for deposits in sterling used to determine the rates of interest on such Bonds or changes in the way those rates are calculated, quoted and published or displayed. It cannot be said with certainty what effect, if any, adoption of the euro by the United Kingdom would have on investors in the Bonds.

European Market Infrastructure Regulation (EMIR)

The Issuer and certain of its affiliates may be entering into OTC derivative contracts. Regulation (EU) No 648/2012 of the European Parliament and Council on OTC derivatives, central counterparties and trade repositories dated 4 July 2012 (**EMIR**) establishes certain requirements for OTC derivatives contracts including mandatory clearing obligations, bilateral risk-management requirements and reporting requirements. Although not all the regulatory technical standards specifying the risk-management procedures, including the levels and type of collateral and segregation arrangements, required to give effect to EMIR are yet to be finalised and it is therefore not possible to be definitive, investors should be aware that it is likely that certain provisions of EMIR would impose obligations on the Issuer and certain of its affiliates including the Borrower in relation to the OTC derivative contracts including, without limitation, in relation to reporting transactions to a trade repository or the European Securities and Markets Authority.

Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Bonds

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in numerous measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory capital charge to certain investors in certain securitisation exposures and/or the incentives for certain investors to invest in securities issued under such structures, and may thereby affect the liquidity of such securities.

Bondholders should consult their own advisers as to the consequences to, and effect on, them of the application of Directive 2013/36/EU and Regulation (EU) No. 575/2013 (together CRD), as implemented by their own regulator, to their holding of any Bonds. The Issuer is not responsible for informing Bondholders of the effects of the changes to risk-weighting which will result for investors from the adoption of CRD by their own regulator.

BUSINESS OF GATWICK AIRPORT LIMITED

OVERVIEW

Overview of Gatwick

Gatwick Airport is located 29 miles south of Central London and 3 miles north of Crawley, West Sussex at Gatwick, West Sussex RH6 0NP.

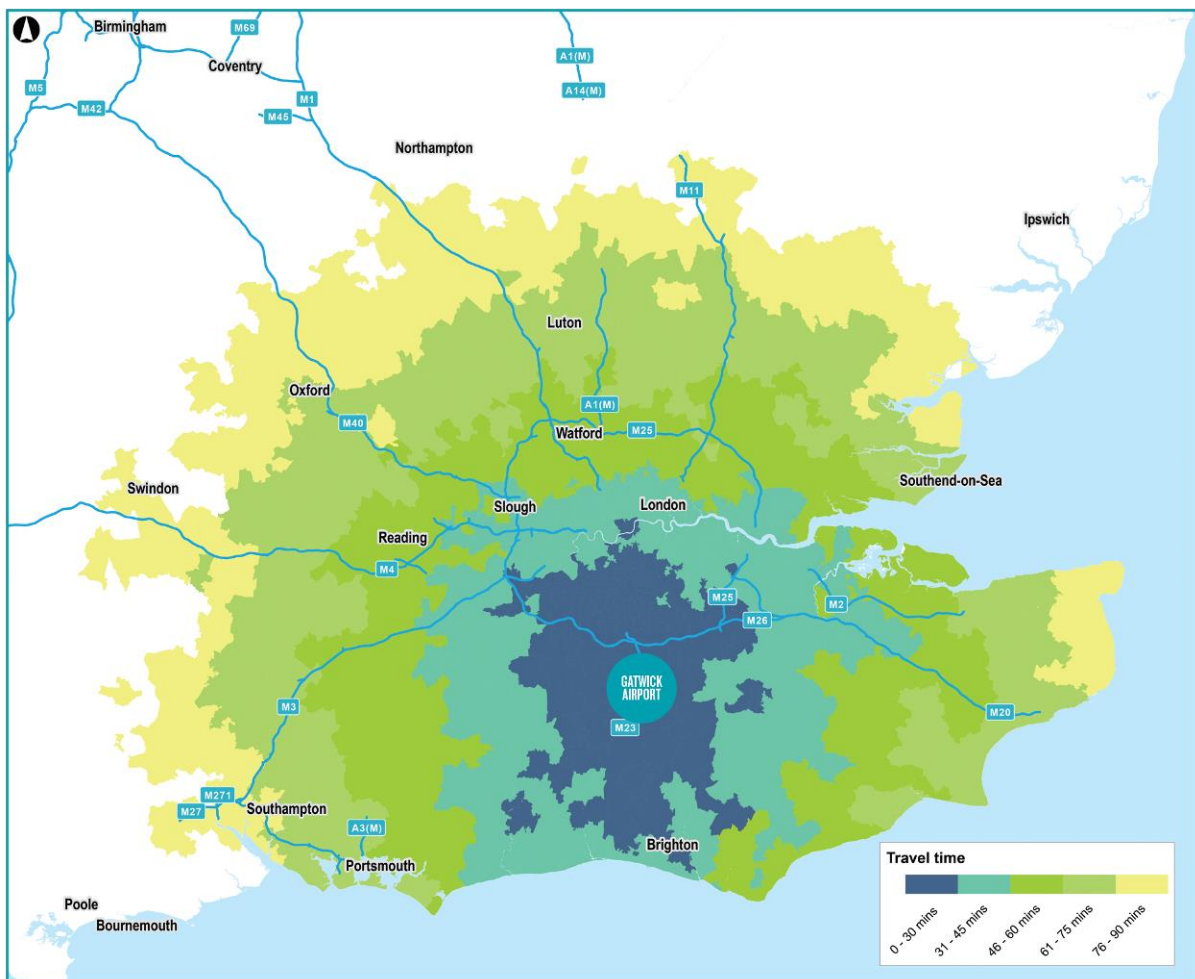

Gatwick is the world's busiest single runway airport and the UK's second busiest airport. For the year ended 31 March 2013, 34.2 million passengers passed through Gatwick, approximately 25% of airline passenger traffic in the Greater London area, one of the busiest centres for air transport in the world (Source: CAA). Gatwick has a high proportion of origin and destination passengers, with 7% of passengers as transfer traffic. Gatwick had 238,339 passenger air transport movements in the year ended 31 March 2013. Gatwick's estimated physical capacity is 290,000 air transport movements and 45 million passengers per annum, leaving some potential for further expansion. It is the tenth largest airport in Europe for international passenger traffic (Source: ACI Airport Rankings 2012).

In 2013, the 62 main airlines operating regularly in and out of Gatwick served 15 domestic and over 200 international destinations. Gatwick is predominantly a point-to point airport, with 79.2% of Gatwick's air traffic accounted for by international short-haul travel. International long-haul and domestic travel account for the remaining 11.4% and 9.4% respectively. Gatwick has a diverse mix of operator models with "low-cost" scheduled flights accounting for 52% of air traffic at Gatwick with "full service" scheduled and chartered flights accounting for the remainder (37% and 11% respectively) (Source: Gatwick Management).

Gatwick generates 21,000 jobs and contributes £2bn to the UK economy annually (Source: Optimal Economics, May 2012). Research from Goldman Sachs has identified eight key "growth markets" – and Gatwick Airport will serve four of them by early 2014. Alongside a new route to Indonesia, Gatwick already serves Moscow, Beijing and Istanbul. In addition, new direct services to the key emerging market of Vietnam were added during 2012. Gatwick's development in the business market is being recognised externally with Gatwick winning "UK Airport of the Year" at the Business Travel Awards for the last two years.

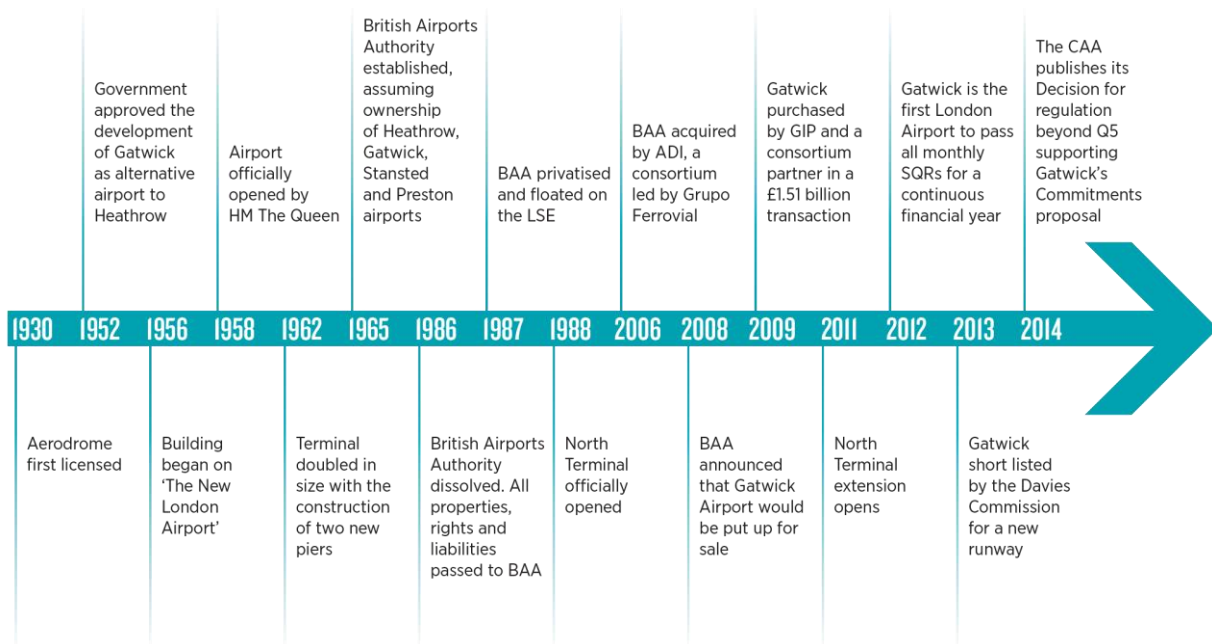

Gatwick provides a wide range of passenger services including passenger handling facilities, shops, bars, restaurants, hotels and over 33,000 car parking spaces. Gatwick is London's best connected major airport by surface access with 2.5 million people living within 30 minutes. All of London's population and over one quarter of the UK population live within 60 minutes of Gatwick. Gatwick is easily accessible by motorway and train, taking only 30 minutes from London Victoria Station on the Gatwick Express and 28 minutes to London Bridge.

The airport offers passengers 24 hour direct public transport access (by both road and rail) and the highest level of connectivity to London, the wider South-East and many parts of the UK.

Gatwick has maintained a strong focus in recent years on improving passenger satisfaction. This has been implemented in conjunction with its £1.2bn capital investment program which has provided the improved infrastructure required to generate improvements in the passenger experience. This has led to Gatwick climbing the Airport Service Quality (ASQ) rankings from 12th in 2009 to 6th in 2013.

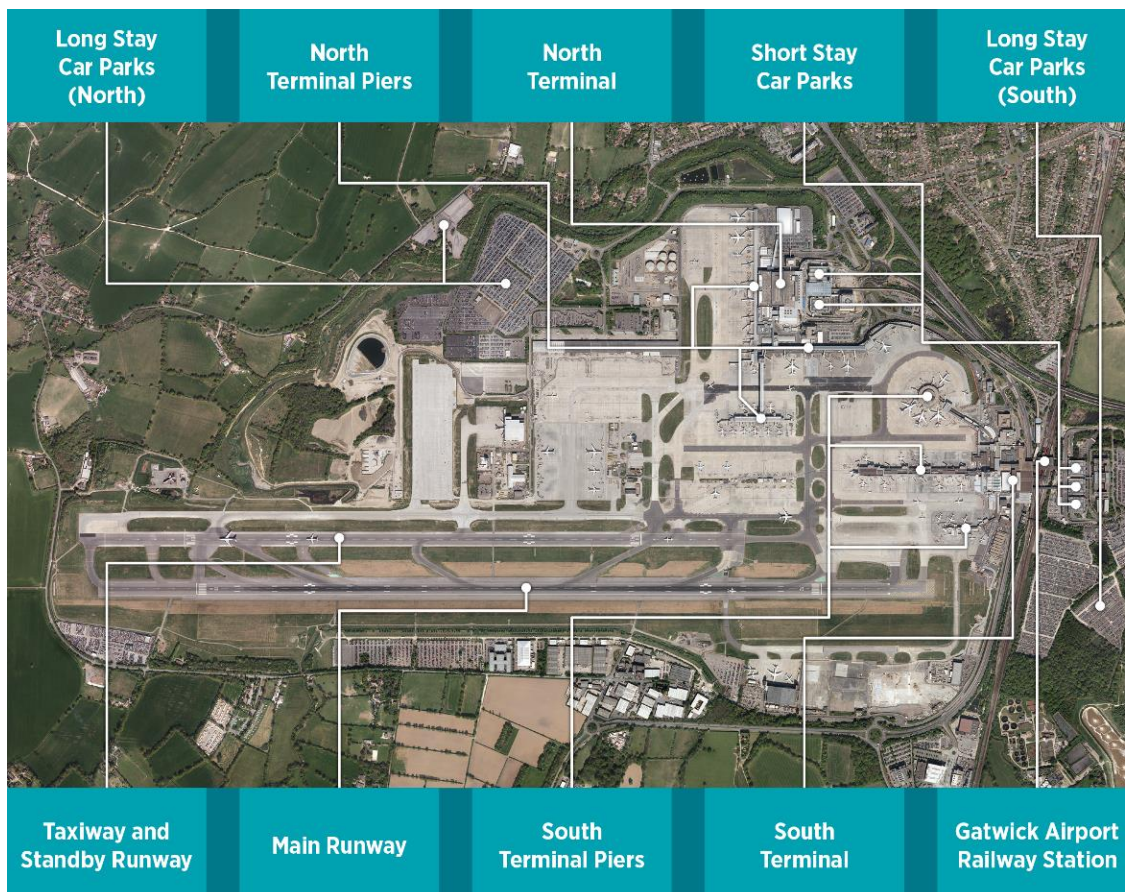

A brief history of Gatwick and its expansion

Gatwick's South Terminal was officially opened by HM The Queen on 9 June 1958, with the North Terminal following 30 years later in 1988. Gatwick has undergone a number of expansion and investment programmes since the change in ownership in December 2009, including the opening of the new North Terminal Extension and the redevelopment of the International Departures Lounges in both terminals, offering a wider range of shops and restaurants and more seating. Additional investment has been made in the North and South Terminal forecourts as well as the track transit system stations and the construction of a new car park. Such recent investment as part of GAL's £1.2 billion Q5+1 capital investment programme, has enabled Gatwick to become the first London Airport to meet all the service level commitments for an entire financial year.

Gatwick infrastructure and traffic

Gatwick has one 3,316 metre-long runway with a total of six piers and 83 pier-served aircraft stands. Currently Pier 1 is under reconstruction having been demolished as part of the capital investment programme. Gatwick also has 65 remote aircraft parking stands. The location of the terminals, piers and car parks can be seen on the image below.

Gatwick is prohibited by an agreement reached in 1979 with its local council from beginning the construction of a second runway prior to 2019. In July 2013, Gatwick submitted its outline proposals for providing additional runway capacity in the longer term to the Airports Commission. This and any other submissions to the Airports Commission are consistent with Gatwick’s commitment with West Sussex County Council. As construction could not commence until after the Airports Commission’s work has been concluded, the Government has prepared a National Policy Statement, and the Development Consent Order process for Nationally Significant Infrastructure Projects has come to a conclusion. The local planning authority, Crawley Borough Council, has continued to safeguard the land that would be required for a new runway.

Airports Commission

On 17 December 2013, the Airports Commission released its interim report which concluded that there is a need for at least one additional runway to be in operation in the South East of the UK by 2030. A new runway south of the existing runway at Gatwick is one of the three capacity options that the Airports Commission will be taking forward for further detailed study proposals (the other two being at Heathrow Airport). The next phase of its work will see the Airports Commission undertaking a detailed appraisal of the three options identified before a public consultation by the Airports Commission in autumn 2014, with a final report due by the summer of 2015. The Airports Commission has not shortlisted the Thames Estuary options because there are too many uncertainties and challenges surrounding them at this stage, but will undertake a further study of the Isle of Grain option in the first half of 2014 to assess whether that option offers a credible proposal for consideration alongside the other shortlisted options. The UK Government’s 2013 National Infrastructure Plan further supported the approach of assessing the medium and long term capacity challenge at the largest airports in the South East of England. In particular, it incorporated proposals by the Airports Commission to improve surface transport access to key airports, including a commitment of £50 million towards a full redevelopment of the railway station at Gatwick.

Gatwick's work programme will continue to cover all issues which the airport understands will be relevant to the Airports Commission's process and the eventual policy decision by the Government on airport expansion. Gatwick will continue to evaluate various runway options and assess key requirements, including environmental, surface access and economic impacts. As Gatwick has now been shortlisted, Gatwick intends to carry out public consultation in spring 2014 in accordance with any guidance on consultation issued by the Airports Commission. By summer 2014, GAL would then be in a position to submit draft proposals to the Commission which take account of the views of our diverse range of stakeholders.

At least for the rest of this decade, London's airports will be relying on their existing physical capacity to meet expected increasing demand. Gatwick's work, and subsequent submission to the Commission in May 2013, includes a detailed evaluation of how Gatwick's existing single runway capacity can be maximised to contribute to the short-term capacity needs for London and the UK.

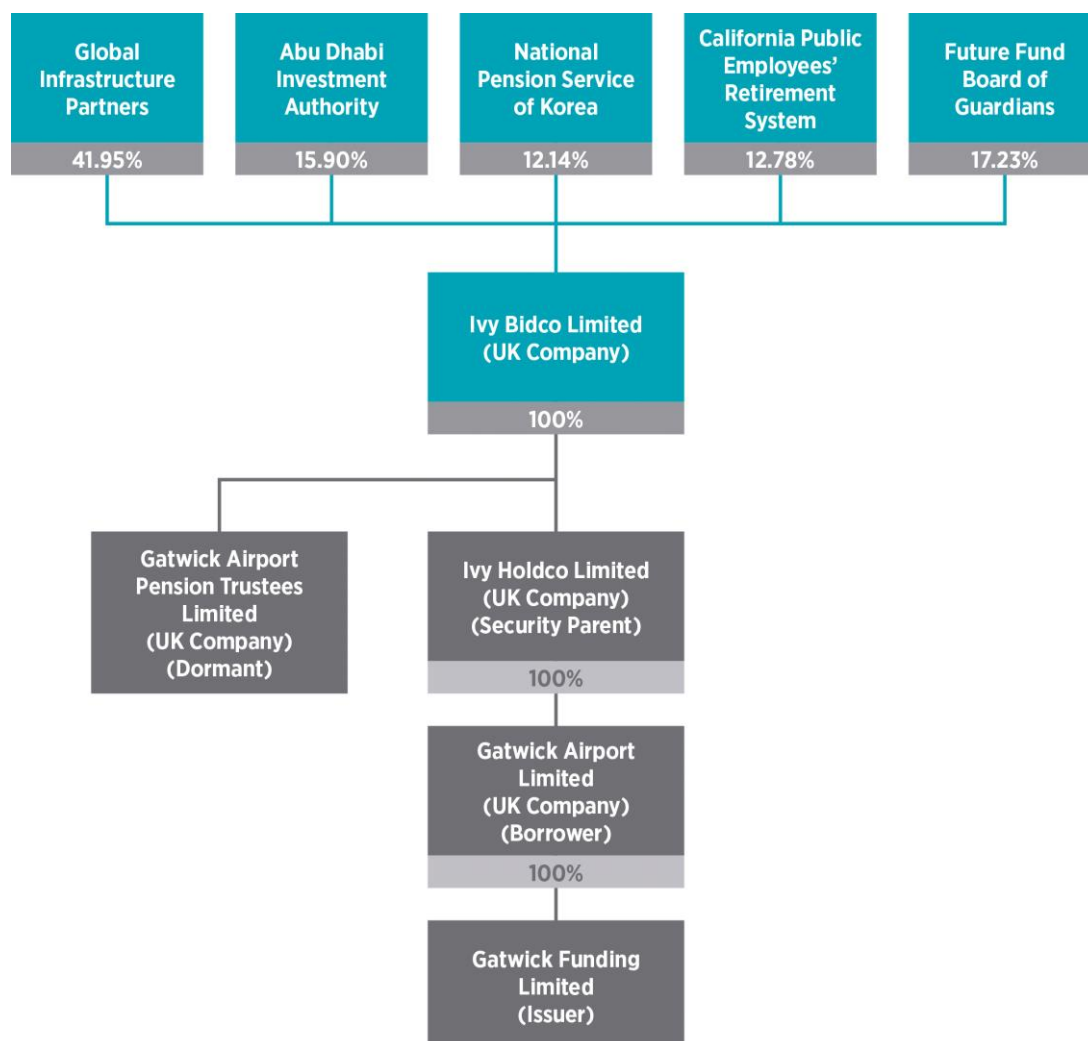

Overview of the ownership of, and strategic plans for, Gatwick

Ownership

GAL is the owner and operator of Gatwick.

On 3 December 2009, GAL was acquired from BAA by Ivy Bidco Limited, a UK incorporated company, together with certain car parks which were acquired by Ivy Subco Limited, a wholly owned subsidiary of Ivy Bidco Limited. On 2 March 2011, ownership of GAL was transferred to Ivy Holdco Limited and GAL acquired the car parks from Ivy Subco Limited which was subsequently dissolved on 10 April 2012. Ivy Holdco Limited is ultimately indirectly owned, through a number of UK and overseas holding companies and limited liability partnerships, by a consortium comprised of experienced investors whose economic interests, as of 31 March 2013, in Ivy Holdco Limited, as parent of GAL, were: 41.95% held by Global Infrastructure Partners, 15.90% held by Abu Dhabi Investment Authority, 12.78% held by California Public Employees' Retirement System, 12.14% held by National Pension Service of Korea and 17.23% held by Future Fund Board of Guardians.

The following chart shows the simplified group structure since 10 April 2012:

The consortium that ultimately owns the group comprises the following parties:

- Global Infrastructure Partners Fund 1 ("GIP 1") is a US\$5.64 billion independent, specialist infrastructure fund that invests worldwide in infrastructure assets and businesses in both OECD and select emerging market countries. GIP 1 was founded in 2006 by former senior executives from Credit Suisse and General Electric. GIP 1 targets investments in the energy, transport and water/waste sectors and has offices in New York; Stamford, Connecticut; Colorado Springs, Colorado; London; and Sydney.
- The Abu Dhabi Investment Authority ("ADIA"), established in 1976, is a globally diversified investment institution, whose sole mission is to invest funds on behalf of the Government of the Emirate of Abu Dhabi to make available the necessary financial resources to secure and maintain the welfare of the Emirate.
- The California Public Employees' Retirement System ("CalPERS") manages retirement benefits for more than 1.6 million public employees, retirees, and their families and more than 3,000 employers in the state of California, United States of America. CalPERS also manages health benefits for more than 1.3 million members. The CalPERS fund invests in a range of asset classes, with a market value of approximately US\$277 billion.

- (d) National Pension Service of Korea ("NPS") is a public pension fund for the general public in Korea which has grown to 392 trillion won (US\$369 billion), and is the fourth largest pension fund in the world.
- (e) Future Fund Board of Guardians ("Future Fund") is a financial asset fund established by the Future Fund Act 2006 to assist future Australian governments meet the cost of public sector superannuation liabilities by delivering investment returns on contributions to the fund. The fund has approximately A\$92 billion assets under management.

It should be noted that the consortium members may not remain as ultimate owners of GAL for the duration of the Bonds.

Strategic plans

Since its purchase in December 2009, the new owners of GAL have implemented a new strategic direction for Gatwick.

Gatwick operates in a competitive market. Passengers have a choice as to which airport they fly from and airlines have alternative bases from which to operate. GAL's strategy for Gatwick is to transform the passenger experience and improve efficiency for the airlines and Gatwick itself, thereby improving its competitiveness in the London airport market. A key element of GAL's strategy is to build and maintain strong relationships with its airline customers, regulators and other stakeholders.

GAL has set out its ambition – "competing to grow and become London's airport of choice" – and has established six strategic priorities to which GAL's activities are aligned. These priorities are to:

- deliver the best passenger experience: by listening to Gatwick's passengers and delivering the kind of service that will make them choose to fly from Gatwick;
- help Gatwick's airlines grow: by understanding airlines' goals and developing commercial partnerships;
- increase value and efficiency: by maximising income, lowering Gatwick's operating costs and driving capital efficiency;
- protect and enhance Gatwick's reputation: by building strong and constructive relationships with Gatwick's stakeholders based on openness and trust;
- build a strong environment, health and safety culture: by maintaining a relentless focus on achieving zero incidents; and
- develop the best people, processes and technology: by investing in high-performing people, continuous improvement and the right systems.

STRENGTHS

Gatwick has a number of key credit strengths. Primarily, Gatwick has a strategically advantaged position in the premium, South East UK air travel market. Benefiting from strong demand and a predictable cost base, Gatwick has demonstrated strong financial performance and relative resilience to external shocks. The regulatory regime has been modernised in a manner welcomed by GAL and in line with GAL's strategy.

The South East premium market

Gatwick is located in the South East of the UK – a densely populated, affluent catchment area in the heart of the UK service economy. Air travel in the South East has grown significantly over the last forty-plus years from 13 million passenger journeys in 1966 to over 135 million in 2012 (Source: CAA). The Department for Transport has projected total traffic growth at UK airports to continue at 2.4% per annum over the next ten years and to reach approximately 450 million by 2050 (Source: DfT 2013 paper: UK Aviation Forecasts).

London is a leading global financial centre and the South East of England as a whole accounted for 35.4% of Gross Value Added (or **GVA**) and 25.8% of the UK population in 2012. The GVA per capita in that area was £29,000 in 2012 - 31% above the UK average (Source: Regional Gross Value Added (Income Approach) December 2012).

In 2012, the UK ranked eighth in the world for international tourism arrivals and eighth in terms of international tourism receipts (Source: Visit Britain) with a significant portion of the international air traffic coming through the London area. All these factors support significant continued demand for both leisure and business origin and destination air traffic through Gatwick.

UK Airport passenger volumes: historic and forecast

Source: CAA historical data; DfT forecasts

Peak runway capacity in the South East is limited at peak periods. Gatwick is prohibited by an agreement reached with its local council from beginning the construction of a second runway prior to 2019. However, as mentioned above, this agreement is no longer a practical constraint on development at Gatwick as construction could not commence until after, among other things, the Airports Commission's work has been concluded.

Although Gatwick is on the Airports Commission's shortlist for a new runway in the South East, for at least for the rest of this decade, London's airports will be relying on their existing physical capacity to meet expected increasing demand.

Gatwick is a strategically advantaged South East airport

Within the South East airports system, Gatwick has a desirable strategic location.

The airport is conveniently situated for transport to London and the South East. The Gatwick Express provides non-stop rail services directly to London Victoria Station. Gatwick's railway station is located adjacent to the South Terminal and provides frequent additional connections to other London terminals. Gatwick is also well-served by national rail links.

Gatwick is also located a short distance from Junction 9 of the M23 motorway, nine miles from London's orbital M25 motorway.

Heathrow Airport is heavily capacity constrained, with little seasonality in its schedule and limited resilience in its daily schedule. Gatwick, which is the second busiest airport in the South East after Heathrow Airport, is capacity constrained at peak periods (although with some capacity for additional aircraft movements in the summer shoulders and in winter). Stansted Airport does have spare capacity but has historically proved less attractive to carriers than Heathrow or Gatwick given its location and its connections to London and the broader South East market. Gatwick can be considered an essential part of the South East of England's transport infrastructure.

In 2012, the total number of passengers travelling by air through the five airports in the Greater London area was approximately 135 million. In 2012, Gatwick accounted for approximately 25% of this traffic (Source: Gatwick Management based on CAA data).

Gatwick is attractive to long-haul, charter, point-to-point, scheduled and low-cost carriers due to its low aeronautical charges compared with many major European airports (such as London Heathrow), its ease of operations and quick turnaround times, its excellent transport links to central London, and its geographic placement in the large and wealthy catchment area south of London (as illustrated in the chart below).

Gatwick's catchment area

Source: UK Office for National Statistics: Mid-year population estimates 2012: 30 June 2013

Gatwick has predominantly origin and destination traffic comprising approximately 93% of the passengers using Gatwick. Gatwick serves a diverse passenger mix: approximately 64% for leisure travel, 23% VFR (visiting friends and relatives) and 13% business (Source: CAA Survey 2012).

Internal studies carried out at Gatwick indicate that it attracts household groups with a high propensity to shop and spend. From benchmarking analysis that Gatwick has participated in, commercial revenue as a percentage of total revenue at Gatwick is the second highest amongst the comparator set of European airports in 2012 (Source: Leigh Fisher 2012 Airport Performance Indicators). Gatwick's retail and car parking spend per passenger increased by 1.1% from £4.74 per passenger for the year ended 31 March 2012 to £4.79 for the year ended 31 March 2013.

Gatwick's strong financial performance reflects its diverse revenue mix

Through the recent economic slowdown, Gatwick's revenue performance has remained robust, primarily due to the airport's diversified revenue base, the outcome of the Q5 regulatory settlement, and the strategic initiatives implemented since the change of ownership. EBITDA pre-exceptional items increased by approximately 42.0% over the 5 years ended 31 March 2013.

Gatwick's results for the 12 months to 31 March 2013 demonstrate this relatively resilient financial performance. Over the period, passenger traffic grew by 1.2% but GAL's turnover grew by 4.2%. This was driven by an increase in the aeronautical yield and by retail and car-parking initiatives.

Turnover increased by 10.7% in the six months ended 30 September 2013 when traffic growth was 4.4% (underlying traffic growth, excluding the impact of the 2012 London Olympics, was estimated at 3.5%). Aeronautical income grew 11.6% over this period due to an increase in the allowable aeronautical yield and the increase in passengers. Retail income was up 7% to £74.6 million primarily due to the increase in passenger numbers and the contribution from the World Duty Free Group Store in the South Terminal, which opened in July 2012 and operated for the entire six months ended 30 September 2013. Net car parking income increased by 21% due to the improved valet capacity and successful yield management over the summer season. Transactions have been made via third party consolidators and park-and-stay operators (hotel stay and car park packages) have also increased over the period.

For additional information, see "*Financial Information and Results of Operations*".

Diversified income and revenue streams

Gatwick benefits from diversified income sources. In addition to income earned from airlines from regulated aeronautical charges, Gatwick also earns income from a variety of sources, including retail, car parking and property.

Aeronautical derived income

Gatwick serves a diversified range of major airlines, employing a variety of business models (e.g. low-cost, scheduled, charter) to serve origin and destination short-haul leisure and business traffic and long-haul leisure.

Over 62 airlines regularly operate out of Gatwick. The largest airlines by passenger numbers at Gatwick for the six months ended 30 September 2013 were as follows:

Airline	Air transport movements (000s)*	% of Total	Passengers (000s)	% of Total
easyJet	56.9	41.0	8,239	39.6
British Airways	22.2	16.0	3,035	14.6

Total	139.0	100%	20,804	100.0%

* Excludes general aviation and cargo related air transport movements.

Gatwick has a diversified network of routes regularly serving over 215 destinations worldwide. The top-twenty routes in the six months ended 30 September 2013 accounted for only 39.4% of total passenger traffic, with no individual route representing more than 3.2% of the total. This means that Gatwick's revenues are resilient to airline network and route changes, with the airport not reliant on a small number of key city pair routes.

Demand for slots in recent years has remained strong, with various carriers – notably easyJet, British Airways and Norwegian Airlines – increasing frequencies and introducing new routes. This has provided support for passenger traffic at Gatwick following the introduction, in March 2008, of US-EU Open Skies which resulted in airlines moving some of their US services to Heathrow. The continued demand for slots is particularly notable through the acquisition of Flybe's 25 pairs of arrival and departure slots by easyJet for £20 million in May 2013, illustrating the demand for slots. Furthermore, GAL has created 21 additional slots (from Summer 2014) through the ACDM55 project to supply this demand. This project has involved collaborative working with Gatwick's airfield team, as well as partner airlines, NATS and ground operators. It has enabled further operational optimisation of the airfield. The slots have been allocated through the usual ACL process, in compliance with European regulations.

In light of Gatwick's new independent ownership, management have placed much greater emphasis on the development of short and long-haul origination and destination traffic. Through work with airline partners and focused airline marketing and route development activities, a number of new routes were put in place at Gatwick for summer 2013 for example to Moscow, Tripoli, Baghdad, Freetown and Colombo. A number of developments are expected at Gatwick during the remainder of the financial year and early the following year. Gatwick is awaiting a new route from London to Jakarta with Garuda Indonesia commencing in 2014. As noted above, easyJet have purchased Flybe's slots from 1 April 2014 which will add additional passenger capacity in the peak periods and offer a number of

exciting new routes including Paris Charles de Gaulle, Strasbourg, Brussels and Tel Aviv. Norwegian Air Shuttle has committed to basing additional aircraft at Gatwick through the summer 2014 season allowing it to increase frequencies on routes launched in summer 2013, as well as commencing direct long haul flights between Gatwick and New York JFK, Los Angeles and Fort Lauderdale on Boeing Dreamliners from July 2014. In addition, Emirates have announced that they will be commencing a daily service on their Dubai route using the Airbus A380 from the end of March 2014.

A key element in increasing aeronautical income is enhancing the services provided by Gatwick to passengers. For example, in relation to security queuing, Gatwick has surpassed its service quality target of security queue times of less than 5 minutes for 95% of the time in each month since the change of ownership. In addition to this, since 1 April 2011 Gatwick has only failed 9 of its service quality measures with no measures being failed in the financial year ending 31 March 2013. This performance is illustrated in the charts below. Gatwick has shown improvement in the overall Quality of Service Monitor (QSM), which provides a measure of passenger satisfaction with certain airport services and facilities (i.e. cleanliness, ease of wayfinding, flight information and seating).

In addition to these measures, the overall customer satisfaction rating at Gatwick, as independently measured by the Airports Council International, has improved significantly since the change of ownership four years ago. The chart below shows Gatwick's position relative to other European airports that participate in the survey, in Q4 2009 and Q4 2013.

Source: The Airport Service Quality (ASQ) – an independent survey run under the auspices of Airports Council International (ACI) 2013.

Non-aeronautical derived income

Gatwick has well-established retail in both the North and South Terminals with a total of approximately 24,500 square metres of retail space dedicated to restaurants, bars, specialist shops and

duty free and tax free shopping with approximately 90 retail clients operating around 222 retail outlets. Concession revenues generally consist of a turnover percentage subject to minimum guarantees and concession rights are competitively tendered, at inception and on renewal. Typically, fashion retailers hold concessions for 3-5 years and catering for 7-10 years. World Duty Free hold the duty free concession at the airport which has 8 years remaining.

In addition, Gatwick has an extensive car park offering, comprising short-stay (4,900 spaces adjacent to terminals) and long-stay (28,400 spaces around the airport perimeter). Both terminals at Gatwick are served by car rental concessions.

Gatwick also has a real estate portfolio which generates income, with primary tenants being airlines and associated service companies.

Management have implemented a number of initiatives to increase non-aeronautical income, including: dedicating personnel to focus on day-to-day management of concessionaires; implementing dwell time modelling, to guide layout refinements and airline operational protocols; undertaking customer research and segmentation to guide longer term re-positioning of retail brands; and refining the car park offering and online marketing strategy. A walk-through store for World Duty Free in the South Terminal, which is a new addition to the Capital Investment Programme, was completed in summer 2012. There has also been significant investment in the International Departure Lounges of both the North and South Terminals, with a number of new premium outlets opening and improvement to passenger circulation.

A predictable operating cost base

Gatwick has a relatively stable, and predictable, cost base. Most costs at Gatwick have a strong linkage to RPI and/or are contracted on a multi-year basis providing a good degree of certainty and/or visibility.

The following chart shows the relatively stable operating costs at Gatwick over the last three years:

Operating Costs (excluding depreciation & exceptional items)

Source: Gatwick Management

Staff costs make up the majority of Gatwick's cost base. The year-on-year increase of £8.6 million in GAL's staff costs to £149.1 million for the year ended 31 March 2013 is largely due to an annual pay

increase, an increase in pension costs due to financial market conditions and additional staff costs associated with the on-going capital expenditure programme.

The majority of the staff costs incurred in relation to the capital expenditure programme and separation of GAL's IT systems are capitalised, and not included in operating costs.

GAL recognises three trade unions who represent approximately 1,650 of its employees. Relationships with all three unions have historically been cordial with no instances of industrial action during the past 20 years. A two-year pay deal has been negotiated and concluded in January 2014 for non-managerial staff to cover the period from 1 April 2013 to 31 March 2015. These negotiations took over 12 months to complete and involved five ballots and consultations with ACAS before agreement was reached. The first year includes a pay increase of 2% and a one off payment of £750 in lieu of an annual bonus. The second year includes an increase of 2%, with the reinstatement of the annual performance bonus scheme. These employees received on average an increase of 4.8% in the year ended 31 March 2013, and a 5% increase in the year ended 31 March 2012. Senior managers received a comparable increase based on performance.

The management team have implemented a range of operational improvements, with innovative check-in and security processes being trialled and headcount in all major areas being reviewed and reduced where appropriate.

In addition, management has resized and reshaped the operational and management teams, reorganising Security into defined teams with dedicated leaders, and has retendered/renegotiated various supply contracts.

Further details on the break down of Gatwick's operating costs can be found in GAL's annual report and financial statements which are incorporated by reference into this Prospectus.

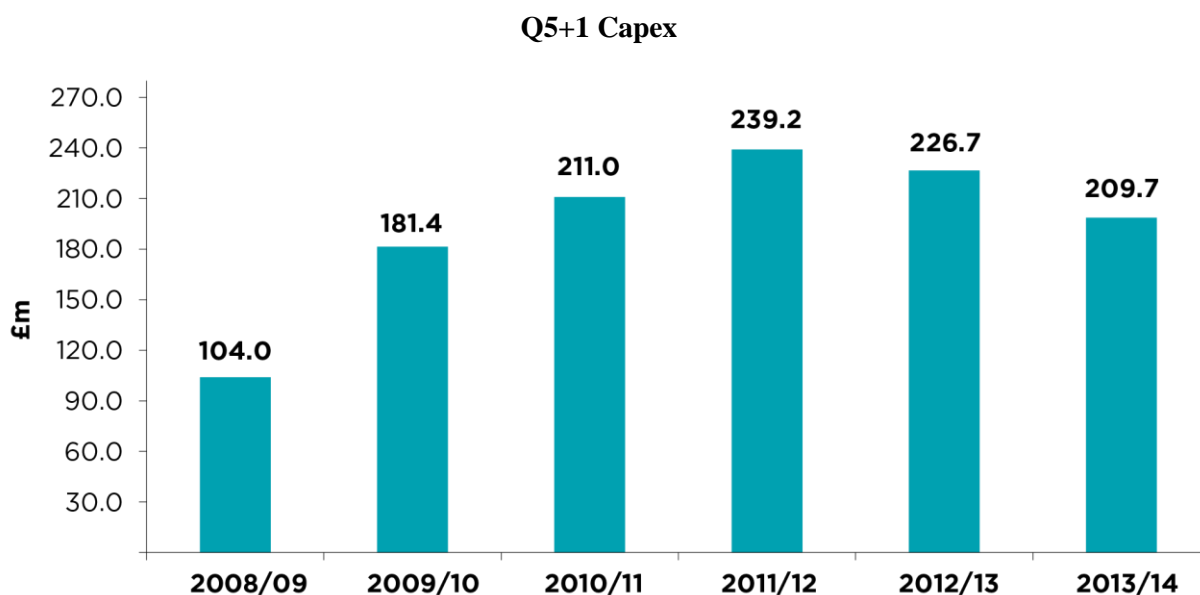

A deliverable Capital Expenditure Programme

Since acquisition, the new management team has undertaken a major review of the capital expenditure programme and the capabilities of Gatwick to deliver it.

Gatwick has spent considerable effort to restructure its Programme Management Organisation for efficiency and improved delivery of projects. Gatwick's project team was restructured and placed under the leadership of an experienced airport projects director, with Bechtel being engaged during the initial period following the change in ownership to provide key technical support and secondees in programme management (scheduling, budgeting, risk management), procurement and sub-contractor management and quality assurance. Over recent years, GAL has scaled back the use of Bechtel due to recruiting the relevant in-house expertise. The management of its Capital Investment Programme (described further below) has been separated into two parts: the Product Development Director is responsible for scoping out the investment requirement at the airport and consulting with airlines on these plans, before handing over to the Construction Director who is responsible for the execution of defined capital projects to scope, time and budget. Both the Product Development Director and Construction Director are members of the Executive Management Board and report to the Chief Executive.

As part of a change in the method of project delivery, new framework agreements have been put in place for contractors and consultants with greater emphasis on appropriate risk transfer. GAL's Q5+1 Capital Investment Programme comprised more than 130 projects (of which 35 were in excess of £5 million spend). This enabled Gatwick to spread the risk of project delivery amongst different contractors and across timelines.

The chart below summarises the annual spend on the Q5+1 Capital Investment Programme:

Source: Gatwick Management

Upon acquisition, and following a major review of the inherited £985 million programme being pursued by Gatwick (covering the original five year period of Q5), a revised capital investment programme was put in place, with several projects significantly rescope, some new projects introduced, and others delivered differently. The programme was targeted to be delivered for around £925 million in the original five year period of Q5. This programme included the introduction of the South Terminal Security Project to overhaul security efficiency and enhance airside retail, shelving the Pier 7 project in favour of phased extensions to Pier 5 and Pier 6 in Q5 and Q6, developing a new, simplified concept for Pier 1 / South Terminal Baggage and refining the plans for the South Terminal Forecourt to deliver equivalent functionality at much reduced cost.

It was agreed as part of the extension to Q5 that the capital expenditure triggers relating to Pier 7 and South Terminal baggage would be removed for the year ending 31 March 2014 and replaced with new triggers. These trigger projects have now progressed sufficiently such that the triggers no longer apply. GAL failed one on these revised triggers in relation to the on time delivery of crew reporting facilities, incurring a penalty of £0.2 million.

GAL has committed to a Q5+1 Capital Investment Programme of £1,172.0 million.

Gatwick recently published its 7 year business plan as part of its submission to the CAA. Gatwick's Beyond Q5 capital investment programme provides forecasted expenditure of £1,197.0m over the seven years from 1 April 2014 but given the new regulatory regime discussed in "Airport Regulation" below, this figure is flexible subject to the minimum commitments of £100m capital expenditure per annum.

The key strategic projects included in the programme include: the completion of Pier 1 redevelopment (£88.6m); North Terminal development programme encompassing the departure lounge, security, check-in and arrivals (£148.0m); delivery of 95% pier service in the North Terminal (£175.5m); and the ongoing asset stewardship programme (£351.1m).

Relative resilience to shocks and economic downturns

Through periods of UK GDP decline and exogenous events which have reduced the propensity to travel, Gatwick's performance has remained resilient. The chart below illustrates that over the last 30 years, demand for air travel at Gatwick has tended to return relatively quickly to historic levels following external shocks, suggesting a level of demand resilience.

Source: GAL passenger traffic: Gatwick Management; UK GDP growth 1982-2013: Office of National Statistics

Note: Passenger traffic data is as at 31 March of the year given; GDP data as at: 31 December

Factors which have had a significant impact on passenger traffic include the terrorist attacks on the United States in 2001 and their aftermath, the Gulf Wars and periods of economic recession. Other factors that have had a significant impact on passenger traffic at Gatwick in the last ten years include British Airways' decision to scale back their hub activities at Gatwick in 2002 (which particularly impacted transatlantic services), airline failures and the eruption of Eyjafjallajökull in Iceland in 2010.

Historically, passenger traffic has been resilient through such events with the average reduction peak to trough 9.3% and recovery to prior levels generally taking around 2 to 3 years. The recent economic downturn witnessed the most significant trough over the last 30 years with the drop from the peak totalling 11.1% and lasting five years. This trough was impacted significantly by the intermittent closure of airspace in the three months to 30 June 2010 following the eruption of Eyjafjallajökull in Iceland. Gatwick has seen 4.4% increase in passenger traffic in the six months ended 30 September 2013. Underlying traffic over this period was up 3.5% when adjusting for the one-off effect of the London Olympics in the prior period.

The period between 1999 and 2013 has seen a significant shift in passenger mix with European low cost traffic growing substantially and taking share from European charter and legacy carriers. Between 2004 and 2008, Gatwick saw consistent strong growth in passenger numbers primarily as a result of easyJet expanding its activities at Gatwick. The development of the low cost carrier model, primarily led by easyJet, but recently supplemented by Norwegian Air Shuttle has continued to support passenger growth in recent years.

Recent financial performance

The charts below illustrate traffic, revenue and EBITDA performance over the last 10 years. Whilst passenger numbers have decreased over the first three years of Q5, reversing the trend seen during the five years of Q4, the last two years have seen the passenger growth return, albeit to a level below the Q4 peak, whilst revenues and revenues per passenger have increased each year. This reflects both the terms of the Q5 regulatory settlement in relation to airport charges and that retail and car parking spend per passenger has held up well during recessionary periods as those passengers choosing to travel continue to use catering, car park and retail facilities. EBITDA has grown in each of the last four years since the change in ownership.

Regulatory regime

Gatwick is subject to price regulation by the CAA. The current regulatory system, which ends on 31 March 2014, is designed to allow airports to generate revenues which are sufficient to finance their efficiently incurred operating and capital expenditure requirements and provide a regulated rate of return on their RAB. For details of GAL's financial performance, see "*Financial Information and Results of Operation*".

The CA Act 2012, which received Royal assent in December 2012, replaces the system of economic regulation of airports under the Airports Act with a system that allows the CAA to apply a more flexible approach in terms of how the CAA may choose to regulate.

Under the provisions of CA Act 2012, the CAA will grant licences to airport operators for the new regulatory period commencing 1 April 2014 which it determines to have substantial market power and where competition law would provide insufficient protection against the risk of an abuse of that power, provided that the benefits of intervention through licensing are likely to outweigh the adverse effects (the **Market Power Test**).

Where the CAA determines that a licence is required, the CA Act 2012 gives the CAA greater flexibility to align the regulatory requirements that it imposes with the market and competitive position at the relevant airport, concentrating more on service quality and performance incentives.

Where a licence is not required, the activities of airports and airport operators will remain subject to general competition law and the provisions of the Airport Charges Regulations 2011, which imposes requirements relating to, among other things, pricing transparency. Compliance with both competition law and the Airport Charges Regulations 2011 will be monitored by the CAA.

In January 2014 the CAA published its market power determination for Gatwick, finding that Gatwick passes the Market Power Test in the CA Act 2012 and therefore should be required to have a licence under the new framework. Also, in February 2014, the CAA published its proposed licence for Gatwick which will come into force on 1 April 2014, incorporating Airline Commitments proposed by GAL within a licence. The CA Act 2012 introduced a new general duty for the CAA to carry out

its functions in a manner which furthers the interests of users of air transport services regarding the range, availability, continuity, cost and quality of airport operation services, where appropriate by doing so in a manner which will promote competition in the provision of airport operation services. In carrying out its general duty, the CAA will be required, among other things, to have regard to "the need to secure that each holder of a licence is able to finance its provision of airport operation services in the area for which the licence is granted".

In relation to licence provisions designed to ensure financial resilience at licensed airports, the CA Act 2012 provides for derogations to be given for pre-existing financing arrangements. The CAA will be precluded from removing or amending these derogations without first determining: (i) that there has been a material change in circumstances since the derogation was granted; and (ii) the benefits of removing the derogation are likely to outweigh the costs to passengers.

The CA Act 2012 also provides for:

- an appeals process associated with the market power determination and wider licence granting and modification system; and
- concurrent competition powers for the CAA (with the OFT, which will be replaced by the CMA from 1 April 2014).

GAL has supported the UK Government's reforms of the economic regulation of airports and welcomes the evolution of the regulatory architecture. For more information on the economic regulation of Gatwick, see "*Airport Regulation*".

An experienced management team

GAL has put in place a strong executive management team following the acquisition, which has delivered additional airport, operational, regulatory and financial expertise. Most of the existing operations management have been retained, ensuring continuity as the new strategic direction is pursued.

The management team consists of world-class senior management, with experience gained at a wide range of airports and companies, including BAA, GE, Anglo American plc, Centrica plc, BA, National Express, Budapest Airport, Stansted Airport and London City Airport, backed up by GIP operating executives. For further information on the management team, including their professional biographies, please see "*Employees and pensions – Executive Management*".

In the time that the executive management team has been in place, a number of improvements to the operation of Gatwick have been implemented and projects initiated as summarised in the sections above.

RELATED PARTY TRANSACTIONS

GAL has entered into, and may from time to time in the future enter into, transactions with certain affiliates of GAL and its shareholders. All such contracts are and will be negotiated on an arm's length basis in line with Board policy.

INSURANCE

GAL's insurance department (supported by an insurance broker and claims handling agent) provides risk management, insurance and claims handling services to Gatwick, arranging both annual and multi-year insurance programmes. The programme is renewable annually on 31 March (save for the environmental insurance policy which expires in 2019 for pre-sale pre-existing conditions and in 2014

for new conditions), and includes the following insurance cover for GAL (all subject to relevant limits and deductibles):

- Property damage and business interruption insurance;
- Aviation and public liability insurance;
- Construction all risks insurance;
- Environmental insurance;
- Employers' liability insurance;
- Employment practices insurance;
- Directors' and Officers' insurance;
- Pension Trustee Liability insurance;
- Crime insurance;
- Motor and Personal Accident and Travel insurance; and
- Public Offering of Securities Insurance.

Insurance cover is provided by a combination of insurance market entities.

EMPLOYEES AND PENSIONS

Employees

In preparation for the change in ownership, GAL had a significant increase in employees resulting from separation from BAA and the migration of activities from the BAA group to GAL. This increased staff costs significantly, while intra-group charges from BAA were reduced as more roles were performed directly by GAL. As at 30 September 2013 GAL had 2,491 full-time equivalent employees compared to 2,371 as at 31 March 2013. While under BAA ownership, all employees engaged in the operation of Gatwick were employed by BAA Airports Limited and recharged to GAL. On 3 December 2009, all employees became directly employed by GAL pursuant to TUPE.

Pensions

Following the change in ownership, GAL's employees ceased to be eligible to remain as members of the BAA defined benefit pension scheme. On the date of sale, GAL established a new defined benefit plan (with benefits and contribution rates that replicated those of the BAA defined benefit pension scheme) for those employees who were previously members of the BAA defined benefit pension scheme. Employees were granted the option to transfer to the new scheme; 1,825 members transferred. A bulk transfer of the pension liabilities and the corresponding assets from the BAA defined benefit pension scheme to GAL's new plan was made on 1 June 2010. A commutation payment of £104.7 million was required to be made by GAL to the BAA defined benefit pension scheme to extinguish all GAL's liabilities and obligations under that scheme. This payment was also made on 1 June 2010.

GAL operates two pension schemes:

- a defined contribution scheme of which 1077 employees are active members (as at 30 September 2013) into which all new employees are enrolled (and have been since 30 June 2008, the date on which the defined benefit scheme was closed to new members by BAA); and
- a defined benefit plan of which 1,485 employees are active 198 deferred and 139 retired members (as at 30 September 2013). These employees were members (or eligible to become members) of the BAA pension scheme at the time of acquisition.

The defined benefit pension is based on final salary and pensionable service (accruing at rate of 1/54th per annum) and the pension may be taken from age 60 without abatement. Once in payment, pensions are linked to RPI up to a maximum of 5% for post 1991 members and RPI for pre 1991 members.

The current contribution rates are:

- employee 5% (6.0% for Fire Service employees); and
- employer 25.6%.

The first formal valuation of the plan as at 30 September 2010 was completed in December 2011 and GAL recorded a surplus on the defined benefit plan of £10.0 million, based on the following key assumptions:

Discount rate 6.1%

Rate of RPI inflation 3.5%

Rate of CPI inflation 3.0%

Rate of increase in salary 4.0%

Life expectancy (male aged 60) 26.7 years (2010) increasing to 28.6 years (2030)

The defined benefit plan's next formal valuation (as at 30 September 2013) is due to be completed by 31 December 2014 in conjunction with which contributions to the plan may be revised. As at 30 September 2013 the scheme was recorded in the financial statements of GAL at a deficit of £10.8 million net of deferred tax.

For additional information, see "*Risk Factors - Other Risks - Pensions*".

Executive Management

The Executive Committee develops and recommends to the Board, medium and long-term business development strategies for the GAL with particular focus on the GAL's operations. It ensures the delivery of agreed strategies by providing guidance, approvals, governance and monitoring. The members of the Executive Committee are:

Stewart Wingate, Chief Executive Officer (CEO)

Stewart is the Chief Executive Officer (CEO). Stewart was with BAA from 2004 until September 2009, first as Customer Services Director of Glasgow Airport, then as Chief Executive Officer of

Budapest Airport and most recently as Managing Director of Stansted Airport. He is a Chartered Engineer and a Fellow of the Institute of Engineering and Technology. Stewart has a Masters in Business Administration with distinction and a first-class honours degree in electrical and electronic engineering.

Nicholas Dunn, Chief Financial Officer (CFO)

Nick was appointed CFO in April 2010. Nick joined from Anglo American plc where he was General Manager, Corporate Finance. Prior to that, he worked for six years with Centrica plc in a number of senior finance roles including as Director of Group M&A, Finance Director for Centrica Energy and Finance Director for British Gas Business. Nick has more than ten years' experience in investment banking, with the majority of this time specialising in the transportation and energy sectors. He has advised governments and private investors on the financing of airports and air traffic control and has managed airport acquisition, IPO and financing transactions in the UK and internationally. Nick holds a BEng (1st Class Honours) in Electronic Engineering from the University of Southampton.

Kyran Hanks, Strategy and Regulation Director

Kyran was appointed as Strategy and Regulation Director in April 2010. Kyran has a long career in regulation and most recently held the post of Economics and Regulation Director for BAA for five years where he was in charge of BAA's CAA and Competition Commission investigations, including Select Committee testimonies on behalf of the company. Prior to BAA, Kyran had roles in the energy sector working for regulators and regulated companies, including three years working for Enron. Kyran has a degree in Commerce from the University of Birmingham.

Scott Stanley, Chief Operating Officer (COO)

Scott was previously the Chief Operating Officer of London City Airport, where he was responsible for the day-to-day operations, including the implementation of the capital investment programme. He joined London City from GIP. His career embraces General Motors, General Electric, Honeywell and United Technologies. Career highlights include operations management for GE, supply chain restructuring in Europe for Honeywell, a new plant start-up in Mexico and China supply chain restructuring for United Technologies. He holds a BSc degree in engineering from Ohio State University.

Guy Stephenson, Chief Commercial Officer

Guy Stephenson was appointed as Chief Commercial Officer in November 2010. He was previously Commercial Director of the Coach Division at National Express Ltd, prior to which he spent five years with the TUI Group as Commercial Director of Thomsonfly. In these roles, he had responsibilities for pricing and revenue management, network and capacity planning, business analysis, product development and customer operations. He has also worked in investment banking, where he advised mainly governments and other public sector clients throughout Europe on airport and ATC privatisation and restructuring. Guy has a BA (Hons) degree from the University of Durham and an MBA with distinction from Imperial College London.

Alastair McDermid, Airports Commission Director

Alastair was appointed as Airports Commission Director at Gatwick in October 2013 to lead the second runway development work. He has over 35 years' experience with BAA where he held posts including Group Planning Director for BAA, Director of SG2, and Program Director for Heathrow R3, and was a Director of Gatwick from 1997 to 2001. Alastair has worked with other European and World airports, DfT, Network Rail, HA, CAA and other bodies. Since June 2010 he was an independent advisor in infrastructure planning and development

Derek Hendry, Construction Director

Derek Hendry joined as Construction Director at the end of January 2012. Derek joined from Peel Ports where he was the Group Capital Projects Director since 2008 leading the development of the Port of Liverpool, Manchester Ship Canal, Medway Ports and Clydeport. Prior to this Derek led development projects for BAA at their Scottish airports delivering major projects such as terminal and pier expansions at Edinburgh and Glasgow airports and runway resurfacing at Edinburgh. He is a Fellow of the Royal Institute of Chartered Surveyor and has an MBA from the University of Strathclyde. Effective 31 March 2014, Derek will be leaving the business and his responsibilities will transfer to Willie McGillivray.

Robert Herga, General Counsel and Company Secretary

Robert was appointed General Counsel and Company Secretary in March 2010. Robert was General Counsel and Company Secretary at BAA until 2009 having spent 20 years in various roles within the legal department. Prior to that he had undertaken legal roles within British Steel and BT. Robert holds a LLB (Hons) from the University of Dundee, a MSC (Construction Law and Arbitration) from King's College London and is a Fellow of the Chartered Institute of Arbitrators.

Willie McGillivray, Product Development Director

Willie was appointed Product Development Director in December 2011. He has been at Gatwick since February 2006 and has performed a number of operational and development roles, most recently leading the 6 Sigma change team. Willie joined GAL from Kimberly-Clark Europe where he led the supply chain restructuring for the business to business division. Previously he worked in operations management with Coats Viyella and shipbuilding with GEC Marine. Willie has a degree in business economics and a MBA from Cranfield School of Management. Effective 1 April 2014, Willie will assume the responsibilities of the Construction Director in addition to his current role.

Michael Ibbitson, Chief Information Officer (CIO)

Michael was appointed as CIO in May 2012, responsible for the information technology program, operations and information security. Previously he was leading the IT team at Abu Dhabi Airports Company (ADAC), where he managed a centralised team to design and implement systems for the airport and its development programme. Prior to joining ADAC he also led an IT team at Mumbai International Airport, and was part of the Bechtel teams at New Doha International Airport and the Iraq reconstruction programme.

James Colman, Corporate Affairs and Sustainability Director

James joined Gatwick in April 2012 from Centrica Plc where he was Head of Communications for British Gas Business. He has a wealth of corporate communications experience, including 14 years working with blue-chip companies and organisations across the UK, Europe and globally, mainly in the FMCG, retail and energy sectors. Previously, James was with communications consultancy firm Luther Pendragon working with companies such as John Lewis Partnership and PepsiCo. Prior to that for ten years he worked for Sancroft, a leading corporate responsibility and communications consultancy.

Tina Oakley, HR Director

Tina was appointed as HR Director in September 2010. She joined from P&O Ferries where she was HR director, having previously held the same role for food manufacturer, Hovis. Prior to that, Tina gained 26 years' experience within the aviation industry while working for British Airways in a variety of operational, customer service, commercial and HR roles.

It should be noted that Stewart Wingate and Scott Stanley are employed by GIP and are seconded to GAL. There is no guarantee that any of the executive management team will remain employed by or seconded to GAL.

The Board of Directors

The Board of Directors of Gatwick Airport Limited determines the Company's long-term strategy, to ensure that the Group acts ethically and has the necessary resources to meet its objectives, to monitor performance, and to ensure the Group meets its responsibilities as a leading airport company.

The current directors and secretary of Gatwick Airport Limited are set out below:

Sir Roy McNulty (Non-executive Chairman)

Sir Roy McNulty was appointed Chairman of Gatwick Airport Limited on 1 April 2013, having first joined the Board in April 2011 as a non-executive director. Sir Roy is Deputy Chairman of the Olympic Delivery Authority and a non-executive director of Norbrook Laboratories Limited and of Monarch Group Limited.

Sir Roy was previously Chairman of the CAA, the UK's specialist aviation regulator, a post he held for eight years. Prior to this he was Executive Chairman of National Air Traffic Services Limited ("NATS") from May 1999 to July 2001. Sir Roy was appointed by the former Secretary of State in February 2010 as Chairman to lead a special Rail Value for Money Study which reported in May 2011. Other previous posts include being Chief Executive and latterly Chairman of Short Brothers plc, the Belfast-based aerospace company now part of Bombardier Inc., President of the Society of British Aerospace Companies, Chairman of the former Department of Trade and Industry Aviation Committee, and Chairman of the Ilex Urban Regeneration Company in Northern Ireland.

Stewart Wingate (Chief Executive Officer)

Nicholas Dunn (Chief Financial Officer)

See above.

Raphael Arndt (Non-executive director, Future Fund representative)

Raphael has been Head of Infrastructure and Timberland at Future Fund since 2007 with a particular focus on building and managing the Fund's investments in these areas. He joined from Hastings Funds Management where he was an Investment Director responsible for managing successful infrastructure and timberland portfolios as well as leading infrastructure and timberland transactions. Raphael also has significant asset management experience in both sectors. Previously he was Policy Director at the Australian Council for Infrastructure Development ("AusCID") and completed a Ph.D at Melbourne University which addressed "Efficient Risk Allocation in the Private Provision of Infrastructure". Raphael has advised on infrastructure and capital works projects at the Victorian Department of Treasury and Finance.

Andrew Gillespie-Smith (Non-executive director, GIP representative)

Andrew joined Global Infrastructure Partners ("GIP") in 2008 and led the M&A team for GIP in acquiring Gatwick Airport. Prior to joining GIP, Andrew was a Managing Director of the Investment Banking Department of Credit Suisse. He joined Credit Suisse in 1998 when BZW's corporate finance business was acquired by Credit Suisse. Andrew has advised clients on a broad range of corporate finance

transactions including mergers and acquisitions, debt and equity financings. These transactions spanned airports, airlines and related businesses, air traffic control, shipping, coal and power generation sectors across Australia, Europe, Asia and the Americas. Prior to joining BZW, he qualified as a corporate lawyer at the London-based law firm Herbert Smith.

James van Hoften (Non-executive director)

James is a former senior vice president and partner of the Bechtel Corporation. He was Managing Director of the global airport design and construction business and was responsible for airport developments in the Middle East, Japan, and North and South America. In the early 1990s, he was the programme manager of the US\$23 billion Hong Kong Airport Core Programme including the new Hong Kong Airport. Previously, James spent eight years as a NASA astronaut including two flights on the space shuttle and four space walks. James was a director of FlexLNG in London and is on the Board of Trustees of the University of California, Berkeley.

Andrew Jurenko (Non-executive director)

Andrew advised the consortium on the Gatwick acquisition and is a consultant to a number of property businesses. He was previously employed by BAA plc and was a member of BAA plc's executive committee, as Managing Director of BAA International, where he led the acquisition of Budapest Airport. Andrew's international experience also includes serving as CEO of Australia Pacific Airports Corporation Limited ("APAC"), as interim CEO of Melbourne Airport following its successful acquisition and as Managing Director of BAA Pacific Ltd in Hong Kong.

In the UK Andrew, was also Managing Director of BAA's World Duty Free direct retailing arm, co-chairman of BAA's non-airport retail joint venture, McArthur Glen, and Managing Director and then Chairman of the commercial property company, BAA Lynton.

Michael McGhee (Non-executive director, GIP representative)

Michael is a transport partner of GIP and is based in London. He was a Managing Director of the Investment Banking Department of Credit Suisse and Head of the Global Transportation and Logistics Group since 1998. Previously he was head of BZW's Global Transportation Group, since founding it in July 1990, and has advised governments on several privatisations in the transport sector globally.

David McMillan (Non-executive director)

David was appointed to the Board as a non-executive director on 1 April 2013. David is Chair of the Board of Governors of the Flight Safety Foundation. He was Director General of Eurocontrol, which co-ordinates air traffic across 40 European states, from 2008 to 2012. Before that he was UK Director General of Civil Aviation and spoke for Europe on environmental issues at the International Civil Aviation Organisation ("ICAO"). Earlier in his career, he led for Government on the establishment of the NATS PPP and was Secretary to the RUCATSE study on airport capacity in South East England.

David started his career in the Diplomatic Service and is a fellow of both the Chartered Institute of Transport and the Royal Aeronautical Society.

William Woodburn (Non-executive director, GIP representative)

William is an operating partner of GIP and is based in New York City and Stamford, Connecticut. Before joining GIP, he was the president and CEO of GE Infrastructure and previously president and CEO of GE Specialty Materials. Prior to this, William was executive vice president and a member of the Office of the CEO at GE Capital, with oversight responsibilities for GE Capital Equipment Management businesses, including Americom, Fleet Service, Rail Services, TIP & Modular Space and Penske Truck Leasing. He

served on the GE Capital Board in 2000 and 2001 and oversaw GE Capital India, GE Capital Global Sourcing, GE Capital Container Finance and GE SeaCo JV.

John McCarthy (Non-executive director, ADIA representative)

John McCarthy is Global Head of Infrastructure at Abu Dhabi Investment Authority. He is responsible for developing and implementing investment strategy for the infrastructure division and for overseeing all day-to-day activities within the infrastructure team. This includes managing ADIA's existing investment portfolio, as well as new transactions.

With over 20 years' experience in this sector, John joined ADIA from Deutsche Bank where he was Managing Director and Global Head of Infrastructure. Prior to that he worked at ABN AMRO and BXW in Australia. He holds a post graduate degree in finance and a BA in economics from Monash University, Melbourne.

FINANCIAL INFORMATION AND RESULTS OF OPERATIONS

The audited financial statements of GAL for the last two financial years, together with the unaudited interim financial statements for the six months ended 30 September 2013 and 30 September 2012, are incorporated by reference into this Prospectus. The commentary in this section should be read in conjunction with those financial statements.

Average load factor (%)	85.6	84.3	82.6	81.2

For the 12 months ended 31 March 2013

In the year ended 31 March 2013, a total of 34.2 million (2012: 33.8 million) passengers travelled through Gatwick; an increase of 0.4 million passengers or 1.2%.

Growth was achieved through incumbent airlines such as easyJet, British Airways and Norwegian Air Shuttle increasing frequencies and load factors on existing routes. Year-on-year growth was also contributed to by new airlines operating out of Gatwick, including Air China, WOW Air, Vueling and Gambia Bird, and new routes being launched, notably, easyJet flying to Moscow, Norwegian Air Shuttle opening the first of 12 new routes, and British Airways increasing its services to Europe and the Caribbean.

The European market continues to be Gatwick's largest market and grew by 1.1% (0.3 million passengers) during the year, the majority (73.9%) of which was generated by non-domestic short haul routes (up 1.0%, 0.2 million passengers), in particular Nice (up 59.8%, 0.2 million passengers) and Barcelona (up 33.2%, 0.2 million passengers).

The table below outlines passenger numbers by region for the year ended 31 March 2013 and the comparative year ended 31 March 2012.

	12 months ended 31 March 2013	12 months ended 31 March 2012
Europe	27,937,188	27,625,022
North America	2,154,479	2,203,543
Caribbean and Latin America	1,587,871	1,721,680
Northern and Sub-Saharan Africa	1,572,970	1,330,463
Middle East and Central Asia	688,907	710,541
Far East and South Asia	299,865	227,378
Total	34,241,280	33,818,627

Short haul routes contributed 97% of the growth, of which domestic routes contributed 19.9%. The long haul market showed a year-on-year decline (down 1.4%, 0.1 million passengers). The drop in passengers within the long haul market was contributed to by Delta Airlines ceasing to operate its London to Atlanta service at the beginning of this year (0.1 million passengers) and Thomas Cook ceasing to operate to Vancouver (0.1 million passengers) (but this route was taken over by Air Transat, partially offsetting the loss in passenger). In addition, new long haul airlines such as Air China, Korean Air, and Caribbean Airlines contributed 0.1 million additional passengers in the current year.

Reflecting the real competition in the market, some airlines reduced services or ceased to operate at Gatwick: Ryanair withdrew all non-Irish routes, Korean Air consolidated into Heathrow its winter services to London, Adria Airways relocated to Luton and more recently Air Moldova moved operations to Stansted.

Total air transport movements ("ATMs") were down 1.6% (or 3.8k) compared to the prior year. The impact of the reduction in ATMs was minimised by an increase in aircraft capacity, up 1.1% from 172 seats per ATM on average in 2012 to 174 seats in 2013. This increase has resulted from a growing trend towards larger aircraft being used by airlines operating at Gatwick; the number of A320s operating at Gatwick increased by 29.3% supporting the growth in short haul market noted above. Gatwick saw record passenger load factors up 1.4% points in 2013 (82.6%) compared to 2012 (81.2%). Passenger load factors showed improvements on average of 1.5% points with the exception of July and early August which were adversely affected as UK based travellers stayed in the country during the Olympic Games. However, late August and early September achieved year-on-year increases as passengers booked post-Olympic holidays. Also August 2012 had the second highest load factor on record (88.1%).

The London 2012 Olympics and Paralympics were a great for success for London and for Gatwick. The Airport handled over 300 dedicated London 2012 flights and provided a warm welcome to over 1,100 accredited Olympic passengers, including approximately 700 athletes and team officials from 58 countries covering 43 sporting events.

Gatwick continued to work hard to be operationally ready to minimise the potential impact of winter weather disruption on flights. An £8 million investment in prior years has delivered snow clearing capacity that is now on a par with Oslo airport. The preparation and deployment of equipment and staff meant that Gatwick remained operational in comparison to other airports which were severely impacted by the adverse weather in January to March 2013.

For the six months ended 30 September 2013

During the six months ended 30 September 2013 a total of 20.8 million passengers travelled through Gatwick Airport ("Gatwick") ("the Airport"), an increase of 0.9 million or 4.4%.

Passenger numbers for the six months ended 30 September 2013 have been in line with expectations. There was a 2.7% increase in Air Transport Movements compared to the same period in the prior year which resulted in an increase in passengers of 0.5 million, equating to 55% of passenger growth. The remaining growth was achieved through an increase in load factors.

Passenger numbers in July and early August of the prior period were adversely affected as UK based travellers stayed in the country during the Olympic Games. This resulted in passenger growth in the comparable months of the current period of 0.2 million passengers relative to the prior period.

A number of carriers have increased frequencies on existing routes whilst others have expanded their route profile at Gatwick contributing to the increase in ATMs. The European region showed the largest growth, up 6.5% or 1.0 million passengers compared to the prior period. In particular, Spanish routes showed the strongest growth for the six months ended 30 September 2013, up 14.2% or 0.5 million passengers period-on-period.

Growth amongst long haul carriers servicing leisure destinations, such as the Caribbean and Africa, was complemented by growth in business routes such as Moscow, Dubai, and China, leading to an increase of 0.2 million passengers. However, during the six months ended 30 September 2013, a number of airlines also ceased to operate from Gatwick which dampened overall passenger growth by 0.3 million.

In May 2013, easyJet plc completed an agreement with Flybe Group plc to acquire 25 pairs of arrival and departure slots at Gatwick for a total consideration of £20 million. The slots will transfer from April 2014 and will allow easyJet to provide additional frequencies on popular existing routes from Gatwick as well as add new destinations across the UK and Europe. In October 2013, easyJet announced the introduction of four new routes from Gatwick beginning next summer serving new destinations, including Paris and Newcastle.

Norwegian Air Shuttle continued to increase its presence at Gatwick. From July 2014, it will launch direct services from Gatwick to New York (JFK), Los Angeles (LAX) and Fort Lauderdale. The good-value Norwegian can offer on these key routes, both for economy and premium economy travellers, also shows once again that competition is the key to giving air passengers more choice and better value.

Independent data shows that North America will remain a key market for business travel long into the future, second only to Europe. This highlights the importance of these new US routes to the UK economy, alongside the recent connections Gatwick has gained to fast growing markets such as Vietnam, Russia, Turkey and from next year Indonesia.

Total turnover	360.6	325.8	538.9	517.4

For the 12 months ended 31 March 2013

In the year to 31 March 2013, Gatwick's turnover increased as a result of the traffic upsides discussed above, impacting aeronautical, retail and car parking income.

For the six months ended 30 September 2013

The increase in turnover for the six months ended 30 September 2013 was largely the result of period-on-period traffic growth discussed in passenger traffic trends above and the increased aeronautical yield as discussed below. Growth in passenger traffic affects aeronautical, retail and car parking income.

Aeronautical income

Aeronautical income is driven by both passenger traffic and the level of airport charges. Airport charges are determined by reference to the CAA's regulatory formula which sets the opening aeronautical yield (aeronautical income per passenger) and the maximum growth in the aeronautical yield for Gatwick for Q5 at RPI+2% for the five years to 31 March 2013 and at RPI-0.5% for the year ending 31 March 2014.

For the 12 months ended 31 March 2013

The allowable aeronautical yield increased by 0.1% to £8.065 for year ending 31 March 2013 (year ending 31 March 2012: £8.060). The allowable aeronautical yield reflected a one-off adjustment, equivalent to £15.6 million in aeronautical revenue, to reflect trigger payments associated with two capital projects that GAL chose not to complete during Q5+1. As detailed in the regulatory section above, it was agreed with the airlines operating at Gatwick that these triggers would be removed for the year ending 31 March 2014 and replaced by alternative capital project triggers and for the allowable aeronautical yield to be RPI-0.5% in the extension year of Q5. The actual aeronautical yield for the year increased by 2.5% to £8.249 (2012: £8.044). This represents an over-recovery in regulated charges of £6.3 million (2012: £0.5 million) of which £4.2 million was attributable to lower than expected remote stand rebates. The over-recovery will result in a downward adjustment to the allowable aeronautical yield in the year ending 31 March 2015.

Total aeronautical income increased 3.8% year on year due to the 2.5% increase in actual aeronautical yield and the 1.2% increase in passengers.

For the six months ended 30 September 2013

Aeronautical income is driven by the number of passengers, ATMs and airport charges. In the six months ended 30 September 2013, aeronautical income increased by 11.6% or £21.5 million to £206.9 million, of which £204.5 million is regulated income. This was mainly due to a 4.7% or 0.4 million increase in departing international passengers during the six months ended 30 September 2013 compared to the prior year and an increase the allowable aeronautical yield over the same period.

As noted above, the current price control constrains the growth in aeronautical revenue yield per passenger to no more than RPI-0.5% for the year to 31 March 2014. The structure of airport charges is set annually by the Airport within the overall regulatory constraints relating to aeronautical yield.

The regulated allowable aeronautical yield increased by 9.1% to £8.797 for the year ending 31 March 2014 (year ending 31 March 2013: £8.065). The allowable aeronautical yield in the year ended 31 March 2013 reflected a one-off adjustment, equivalent to £15.6 million in aeronautical revenue, to reflect trigger payments associated with two capital projects that GAL chose not to complete during Q5. It was agreed with the airlines operating at Gatwick that these triggers would be removed for the year ending 31 March 2014 and replaced by alternative capital project triggers.

The actual aeronautical yield for the six months ended 30 September 2013 was £9.831 (six months ended 30 September 2012: £9.147). Any over or under recovery that arises for the 12 months ending 31 March 2014 will be an adjustment to the allowable yield in the year ending 31 March 2016.

Whilst the actual aeronautical yield for the six months ended 30 September 2013 is tracking above the maximum allowable yield, as a result of zero winter landing and take-off charges, the actual aeronautical yield for 2013/14 is expected to be in line with £8.797.

Retail income

Net retail income per passenger is calculated as follows:

	Six months ended 30 September 2013 (unaudited)	Six months ended 30 September 2012 (unaudited)	12 months ended 31 March 2013 (audited)	12 months ended 31 March 2012 (audited)

Passengers (m)	20.8	19.9	34.2	33.8
Net retail income per passenger	£3.55	£3.48	£3.57	£3.54

For the 12 months ended 31 March 2013

Net retail income per passenger increased by £0.03 year-on-year to £3.57 (2012: £3.54) with the key contributory factors explained below.

The last year has seen much progress in the development of retail in both terminals. In the South Terminal the largest World of Duty Free Group store in Europe was opened in July 2012. This, coupled with strong performance from the North Terminal Duty Free stores, has resulted in strong growth compared to prior year and increased retail income per passenger.

The Specialist Shop category was adversely impacted throughout the year by ongoing Capital Investment Programme works in the South Terminal, and by modernisations in the North Terminal.

New shops are due to open in two phases (July and December 2013) to complete the current retail development project in the South Terminal. This will deliver an increased selection of stores for passengers and will provide the opportunity for further growth in this category. A new Harrods department store is also due to open in the South Terminal in July 2013.

In Catering the introduction of Jamie Oliver's Italian, Yo! Sushi, Starbucks and Pret-a-Manger in the North Terminal has led to a rise in income per passenger, whilst also transforming the mix of brands and passenger experience.

In the Bureau de Change sector, GAL has signed a new pan Airport agreement with Moneycorp as the single operator, and Gatwick looks forward to working in partnership with their team to improve penetration and deliver a better service proposition for the passenger.

Growth has also been achieved in the advertising sector, and GAL has broadened the mix of clients advertising at Gatwick as well as taking the opportunity to grow revenues from existing brands.

For the six months ended 30 September 2013

In the six months ended 30 September 2013, net retail income increased by 6.8% period-on-period to £3.55 per passenger.

Duty and tax free income increased by 8.4% primarily due to the increase in passenger numbers and the World Duty Free Group store in the South Terminal, which opened in July 2012 and operated for the entire six months of the current period.

The Specialist Shop category was adversely impacted throughout the year by on-going Capital Investment Programme works in the South Terminal, and by modernisations in the North Terminal. In August 2013, the second phase of the redevelopment of the South Terminal International Departure Lounge was completed, adding new premium brand outlets and increased retail space for existing operators.

The increase in Catering income was largely in line with passenger growth with spend per passenger remaining largely flat due to the on-going construction program.

In the Bureau de Change sector, GAL signed a new pan Airport agreement with Moneycorp as the single operator from 1 April 2013. The increase in income is as a result of working in partnership with their team to improve penetration and deliver a better service proposition for the passenger.

Car parking income

Net car parking income per passenger is calculated as follows:

	Six months ended 30 September 2013 (unaudited)	Six months ended 30 September 2012 (unaudited)	12 months ended 31 March 2013 (audited)	12 months ended 31 March 2012 (audited)

Net car parking income	30.5	25.2	41.6	40.5
Passengers (m)	20.8	19.9	34.2	33.8
Net car parking income per passenger	£1.47	£1.27	£1.22	£1.20

For the 12 months ended 31 March 2013

Net car parking income per passenger increased by £0.02 in the year ended 31 March 2013. This was driven by increased sales in the valet parking offering due to the expansion of capacity. The impact of a new website and online marketing contributed to an increase in direct sales, but the costs associated with such development led to an increase in car parking expenditure. Competitive pressures in the market place remain challenging and there has been an adverse shift (from a car parking perspective) in the mix of passengers.

For the six months ended 30 September 2013

In the six months ended 30 September 2013 net car parking income increased by 21.0% period-on-period as a result of leveraging increased valet capacity and successful yield-management over the peak season. Transactions made via third party consolidators and park-and-stay operators (hotel stay and car park packages) have also increased over the period.

OTHER INCOME CATEGORIES

For the 12 months ended 31 March 2013

Other income categories (i.e. excluding aeronautical, retail or car parking) increased by £3.8 million to £71.8 million in 2013 (2012: £68.0 million). Persons with Reduced Mobility (PRM) income increased by £2.5 million largely due to a change in the pricing structure, although offset by a comparative increase in the cost of delivering this service. Operational facilities and utilities income increased by £1.4 million, largely due to a change in the pricing structure of check-in and baggage recharges and utilities income. Property income decreased by £0.1 million to £25.7 million in 2013 (2012: £25.8 million), due largely to a reduction in office space following removal of an office block that is being redeveloped as a hotel in the South Terminal.

For the six months ended 30 September 2013

For the six months ended 30 September 2013, income from other areas increased by 6.5% to £39.6 million (six months ended 30 September 2012: £37.2 million). The increase was driven largely by increased operational facilities income as a result of passenger growth and increased ATMs. Property income is forecast to increase in the next 12 months as the capital development programme delivers properties back to a rentable status.

Operating costs – ordinary

General expenses	25.5	26.2	52.2	48.2
Total operating costs – ordinary	216.0	214.8	422.5	401.2

For the 12 months ended 31 March 2013

Staff costs increased £8.6 million or 6.1% for the year ended 31 March 2013, reflecting the 4.8% annual pay increase awarded to staff and increased pension costs due to financial market movements. The increase in staff costs associated with the capital expenditure programme is offset by the subsequent capitalisation of these costs, which appears as part of general expenses. Overall, total staff costs capitalised were £22.1 million in 2013 (2012: £20.9 million).

Average full-time equivalent (FTE) employee numbers decreased from 2,409 in 2012 to 2,371 in 2013. Average operational FTE employees rose from 2,046 to 2,070 during the year, and non-

operational FTE employees decreased from 363 to 301. The financial impact of the reduction in non-operational employees is offset by the higher cost of operational staff due to the increase in pay as part of the agreed pay deal and the increase in staff undertaking work on the capital expenditure programme.

Maintenance and information technology (IT) expenditure has increased largely due to a rephasing of planned maintenance between 2012 and 2013. There was also an additional £0.6 million incurred in respect of de-icing stocks to facilitate the Airport remaining operational during the adverse weather conditions in early 2013.

Utility costs have decreased following the ending of a fixed price agreement entered into while the Airport was owned by BAA combined with decreases in both the volume and unit cost of utilities consumed. These decreases have been offset by upgrades to the distribution network at the Airport, which is owned by a third party, but whose costs are contributed to by Gatwick.

Rent and rates are higher due to the increase in the rateable value of Gatwick's premises following the reintroduction of properties to rateable status on completion of capital developments.

A significant factor in the increase of general expenses was the increase in the Aerodrome Navigation Service costs (i.e. NATS) which were reduced in the prior year due to rebate for an unused project fund. There were no Transfer of Services Agreement (TSA) costs incurred during the year due to the ending of the agreement (2012: £2.4 million).

Other than the NATS charge noted above, the significant driving factor in the increase in general expenses is the increase in professional consultants costs in relation to both the January 2013 Business Plan and the Davies Commission.

The depreciation charge increased as a result of significant fixed asset additions in the current and prior years as the Q5 capital investment programme continued.

For the six months ended 30 September 2013

Staff costs increased £8.2 million or 11.1% period-on-period primarily due to a 2% increase in average salaries and increase in the number of FTE employees in the current period. Average FTE numbers increased to 2,491 for the six months ended 30 September 2013 from 2,426 for the corresponding prior period, reflecting increased requirements in operational areas and the insourcing of contractors to support the capital investment program. Pension costs increased by £1.7m as a result of market based conditions and the impact of auto enrolment. Staff costs attributable to the capital expenditure programme are offset by the subsequent capitalisation of these costs, which appears as part of general expenses. Overall, total staff capitalisation was £12.6 million in the six months ended 30 September 2013 (six months ended 30 September 2012: £11.4 million).

OPERATING PROFIT BEFORE EXCEPTIONAL ITEMS

For the 12 months ended 31 March 2013

Operating profit increased by £0.2 million to £116.4 million in 2013 (2012: £116.2 million). The increase in turnover is largely down to the 1.2% increase in passengers and the increase in the 0.1% allowable aeronautical yield. While operating costs increased due to increases in staff costs, depreciation and maintenance expenditure, they were offset by the reduction in utilities charges and staff costs capitalised.

For the six months ended 30 September 2013

Operating profit increased by £30.0 million to £141.0 million in the six months to 30 September 2013 (six months ended 30 September 2012: £111.0 million).

In the six month period ended 30 September 2013 GAL impaired tangible fixed assets by £3.6 million because it was deemed that certain projects had changed scope significantly, and the costs associated with them should not be carried forward to completion. No such costs were incurred in the six month period ended 30 September 2012 or the year ended 31 March 2013.

The key strategic objective for Gatwick is to become London’s airport of choice. A key enabler in delivering this objective is continued focus on transforming the experience of passengers and airlines using the Airport through both investment in modern infrastructure and improving service standards. This will ensure customers enjoy a superior airport experience relative to competitors, encouraging greater utilisation of Gatwick and supporting its long-term growth ambitions.

GAL spent £226.7 million (2012: £239.2m) on Gatwick’s Capital Investment Plan during the year ended 31 March 2013, the fifth year of Q5. This brings total capital expenditure for Q5-to-date to £983.5 million (2012: £756.8 million).

During the financial year, GAL consulted with the airlines operating at Gatwick on a capital expenditure programme of approximately £210 million following the one year extension to Q5 (i.e. 2013/2014), which will bring the total capital expenditure for Q5 to £1,172 million by the end of the quinquennium.

The following significant projects that continue to transform the passenger experience, increase airport capacity, enhance airline performance and upgrade technology at Gatwick were completed during the financial year:

- Improvements to the South and North Terminal departure lounge projects opened in September 2012. The delivery has improved retail and catering provisions in the North Terminal and improved the layout and circulation in the South Terminal.
- Improvement and resurfacing of the main runway and taxiway links, including improvements to lighting and drainage, began in March 2012 and was completed in November 2012.
- The rehabilitation of the northern sections of the runway was also finalised in August 2012. The rehabilitation assures on-going delivery of service for Gatwick's primary asset, thereby enabling airlines to provide consistent levels of service for passengers.
- Additional security lanes were added within the North Terminal central search area to lower passenger queuing times particularly during peak periods.
- New baggage systems in the North and South Terminals were completed during the year. The upgrade supports the North Terminal extension providing infrastructure in line with future passenger, fleet mix and growth forecasts.
- In addition to the development of the terminals, the Airport completed a number of projects in relation to flood alleviation and water management.

GAL has around 150 live projects that will continue to replace and upgrade worn infrastructure, enhance passenger experience, provide a platform for growth, and meet compliance requirements. A number of significant projects that will improve the financial and operational performance of Gatwick, through enhancing our competitive position, commenced or continued during the year:

- In October 2012 the contract to oversee the demolition and reconstruction of Pier 1 (the Airport's second oldest passenger facility) was awarded. The innovative design solution will include an automated baggage storage facility, providing airlines and passengers with greater check-in and baggage processing capacity and flexibility, including enhanced early check in options, as well as modern gate rooms and segregated departures and arrivals routes.
- To support the delivery of a pier service level target of 95% for the North Terminal and to meet future growth in passenger numbers, a project reconfiguring aircraft stands and gate rooms in Pier 5 commenced. Lifts, escalators and stairs will be provided for passengers to access each gate room, which are also being refurbished. The project will create a new and faster route for passengers from the departure lounge to the gate rooms and brings in new design concepts to support our ambition to be London's airport of choice.
- The second phase of the refurbishment of the South Terminal departure lounge will deliver new and improved retail offers, an enhanced departure lounge environment and improved vertical circulation.

GAL's January 2013 Business Plan details the service proposition that the Airport is seeking to deliver for beyond Q5. This is designed to enable Gatwick to compete directly and effectively with other London airports for long haul business, as well as continue to grow the existing short haul European network to enhance London's international connectivity. The Business Plan provides a programme approach which is designed to group projects effectively to drive greater efficiency in delivery of the Capital Investment Plan.

The Business Plan supports our service proposition and has been developed with supporting evidence from passenger, airline and competitor research. This focuses on placing the passenger at the centre of the airport experience and is designed to target key segments which include: PRMs business and premium passengers; and families; as well as our offering to core passengers.

The formal constructive engagement process with the airline community began in April 2012, with detailed review of the service proposition and the supporting Capital Investment Plan, and continued throughout the financial year.

Following this process, a Revised Business Plan was published including submission to the CAA. During the financial year, the competitive landscape of the London airports changed, with all major airports serving London now in different ownership. Recognising this new landscape, our Business Plan offered an alternative to the current five year regulatory cycle which we believe will be more responsive to the evolving nature of passenger and airline needs.

A new Master Plan was developed that outlines GAL's long term ambition for growth and development for Gatwick to 2020. The consultation process on the draft Master Plan, with the airlines operating at Gatwick and wider stakeholders, began in October 2011 and was completed in January 2012. The final Master Plan, including feedback from this consultation, was published in July 2012.

GAL is fully engaged with the Independent Airports Commission, chaired by Sir Howard Davies. The Commission is examining the role of aviation connectivity in supporting economic growth by facilitating trade, investment and innovation and it is looking at short, medium and long term options for measuring and improving the UK's connectivity. Central to maintaining and growing the UK's aviation connectivity will be additional runway capacity in the South East. GAL believes that Gatwick can offer an effective and deliverable solution for this important national debate.

GAL recognises that failure to control key capital project costs and delivery could damage its financial standing and reputation. GAL mitigates this risk through adherence to a rigorous project process and by systems of project reviews before approval, during construction and after project completion.

In previous years, GAL has retained the services of the Bechtel Corporation, a global external engineering, construction and project management firm, to support GAL in the delivery and risk management of its Capital Investment Plan. However, in the current year GAL began the process of transitioning these processes to an in-house delivery model.

As a result of Gatwick's policy of continuous improvement in its management of the Capital Investment Plan, GAL was awarded ISO 9001 quality assurance certification in September 2012. During the year an independent audit, which assessed how effectively GAL uses this process, resulted in a rating that was "exceptionally high", significantly outperforming the overall average and transport sector average of a database of over 200 global companies.

For the six months ended 30 September 2013

The following significant projects that continue to transform the passenger experience, increase airport capacity, enhance airline performance and upgrade technology at Gatwick were completed during the period:

- The second phase of refurbishment of the South Terminal departure lounge completed in August 2013. The project delivered new and improved retail offerings to passengers through the addition of brand new retailers including premium brands like Ernest Jones and Aspinall of London, and expanded retail space for incumbent retailers such as Harrods. The project has also provided an enhanced departure lounge environment and improved vertical circulation.
- A new domestic arrivals facility for the South Terminal including a coach drop off point and a new walking route for domestic passengers arriving at the South Terminal completed during the period. The facility supports the delivery of the overall South Terminal programme including the new Pier 1 and the South Terminal departure lounge.
- Improvements to the North Terminal departure lounge project were delivered during the period. The delivery has improved the food, beverage and retail offerings within the existing footprint of the departure lounge to provide increased capacity and improved service to passengers.
- The reconfiguration of stand 110 to accommodate A380 aircraft completed in April 2013. The new stand is a symbol of the major changes that have happened at Gatwick under new ownership. The fact that the Airport can now offer current and future airlines a pier-served facility for A380 aircraft demonstrates the scale of ambition for the future of Gatwick.

There are a number of significant live projects that will continue to replace and upgrade infrastructure, enhance passenger experience, provide a platform for growth for the Airport and its airlines, and meet compliance requirements. Amongst these significant projects that commenced or continued during the period are:

- In October 2012 the main contract relating to the demolition and reconstruction of Pier 1 (the Airport's second oldest passenger facility) was awarded. The innovative design solution will include an automated baggage storage facility, providing airlines and passengers with greater check-in and baggage processing capacity and flexibility, including enhanced early check in options, as well as modern gate rooms and segregated departures and arrivals routes. Demolition of the existing Pier 1 commenced in April 2013 and is on target for completion by early 2014. The new Pier 1 will be in operation in late 2015.
- To support the delivery of a pier service level target of 95% for the North Terminal and to meet future growth in passenger numbers, a project reconfiguring aircraft stands and gate rooms in Pier 5 continued during the first six months of the current financial year. Lifts, escalators and stairs will be provided for passengers to access each gate room, which are also being refurbished. The project will create a new and faster route for passengers from the departure lounge to the gate rooms and brings in new design concepts to support our ambition to be London's airport of choice.

- The final phase of the refurbishment of the South Terminal departure lounge which will deliver a further eight new and improved retail offers, and complement the already enhanced departure lounge environment and improved vertical circulation.
- The extension and refurbishment of Atlantic House to accommodate improved crew reporting facilities and airline operational processes. The project will support airlines' ability to deliver on time performance and thereby strengthen Gatwick's competitive position.

Gatwick's January 2013 Business Plan and subsequent related submissions to the CAA detail the service proposition that the Airport is seeking to deliver for beyond Q5 (the fifth regulatory "quinquennium"). This is designed to enable Gatwick to compete directly and effectively with other London airports for long haul business, as well as continue to grow the existing short haul European network to enhance London's international connectivity. The Business Plan provides a programme approach which is designed to group projects effectively to drive greater efficiency in delivery of the Capital Investment Programme.

The Regulatory Asset Base ("RAB") of GAL is provided to the CAA and published as at 31 March each year in Gatwick's regulatory accounts. The RAB is rolled forward between each date according to a formula set out by the CAA. The RAB was £2,391.6 million as at 31 March 2013, and has increased by a further £61.5 million to £2,453.1 million as at 30 September 2013 (30 September 2012: £2,297.2 million). This increase has been driven by the capital expenditure programme for Q5, with total capital expenditure of £1,088.4 million in the first five and a half years of the six year programme (including car parks acquired from Ivy Subco Limited). The total capital expenditure programme for Q5 is planned to be £1,172.0 million (excluding car parks acquired from Ivy Subco Limited).

From 1 April 2014, the requirement for GAL to prepare and publish separate regulatory accounts containing a RAB figure will cease to apply. See "*Airport Regulation*" below.

AIRPORT REGULATION

OVERVIEW

The principal elements of the current regulatory framework for airports in the UK derive from the Airports Act 1986, the economic regulation elements of which have been replaced by the Civil Aviation Act 2012 (the **CA Act 2012**). The CAA, as the economic regulator for UK airports, was required to set price controls for airport charges at Gatwick, as it was "designated" under the Economic Regulation of Airports (Designation) Order 1986. The other designated airports in the UK were Heathrow and Stansted. The Airport Charges Regulations 2011 (the **2011 Regulations**), which came into force on 10 November 2011, added the requirement that in order to be designated for price regulation the CAA must determine that an airport has "substantial market power" under the Market Power Test. This requirement has been overtaken by the similar but more elaborated market power determination provisions in the CA Act 2012, where the meaning of market power has been explicitly correlated to the competition law concept of dominance.

From 6 April 2013, Gatwick, Heathrow and Stansted were each "deemed" to have passed the Market Power Test under the CA Act 2012. This allowed for the regulation of these airports under the Q5 determination to continue beyond the standard five year regulatory period until 31 March 2014 so that these airports could continue to levy airport charges while the transition to the new regulatory regime under the CA Act 2012 took place.

The Policy Paper accompanying the introduction of the CA Act 2012 stated that one of the central features of the revised regulatory framework will be to ensure that regulation assists in enhancing the passenger experience. This is entirely in line with GAL's strategy and is fully supported by management.

This section describes:

- the functions of the CAA, including the economic regulatory framework under the Airports Act 1986, in particular the structure of the price cap that currently applies to GAL, including the key elements of the CAA's Q5 decision for the period 1 April 2008 to 31 March 2013 and its decision to extend that period to 31 March 2014;
- the development of the economic regulatory framework under the CA Act 2012, which has replaced the economic regulation provisions in the Airport Act and has modernised the economic regulation of airports by: (i) providing for new duties of the CAA, including a general duty for the CAA to further the interests of users of air transport services in a manner that will promote competition in the provision of airport operation services and, in doing so, to have regard to the need to secure that a licence holder can finance its provision of such services; (ii) providing a statutory footing for existing financing arrangements at licensed airports; and (iii) introducing a licensing regime with provision for a more flexible approach in the regulation of airports, more appropriate to competitive and market positions of each airport;
- the main provisions of the CAA's licence for Gatwick;
- other relevant regulatory factors; and
- changes to the basis on which GAL will calculate its financial ratios under the Finance Documents as a result of adopting Transfer RAB due to the revised regulatory regime introduced by the CA Act 2012 and GAL's licence.

DESCRIPTION OF THE FUNCTIONS OF THE CAA

The CAA is the independent aviation regulator in the UK, with responsibility for economic regulation, airspace policy, safety regulation and consumer protection. The functions of the CAA include:

- the regulation of airlines, and the economic regulation of airports and National Air Traffic Services;
- setting price controls for airports deemed, or found, to have passed the Market Power Test;
- issuing aerodrome licences to airports and ensuring that the holders of an aerodrome licence are competent and suitable persons to hold such a licence;
- investigating possible breaches of airspace rules and regulations under the Air Navigation Order and the Rules of the Air Regulations 2007;
- monitoring safety performance of the aviation system through the SRG; and
- managing the UK's principal travel protection scheme (the ATOL scheme), licensing UK airlines and managing consumer issues.

The CAA is also required to apply the provisions of the 2011 Regulations, which implement the Airport Charges Directive in the UK and came into force on 10 November 2011. The purpose of the Directive is to require transparency, user-consultation and the application of the principle of non-discrimination by airports when calculating charges levied on users. It also requires there to be an independent national authority to arbitrate and settle disputes. The CAA is the relevant independent authority in the UK.

The 2011 Regulations apply only to airports located in the UK that have more than 5 million passenger movements per year. Gatwick is therefore one of the airports to which the 2011 Regulations apply. However, the existing form of economic regulation to which Gatwick is subject already contains many of the features of the 2011 Regulations, including:

- a non-discriminatory charging system;
- a consultation process between airport operators and airport users with respect to the level of airport charges (or constructive engagement – see also below); and
- service quality standards.

The 2011 Regulations enhance the level of information which airport users and airport operators are required to provide to each other. Airport users must provide annual traffic and fleet composition forecasts, development projects and requirements from the airport. In turn, operators must consult annually with airport users on future charges, service quality levels and the information on which the charges level has been based. The 2011 Regulations provide for penalties for non-compliance with these provisions.

ECONOMIC REGULATION UNDER THE AIRPORTS ACT 1986

Overview

Under the Airports Act 1986, the CAA was required to set a price cap for the maximum level of airport charges for five-year periods, known as quinquennia. As with many other UK regulated utilities, airport price caps have been set on a RPI+/-X basis, based on an allowed return on the RAB. Changes in costs and revenues and changes in assumed traffic volumes are taken into account when tariffs are reset for the following regulatory period. However, there is no retrospective adjustment for shortfalls in lost income or additional costs (except where airports incur additional security costs in implementing new security requirements imposed by the EU or the UK Government).

On 1 April 2011, under section 40(7) of the Airports Act 1986, the CAA extended the Q5 price control period (which began on 1 April 2008) for an additional twelve months to 31 March 2014.

The Q5 Price Cap

The CAA has used a "single till" approach in setting the price caps. The single till takes into account revenue and costs from both aeronautical and non-aeronautical activities when setting the price caps.

In setting the price cap the CAA determines the regulated revenue requirement, which is calculated as the sum of forecast operating expenditure, less other revenue, plus the required return (using a cost of capital determined by the CAA) on the forecast RAB (taking into account forecast capital expenditure), plus regulatory depreciation. The resulting regulated revenue requirement is the total allowed income from airport charges.

The regulated revenue requirement is divided by forecast passenger numbers which, subject to a price profiling adjustment to smooth charges across the five years of a regulatory period, establishes the price cap expressed as a maximum allowable yield per passenger (the **Allowable Yield**).

When setting the price cap the CAA will take a view, and make assumptions, on the scope for future efficiency savings, the appropriate level of capital expenditure and the likely rate of growth in demand for airport services.

While the price cap places a limit on the airport charges, it is left to GAL's discretion whether or not to price to the maximum permitted level or to price below the cap. For example, if there is unused airport capacity, GAL may choose to set prices below the cap in order to stimulate demand.

The CAA's decision in respect of Gatwick for Q5 was published on 11 March 2008. The key elements of the CAA's decision include:

- an increase in Allowable Yield of RPI + 2.0% for each regulatory year during Q5;
- "single till" approach and continuity with current price control in terms of recognising commercial revenues and costs of the regulated airport, the definition of airport charges and the principal design of the price cap; and
- WACC, or weighted average cost of capital, which is the CAA's assessment, using a notional capital structure, of the appropriate allowed blended cost of debt and return on equity to satisfy the requirements of capital providers over the quinquennium, of 6.5% pre-tax real for Gatwick.

There is also a service quality rebate scheme at Gatwick, introduced by the CAA in July 2003 in order to improve service standards at the airport, which sets defined service standards for a range of passenger facilities, such as piers, lifts, escalators and moving walkways, as well as for airfield congestion and security queuing times. To the extent GAL does not meet the defined standards, it is required to provide rebates to airlines on the per-passenger charges, which in Q5 could amount to up to 7% of airport charges. These rebates are payable the month after the failure to meet the service standard. For Gatwick, the scheme includes a bonus element whereby the airport is permitted to levy up to 2.24% higher airport charges to the extent they exceed certain of the service quality standards. These bonuses are collected through an adjustment to the Allowable Yield two years after the year in which the service standard has been exceeded.

GAL currently recovers the Allowable Yield through three types of airport fees and traffic charges:

- Fees per passenger are levied in respect of all departing passengers other than those who do not change aircraft and crew members working on the flight. The fees are charged net of remote stand and pier coaching rebates. There are three different charges for departing passengers, depending on route area: domestic, Republic of Ireland and international;
- Landing and take-off charges are levied for substantially all aircraft (with certain diplomatic and other flights being exempted). These are banded into categories in accordance with each aircraft's noise-rating and the time of day. Gatwick charges higher landing and take-off charges during peak traffic times than off-peak traffic times. In addition there is a separate charge levied on each aircraft in respect of its emissions; and
- Aircraft parking charges are based on the duration of the ground stay and the aircraft's weight. The time element is based on 5-minute charging periods. There is also a peak period for charging in summer at Gatwick.

GAL is free to allocate Allowable Yield between these charges subject to consultation and non-discrimination.

The price cap is typically set for a quinquennium and cannot be changed during this period without GAL's consent. Others, including airlines and the CAA, cannot force a reopening of the price cap determination during a regulatory period. The CAA has indicated that it does not consider that financial distress, per se, would justify reopening price controls, nor a scaling back or deferral of the investment programme that users effectively pay for through their charges. The CAA has stated that to do otherwise would transfer risk from equity and debt investors to users, contrary to the CAA's policy approach. See "*Risk Factors – Regulatory Risks – CAA regulation – price caps and factors which may affect pricing*". This was reaffirmed in the CAA decision of 11 March 2008.

The CAA confirmed that all the actual capital expenditure in Q4 at Gatwick was included in the initial RAB for Q5, implying that the capital expenditure in Q4 had been effectively incurred and sufficient consultation had been conducted.

For the Q5 review, the CAA proposed a process of constructive engagement. This required airports and airlines to seek to agree some of the main inputs of the price control calculation. Discussions were held on airport vision, airport strategy, capital expenditure, traffic forecasts, capital expenditure efficiency, opportunities for operating cost efficiencies and non-regulated charges. The CAA announced in its October 2010 consultation document "*Lesson Learnt from Q5*" that would continue the practice of constructive engagement between the airports and airlines.

Extension of the Q5 price control

On 1 April 2011, under section 40(7) of the Airports Act 1986, the CAA extended the Q5 price control period for an additional twelve months to 31 March 2014 to ensure that the next new regulatory period would be subject to the new economic regulation provisions under the CA Act 2012.

Gatwick agreed to alter its price cap in 2013/14 from the current RPI+2% to RPI-0.5%. In addition, a new set of capital expenditure triggers covering 60% of the forecast 2013/14 capital expenditure were applied in 2013/14, negotiated between the airport and airlines.

The CAA carried forward for 2013/14 the prevailing service quality rebate scheme and the conditions on charges for non-passenger flights. It also carried forward the Public Interest Conditions imposed by the Competition Commission and relating to cost transparency, the provision of information desks and requirements around use of employment agencies. The security cost pass-through term was also extended by a further year.

REFORM OF THE REGULATORY FRAMEWORK

Review of Economic Regulation and the CA Act 2012

The CA Act 2012 was granted Royal Assent in December 2012. The main provisions came into effect on 6 April 2013. The CAA published the first licences under the new regime in February 2014, and these licences will come into force on 1 April 2014, i.e. at the expiry of the current price control period.

GAL has supported the UK Government's reform of the economic regulation of airports and the evolution of the regulatory architecture. The main elements of the CA Act 2012 are:

- Duties of the regulator: The CA Act 2012 introduced a revised "general duty" for the CAA, under which the CAA must carry out its functions in a manner which it considers will further the interests of existing and future consumers of passenger and freight services at UK airports, regarding the range, availability, continuity, cost and quality of airport operation services. Where appropriate, the CAA must do so by promoting effective competition. The CAA is required to have regard to a number of factors, including:
 - the need to secure that each holder of a licence is able to finance its provision of airport operation services in the area for which the licence is granted;
 - user demand;
 - promotion of economy and efficiency;
 - measures to reduce, control or mitigate the adverse environmental impacts of the airport; and
 - regulating in a targeted, transparent, consistent and proportionate manner.
- Financial resilience: While recognising the need to ensure financial resilience at licensed airports, the CA Act 2012 gives statutory recognition to pre-existing financing arrangements in the airport sector. The CAA is required to have regard to the need to secure that licence holders are able to finance their provision of airport operation services. Licence conditions will be subject to appropriate derogations (i.e.

suspensions of the relevant licence provisions relating to financial resilience) where these cut across financing in existence at the time the CA Act 2012 was enacted.

- In granting a licence (as discussed below), the CAA may not provide for derogations relating to financial arrangements that have been entered into before the CA Act 2012 was enacted to be terminated by reference to any time or event; nor may the CAA provide for it to determine to which financial arrangements the derogations apply. Similarly, the CAA is precluded from modifying a licence condition where the condition contains a derogation for financing arrangements entered into before the CA Act 2012 was enacted, without first determining: (i) that there has been a material change in circumstances since the derogation was granted; and (ii) the benefits of removing the derogation are likely to outweigh the adverse effects to passengers.

The CAA consulted on the details of its proposed financial resilience conditions in its Notice of the proposed licence, published in January 2014.

- Licensing: The CA Act 2012 introduces an economic licensing regime with licences applying to "dominant areas" within "dominant airports", which replaces the previous system of designation under the Airports Act. This is to allow for the possibility that the airport operator may have substantial market power in relation to only some of the activities that it carries on at the airport and also to allow for the future licensing of separate operators of parts of the airport such as terminals or satellites at a single airport site which is itself dominant. In both cases dominance is assessed by reference to the Market Power Test under Section 6 of the CA Act 2012. In determining dominance and pursuant to section 6 of the CA Act 2012, the CAA is required to demonstrate that:
 - the operator of the relevant airport or airport area has, or is likely to acquire, substantial market power, either alone or otherwise;
 - that competition law does not provide sufficient protection against the risk that the relevant operator may engage in conduct which constitutes an abuse of that market power; and
 - the benefits, for passengers and users of cargo services, of regulating the relevant operator by means of a licence are likely to outweigh the adverse effects.

Licences will be imposed only where the CAA demonstrates the existence of each of the above. Airports falling outside these criteria will be subject to the general competition law, which will be enforced by the relevant competition authorities including the CAA, and the provisions of the Airport Charges Regulations 2011 enforced by the CAA. Even where a licence is required, the CA Act 2012 does not stipulate that price controls follow automatically, although the CAA must impose price control conditions where it considers that it is necessary or expedient to do so having regard to its statutory duties. The CA Act 2012 allows the CAA flexibility in the licence conditions that it imposes, so as to reflect the market and competitive position of each airport. For example, the CAA could impose a range of possible price controls such as setting maximum prices or a system of price monitoring.

All airport operators are subject to aerodrome licensing under the Air Navigation Order 2009, which requires an airport operator to demonstrate that it is competent to conduct aerodrome operations safely (see "*Other Regulatory Factors – Aerodrome Licensing*"). That licensing requirement is not affected by CA Act 2012.

- Appeals: The CA Act 2012 provides for a system of appeals relating to licence decisions of the CAA. Appeals in relation to operator and market power determinations would be to the CAT. Such appeals would be capable of being brought by the relevant operator, and any other person whose interests are materially affected by the determination, on the grounds that the decision in question was based on an error of fact, wrong in law or based on a wrong exercise of discretion. Appeals in relation to the imposition and modification of licence conditions would be to the CC (to be replaced by the CMA from 1 April 2014). Such appeals would be capable of being brought by the relevant operator, or airlines whose interests are materially affected by the decision. The grounds for bringing an appeal are identical to those in relation to market power and operator determinations. The CA Act 2012 requires appellants to obtain leave of the CC (or the CMA, as the case may be) to bring an appeal and allows it to refuse vexatious appeals. Similarly, under its rules, the CAT has the power to reject an application made on vexatious grounds, or to reject an appeal made by an appellant which has habitually and persistently brought vexatious proceedings.
- Competition powers: The CA Act 2012 grants the CAA competition powers, to be held concurrently with the national competition authority, the OFT (to be replaced by the Competition and Markets Authority from 1 April 2014), in respect of services provided by airport operators and "third party" airport service providers. This allows the CAA to enforce competition law, conduct market studies, and make market investigation references to the Competition Commission (this will be replaced by the Competition and Markets Authority from 1 April 2014) in the airports sector. The CAA has the power to impose fines of up to 10% of turnover for infringements of the Competition Act 1998, under its concurrent mandate.
- Enforcement: In addition to concurrent competition enforcement powers, the CA Act 2012 gives the CAA powers to enforce licence conditions, including the power to impose fines of up to 10% of the operator's turnover if the conditions are breached. Orders and penalties are subject to a right of appeal to the CAT.
- Aviation security: The CA Act 2012 transfers aviation security regulation functions to the CAA, in order to rationalise the number of regulators in the sector. The Secretary of State will, however, retain responsibility for overall aviation security policy.

The CAA's proposed airport licence for Gatwick

The CA Act 2012 requires the CAA to justify – by way of competition analysis – the need for continued regulation. The CAA published its initial views in February 2012 that Gatwick meets the Market Power Test in the CA Act 2012. This was followed by the CAA publishing its "minded to" market analysis for consultation in May 2013, which continued to find that Gatwick meets the market power test. The CAA published its market power determination in January 2014, finding that Gatwick passes the Market Power Test in the CA Act 2012. This decision could have been appealed by Gatwick, or others whose interests are materially affected, to the CAT. The deadline for such an appeal passed on 10 March 2014 with no appeals lodged with the CAT.

The CAA, as part of its preparations for any regulation beyond the end of Q5, required GAL to participate in constructive engagement with the airlines operating at Gatwick. This constructive engagement between GAL and represented airlines took place from April to December 2012. To facilitate constructive engagement, GAL provided to the airlines and the CAA its Initial Business Plan (April 2012) for the period to 2020. In particular, constructive engagement with the Airport's airline community assessed key themes such as capital investment, traffic forecasts, operating costs and commercial revenue opportunities. The outputs of constructive engagement were then used, as

appropriate, by GAL to inform the Revised Business Plan that GAL submitted to the CAA in January 2013.

As part of Gatwick's Business Plan submission to the CAA, it proposed that the Airport would enter into a set of legally enforceable Airline Commitments to all airlines operating at Gatwick covering price, service, transparency, financial resilience, operational resilience and dispute resolution. The proposal was that these Airline Commitments would be in place for seven years from April 2014 and would replace the need for economic regulation of Gatwick by the CAA. In addition, GAL envisaged that there would be a series of bilateral contracts, incorporating, for example, price, service and duration, agreed on a commercial basis between GAL and certain individual airlines. The Airline Commitments proposal incorporated a price level which increases by RPI+1.3% for seven years following a one off price correction of 10.7% in April 2014.

On 30 April 2013, the CAA issued for consultation its Initial Proposals for regulation at Gatwick beyond 31 March 2014. This document, together with the market power assessment noted above, propose that Gatwick has substantial market power to justify on-going regulation, together with the introduction of a licence, at a price level which increases by no more than RPI+1% for five years.

GAL submitted its response to the CAA's Initial Proposals where it continued to propose to enter into a set of legally enforceable Airline Commitments to all airlines and bilateral contracts with individual airlines. GAL proposed a number of revisions to the Airline Commitments, including amendments to the service quality regime and a commitment to limit the maximum average revenue yield over the next seven years, based on published prices at RPI+1.5% per year, and average prices (taking into account bilateral contracts) at RPI+0.5% per year (i.e. the 'blended price').

On 3 October 2013 the CAA issued for consultation its Final Proposals for regulation at Gatwick beyond 31 March 2014, together with a draft licence incorporating Gatwick's Airline Commitments. The CAA requested responses to its Final Proposals by 4 November 2013. Gatwick's response welcomed the CAA's final proposals, which reflect the Airline Commitments framework offered by Gatwick. GAL believes firmly that the Airline Commitments framework can lead to a transformational change in the way Gatwick operates, how it co-operates with its airline customers, and how – together – GAL and the airlines can transform the passenger experience at Gatwick. This tailored approach to the regulation of the London airports will also facilitate increased competition between the London airports which will also be to the benefit of passengers.

In December 2013, Gatwick amended its Airline Commitments proposal reflecting increased passenger forecasts, to incorporate a maximum average revenue yield over the next seven years, based on published prices at RPI+1.0% per year, and average prices (taking into account bilateral contracts) at RPI+0.0% per year (i.e. the 'blended price').

In parallel, GAL continued discussions with airlines to agree bilateral Contracts, incorporating, specific terms for the airline relating to, among other things, price, service and duration. As of early January 2014, GAL had agreed Heads of Terms with a number of airlines.

In January 2014, following approximately 18 months of consultation with GAL and airport users, the CAA published its final market power determination stipulating that Gatwick satisfied the Market Power Test and hence requires a licence under the CA Act 2012. The CAA concluded that this would best serve passenger interests and meets its statutory obligations. As part of this decision, the CAA published its Notice under section 15(1) and (3) of the Civil Aviation Act 2012 that proposed to grant a licence for Gatwick from 1 April 2014, incorporating Airline Commitments proposed by GAL.

On 13 February 2014, the CAA published its Notice granting a licence to Gatwick. The notice confirms that the new regulatory approach for Gatwick will be based on the Airport's Airline Commitments to airlines (including bilateral contracts negotiated with individual airlines) and

underpinned by a CAA licence and supplemented by a monitoring regime (which sits outside the licence). As noted above, GAL has for some time promoted the concept of Airport "Airline Commitments" as an alternative to a licence. Whilst the Airline Commitments were originally drafted on the basis that GAL is not issued with a licence, they are also effective if backed by a licence framework as determined by the CAA.

It is therefore a requirement of the licence that GAL complies with its obligations in the Airline Commitments. This includes that GAL complies with its commitment to incorporate a maximum average revenue yield over the next seven years, based on published prices at RPI+1.0% per year, and average prices (taking into account bilateral contracts) at RPI+0.0% per year (i.e. the 'blended price'). GAL must comply with its Airline Commitment to undertake capital investment expenditure of at least £100 million per annum on average over the next seven years. Obligations on third parties, contained in the Airline Commitments do not form part of the licence.

In reaching its conclusion, the CAA considered that the combination of the Airport's Airline Commitments and bilateral contacts would:

- Better further the interests of passengers as it could be tailored more to the business needs of individual airlines and their passengers, providing greater flexibility while still providing protection to all passengers. There could also be advantages from a reduction in complexity and a refocus of relationships towards airlines and away from the CAA.
- The Airline Commitments provide more certainty to airlines and GAL as they last for seven rather than five years, providing GAL with greater incentives to outperform assumptions on commercial revenues, efficiency and to grow traffic.

Part of the CAA's licence conditions includes making the entering into of the Airline Commitments a licence condition and prevents GAL from unilaterally varying the Airline Commitments, despite the legally binding status of Airline Commitments already. GAL will notify the CAA and the airlines operating at Gatwick at least two years prior to the end of the initial term of the Airport Airline Commitments of its intention with regards to the modification, extension, termination, or otherwise of the Airport Airline Commitments.

The CAA's licence also includes a financial resilience condition. This requires GAL to produce a certificate of adequacy of resources covering twenty four months and submit this to the CAA on an annual basis. This condition also restricts the business of GAL to the businesses undertaken on 1 April 2014, including the owning, operation and development of the airport and associated facilities. Any other business the average annual expenditure which exceeds 2% of the value of the shadow RAB (described below) will require the written consent of the CAA. The financial resilience condition requires undertakings from the ultimate holding company of GAL to not take action that would likely cause a breach of the licence and provide information requested by the CAA to enable GAL to comply with the licence. There is also an obligation for GAL to pre-notify the CAA of any changes to the banking ring fence.

Requirements as to operational resilience are included within GAL's Airline Commitments and as such form part of the licence conditions. The CAA can propose to introduce modifications to the licence conditions to the extent it considers such modifications are in the passenger interest. Such a licence modification could be appealed by the airport or airlines, to the CMA.

As noted above, the CAA has also set out a process for monitoring GAL's performance under the Airline Commitments (underpinned by a licence). The CAA's monitoring (not incorporated in the licence) will include:

- Monitoring the blended price actually charged under the Airline Commitments and bilateral contracts to identify whether it is consistent with the CAA's view of a "fair price" based on a RAB counterfactual construct.

The CAA has included GAL's blended price under Airline Commitments of RPI+0.0% in the licence conditions (based on WACC estimate of 5.7%, revised downwards from the CAA's assessment of 5.95% from October 2013).

The CAA calculated a fair price benchmark of RPI-1.6% per year (over five years) versus GAL's blended price (the most appropriate comparison) of RPI+0.0% per year. This is not a price cap and is also based on a significantly higher CAA traffic forecast of 193.8m passengers (up from 186.0m passengers as of October 2013).

Under the terms of the Airline Commitment, actual pricing may be above or below RPI+1% (gross) or RPI+0% (blended) in a given year based on the price path chosen by GAL (e.g. if it decided to front or back-load the price trajectory). For this reason, actual prices may also be above or below the RPI-1.6% benchmark. Pricing may also vary for other reasons e.g actual traffic being different from CAA forecasts. Annual monitoring by the CAA will take into account material reasons for price variance.

- Monitoring service quality performance and undertake an investigation if GAL fails an individual metric for more than six months.
- Requiring GAL to undertake (but not publish) a shadow RAB calculation for the CAA (although there is no presumption that the shadow RAB number would be used as the basis for a future price cap). The basis for rolling forward the shadow RAB is set out in Appendix J of the CAA's notice granting the licence to GAL.
- Undertaking a review of the commitments and contracts framework in the second half of 2016 to identify whether as a whole they are operating in passengers' interests, including a request for stakeholders' views.

In its fair price calculation, the CAA has assumed that GAL will undertake capital investment expenditure of at least £160 million per annum on average. However, the fair price calculation is used for monitoring purposes only and the licence requires that on average at least £100m per annum capital investment be made in the Airport's asset base.

If, as part of the CAA's monitoring of the Airline Commitments, the CAA considers that the introduction of further licence conditions, or modifications to existing licence conditions is in the passenger interest, then the CAA can propose such modifications at that time. This could be for example, to introduce a requirement for GAL to set its charges consistent with the CAA's view of its 'fair price' or its view of minimum capital investment expenditure. As outlined previously, such licence modifications could be appealed by the airport or airlines, to the CMA.

On 13 February 2014 the CAA published the notice granting the licence to GAL, which will come into force on 1 April 2014. GAL and airlines will have six weeks from the date of publication of the new licence (to 26 March) to seek permission to appeal the licence to the Competition Commission (to be replaced by the CMA on 1 April 2014). If an appeal is lodged then there is no automatic suspension of the application of the new licence pending the Competition Commission's (or CMA's) decision. (However, an application to suspend the effect of the decision can be made to the Competition Commission (or CMA) in circumstances described in Part 4 of Schedule 2 of the CA Act 2012).

OTHER REGULATORY FACTORS

Enforcement under the Airports Act 1986

Section 48(3) of the Airports Act gives the CAA the authority to issue a compliance order against an airport operator where it has failed to comply with the conditions imposed upon it by the CAA, under section 39 of the Airports Act. Where the CAA is satisfied that an airport operator has failed to comply with a condition imposed upon it, it can either "make such provision as it considers appropriate for the purpose of securing compliance with that condition and for remedying any loss or damage sustained, or injustice suffered, by any person in consequence of the failure to comply with that condition, or modify the condition in such manner as it considers appropriate in all the circumstances." Note that Part IV of the Airports Act, including sections 39 and 48, will be repealed effective 1 April 2014 under the CA Act 2012.

IMPACT OF THE REVISED REGULATORY REGIME ON GAL'S FINANCIAL REPORTING UNDER THE FINANCE DOCUMENTS

On 1 April 2014 when the economic regulatory framework under the CA Act 2012 and GAL's new licence comes into force, the requirement for GAL to prepare and publish separate regulatory accounts, which applied under the regulatory regime of the Airports Act 1986, will fall away. As a result, the concept of "Regulatory RAB" for the purpose of the Finance Documents, which is derived from the RAB figure set out in those regulatory accounts, will cease to exist and will no longer be used by GAL as the basis for its financial covenant reporting under the Common Terms Agreement.

In accordance with the terms of the Finance Documents, from 1 April 2014, GAL will determine RAB for the purpose of calculating its financial ratios on the basis of "Transfer RAB" being, as at any date, the aggregate of the product of (a) the sum of the Relevant EBITDA for the previous three financial years of the Borrower preceding such date as determined by reference to the audited financial statements of the Borrower for such financial years divided by three and (b) the Relevant Multiple.

"Relevant EBITDA" means earnings before interest, tax, depreciation and amortisation and pre-exceptional costs (revenues minus expenses) in respect of the business of GAL which was brought into account or not expressly disallowed by the CAA for any price determination published by the Regulator for the Borrower for the purpose of imposing price caps pursuant to section 40(4) of the Airports Act but which ceases to be brought into account or is expressly disallowed for such purpose.

By virtue of the revised regulatory regime introduced by the CA Act 2012, the business of the Borrower will cease to be brought into account by the CAA for the purposes described above after 31 March 2014.

The Relevant EBITDA figure for each financial year of the Borrower will be set out in the directors' report accompanying GAL's year end audited financial statements, which will be published on the Designated Website.

"Relevant Multiple" means the multiple determined by dividing the Relevant Transfer Value by the sum of the Relevant EBITDA for the three financial years of the Borrower prior to the Relevant Transfer Date as determined by reference to the audited financial statements of the Borrower for such financial years divided by three.

For the purpose of calculating the Relevant Multiple:

- the Relevant Transfer Date will be 1 April 2014; and
- the Relevant Transfer Value will be the "Closing RAB" set out in GAL's Regulatory Accounts for the year ended 31 March 2014.

GAL has determined that with respect to each Relevant Period for which GAL has reported the Senior RAR and Senior ICR for the Calculation Date falling on 30 September 2013, the change to reporting by reference to Transfer RAB as opposed to Regulatory RAB is not expected to result in a material deviation from the Senior RAR and Senior ICR that GAL would expect to have reported for each such Relevant Period had it been required to continue to report those financial ratios by reference to its Regulatory RAB.

For further details of the financial covenants to which GAL is subject pursuant to terms of the Finance Documents see "Summary of the Financing Agreements" below.

DESCRIPTION OF THE ISSUER AND THE OBLIGORS

SUMMARY OF THE FINANCING AGREEMENTS

The following is a summary of certain terms of the principal Transaction Documents, including the CTA, the STID, the Bond Trust Deed and the Security Documents and is qualified in its entirety by reference to the detailed provisions of the Transaction Documents. Potential investors should refer to "Cashflows", for a detailed description of the various priority of payment waterfalls.

The Issuer's assets, including without limitation its rights under the Transaction Documents, have characteristics that demonstrate capacity to produce funds to service any payments due and payable on the Bonds.

GENERAL OVERVIEW

The Finance Parties (which includes the Issuer) all benefit from common terms under their relevant debt instrument and a common security package granted by GAL and the Security Parent (as Obligors under the CTA). It is a requirement of the CTA that any future provider of an Authorised Credit Facility must accede to and be bound by the terms of the CTA (see " – *Common Terms Agreement*" below) and the intercreditor arrangements contained in the STID (see " – *Security Trust and Intercreditor Deed*" below). The Issuer, as provider of each loan to GAL corresponding to the proceeds of an issuance of Bonds, will also be party to and be bound by the CTA and the STID.

The CTA sets out the common terms applicable to the Borrower Loan Agreements and each other Authorised Credit Facility (which includes the Initial Authorised Credit Facility Agreement) into which GAL enters. Save for certain limited exceptions, no Finance Party can have additional representations, covenants, trigger events or loan events of default beyond the common terms deemed to be incorporated by reference into their Authorised Credit Facilities through their execution of, or accession to, the CTA.

The STID regulates among other things: (i) the claims of the Borrower Secured Creditors; (ii) the exercise and enforcement of rights by the Borrower Secured Creditors; and (iii) the giving of instructions, consents and waivers and, in particular, the basis on which votes of the Borrower Secured Creditors will be counted.

With the exception of certain Jersey law governed documents, all agreements listed below and non-contractual obligations arising out of or in connection with them will be governed by English law and subject to the exclusive jurisdiction of the English courts.

Common Terms Agreement

General

As noted above, all Finance Parties must accede to the CTA in respect of their Authorised Credit Facilities (including the Borrower Loan Agreements).

Other Borrower Secured Creditors which are party to the CTA include the Hedge Counterparties (see " – *Hedge Counterparties and the STID*"), the Liquidity Facility Providers (see " – *Liquidity Facility Agreement*") and the Initial ACF Finance Parties.

It is a requirement of the CTA that future providers of Authorised Credit Facilities must also accede to and be bound by the CTA and the STID. GAL will be able to incur additional Senior Debt (including in respect of amounts owed to the Issuer under the Borrower Loan Agreements and corresponding to additional Series of Class A Bonds) if, by reference to the most recently delivered financial statements (see " – *Information Covenants*" below), the Senior RAR, taking into account such indebtedness, is

less than 0.70. However, if such financial indebtedness will be used to fund RAB-Eligible Capex, GAL will be able to incur additional Senior Debt if the Senior RAR, taking into account such indebtedness, is less than 0.725.

In addition, the Issuer is able to incur additional indebtedness in respect of Class B Bonds and lend the proceeds of those Bonds to GAL if GAL has first obtained a confirmation from the relevant rating agencies stating that the then rating of the Class A Bonds then outstanding would not be reduced as a result of the issuance of such Class B Bonds below the lower of (a) the credit rating of the Class A Bonds as at their Issue Date or (b) the then current rating of such Class A Bonds before the proposed issuance.

The CTA also sets out the cash management arrangements applicable to GAL (see " – *Borrower Cash Management*" below) and the hedging policy (see " – *Hedging*" below).

Representations

The Obligors make certain representations and warranties (subject to detailed carve-outs, exceptions and qualifications set forth in the CTA) to each Finance Party on the Establishment Date and the Initial Issue Date. These representations and warranties include the following as to:

- (a) its corporate status, power and authority and certain other legal matters;
- (b) non-conflict with documents binding on it (to an extent which has a Material Adverse Effect), constitutional documents, licences or laws;
- (c) accuracy of financial statements;
- (d) no existing default or Trigger Event;
- (e) compliance with obligations under the Transaction Documents;
- (f) consents, leases, licences, authorisations and approvals are obtained and complied with;
- (g) ownership of assets;
- (h) the ownership structure of the Security Group;
- (i) no rights to call for the issue or allotment of share capital;
- (j) insurances required to be maintained are in full force and effect;
- (k) no Insolvency Event in relation to it;
- (l) the choice of English law being recognised and enforced;
- (m) payment of all taxes and lack of deductions required in respect of payments under any Finance Document;
- (n) no claims, disputes or investigations being made or conducted against it with respect to Taxes;
- (o) no liability in respect of any Financial Indebtedness other than Permitted Financial Indebtedness or pursuant to a Permitted Transaction;
- (p) pensions;

- (q) making and enforceability of security;
- (r) no current litigation;
- (s) the accuracy and completeness of each prospectus;
- (t) compliance with environmental laws and absence of environmental claims against it;
- (u) all arrangements or contracts with any person being on an arm's length basis;
- (v) its centres of main interests for the purpose of Council Regulation (EC) No 1346/2000;
- (w) intellectual property; and
- (x) ownership of land and the existence of encumbrances thereon.

The Initial Date Representations are deemed to be repeated by the relevant Obligor (by reference to the facts and circumstances existing at such time) on the date upon which any new Authorised Credit Facility is entered into and each Issue Date.

The Repeated Representations are deemed to be repeated by the relevant Obligor (by reference to the facts and circumstances existing at such time) on (i) the date of each utilisation request and the first day of any borrowing; (ii) each Payment Date; and (iii) in the case of an Obligor acceding to an Authorised Credit Facility, on the date of its accession.

Covenants

The CTA contains certain covenants from each of the Obligors. A summary of the covenants which are included in the CTA is set out in " – *Information Covenants*", and " – *Operating and Financial Covenants*" below.

Information Covenants

Prior to the occurrence of a Trigger Event, Borrower Secured Creditors will receive, either directly from GAL or through the agent or administrative representative party for their Authorised Credit Facility:

- (a) annual, audited and consolidated (which will include the Issuer) financial statements delivered within 120 days after the end of each financial year;
- (b) 6-month consolidated, unaudited financial statements delivered within 60 days after the end of the first half of the financial year;
- (c) annual regulatory accounts (for so long as it is required to prepare and publish them) delivered within 120 days of the end of each regulatory year;
- (d) a copy of the annual capital expenditure budget delivered within 15 days of board approval and within 60 days of the end of the current financial year;
- (e) a copy of GAL's calculations of Projected Excess Cashflow for each financial year delivered not later than 15 days prior to the beginning of such financial year;
- (f) a Compliance Certificate, which will be delivered (i) at the same time as the financial statements referred to in (a), (b) and (c) above and (ii) within the required period as set forth

in the Restricted Payment Condition. The Compliance Certificate will be published on the Designated Website and confirm information including:

- (i) in respect of a Calculation Date falling in March, the actual Senior RAR and actual Senior ICR for the period of 12 months ending on such Calculation Date and the forecast Senior RAR and forecast Senior ICR for the 12 month period following such Calculation Date and each of the two subsequent 12 month periods;
 - (ii) in respect of a Calculation Date not falling in March:
 - (A) the actual Senior ICR and actual Senior RAR for the period of 12 Months ending on that Calculation Date and the forecast Senior ICR and the forecast Senior RAR for the period to 31 March in the next subsequent calendar year and for the two subsequent 12 month periods from such 31 March;
 - (B) that the Senior ICR for the immediately preceding March Calculation Date has been recalculated and that the re-calculated Senior ICR "[is/is not] lower" than the Senior ICR which was determined as at the immediately preceding March Calculation Date; and if the recalculated Senior ICR "is lower", the re-calculated Senior ICR; and
 - (C) that the Senior RAR for the immediately preceding March Calculation Date has been recalculated and that the re-calculated Senior RAR "[is/is not] higher" than the Senior RAR which was determined as at the immediately preceding March Calculation Date; and if the recalculated Senior RAR "is higher", the re-calculated Senior RAR;
- (g) an Investor Report, which will be delivered (i) at the same time as the financial statements referred to in (a), (b) and (c) above and (ii) within the required period as set forth in the Restricted Payment Condition. The Investor Report will be published on the Designated Website and confirm information including:
- (i) in respect of a Calculation Date falling in March:
 - (A) the actual Senior RAR and actual Senior ICR for the period of 12 months ending on such Calculation Date and the forecast Senior RAR and the forecast Senior ICR for the period of 12 months starting on such Calculation Date; and
 - (B) if a Trigger Event is subsisting, the forecast Senior RAR and the forecast Senior ICR for the following two subsequent 12 month periods (see " – *Trigger Events - Trigger Event Consequences*" below);
 - (ii) in respect of a Calculation Date not falling in March:
 - (A) the actual Senior RAR and actual Senior ICR for the period of 12 months ending on such Calculation Date and the forecast Senior RAR and the forecast Senior ICR for the period of 12 months starting on such Calculation Date;
 - (B) that the Senior ICR for the immediately preceding March Calculation Date has been recalculated and that the re-calculated Senior ICR "[is/is not] lower" than the Senior ICR which was determined as at the immediately preceding

March Calculation Date; and if the recalculated Senior ICR "is lower", the re-calculated Senior ICR;

- (C) that the Senior RAR for the immediately preceding March Calculation Date has been recalculated and that the re-calculated Senior RAR "[is/is not] higher" than the Senior RAR which was determined as at the immediately preceding March Calculation Date; and if the recalculated Senior RAR "is higher", the re-calculated Senior RAR; and
 - (D) if a Trigger Event is subsisting (or occurs due to the re-calculated Senior RAR and/or Senior ICR values as set forth in (B) and (c) above), the forecast Senior RAR and/or the forecast Senior ICR for the following two subsequent 12 month periods (see " – *Trigger Event Consequences*" below); and
- (iii) an update regarding the business generally, any regulatory and business developments, the amount of capital expenditures, acquisitions and disposals and financing and hedging positions;
- (h) subject to any duty of confidentiality and any applicable legal or regulatory restrictions, certain other material information about the business and financial condition of each of the Obligors as may be requested or required to be delivered from time to time (on the instruction of the relevant Borrower Secured Creditors).

Each Obligor also undertakes to provide:

- (a) notification of any Default or Trigger Event (see " – *Events of Default*" and " – *Trigger Events*" below);
- (b) notification of the address of the Designated Website or notice if the Designated Website cannot be accessed or is infected by any electronic virus or similar software for a period of five Business Days; and
- (c) subject to any duty of confidentiality and any applicable legal or regulatory restrictions, details of any investigation or procedure involving any Regulator or other government authority where the subject matter of the enquiry investigation or proceeding of the subject matter would, or would be reasonably likely to, if adversely determined have a Material Adverse Effect.

The Obligors are required to provide certain additional information upon the occurrence of a Trigger Event (for a further description see " – *Trigger Event Consequences*" below).

Operating and Financial Covenants

The covenants given by each of the Obligors include the following (subject to detailed carve-outs, exceptions and qualifications set forth in the CTA):

- (a) limiting its business to the Permitted Business;
- (b) operating and maintaining its business in accordance with its constitutional documents, Good Industry Practice and the requirements that the Regulators are entitled to impose;
- (c) obtaining and maintaining consents, licences, authorisations and approvals;
- (d) maintaining its corporate status;

- (e) complying with all judgments, laws, rules, regulations, agreements, orders or decrees;
- (f) ensuring that any unsecured and unsubordinated claims of the Secured Creditors against it under the Finance Documents will rank at least pari passu with all the claims of all its other unsecured and unsubordinated creditors;
- (g) negative pledge;
- (h) restrictions on disposals;
- (i) restrictions on incurrence of financial indebtedness;
- (j) complying with the Hedging Policy;
- (k) restrictions on mergers;
- (l) restrictions on acquisitions;
- (m) restrictions on joint ventures;
- (n) compliance with environmental laws;
- (o) notice of environmental claims;
- (p) maintaining necessary insurances and depositing proceeds in the Operating Accounts;
- (q) restrictions on the making of loans;
- (r) complying with cash management obligations (see " – *Borrower Cash Management*" below);
- (s) maintaining bank accounts which are separate from those of any other person or entity (other than any other Obligor);
- (t) no change to its constitutional documents without the prior written consent of the Borrower Security Trustee;
- (u) restrictions on redemption or issuance of share capital;
- (v) maintaining necessary intellectual property rights;
- (w) maintaining ratings of the Bonds and cooperating with Rating Agencies;
- (x) ensuring all transactions are entered into on arm's length terms;
- (y) ensuring compliance with prudent accounting standards;
- (z) completing all acts and things necessary to give effect to the terms of the relevant Finance Documents;
- (aa) to take all such actions necessary for the purpose of perfecting, protecting and preserving rights under the Security Documents;
- (bb) restrictions on settlements of claims;
- (cc) retention and replacement of auditors;

- (dd) restrictions on changes to its financial year end;
- (ee) restrictions on distributions to shareholders;
- (ff) complying with pension obligations and providing notices from the Pensions Regulator;
- (gg) restrictions on acquiring businesses with pension liabilities;
- (hh) no change of its centre of main interests for the purpose of Council Regulation (EC) No. 1346/2000
- (ii) paying Taxes; and
- (jj) complying with the Tax Deed.

Trigger Events

The CTA contains a separate category of events, the occurrence of which do not result in a default, but which do result in certain increased operational restrictions and requirements for GAL, including the prohibition of distributions to shareholders. This section describes these Trigger Events, their consequences and their remedies.

Trigger Event Types

The Trigger Events include:

- (a) a breach of the following financial ratios:
 - (i) the Senior RAR for any Calculation Date within the Relevant Period is or is forecast to be more than 0.70; or
 - (ii) the Senior ICR for any Calculation Date within the Relevant Period is or is forecast to be less than 1.50;
- (b) a credit rating downgrade of two or more of the long term public credit ratings of the Class A Bonds by two or more notches below the initial ratings assigned to the Class A Bonds;
- (c) the amount of GAL's unspent, budgeted, Capital Expenditure over the 12 months following the most recently occurring Calculation Date is more than the aggregate of:
 - (i) the undrawn available commitment under the Capex Facility as at such Calculation Date;
 - (ii) cash credited to the bank accounts of GAL or invested in Authorised Investments (excluding any Excluded Cash) as at such Calculation Date; and
 - (iii) Projected Excess Cashflow before Capex for such 12 month period;
- (d) the amount of the Issuer's estimated recurring fees and expenses, interest and equivalent finance charges for the 12 months following the most recently occurring Calculation Date on Issuer Senior Debt is more than the sum of any amounts available to the Issuer for drawing under the Liquidity Facility, plus any amounts in a liquidity standby account attributable to the Issuer's proportion under the Liquidity Facility or available to the Issuer in a liquidity reserve account as at such Calculation Date;

- (e) the amount of GAL's estimated recurring fees and expenses, interest and equivalent finance charges for the 12 months following the most recently occurring Calculation Date on Senior Debt is more than the sum of any amounts available to GAL for drawing under the Liquidity Facility, plus any amounts in a liquidity standby account attributable to the GAL proportion under the Liquidity Facility or available to GAL in a liquidity reserve account as at such Calculation Date;
- (f) the Issuer draws down under the Liquidity Facility (excluding any drawing or repayment of any Standby Drawing) or withdraws sums credited to a liquidity reserve account (if any) and the withdrawal results in the occurrence of a Trigger Event under paragraph (d) above;
- (g) GAL draws down under the Liquidity Facility (excluding any drawing or repayment of any Standby Drawing) or withdraws sums credited to a liquidity reserve account (if any) and the withdrawal results in the occurrence of a Trigger Event under paragraph (e) above;
- (h) an enforcement order or compliance order is issued under any applicable law or regulation (including any order made pursuant to section 41 of the Airports Act) if such order would reasonably be expected to have a Material Adverse Effect;
- (i) a notice is issued to terminate any licence required for the carrying on of the business of GAL or of any proposed or actual modification to any such licence which, if implemented, would reasonable be expected to have a Material Adverse Effect;
- (j) the commencement of the final reading of draft legislation in the House of Lords or the House of Commons (whichever occurs later) of legislation relating to the business of any Obligor if such legislation would (if enacted) reasonably be expected to have a Material Adverse Effect;
- (k) a Loan Event of Default is continuing (for further detail see " – *Events of Default*" below);
- (l) on any Calculation Date, the aggregate amount of all accretions by indexation to the notional amount of any inflation-linked treasury transactions exceeds 8% of RAB; and
- (m) the auditors of an Obligor qualify the audited consolidated (if applicable) financial statements of an Obligor, on the grounds that:
 - (i) the auditors have inadequate information;
 - (ii) the auditors are unable to prepare financial statements on a going concern basis; or
 - (iii) the qualification could be expected to be adverse to the interests of the Secured Creditors,

in a manner or to an extent which would have a Material Adverse Effect.

Trigger Event Consequences

Following the occurrence of a Trigger Event and at any time until such Trigger Event has been waived or deemed remedied in accordance with the CTA, certain consequences will result, including:

- (a) a block on Restricted Payments;
- (b) in respect of the Trigger Events described in (d), (e), (f), (g) and (i) of " – *Trigger Event Types*" above, the Obligors must provide such information as may be requested by the Borrower Security Trustee and must provide written proposals for appropriate remedial action

and related timetables and meet with the Borrower Secured Creditors to discuss such proposals. For all other Trigger Events described in the section entitled " – *Trigger Event Types*" above, this consequence also applies but only if such Trigger Event is continuing for 12 months or more;

- (c) the Investor Reports must contain additional Senior RAR and Senior ICR calculations as described in (g)(i)(B) and (g)(ii)(D) of " – *Information Covenants*" above;
- (d) provided the Trigger Event is continuing for 12 months or more, the Borrower Security Trustee may commission an independent review to be conducted by technical or other appropriate advisers to examine the causes of the relevant Trigger Event and recommend appropriate measures; and
- (e) provided the Trigger Event is continuing for 12 months or more, the Borrower Security Trustee will be entitled to participate in discussions with the Regulator regarding the Trigger Event and its remedy.

Trigger Event Remedies

At any time when an Obligor believes that a Trigger Event has been remedied in accordance with the detailed provisions of the CTA, it must provide the Borrower Security Trustee with a certificate signed by a director of the Obligor to that effect and provide such evidence in support of such certificate as the Borrower Security Trustee may reasonably require. In the case of the Trigger Events referred to in paragraphs (h) and (k) of the section entitled " – *Trigger Event Types*" above, the Borrower Security Trustee must respond confirming that the relevant Trigger Event has, in its reasonable opinion, been remedied or setting out its reasons for believing that such Trigger Event has not been remedied. The Trigger Event will continue to be a Trigger Event until such time as the Borrower Security Trustee is reasonably satisfied that the Trigger Event has been remedied.

Events of Default

The CTA contains a number of events of default (the Loan Events of Default) which will be Loan Events of Default under each Finance Document (other than, in respect of the Hedge Counterparties, the Hedging Agreements and in respect of the Liquidity Facility Providers, the Liquidity Facility Agreement). Subject, in some cases and including, as stated below, to agreed exceptions, materiality thresholds and qualifications, reservations of law, grace periods and remedies, the Loan Events of Default are:

- (a) non-payment of amounts payable under the Finance Documents;
- (b) non-compliance with certain other obligations under the Finance Documents;
- (c) material misrepresentation;
- (d) insolvency of any Obligor or insolvency proceedings being commenced against any Obligor;
- (e) the occurrence of a default for non-payment under any Non-ACF Financial Indebtedness totalling more than 0.5% of RAB;
- (f) termination of any material licence or authorisation which is required for the carrying on of a material part of the Permitted Business of GAL or of the business of the Issuer where this would be expected to have a Material Adverse Effect;

- (g) repudiation, illegality or unenforceability of a Transaction Document or any material obligation contained therein;
- (h) any of the security created pursuant to the Security Documents ceasing to be in full force and effect;
- (i) certain governmental action which would be reasonably likely to have a Material Adverse Effect;
- (j) any change in law which would be reasonably likely to have a Material Adverse Effect or any change in the insolvency regime applicable to an Obligor which would have an adverse material effect on the rights, interests and/or remedies of the Secured Creditors;
- (k) failure by any Obligor to comply with any final judgment;
- (l) an Obligor ceasing to carry on its business or a substantial part of its business which when such cessation has or would be expected to have a Material Adverse Effect;
- (m) commencement of proceedings against the Obligor or its assets;
- (n) the Senior RAR as at the most recently occurring Calculation Date is more than 0.85;
- (o) the Senior ICR as at the most recently occurring Calculation Date is or is less than 1.1;
- (p) non-compliance by any party to the Tax Deed; and
- (q) the occurrence of a Bond Event of Default.

In respect of the Loan Events of Default described in (n) and (o) above, no Loan Event of Default will have occurred if, within 30 days of the relevant Calculation Date, GAL procures that Additional SP Contributions are made and applied in prepayment of the Senior Debt such that the Senior RAR is lower than 0.85 and the Senior ICR is higher than 1.1.

The CTA also provides for an Accepted Restructuring Event regime where if there occurs an actual change in law or regulation and its effect would be to:

- (i) restrict the ability of GAL to grant fixed or floating security over all of its assets;
- (ii) restrict the ability of GAL to appoint an administrative receiver; or
- (iii) establish a special insolvency regime,

and, such proposed or actual change would otherwise result in the occurrence of a Trigger Event, a Potential Loan Event of Default or a Loan Event of Default as described in (j) above, then only a Trigger Event will arise until either (a) such event is remedied or (b) the date falling on the later of (1) twelve months after the date of the occurrence of the Trigger Event or (2) nine months after the date on which the relevant Loan Event of Default would (but for the Accepted Restructuring Event regime) have first occurred at which point (in the case of (b)) a Loan Event of Default will occur. Certain other Loan Events of Default (including relating to insolvency) are not included in this regime.

Borrower Cash Management

Operating Account

The CTA requires GAL to open and maintain the Operating Account with the Borrower Account Bank.

Under the CTA, GAL will ensure that all of its revenues (other than any interest or income on Authorised Investments and Standby Drawings) and all amounts drawn under its debt will be paid into the Operating Account or into the Borrower Liquidity Reserve Account. GAL will use the funds standing to the credit of the Operating Account and the Borrower Liquidity Reserve Account to make payments permitted pursuant to the Transaction Documents.

The Operating Account will be the sole current account of GAL through which all operating and capital expenditures, any Taxes incurred by GAL, distributions to shareholders and (subject to the terms of the Finance Documents) payments in respect of the Financial Indebtedness of the Security Group will be cleared.

Prior to the delivery of any Loan Enforcement Notice or Loan Acceleration Notice, payments from the Operating Account to a Borrower Secured Creditor will be paid in accordance with the pre-enforcement priority of payments waterfall which is set forth in detail in "Cashflows - Borrower Pre-Enforcement Priority of Payments".

Authorised Investments

The Security Group may invest in Authorised Investments from such part of the amounts standing to the credit of any of the Obligor Accounts from time to time as is prudent.

Application of Borrower Post-Enforcement Priority of Payments in certain circumstances

If, prior to the delivery of a Loan Enforcement Notice:

- (a) a Hedge Counterparty becomes entitled to terminate any treasury transaction under a Borrower Hedging Agreement due to non-payment or due to the occurrence of an additional termination event (as further described below in " – Hedging"); or
- (b) on any Payment Date there are insufficient funds available to the Obligors to pay in full all Borrower Secured Liabilities falling due for payment on such date,

then for so long as any such event is continuing unremedied or unwaived, the Borrower Post-Enforcement (Pre-Acceleration) Priority of Payments (as described further in " – *Security Trust and Intercreditor Deed - Enforcement and Acceleration*" below and in "*Cashflows - Borrower Post-Enforcement (Pre-Acceleration) Priority of Payments*") will apply and GAL will ensure that no amounts are applied in discharging any liabilities due to a Borrower Secured Creditor unless on the date such amounts are to be applied all sums then due and payable to each prior ranking Borrower Secured Creditor have been first discharged in full.

Liquidity Facility

Any amounts drawn by GAL in respect of a GAL Liquidity Shortfall either under the Liquidity Facility or from the Liquidity Standby Account shall be deposited in the Operating Account and paid in respect of paragraphs (a) to (f) (other than items (f)(i), (iii) and (iv)) (inclusive) in "*Cashflows - Borrower Pre- Enforcement Priority of Payments*" (excluding, for the avoidance of doubt, any

termination payments and all other unscheduled amounts payable to any Borrower Hedge Counterparty).

Security Trust and Intercreditor Deed

General

The intercreditor arrangements in respect of the Security Group and the Issuer (the **Intercreditor Arrangements**) are contained in the STID and the CTA, and in relation to the Issuer, in the Issuer Deed of Charge (see " – *Issuer Deed of Charge*" below). The Intercreditor Arrangements bind each of the Secured Creditors (including the Issuer) and each of the Obligors.

The Borrower Secured Creditors will include all providers of Senior Debt that enter into or accede to the STID. Any new Authorised Credit Provider will be required to accede to the STID and the CTA. The STID also contains provisions restricting the rights of Subordinated Intragroup Creditors and contains mechanics requiring any creditors in respect of Subordinated Intragroup Liabilities to accede to the STID as a Subordinated Intragroup Creditor.

The purpose of the Intercreditor Arrangements is to regulate, among other things (a) the claims of the Secured Creditors; (b) the exercise, acceleration and enforcement of rights by the Secured Creditors; (c) the rights of the Secured Creditors to instruct the Borrower Security Trustee; (d) the Entrenched Rights and the Reserved Matters of the Secured Creditors; and (e) the giving of consents and waivers and the making of modifications to the Common Documents.

The Intercreditor Arrangements also provide for the ranking in point of payment of the claims of the Borrower Secured Creditors, both before and after the delivery of a Loan Acceleration Notice and for the subordination of all claims of Subordinated Intragroup Creditors, or claims among the Security Group. Each Borrower Secured Creditor and each Obligor give certain undertakings in the STID which serve to maintain the integrity of these arrangements. The Issuer Deed of Charge and Issuer Cash Management Agreement provide for the ranking in point of payment of the claims of the Issuer Secured Creditors (as described further in " – *Issuer Deed of Charge*" and " – *Issuer Cash Management Agreement*" below).

Modifications, Consents and Waivers

General

The STID contains detailed provisions setting out the voting and instruction mechanics in respect of (a) Ordinary Voting Matters; (b) Extraordinary Voting Matters; and (c) Entrenched Rights and Reserved Matters (as further described below in " – *Types of Voting Categories*"). Subject to Entrenched Rights and Reserved Matters (which will always require the consent of all of the Secured Creditors in the case of Entrenched Rights, and, in the case of Reserved Matters, only, the relevant Secured Creditors who are affected) and Extraordinary Voting Matters, the Borrower Security Trustee will only agree to any modification of or grant any consent or waiver under the Common Documents with the consent of or if so instructed by the relevant majority of Participating QBS Creditors (the Majority Creditors) provided that the relevant Quorum Requirement has been met.

GAL is entitled to provide the Borrower Security Trustee with written notice requesting any consent or waiver it requires under or in respect of any Common Document (a STID Proposal). The notice will certify whether such STID Proposal is a Discretion Matter, an Ordinary Voting Matter or an Extraordinary Voting Matter or whether it gives rise to an Entrenched Right (as further described in " – *Types of Voting Categories*" below) and stating the Decision Period (as further described in " – *Decision Periods*" below). If the STID Proposal is in relation to a Discretion Matter, GAL must also provide a certificate evidencing this status. If the STID Proposal is in relation to an Entrenched Right,

GAL must include information as to the Secured Creditors who are affected by such Entrenched Right.

The Borrower Security Trustee will, within five Business Days of receipt of a STID Proposal, send a request (the STID Voting Request) in respect of any Ordinary Voting Matter, Extraordinary Voting Matter or Entrenched Right to each Qualifying Borrower Secured Creditor (through its Secured Creditor Representative, which in respect of the Issuer shall be the Bond Trustee for each corresponding Sub-Class of Bonds). If the STID Proposal gives rise to an Entrenched Right, the STID Voting Request will contain a request that each relevant Affected Borrower Secured Creditor (including where the Issuer is an Affected Borrower Secured Creditor, each Issuer Secured Creditor who is affected) confirm whether or not it wishes to consent to the relevant STID Proposals that would affect the Entrenched Right.

The Qualifying Borrower Secured Creditors representing at least 10% of the Qualifying Borrower Debt are able to challenge GAL's determination of the voting category of a STID Proposal. In addition, the Secured Creditors, through their respective Secured Creditor Representatives, are able to challenge GAL's determination as to whether there is an Entrenched Right, subject to such dissenting creditors providing supporting evidence or substantiation for their disagreement with such determination. Challenging creditors that comply with the foregoing requirements may instruct the Borrower Security Trustee to inform GAL in writing within ten Business Days of receipt of the relevant STID Voting Request that they disagree with GAL's determination and specifying, as applicable, the voting category they propose should apply or whose Entrenched Right is affected along with the required supporting evidence. GAL and the relevant Qualifying Borrower Secured Creditors and/or relevant Borrower Secured Creditors will agree the voting category or whether there is an Entrenched Right within ten Business Days from receipt by GAL of the relevant notice from the Borrower Security Trustee. If they are unable to agree within this time, or if no agreement can be reached, then an appropriate expert will make a decision as to the voting category or whether there is an Entrenched Right which decision will be final and binding on each of the parties.

Types of Voting Categories

Ordinary Voting Matters

Ordinary Voting Matters include all matters which are not designated as Extraordinary Voting Matters or Discretion Matters (see " – *Extraordinary Voting Matters*" and " – *Discretion Matters*" below). If the Quorum Requirement is met (see " – *Quorum Requirements*" below), a resolution in respect of an Ordinary Voting Matter may be passed by a simple majority of the Qualifying Borrower Debt that was voted.

Extraordinary Voting Matters

The STID also describes the treatment of Extraordinary Voting Matters. If the Quorum Requirement for an Extraordinary Voting Matter is met (see " – *Quorum Requirements*" below), the majority required to pass a resolution in respect of an Extraordinary Voting Matter will be at least 75% of the Participating QBS Creditors by reference to the Outstanding Principal Amount of the aggregate Voted Qualifying Debt of such Participating QBS Creditors.

Entrenched Rights

Entrenched Rights are rights that cannot be modified or waived in accordance with the STID without the consent of the Affected Borrower Secured Creditor(s). When the Affected Borrower Secured Creditor is the Issuer, consent must be obtained from each affected Issuer Secured Creditor.

Reserved Matters

Reserved Matters are matters which, subject to the STID and the CTA, a Borrower Secured Creditor is free to exercise in accordance with its own debt instrument including:

- (a) to receive any sums owing to it for its own account;
- (b) to make determinations of and require the making of payments due and payable to it;
- (c) to exercise the rights vested in it or permitted to be exercised by it under and pursuant to the terms of the CTA, the STID and the other Finance Documents;
- (d) to receive notices under the Finance Documents;
- (e) to assign its rights or transfer any of its rights and obligations under any Authorised Credit Facility to which it is a party subject to the provisions of the STID; and
- (f) in the case of each Hedge Counterparty, (i) to terminate the relevant Hedging Agreement provided such termination is a Permitted Hedge Termination or to terminate the relevant Hedging Agreement in part and amend the terms of the Hedging Agreement to reflect such partial termination or (ii) to exercise rights permitted to be exercised by it under a Hedging Agreement.

Discretion Matters

The Borrower Security Trustee may (but is not obliged to) make modifications to the Finance Documents without the consent of any other Secured Creditor where such modifications, consents or waivers:

- (a) in the opinion of the Borrower Security Trustee, are:
 - (i) to correct manifest errors or an error in respect of which an English court could reasonably be expected to make a rectification order; or
 - (ii) of a formal, minor, administrative or technical nature,
- (b) would not, in the opinion of the Borrower Security Trustee materially prejudice the interests of any of the Qualifying Borrower Secured Creditors.

Quorum Requirements

Pursuant to the terms of the STID, the Quorum Requirement is (a) in respect of an Ordinary Voting Matter, one or more Participating QBS Creditors representing in aggregate at least 20% of the entire Outstanding Principal Amount of all Qualifying Borrower Debt, (b) in respect of an Extraordinary Voting Matter, one or more Participating QBS Creditors representing, in aggregate, at least 50% of the entire Outstanding Principal Amount of all Qualifying Borrower Debt. If the Quorum Requirement for an Extraordinary Voting Matter is not met by the Business Day immediately preceding the last day of the Decision Period (as described further below in " – *Decision Periods*"), the Decision Period will be extended and the Quorum Requirement will reduce to 20% of the aggregate Outstanding Principal Amount of all Qualifying Borrower Debt.

Decision Periods

The STID includes provisions specifying the relevant decision periods within which votes must be cast (each a Decision Period) which period must not be less than (a) ten Business Days from the date of delivery of the STID Proposal for any Discretion Matter; (b) ten Business Days from the date of receipt of the relevant STID Voting Request, or if there is an agreement or determination that the original STID Voting Request is incorrect, the date of receipt of the amended STID Voting Request (the **Decision Commencement Date**) for any Ordinary Voting Matter; (c) 15 Business Days from the Decision Commencement Date for any Extraordinary Voting Matter and (d) 15 Business Days from the Decision Commencement Date for an Entrenched Right. However, the Decision Period for an Entrenched Right for which the Issuer is the Affected Borrower Secured Creditor will not be less than 45 days.

In the case of an Extraordinary Voting Matter for which the Quorum Requirement has not been met during the initial Decision Period, the Decision Period may be extended for a further ten days to allow for a second vote at the lower quorum threshold (as further described in " – *Quorum Requirements*" above).

Modifications, consents and waivers will be passed by the requisite number of creditors as further described in " – *Types of Voting Categories*" above.

Qualifying Borrower Debt

General

Creditors to whom Qualifying Borrower Debt is owed are entitled to vote the amount of such debt when consenting to proposals made by GAL or instructing the Borrower Security Trustee to take action in accordance with the STID. Qualifying Borrower Debt means Qualifying Borrower Senior Debt prior to repayment in full of the Senior Debt and Qualifying Borrower Junior Debt following such repayment.

Subject to Entrenched Rights and Reserved Matters, prior to payment in full of the Qualifying Borrower Senior Debt, only the relevant Qualifying Borrower Senior Creditors that are owed, or deemed to be owed, Qualifying Borrower Senior Debt may vote (through their Secured Creditor Representatives). Upon repayment in full of the Qualifying Borrower Senior Debt, only the Qualifying Borrower Junior Creditors that are owed, or deemed to be owed, Qualifying Borrower Junior Debt may vote (through their Secured Creditor Representatives).

Qualifying Borrower Senior Debt

Qualifying Borrower Senior Debt is comprised of (a) the principal amount outstanding that is owed to the Issuer by GAL under any Borrower Loan Agreements and corresponding to the Class A Bonds, (b) the market-to-market value which would be payable in respect of closed out cross-currency hedging transactions if an early termination date was designated at such time under the cross currency hedging transactions in respect of Class A Bonds, (c) the principal amounts outstanding or committed designated as Senior Debt under the Initial Authorised Credit Facility Agreement and (d) the principal amounts outstanding or committed under any other Authorised Credit Facility ranking pari passu with (a), (b) and (c).

Qualifying Borrower Junior Debt

Qualifying Borrower Junior Debt is comprised of (a) the principal amount outstanding that is owed to the Issuer by GAL under the Borrower Loan Agreements and corresponding to Class B Bonds, (b) the market-to-market value which would be payable in respect of closed out cross-currency hedging

transactions if an early termination date was designated at such time under the cross currency hedging transactions in respect of Class B Bonds, (c) the principal amounts outstanding designated as Junior Debt under the Initial Authorised Credit Facility Agreement and (d) the principal amounts outstanding under any other Authorised Credit Facility ranking pari passu with (a), (b) and (c).

Certification of amounts of Qualifying Borrower Debt

Each Qualifying Borrower Secured Creditor must certify to the Borrower Security Trustee the relevant amount of the Qualifying Borrower Debt that it is permitted to vote within five Business Days of delivery of the applicable notice from the Borrower Security Trustee. If any Qualifying Borrower Secured Creditor fails to provide such certification through its Secured Creditor Representative within the time required, then the Borrower Security Trustee will notify GAL of such failure. GAL must promptly inform the Borrower Security Trustee of the Outstanding Principal Amount of Qualifying Borrower Debt of such Qualifying Borrower Secured Creditor and such notification will be binding on the relevant Qualifying Borrower Secured Creditors except in the case of manifest error and without liability to GAL.

Tranching of Qualifying Borrower Debt and Determination of Voted Qualifying Debt for which the Issuer is a Creditor

As described in the section " – *Qualifying Borrower Debt*" above, amounts owed to the Issuer by GAL under the Borrower Loan Agreements are included in the Qualifying Borrower Senior Debt and/or the Qualifying Borrower Junior Debt. However, the Issuer Secured Creditors, as opposed to the Issuer itself, are entitled to vote in respect of such amounts. When the Bond Trustee (as the Issuer's Secured Creditor Representative) casts its votes on the Issuer's behalf, it will do as instructed by the relevant Issuer Secured Creditors. The Qualifying Borrower Senior Debt or the Qualifying Borrower Junior Debt, as the case may be, corresponding to the Bonds outstanding will be divided into tranches as set out below.

In the case of (a) and (b) of Qualifying Borrower Senior Debt (as described further in " – *Qualifying Borrower Senior Debt*" above):

- (a) a tranche for the holders of each Sub-Class of Class A Bonds equal to the aggregate Principal Amount Outstanding of each Sub-Class of the Class A Bonds; and
- (b) a tranche for each Cross Currency Hedge Counterparty in relation to Class A Bonds in respect of all transactions arising under the relevant Issuer Hedging Agreements equal to the Outstanding Principal Amount of the relevant Issuer Hedging Agreements.

In the case of (a) and (b) of Qualifying Borrower Junior Debt (as described further in " – *Qualifying Borrower Junior Debt*" above):

- (a) a tranche for the holders of each Sub-Class of Class B Bonds equal to the aggregate Principal Amount Outstanding of each Sub-Class of the Class B Bonds; and
- (b) a tranche for each Cross Currency Hedge Counterparty in relation to Class B Bonds in respect of all transactions arising under the relevant Issuer Hedging Agreements equal to the Outstanding Principal Amount of the relevant Issuer Hedging Agreement.

Holders of the each Sub-Class of Class A Bonds will vote in respect each Class A Bond voting tranche, and following repayment in full of the Senior Debt, holders of each Sub-Class of Class B Bonds will vote in respect of each Class B Bond voting tranche in accordance with the voting procedures set out in the Bond Trust Deed. A vote by the holder of a specified Principal Amount Outstanding of Bonds of any Sub-Class will be deemed to be a vote by the Issuer in respect of the

same principal amount of the corresponding Class A Bond or Class B Bond voting tranche as described above.

Decisions by Bondholders as described in (a) and (c) above will be determined on a "pound for pound" basis between votes cast in favour and votes cast against. Votes cast in favour and votes cast against will then be aggregated by the Borrower Security Trustee with the votes cast for and against by the other Qualifying Borrower Secured Creditors.

When voting in respect of each cross currency voting tranche, each Issuer Hedge Counterparty will vote the Outstanding Principal Amount of all transactions arising under each Cross Currency Hedging Agreement to which it is a party in respect of the relevant Class of Bonds. A vote by an Issuer Hedge Counterparty in respect of the Outstanding Principal Amount of a Cross Currency Hedging Agreement will be deemed to be a vote by the Issuer in respect of the same Outstanding Principal Amount of the corresponding Cross Currency Hedging Agreement voting tranche.

Decisions by each Issuer Hedge Counterparty will not be divided between votes cast in favour or against but will be a single vote of such amount in relation to all transactions under the relevant Cross Currency Hedging Agreement.

Only principal amounts of the relevant voting tranches that vote on a proposed resolution within the Decision Period will be counted towards the Quorum Requirement.

QBS Creditor Instructions

Qualifying Borrower Secured Creditors with at least 10% of the aggregate Outstanding Principal Amount of all Qualifying Borrower Debt may instruct the Borrower Security Trustee to exercise any of the rights granted to the Borrower Security Trustee under the Common Documents and (i) to appoint a person specified by such Qualifying Borrower Secured Creditor(s) to investigate the calculations contained in any Compliance Certificate; and (ii) following delivery of a Loan Enforcement Notice but prior to delivery of a Loan Acceleration Notice to send a Further Enforcement Instruction Notice.

Enforcement and Acceleration

Following a Loan Event of Default and for so long as it is continuing, the Borrower Security Trustee will request an instruction from the Qualifying Borrower Secured Creditors (through their Secured Creditor Representatives) as to whether the Borrower Security Trustee should deliver a Loan Enforcement Notice to enforce all or part of the Borrower Security and/or deliver a Loan Acceleration Notice to accelerate all of the obligations secured under the Borrower Security.

When voting on an Enforcement Instruction Notice:

- (a) the Quorum Requirement will be one or more Participating QBS Creditors representing, in aggregate, at least 33⅓% of the aggregate Outstanding Principal Amount of all Qualifying Borrower Debt;
- (b) the Decision Period will be ten Business Days from the date of delivery of the Enforcement Instruction Notice or Further Enforcement Instruction Notice; and
- (c) the majority required to pass the resolution will be more than 50% of the Voted Qualifying Debt.

Borrower Post-Enforcement (Pre-Acceleration) Priority of Payments

After delivery to GAL of a Loan Enforcement Notice, but prior to the delivery of a Loan Acceleration Notice, the whole of the Borrower Security will become enforceable. Subject to certain matters and to certain exceptions, following an enforcement, any proceeds of enforcement or other monies held by the Borrower Security Trustee under the STID will be applied by the Borrower Security Trustee in accordance with the Borrower Post-Enforcement (Pre-Acceleration) Priority of Payments waterfall. See "*Cashflows - Borrower Post-Enforcement (Pre-Acceleration) Priority of Payments*" for a detailed description.

Borrower Post-Enforcement (Post-Acceleration) Priority of Payments

Upon delivery to GAL of a Loan Acceleration Notice all Borrower Secured Liabilities will be accelerated in full. Subject to certain matters and to certain exceptions following an acceleration, any proceeds of acceleration or monies held by the Borrower Security Trustee under the STID will be applied by the Borrower Security Trustee in accordance with the Borrower Post-Enforcement (Post-Acceleration) Priority of Payments waterfall. See "*Cashflows - Borrower Post-Enforcement (Post-Acceleration) Priority of Payments*" for a detailed description.

Permitted Enforcement – Liquidity Facility Agent

Prior to the delivery of a Loan Enforcement Notice and/or Loan Acceleration Notice, if an Obligor has defaulted on any payment obligation under the Liquidity Facility Agreement, the Liquidity Facility Agent shall be entitled to exercise any right against any Obligor to recover any amounts due and payable under the Liquidity Facility Agreement.

Distressed Disposals

On the occurrence of a Distressed Disposal the Borrower Security Trustee may, without any consent from any Borrower Secured Creditor, release any Borrower Security as is required to effect the disposal in accordance with the STID. The net proceeds of disposal are to be applied in accordance with priorities of payments (see the section " – *Enforcement and Acceleration*" above and "*Cashflows*").

Conditions Precedent

The conditions precedent to among other things the signing of the CTA, the Establishment Date, the Initial Issue Date and the initial utilisation under the Initial Authorised Credit Facility Agreement are set out in a conditions precedent agreement (the CP Agreement) as agreed between, among others, the Bond Trustee, the Borrower Security Trustee and the Obligors.

Borrower Security Agreement

Security

Pursuant to the Borrower Security Agreement between GAL, the Security Parent and the Borrower Security Trustee, the obligations set forth thereunder became effective on the Initial Issue Date. Under the Borrower Security Agreement the Security Parent guarantees the obligations of each other Obligor under the Finance Documents and each of GAL and the Security Parent grant a security interest over all of their assets (subject to certain limited exceptions).

The security constituted by the Borrower Security Agreement is expressed to include, amongst other things:

- (a) first fixed charges over:
 - (i) the shares in GAL and the Issuer including all dividends, interest and other monies payable in respect thereof and all other rights related thereto;
 - (ii) GAL's and the Security Parent's right, title and interest from time to time in and to certain land and other real property and the proceeds of any disposal thereof;
 - (iii) all present and future plant, machinery, office equipment, computers, vehicles and other chattels;
 - (iv) all monies standing to the credit of GAL's bank accounts;
 - (v) certain Intellectual Property Rights owned by GAL and the Security Parent;
 - (vi) uncalled capital and goodwill;
 - (vii) each Authorised Investment;
 - (viii) all present and future book debts; and
 - (ix) all benefit in respect of its insurances;
- (b) an assignment of GAL's and the Security Parent's right in respect of all Transaction Documents and other designated material contracts; and
- (c) a first floating charge of the whole of the undertaking of GAL and the Security Parent.

Any entity acquired or established by GAL at any time following the Initial Issue Date which becomes a New Obligor under the STID will be required to accede to the Borrower Security Agreement as an Obligor and provide supplementary security and a guarantee of GAL's obligations under the Finance Documents.

Hedging

For the purposes of this Section, Group means the Security Parent and its Subsidiaries including the Issuer.

Hedge Counterparties and the STID

Each Hedge Counterparty will become a Borrower Secured Creditor party to the STID and the CTA and, in the case of such a treasury transaction with the Issuer, the Issuer Deed of Charge.

Cross Currency Hedge Counterparties are able to vote on STID Proposals in respect of the market-to-market value of any transactions in respect of the Class A and Class B Bonds only to the extent that such value represents an amount which would be payable to them if an early termination date was designated in respect of such transactions and such transactions are closed out at such time (see " – *Security Trust and Intercreditor Deed - Qualifying Borrower Debt*" above).

Payments owed to the Hedge Counterparties under Rate Hedging Agreements in respect of scheduled amounts and unscheduled amounts (including termination payments) will rank senior to or pari passu

with interest or principal payments on Senior Debt (see " – *Security Trust and Intercreditor Deed - Enforcement and Acceleration*" above).

General Principles

GAL and the Issuer are the only members of the Group permitted to enter into Hedging Agreements.

The purpose of the hedging policy is to manage the exposure of the Group to fluctuations in interest rates, currencies and other financial or operational risks. No member of the Group will enter into treasury transactions for the purpose of speculation, but rather only to manage risk inherent in its business or financings. Subject to the approvals contemplated above, the Hedging Policy will be reviewed from time to time by the Group and amended (subject to and in accordance with the provisions of the STID) as appropriate in line with market developments, regulatory developments, Good Industry Practice and the Group's funding arrangements and requirements.

Currency Risk Principles

The Group must not (after taking into account any natural hedging arising from operating income of the Group received in currencies other than sterling and any Cross Currency Hedging Agreement to which GAL or the Issuer is party) bear currency risk in respect of any foreign currency denominated debt instruments (excluding any fees payable in respect of any foreign currency denominated Authorised Credit Facility).

GAL will be permitted to enter into currency hedges to hedge any non-sterling revenues or expenditures provided that such hedging is entered into in the ordinary course of business and not for speculative purposes. The counterparties under such hedging arrangements will not be required to be party to the STID and will not benefit from the Borrower Security or have any voting rights. GAL will be permitted to provide collateral support in respect of such hedging arrangements.

Interest Rate Risk Principles

The Group may hedge its exposure to interest rate risk through a combination of cash balances, Authorised Investments and derivative instruments such as interest rate swaps and/or inflation swaps, subject to the parameters detailed below. The Group will not, at any time enter into non-sterling denominated interest rate swaps or inflation swaps except as part of a Cross Currency Hedging Agreement.

The Group will hedge its exposure to interest rate risk on its interest outgoings such that (without double counting) any basis swaps and, in the case of the Issuer, amounts receivable under the Borrower Loan Agreements:

- (a) at least 75% of the Relevant Debt of the Group from time to time effectively bears either a fixed rate of interest or inflation-linked rate of interest until the end of the then current Regulatory Period; and
- (b) at least 50% of the Relevant Debt of the Group from time to time effectively bears either a fixed rate of interest or inflation-linked rate of interest until the immediately following Regulatory Period.

Relevant Debt means (without double counting) the aggregate, at the time, of the outstanding:

- (a) Qualifying Borrower Senior Debt, excluding for these purposes any mark-to-market value of any transactions under Cross Currency Hedging Agreements and the principal amount outstanding under the Revolving Facility at such time;

- (b) Qualifying Borrower Junior Debt, excluding for these purposes any mark-to-market value of any transactions under Cross Currency Hedging Agreements;
- (c) the Principal Amount Outstanding under the Class A Bonds; and
- (d) the Principal Amount Outstanding under the Class B Bonds,

provided that for the purposes of calculating Relevant Debt only, non-sterling denominated debt shall be deemed to be converted to sterling at the rate specified in the relevant Cross Currency Hedging Agreement related to the relevant non-sterling denominated debt.

The Group will not, at any time, hedge its exposure to interest rate risk such that the Total Notional Hedged Amount (defined below) exceeds 102.5% of the sum of the Relevant Debt (the Hedging Limit). The Total Notional Hedged Amount will be the aggregate, at the time, of (a) the outstanding notional amount of treasury transactions under the relevant Hedging Agreements which are interest rate swap transactions and inflation swap transactions (excluding, prior to (but including upon and following) any Loan Event of Default, any Pre-hedges (as defined below) and excluding the notional amount of any treasury transactions which are inflation swap transactions which do not provide for any payment obligations referenced to floating rate interest) and (b) the outstanding principal amount of the Fixed-rate Debt and provided that the Total Notional Hedged Amount shall be calculated by netting the Notional Amount (as defined in the relevant Hedging Agreements) of any Treasury Transaction to which a member of the Group is a party against the Notional Amount (as defined in the relevant Hedging Agreements) of any Treasury Transaction to which a member of the Group is a party and which provide for opposite payment obligations. Fixed-rate Debt is the aggregate, at the time, of the outstanding Relevant Debt that bears either a fixed rate of interest or inflation-linked return.

The Group will, in addition, be permitted to enter into derivative instruments such as forward starting interest rate swap transactions and/or inflation rate swap transactions (the Pre-hedges). Any Pre-hedge must have an effective date no later than 24 months from the date of entry into such treasury transaction and must be hedging Financial Indebtedness which is projected to be incurred within 24 months from the execution date and which is not projected to breach the Additional Indebtedness Tests at the projected date of incurrence. Subject to no Loan Event of Default having occurred, such Pre-hedges will not count towards the Hedging Limit prior to the applicable effective date of the relevant Pre-hedge.

Other Hedging Risk Principles

GAL will be permitted to enter into hedges (including, but not limited to, index-linked instruments) to hedge its forecast operating revenues or operating or capital expenditures (including, but not limited to, electricity price hedging and commodities hedging in respect of materials required for development projects). This hedging must be entered into in the ordinary course of business, relate to the business requirements of GAL and not be for speculative purposes. The counterparties under such hedging arrangements will not be required to be party to the STID and will not benefit from the Borrower Security or have any voting rights. GAL will be permitted to provide collateral support in respect of such hedging arrangements.

Principles relating to Hedge Counterparties and Hedging Agreements

All Hedging Agreements and Pre-hedges must comply upon their execution with the requirements set out in the then current Rating Agency Criteria at the time the Hedging Agreement is entered into unless the Rating Agencies providing the ratings for the outstanding Bonds have confirmed that the previous Rating Agency Criteria remains acceptable.

The Issuer or, as applicable, GAL will only enter into a Hedging Agreement with a Hedge Counterparty if such Hedging Agreement limits the termination events thereunder in accordance with the hedging policy including as follows:

- (a) non-payment or non-delivery by the Issuer or, as applicable, GAL, under such Hedging Agreement;
- (b) certain insolvency events affecting the Issuer or, as the case may be, GAL;
- (c) any termination event under the relevant Hedging Agreement relating to illegality (as defined in the relevant Hedging Agreement);
- (d) certain tax events;
- (e) redemption of the Relevant Debt hedged by such treasury transactions;
- (f) following the delivery of a Loan Acceleration Notice or a Bond Enforcement Notice;
- (g) GAL and/or the Issuer (as applicable) do not comply with the Hedging Limit;
- (h) to the extent that the aggregate notional amount of Treasury Transactions which hedge any particular portion of non-sterling denominated Relevant Debt at that time exceeds the outstanding principal amount of such debt in which event each such Treasury Transaction shall be terminated on a pro rata basis;
- (i) to the extent that the aggregate notional amount of treasury transactions which hedge any particular portion of the Fixed-rate Debt exceeds the outstanding principal amount of such debt, in which event such treasury transaction will be terminated on a pro rata basis;
- (j) in the case of any Pre-hedges and/or any other inflation or interest rate swap transactions, (i) pursuant to any mandatory termination provision in the relevant Hedging Agreement or (ii) in respect of the Pre-hedge only, to the extent that the projected Financial Indebtedness is not incurred as projected or has been incurred and the relevant pre-hedging is no longer required;
- (k) prior to the effective date of a Pre-hedge and in respect of such Pre-hedge only, any of the events outlined in section 5(a) and section 5(b) of the relevant Hedging Agreement; and
- (l) upon agreement between the parties.

Where GAL and the Issuer have entered into back-to-back hedge agreements, GAL and the Issuer shall terminate any such back-to-back transactions immediately upon and to the extent of any termination of corresponding Treasury Transaction by the Issuer and the relevant Hedge Counterparty as permitted by the terms of the Hedging Policy.

All Hedging Agreements must be entered into in the form, as amended by the parties thereto, of the 1992 ISDA Master Agreement (Multicurrency – Cross Border), the 2002 ISDA Master Agreement or any successor thereto published by ISDA unless otherwise agreed by the Borrower Security Trustee.

OTHER FINANCE DOCUMENTS

Initial Authorised Credit Facility Agreement

GAL and the Initial ACF Arrangers entered into the Initial Authorised Credit Facility Agreement on the Establishment Date. Credit facilities were made available to GAL by the Original ACF Lenders which comprise:

- (a) a £620,000,000 Term Facility to fund the refinancing of the Existing Term Facility and (to the extent drawn) the existing capex facility under the Existing Facilities Agreement, the payment of fees, costs, expenses, stamp, registration and other taxes incurred in connection with the refinancing and the payment by GAL (and, in turn, its successive holding companies as GAL, or they, as applicable, will determine) of a dividend in an amount determined by GAL. The Term Facility was only available on the Initial Issue Date;
- (b) a £300,000,000 Capex Facility to fund:
 - (i) RAB-Eligible Capex,
 - (ii) refinancing RAB-Eligible Capex (other than RAB-Eligible Capex which is or had been supported by any Capex Independent LC Arrangements) or refinancing Capital Expenditure which, when made, was not RAB-Eligible Capex but which has subsequently qualified as RAB-Eligible Capex and, in each case, was incurred in the previous Relevant Period or the current Relevant Period, and
 - (iii) the provision of cash collateral as part of its Capex Independent LC Arrangements in respect of LC Supported RAB-Eligible Capex.

The Capex Facility is available from and including the Initial Issue Date to and including 3 November 2014; and

- (c) a £50,000,000 Revolving Facility towards general corporate and working capital purposes (but not towards payment of any amount referred to in paragraph (a) above, acquisitions of companies, businesses or undertakings, payment of any principal in respect of any Term Facility Loan or Capex Facility Loan or, in the case of any utilisation of any Ancillary Facility, towards prepayment of any Revolving Facility Loan). The Revolving Facility is available for the period from and including the Initial Issue Date to and including 3 November 2014. The Revolving Facility is subject to cleardown provisions requiring the facility to be repaid in full for a period of not less than five successive Business Days in each 12 month period elapsing after the Initial Issue Date and is subject to a minimum period of three months between clean-down periods.

The facilities made available under the Initial Authorised Credit Facility Agreement will mature on 3 December 2014.

The Obligors make representations and warranties, covenants and undertakings to the Initial ACF Finance Parties on the terms set out in the CTA.

The Loan Events of Default under the CTA apply under the Initial Authorised Credit Facility Agreement.

The ability of the Initial ACF Finance Parties to accelerate any sums owing to them under the Initial Authorised Credit Facility Agreement upon or following the occurrence of a Loan Event of Default thereunder is subject to the STID. However, no further drawings may be made under the Initial

Authorised Credit Facility Agreement following the occurrence of a Loan Event of Default which is continuing.

Authorised Credit Facility Agreement

GAL and the ACF Arrangers will enter into the Authorised Credit Facility Agreement on or around [●] March 2014 under which the ACF Lenders made available to GAL a £300,000,000 Revolving Facility to be applied towards its general corporate and working capital purposes. The Revolving Facility is available for the period from and including the date on which all initial conditions precedent are satisfied thereunder (which includes the repayment in full of all amounts due and payable under the Initial Authorised Credit Facilities Agreement and the cancellation in full of all existing commitments thereunder) to and including [●]2019. The Revolving Facility is not subject to any cleandown provisions requiring the facility to be repaid in full during each year.

The Obligors make representations and warranties, covenants and undertakings to the ACF Finance Parties on the terms set out in the CTA.

The Loan Events of Default under the CTA apply under the Authorised Credit Facility Agreement.

The ability of the ACF Finance Parties to accelerate any sums owing to them under the Authorised Credit Facility Agreement upon or following the occurrence of a Loan Event of Default thereunder is subject to the STID. However, no further drawings may be made under the Authorised Credit Facility Agreement following the occurrence of a Loan Event of Default which is continuing.

Borrower Loan Agreements

General

On or prior to the issuance by the Issuer of a Sub-Class or Class of Bonds under the Programme, the Issuer, GAL and the Borrower Security Trustee will enter into a Borrower Loan Agreement, the terms of which will be agreed at the relevant time, and the aggregate proceeds of the issuance of such Sub-Class or Class of Bonds will be on-lent to GAL under such Borrower Loan Agreement, except that, in relation to any issuances of Bonds which are fungible with an existing issuance of a Sub-Class or Class of Bonds, the Issuer will make available further facilities under the Borrower Loan Agreement relating to such existing issuance of a Sub-Class or Class of Bonds in an aggregate amount equal to the proceeds of each such new issuance under the terms of such Borrower Loan Agreement.

Each Advance (or each Sub-Advance together making a single Advance) made under a Borrower Loan Agreement will correspond to the principal amount of each Sub-Class or Class of Bonds issued on the corresponding Issue Date such that the economic terms of each Advance match the economic terms of the corresponding Sub-Class or Class of Bonds. The making of each Advance will be subject to the satisfaction of the conditions precedent set out in the relevant Borrower Loan Agreement, which will include a condition that the Security Parent will be an Obligor in respect of that Advance.

Matching of obligations

As each Advance is structured and tranching to match the tenor, interest rate and payment dates of each, Sub-Class of Bonds, the Advances have characteristics that demonstrate capacity to produce funds to service any payments due and payable under each, Sub Class or Class of the Bonds.

Advances

All Advances made or to be made by the Issuer under each Borrower Loan Agreement are or will be in amounts and at rates of interest (or such discount or indexed amount) corresponding to amounts and rates set out in the relevant Final Terms or Pricing Supplement (as the case may be) and will have interest periods which match the Interest Periods for the corresponding Tranche, Sub-Class or Class of Bonds but will have interest payment dates three Business Days prior to the Interest Payment Date on the related Sub-Class or Class of Bonds. Interest on each Advance made under each Borrower Loan Agreement will accrue from the date of such Advance. In addition, each Advance will be repayable on the Business Day falling three Business Days prior to the Scheduled Redemption Date in respect of the related Bonds together with any accrued but unpaid ongoing facility fees.

Prepayments

If GAL is required to prepay amounts outstanding under a Borrower Loan Agreement, it will prepay the relevant Advances or part thereof together with accrued interest, any prepayment fees and other break fees, costs and expenses and where applicable any make-whole amounts, then payable under a Borrower Loan Agreement and other relevant Transaction Documents to correspond to the amounts payable by the Issuer in respect of the corresponding early redemption of the corresponding Sub-Class or Class of Bonds.

Fees

In consideration for the Issuer agreeing to make the Advances available under a Borrower Loan Agreement, GAL will agree to pay to the Issuer the initial and ongoing facility fees set out in the relevant Borrower Loan Agreement.

Prior to an Issue Date, GAL shall pay on behalf of the Issuer by way of the initial facility fee any expenses of the Issuer reasonably incurred in connection with the issue of Bonds including, inter alia, the fees and expenses of the Bond Trustee, the Issuer Security Trustee, the Agents, the Issuer Cash Manager, the Issuer Account Bank, the Issuer Corporate Administration Providers, the Issuer's legal advisers, accountants and auditors and any amounts payable to the Issuer Hedge Counterparties.

After the relevant Issue Date GAL will pay periodically a facility fee by way of the ongoing facility fee which shall meet the ongoing costs, losses and expenses of the Issuer in respect of amounts owed to, inter alios, the Bond Trustee, the Issuer Security Trustee (and any receiver appointed by the Issuer Security Trustee), the Agents, the Issuer Cash Manager, the Issuer Account Bank, the Issuer Corporate Administration Providers, the Liquidity Facility Providers, the Issuer's legal advisers, accountants and auditors and any amounts payable to the Issuer Hedge Counterparties (in each case to the extent not covered by the initial facility fee) and Liquidity Facility Providers.

Secured obligations

The obligations of GAL under each Borrower Loan Agreement will be secured pursuant to the Borrower Security Agreement, and such obligations will be guaranteed by each other Obligor in favour of the Borrower Security Trustee, who will hold the benefit of such security and guarantees on trust for the Borrower Secured Creditors (including the Issuer) on the terms of the STID.

Loan Event of Default

The Issuer's obligations to repay principal and pay interest on the Bonds are intended to be met primarily from the payments of principal and interest received from GAL under the corresponding Borrower Loan Agreement and payments received under any related Hedging Agreements. Failure of GAL to repay an Advance on the maturity date in respect of such Advance (which corresponds to the

Business Day falling three Business Days prior to the Scheduled Redemption Date of the corresponding Sub-Class or Class of Bonds) will be a Loan Event of Default under the relevant Borrower Loan Agreement, although it will not, of itself, constitute a Bond Event of Default. The Maturity Date under the Bonds corresponding to the relevant Advance will fall two years after the Scheduled Redemption Date, to cater solely for the possibility that GAL might default on repayment of the Borrower Loans. In the event of such a Loan Event of Default, the Bonds will accrue interest at a floating rate, which will be met from any available proceeds from the Borrower Loans or, if insufficient, from drawings under the Liquidity Facility to the extent available. If the Bonds are not redeemed in full by their Maturity Date, there will be a Bond Event of Default.

Withholding/deductions

GAL agrees to make all payments to the Issuer free and clear of any withholding on account of tax unless it is required by law to do so – in such circumstances GAL will gross-up such payments.

Borrower Account Bank Agreement

General

GAL established or caused to be established on or before the Establishment Date a sterling operating account, a mandatory standby repayment account and a borrower hedge collateral account and may at a later date establish a liquidity reserve account (together with any other accounts that may be opened from time to time, the Borrower Accounts). The Borrower Accounts are held with the Borrower Account Bank pursuant to the Borrower Account Bank Agreement dated on the Establishment Date between GAL, the Borrower Account Bank and the Borrower Security Trustee. Any Liquidity Standby Account opened under the Liquidity Facility Agreement will be opened and maintained with the Borrower Account Bank under the Borrower Account Bank Agreement.

Termination

The Borrower Account Bank may resign its appointment upon not less than 120 days' notice to GAL provided that such resignation shall not take effect until a substitute Borrower Account Bank with the Requisite Rating has been duly appointed.

GAL may revoke its appointment of the Borrower Account Bank by not less than 30 days' notice to the Borrower Account Bank provided that such revocation shall not take effect until a substitute has been duly appointed. Furthermore, GAL may terminate the appointment of the Borrower Account Bank if, inter alia, (a) an Insolvency Event occurs in relation to the Borrower Account Bank, (b) the Borrower Account Bank no longer maintains the Requisite Rating with any two of the Rating Agencies and (c) if the Borrower Account Bank defaults in the performance of any of its material obligations under the Borrower Account Bank Agreement subject to the applicable grace period.

Description of Borrower Account Bank

The Borrower Account Bank is The Royal Bank of Scotland plc.

The Royal Bank of Scotland plc's registered office is 36 St Andrews Square, Edinburgh EH2 2YB.

The Royal Bank of Scotland plc (**RBS**) is a public limited company incorporated in Scotland with registration number SC090312 and was incorporated under Scots law on 31 October 1984. RBS is a whollyowned subsidiary of the Royal Bank of Scotland Group plc (the **RBS Group**), which is the holding company of a large global banking and financial services group. Headquartered in Edinburgh, the RBS Group operates in the United Kingdom, the United States and internationally through its three principal subsidiaries, RBS, National Westminster Bank Plc (**NatWest**) and The

Royal Bank of Scotland N.V. (**RBS N.V.**). Both RBS and NatWest are major United Kingdom clearing banks. RBS N.V. is a bank regulated by the Dutch Central Bank. In the United States, the RBS Group's subsidiary Citizens Financial Group, Inc. is a large commercial banking organisation. Globally, the RBS Group has a diversified customer base and provides a wide range of products and services to personal, commercial and large corporate and institutional customers.

The information in the preceding two paragraphs has been provided solely by RBS for use in this Prospectus. Except for the foregoing two paragraphs, RBS and its affiliates do not accept responsibility for this Prospectus.

Liquidity Facility Agreement

Each Liquidity Facility Provider is a Borrower Secured Creditor and Issuer Secured Creditor party to the STID and the CTA.

The amounts owed to the Liquidity Facility Providers other than Liquidity Subordinated Amounts do not constitute Qualifying Borrower Senior Debt. However, fees, interest and principal payable to the Liquidity Facility Providers will rank senior to interest and principal payments on the Class A Bonds (see " – *Security Trust and Intercreditor Deed - Enforcement and Acceleration*").

On the Establishment Date, GAL and the Issuer entered into the Liquidity Facility Agreement with the Liquidity Facility Providers pursuant to which the Liquidity Facility Providers agreed to make the Liquidity Facility available to meet certain liquidity shortfalls.

Under the terms of the Liquidity Facility Agreement, the Liquidity Facility Providers will provide a 364-day commitment in an aggregate sterling amount specified in the Liquidity Facility Agreement to permit drawings to be made by (i) GAL in circumstances where GAL has or will have insufficient funds available on a Payment Date to pay (among other things) scheduled interest on the Authorised Credit Facilities to the extent such amount is in respect of Senior Debt (a **GAL Liquidity Shortfall**) and (ii) the Issuer in circumstances where the Issuer has or will have insufficient funds available on an Interest Payment Date to pay (among other things) scheduled interest on the Class A Bonds (a **GFL Liquidity Shortfall**). The Liquidity Facility shall not be available to provide for any termination payments or other unscheduled amounts payable by the Issuer or GAL to the Hedge Counterparties.

The Liquidity Facility Agreement provides that the amounts repaid by GAL or the Issuer to the Liquidity Facility Providers may be redrawn.

Each Liquidity Facility Provider must be a bank which as at the Establishment Date has the Requisite Rating.

The Liquidity Facility Agreement provides that if (i) at any time the relevant rating of a Liquidity Facility Provider falls below the Requisite Rating or (ii) a Liquidity Facility Provider does not agree to renew such Liquidity Facility prior to the expiry of the 364 day period, GAL and/or the Issuer will:

- (a) use all reasonable endeavours to replace the relevant Liquidity Facility Provider with a party having the Requisite Rating and/or enter into a substitute liquidity facility agreement with a party having the Requisite Rating; and
- (b) if a replacement is not made (or if the affected Liquidity Facility Provider does not procure a guarantee of its obligations from a guarantor with the Requisite Rating) or a substitute agreement is not entered into within the relevant time period specified in the Liquidity Facility Agreement, be entitled to require make a Standby Drawing in respect of such Liquidity Facility Provider's under a commitment.

A Standby Drawing will generally be repayable, together with any interest accrued thereon, only if (i) the affected Liquidity Facility Provider is re-rated with the Requisite Rating (or higher), or (ii) the relevant Liquidity Facility Provider assigns or transfers its rights, benefits and obligations to a substitute Liquidity Facility Provider in accordance with the Liquidity Facility Agreement, or (iii) GAL and/or the Issuer serve a notice of cancellation to the affected Liquidity Facility Provider in accordance with the Liquidity Facility Agreement.

Interest accrues on any drawing (including a Standby Drawing) made under the Liquidity Facility Agreement provided by the Liquidity Facility Providers at a reference rate (of LIBOR) plus a margin plus certain step-up amounts. Under the Liquidity Facility Agreement, GAL and the Issuer are also required to pay additional amounts if: (i) a withholding or deduction for or on account of tax is imposed on payments made by it to the relevant Liquidity Facility Provider; or (ii) if the relevant Liquidity Facility Provider suffers an increase in the cost of providing the relevant Liquidity Facility.

Under the terms of the CTA and the STID (in the case of GAL) and the Issuer Cash Management Agreement and the Issuer Deed of Charge (in the case of the Issuer), all indebtedness outstanding under the Liquidity Facility Agreement (other than certain liquidity subordinated amounts) will rank in priority to amounts payable under the Authorised Credit Facilities and the Class A Bonds (as applicable).

Declaration of Trust over Liquidity Standby Account

On the Initial Issue Date, GAL, the Borrower Security Trustee, the Issuer Security Trustee and the Issuer entered into a declaration of trust in relation to the Liquidity Standby Account, under which GAL acts as trustee in respect certain property including the amount of any Standby Drawing(s) made by the Liquidity Facility Provider(s) to the Liquidity Standby Account. The beneficiaries under the Liquidity Standby Account Declaration of Trust will be GAL and the Issuer and their beneficial interests in the trust will be determined by the terms of the Liquidity Standby Account Declaration of Trust based on the respective amounts, from time to time, of the Outstanding Principal Amount under the Authorised Credit Facilities and the Principal Amount Outstanding of the Class A Bonds.

GAL and the Issuer granted security over their respective beneficial interests in the Liquidity Standby Account Declaration of Trust under the terms of the Borrower Security Agreement (in the case of GAL) and under the Issuer Deed of Charge (in the case of the Issuer).

Standby Drawings made to the Liquidity Standby Account are subject to the Liquidity Standby Account Declaration of Trust and no Liquidity Facility Provider has any proprietary interest or security interest in such amounts, save as arises under the Security Documents.

Tax Deed

Pursuant to the Tax Deed, among other things, each of the Covenantors has made representations as at the Initial Issue Date and given covenants in relation to its tax affairs and the tax affairs of its group (where applicable) for the benefit of the Issuer Security Trustee (as trustee for the Issuer Secured Creditors) and the Borrower Security Trustee (as trustee for the Borrower Secured Creditors) with a view to protecting the Security Group from various tax-related risks.

The effect of the representations and covenants given by the Covenantors is that the risk of any member of the Security Group being subject to an unexpected tax liability which might affect its ability to perform its obligations under any of the Transaction Documents should be minimised.

A breach of the terms of the Tax Deed shall not give rise to any liability under the Tax Deed to the extent that the tax liability that arises is less than 0.5% of Regulatory RAB.

ISSUER TRANSACTION DOCUMENTS

The Issuer Deed of Charge

General

On the Establishment Date, the Issuer entered into the Issuer Deed of Charge with the Issuer Security Trustee and the Bond Trustee for itself and on behalf of the Bondholders, the Liquidity Facility Agent, the Issuer Hedge Counterparties, the Issuer Account Bank, the Registrar, the Principal Paying Agent, the Paying Agent, the Exchange Agent, the Agent Bank, the Issuer Cash Manager, the Issuer Corporate Administration Providers, any receiver and any other creditor of the Issuer which accedes to the Issuer Deed of Charge (together the **Issuer Secured Creditors**).

Issuer Security

- Pursuant to the Issuer Deed of Charge, from the Initial Issue Date, the Issuer secured its obligations to the Issuer Secured Creditors by granting the following security (the **Issuer Security**):
- an absolute assignment (or, to the extent not assignable, a first fixed charge) of all of its rights in respect of the Issuer Transaction Documents and the Finance Documents to which the Issuer is a party (other than the Issuer Deed of Charge, the Bond Trust Deed and the Jersey Corporate Administration Agreement);
- an absolute assignment (or, to the extent not assignable, a first fixed charge) of all of its rights in respect of any amount standing from time to time to the credit of the Issuer Accounts and all interest paid or payable in relation to those amounts and all debts represented by those amounts;
- an absolute assignment (or, to the extent not assignable, a first fixed charge) of all its rights in relation to the Issuer's interest in the trust created under the Liquidity Standby Account Declaration of Trust;
- a first fixed charge of all its rights in respect of each Authorised Investment of the Issuer; and
- a first floating charge over the whole of the Issuer's assets (including, without limitation, its uncalled capital) other than any assets at any time otherwise effectively charged or assigned by way of fixed charge or assignment under the Issuer Deed of Charge.

The Issuer Security is held on trust by the Issuer Security Trustee for itself and on behalf of the Issuer Secured Creditors in accordance with, and subject to the Issuer Deed of Charge.

Restrictions on the exercise of rights

The Issuer Deed of Charge contains certain restrictions on the exercise of rights. These include that, each of the Issuer Secured Creditors agrees with the Issuer and the Issuer Security Trustee that (a) only the Issuer Security Trustee may enforce the Issuer Security in accordance with the terms of the Issuer Deed of Charge, (b) it will not take any steps or proceedings to procure the winding up, administration or liquidation of the Issuer and (c) it will not take any other steps or action against the Issuer or in relation to the Issuer Security for the purpose of recovering any of the secured liabilities or enforcing any rights arising out of the Issuer Transaction Documents against the Issuer or take any other proceedings in respect of or concerning the Issuer or the Issuer Security provided that, subject to

items (a) and (b) above, the Liquidity Facility Agent and the Issuer Hedge Counterparties may sue for, commence or join legal or arbitration proceedings against the Issuer to recover any amounts due and payable in respect of or under the Liquidity Facility Agreement or the relevant Issuer Hedge Agreement, as the case may be.

Furthermore, each of the Issuer Secured Creditors agrees that all obligations of the Issuer to each Issuer Secured Creditor are limited in recourse to the Issuer Security. If (a) there is no Issuer Security remaining which is capable of being realised or otherwise converted into cash, (b) all amounts available from the Issuer Security have been applied to meet or provide for the relevant obligations in accordance with the provisions of the Issuer Deed of Charge and (c) there are insufficient amounts available from the Issuer Security to pay in full the secured liabilities, then the Issuer Secured Creditors shall have no further claim against the Issuer in respect of any amounts owing to them which remain unpaid and such unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be deemed to cease.

Priority of payments upon acceleration

After the service of a Bond Enforcement Notice by the Bond Trustee in accordance with Condition 10(b) (*Delivery of Bond Enforcement Notice*) the Issuer Cash Manager shall (to the extent that such funds are available) use funds standing to the credit of the Issuer Accounts (subject to certain exceptions) to make payments in accordance with the Issuer Post-Enforcement Priority of Payments waterfall. See "*Cashflows - Issuer Post-Enforcement Priority of Payments*" for more detail.

Enforcement of the Issuer Security

The Issuer Security Trustee will be bound to enforce the Issuer Security if directed to do so by the Bond Trustee, provided that the Issuer Security Trustee has been indemnified and/or secured to its satisfaction against any liabilities.

The Issuer Security will become immediately enforceable following the occurrence of a Bond Event of Default and the delivery of a Bond Enforcement Notice by the Bond Trustee or, if there are no Bonds outstanding, upon failure by the Issuer to pay any other secured liability on its due date.

Bond Trust Deed

General

On the Establishment Date, the Issuer and the Bond Trustee entered into the Bond Trust Deed pursuant to which the Bonds will be constituted. The Bond Trust Deed includes the form of the Bonds and contains a covenant from the Issuer to the Bond Trustee to pay all amounts due under the Bonds. The Bond Trustee holds the benefit of that covenant on trust for itself and the Bondholders in accordance with their respective interests.

Enforcement

The Bond Trustee may at any time, at its discretion and without notice:

- (a) take such action, proceedings and/or other steps as it may think fit against or in relation to the Issuer or any other person to enforce its obligations under the Bond Trust Deed, the conditions, the Bonds or any other Issuer Transaction Document to which the Bond Trustee is a party,
- (b) exercise any of its rights under, or in connection with, the Bond Trust Deed, the Conditions or any other Issuer Transaction Document and/or

- (c) give any directions to the Issuer Security Trustee under or in connection with any Issuer Transaction Document (including, but not limited to, the giving, subject to the delivery of a Bond Enforcement Notice, of a direction to the Issuer Security Trustee to enforce the Issuer Security).

Waiver of a Bond Event of Default

The Bond Trustee may, without the consent or sanction of the Bondholders or any other Issuer Secured Creditor at any time (but only if in its opinion such waiver will not be materially prejudicial to the interests of the Most Senior Class of Bondholders) determine that any event which would otherwise constitute a Bond Event of Default or Potential Bond Event of Default shall not be treated as such for the purposes of the Bond Trust Deed provided that the Bond Trustee shall not exercise such powers in contravention of any express direction given by Extraordinary Resolution of the holders of the Most Senior Class of Bonds then outstanding or of a request in writing made by holders of not less than 25% in aggregate of the principal amount of the Most Senior Class of Bonds then outstanding.

Modification

The Bond Trustee may without the consent or sanction of the Bondholders and without the consent of the other Issuer Secured Creditors (other than any Issuer Secured Creditor which is party to the relevant documents), at any time and from time to time concur with the Issuer and any other person, or direct the Issuer Security Trustee to concur with the Issuer or any other person, in making any modification to the Bond Trust Deed, the Conditions, the Bonds and/or the other Issuer Transaction Documents (other than a Basic Terms Modification) (subject as provided in the STID in relation to any Common Documents) which may, in the opinion of the Bond Trustee, be proper to make provided that the Bond Trustee is of the opinion that such modification will not be materially prejudicial to the interests of the Bondholders of the Most Senior Class of Bonds then outstanding and provided further that if any such modification relates to an Issuer Secured Creditor Entrenched Right, each of the affected Issuer Secured Creditors has given its prior written consent.

The Bond Trust Deed provides that in connection with the exercise by it of any of its trusts, powers, authorities or discretions under the Bond Trust Deed (including, without limitation, any modification, waiver, authorisation, determination or substitution) or any other Issuer Transaction Document the Bond Trustee shall:

- (a) have regard to the general interests of the Bondholders of each Class or Sub-Class as a class or sub-class; and
- (b) except where expressly provided otherwise, have regard to the interests of the Class A Bondholders and the Class B Bondholders equally, provided that the Bond Trustee shall have regard to the interest only of the holders of the Most Senior Class of Bonds if, in the Bond Trustee's opinion, there is a conflict between the interests of the Class A Bondholders and the Class B Bondholders.

Action, proceedings and indemnification

The Bond Trustee shall not be bound to take any actions, proceedings, or steps in relation to the Bond Trust Deed, the Bonds or any other Issuer Transaction Document unless directed or requested to do so in writing by the Issuer Qualifying Creditors together holding or representing 25% or more of the Issuer Qualifying Debt, and then only if it shall be indemnified to its satisfaction against any liabilities relating to such actions.

Only the Bond Trustee may enforce the provisions of the Bond Trust Deed or the other Issuer Transaction Documents to which it is party.

STID voting requests

Subject to the provisions of the STID, on receipt of a STID Voting Request from the Borrower Security Trustee in respect of a STID Proposal that gives rise to an Entrenched Right in respect of which the Issuer is an Affected Borrower Secured Creditor, the Bond Trustee shall convene a meeting of the holders of each Sub-Class of Bonds then outstanding and affected by such Entrenched Right.

On receipt of a STID Voting Request from the Borrower Security Trustee in respect of an Ordinary Voting Matter or Extraordinary Voting Matter or other STID Proposal, the Bond Trustee shall promptly send a copy of such notice to the Bondholders.

In respect of a STID Proposal which does not give rise to an Entrenched Right, no physical meetings of Bondholders will be held in respect of any vote.

Issuer representations

The Issuer makes representations (subject to detailed carve-outs, exceptions and qualifications set forth in the Bond Trust Deed) in the Bond Trust Deed as at the date of the Bond Trust Deed and at each Issue Date, including as to:

- (k) notify the Bond Trustee if payments by the Issuer become subject to withholding;
- (l) deliver to the Bond Trustee a certificate setting out the total number and aggregate nominal amount of the Bonds of each Class or Sub-Class which:
 - (i) up to and including the date of such certificate have been purchased by the Issuer or any Obligor and cancelled; and
 - (ii) are at the date of such certificate held by, for the benefit of, or on behalf of, the Issuer or any Obligor;
- (m) procure that each of the Agents makes available for inspection by Bondholders copies of the Bond Trust Deed, the Agency Agreement and the then latest audited balance sheet and profit and loss account (consolidated if applicable) of the Issuer;
- (n) procure the delivery of legal opinion(s) as to English and any other relevant law, addressed to the Bond Trustee, dated the date of any modification or amendment or supplement to the Bond Trust Deed;
- (o) give notice to the Bond Trustee of the proposed redemption of the Bonds of any Class or Sub-Class;
- (p) minimise taxes and any other costs arising in connection with its payment obligations in respect of the Bonds;
- (q) maintain its registered office in Jersey;
- (r) give notice to the Bond Trustee of the occurrence of any Bond Event of Default or Potential Bond Event of Default; and
- (s) for so long as any of the Bonds are "restricted securities" as defined in Rule 144(a)(3) under the Securities Act furnish, information required to be delivered under Rule 144A(d)(4) under the Securities Act if, at the time of the request, the Issuer is neither subject to Section 13 or 15(d) of the U.S. Securities Exchange Act of 1934, as amended, nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder.

Issuer Cash Management Agreement

General

The Issuer has appointed GAL as the Issuer Cash Manager pursuant to the Issuer Cash Management Agreement dated on the Establishment Date. Pursuant to the Issuer Cash Management Agreement, the Issuer Cash Manager undertakes certain cash administration functions on behalf of the Issuer.

Cash management functions

As part of its duties under the Issuer Cash Management Agreement, the Issuer Cash Manager, inter alia, (a) operates the Issuer Accounts and effect payments to and from the Issuer Accounts in accordance with the provisions of the relevant Issuer Transaction Documents, (b) procures that all payments of principal, interest, the ongoing facility fee, the initial facility fees or other amounts received or to be received under the Borrower Loan Agreements are identified and calculated as such, (c) invests funds not immediately required by the Issuer in Authorised Investments in accordance with the provisions of the Issuer Cash Management Agreement and (d) makes determinations and perform certain obligations on behalf of the Issuer as set out in, and in accordance with, the provisions of the Liquidity Facility Agreement including directing the Issuer to make drawings (or making drawings on behalf of the Issuer) under the Liquidity Facility Agreement.

Liquidity facility

Allowing sufficient time to deliver any relevant LF Notice of Drawing, the Issuer Cash Manager (on behalf of the Issuer) shall determine the amount of any anticipated GFL Liquidity Shortfall on the next Interest Payment Date after taking into account the balance standing to the credit of the Issuer Accounts (excluding any Issuer Collateral Accounts) which will be available to the Issuer on the next Interest Payment Date. Any amounts standing to the credit of the Issuer Liquidity Reserve Account (if any) will be applied to decrease the amount which would otherwise constitute a GFL Liquidity Shortfall by applying such amount towards payment of items (a) to (e), (f)(i) and (f)(ii) (inclusive) of the Issuer Pre-Enforcement Priority of Payments (excluding any termination payments and all other unscheduled amounts payable to any Issuer Hedge Counterparty). The Issuer, or the Issuer Cash Manager on its behalf, will issue a notice of drawing to the facility agent under the Liquidity Facility Agreement to cover any such liquidity shortfall.

Pre-enforcement priority of payments

Prior to the delivery of a Bond Enforcement Notice by the Bond Trustee in accordance with Condition 10(b) (*Delivery of Bond Enforcement Notice*), amounts standing to the credit of the Issuer Accounts (subject to certain exceptions), will be applied by the Issuer Cash Manager (on behalf of the Issuer) in accordance with the Issuer pre-enforcement priority of payments waterfall as described in more detail in "Cashflows - Issuer Pre-enforcement Priority of Payments".

Termination

The Issuer may terminate the appointment of the Issuer Cash Manager (a) at any time with at least 90 days' prior notice and the consent of the Issuer Security Trustee, (b) if default is made by the Issuer Cash Manager in the performance or observance of any of its material covenants and material obligations under the Issuer Cash Management Agreement subject to the applicable grace period, (c) if any Insolvency Event occurs in relation to the Issuer Cash Manager and (d) if a Bond Enforcement Notice is given and the Issuer Security Trustee is of the opinion that the continuation of the appointment of the Issuer Cash Manager is materially prejudicial to the interests of the Issuer Secured Creditors.

Subject to certain conditions (including that a suitable successor Issuer Cash Manager has been installed), the Issuer Cash Manager is entitled to resign upon giving 30 days' written notice of termination to the Issuer and the Issuer Security Trustee.

Issuer Account Bank Agreement

General

The Issuer has established or caused to be established on or before the Establishment Date sterling, euro and U.S. dollar operating accounts and an issuer collateral account and may at a later date establish an issuer liquidity reserve account (together, the Issuer Accounts). The Issuer Accounts are held with the Issuer Account Bank pursuant to the Issuer Account Bank Agreement dated on the Establishment Date between the Issuer, the Issuer Account Bank and the Issuer Security Trustee.

Termination

The Issuer Account Bank may resign its appointment upon not less than 120 days' notice to the Issuer provided that such resignation shall not take effect until a substitute Issuer Account Bank with the Requisite Ratings has been duly appointed.

The Issuer may revoke its appointment of the Issuer Account Bank by not less than 30 days' notice to the Issuer Account Bank provided that such revocation shall not take effect until a substitute has been duly appointed. Furthermore, the Issuer may terminate the appointment of the Issuer Account Bank if, inter alia, (a) an Insolvency Event occurs in relation to the Issuer Account Bank, (b) the Issuer Account Bank no longer maintains the Requisite Rating with any two of the Rating Agencies or (c) the Issuer Account Bank defaults in the performance of any of its material obligations under the Issuer Account Bank Agreement subject to the applicable grace period.

- (p) *thereafter*, after retaining the Issuer Profit Amount (which the Issuer may, after meeting any corporation tax thereon, use to pay a dividend or otherwise to pay to such account or person nominated by the Issuer), any remaining amount by way of rebate of the Initial Facility Fee and/or Ongoing Facility Fee pursuant to the terms of the Borrower Loan Agreements.

TERMS AND CONDITIONS

*The following is the text of the terms and conditions which (subject to completion and amendment and as supplemented or varied in accordance with the provisions of the relevant Final Terms or Pricing Supplement (as the case may be) and, save for the italicised paragraphs) will be incorporated by reference into each Global Bond and each definitive Bond (in the latter case only if such incorporation by reference is permitted by the rules of the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Bond will have endorsed thereon or attached thereto such terms and conditions). Further information with respect to each Tranche of Bonds will be given in the relevant Final Terms or Pricing Supplement (as the case may be) which will provide for those aspects of these Conditions which are applicable to such Tranche of Bonds and, in the case of all Sub-Classes, the terms of the relevant advance under the loan agreement to be entered into by, among others, the Issuer and Gatwick Airport Limited (as the **Borrower**) (the **Borrower Loan Agreement**). Either (i) the full text of these terms and conditions together with the relevant Part A of the Final Terms or Part A of the Pricing Supplement (ii) these terms and conditions as so completed, amended, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions) will be endorsed upon, or attached to, each Global Bond and definitive Bond. References in the Conditions to Bonds are as the context requires, references to the Bonds of one Sub-Class only, not to all Bonds which may be issued under the Programme. Reference should be made to the "Pro Forma Final Terms" or the "Pro Forma Pricing Supplement" for a description of the content of Final Terms or Pricing Supplement (as the case may be) which will specify which of the terms are to apply in relation to the relevant Bonds.*

References herein to the Bonds shall be references to the Bonds of a Sub-Class and shall mean:

- (a) in relation to a Global Bond, units of each Specified Denomination in the Specified Currency;
- (b) any Global Bond;
- (c) any Bearer Bonds issued in exchange for a Global Bond in bearer form; and
- (d) Registered Bonds (whether or not issued in definitive form and whether or not in exchange for a Global Bond in registered form).

Gatwick Funding Limited (the **Issuer**) has established a bond programme (the **Programme**) for the issuance of the Class A Bonds and/or the Class B Bonds (the **Bonds**). Bonds issued under the Programme on a particular Issue Date comprise a Series (a Series), and each Series comprises one or more Classes of Bonds (each a **Class**). Each Class may comprise one or more Sub-Classes (each a **Sub-Class**) and each Sub-Class comprises one or more tranches (each a **Tranche**).

The Bonds will be designated as Class A Bonds or Class B Bonds. Each Sub-Class will be denominated in different currencies or have different interest rates, maturity dates or other terms. Bonds of any Class may be zero coupon (**Zero Coupon Bonds**), fixed rate (**Fixed Rate Bonds**), floating rate (**Floating Rate Bonds**), index-linked (**Indexed Bonds**) or instalment bonds (**Instalment Bonds**) depending on the method of calculating interest payable in respect of such Bonds and may be denominated in sterling, euro, U.S. dollars or in other currencies subject to compliance with applicable law or regulation.

The terms and conditions applicable to any particular Sub-Class of Bonds are these terms and conditions (**Conditions**) as may be completed by Part A of a set of final terms in relation to such Sub-Class (**Final Terms**) or Part A of a pricing supplement, in relation to such Sub-Class (**Pricing Supplement**). In the event of any inconsistency between these Conditions and the relevant Final

Terms or Pricing Supplement (as the case may be), the relevant Final Terms or Pricing Supplement (as the case may be) shall prevail.

The Bonds will be subject to and have the benefit of a bond trust deed to be dated the Establishment Date (as defined below) as the same may be amended, supplemented, restated and/or novated from time to time (the **Bond Trust Deed**), between the Issuer and Deutsche Trustee Company Limited as trustee (the **Bond Trustee**, which expression includes the trustee or trustees for the time being of the Bond Trust Deed).

The Bonds have the benefit (to the extent applicable) of an agency agreement (as amended, supplemented and/or restated from time to time, the **Agency Agreement**) to be dated on or about the Establishment Date (to which, among others, the Issuer, the Bond Trustee, the Principal Paying Agent and the other Paying Agents (in the case of Bearer Bonds) or the Transfer Agents and the Registrar (in the case of Registered Bonds) are party). As used herein, each of **Principal Paying Agent, Paying Agents, Exchange Agent, Agent Bank, Transfer Agent** and/or **Registrar** means, in relation to the Bonds, the persons specified in the Agency Agreement as the Principal Paying Agent, Paying Agents, Agent Bank, Transfer Agent and/or Registrar, respectively, and, in each case, any successor to such person in such capacity, and Agents shall mean the Principal Paying Agent, the Transfer Agent, the Exchange Agent, the Registrar, the Agent Bank, any Calculation Agent (as defined below) appointed thereunder and any additional Paying Agents also appointed thereunder. The Bonds may also have the benefit (to the extent applicable) of a calculation agency agreement (in the form or substantially in the form of schedule 1 to the Agency Agreement, the **Calculation Agency Agreement**) between, inter alia, the Issuer and any calculation agent appointed by the Issuer as calculation agent (the **Calculation Agent**).

On or about the Establishment Date, the Issuer will enter into a deed of charge (as amended, supplemented and/or restated from time to time the **Issuer Deed of Charge**) with Deutsche Trustee Company Limited as security trustee (the **Issuer Security Trustee**, which expression includes the security trustee or trustees for the time being of the Issuer Deed of Charge), pursuant to which on or prior to the Initial Issue Date the Issuer will grant the **Issuer Security** (as defined in Condition 4(a) (*Security*)) to the Issuer Security Trustee for itself and on behalf of the Bond Trustee (for itself and on behalf of the Bondholders), the Bondholders, the Couponholders, each Issuer Hedge Counterparty, each Liquidity Facility Provider, the Principal Paying Agent, each Paying Agent, the Exchange Agent, the Calculation Agent (if any), the Transfer Agent, the Registrar, The Royal Bank of Scotland plc (acting in its capacity as **Issuer Account Bank** and any other financial institution which accedes to the Issuer Account Bank Agreement as an Issuer Account Bank), the Agent Bank, Gatwick Airport Limited (in its capacity as **Issuer Cash Manager** under the Issuer cash management agreement entered into by, among others, the Issuer and the Issuer Cash Manager (as amended, supplemented and/or restated from time to time the **Issuer Cash Management Agreement**) and Structured Finance Management Offshore Limited (in its capacity as the **Jersey Corporate Administration Provider**) and Structured Finance Management Limited (in its capacity as the **UK Corporate Administration Provider** and, together with the Jersey Corporate Administration Provider, the **Issuer Corporate Administrative Providers**) (together, the **Issuer Secured Creditors**).

On or before the Establishment Date, the Issuer will enter into a dealership agreement (as amended, supplemented and/or restated from time to time the **Dealership Agreement**) with the dealers named therein (the **Dealers**) in respect of the Programme, pursuant to which any of the Dealers may enter into a Subscription Agreement (each a **Subscription Agreement**) in relation to each Sub-Class of Bonds issued by the Issuer, and pursuant to which the Dealers will agree to subscribe for the relevant Sub-Class of Bonds. In any Subscription Agreement relating to a Sub-Class of Bonds, any of the Dealers may agree to procure subscribers to subscribe for the relevant Sub-Class of Bonds.

On or around the Establishment Date, the Issuer and the Borrower will enter into a liquidity facility agreement (as amended, supplemented and/or restated from time to time the **Liquidity Facility**

Agreement) with certain liquidity facility providers (together, the **Liquidity Facility Providers**) pursuant to which the Liquidity Facility Providers agree to make certain facilities (the **Liquidity Facilities**) available to meet liquidity shortfalls.

The Issuer may enter into certain currency, inflation-linked and interest rate hedging agreements (as amended, supplemented and/or restated from time to time together, the **Issuer Hedging Agreements**) with certain hedge counterparties (together, the **Issuer Hedge Counterparties**) in respect of certain Sub-Classes of Bonds, pursuant to which the Issuer hedges certain of its currency and interest rate obligations. The Issuer may also enter into back to back swap arrangements with the Borrower on substantially the same terms as the corresponding Issuer Hedging Agreements between the Issuer and the relevant Issuer Hedge Counterparties.

On the Establishment Date, the Issuer will enter into the common terms agreement with, among others, the Borrower (as amended, supplemented and/or restated from time to time the **Common Terms Agreement**) and a security trust and intercreditor deed between amongst others, the Obligors, Deutsche Trustee Company Limited (in its capacity as the Borrower Security Trustee) and the other creditors referred to therein (the **Borrower Secured Creditors**) (as amended, supplemented and/or restated from time to time the **STID**).

The deed of charge and guarantee executed by each of the Obligors in favour of the Borrower Security Trustee on or about the Establishment Date (as amended, supplemented and/or restated from time to time the **Borrower Security Agreement**) (to become effective on or prior to the Initial Issue Date) comprise the **Security Documents**.

The Bond Trust Deed, the Bonds (including these Conditions and the applicable Final Terms or Pricing Supplement (as the case may be)), the Issuer Deed of Charge, the Agency Agreement, the Liquidity Facility Agreement, the Issuer Hedging Agreements, the Borrower Loan Agreement, the Common Terms Agreement, the Borrower Security Agreement, the STID, the conditions precedent agreement to be entered into between, among others, the Issuer, the Bond Trustee, the Issuer Security Trustee, the Borrower Security Trustee and the Obligors on the Establishment Date (the **CP Agreement**), the Issuer Cash Management Agreement, the master definitions agreement between, among others, the Issuer and the Bond Trustee to be dated the Establishment Date (as amended, supplemented and/or restated from time to time the **Master Definitions Agreement**), the Issuer account bank agreement between, among others, the Issuer Account Bank, the Issuer and the Issuer Security Trustee (as amended, supplemented and/or restated from time to time the **Issuer Account Bank Agreement**) and the Tax Deed to be dated on or prior to the Establishment Date (as amended, supplemented and/or restated from time to time the **Tax Deed**), and any related document (each, if not defined above, as defined below or in the Master Definitions Agreement) are, in relation to the Bonds, together referred to as the **Issuer Transaction Documents**.

Certain statements in these Conditions are summaries of the detailed provisions appearing on the face of the Bonds (which expression shall include the body thereof), in the relevant Final Terms or Pricing Supplement (as the case may be) the Bond Trust Deed, the Issuer Deed of Charge and the other Issuer Transaction Documents. Copies of the Issuer Transaction Documents (other than the Dealership Agreement) are available for inspection during normal business hours at the specified offices of the Principal Paying Agent (in the case of Bearer Bonds (as defined below)) or the specified offices of the Transfer Agents and the Registrar (in the case of Registered Bonds (as defined below)), save that, if this Bond is an unlisted Bond of any Sub-Class, the applicable Final Terms or Pricing Supplement (as the case may be) will only be obtainable by a Bondholder holding one or more unlisted Bonds of that Sub-Class and such Bondholder must provide evidence satisfactory to the Issuer and the relevant Agent as to its holding of such Bonds and identity.

The Bondholders are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Bond Trust Deed, the Issuer Deed of Charge, the relevant Final Terms or Pricing

Supplement (as the case may be) and the other Issuer Transaction Documents applicable to them. In these Conditions, words denoting the singular number only shall include the plural number also and vice versa.

Capitalised terms not otherwise defined in these Conditions shall bear the meanings given to them in the Master Definitions Agreement and these Conditions shall be construed in accordance with the principles of construction set out in the Master Definitions Agreement.

Any reference in these Conditions to a matter being **specified** means the same as may specified in the relevant Final Terms or Pricing Supplement (as the case may be).

1. **Form, Denomination and Title**

(a) *Form, Denomination and Title*

The Bonds are in bearer form (**Bearer Bonds**) or in registered form (**Registered Bonds**) as specified in the applicable Final Terms or Pricing Supplement (as the case may be) and, in the case of Definitive Bonds, serially numbered in the Specified Currency and the Specified Denomination(s) provided that in the case of any Bonds which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum Specified Denomination shall not be less than €100,000 or the equivalent of €100,000 in any other currency as at the date of issue of the relevant Bonds (or such other amount required by applicable law from time to time as stated in the applicable Final Terms or Pricing Supplement) and in the case of the Bonds in respect of which the publication of a Prospectus is not required under the Prospectus Directive the minimum Specified Denomination shall not be less than that required by applicable law as stated in the applicable Final Terms or Pricing Supplement. Bonds may be issued in such denomination and higher integral multiples of a smaller amount if specified in the applicable Final Terms or Pricing Supplement (as the case may be). Bonds of one Specified Denomination may not be exchanged for Bonds of another Specified Denomination and Registered Bonds may not be exchanged for Bearer Bonds. References in these Conditions to Bonds include Bearer Bonds and Registered Bonds and all Sub-Classes, Classes, Tranches and Series.

So long as the Bonds are represented by a temporary Global Bond or permanent Global Bond and the relevant Clearing System(s) so permit, the Bonds shall be tradeable only in principal amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lowest Specified Denomination).

Bonds may be Fixed Rate Bonds, Floating Rate Bonds, Zero Coupon Bonds, Indexed Bonds or a combination of any of the foregoing, depending upon the Interest Basis specified in the applicable Final Terms or Pricing Supplement (as the case may be).

Bonds may be Indexed Bonds, Instalment Bonds or a combination of any of the foregoing, depending upon the Redemption/Payment Basis specified in the applicable Final Terms or Pricing Supplement (as the case may be).

Interest-bearing Bearer Definitive Bonds are issued with Coupons (as defined below) (and, where appropriate, a Talon, (as defined below)) attached. After all the Coupons attached to, or issued in respect of, any Bearer Bond which was issued with a Talon have matured, a coupon sheet comprising further Coupons (other than Coupons which would be void) and (if necessary) one further Talon will be issued against presentation of the relevant Talon at the specified office of any Paying Agent.

Any Bearer Definitive Bond the principal amount of which is redeemable in instalments may be issued with one or more Receipts (as defined below) (and, where appropriate, a Talon) attached thereto. After all the Receipts attached to, or issued in respect of, any Instalment Bond which was issued with a Talon have matured, a receipt sheet comprising further Receipts (other than Receipts which would be void) and (if necessary) a further Talon will be issued against presentation of the relevant Talon at the specified office of any Paying Agent.

Subject as set out below, title to the Bearer Bonds, Receipts and Coupons will pass by delivery and title to the Registered Bonds will pass upon registration of transfers in the Register by the Registrar, in accordance with the provisions of the Agency Agreement. The Issuer, the Bond Trustee and any Agent will (except as otherwise required by law) deem and treat the bearer of any Bearer Bond, Receipt or Coupon and the registered holder of any Registered Bond as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Bond, without prejudice to the provisions set out in the next succeeding paragraphs.

For so long as any of the Bonds is represented by a Global Bond held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Bonds (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Bonds standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Bond Trustee and the Agents as the holder of such nominal amount of such Bonds for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Bonds, for which purpose the bearer of the relevant Bearer Global Bond or the registered holder of the relevant Registered Global Bond shall be treated by the Issuer, the Bond Trustee and any Agent as the holder of such nominal amount of such Bonds in accordance with and subject to the terms of the relevant Global Bond and the expressions **Bondholder** and **holder of Bonds** and related expressions shall be construed accordingly.

For so long as the DTC or its nominee is the registered owner or holder of a Registered Global Bond, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the Bonds represented by such Registered Global Bond for all purposes under the Bond Trust Deed and the Agency Agreement and the Bonds except to the extent that in accordance with DTC's published rules and procedures any ownership rights may be exercised by its participants or beneficial owners through participants.

In determining whether a particular person is entitled to a particular nominal amount of Bonds as aforesaid, the Bond Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

Bonds which are represented by a Global Bond will be transferable only in accordance with the rules and procedures for the time being of DTC, Euroclear and Clearstream, Luxembourg, as the case may be. References to DTC, Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or Pricing Supplement (as the case may be) or as may otherwise be approved by the Issuer, the Principal Paying Agent and the Bond Trustee.

(b) ***Fungible Issues of Bonds comprising a Sub-Class***

The Issuer may, from time to time, without the consent of the Bondholders, Receiptholders or Couponholders, create and issue further Bonds having the same terms and conditions as the Bonds of a Sub-Class in all respects (or in all respects except for the first payment of interest). Accordingly, a Sub-Class of Bonds may comprise a number of issues in addition to the initial Tranche of such Sub-Class. Such further issues of the same Sub-Class will be consolidated and form a Series with the prior issues of that Sub-Class.

2. **Exchanges of Bearer Bonds for Registered Bonds and Transfers of Registered Bonds**

(a) ***Exchange of Bonds***

Subject to Condition 2(f) (*Closed Periods*), Bearer Bonds may, if so specified in the relevant Final Terms or Pricing Supplement (as the case may be), be exchanged at the expense of the transferor Bondholder for the same aggregate principal amount of Registered Bonds at the request in writing of the relevant Bondholder and upon surrender of the Bearer Bond to be exchanged together with all unexpired Coupons, Receipts and Talons (if any) relating to it at the specified office of the Registrar or any Transfer Agent or Paying Agent. Where, however, a Bearer Bond is surrendered for exchange after the Record Date for any payment of interest or Interest Amount, the Coupon in respect of that payment of interest or Interest Amount need not be surrendered with it. Registered Bonds may not be exchanged for Bearer Bonds.

(b) ***Transfers of interests in Registered Global Bonds***

Transfers of beneficial interests in Registered Global Bonds will be effected by DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A beneficial interest in a Registered Global Bond will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for Bonds in definitive form or for a beneficial interest in another Registered Global Bond only in the authorised denominations set out in the applicable Final Terms or Pricing Supplement (as the case may be) and only in accordance with the rules and operating procedures for the time being of DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Bond Trust Deed and the Agency Agreement. Transfers of a Registered Global Bond registered in the name of a nominee for DTC shall be limited to transfers of such Registered Global Bond, in whole but not in part, to another nominee of DTC or to a successor of DTC or such successor's nominee.

(c) ***Transfers of Registered Definitive Bonds***

Subject as provided in Conditions 2(d) (*Registration of transfer upon partial redemption*), 2(e) (*Exchange or Transfer at the Expense of Transferor Bondholder*), 2(f) (*Closed Periods*), 2(g) (*Regulations Concerning the Transfer of Registered Bonds*), and 2(i) (*Transfers of interests in Legended Bonds*), upon the terms and subject to the conditions set forth in the Bond Trust Deed and the Agency Agreement, a Registered Bond in definitive form may be transferred in whole or in part (in the authorised denominations set out in the applicable Final Terms or Pricing Supplement (as the case may be)). In order to effect any such transfer (a) the holder or holders must (i) surrender the Registered Bond for registration of the transfer of the Registered Bond (or the relevant part of the Registered Bond) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (ii) complete and deposit such other certifications as may be required the Registrar or, as the case may be, by the relevant Transfer Agent and (b) the relevant Transfer Agent must, after due

and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer, the Bond Trustee and the Registrar may from time to time prescribe (the initial such regulations being set out in Schedule 3 to the Agency Agreement). Subject as provided above, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Registered Bond in definitive form of a like aggregate nominal amount to the Registered Bond (or the relevant part of the Registered Bond) transferred. In the case of the transfer of part only of a Registered Bond in definitive form, a new Registered Bond in definitive form in respect of the balance of the Registered Bond not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

(d) ***Registration of transfer upon partial redemption***

In the event of a partial redemption of Bonds under Condition 7 (*Redemption, Purchase and Cancellation*), the Issuer shall not be required to register the transfer of any Registered Bond, or part of a Registered Bond, called for partial redemption.

(e) ***Exchange or Transfer at the Expense of Transferor Bondholder***

Registration of Bonds on exchange or transfer will be effected at the expense of the transferor Bondholder by or on behalf of the Issuer, the Transfer Agent or the Registrar, and upon payment of (or the giving of such indemnity as the Transfer Agent or the Registrar may require in respect of) any tax or other governmental charges which may be imposed in relation to it.

(f) ***Closed Periods***

No transfer of a Registered Bond may be registered, nor may any exchange of a Bearer Bond for a Registered Bond occur during the period of 15 days ending on the due date for any payment of principal, interest, Interest Amount or Redemption Amount on that Bond.

(g) ***Regulations Concerning the Transfer of Registered Bonds***

All transfers of Registered Bonds and entries on the Register are subject to the detailed regulations concerning the transfer of Registered Bonds scheduled to the Agency Agreement. The regulations may be changed by the Issuer with the prior written approval of the Principal Paying Agent, the Bond Trustee and the Registrar. A copy of the current regulations will be mailed (free of charge) by the Registrar to any Bondholder who requests in writing a copy of such regulations.

(h) ***Transfers of interests in Regulation S Global Bonds***

Prior to expiry of the applicable Distribution Compliance Period, transfers by the holder of, or of a beneficial interest in, a Regulation S Global Bond to a transferee in the United States or who is a U.S. person will only be made:

- (i) upon receipt by the Registrar of a Transfer Certificate, copies of which are available from the specified office of any Transfer Agent, from the transferor of the Bond or beneficial interest therein to the effect that such transfer is being made to a person

whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A; or

- (ii) otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any state of the United States,

and, in each case, in accordance with any applicable securities laws of any state of the United States or any other jurisdiction.

In the case of paragraph (i) above, such transferee may take delivery through a Legended Bond in global or definitive form. After expiry of the applicable Distribution Compliance Period (A) beneficial interests in Regulation S Global Bonds registered in the name of a nominee for DTC may be held through DTC directly, by a participant in DTC, or indirectly through a participant in DTC and (B) such certification requirements will no longer apply to such transfers.

(i) ***Transfers of interests in Legended Bonds***

Transfers of Legended Bonds or beneficial interests therein may be made:

- (i) to a transferee who takes delivery of such interest through a Regulation S Global Bond, upon receipt by the Registrar of a duly completed Transfer Certificate from the transferor to the effect that such transfer is being made in accordance with Regulation S and that in the case of a Regulation S Global Bond registered in the name of a nominee for DTC, if such transfer is being made prior to expiry of the applicable Distribution Compliance Period, the interests in the Bonds being transferred will be held immediately thereafter through Euroclear and/or Clearstream, Luxembourg; or
- (ii) to a transferee who takes delivery of such interest through a Legended Bond where the transferee is a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A, without certification; or
- (iii) otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any state of the United States,

and, in each case, in accordance with any applicable securities laws of any state of the United States or any other jurisdiction.

Upon the transfer, exchange or replacement of Legended Bonds, or upon specific request for removal of the Legend, the Registrar shall deliver only Legended Bonds or refuse to remove the Legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

3. **Status of Bonds**

(a) ***Status of Class A Bonds***

This Condition 3(a) is applicable only in relation to Bonds which are specified as being a Sub-Class of Class A Bonds.

The Class A Bonds, Class A Coupons, Class A Talons and Class A Receipts (if any) are direct and unconditional obligations of the Issuer, are secured in the manner described in Condition 4 (*Security, Priority and Relationship with Issuer Secured Creditors*) and rank pari passu without any preference among themselves.

(b) ***Status of Class B Bonds***

This Condition 3(b) is applicable only in relation to Bonds which are specified as being a Sub-Class of Class B Bonds.

The Class B Bonds, Class B Coupons, Class B Talons and Class B Receipts (if any) are direct and unconditional obligations of the Issuer, are secured in the manner described in Condition 4 (*Security, Priority and Relationship with Issuer Secured Creditors*), are subordinated to the Class A Bonds, Class A Coupons, Class A Receipts and Class A Talons (if any) and rank pari passu without any preference among themselves.

4. **Security, Priority and Relationship with Issuer Secured Creditors**

(a) ***Security***

As continuing security for the payment or discharge of all present and future obligations and liabilities (whether actual or contingent) of the Issuer to any Issuer Secured Creditor under each Issuer Transaction Document (the **Issuer Secured Liabilities** (including, without limitation, all monies payable in respect of the Bonds, Coupons and Receipts and otherwise under the Bond Trust Deed, the Issuer Deed of Charge and any deed or other document executed in accordance with the Bond Trust Deed or Issuer Deed of Charge and expressed to be supplemental to the Bond Trust Deed or Issuer Deed of Charge (as applicable) (the **Trust Documents**) (including, without limitation, the remuneration, expenses and other claims of the Bond Trustee under the Bond Trust Deed and the Issuer Security Trustee and any Receiver appointed under the Issuer Deed of Charge)), the Issuer has entered into the Issuer Deed of Charge to create as far as permitted by and subject to compliance with any applicable law, the following security (the **Issuer Security**) in favour of the Issuer Security Trustee for itself and on trust for the other Issuer Secured Creditors:

- (i) an assignment by way of first fixed security of all of the rights of the Issuer under each Issuer Charged Document (other than the Trust Documents);
- (ii) a first fixed charge over all of the rights in the Issuer Accounts;
- (iii) an assignment by way of first fixed security, subject to a proviso for re-assignment on redemption (or, to the extent not assignable, a first fixed charge), of all rights of the Issuer in relation to the GFL Interest (as defined under the Liquidity Standby Account Declaration of Trust) in respect of the Liquidity Standby Account;
- (iv) a first fixed charge over all rights of the Issuer in respect of the benefit of all authorisations (statutory or otherwise) held in connection with its use of any Issuer

Charged Property and any compensation which may be payable to it in respect of those authorisations;

- (v) a first fixed charge over all of the rights of the Issuer in respect of each Authorised Investment of the Issuer; and
- (vi) a first floating charge over all the Issuer's assets including, without limitation, the Issuer's uncalled capital other than any assets at any time otherwise effectively charged or assigned by way of a fixed charge or assignment and the Jersey Corporate Administration Agreement.

All Bonds issued by the Issuer under the Programme will share in the Issuer Security constituted by the Issuer Deed of Charge, upon and subject to the terms thereof.

(b) ***Relationship among Bondholders and with other Issuer Secured Creditors***

The Bond Trust Deed contains provisions detailing the Bond Trustee's obligations to consider the interests of Bondholders as regards all discretions of the Bond Trustee (except where expressly provided otherwise or referred to in Condition 15 (*Bond Trustee Protections*)).

(c) ***Enforceable Security***

In the event of the Issuer Security becoming enforceable as provided in the Issuer Deed of Charge, the Bond Trustee shall, if directed or requested in writing by the Issuer Qualifying Creditors together holding or representing 25% or more of the Issuer Qualifying Debt, direct the Issuer Security Trustee to enforce its rights with respect to the Issuer Security, but without any liability as to the consequence of such action and without having regard to the effect thereof on, or being required to account for such action to, any particular Bondholder, provided that neither the Bond Trustee nor the Issuer Security Trustee shall be obliged to take any action unless they are indemnified and/or secured and/or prefunded to their satisfaction.

For the purpose of these Conditions:

Issuer Qualifying Debt means:

- (i) for so long as any Class A Bonds remain outstanding, the sum of (i) the Principal Amount Outstanding of the Class A Bonds and (ii) the mark-to-market value of all transactions arising under Cross Currency Hedging Agreements in respect of the Class A Bonds to the extent that such value represents an amount which would be payable to the relevant Cross Currency Hedge Counterparties if an early termination date was designated at such time in respect of such transactions; or
- (ii) if there are no Class A Bonds then outstanding and for so long as any Class B Bonds remain outstanding, the sum of (i) the Principal Amount Outstanding of the Class B Bonds and (ii) the mark-to-market value of all transactions arising under Cross Currency Hedging Agreements in respect of the Class B Bonds to the extent that such value represents an amount which would be payable to the relevant Cross Currency Hedge Counterparties if an early termination date was designated at such time in respect of such transactions;

Relevant Debt has the meaning given to it in the Hedging Policy; and

Treasury Transaction means any currency or interest rate purchase, cap or collar agreement, forward rate agreement, interest rate agreement, index-linked agreement, interest rate or currency or future or option contract, foreign exchange or currency purchase or sale agreement, interest rate swap, currency swap or combined similar agreement or any derivative transaction protecting against or benefitting from fluctuations in any rate or price.

(d) ***Application After Enforcement***

After enforcement of the Issuer Security, the Issuer Security Trustee shall (to the extent that such funds are available) use funds standing to the credit of the Issuer Accounts and any other proceeds of the enforcement of the Issuer Security to make payments in accordance with the Issuer Post-Enforcement Priority of Payments (as set out in the Issuer Deed of Charge).

5. **Interest and other Calculations**

(a) ***Interest Rate and Accrual***

Each Bond (unless specified in the relevant Final Terms or Pricing Supplement (as the case may be) to be a Zero Coupon Bond) bears interest on its Principal Amount Outstanding (or as otherwise specified in the relevant Final Terms or Pricing Supplement, as the case may be) from the Interest Commencement Date at the Interest Rate, such interest being payable in arrear (unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be)) on each Interest Payment Date.

Interest will cease to accrue on each Bond (or, in the case of the redemption of part only of a Bond, that part only of such Bond) on the due date for redemption unless, upon due presentation, payment of principal is improperly withheld or refused, in which event interest will continue to accrue (both before and after judgment) at the Interest Rate that would otherwise apply in respect of unpaid amounts on such Bonds at such time to the Bond Relevant Date).

In the case of interest on Class B Bonds only, if, on any Interest Payment Date, prior to the delivery of a Bond Enforcement Notice, there are insufficient funds available to the Issuer in accordance with the applicable Issuer Payment Priorities (after taking into account the amounts available to be drawn by the Issuer under any Liquidity Facility) to pay such accrued interest, the Issuer's liability to pay such accrued interest will be treated as not having fallen due and will be deferred until the earliest of: (i) the next following Interest Payment Date on which the Issuer has, in accordance with the cash management provisions of the Issuer Cash Management Agreement, sufficient funds available to pay such deferred amounts (including any interest accrued thereon); (ii) the date on which the Senior Debt has been paid in full; and (iii) the date on which a Bond Enforcement Notice has been delivered. Interest will accrue on such deferred interest at the rate otherwise payable on unpaid principal of such Class B Bonds at such time.

If any **Maximum Interest Rate** or **Minimum Interest Rate** is specified in the relevant Final Terms or Pricing Supplement (as the case may be), then the Interest Rate shall in no event be greater than the maximum or be less than the minimum so specified, as the case may be.

(b) ***Business Day Convention***

If any date referred to in these Conditions or the relevant Final Terms or Pricing Supplement (as the case may be) is specified to be subject to adjustment in accordance with a Business Day convention (each, a **Business Day Convention**) and would otherwise fall on a day which is not a Business Day, then if the Business Day Convention specified in the relevant Final Terms or Pricing Supplement (as the case may be) is:

- (i) the **Following Business Day Convention**, such date shall be postponed to the next day which is a Business Day;
- (ii) the **Modified Following Business Day Convention**, such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day; or
- (iii) the **Preceding Business Day Convention**, such date shall be brought forward to the immediately preceding Business Day.

(c) ***Floating Rate Bonds***

This Condition 5(c) is applicable only if the relevant Final Terms or Pricing Supplement (as the case may be) specify the Bonds as Floating Rate Bonds and in the limited circumstances set out in Condition 5(d) (Fixed Rate Bonds) and Condition 5(e) (Index-Linked Bonds).

If **Screen Rate Determination** is specified in the relevant Final Terms or Pricing Supplement (as the case may be) as the manner in which the Interest Rate(s) is/are to be determined, the Interest Rate applicable to the Bonds for each Interest Period will be determined by the Agent Bank (or the Calculation Agent, if applicable) on each Interest Determination Date on the following basis:

- (i) if the Relevant Screen Page displays a rate which is a composite quotation or customarily supplied by one entity, the Agent Bank (or the Calculation Agent, if applicable) will determine the Relevant Rate (as defined in Condition 5(i) (*Definitions*));
- (ii) in any other case, the Agent Bank (or the Calculation Agent, if applicable) will determine the arithmetic mean of the Relevant Rates which appear on the Relevant Screen Page as at the Relevant Time on the relevant Interest Determination Date (as defined in Condition 5(i) (*Definitions*)) provided that, if five or more offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one highest quotation, one only of those quotations) and the lowest (or, if there is more than one lowest quotation, one only of those quotations) shall be disregarded by the Agent Bank (or Calculation Agent, if applicable) for the purpose of determining the arithmetic mean (rounded as provided above) of the offered quotations);
- (iii) if, in the case of paragraph (i) above, such rate does not appear on that Relevant Screen Page or, in the case of paragraph (ii) above, fewer than two such rates appear on that Relevant Screen Page or if, in either case, the Relevant Screen Page is unavailable, the Agent Bank (or the Calculation Agent, if applicable) will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Relevant Rate at approximately the Relevant Time on the relevant Interest Determination Date to prime banks in the Relevant Financial Centre interbank market (or, if appropriate, money market) in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested in paragraph 5(c)(iii) above, the Agent Bank (or the Calculation Agent, if applicable) will determine the arithmetic mean of the rates (being the rates nearest to the Relevant Rate as determined by the Agent Bank (or the Calculation Agent, if applicable)) quoted by the Reference Banks at approximately 11.00 am (local time in the Relevant Financial Centre of the Relevant Currency) on the relevant Interest Determination Date (as defined in Condition 5(i) (*Definitions*)) for loans in the Relevant Currency to leading European banks for a period equal to the relevant Interest Period and in the Representative Amount (as defined in Condition 5(i) (*Definitions*)), and the Interest Rate for such Interest Period shall be the sum of the rate or (as the case may be) the arithmetic mean so determined and (a) for any Interest Period that ends before the Scheduled Redemption Date, the Margin and (b) for any Interest Period that ends on or after the Scheduled Redemption Date, the Margin and the Step-Up Floating Fee

Rate. However, if the Agent Bank or the Calculation Agent (as applicable) is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Interest Rate applicable to the Bonds during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Bonds in respect of a preceding Interest Period.

If **ISDA Determination** is specified in the relevant Final Terms or Pricing Supplement (as the case may be) as the manner in which the Interest Rate(s) is/are to be determined, the Interest Rate(s) applicable to the Bonds for each Interest Period will be the sum of the relevant ISDA Rate and (a) for any Interest Period that ends before the Scheduled Redemption Date, the Margin and (b) for any Interest Period that ends on or after the Scheduled Redemption Date, the Margin and the Step-Up Floating Fee Rate where ISDA Rate in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Agent Bank (or the Calculation Agent, if applicable) under an interest rate swap transaction if the Agent Bank (or the Calculation Agent, if applicable) were acting as calculation agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (A) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms or Pricing Supplement (as the case may be);
- (B) the Designated Maturity (as defined in the ISDA Definitions) is the Specified Duration (as defined in Condition 5(i) (*Definitions*)); and
- (C) the relevant Reset Date (as defined in the ISDA Definitions) is either (1) if the relevant Floating Rate Option is based on the London interbank offered rate (**LIBOR**) for a currency, the first day of that Interest Period, (2) if the relevant Floating Rate Option is based on the Euro-zone interbank offered rate (**EURIBOR**), the first day of that Interest Period or (3) in any other case, as specified in the relevant Final Terms or Pricing Supplement (as the case may be).

(d) ***Fixed Rate Bonds***

This Condition 5(d) is applicable only if the relevant Final Terms or Pricing Supplement (as the case may be) specify the Bonds as Fixed Rate Bonds.

Subject to the next paragraph, the Interest Rate applicable to the Bonds for each Interest Period will be the rate specified in the relevant Final Terms or Pricing Supplement (as the case may be).

The Interest Rate applicable to the Bonds for each Interest Period from (and including) the Scheduled Redemption Date will be a floating rate equal to the sum of (a) the rate determined in accordance with Condition 5(c) (*Floating Rate Bonds*) if that Condition otherwise applied and (b) the Step-Up Fixed Fee Rate.

(e) ***Indexed Bonds***

This Condition 5(e) is applicable only if the relevant Final Terms or Pricing Supplement (as the case may be) specify the Bonds as Indexed Bonds.

Payments of principal on, and interest payable in respect of, the Bonds will be subject to adjustment for indexation and to the extent set out in Condition 6(b) (*Application of the Index Ratio*).

Subject to the next paragraph, the Interest Rate applicable to the Bonds for each Interest Period will be the rate specified in the relevant Final Terms or Pricing Supplement (as the case may be).

The Interest Rate applicable to the Bonds for each Interest Period from (and including) the Scheduled Redemption Date will be a floating rate equal to the sum of (a) the arithmetic mean rate determined in accordance with Condition 5(c) (*Floating Rate Bonds*) if that Condition otherwise applied and (b) the Step-Up Fixed Fee Rate.

(f) ***Rounding***

For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified):

- (i) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up);
- (ii) all figures will be rounded to seven significant figures (with halves being rounded up); and
- (iii) all currency amounts which fall due and payable will be rounded to the nearest unit of such currency (with halves being rounded up). For these purposes, unit means, with respect to any currency other than euro, the lowest amount of such currency which is available as legal tender in the country of such currency and, with respect to euro, means 0.01 euro.

(g) ***Calculations***

The amount of interest payable in respect of any Bond for each Interest Period shall be calculated by applying the Interest Rate to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Bond divided by the Calculation Amount (as defined in Condition 5(i) (*Definitions*)) and, in the case of Indexed Bonds only, adjusted according to the indexation set out in Condition 6(b) (*Application of the Index Ratio*), unless an Interest Amount is specified in respect of such period in the relevant Final Terms or Pricing Supplement (as the case may be), in which case the amount of interest payable in respect of such Bond for such Interest Period will equal such Interest Amount.

(h) ***Determination and Publication of Interest Rates, Interest Amounts, Redemption Amounts and Instalment Amounts***

As soon as practicable after the Relevant Time on each Interest Determination Date or such other time on such date as the Agent Bank (or the Calculation Agent, if applicable) may be required to calculate any Redemption Amount or the amount of an instalment of scheduled principal (an **Instalment Amount**), obtain any quote or make any determination or calculation, the Agent Bank (or the Calculation Agent, if applicable) will determine the Interest Rate and calculate the amount of interest payable (the **Interest Amounts**) in respect of each Specified Denomination of Bonds for the relevant Interest Period (including, for the avoidance of doubt, any applicable Index Ratio to be calculated in accordance with Condition

6(b) (*Application of the Index Ratio*)), calculate the Redemption Amount or Instalment Amount, obtain such quote or make such determination or calculation, as the case may be, and cause the Interest Rate and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Redemption Amount, Principal Amount Outstanding or any Instalment Amount to be notified to, in the case of Bearer Bonds, the Paying Agents or in the case of Registered Bonds, the Registrar, and, in each case, the Bond Trustee, the Issuer, the Bondholders and the London Stock Exchange and each other listing authority, stock exchange and/or quotation system by or on which the relevant Bonds have then been admitted to listing, trading and/or quotation as soon as possible after its determination but in no event later than: (i) (in case of notification to the Stock Exchange and each other listing authority, stock exchange and/or quotation system by which the relevant Bonds have then been admitted to listing, trading and/or quotation) the commencement of the relevant Interest Period, if determined prior to such time, in the case of an Interest Rate and Interest Amount; or (ii) in all other cases, the fourth Business Day after such determination. The Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange or other relevant authority on which the relevant Sub-Class or Class of Bonds are for the time being listed or by which they have been admitted to listing, to the Principal Paying Agent, the Bond Trustee and to the Bondholders in accordance with Condition 16 (*Notices*). If the Bonds become due and payable under Condition 10 (*Bond Events of Default*), the accrued interest and the Interest Rate payable in respect of the Bonds shall nevertheless continue to be calculated as previously provided in accordance with this Condition 5 (*Interest and other Calculations*) but no publication of the Interest Rate or the Interest Amount so calculated need be made unless otherwise required by the Bond Trustee. The determination of each Interest Rate, Interest Amount, Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the Agent Bank (or the Calculation Agent, if applicable) or, as the case may be, the Bond Trustee pursuant to this Condition 5 or Condition 6 (*Indexation*), shall (in the absence of manifest error) be final and binding upon all parties.

(i) ***Definitions***

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below.

Business Day means a day which is:

- (i) in relation to any sum payable in sterling, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and each (if any) additional city or cities specified in the relevant Final Terms or Pricing Supplement (as the case may be); and
- (ii) in relation to any sum payable in a currency other than sterling, a day on which commercial banks and foreign exchange markets settle payments generally in London, in the principal financial centre of the Relevant Currency (which in the case of a payment in U.S. dollars shall be New York and in the case of any payment in euro shall be a TARGET Settlement Day) and in each (if any) additional city or cities specified in the relevant Final Terms or Pricing Supplement (as the case may be);

Bond Relevant Date means, in respect of any Class, Sub-Class or Tranche of the Bonds, the earlier of (a) the date on which all amounts in respect of the Bonds have been paid, and (b) five days after the date on which all of the Principal Amount Outstanding (adjusted in the

case of Indexed Bonds in accordance with Condition 6(b) (*Application of the Index Ratio*)) has been received by the Principal Paying Agent or the Registrar, as the case may be, and notice to that effect has been given to the Bondholders in accordance with Condition 16 (*Notices*);

Calculation Amount means the amount specified as such in the relevant Final Terms or Pricing Supplement (as the case may be);

Day Count Fraction means, in respect of the calculation of an amount of interest on any Bond for any period of time (whether or not constituting an Interest Period, the **Calculation Period**):

- (i) if **Actual/Actual (ICMA)** is specified:
 - (A) if the Calculation Period is equal to or shorter than the Determination Period during which it ends, the number of days in the Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; and
 - (B) if the Calculation Period is longer than one Determination Period, the sum of:
 - I. the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and
 - II. the number of days in such Calculation Period falling in the next Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year,

where:

Determination Period means the period from and including a Determination Date in any year but excluding the next Determination Date; and

Determination Date means the date specified as such hereon or, if none is so specified, the Interest Payment Date;

- (i) if **Actual/365** or **Actual/Actual** is specified, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (1) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366, and (2) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (ii) if **Actual/365 (Fixed)** is specified, the actual number of days in the Calculation Period divided by 365;
- (iii) if **Actual/360** is specified, the actual number of days in the Calculation Period divided by 360;
- (iv) if **30/360, 360/360** or **Bond Basis** is specified, the number of days in the Calculation Period divided by 360 (the number of days to be calculated on the basis of a year of

360 days with 12 30-day months (unless (1) the last day of the Calculation Period is the 31st day of a month but the first day of the Calculation Period is a day other than the 30th or 31st of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (2) the last day of the Calculation Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and

- (v) if **30E/360** or **Eurobond Basis** is specified, the number of days in the Calculation Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months, without regard to the date of the first day or last day of the Calculation Period unless, in the case of the final Calculation Period, the last day of such period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month));

euro means the lawful currency of the Participating Member States;

Instalment Amount has the meaning given to it in Condition 5(h);

Interest Commencement Date means the Issue Date or such other date as may be specified in the relevant Final Terms or Pricing Supplement (as the case may be);

Interest Determination Date means, with respect to an Interest Rate and an Interest Period, the date specified as such in the relevant Final Terms or Pricing Supplement (as the case may be) or, if none is so specified, the day falling two Business Days in London prior to the first day of such Interest Period (or if the specified currency is sterling, the first day of such Interest Period) (as adjusted in accordance with any Business Day Convention (as defined above) specified in the relevant Final Terms or Pricing Supplement (as the case may be));

Interest Payment Date means the date(s) specified as such in the relevant Final Terms or Pricing Supplement (as the case may be);

Interest Period means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date;

Interest Rate means the rate of interest payable from time to time in respect of the Bonds and which is either specified as such in, or calculated in accordance with the provisions of, these Conditions and/or the relevant Final Terms or Pricing Supplement (as the case may be);

ISDA Definitions means the 2006 ISDA Definitions (as amended and updated as at the date of issue of the first Tranche of Bonds of the relevant Sub-Class as published by the International Swaps and Derivatives Association, Inc.);

Issue Date means the date specified as such in the relevant Final Terms or Pricing Supplement (as the case may be);

Margin means the rate per annum (expressed as a percentage) specified as such in the relevant Final Terms or Pricing Supplement (as the case may be);

Maturity Date means the date specified in the relevant Final Terms or Pricing Supplement (as the case may be) as the final date on which the principal amount of the Bond is due and payable;

Minimum Interest Rate means the minimum rate of interest specified in the relevant Final Terms or Pricing Supplement (as the case may be) which the Interest Rate shall in no event be less than;

Maximum Interest Rate the maximum rate of interest specified in the relevant Final Terms or Pricing Supplement (as the case may be) which the Interest Rate shall in no event be greater than;

Participating Member State means a Member State of the European Union which adopts the euro as its lawful currency in accordance with the Treaty establishing the European Communities (as amended), and Participating Member States means all of them;

Principal Amount Outstanding means, in relation to a Bond, Sub-Class or Class, the original face value thereof less any repayment of principal made to the Holder(s) thereof in respect of such Bond, Sub-Class or Class;

Redemption Amount means the amount provided under Condition 7(d) (*Optional Redemption*), unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be);

Reference Banks means the institutions specified as such or, if none, four major banks selected by the Agent Bank (or the Calculation Agent, if applicable) in the interbank market (or, if appropriate, money market) which is most closely connected with the Relevant Rate as determined by the Agent Bank (or the Calculation Agent, if applicable), on behalf of the Issuer, in its sole and absolute discretion;

Relevant Currency means the currency specified as such or, if none is specified, the currency in which the Bonds are denominated;

Relevant Financial Centre means, with respect to any Bond, the financial centre specified as such in the relevant Final Terms or Pricing Supplement (as the case may be) or, if none is so specified, the financial centre with which the Relevant Rate is most closely connected as determined by the Agent Bank (or the Calculation Agent, if applicable);

Relevant Rate means the offered rate for a Representative Amount of the Relevant Currency for a period (if applicable) equal to the Specified Duration (or such other rate as shall be specified in the relevant Final Terms or Pricing Supplement (as the case may be));

Relevant Screen Page means such page, section, caption, column or other part of a particular information service (including the Reuters Money 3000 Service (Reuters)) as may be specified in the relevant Final Terms or Pricing Supplement (as the case may be), or such other page, section, caption, column or other part as may replace the same on that information service or on such other information service, in each case as may be nominated by the person or organisation providing or sponsoring the information appearing there for the purpose of displaying comparable rates or prices;

Relevant Time means, with respect to any Interest Determination Date, the local time in the Relevant Financial Centre specified in the relevant Final Terms or Pricing Supplement (as the case may be) or, if none is specified, the local time in the Relevant Financial Centre at which it is customary to determine bid and offered rates in respect of deposits in the Relevant Currency in the interbank market in the Relevant Financial Centre;

Representative Amount means, with respect to any rate to be determined on an Interest Determination Date, the amount specified in the relevant Final Terms or Pricing Supplement

(as the case may be) as such or, if none is specified, an amount that is representative for a single transaction in the relevant market at the time;

Scheduled Redemption Date has the meaning given to it in the applicable Final Terms or Pricing Supplement (as the case may be);

Specified Duration means, with respect to any Floating Rate (as defined in the ISDA Definitions) to be determined on an Interest Determination Date, the period or duration specified as such in the relevant Final Terms or Pricing Supplement (as the case may be) or, if none is specified, a period of time equal to the relative Interest Period;

Step-Up Fixed Fee Rate means the rate per annum (expressed as a percentage) specified as such in the relevant Final Terms or Pricing Supplement (as the case may be) or, if no such rate is specified, zero;

Step-Up Floating Fee Rate means the rate per annum (expressed as a percentage) specified as such in the relevant Final Terms or Pricing Supplement (as the case may be) or, if no such rate is specified, zero;

sub-unit means in the case of any currency, the lowest amount of such currency that was available as legal tender in the country of such currency;

TARGET2 Settlement Day means any day on which the TARGET2 system is open; and

TARGET2 system means the Trans-European Automated Real-Time Gross Settlement Express Transfer system (TARGET2).

(j) ***Agent Bank, Calculation Agent and Reference Banks***

The Issuer will procure that there shall at all times be an Agent Bank (and a Calculation Agent, if applicable) and four Reference Banks selected by the Issuer acting through the Agent Bank (or the Calculation Agent, if applicable) with offices in the Relevant Financial Centre if provision is made for them in these Conditions applicable to a Bond as indicated in the relevant Final Terms or Pricing Supplement (as the case may be) and for so long as it is outstanding. If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer acting through the Agent Bank (or the Calculation Agent, if applicable) will select another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. If the Agent Bank (or the Calculation Agent, if applicable) is unable or unwilling to act as such or if the Agent Bank (or the Calculation Agent, if applicable) fails duly to establish the Interest Rate for any Interest Period or to calculate the Interest Amounts or any other requirements, the Issuer will appoint (with the prior written consent of the Bond Trustee) a successor to act as such in its place. The Agent Bank may not resign its duties without a successor having been appointed as aforesaid.

(k) ***Determination or Calculation by Bond Trustee***

If the Agent Bank (or the Calculation Agent, if applicable) does not at any time for any reason determine any Interest Rate, Interest Amount, Redemption Amount, Instalment Amount or any other amount to be determined or calculated by it, the Bond Trustee shall (without liability for so doing) determine such Interest Rate, Interest Amount, Redemption Amount, Instalment Amount or other amount as aforesaid at such rate or in such amount as in its absolute discretion (having regard as it shall think fit to the procedures described above, but subject to (i) any Minimum Interest Rate or Maximum Interest Rate specified in the

applicable Final Terms or Pricing Supplement (as the case may be) and (ii) the terms of the Bond Trust Deed) it shall deem fair and reasonable in all the circumstances or, subject as aforesaid, apply the foregoing provisions of this Condition 5 (*Interest and other Calculations*), with any consequential amendments, to the extent that, in its sole opinion, it can do so and in all other respects it shall do so in such manner as it shall, in its absolute discretion, deem fair and reasonable in the circumstances, and each such determination or calculation shall be deemed to have been made by the Agent Bank (or the Calculation Agent, if applicable). In making any such determination or calculation, the Bond Trustee may appoint and rely on a determination or calculation by a calculation agent (which shall be an investment bank or other suitable entity of international repute). Each such determination or calculation shall be deemed to have been made by the Agent Bank (or Calculation Agent if applicable).

(1) ***Certificates to be final***

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of Condition 5 (*Interest and other Calculations*) whether by the Bond Trustee, the Principal Paying Agent or the Agent Bank (or the Calculation Agent, if applicable) shall (in the absence of wilful default, gross negligence, bad faith or manifest error) be binding on the Issuer, each Obligor, the Agent Bank, the Bond Trustee, the Principal Paying Agent, the other Agents and all Bondholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Obligors, the Bond Trustee, the Bondholders, the Receiptholders or the Couponholders shall attach to the Principal Paying Agent, the Agent Bank or, if applicable, the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

6. **Indexation**

This Condition 6 is applicable only if the relevant Final Terms or Pricing Supplement (as the case may be) specify the Bonds as Indexed Bonds.

(a) ***Definitions***

affiliate means in relation to any person, any entity controlled, directly or indirectly, by that person, any entity that controls directly or indirectly, that person or any entity, directly or indirectly under common control with that person and, for this purpose, control means control as defined in the Companies Act 2006, including the meaning given to the term "Companies Acts" in section 2 of the Companies Act 2006, with the addition of the words "to the extent that they are in force" at the end of section 2(1)(a) and any regulations made pursuant to those Acts to the extent that they are in force (the **Companies Act**);

Base Index Figure means (subject to Condition 6(c)(i) (*Change in base*)) the base index figure as specified in the relevant Final Terms or Pricing Supplement (as the case may be);

Index or Index Figure means, subject as provided in Condition 6(c)(i) (*Change in base*), the UK Retail Price Index (**RPI**) (for all items) published by the Central Statistical Office and available to view at www.statistics.gov.uk (January 1987 = 100) or any comparable index which may replace the UK Retail Price Index for the purpose of calculating the amount payable on repayment of the Reference Gilt.

Any reference to the **Index Figure** applicable to a particular Calculation Date shall, subject as provided in Condition 6(c) (*Changes in Circumstances Affecting the Index*) and (e) (*Cessation of or Fundamental Changes to the Index*), and if "3 months lag" is specified in the relevant

Final Terms or Pricing Supplement (as the case may be), be calculated in accordance with the following formula:

$$IFA = RPI_{m-3} + \frac{(Day\ of\ Calculation\ Date-1)}{(Days\ in\ month\ of\ Calculation\ Date)} \times (RPI_{m-2} - RPI_{m-3})$$

And rounded to five decimal places (0.000005 being rounded upwards) and where:

IFA means the Index Figure applicable;

RPI_{m-3} means the Index Figure for the first day of the month that is three months prior to the month in which the payment falls due;

RPI_{m-2} means the Index Figure for the first day of the month that is two months prior to the month in which payment falls due;

Any reference to **Index Figure applicable** to a particular Calculation Date shall, subject as provided in Condition 6(c) (*Changes in Circumstances Affecting the Index*) and (e) (*Cessation of or Fundamental Changes to the Index*), and if "8 months lag" is specified in the relevant Final Terms or Pricing Supplement (as the case may be), be calculated in accordance with the following formula:

$$IFA = RPI_{m-8} + \frac{(Day\ of\ Calculation\ Date-1)}{(Days\ in\ month\ of\ Calculation\ Date)} \times (RPI_{m-7} - RPI_{m-8})$$

And rounded to five decimal places (0.000005 being rounded upwards) and where:

IFA means the Index Figure applicable;

RPI_{m-8} means the Index Figure for the first day of the month that is eight months prior to the month in which payment falls due;

RPI_{m-7} means the Index Figure for the first day of the month that is seven months prior to the month in which the payment falls due;

If the Index is replaced, the Issuer will describe the replacement Index in a supplementary prospectus;

Index Ratio applicable to any month means the Index Figure applicable to such month divided by the Base Index Figure;

Limited Index Ratio means (a) in respect of any month prior to the relevant Issue Date, the Index Ratio for that month; (b) in respect of any Limited Indexation Month after the relevant Issue Date, the product of the Limited Indexation Factor for that month and the Limited Index Ratio as previously calculated in respect of the month 12 months prior thereto; and (c) in respect of any other month, the Limited Index Ratio as previously calculated in respect of the most recent Limited Indexation Month;

Limited Indexation Factor means, in respect of a Limited Indexation Month, the ratio of the Index Figure applicable to that month divided by the Index Figure applicable to the month 12 months prior thereto, provided that (a) if such ratio is greater than the maximum indexation factor specified in the relevant Final Terms or Pricing Supplement (as the case may be) (the **Maximum Indexation Factor**), it shall be deemed to be equal to such Maximum Indexation

Factor and (b) if such ratio is less than the minimum indexation factor specified in the relevant Final Terms or Pricing Supplement (as the case may be) (the **Minimum Indexation Factor**), it shall be deemed to be equal to such Minimum Indexation Factor;

Limited Indexation Month means any month specified in the relevant Final Terms or Pricing Supplement (as the case may be) for which a Limited Indexation Factor is to be calculated;

Limited Indexed Bonds means Indexed Bonds to which a Maximum Indexation Factor and/or a Minimum Indexation Factor (as specified in the relevant Final Terms or Pricing Supplement (as the case may be)) applies; and

Reference Gilt means the United Kingdom government stock specified as such in the relevant Final Terms or Pricing Supplement (as the case may be), for so long as such stock is in issue, as the benchmark gilt the maturity of which most closely matches the average life of the relevant Indexed Bonds, and thereafter such issue of index-linked United Kingdom government stock determined to be appropriate by a gilt-edged market maker or other adviser selected by the Issuer and approved by the Bond Trustee (an Indexation Adviser).

(b) ***Application of the Index Ratio***

Each payment of interest and principal in respect of the Bonds shall be the amount provided in, or determined in accordance with, these Conditions, multiplied by the (Index Ratio or Limited Index Ratio in the case of Limited Indexed Bonds) applicable to the month in which such payment falls to be made and rounded in accordance with Condition 5(f) (*Rounding*).

(c) ***Changes in Circumstances Affecting the Index***

(i) *Change in base*: If at any time and from time to time the Index is changed by the substitution of a new base therefor, then with effect from the calendar month from and including that in which such substitution takes effect (A) the definition of Index and Index Figure in Condition 6(a) (*Definitions*) shall be deemed to refer to the new date or month in substitution for January 1987 (or, as the case may be, to such other date or month as may have been substituted therefor), and (B) the new Base Index Figure shall be the product of the existing Base Index Figure and the Index Figure immediately following such substitution, divided by the Index Figure immediately prior to such substitution.

(ii) *Delay in publication of Index*: If the Index Figure relating to any month (the **relevant month**) which is required to be taken into account for the purposes of the determination of the Index Figure for any date is not published on or before the 14th Business Day before the date on which any payment of interest or principal on the Bonds is due (the **date for payment**), the Index Figure relating to the relevant month shall be (A) such substitute index figure (if any) as the Indexation Advisor considers to have been published by the United Kingdom Debt Management Office or the Bank of England, as the case may be, (or such other body designated by the UK Government for such purposes) for the purposes of indexation of payments on the Reference Gilt or, failing such publication, on any one or more issues of index-linked United Kingdom government stock selected by the Indexation Adviser (and approved by the Bond Trustee); or (B) if no such determination is made by such Indexation Adviser within seven days, the Index Figure last published (or, if later, the substitute index figure last determined pursuant to (A) above) before the date for payment.

(d) *Application of Changes*

Where the provisions of Condition 6(c)(ii) (*Delay in publication of Index*) apply, the determination of the Indexation Adviser as to the Index Figure applicable to the month in which the date for payment falls shall be conclusive and binding. If, an Index Figure having been applied pursuant to Condition 6(c)(ii)(B), the Index Figure relating to the relevant month is subsequently published while a Bond is still outstanding, then:

- (i) in relation to a payment of principal or interest in respect of such Bond other than upon final redemption of such Bond, the principal or interest (as the case may be) next payable after the date of such subsequent publication shall be increased or reduced by an amount equal to (respectively) the shortfall or excess of the amount of the relevant payment made on the basis of the Index Figure applicable by virtue of Condition 6(c)(ii)(B), below or above the amount of the relevant payment that would have been due if the Index Figure subsequently published had been published on or before the 14th Business Day before the date for payment; and
- (ii) in relation to a payment of principal or interest upon final redemption, no subsequent adjustment to amounts paid will be made.

(e) *Cessation of or Fundamental Changes to the Index*

- (i) If (A) the Bond Trustee has been notified by the Agent Bank (or the Calculation Agent, if applicable) that the Index has ceased to be published or (B) the Bond Trustee has been notified by the Agent Bank (or the Calculation Agent, if applicable) when any change is made to the coverage or the basic calculation of the Index which constitutes a fundamental change which would, in the opinion of the Bond Trustee acting solely on the advice of an Indexation Adviser, be materially prejudicial to the interests of the Bondholders, the Bond Trustee will give written notice of such occurrence to the Issuer, and the Issuer and the Bond Trustee together shall seek to agree for the purpose of the Bonds one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave the Issuer and the Bondholders in no better and no worse position than they would have been had the Index not ceased to be published or the relevant fundamental change not been made.
- (ii) If the Issuer and the Bond Trustee fail to reach agreement as mentioned above within 20 Business Days following the giving of notice as mentioned in paragraph (i) above, a bank or other person in London shall be appointed by the Issuer and the Bond Trustee or, failing agreement on and the making of such appointment within 20 business days following the expiry of the 20 Business Day period referred to above, by the Bond Trustee (in each case, such bank or other person so appointed being referred to as the **Expert**), to determine for the purpose of the Bonds one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave the Issuer and the Bondholders in no better and no worse position than they would have been had the Index not ceased to be published or the relevant fundamental change not been made. Any Expert so appointed shall act as an expert and not as an arbitrator and all fees, costs and expenses of the Expert and of any Indexation Adviser and of any of the Issuer and the Bond Trustee in connection with such appointment shall be borne by the Issuer.
- (iii) If any payment in respect of the Bonds is due to be made after the cessation or changes referred to in paragraph (i) above but before any such adjustment to, or replacement of, the Index takes effect, the Issuer shall (if the Index Figure applicable

(or deemed applicable) to the relevant month is not available in accordance with the provisions of Condition 6(c)(i) (*Delay in publication of Index*)) make a provisional payment on the basis that the Index Figure applicable to the month in which such payment is due to be made is the Index Figure last published. In that event, or in the event of any payment (also referred to below as a **provisional payment**) on the Bonds having been made on the basis of an Index applicable under Condition 6(c)(ii)(A) and the Bond Trustee (acting solely on the advice of an Indexation Adviser) subsequently determining that the relevant circumstances fall within this Condition 6(e), then:

- (A) in relation to a payment of principal or interest in respect of the Bonds other than upon final redemption of such Bond, if the sum which would have been payable if such adjustment of substitute index had been in effect on the due date for such payment is greater or less than the amount of such provisional payment, the Interest Amount payable on the Bonds on the Interest Payment Date next succeeding the date on which such adjustment or substitute index becomes effective shall be increased or reduced to reflect the amount by which such provisional payment fell short of, or (as the case may be) exceeded, the sum which would have been paid on the Bonds if such adjustment or substituted index had been in effect on that date; or
 - (B) in relation to a payment of principal or interest upon final redemption, no subsequent adjustment to amounts paid will be made.
- (iv) The Index shall be adjusted or replaced by a substitute index as agreed by the Issuer and the Bond Trustee or as determined by the Expert pursuant to the foregoing paragraphs, as the case may be, and references in these Conditions to the Index and to any Index Figure shall be deemed amended in such manner as the Bond Trustee and the Issuer agree are appropriate to give effect to such adjustment or replacement. Such amendments shall be effective from the date of such notification and binding upon the Issuer, the other Issuer Secured Creditors, the Bond Trustee and the Bondholders, and the Issuer shall give notice to the Bondholders in accordance with Condition 16 (*Notices*) of such amendments as promptly as practicable following such notification.

7. **Redemption, Purchase and Cancellation**

(a) ***Scheduled Redemption***

Unless previously redeemed in full, or purchased and cancelled as provided below, or unless such Bond is stated in the relevant Final Terms or Pricing Supplement (as the case may be) as having no fixed Maturity Date, each Sub-Class of Bonds will be redeemed on the Scheduled Redemption Date as follows and to the following extent:

- (i) if, by the Scheduled Redemption Date, the Issuer has received repayment of the related advance (in accordance with the provisions of the Borrower Loan Agreement) of a principal amount equal to the Principal Amount Outstanding (in the case of Indexed Bonds as adjusted in accordance with Condition 6(b) (*Application of the Index Ratio*)) of such Sub-Class, then the Bonds of such Sub-Class will be redeemed in full (after exchange of such principal amount to the relevant currency pursuant to the relevant Cross Currency Hedging Agreement, if such a Cross Currency Hedging Agreement has been entered into); and

- (ii) if, by the Scheduled Redemption Date, the Issuer has received repayment of the related advance (in accordance with the provisions of the Borrower Loan Agreement) of a principal amount less than the Principal Amount Outstanding (in the case of Indexed Bonds as adjusted in accordance with Condition 6(b) (*Application of the Index Ratio*)) of such Sub-Class, then the Bonds of such Sub-Class will be redeemed pro rata in part to the extent of the amount which is so deposited (after exchange of such principal amount to the relevant currency pursuant to the relevant Cross Currency Hedging Agreement, if such a Cross Currency Hedging Agreement has been entered into).

If the Bonds of a Sub-Class are not redeemed in full by the Scheduled Redemption Date, then on each Interest Payment Date which thereafter occurs, the Bonds of such Sub-Class will be redeemed in full or, as the case may be, pro rata in part to the extent of the principal amount (after exchange of such principal amount to the relevant currency pursuant to the relevant Cross Currency Hedging Agreement, if such a Cross Currency Hedging Agreement has been entered into or, if there is no longer a Cross Currency Hedging Agreement in place and the Sub-Class is denominated in a currency other than the currency of the related advance, at a spot rate of exchange) which, if any, is received by the Issuer in repayment of the related advance(s) (in accordance with the provisions of the Borrower Loan Agreement) until the earlier of (a) such time as such Sub-Class of Bonds is redeemed in full or (b) the Maturity Date specified in the relevant Final Terms or Pricing Supplement (as the case may be) for such Sub-Class.

(b) ***Final Redemption***

If the Bonds of a Sub-Class have not previously been redeemed in full, or purchased and cancelled, the Bonds will be finally redeemed at the then Principal Amount Outstanding (in the case of Indexed Bonds as adjusted in accordance with Condition 6(b) (*Application of the Index Ratio*)) of such Sub-Class plus accrued but unpaid interest on the Maturity Date specified in the relevant Final Terms or Pricing Supplement (as the case may be) for such Sub-Class.

In the case of principal on Class B Bonds only, if, on any date on or after the Maturity Date but prior to the delivery of a Bond Enforcement Notice on which such Bond is to be redeemed (in whole or in part), there are insufficient funds available to the Issuer to pay such principal, the Issuer's liability to pay such principal will be treated as not having become payable and will be deferred until the earliest of (i) the next following Interest Payment Date on which the Issuer has, in accordance with the cash management provisions of the Issuer Cash Management Agreement, sufficient funds to pay such deferred amounts (including any interest accrued thereon); (ii) the date on which all Senior Debt has been paid in full and (iii) the date on which a Bond Enforcement Notice has been delivered. Interest will accrue on such deferred principal at the rate otherwise payable on unpaid principal of such Class B Bonds immediately prior to the Maturity Date.

(c) ***Redemption of Zero Coupon Bonds after Scheduled Redemption Date***

If the relevant Final Terms or Pricing Supplement (as the case may be) specifies that there is a Scheduled Redemption Date for the Bonds, the Redemption Amount payable upon redemption of a Zero Coupon Bond at any time after the Scheduled Redemption Date shall be an amount equal to the sum of:

- (i) the Redemption Amount that would have been payable if the Bond had been redeemed on the Scheduled Redemption Date; and

- (ii) the product of the Accrual Yield (compounded annually) being applied to such amount from (and including) the Scheduled Redemption Date to (but excluding) the date of redemption or (as the case may be) the date upon which the Bond becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms or Pricing Supplement (as the case may be) for the purposes of Condition 7(j) (*Redemption by Instalments*) or, if none is so specified, a Day Count Fraction of 30/360.

In these Conditions, **Accrual Yield** has the meaning given to it in the relevant Final Terms or Pricing Supplement (as the case may be).

(d) ***Optional Redemption***

Subject as provided below, upon giving not more than 60 nor less than 15 days' notice to the Bond Trustee, the Issuer Secured Creditors and the Bondholders, the Issuer may (prior to the Maturity Date) redeem any Sub-Class of the Bonds in whole or in part (but on a pro rata basis only) on any Interest Payment Date at their Redemption Amount, provided that Floating Rate Bonds may not be redeemed before the date (if any) specified in the relevant Final Terms or Pricing Supplement (as the case may be), as follows:

- (i) In respect of Fixed Rate Bonds denominated in sterling, the Redemption Amount will, unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be), be an amount equal to the higher of (A) their Principal Amount Outstanding and (B) the price determined to be appropriate by a financial adviser in London (selected by the Issuer and approved by the Bond Trustee) as being the price at which the Gross Redemption Yield on such Bonds on the Reference Date is equal to the Gross Redemption Yield at 3.00 pm (London time) on the Reference Date on the Reference Gilt while that stock is in issue, and thereafter such UK government stock as the Issuer may, with the advice of three persons operating in the gilt-edged market (selected by the Issuer and approved by the Bond Trustee) determine to be appropriate, plus accrued but unpaid interest on the Principal Amount Outstanding.

For the purposes of this paragraph 7(d)(i), **Gross Redemption Yield** means a yield expressed as a percentage and calculated on a basis consistent with the basis indicated by the UK Debt Management Office publication "Formulae for Calculating Gilt Prices from Yields" published on 8 June 1998 with effect from 1 November 1998 and updated on 15 January 2002, page 5 or any replacement therefor and, for the purposes of such calculation, the date of redemption of the relevant Fixed Rate Bonds shall be assumed to be the Scheduled Redemption Date and not the Maturity Date; **Reference Date** means the date which is two Business Days prior to the despatch of the notice of redemption under this paragraph (i); and **Reference Gilt** means the United Kingdom government stock specified in the relevant Final Terms or Pricing Supplement (as the case may be).

- (ii) In respect of Floating Rate Bonds, the Redemption Amount will, unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be), be the Principal Amount Outstanding plus any premium for early redemption in certain years (as specified in the relevant Final Terms or Pricing Supplement (as the case may be)) plus any accrued but unpaid interest on the Principal Amount Outstanding.

- (iii) In respect of Indexed Bonds denominated in sterling, the Redemption Amount will (unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be)) be the higher of (i) the Principal Amount Outstanding and (ii) the price determined to be appropriate (without any additional indexation beyond the implicit indexation in such determined price) by a financial adviser in London (selected by the Issuer and approved by the Bond Trustee) as being the price at which the Gross Real Redemption Yield on the Bonds on the Reference Date (as defined below) is equal to the Gross Real Redemption Yield at 3.00 pm (London time) on the Reference Date on the Reference Gilt while that stock is in issue, and thereafter such UK government stock as the Issuer may, with the advice of three persons operating in the gilt-edged market (selected by the Issuer and approved by the Bond Trustee), determine to be appropriate, plus accrued but unpaid interest (as adjusted in accordance with Condition 6(b) (*Application of the Index Ratio*)) on the Principal Amount Outstanding.

For the purposes of this paragraph (iii), **Gross Real Redemption Yield** means a yield expressed as a percentage and calculated on a basis consistent with the basis indicated by the UK Debt Management Office publication "Formulae for Calculating Gilt Prices from Yields" published on 8 June 1998 with effect from 1 November 1998 and updated on 15 January 2002, page 4 or any replacement therefor and, for the purposes of such calculation, the date of redemption of the relevant Indexed Bonds shall be assumed to be the Scheduled Redemption Date and not the Maturity Date; **Reference Date** means the date which is two Business Days prior to the despatch of the notice of redemption under this paragraph (iii); and Reference Gilt means the United Kingdom government stock specified in the relevant Final Terms or Pricing Supplement (as the case may be).

- (iv) In respect of Fixed Rate Bonds denominated in euro, the Redemption Amount will, unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be), be an amount equal to the higher of (i) their Principal Amount Outstanding and (ii) the present value at the Reference Date of (A) their Principal Amount Outstanding plus (B) all required interest payments due on the Bonds (excluding accrued but unpaid interest to the date on which the Bonds are to be redeemed (the **Redemption Date**)), computed using a discount rate equal to the Bund Rate as of the Reference Date and assuming the relevant Fixed Rate Bonds would otherwise have been redeemed on the Scheduled Redemption Date, plus, in either case, accrued but unpaid interest to the Redemption Date.

For the purposes of this paragraph 7(d)(iv), **Bund Rate** means, with respect to any Reference Date, the rate per annum equal to the equivalent yield to maturity as of such date of the Comparable German Bund Issue, assuming a price for the Comparable German Bund Issue (expressed as a percentage of its principal amount) equal to the Comparable German Bund Price on such date of determination; **Comparable German Bund Issue** means the German Bundesanleihe security specified in the relevant Final Terms or Pricing Supplement (as the case may be) or, if no such security is specified or the specified security is no longer in issue, the German Bundesanleihe security selected by any Reference German Bund Dealer as having a fixed maturity most nearly equal to the period from such Reference Date to the Scheduled Redemption Date and that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of euro-denominated corporate debt securities in a principal amount approximately equal to the then Principal Amount Outstanding of the Bonds and of a maturity most nearly equal to the Scheduled Redemption Date provided, however, that if the period from

such Redemption Date to the Scheduled Redemption Date is less than one year, a fixed maturity of one year shall be used; **Comparable German Bund Price** means, with respect to any relevant date, the average of all Reference German Bund Dealer Quotations for such date (which, in any event, must include at least two such quotations), after excluding the highest and lowest such Reference German Bund Dealer Quotations or, if the Financial Adviser obtains fewer than four such Reference German Bund Dealer Quotations, the average of all such quotations; **Financial Adviser** means a financial adviser in Frankfurt (selected by the Issuer and approved by the Bond Trustee); **Reference Date** means the date which is three Business Days prior to the despatch of the notice of redemption under this paragraph (iv); **Reference German Bund Dealer** means any dealer of German Bundesanleihe securities appointed by the Financial Adviser; and **Reference German Bund Dealer Quotations** means, with respect to each Reference German Bund Dealer and any relevant date, the average as determined by the Financial Adviser of the bid and offered prices for the Comparable German Bund Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Financial Adviser by such Reference German Bund Dealer at or about 3.30 pm (Frankfurt, Germany time) on the Reference Date.

In the case of a partial redemption of Bonds, the Bonds to be redeemed (**Redeemed Bonds**) will be selected individually by lot, in the case of Redeemed Bonds represented by Definitive Bonds, and in accordance with the rules of DTC and/or Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), in the case of Redeemed Bonds represented by a Global Bond, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). In the case of Redeemed Bonds represented by Definitive Bonds, a list of the serial numbers of such Redeemed Bonds will be published in accordance with Condition 16 (*Notices*) not less than 15 days (or such shorter period as is specified in the applicable Final Terms or Pricing Supplement (as the case may be)) prior to the date fixed for redemption. No exchange of the relevant Global Bond will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 7(d) and notice to that effect shall be given by the Issuer to the Bondholders in accordance with Condition 16 (*Notices*) at least five days (or such shorter period as is specified in the applicable Final Terms or Pricing Supplement (as the case may be)) prior to the Selection Date.

In any such case, prior to giving any such notice, the Issuer must certify (as further specified in the Finance Documents) to the Bond Trustee that it will have the funds, not subject to any interest (other than under the Issuer Security) of any other person, required to redeem the Bonds as aforesaid and to meet any amounts to be paid in priority to or *pari passu* with the Bonds being redeemed under the relevant Issuer Payment Priorities.

(e) ***Redemption for Index Event, Taxation or Other Reasons***

Redemption for Index Events: Upon the occurrence of any Index Event (as defined below), the Issuer may, upon giving not more than ten nor less than five days' notice to the Bond Trustee, the Issuer Secured Creditors and the holders of the Indexed Bonds in accordance with Condition 16 (*Notices*), redeem all (but not some only) of the Indexed Bonds of all Sub-Classes on any Interest Payment Date at the Principal Amount Outstanding (adjusted in accordance with Condition 6(b) (*Application of the Index Ratio*)) plus accrued but unpaid interest. No single Sub-Class of Indexed Bonds may be redeemed in these circumstances unless all the other Classes and Sub-Classes of Indexed Bonds linked to the same underlying

Index are also redeemed at the same time. Before giving any such notice, the Issuer shall provide to the Bond Trustee and the Issuer Secured Creditors a certificate signed by an authorised signatory (a) stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (b) confirming that the Issuer will have sufficient funds on such Interest Payment Date to effect such redemption and to discharge any amounts to be paid in priority to, or *pari passu*, with the Bonds being redeemed under the applicable Issuer Payment Priorities.

Index Event means (i) if the Index Figure for three consecutive months falls to be determined on the basis of an Index Figure previously published as provided in Condition 6(c)(ii) (*Delay in publication of Index*) and the Bond Trustee has been notified by the Principal Paying Agent that publication of the Index has ceased or (ii) notice is published by Her Majesty's Treasury, or on its behalf, following a change in relation to the Index, offering a right of redemption to the holders of the Reference Gilt, and (in either case) no amendment or substitution of the Index has been advised by the Indexation Adviser to the Issuer and such circumstances are continuing.

Redemption for Taxation Reasons and Illegality: In addition, if at any time the Issuer satisfies the Bond Trustee that by reason of a change in law (or the application or official interpretation thereof), which change becomes effective on or after the Issue Date, (a) the Issuer would, on the next Interest Payment Date, become obliged to deduct or withhold from any payment of interest, premium or principal in respect of the Bonds (other than in respect of default interest), any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the UK or Jersey or any political subdivision thereof, or any other authority thereof or any change in the application or official interpretation of such laws or regulations (**Taxes**); (b) the Borrower would on the next Interest Payment Date be required to make any withholding or deduction for or on account of any Taxes from payments in respect of the Borrower Loan Agreement; (c) a Hedge Counterparty would be entitled to terminate a Hedging Agreement in accordance with its terms as a result of the Issuer Hedge Counterparty being required to make any withholding or deduction for or on account of any Taxes from payments in respect of an Issuer Hedging Agreement; or (d) it has or will become unlawful for the Issuer to perform any of its obligations under the Borrower Loan Agreement or to fund or to maintain its participation in the Borrower Loans, then the Issuer may, in order to avoid the relevant deductions, withholding or illegality but is not obliged to, (i) use its reasonable endeavours to arrange the substitution of a company incorporated under the laws of another jurisdiction approved by the Bond Trustee as principal debtor under the Bonds and as lender under the Borrower Loan Agreement and as obligor under the Finance Documents upon satisfying the conditions for substitution of the Issuer as set out in Condition 14(e) (*Meetings of Bondholders, Modification, Waiver and Substitution*) or (ii) convert any Bearer Bonds into Registered Bonds in accordance with Condition 2(a) (*Exchange of Bonds*) if such conversion will be effective to avoid the relevant deduction, withholding or illegality. If the Issuer is unable to arrange a substitution as described above having used reasonable endeavours to do so and a conversion of Bearer Bonds into Registered Bonds would not prevent any withholding, deduction or illegality and, as a result, the relevant illegality or obligation to make a deduction or withholding is continuing, then the Issuer may, upon giving not more than ten nor less than five days' notice to the Bond Trustee, the Issuer Secured Creditors and the Bondholders in accordance with Condition 16 (*Notices*), redeem all (but not some only) of the Bonds on any Interest Payment Date at their Principal Amount Outstanding plus accrued but unpaid interest thereon (each adjusted, in the case of Indexed Bonds, in accordance with Condition 6(b) (*Application of the Index Ratio*)). Before giving any such notice of redemption, the Issuer shall provide to the Bond Trustee and the Issuer Secured Creditors a

certificate signed by an authorised signatory (a) stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have been satisfied (together with evidence satisfactory to the Bond Trustee that such conditions have been satisfied, including such legal opinions as the Bond Trustee may require) and (b) confirming that the Issuer will have sufficient funds on such Interest Payment Date to effect such redemption and to discharge any amounts to be paid in priority to, or pari passu with, the Bonds being redeemed under the applicable Issuer Payment Priorities.

(f) ***Early Redemption on Prepayment of Borrower Loan Agreement***

If:

- (i) the Borrower gives notice to the Issuer under the Borrower Loan Agreement that it intends to prepay all or part of any advance made under such Borrower Loan Agreement or the Borrower is required to prepay all or part of any advance made under the Borrower Loan Agreement; and
- (ii) in each case, such advance was funded by the Issuer from the proceeds of the issue of a Class or Sub-Class of Bonds,

the Issuer shall, upon giving not more than ten nor less than five days' notice to the Bond Trustee, the Issuer Secured Creditors and the Bondholders in accordance with Condition 16 (*Notices*) (where such advance is being prepaid in whole) redeem all of the Bonds of that Class or Sub-Class or (where part only of such advance is being prepaid) the proportion of the relevant Class or Sub-Class of Bonds which the proposed prepayment amount bears to the amount of the relevant advance.

In the case of a voluntary prepayment, the relevant Bonds will be redeemed at their Redemption Amount determined in accordance with Condition 7(d) (*Optional Redemption*) except that, in the case of Fixed Rate Bonds and Indexed Bonds, for the purposes of this Condition 7(f), **Reference Date** means the date two Business Days prior to the despatch of the notice of redemption given under this Condition 7(f), plus accrued but unpaid interest and, in the case of any other prepayment, the relevant Bonds will be redeemed at their Principal Amount Outstanding plus accrued but unpaid interest.

Notwithstanding the foregoing, no redemption of Call Protected Floating Rate Bonds, Fixed Rate Bonds or Indexed Bonds shall be made in respect of any Sub-Class of Call Protected Floating Rate Bonds, Fixed Rate Bonds or Indexed Bonds at such Par Redemption Amount or, as the case may be, Modified Redemption Amount unless sanctioned by an Extraordinary Resolution passed at a meeting of Bondholders of the relevant Sub-Class of Call Protected Floating Rate Bonds, Fixed Rate Bonds or Indexed Bonds, duly convened and held in accordance with the Bond Trust Deed.

For the purposes of this Condition 7(f), **Alternative Redemption Amount** means the amount specified as such in the relevant Final Terms or Pricing Supplement (as the case may be) (if any); **Call Protected Floating Rate Bonds** means any Floating Rate Bonds, the Final Terms or Pricing Supplement (as the case may be) in respect of which, at the proposed date of redemption, would oblige the Issuer to pay a premium to par upon the optional early redemption of such Floating Rate Bonds; **Redemption Rate** means the sum of the Relevant Swap Mid Curve Rate and 0.50% per annum or, if the Relevant Swap Mid Curve Rate is not able to be determined, the sum of such rate as may be approved by the Bond Trustee and 0.50% per annum; **Gross Redemption Yield** has the meaning given to it (in the case of Fixed Rate Bonds) in Condition 7(d)(i) or (in the case of Indexed Bonds) in Condition 7(d)(iii);

Relevant Swap Mid Curve Rate means the mid-point of the bid-side and offer-side rates for the fixed leg of a hypothetical interest rate swap with a notional profile equal to the interest profile applicable to the relevant Sub-Class of Bonds to be redeemed to (but excluding) the Scheduled Redemption Date, with the same payment dates as the relevant Bonds, against a floating leg of the Relevant Interest Rate, with no spread, where such hypothetical interest rate swap is between two highly-rated (as rated AA- by S&P or Fitch or Aa3 by Moody's or equivalent or higher) and fully collateralised market counterparties (the Relevant Swap Mid Curve Rate shall be determined by a financial adviser (nominated by the Issuer and approved by the Bond Trustee) using its standard valuation methodology (as at the date of calculation) as at or about the time for determining interest rate quotation in the currency of the relevant Bonds in accordance with market practice on the Reference Date); and **Relevant Interest Rate** means the rate of interest for deposits in the currency of the relevant Bonds and of a duration equal to the length of the Interest Period (other than the first or last Interest Period, if different) of the relevant Bonds as determined as at or about the time for determining interest rate quotation in the currency of the relevant Bonds in accordance with market practice on the Reference Date by reference to the Reuters screen (if the relevant Bonds are denominated in sterling or U.S. dollars) LIBOR01, (if the relevant Bonds are denominated in euro) EURIBOR01 or (if the relevant Bonds are denominated in a currency other than sterling or euro) specified in the relevant Final Terms or Pricing Supplement (as the case may be) or, in each case, such other page as may replace such page or, if that service ceases to display such information, such page as displays such information on such service (or, if more than one, that one previously approved in writing by the Bond Trustee) as may replace the Reuters screen.

(g) ***Early redemption following Loan Enforcement Notice***

If the Issuer receives (or is to receive) any monies from any Obligor following the service of a Loan Enforcement Notice in repayment of all or any part of a Borrower Loan, the Issuer shall, upon giving not more than ten nor less than five days' notice to the Bond Trustee, the Issuer Secured Creditors and the Bondholders in accordance with Condition 16 (*Notices*) apply such monies in accordance with the Issuer Pre-Enforcement Priority of Payments or the Issuer Post-Enforcement Priority of Payments, as applicable, and redeem (to the extent of such monies as are available in accordance with the relevant Issuer Payment Priorities) each Sub-Class of the then outstanding Bonds (corresponding to the advance under the Borrower Loan Agreement which is prepaid in accordance with the provisions of the Borrower Post-Enforcement (Pre-Acceleration) Priority of Payments, if applicable) at their Principal Amount Outstanding plus accrued but unpaid interest on the next Interest Payment Date (or, if sooner, Maturity Date). In the event that there are insufficient monies to redeem all of the Bonds outstanding of a particular Sub-Class, each Bond of such Sub-Class shall be redeemed in part in the proportion which the Principal Amount Outstanding of such Bond to be redeemed bears to the aggregate Principal Amount Outstanding of such Sub-Class.

(h) ***Early redemption of Zero Coupon Bonds***

Unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be), the Redemption Amount payable on redemption of a Zero Coupon Bond at any time before the Maturity Date shall be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Bond becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms or Pricing Supplement (as the case may be) for the purposes of this Condition 7(h) or, if none is so specified, a Day Count Fraction of 30/360.

In these Conditions, **Accrual Yield** and **Reference Price** have the meanings given to them in the relevant Final Terms or Pricing Supplement (as the case may be).

(i) ***Purchase of Bonds***

The Issuer or any Obligor may, provided that no Bond Event of Default has occurred and is continuing, purchase Bonds (provided that all unmatured Receipts and Coupons and unexchanged Talons (if any) appertaining thereto are attached or surrendered therewith) in the open market or otherwise at any price. Any purchase by tender shall be made available to all Bondholders alike. Such Bonds may be held, reissued, resold or, at the option of the Issuer or the relevant Obligor, may be surrendered to any Paying Agent and/or the Registrar for cancellation in accordance with Condition 7(k) (*Cancellation*).

If not all the Bonds which are in registered and definitive form are to be purchased, upon surrender of the existing Registered Definitive Bond, the Registrar shall forthwith upon the written request of the Bondholder concerned issue a new Registered Definitive Bond in respect of the Bonds which are not to be purchased and despatch such Registered Definitive Bond to the Bondholder (at the risk of the Bondholder and to such address as the Bondholder may specify in such request).

While the Bonds are represented by a Global Bond, the relevant Global Bond will be endorsed to reflect the Principal Amount Outstanding of Bonds to be so purchased and cancelled.

(j) ***Redemption by Instalments***

Unless previously redeemed, purchased and cancelled as provided in this Condition 7, each Bond which provides for instalment dates (as specified in the relevant Final Terms or Pricing Supplement (as the case may be), each an **Instalment Date**) and Instalment Amounts (as specified in the relevant Final Terms or Pricing Supplement (as the case may be)) will be partially redeemed on each Instalment Date at the Instalment Amount.

(k) ***Cancellation***

Any Bearer Bonds or Registered Bonds purchased by or on behalf of the Issuer or by an Obligor in accordance with Condition 7(i) (*Purchase of Bonds*) may be surrendered to or to the order of the Principal Paying Agent or the Registrar, as the case may be, for cancellation and, if so surrendered, will, together with all Bonds redeemed by the Issuer, be cancelled forthwith (together with, in the case of Bearer Bonds, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Bonds so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Bonds shall be discharged.

8. **Payments**

(a) ***Bearer Bonds***

Payments to the Bondholders of principal (or, as the case may be, Redemption Amounts or other amounts payable on redemption) and interest (or, as the case may be, Interest Amounts) in respect of Bearer Bonds will, subject as mentioned below, be made against presentation and surrender (if the Bond is not intended to be in NGB form) of the relevant Receipts (in the case of payment of Instalment Amounts other than on the due date for final redemption and provided that the Receipt is presented for payment together with its relative Bond), Bonds (in the case of all other payments of principal and, in the case of interest, as specified in Condition 8(f) (*Unmatured Coupons and Receipts and Unexchanged Talons*)) or Coupons (in the case of interest, save as specified in Condition 8(f) (*Unmatured Coupons and Receipts and Unexchanged Talons*)), as the case may be, at the specified office of any Paying Agent outside the United States of America by transfer to an account denominated in the currency in which such payment is due with, or (in the case of Bonds in definitive form only) a cheque payable in that currency drawn on, a bank in (i) the principal financial centre of that currency provided that such currency is not euro, or (ii) the principal financial centre of any Participating Member State if that currency is euro. On the occasion of each payment, (i) in the case of any Bearer Bond which is not issued in NGB form, a record of such payment made on such Bearer Bond, distinguishing between any payment of principal and any payment of interest, will be made on such Bearer Bond by the Paying Agent and such record shall be *prima facie* evidence that the payment in question has been made and (ii) in the case of any Global Bond which is issued in NGB form, the Paying Agent shall instruct Euroclear and Clearstream, Luxembourg to make appropriate entries in their records to reflect such payment.

No payment of principal and/or interest in respect of a Bearer Bond with an original maturity of more than 365 days will be made by a transfer of funds into an account maintained by the payee in the United States or by mailing a cheque to an address in the United States, except as provided in Condition 8(c) (*Payments in the United States of America*).

(b) ***Registered Bonds***

Payments of principal (or, as the case may be, Redemption Amounts) in respect of Registered Bonds will be made to the holder (or the first named of joint holders) of such Bond against presentation and surrender (if the Bond is not intended to be held under the New Safekeeping Structure) of the relevant Registered Bond at the specified office of the Registrar and in the manner provided in Condition 8(a) (*Bearer Bonds*).

Payments of instalments in respect of Registered Bonds will be made to the holder (or the first named of joint holders) of such Bond against presentation (if the Bond is not held under the New Safekeeping Structure) of the relevant Registered Bond at the specified office of the Registrar in the manner provided in Condition 8(a) (*Bearer Bonds*) and annotation of such payment on the Register and the relevant Bond.

Interest (or, as the case may be, Interest Amounts) on Registered Bonds payable on any Interest Payment Date will be paid to the holder (or the first named of joint holders) (i) in respect of a Registered Global Bond, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) in respect of a Registered Definitive Bond on the 15th day before the due date for payment thereof (the **Record Date**). Payment of interest or Interest Amounts on each Registered Bond will be made in the currency in which such payment is due by cheque drawn on a bank in (a) the principal financial centre of the country of the currency

concerned, provided that such currency is not euro, or (b) the principal financial centre of any Participating Member State if that currency is euro and mailed to the holder (or to the first named of joint holders) of such Bond at its address appearing in the Register. Upon application by the Bondholder to the specified office of the Registrar before the relevant Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a bank in (a) the principal financial centre of the country of that currency provided that such currency is not euro, or (b) the principal financial centre of any Participating Member State if that currency is euro.

On the occasion of each payment, (i) in the case of any Registered Bond which is not issued under the New Safekeeping Structure, a record of each payment so made will be endorsed on the schedule to the Global Bond or the Registered Definitive Bond by or on behalf of the Principal Paying Agent or the Registrar, as the case may be, which endorsement shall be *prima facie* evidence that such payment has been made and (ii) in the case of any Global Bond which is issued under the New Safekeeping Structure, the Paying Agent or the Registrar shall instruct Euroclear and Clearstream, Luxembourg to make appropriate entries in their records to reflect such payment.

(c) ***Payments in the United States of America***

Notwithstanding the foregoing, if any Bearer Bonds are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if:

- (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States of America with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Bonds in the manner provided above when due;
- (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts; and
- (iii) such payment is then permitted by the law of the United States of America, without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(d) ***Payments subject to fiscal laws; payments on Global Bonds***

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the (i) provisions of this Condition 8 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, amended (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commission or expenses shall be charged to the Bondholders, Couponholders or Receiptholders (if any) in respect of such payments.

The holder of a Global Bond shall be the only person entitled to receive payments of principal (or Redemption Amounts) and interest (or Interest Amounts) on the Global Bond (as the case may be) and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Bond in respect of each amount paid.

(e) ***Appointment of the Agents***

The Agents appointed by the Issuer (and their respective specified offices) are listed in the Agency Agreement. Any Calculation Agent will be listed in the relevant Final Terms or Pricing Supplement (as the case may be) and will be appointed pursuant to a Calculation Agency Agreement. The Agents act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any holder. The Issuer reserves the right, with the prior written consent of the Bond Trustee, at any time to vary or terminate the appointment of any Agent, and to appoint additional or other Agents, provided that the Issuer will at all times maintain (i) a Principal Paying Agent (in the case of Bearer Bonds), (ii) a Registrar (in the case of Registered Bonds), (iii) an Agent Bank or Calculation Agent (as specified in the relevant Final Terms or Pricing Supplement (as the case may be)), (iv) a Paying Agent with a specified office in a European Union member state that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law implementing or complying with, or introduced to conform to, such Directive as long as at least one such member state does not require a paying agent with an office in that member state to withhold or deduct amounts for or on account of tax, whether pursuant to European Council Directive 2003/48/EC, under the law of that member state or otherwise and (v) if and for so long as the Bonds are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent, Transfer Agent or Registrar in any particular place, a Paying Agent, Transfer Agent and/or Registrar, as applicable, having its specified office in the place required by such listing authority, stock exchange and/or quotation system, which, while any Bonds are admitted to the Official List of the UKLA and/or admitted to trading on the London Stock Exchange – Regulated Market shall be in London. Notice of any such variation, termination, resignation or appointment shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice shall have been given to the Bondholders in accordance with Condition 16 (*Notices*).

(f) ***Unmatured Coupons and Receipts and Unexchanged Talons***

- (i) Subject to the provisions of the relevant Final Terms or Pricing Supplement (as the case may be), upon the due date for redemption of any Bond which is a Bearer Bond (other than a Fixed Rate Bond, unless it has all unmaturing Coupons attached), unmaturing Coupons and Receipts relating to such Bond (whether or not attached) shall become void and no payment shall be made in respect of them.
- (ii) Upon the date for redemption of any Bond, any unmaturing Talon relating to such Bond (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iii) Upon the due date for redemption of any Bond which is redeemable in instalments, all Receipts relating to such Bond having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iv) Where any Bond, which is a Bearer Bond and is a Fixed Rate Bond, is presented for redemption without all unmaturing Coupons and any unexchanged Talon relating to it, a sum equal to the aggregate amount of the missing unmaturing Coupons will be deducted from the amount of principal due for payment and redemption shall be made only against the provision of such indemnity as the Issuer may require.

- (v) If the due date for redemption of any Bond is not an Interest Payment Date, interest accrued from the preceding Interest Payment Date or the Interest Commencement Date, as the case may be, or the Interest Amount payable on such date for redemption shall only be payable against presentation (and surrender if appropriate) of the relevant Bond and Coupon.

(g) ***Non-Business Days***

Subject as provided in the relevant Final Terms or Pricing Supplement (as the case may be), if any date for payment in respect of any Bond, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, **business day** means a day (other than a Saturday or a Sunday) on which banks are open for presentation and payment of debt securities and for dealings in foreign currency in London and in the relevant place of presentation and in the cities referred to in the definition of Business Days and (in the case of a payment in a currency other than euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which dealings may be carried on in the relevant currency in the principal financial centre of the country of such currency and, in relation to any sum payable in euro, a day on which the TARGET2 system is open.

(h) ***Talons***

On or after the Interest Payment Date for the final Coupon forming part of a coupon sheet issued in respect of any Bond, the Talon forming part of such coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further coupon sheet (and if necessary another Talon for a further coupon sheet) (but excluding any Coupons which may have become void pursuant to Condition 12 (*Prescription*)).

9. **Taxation**

All payments in respect of the Bonds, Receipts or Coupons will be made (whether by the Issuer, any Paying Agent, the Registrar or the Bond Trustee) without withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature unless the Issuer, any Paying Agent or the Registrar or, where applicable, the Bond Trustee is required by applicable law to make any payment in respect of the Bonds, Receipts or Coupons subject to any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature. In that event, the Issuer, such Paying Agent, the Registrar or the Bond Trustee, as the case may be, shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. None of the Issuer, any Paying Agent, the Registrar or the Bond Trustee will be obliged to make any additional payments to the Bondholders, Receiptholders or the Couponholders in respect of such withholding or deduction but without limitation to Condition 7(e). The Issuer, any Paying Agent, the Registrar or the Bond Trustee may require holders to provide such certifications and other documents as required by applicable law in order to qualify for exemptions from applicable tax laws.

10. **Bond Events of Default**

(a) ***Bond Event of Default***

Each and any of the following events shall be treated as a **Bond Event of Default**:

- (i) *Non-payment*: default is made by the Issuer in the payment of principal in respect of any Sub-Class of the Most Senior Class of Bonds when due in accordance with these Conditions, or default is made by the Issuer for a period of three Business Days in the payment of interest on any Sub-Class of the Most Senior Class of Bonds when due in accordance with these Conditions;
- (ii) *Breach of other obligations*: default is made by the Issuer in the performance or observance of any other obligation, condition, provision, representation or warranty binding upon or made by it under the Bonds or the Issuer Transaction Documents (other than any obligation whose breach would give rise to the Bond Event of Default provided for in paragraph (i) above) and, except where in the opinion of the Bond Trustee such default is not capable of remedy, such default continues for a period of 30 Business Days;
- (iii) *Insolvency Event*: an Insolvency Event occurs in relation to the Issuer; or
- (iv) *Unlawfulness*: it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Bonds or the Issuer Transaction Documents.

(b) ***Delivery of Bond Enforcement Notice***

If any Bond Event of Default occurs and is continuing and, in the case of the Bond Event of Default described in Condition 10(a)(ii), the Bond Trustee has certified in writing that, in its opinion, the happening of such event is materially prejudicial to the interests of the holders of each Sub-Class of the Most Senior Class of Bonds, the Bond Trustee (i) may, at any time, at its discretion and (ii) shall, upon being so directed in writing by Issuer Qualifying Creditors together holding or representing 25% or more of the Issuer Qualifying Debt, deliver a notice (the **Bond Enforcement Notice**) to the Issuer and copied to the Issuer Security Trustee provided that, in either case, it is indemnified and/or secured and/or prefunded to its satisfaction.

(c) ***Confirmation of no Bond Event of Default***

The Issuer, pursuant to the terms of the Bond Trust Deed, shall provide written confirmation to the Bond Trustee, on an annual basis, that no Bond Event of Default has occurred.

(d) ***Consequences of the delivery of a Bond Enforcement Notice***

Upon delivery of a Bond Enforcement Notice in accordance with Condition 10(b) (*Delivery of Bond Enforcement Notice*): (i) all Classes of the Bonds then outstanding shall thereby immediately become due and repayable at their respective Principal Amount Outstanding (in the case of Indexed Bonds, as adjusted in accordance with Condition 6(b) (*Application of the Index Ratio*)) plus accrued but unpaid interest (other than in the case of Zero Coupon Bonds) and, in the case of Indexed Bonds, as adjusted in accordance with Condition 6(b) (*Application of the Index Ratio*) and (ii) the Issuer Security shall become enforceable by the Issuer Security Trustee in accordance with the Issuer Deed of Charge.

Issuer Qualifying Creditors means, in respect of Issuer Qualifying Debt:

- (i) for so long as any Class A Bonds remain outstanding, the holders of each Sub-Class of Class A Bonds and each counterparty (each, a **Cross Currency Hedge Counterparty**) that is party to a cross currency hedging agreement (each, a **Cross Currency Hedging Agreement**) in respect of the Class A Bonds; or
- (ii) if there are no Class A Bonds then outstanding and for so long as any Class B Bonds remain outstanding, the holders of each Sub-Class of Class B Bonds and each Cross Currency Hedge Counterparty that is party to a Cross Currency Hedging Agreement in respect of the Class B Bonds.

Issuer Qualifying Debt means:

- (i) for so long as any Class A Bonds remain outstanding, the sum of (i) the Principal Amount Outstanding of the Class A Bonds and (ii) (as determined by the party or parties which would be responsible for such calculation in the event of the designation of such as an early termination date in accordance with such Cross Currency Hedging Agreement) the mark-to-market value of all transactions arising under Cross Currency Hedging Agreements in respect of the Class A Bonds to the extent that such value represents an amount which would be payable to the relevant Cross Currency Hedge Counterparties if an early termination date was designated at such time in respect of such transactions; or
- (ii) if there are no Class A Bonds then outstanding and for so long as any Class B Bonds remain outstanding, the sum of (i) the Principal Amount Outstanding of the Class B Bonds and (ii) (as determined by the party or parties which would be responsible for such calculation in the event of the designation of such as an early termination date in accordance with such Cross Currency Hedging Agreement) the mark-to-market value of all transactions arising under Cross Currency Hedging Agreements in respect of the Class B Bonds to the extent that such value represents an amount which would be payable to the relevant Cross Currency Hedge Counterparties if an early termination date was designated at such time in respect of such transactions.

11. **Enforcement Against Issuer**

No Bondholder, Receiptholder, Couponholder or other Issuer Secured Creditor is entitled to take any action against the Issuer or against any assets of the Issuer to enforce its rights in respect of the Bonds or to enforce any of the Issuer Security unless the Bond Trustee or, as the case may be, the Issuer Security Trustee, having become bound so to proceed, fails or neglects to do so within a reasonable period and such failure or neglect is continuing. The Issuer Security Trustee shall, subject to being indemnified and/or secured and/or prefunded to its satisfaction against all fees, costs, expenses, liabilities, claims and demands to which it may thereby become liable or which it may incur by so doing, upon being so directed in writing by the Bond Trustee, enforce the Issuer Security in accordance with the Issuer Deed of Charge.

None of the Bond Trustee, the Issuer Security Trustee, the Bondholders, the Receiptholders, the Couponholders or the other Issuer Secured Creditors may institute against, or join any person in instituting against, the Issuer any bankruptcy, winding up, re-organisation, arrangement, insolvency or liquidation proceeding (except for the taking of any enforcement action under the Issuer Deed of Charge including the appointment of a Receiver pursuant to the terms of the Issuer Deed of Charge) or similar proceeding under any other law for so long

as any Bonds are outstanding or for two years and a day after the latest Maturity Date on which any Bond of any Series is due to mature.

12. **Prescription**

Claims against the Issuer for payment in respect of the Bonds, Receipts or Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within ten years (in the case of principal) or five years (in the case of interest) from the appropriate Bond Relevant Date (as defined in Condition 5(i) (*Definitions*)) in respect thereof.

13. **Replacement of Bonds, Coupons, Receipts and Talons**

If any Bearer Bond, Registered Bond, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed it may be replaced, subject to applicable laws and requirements of the London Stock Exchange (in the case of listed Bonds) (and each other listing authority, stock exchange and/or quotation system upon which the relevant Bonds have then been admitted to listing, trading and/or quotation), at the specified office of the Principal Paying Agent or, as the case may be, the Registrar upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may require. Mutilated or defaced Bonds, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

14. **Meetings of Bondholders, Modification, Waiver and Substitution**

(a) ***Meetings of Bondholders, Modifications and Waiver***

The Bond Trust Deed contains provisions for convening meetings of Bondholders of one or more Sub-Classes, to consider matters affecting their interests, including the modification of these Conditions, the Bond Trust Deed and any other Issuer Transaction Document and any other document to which the Bond Trustee is a party or in relation to which the Issuer Security Trustee or the Issuer Security Trustee holds security. Subject to Condition 14(d) (*Modification and waiver*), any modification may (except in relation to any Ordinary Voting Matter or Extraordinary Voting Matter or matter giving rise to an Entrenched Right (as described in further detail in Condition 14(b) (*Relationship with Borrower Secured Creditors*)), Direction Notice, Enforcement Instruction Notice or Further Enforcement Instruction Notice and subject to the provisions concerning meetings of particular combinations of Sub-Classes of Bonds as set out in Condition 14(c) (*Relationship between Classes*) and the Bond Trust Deed) be made if sanctioned by a resolution passed at a meeting or meetings of the Bondholders of the relevant Sub-Class or Sub-Classes duly convened and held in accordance with the Bond Trust Deed by a majority of not less than three-quarters of the votes cast (an **Extraordinary Resolution**) of such Bondholders. Such a meeting may be convened by the Bond Trustee or the Issuer and shall be convened by the Issuer upon the request in writing of the Bondholders holding not less than one-tenth of the aggregate Principal Amount Outstanding of the outstanding Bonds of the relevant Sub-Class or Sub-Class(es).

The quorum at any meeting convened to vote on an Extraordinary Resolution will be one or more persons holding or representing not less than 50% of the aggregate Principal Amount Outstanding of the relevant outstanding Bonds or, at any adjourned meeting, one or more persons being or representing Bondholders, whatever the Principal Amount Outstanding of the relevant outstanding Bonds held or represented, provided, however, that certain proposals (the **Basic Terms Modifications**) in respect of any particular Sub-Class of Bonds, being any proposal:

- (i) to change any date fixed for payment of principal or interest in respect of such Sub-Class of Bonds, to change the amount of principal or the rate of interest payable on any date in respect of such Sub-Class of Bonds or (other than as specified in Conditions 7 (*Redemption, Purchase and Cancellation*) and 8 (*Payments*)) to alter the method of calculating the amount of any payment in respect of such Sub-Class of Bonds on redemption or maturity;
- (ii) other than pursuant to Condition 14(d) (*Modification and waiver*), to effect the exchange, conversion or substitution of such Sub-Class of Bonds for, or their conversion into shares, bonds or other obligations or securities of the Issuer or any other person or body corporate formed or to be formed and/or for cash;
- (iii) to change the currency in which amounts due in respect of such Sub-Class of Bonds are payable other than pursuant to redenomination into euro pursuant to Condition 17 (*European Economic and Monetary Union*);
- (iv) to change the quorum required at any meeting or the majority required to pass an Extraordinary Resolution;
- (v) an Entrenched Right where the Issuer is an Affected Borrower Secured Creditor and the interests of the Bondholders are affected thereby; or
- (vi) to amend this definition or this Condition 14 (*Meetings of Bondholders, Modification, Waiver and Substitution*),

may be sanctioned only by an Extraordinary Resolution passed at a meeting of holders of such Sub-Class of Bonds at which one or more persons holding or representing not less than three-quarters or, at any adjourned meeting, one quarter of the aggregate Principal Amount Outstanding of the relevant outstanding Bonds form a quorum. Any resolution duly passed at any such meeting shall be binding on all the relevant Bondholders, Receiptholders and Couponholders whether present or not.

In addition, a resolution in writing signed by or on behalf of the holders of not less than three-quarters of the aggregate Principal Amount Outstanding of the relevant Bonds will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more relevant Bondholders.

Subject to Condition 14(b) (*Relationship with Borrower Secured Creditors*), a meeting of such Bondholders will also have the power (exercisable by Extraordinary Resolution) to advise or instruct the Bond Trustee (including to instruct the Bond Trustee to instruct the Issuer Security Trustee) in connection with the exercise by the Bond Trustee and/or the Issuer Security Trustee (at the direction of the Bond Trustee), as the case may be, of any of their rights, powers and discretions under the Issuer Transaction Documents including to appoint any persons (whether Bondholders or not) as a committee to represent the interests of such

Bondholders and to confer upon such committee any powers which such Bondholders could themselves exercise by Extraordinary Resolution.

(b) ***Relationship with Borrower Secured Creditors***

STID Proposals: The STID provides that in respect of, among other things, Ordinary Voting Matters and Extraordinary Voting Matters, Direction Notices, Enforcement Instruction Notices and Further Enforcement Instruction Notices (each as defined in the STID), holders of the Most Senior Class of Bonds shall be entitled to instruct the Bond Trustee how to vote.

Voting in connection with a STID Proposal, Direction Notice, Enforcement Instruction Notice or Further Enforcement Instruction Notice shall be determined on a pound-for-pound basis by reference to the Outstanding Principal Amount owed to each of the relevant Participating QBS Creditors, so that all votes in favour of the proposal and against the proposal from the Participating QBS Creditors and the other Participating QBS Creditors who are not Bondholders are considered on an aggregated basis, irrespective of whether a majority of such holders of Bonds are in favour of or against the proposal.

For the purpose of voting in connection with a STID Proposal, Direction Notice, Enforcement Instruction Notice or Further Enforcement Instruction Notice, the Borrower (in the case of a STID Proposal) or, as the case may be, the Borrower Security Trustee shall send a copy of such proposal or request for instructions to the Secured Creditor Representatives of the Issuer. The Bond Trustee shall promptly forward a copy of such notice to the holders of the Most Senior Class of Bonds in accordance with Condition 16 (*Notices*) requesting them to instruct the Bond Trustee how to vote. After obtaining the instructions of the holders of the Most Senior Class of Bonds, the Bond Trustee will vote in relation to the relevant STID Proposal, Direction Notice, Enforcement Instruction Notice or Further Enforcement Instruction Notice in accordance with such instructions. Subject as provided in the STID, where the holder of any particular Principal Amount Outstanding of any Sub-Class of Bonds of the Most Senior Class instructs the Bond Trustee to vote, the Bond Trustee shall vote in respect of the same Outstanding Principal Amount owed to the Issuer under the tranche of the Borrower Loan Agreement corresponding to such Sub-Class of Bonds as is equal to the aggregate Principal Amount Outstanding of such Sub-Class of Bonds.

Irrespective of the result of voting by the Bondholders in relation to a proposed STID Proposal in respect of an Ordinary Voting Matter or an Extraordinary Voting Matter, a Direction Notice, an Enforcement Instruction Notice or a Further Enforcement Instruction Notice, any matter or action which is the subject of such STID Proposal, Direction Notice, Enforcement Instruction Notice or Further Enforcement Instruction Notice approved in accordance with the provisions of the STID shall be binding on all of the Bondholders, Receiptholders and Couponholders.

If a STID Proposal gives rise to an Entrenched Right whereby the Issuer is an Affected Borrower Secured Creditor, the Bond Trustee shall, subject to being indemnified and/or secured and/or prefunded to its satisfaction, forthwith, in accordance with the Bond Trust Deed, convene a meeting of the holders of each Sub-Class of Bonds then outstanding and affected by such Entrenched Right.

No STID Proposal that gives rise to an Entrenched Right whereby the Issuer is an Affected Borrower Secured Creditor can be approved, in accordance with the terms of the STID, unless it has previously been approved by an Extraordinary Resolution of the holders of each Sub-Class of Bonds affected by the Entrenched Right.

(c) ***Relationship between Classes***

- (i) An Extraordinary Resolution of the holders of any Sub-Class or Sub-Classes of Class A Bonds shall be binding on the Class B Bondholders irrespective of its effect on them, except that an Extraordinary Resolution to sanction a modification of the Conditions, Bonds, Receipts, Coupons or the Issuer Transaction Documents or other document to which the Bond Trustee or Issuer Security Trustee is a party or in respect of which the Issuer Security Trustee holds security or a waiver or authorisation of any breach or proposed breach thereof or certain other matters specified in the Bond Trust Deed shall not be effective unless
 - (A) it is sanctioned by Extraordinary Resolution of each Sub-Class of the Class B Bondholders (to the extent that there are Class B Bonds outstanding); or
 - (B) the Bond Trustee considers that the interests of the Class B Bondholders of each Sub-Class would not be materially prejudiced by the implementation of such Extraordinary Resolution.
- (ii) Other than an Extraordinary Resolution of the Class B Bondholders under Condition 14(c)(i)(B) above, no Extraordinary Resolution of the Holders of any Sub-Class or Sub-Classes of Class B Bonds shall be effective unless (i) it is sanctioned by Extraordinary Resolution of the Class A Bondholders (if any) or (ii) the Bond Trustee considers that the interests of the Class A Bondholders (if any) would not be materially prejudiced by the implementation of such Extraordinary Resolution of each Sub-Class.
- (iii) Conditions 15(a) (*Trustee Considerations*) and (b) (*Reliance on certificates*) in respect of meetings are subject to the further provisions of the Bond Trust Deed.

The Bond Trust Deed provides that, in relation to a Class of Bonds comprising more than one Sub-Class:

- (i) a resolution which in the opinion of the Bond Trustee affects only one Sub-Class of Bonds shall be deemed to have been duly passed if passed at a separate meeting of the holders of that Sub-Class of Bonds;
- (ii) a resolution which in the opinion of the Bond Trustee affects more than one Sub-Class of Bonds but does not give rise to a conflict of interest between the holders of the Sub-Classes of Bonds so affected shall be deemed to have been duly passed if passed at a single meeting of the holders of the Sub-Classes of Bonds so affected; and
- (iii) a resolution which in the opinion of the Bond Trustee affects more than one Sub-Class of Bonds and gives or may give rise to a conflict of interest between the holders of one Sub-Class or group of Sub-Classes of Bonds so affected and the holders of another Sub-Class or group of Sub-Classes of Bonds so affected shall be deemed to have been duly passed only if passed at separate meetings of each Sub-Class or, as the case may be, group of Sub-Classes of Bonds so affected.

(d) ***Modification and waiver***

The Bond Trustee may, without the consent of the Bondholders of any Sub-Class or (subject as provided below) any other Issuer Secured Creditor, concur with, or direct the Issuer Security Trustee to concur with, the Issuer or any other relevant parties in making (i) any modification to the Conditions, Bonds, Receipts, Coupons or the Issuer Transaction

Documents (subject as provided in the STID in relation to any of the Security Documents, the Common Terms Agreement, the Master Definitions Agreement, the STID and the Tax Deed (the **Common Documents**)) or other document to which the Bond Trustee or Issuer Security Trustee is a party or, in respect of which the Issuer Security Trustee holds security if in the opinion of the Bond Trustee such modification is made to correct a manifest error, or an error in respect of which an English court would reasonably be expected to make a rectification order, or is of a formal, minor, administrative or technical nature or (ii) any modification (other than a Basic Terms Modification) to the Conditions, Bonds, Receipts, Coupons or any Issuer Transaction Document (subject as provided in the STID in relation to any Common Documents) or other document to which the Bond Trustee or Issuer Security Trustee is a party or in respect of which the Issuer Security Trustee holds security if the Bond Trustee is of the opinion that such modification is not materially prejudicial to the interests of the Bondholders of the Most Senior Class of Bonds then outstanding provided that to the extent such modification under (ii) above relates to an Issuer Secured Creditor Entrenched Right, each of the affected Issuer Secured Creditors has given its prior written consent.

The Bond Trustee and the Issuer Security Trustee are authorised to execute and deliver on behalf of each Issuer Secured Creditor other than the relevant Issuer Secured Creditors all documentation required to implement such modification and such execution by the Bond Trustee and/or the Issuer Security Trustee, as the case may be, shall bind each of the Bondholders, the Receiptholders, the Couponholders and such Issuer Secured Creditors as if (in the case of such Issuer Secured Creditors) such documentation had been duly executed by it.

The Bond Trustee may, without the consent of the Bondholders of any Sub-Class or (subject as provided below) any other Issuer Secured Creditor and without prejudice to its rights in respect of any subsequent breach or Bond Event of Default, from time to time, and at any time but only if and in so far as in its opinion the interests of the Bondholders of the Most Senior Class of Bonds then outstanding shall not be materially prejudiced thereby, waive or authorise, or direct the Issuer Security Trustee to waive or authorise, any breach or proposed breach by the Issuer or any other relevant party of any of the covenants or provisions contained in the Conditions or any Issuer Transaction Document (subject as provided in the STID in relation to a Common Document) or other document to which the Bond Trustee or Issuer Security Trustee is a party or in respect of which the Issuer Security Trustee holds security, or determine that any event which would otherwise constitute a Bond Event of Default shall not be treated as such for the purposes of the Bond Trust Deed provided that to the extent such event, matter or thing relates to an Issuer Secured Creditor Entrenched Right, each of the affected Issuer Secured Creditors has given its prior written consent and provided further that the Bond Trustee shall not exercise such powers in contravention of any express direction given by Extraordinary Resolution of the holders of the Most Senior Class of Bonds then outstanding or of a request in writing made by holders of not less than 25% in aggregate of the principal amount of the Most Senior Class of Bonds then outstanding (but no such direction or request shall affect any waiver, authorisation or determination previously given or made) or so as to authorise or waive any proposed breach or breach relating to any matter which is the subject of a Basic Terms Modification.

The Bond Trustee and the Issuer Security Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Bond Trustee or the Issuer Security Trustee, as applicable, would have the effect of (a) exposing the Bond Trustee or the Issuer Security Trustee, as applicable, to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction; or (b) increasing the obligations or duties, or decreasing the protections, of the Bond Trustee or the Issuer Security Trustee, as applicable, in the Issuer Transaction Documents and/or the Terms and Conditions of the Bonds.

Any such modification, waiver, authorisation or determination may be given or made on such terms and subject to such conditions (if any) as the Bond Trustee may determine and shall be binding on the Bondholders and the holders of all relevant Receipts and Coupons and the other Issuer Secured Creditors and, unless the Bond Trustee agrees otherwise, notice thereof shall be given by the Issuer to the Bondholders in accordance with Condition 16 (*Notices*) as soon as practicable thereafter.

Notwithstanding that none of the Bond Trustee, the Issuer Security Trustee, the Bondholders or the other Issuer Secured Creditors has any right of recourse against the Rating Agencies in respect of any confirmation from the Rating Agencies which is relied upon by the Bond Trustee or the Issuer Security Trustee, as the case may be, the Bond Trustee and the Issuer Security Trustee shall be entitled to assume, for the purposes of exercising any power, trust, authority, duty or discretion under or in relation to the Bonds or any Issuer Transaction Document or any other document to which the Bond Trustee or Issuer Security Trustee is a party or in respect of which the Issuer Security Trustee holds security, that such exercise will not be materially prejudicial to the interests of the Bondholders (or any class of Sub-Class thereof) if the Rating Agencies have provided confirmation that such exercise will not have an adverse effect on the then ratings of the Bonds (or the Bonds of such class or Sub-Class). Without prejudice to the foregoing, the Bondholders are deemed to agree for the benefit of the Rating Agencies only that a credit rating is, however, an assessment of credit and does not address other matters that may be of relevance to Bondholders. The Bond Trustee, the Issuer Security Trustee and the Bondholders agree and acknowledge that being entitled to rely on the fact that the Rating Agencies have delivered confirmation that the ratings of their Bonds will not be adversely affected does not impose or extend any actual or contingent liability for the Rating Agencies to the Bond Trustee, the Issuer Security Trustee, the Bondholders, any other Issuer Secured Creditor or any other person or create any legal relations between the Rating Agencies and the Bond Trustee, the Issuer Security Trustee, the Bondholders, any other Issuer Secured Creditor or any other person whether by way of contract or otherwise.

Notwithstanding any other provision of this Condition 14(d), the Bond Trustee shall be obliged, without the consent of any of the Bondholders or any other Issuer Secured Creditor, to concur with the Issuer, and/or if so requested by the Issuer direct the Issuer Security Trustee to concur with the Issuer, in making any modifications to the Issuer Transaction Documents and/or these Conditions that are requested by the Issuer in order to enable the Issuer solely to comply with any legal requirements which apply to it under Regulation (EU) 648/2012 (including, without limitation any associated regulatory technical standards and advice, guidance or recommendations from relevant supervisory regulators) (the **European Market Infrastructures Regulation** or **EMIR**), subject to receipt by the Bond Trustee and the Issuer Security Trustee of a certificate of the Issuer certifying to the Bond Trustee and the Issuer Security Trustee that the requested amendments are to be made solely for the purpose of enabling the Issuer to comply with its reporting, portfolio reconciliation and dispute resolution legal requirements under EMIR (and for no other purpose).

(e) ***Substitution of the Issuer***

The Bond Trustee may without the consent of the Bondholders, Receiptholders or Couponholders at any time agree with the Issuer to the substitution in place of the Issuer (or of the previous substitute under this Condition) as the principal debtor under the Bonds and the Bond Trust Deed of any holding company of the Issuer, any Subsidiary of such holding company or any Subsidiary of the Issuer (such substituted company being hereinafter called the **New Company**) provided that a trust deed is executed or some other form of undertaking is given by the New Company in form and manner, satisfactory to the Bond Trustee, agreeing to be bound by the provisions of the Bond Trust Deed and these Conditions with any

consequential amendments which the Bond Trustee may deem appropriate as fully as if the New Company had been named as the principal debtor in place of the Issuer (or of the previous substitute under this Condition 14(e)) and provided further that the Issuer unconditionally and irrevocably guarantees all amounts payable under the Bonds to the satisfaction of the Bond Trustee.

The following further conditions shall apply to substitution of the Issuer as set out above:

- (i) the Issuer and the New Company shall comply with such other requirements as the Bond Trustee may direct in the interests of the Bondholders;
- (ii) undertakings or covenants shall be given by the New Company in terms corresponding to the provisions of the Conditions;
- (iii) without prejudice to the rights of reliance of the Bond Trustee under paragraph (iv) below, the Bond Trustee is satisfied that the relevant transaction is not materially prejudicial to the interests of the Bondholders; and
- (iv) if two directors of the New Company (or other officers acceptable to the Bond Trustee) shall certify that the New Company is solvent both at the time at which the relevant transaction is proposed to be effected and immediately thereafter (which certificate the Bond Trustee may rely upon absolutely), the Bond Trustee shall not be under any duty to have regard to the financial condition, profits or prospects of the New Company or to compare the same with those of the Issuer or the previous substitute under this Condition 14(e), as applicable.

15. **Bond Trustee Protections**

(a) *Trustee Considerations*

In connection with the exercise by the Bond Trustee under these Conditions, the Bond Trust Deed or the Issuer Transaction Documents of its rights, powers, trusts, authorities and discretions (including any modification, consent, waiver or authorisation), the Bond Trustee shall:

- (i) where it is required to have regard to the interests of the holders of the Bonds or any Sub-Class of Bonds, have regard to the general interests of the holders of the Bonds or such Sub-Class of Bonds as a class and will not have regard to the consequences of such exercise for individual Bondholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and the Bond Trustee shall not be entitled to require from the Issuer, nor shall any Bondholders be entitled to claim from the Issuer or the Bond Trustee, any indemnification or other payment in respect of any consequence (including any tax consequence) for individual Bondholders of any such exercise;
- (ii) except where expressly provided otherwise, have regard to the interests of the Class A Bondholders and the Class B Bondholders equally, provided that the Bond Trustee shall have regard to the interests only of the Class A Bondholders if, in the Bond Trustee's opinion, there is a conflict between the interests of the Class A Bondholders and the Class B Bondholders provided that, if, in the Bond Trustee's opinion, there is a conflict of interest between the holders of two or more Tranches or Sub-Classes of Bonds of the same Class, it shall have regard to the interests of the holders of the Tranche or Sub-Class of such Class then outstanding with the greatest Principal Amount Outstanding.

(b) ***Reliance on certificates***

The Bond Trustee shall be entitled to rely absolutely on a certificate of any director of the Issuer in relation to any matter and to accept without liability any such certificate as sufficient evidence of the relevant fact or matter stated in such certificate.

16. **Notices**

Notices to holders of Registered Bonds will be posted to them at their respective addresses in the Register and deemed to have been given on the date of posting. Other notices to Bondholders will be valid if published in a leading daily newspaper having general circulation in the United Kingdom (which is expected to be the *Financial Times*). The Issuer shall also ensure that all notices are duly published in a manner which complies with the rules and regulations of the London Stock Exchange and any other listing authority, stock exchange and/or quotation system on which the Bonds are for the time being listed. Any such notice (other than to holders of Registered Bonds as specified above) shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made. Couponholders and Receiptholders will be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Bonds in accordance with this Condition 16.

So long as any Bonds are represented by Global Bonds, notices in respect of those Bonds may be given only by delivery of the relevant notice to Euroclear Bank S.A./N.V. or Clearstream Banking, société anonyme, DTC or any other relevant clearing system as specified in the relevant Final Terms or Pricing Supplement (as the case may be) for communication by them to entitled account holders in substitution for publication in a daily newspaper with general circulation in London. Such notices shall be deemed to have been received by the Bondholders on the day of delivery to such clearing systems.

The Bond Trustee will provide each Rating Agency, at its request, from time to time and provided that the Bond Trustee will not contravene any duty of confidentiality or law or regulation in so doing, with all notices, written information and reports that the Bond Trustee makes available to the Bondholders of any Class or Sub-Class except to the extent that such notices, information or reports contain information confidential to third parties.

17. **European Economic and Monetary Union**

(a) ***Notice of redenomination***

The Issuer may, without the consent of the Bondholders, and on giving at least 30 days' prior notice to the Bondholders, the Bond Trustee and the Principal Paying Agent, designate a date (the **Redenomination Date**), being an Interest Payment Date under the Bonds falling on or after the date on which the UK becomes a Participating Member State.

(b) ***Redenomination***

Notwithstanding the other provisions of these Conditions, with effect from the Redenomination Date:

- (i) the Bonds of each Sub-Class denominated in sterling (the **Sterling Bonds**) shall be deemed to be redenominated into euro in the denomination of €0.01 with a principal amount for each Bond equal to the principal amount of that Bond in sterling, converted into euro at the rate for conversion of such currency into euro established by the Council of the European Union pursuant to the Treaty establishing the

European Union, as amended (including compliance with rules relating to rounding in accordance with European Community regulations), provided, however, that, if the Issuer determines, with the agreement of the Bond Trustee, that the then current market practice in respect of the redenomination into €0.01 of internationally offered securities is different from that specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Bondholders, the London Stock Exchange and any stock exchange (if any) on which the Bonds are then listed and the Principal Paying Agent of such deemed amendments;

- (ii) if Bonds have been issued in definitive form:
 - (A) all Bonds denominated in sterling will become void with effect from the date (the **Euro Exchange Date**) on which the Issuer gives notice (the **Euro Exchange Notice**) to the Bondholders and the Bond Trustee that replacement Bonds denominated in euro are available for exchange (provided that such Bonds are available) and no payments will be made in respect thereof;
 - (B) the payment obligations contained in all Bonds denominated in sterling will become void on the Euro Exchange Date but all other obligations of the Issuer thereunder (including the obligation to exchange such Bonds in accordance with this Condition 17) shall remain in full force and effect; and
 - (C) new Bonds denominated in euro will be issued in exchange for Sterling Bonds in such manner as the Principal Paying Agent or the Registrar, as the case may be, may specify and as shall be notified to the Bondholders in the Euro Exchange Notice;
- (iii) all payments in respect of the Sterling Bonds (other than, unless the Redenomination Date is on or after such date as sterling ceases to be a sub-division of the euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in euro by cheque drawn on, or by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) maintained by the payee with, a bank in the principal financial centre of any Participating Member State; and
- (iv) a Bond may only be presented for payment on a day which is a business day in the place of presentation.

(c) **Interest**

Following redenomination of the Bonds pursuant to this Condition 17:

- (i) where Sterling Bonds have been issued in definitive form, the amount of interest due in respect of the Sterling Bonds will be calculated by reference to the aggregate principal amount of the Sterling Bonds presented for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest €0.01; and
- (ii) the amount of interest payable in respect of each Sub-Class of Sterling Bonds for any Interest Period shall be calculated by applying the Interest Rate applicable to the Sub-Class of Bonds denominated in euro ranking *pari passu* to the relevant Sub-Class.

18. **Limited Recourse**

Each of the Bondholders is deemed to agree with the Issuer that, notwithstanding any other provision of the Issuer Transaction Documents, all obligations of the Issuer to the Bondholders, including its obligations under the Bonds and the Issuer Transaction Documents, are limited in recourse to the Issuer Charged Property. If:

- (i) there is no Issuer Charged Property remaining which is capable of being realised or otherwise converted into cash;
- (ii) all amounts available from the Issuer Charged Property have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Issuer Deed of Charge; and
- (iii) there are insufficient amounts available from the Issuer Charged Property to pay in full, in accordance with the provisions of the Issuer Deed of Charge, the Issuer Secured Liabilities,

then the Bondholders shall have no further claim against the Issuer in respect of any amounts owing to them which remain unpaid and such unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be deemed to cease.

19. **Miscellaneous**

(a) ***Governing Law***

The Bond Trust Deed, the Issuer Deed of Charge, the Bonds, the Coupons, the Receipts, the Talons (if any) and the other Issuer Transaction Documents and any non-contractual obligations arising out of or in connection with them shall be governed by, and shall be construed in accordance with, English law.

(b) ***Jurisdiction***

The courts of England are to have exclusive jurisdiction to settle any dispute including any dispute as to any non-contractual obligations that may arise out of or in connection with the Bond Trust Deed, the Issuer Deed of Charge, the Bonds, the Coupons, the Receipts, the Talons and the other Issuer Transaction Documents and, accordingly, any legal action or proceedings arising out of or in connection with the Bonds, the Coupons, the Receipts, the Talons (if any) and/or the Finance Documents may be brought in such courts. The Issuer has in each of the Finance Documents to which it is a party irrevocably submitted to the jurisdiction of such courts.

(c) ***Third Party Rights***

No person shall have any right to enforce any term or condition of the Bonds or the Bond Trust Deed under the Contracts (Rights of Third Parties) Act 1999.

(d) ***Rights Against Issuer***

Under the Bond Trust Deed, persons shown in the records of DTC and/or Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to interests in the Bonds will (subject to the terms of the Bond Trust Deed) acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Global Bond became void, they had been the registered Holders of Bonds in an

aggregate principal amount equal to the principal amount of Bonds they were shown as holding in the records of Euroclear, Clearstream, Luxembourg or any other relevant clearing system (as the case may be).

(e) ***Clearing System Accountholders***

References in the Conditions of the Bonds to **Bondholder** are references to the bearer of the relevant Bearer Global Bond or the person shown in the Register as the holder of the Registered Global Bond.

Each of the persons shown in the records of DTC and/or Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system (the **Clearing Systems**), as the case may be, as being entitled to an interest in a Global Bond (each an **Accountholder**) must look solely to DTC and/or Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer, to such Accountholder and in relation to all other rights arising under the Global Bond. The extent to which, and the manner in which, Accountholders may exercise any rights arising under a Global Bond will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system (as the case may be) from time to time. For so long as the relevant Bonds are represented by a Global Bond, Accountholders shall have no claim directly against the Issuer or in respect of payments due under the Bonds and such obligations of the Issuer will be discharged by payment to the bearer or registered holder of the Global Bond, as the case may be.

FORMS OF THE BONDS

The Bonds of each Series will be in either bearer form, with or without interest coupons attached, or registered form, without interest coupons attached. Bearer Bonds will be issued outside the United States in reliance on Regulation S and Registered Bonds will be issued both outside the United States in reliance on the exemption from registration provided by Regulation S and within the United States in reliance on Rule 144A or otherwise in private transactions that are exempt from the registration requirements of the Securities Act.

Bearer Bonds

Each Sub-Class of Bearer Bonds will be initially issued in the form of a Temporary Bearer Global Bond or, if so specified in the applicable Final Terms or Pricing Supplement (as the case may be), a Permanent Bearer Global Bond and, together with a Temporary Bearer Global Bond which, in either case, will:

- (a) if the Global Bonds are intended to be issued in NGB form, as stated in the applicable Final Terms or Pricing Supplement (as the case may be), be delivered on or prior to the original issue date of the Tranche to the Common Safekeeper for Euroclear and Clearstream, Luxembourg; and
- (b) if the Global Bonds are not intended to be issued in NGB form, be delivered on or prior to the original issue date of the Sub-Class to the Common Depository for, Euroclear and Clearstream, Luxembourg.

While any Bearer Bond is represented by a Temporary Bearer Global Bond, payments of principal, interest (if any) and any other amount payable in respect of the Bonds due prior to the Exchange Date will be made (against presentation of the Temporary Bearer Global Bond if the Temporary Bearer Global Bond is not intended to be issued in NGB form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Bearer Global Bond are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the Exchange Date interests in such Temporary Bearer Global Bond will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Bearer Global Bond of the same Series or (ii) Bearer Definitive Bonds of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms or Pricing Supplement (as the case may be) and subject, in the case of Bearer Definitive Bonds, to such notice period as is specified in the applicable Final Terms or Pricing Supplement (as the case may be)), in each case against certification of beneficial ownership as described above unless such certification has already been given, provided that purchasers in the United States and certain U.S. persons will not be able to receive Bearer Definitive Bonds. The holder of a Temporary Bearer Global Bond will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Bond for an interest in a Permanent Bearer Global Bond or for Bearer Definitive Bonds is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Bond will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Bearer Global Bond if the Permanent Bearer Global Bond is not intended to be issued in NGB form) without any requirement for certification.

The applicable Final Terms or Pricing Supplement (as the case may be) will specify that a Permanent Bearer Global Bond will be exchangeable (free of charge), in whole but not in part, for Bearer Definitive Bonds with, where applicable, receipts, interest coupons and talons attached upon either (a) not less than 60 days' written notice given at any time from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Bond) to the Principal Paying Agent as described therein or (b) only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default has occurred and is continuing or (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Bond Trustee is available. The Issuer will promptly give notice to Bondholders in accordance with Condition 15 (*Bond Trustee Protections*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg or the common depository or the common safekeeper for Euroclear and Clearstream, Luxembourg, as the case may be, on their behalf (acting on the instructions of any holder of an interest in such Permanent Bearer Global Bond) may give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

The following legend will appear on all Permanent Bearer Global Bonds and Bearer Definitive Bonds which have an original maturity of more than 365 days and on all receipts and interest coupons relating to such Bonds:

"ANY UNITED STATES PERSON (AS DEFINED IN THE INTERNAL REVENUE CODE OF THE UNITED STATES) WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Bonds, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Bonds, receipts or interest coupons.

Bonds which are represented by a Bearer Global Bond will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Registered Bonds

The Registered Bonds of each Series offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a Regulation S Global Bond. Prior to expiry of the Distribution Compliance Period applicable to each Series of Bonds, beneficial interests in a Regulation S Global Bond may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in Condition 2 (*Exchanges of Bearer Bonds for Registered Bonds and Transfers of Registered Bonds*) and may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Regulation S Global Bond will bear a legend regarding such restrictions on transfer.

The Rule 144A Bonds of each Tranche offered and sold in the United States or to U.S. persons may only be offered and sold in private transactions to QIBs. The Registered Bonds of each Tranche sold to QIBs will be represented by a Rule 144A Global Bond. Registered Global Bonds will either (i) be deposited with a custodian for, and registered in the name of a nominee of, DTC or (ii) be deposited with a common depository or common safekeeper, as the case may be, for Euroclear and Clearstream,

Luxembourg, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg or in the name of a nominee of the common safekeeper, as specified in the applicable Final Terms or Pricing Supplement (as the case may be). Persons holding beneficial interests in Registered Global Bonds will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Definitive Bonds in fully registered form.

The Registered Global Bonds will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

Payments of principal, interest and any other amount in respect of the Registered Global Bonds will, in the absence of provision to the contrary, be made to the person shown on the Register as the registered holder of the Registered Global Bonds. None of the Issuer, any Paying Agent, the Bond Trustee or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Bonds or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Bonds in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date immediately preceding the due date for payment in the manner provided in Condition 8 (*Payments*).

Interests in a Registered Global Bond will be exchangeable (free of charge), in whole but not in part, for definitive Registered Bonds without receipts, interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, Exchange Event means that (i) a Bond Event of Default has occurred and is continuing, (ii) in the case of Bonds registered in the name of a nominee for DTC, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Bonds and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act and no alternative clearing system is available or (iii) in the case of Bonds registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system satisfactory to the Bond Trustee is available. The Issuer will promptly give notice to Bondholders in accordance with Condition 16 (*Notices*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or Clearstream, Luxembourg or any person acting on their behalf (acting on the instructions of any holder of an interest in such Registered Global Bond) may give notice to the Registrar requesting exchange. Any such exchange shall occur not later than ten days after the date of receipt of the first relevant notice by the Registrar.

Transfer of Interests

Interests in a Registered Global Bond may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Bond. No beneficial owner of an interest in a Registered Global Bond will be able to transfer such interest, except in accordance with the applicable procedures of DTC, Euroclear and Clearstream, Luxembourg, in each case to the extent applicable. Registered Bonds are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions; see "*Subscription and Sale*".

General

Pursuant to the Agency Agreement, the Principal Paying Agent shall arrange that, where a further Sub-Class of Bonds is issued which is intended to form a single Series with an existing Sub-Class of Bonds, the Bonds of such further Sub-Class shall be assigned a common code and ISIN and, where applicable, a CUSIP and CINS number which are different from the common code, ISIN, CUSIP and CINS number assigned to Bonds of any other Sub-Class of the same Series until at least the expiry of the Distribution Compliance Period.

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or DTC shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or Pricing Supplement (as the case may be) or as may otherwise be approved by the Issuer, the Principal Paying Agent and the Bond Trustee.

No Bondholder, Receiptholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Bond Trustee or the Issuer Security Trustee, as the case may be, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing. In addition, holders of interests in such Global Bond credited to their accounts with DTC may require DTC to deliver Definitive Bonds in registered form in exchange for their interest in such Global Bond in accordance with DTC's standard operating procedures.

The Issuer may agree with any Dealer that Bonds may be issued in a form not contemplated by the Terms and Conditions of the Bonds herein, in which event a new Prospectus or a supplement to this Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Bonds.

Provisions Relating to the Bonds while in Global Form

Global Bonds will contain provisions that apply to the Bonds which they represent, some of which modify the effect of the Conditions of the Bonds as set out in this Prospectus. The following is a summary of certain of those provisions:

- *Meetings:* The holder of a Global Bond shall be treated as being two persons for the purposes of any quorum requirements of a meeting of Bondholders and, at any such meeting, the holder of a Global Bond shall be treated as having one vote in respect of each minimum denomination of Bonds for which such Global Bond may be exchanged.
- *Cancellation:* Cancellation of any Bond represented by a Global Bond that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant Global Bond.
- *Notices:* So long as any Bonds are represented by a Global Bond and such Global Bond is held on behalf of Euroclear, Clearstream, Luxembourg or any other relevant Clearing System, notices to the Bondholders may be given, subject always to listing requirements, by delivery of the relevant notice to Euroclear, Clearstream, Luxembourg or any other relevant Clearing System for communication by it to entitled Accountholders in substitution for publication as provided in the Conditions. Such notices shall be deemed to have been received by the Bondholders on the date of delivery to such clearing systems.

Eurosystem eligibility

The Issuer will notify the ICSDs and the Paying Agents upon issue whether the Bonds are intended, or are not intended, to be held in a manner which would allow Eurosystem eligibility and deposited

with one of the ICSDs as common safekeeper (and in the case of registered Bonds, registered in the name of a nominee of one of the ICSDs acting as common safekeeper). Where the Bonds are not intended to be deposited with one of the ICSDs as common safekeeper upon issuance, should the Eurosystem eligibility criteria be amended in the future such that the Bonds are capable of meeting such criteria, the Bonds may then be deposited with one of the ICSDs as common safekeeper. Where the Bonds are so deposited with one of the ICSDs as common safekeeper (and in the case of registered Bonds, registered in the name of a nominee of one of the ICSDs acting as common safekeeper) upon issuance or otherwise, this does not necessarily mean that the Bonds will be recognised as eligible collateral for Eurosystem monetary policy and intraday credit operations by the Eurosystem at issuance or at any time during their life. Such recognition will depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria have been met.

Issuer-ICSDs Agreement

The Issuer has entered into an Issuer-ICSDs Agreement with Euroclear Bank S.A./N.V. and Clearstream Banking SA (the **ICSDs**) in respect of any Bonds issued in NGB form. The Issuer-ICSDs Agreement provides that the ICSDs will, in respect of any such NGBs, maintain their respective portion of the issue outstanding amount through their records. The Issuer-ICSDs Agreement will be governed by English law.

BOOK-ENTRY CLEARANCE PROCEDURE

The information set out below has been obtained from the Clearing Systems and the Issuer believes that such sources are reliable, but prospective investors are advised to make their own enquiries as to such procedures. The Issuer accepts responsibility for the accurate reproduction of such information from publicly available information. In particular, such information is subject to any change in or reinterpretation of the rules, regulations and procedures of the Clearing Systems currently in effect and investors wishing to use the facilities of any of the Clearing Systems are therefore advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System.

Euroclear and Clearstream, Luxembourg

Custodial and depository links have been established between Euroclear and Clearstream, Luxembourg to facilitate the initial issue of each Series of the Bonds and cross-market transfers of the Bonds associated with secondary market trading. Euroclear and Clearstream, Luxembourg each holds securities for its customers and facilitates the clearance and settlement of securities transactions through electronic book-entry transfer between their respective accountholders. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions which clear through or maintain a custodial relationship with an accountholder of either system. Investors may hold their interests in Global Bonds directly through Euroclear or Clearstream, Luxembourg as Direct Participants or indirectly as Indirect Participants.

Book-entry ownership

Each Global Bond will have an ISIN and a common code and will be deposited with a common depository or common safekeeper, as the case may be, on behalf of Euroclear and Clearstream, Luxembourg. Each Global Bond will have an ISIN and a common code and will be registered in the name of a common depository or nominee on behalf of Euroclear and Clearstream, Luxembourg.

Payments and relationship of participants with Clearing Systems

Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a Bond represented by a Global Bond must look solely to Euroclear or Clearstream, Luxembourg (as the case may be) for his share of each payment made by the Issuer to the holder of such Global Bond and in relation to all other rights arising under the Global Bond, subject to and in accordance with the respective rules and procedures of Euroclear or Clearstream, Luxembourg. The Issuer expects that, upon receipt of any payment in respect of Bonds represented by a Global Bond, the common depository or common safekeeper, as the case may be, by whom such Bond is held, or nominee in whose name it is registered, will immediately credit the relevant participants' or accountholders' accounts in the relevant Clearing System with payments in amounts proportionate to their respective beneficial interests in the principal amount of the relevant Global Bond (as the case may be) as shown on the records of the relevant Clearing System or its nominee. The Issuer also expects that payments by Direct Participants in any Clearing System to owners of beneficial interests in any Global Bond held through such Direct Participants in any Clearing System will be governed by standing instructions and customary practices. Save as aforesaid, such persons shall have no claim directly against the Issuer in respect of payments due on the Bonds for so long as the Bonds are represented by such Global Bond and the obligations of the Issuer will be discharged by payment to the registered holder, as the case may be, of such Global Bond in respect of each amount so paid.

Settlement and transfer of Bonds

Subject to the rules and procedures of each applicable Clearing System, purchases of Bonds held within a Clearing System must be made by or through Direct Participants, which will receive a credit for such Bonds on the Clearing System's records. The Beneficial Owner will in turn be recorded on the Direct Participants' and Indirect Participants' records. Transfers of ownership interests in Bonds held within the Clearing System will be effected by entries made on the books of Participants acting on behalf of Beneficial Owners.

Beneficial Owners will not receive certificates representing their ownership interests in such Bonds, unless and until interests in any Global Bond held within a Clearing System are exchanged for Definitive Bonds.

USE OF PROCEEDS

The net proceeds of each series of Bonds will be lent by the Issuer to the Borrower under the Borrower Loan Agreement.

The Borrower will apply the proceeds of the Borrower Loans for, amongst other things, its general corporate purposes including:

- (i) to fund operating and capital expenditure; and
- (ii) to pay interest on and refinance (A) loans made under its Authorised Credit Facilities and (B) certain intercompany indebtedness.

DESCRIPTION OF ISSUER HEDGE COUNTERPARTIES

The Issuer may enter into hedging arrangements with Issuer Hedge Counterparties from time to time in accordance with the Hedging Policy. For general details of the hedging arrangements see "*Summary of Finance Agreements – Hedging*". Such Issuer Hedge Counterparties will satisfy the relevant Rating Agency requirements existing at the time. Details of the identity and current rating of any Issuer Hedge Counterparty appointed in connection with the issue of a Series of Bonds will be set out in the relevant Final Terms or Pricing Supplement (as the case may be).

TAX CONSIDERATIONS

UNITED KINGDOM TAXATION

The following applies only to persons who are the beneficial owners of Bonds and is a summary of the Issuer's understanding of current law published by HM Revenue & Customs and practice in the United Kingdom relating only to United Kingdom withholding tax treatment of payments of interest on the Bonds. The comments below may not apply to certain classes of person (such as dealers and persons connected to the Issuer). The following is not exhaustive and does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Bonds. The United Kingdom tax treatment of prospective Bondholders depends on their individual circumstances and may be subject to change in the future. Prospective Bondholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

Payment of Interest on the Bonds

Payments of interest on the Bonds may be made without deduction or withholding of or on account of United Kingdom income tax provided that the Bonds continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007. The London Stock Exchange is a recognised stock exchange. Securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part 6 of the FSMA) and admitted to trading on the London Stock Exchange. Provided, therefore, that the Bonds remain so listed, interest on the Bonds will be payable without withholding or deduction on account of United Kingdom income tax.

Interest on the Bonds may also be paid without withholding or deduction of or on account of United Kingdom income tax where interest on the Bonds is paid by a company and, at the time the payment is made, the Issuer reasonably believes (and any person by or through whom interest on the Bonds is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HM Revenue & Customs (HMRC) has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

Interest on the Bonds may also be paid without withholding or deduction of or on account of United Kingdom income tax where the maturity of the Bonds is less than 365 days and those Bonds do not form part of a scheme or arrangement of borrowing capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on the Bonds on account of United Kingdom income tax at the basic rate (currently 20%). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Bondholder, HMRC can issue a notice to the Issuer to pay interest to the Bondholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

HMRC has powers, in certain circumstances, to obtain information about: payments derived from securities (whether income or capital); certain payments of interest (including the amount payable on the redemption of a deeply discounted security); and securities transactions.

The persons from whom HMRC can obtain information include: a person who receives (or is entitled to receive) a payment derived from securities; a person who makes such a payment

(received from, or paid on behalf of another person); a person by or through whom interest is paid or credited; a person who effects or is a party to securities transactions (which includes an issue of securities) on behalf of others; registrars or administrators in respect of securities transactions; and each registered or inscribed holder of securities.

The information HMRC can obtain includes: details of the beneficial owner of securities; details of the person for whom the securities are held, or the person to whom the payment is to be made (and, if more than one, their respective interests); information and documents relating to securities transactions; and, in relation to interest paid or credited on money received or retained in the United Kingdom, the identity of the security under which interest is paid. HMRC is generally not able to obtain information (under its power relating solely to interest) about a payment of interest to (or a receipt for) a person that is not an individual. This limitation does not apply to HMRC's power to obtain information about payments derived from securities.

HMRC has indicated that it will not use its information-gathering power on interest to obtain information about amounts payable on the redemption of deeply discounted securities which are paid before 6 April 2014.

In certain circumstances the information which HMRC has obtained using these powers may be exchanged with tax authorities in other jurisdictions.

JERSEY TAXATION

The following summary of Jersey taxation law in relation to the holding, sale or other disposition of Bonds by Bondholders (other than Jersey residents) and the payment of interest in respect of the Bonds to Bondholders (other than residents of Jersey) is based on Jersey taxation law as it is understood to apply at the date of this Prospectus. It does not constitute legal or tax advice. Bondholders should consult their professional advisers on the implications of acquiring, buying, holding, selling or otherwise disposing of Bonds under the laws of the jurisdictions in which they may be liable to taxation. Bondholders should be aware that tax laws, rules and practice and their interpretation may change.

Under the Jersey Income Tax Law, the Issuer will be regarded as not resident in Jersey under Article 123(1) of the Jersey Income Tax Law provided that (and for so long as) it satisfies the conditions set out in that provision in which case the Issuer will not (except as noted below) be liable to Jersey income tax.

If the Issuer derives any income from the ownership or disposal of land in Jersey, such income will be subject to tax at the rate of 20%. It is not expected that the Issuer will derive any such income.

The Issuer will be able to pay interest in respect of the Bonds without any withholding or deduction for or on account of Jersey tax. Bondholders (other than residents of Jersey) will not be subject to any Jersey tax in respect of the holding, sale or other disposition of the Bonds.

Goods and Services Tax

The Issuer is an "international services entity" for the purposes of the GST Law. Consequently, the Issuer is not required to:

- (a) register as a taxable person pursuant to the GST Law;
- (b) charge goods and services tax in Jersey in respect of any supply made by it; or

- (c) (subject to limited exceptions that are not expected to apply to the Issuer) pay goods and services tax in Jersey in respect of any supply made to it.

Stamp Duty

Stamp duty of up to 0.75% (which is capped at a maximum of £100,000) is payable on the grant of probate or letters of administration in Jersey in respect of a deceased natural person (i) who died domiciled in Jersey, on the value of the entire estate wherever situate (including any Bonds or interests therein) and (ii) otherwise, on the value of so much of the estate (including any Bonds or interests therein) if any, as is situate in Jersey.

EU SAVINGS DIRECTIVE

Under EC Council Directive 2003/48/EC (the **Directive**) on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, certain member states are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland). In April 2013, the Luxembourg Government announced its intention to abolish the withholding system with effect from 1 January 2015, in favour of automatic information exchange under the Directive.

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

As part of an agreement reached in connection with the Directive, and in line with steps taken by other countries, Jersey introduced with effect from 1 July 2005 a retention tax system in respect of payments of interest, or other similar income, made to an individual beneficial owner resident in an EU Member State by a paying agent established in Jersey. The retention tax system applies for a transitional period prior to the implementation of a system of automatic communication to EU Member States of information regarding such payments. During this transitional period, such an individual beneficial owner resident in an EU Member State will be entitled to request a paying agent not to retain tax from such payments but instead to apply a system by which the details of such payments are communicated to the tax authorities of the EU Member State in which the beneficial owner is resident.

The retention tax system in Jersey is implemented by means of bilateral agreements with each of the EU Member States, the Taxation (Agreements with European Union Member States) (Jersey) Regulations 2005 and Guidance Notes issued by the Policy and Resources Committee of the States of Jersey. Based on these provisions and the Issuer's understanding of the current practice of the Jersey tax authorities (and subject to the transitional arrangements described above) the Issuer would not be obliged to levy retention tax in Jersey under these provisions in respect of interest payments made by it to a paying agent established outside Jersey.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, amended ("FATCA") impose a new reporting regime and potentially a 30% withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a "foreign financial institution", or "FFI" (as defined by FATCA)) that does not become a "Participating FFI" by entering into an agreement with the U.S. Internal

Revenue Service ("IRS") to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a "United States account" of the Issuer (a "Recalcitrant Holder"). The Issuer may be classified as an FFI.

The new withholding regime will be phased in beginning 1 July 2014 for payments from sources within the United States and will apply to "foreign passthru payments" (a term not yet defined) no earlier than 1 January 2017. This withholding would potentially apply to payments in respect of (i) any Bonds characterized as debt (or which are not otherwise characterized as equity and have a fixed term) for U.S. federal tax purposes that are issued on or after the "grandfathering date", which is the later of (a) 1 July 2014 and (b) the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified on or after the grandfathering date and (ii) any Bonds characterized as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Bonds are issued before the grandfathering date, and additional Bonds of the same series are issued on or after that date, the additional Bonds may not be treated as grandfathered, which may have negative consequences for the existing Bonds, including a negative impact on market price.

The United States and a number of other jurisdictions have announced their intention to negotiate intergovernmental agreements to facilitate the implementation of FATCA (each, an "IGA"). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "Reporting FI" not subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction would generally not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being "FATCA Withholding") from payments it makes. The Model 2 IGA leaves open the possibility that a Reporting FI might in the future be required to withhold as a Participating FFI on foreign passthru payments and payments that it makes to Recalcitrant Holders. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States and the United Kingdom have entered into an IGA based on the Model 1 IGA.

If the Issuer does not become a Participating FFI, Reporting FI, or is not treated as exempt from or in deemed compliance with FATCA, the Issuer may be subject to FATCA Withholding on payments received from U.S. sources and Participating FFIs. Any such withholding imposed on the Issuer may reduce the amounts available to the Issuer to make payments on the Bonds.

If the Issuer becomes a Participating FFI under FATCA the Issuer and financial institutions through which payments on the Bonds are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Bonds is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

Whilst the Bonds are in global form and held within the clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Bonds by the Issuer, any paying agent and the clearing systems, given that each of the entities in the payment chain beginning with the paying agent and ending with the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Bonds. The documentation expressly contemplates the possibility that the Bonds may go into definitive form and therefore that they may be taken out of the clearing systems. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive Bonds will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to payments they may receive in connection with the Bonds.

TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY TAX DISCUSSION HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (B) ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

THE PROPOSED FINANCIAL TRANSACTIONS TAX (FTT)

The European Commission has published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the participating Member States).

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in the Bonds (including secondary market transactions) in certain circumstances. The issuance and subscription of Bonds should, however, be exempt.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Bonds where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of the Bonds are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

Dealership Agreement

Bonds may be sold from time to time by the Issuer to any one or more of the Dealers in each case acting as principal or to subscribers from whom subscriptions have been procured by the Dealers, in each case pursuant to the Dealership Agreement. The arrangements under which a particular Sub-Class of Bonds may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers or subscribers are set out in the Dealership Agreement and the Subscription Agreements relating to each Sub-Class of Bonds. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Bonds, the price at which such Bonds will be purchased by the Dealers or subscribers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealership Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Series, Class or Sub-Class of Bonds.

In the Dealership Agreement, the Issuer, failing whom the Borrower, has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and maintenance of the Programme and the issue of Bonds under the Dealership Agreement and the Issuer and each of the Obligors has agreed to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

United States of America

The Bonds have not been and will not be registered under the Securities Act or the securities laws of any other jurisdiction and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from, or not subject to, the registration requirements of the Securities Act and, in each case, in circumstances that will not require the Issuer to register under the Investment Company Act. Terms used in this paragraph have the meaning given to them in Regulation S.

Bearer Bonds are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

Unless otherwise provided in the relevant Final Terms or Pricing Supplement (as the case may be), the Bonds will be offered, sold and delivered only outside the United States, to persons who are not U.S. persons, in offshore transactions in reliance on Regulation S.

Each Dealer has agreed or will agree that it has offered and sold, and it will offer and sell, Regulation S Bonds of any Series (i) as part of their distribution at any time and (ii) otherwise until 40 days after the completion of the distribution of an identifiable tranche of which such Regulation S Bonds are a part, as determined and certified to the Principal Paying Agent by the relevant Dealer (or in the case of a sale of an identifiable tranche of Regulation S Bonds to or through more than one relevant Dealer, by each of such relevant Dealers as to the Regulation S Bonds of such identifiable tranche purchased by or through it, in which case the Principal Paying Agent shall notify each such relevant Dealer when all such relevant Dealers have so certified), only in accordance with Rule 903 of Regulation S. Accordingly, neither it, its affiliates nor any persons acting on its or their behalf have engaged or will engage in any directed selling efforts in the United States with respect to Regulation S Bonds, and it and they have complied and will comply with the offering restrictions requirement of Regulation S. Each Dealer and its affiliates will also agree that, at or prior to confirmation of sale of Regulation S

Bonds to a distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Regulation S Bonds from it during the distribution compliance period it will send to such purchaser a confirmation or notice stating that such purchaser is subject to the foregoing restrictions on offers and sales. Terms used in this paragraph have the meanings given to them by Regulation S. Due to the restrictions set forth above and in the relevant Final Terms or Pricing Supplement (as the case may be), purchasers of the Bonds are advised to consult legal counsel prior to making an offer to purchase or to resell, pledge or otherwise transfer the Bonds.

Purchasers of Bonds shall be deemed to have made the representations set forth under "*Transfer Restrictions*".

European Economic Area

In relation to each Relevant Member State, each Dealer has represented, warranted and agreed, or will represent, warrant or agree, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that with effect from and including the Relevant Implementation Date it has not made and will not make an offer of Bonds to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Bonds to the public in that Relevant Member State:

- (a) if the Final Terms or Pricing Supplement (as the case may be) in relation to the Bonds specify that an offer of those Bonds may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a **Non-exempt Offer**), following the date of publication of a prospectus in relation to such Bonds which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the Final Terms or Pricing Supplement (as the case may be) contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or Final Terms or Pricing Supplement (as the case may be), as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons other than qualified investors as defined in the Prospectus Directive, subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3(2) of the Prospectus Directive,

provided that no such offer of any Bonds referred to in paragraphs (a) to (d) (inclusive) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplemental prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of Bonds to the public" in relation to any Bonds in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Bonds to be offered so as to enable an investor to decide to purchase or subscribe the Bonds, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State.

United Kingdom

Each Dealer has severally represented, warranted and agreed, or will represent, warrant or agree and each further dealer appointed under the Programme will be required to represent, warrant and agree that:

- (a) ***No deposit-taking***: in relation to any Bonds having a maturity of less than one year:
 - (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business; and
 - (ii) it has not offered or sold and will not offer or sell any Bonds other than to persons:
 - (A) whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses; or
 - (B) who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses,where the issue of the Bonds would otherwise constitute a contravention of section 19 of the FSMA by the Issuer;
- (b) ***Financial Promotion***: it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Bonds in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (c) ***General Compliance***: it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Bonds in, from or otherwise involving the United Kingdom.

Jersey

Each Dealer has severally represented to, and agreed with, or will represent to and agree with, the Issuer that it has not, directly or indirectly, offered or sold, or solicited an offer or invitation to purchase, and it will not offer or sell, or solicit an offer or invitation to purchase, any Bonds in Jersey, except in compliance with all applicable Jersey laws, orders and regulations.

General

Each Dealer acknowledges that other than having obtained the approval of the Prospectus by the UKLA in accordance with Part VI of the FSMA for the Bonds to be admitted to listing on the Official List of the UKLA and to trading on the Market or the Professional Securities Market of the London Stock Exchange and the obtaining of the consent of the Jersey registrar of companies in accordance with Article 5 of the Companies (General Provisions) (Jersey) Order 2002, no action has been or will be taken in any jurisdiction by the Issuer that would permit a public offering of Bonds, or possession or distribution of the Prospectus or any other offering material, in any jurisdiction where action for that purpose is required. Each Dealer shall to the best of its knowledge and belief comply with all applicable laws and regulations in each jurisdiction in or from which it purchases, offers, sells or delivers Bonds or has in its possession or distributes the Prospectus or any other offering material, in all cases at its own expense unless agreed otherwise.

The Dealership Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific country or jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) in the official interpretation, after the date of the Dealership Agreement, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the paragraph above.

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such supplement or modification will be set out in the relevant Final Terms or Pricing Supplement (as the case may be) (in the case of a supplement or modification relevant only to a particular Sub-Class of Bonds) or (in any other case) in a supplement to this Prospectus.

TRANSFER RESTRICTIONS

The Bonds have not been, and will not be, registered under the Securities Act or the securities laws of any other jurisdiction, and the Issuer has not registered and does not intend to register as an investment company under the United States Investment Company Act of 1940, as amended (the **Investment Company Act**). Accordingly, to ensure compliance with applicable laws, including the Securities Act and the Investment Company Act, transfers of the Bonds (or beneficial interests therein) will be subject to restrictions and to certification requirements as set forth below (as the same may be amended, supplemented or modified in respect of a particular Series pursuant to the relevant Final Terms or Pricing Supplement (as the case may be)).

Each purchaser (other than the Dealers) or transferee of any Bonds (or beneficial interest therein) will be deemed to have represented, warranted, acknowledged and agreed for the benefit of the Issuer and the Bond Trustee as follows:

1. In connection with the purchase of the Bonds: (a) none of the Issuer, the Arranger, the Dealers, the Bond Trustee, or any affiliate thereof or any person acting on behalf of the foregoing, is acting as a fiduciary or financial or investment adviser for the purchaser; (b) the purchaser is not relying (for purposes of making any investment decision or otherwise) upon any advice, counsel or representations (whether written or oral) of the Issuer, the Arranger or the Dealers or any affiliate thereof, the Bond Trustee, or any person acting on behalf of the foregoing, other than in the Final Terms or Pricing Supplement (as the case may be) and the Prospectus and any representations expressly set forth in a written agreement with such party; (c) none of the Issuer, the Arranger or the Dealers or any affiliate thereof, the Bond Trustee, or any person acting on behalf of the foregoing, has given to the purchaser (directly or indirectly through any other person) any assurance, guarantee or representation whatsoever as to the expected or projected success, profitability, return, performance, result, effect, consequence or benefit (including legal, regulatory, tax, financial, accounting or otherwise) as to an investment in the Bonds; (d) the purchaser has consulted with its own legal, regulatory, tax, business, investment, financial and accounting advisers to the extent it has deemed necessary, and it has made its own investment decisions (including decisions regarding the suitability of any transaction pursuant to the Bond Trust Deed) based upon its own judgement and upon any advice from such advisers as it has deemed necessary and not upon any view expressed by the Issuer, the Arranger or the Dealers or any affiliate thereof, the Bond Trustee, or any person acting on behalf of the foregoing; (e) the purchaser has evaluated the rates, prices or amounts and other terms and conditions of the purchase and sale of the Bonds with a full understanding of all of the risks thereof (economic and otherwise), and it is capable of assuming and willing to assume (financially and otherwise) those risks; (f) the purchaser is a sophisticated investor; and (g) the purchaser understands that these acknowledgements, representations, and agreements are required in connection with U.S. securities laws and it agrees to indemnify and hold harmless the Issuer, the Arranger, the Dealers, the Bond Trustee and any affiliates thereof from and against all losses, liabilities, claims, costs, charges and expenses which they may incur by reason of its failure to fulfil any of the terms, conditions or agreements set forth above or by reason of any breach of its representations and warranties herein.
2. It is, and the person, if any, for whose account it is acquiring the Bonds is, located outside the United States and is neither a U.S. person nor a U.S. resident and is purchasing for its own account or one or more accounts, each of which is neither a U.S. person nor a U.S. resident and as to each of which the purchaser exercises sole investment discretion, in an offshore transaction in accordance with Regulation S, and is aware that the sale of the Bonds to it is being made in reliance on the exemption from registration provided by Regulation S and that if it should resell or otherwise transfer the Bonds prior to the expiration of the distribution

compliance period (defined as 40 days after the later of the commencement of the offering and the Issue Date), it will do so only: (a)(i) outside the United States in compliance with Rule 903 or 904 under the Securities Act or (ii) to a QIB in compliance with Rule 144A; and (b) in accordance with all applicable U.S. State securities laws; and it acknowledges that the Bonds represented by a Regulation S Global Bond will bear a legend as set out below unless otherwise agreed to by the Issuer.

3. It understands that unless the Issuer determines otherwise in compliance with applicable law, such Bonds will bear a legend as follows:

"THIS SECURITY HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE SECURITIES ACT), OR ANY OTHER APPLICABLE U.S. STATE SECURITIES LAWS AND, ACCORDINGLY, MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT IN ACCORDANCE WITH THE AGENCY AGREEMENT IN RESPECT OF THIS SECURITY AND PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT. UNTIL THE EXPIRY OF THE PERIOD OF 40 DAYS AFTER THE LATER OF THE COMMENCEMENT OF THE OFFERING AND THE ISSUE DATE, SALES MAY NOT BE MADE IN THE UNITED STATES OR TO U.S. PERSONS UNLESS MADE (I) PURSUANT TO RULE 903 OR 904 OF REGULATION S UNDER THE SECURITIES ACT OR (II) TO "QUALIFIED INSTITUTIONAL BUYERS" AS DEFINED IN, AND IN TRANSACTIONS PURSUANT TO, RULE 144A UNDER THE SECURITIES ACT.

EXCEPT AS OTHERWISE PROVIDED IN THE APPLICABLE FINAL TERMS OR PRICING SUPPLEMENT (AS THE CASE MAY BE), BY ITS PURCHASE AND HOLDING OF THIS BOND (OR ANY INTEREST THEREIN) EACH PURCHASER AND HOLDER WILL BE DEEMED TO HAVE REPRESENTED AND AGREED THAT EITHER (1) IT IS NOT AN "EMPLOYEE BENEFIT PLAN" AS DESCRIBED IN SECTION 3(3) OF THE U.S. EMPLOYEE RETIREMENT INCOME ACT OF 1974, AS AMENDED (ERISA) AND SUBJECT TO TITLE I OF ERISA, OR A "PLAN" SUBJECT TO SECTION 4975 OF THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED (THE CODE), OR AN ENTITY WHOSE UNDERLYING ASSETS ARE DEEMED FOR PURPOSES OF ERISA OR THE CODE TO INCLUDE THE ASSETS OF ANY SUCH EMPLOYEE BENEFIT PLAN OR PLAN, OR A GOVERNMENTAL, CHURCH OR NON-U.S. PLAN WHICH IS SUBJECT TO ANY FEDERAL, STATE, LOCAL OR NON-U.S. LAW THAT IS SUBSTANTIALLY SIMILAR TO THE PROVISIONS OF SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE (SIMILAR LAW), OR (2) ITS PURCHASE, HOLDING AND DISPOSITION OF THIS BOND DOES NOT AND WILL NOT CONSTITUTE OR RESULT IN A PROHIBITED TRANSACTION UNDER SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE (OR IN THE CASE OF A GOVERNMENTAL, CHURCH OR NON-U.S. PLAN, ANY SUCH SUBSTANTIALLY SIMILAR LAW) FOR WHICH AN EXEMPTION IS NOT AVAILABLE."

4. It further understands that unless the Issuer determines otherwise in compliance with applicable law, such Bonds will bear a legend as follows:

"ANY UNITED STATES PERSON (AS DEFINED IN THE INTERNAL REVENUE CODE OF THE UNITED STATES) WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

5. It understands that the Bonds have not been and will not be registered under the Securities Act and that the Issuer has not registered and will not register under the Investment Company Act. It agrees, for the benefit of the Issuer and the Bond Trustee that, if it decides to resell, pledge or otherwise transfer such Bonds (or any beneficial interest or participation therein) purchased by it, unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be), any offer, sale or transfer of such Bonds (or any beneficial interest therein) will be made in compliance with the Securities Act and only: (i) within the United States, or to or for the account of a U.S. person (as defined in Regulation S under the Securities Act) or a U.S. resident (as determined for purposes of the Investment Company Act), to a QP whom the seller reasonably believes is a QIB purchasing for its own account or for the account of one of more QIBs each of which is also a QP as to which the purchaser exercises sole investment discretion in a transaction meeting the requirements of Rule 144A; or (ii) outside the United States, to a person who is neither a U.S. person nor a U.S. resident in an offshore transaction (and not to or for the account or benefit of a U.S. person or a U.S. resident) complying with Rule 903 or Rule 904 of Regulation S; and in the case of (i) and (ii) above, in accordance with all applicable securities laws including the securities laws of any State of the United States.
6. With respect to such Bond (or beneficial interest therein), either: (a) such purchaser or transferee is not, and for so long as such Bond (or beneficial interest therein) is held will not be (i) an "employee benefit plan" as defined in section 3(3) of ERISA that is subject to Title I of ERISA, (ii) a "plan" that is subject to section 4975 of the Code or (iii) any entity whose underlying assets include (or are deemed for the purposes of ERISA or Section 4975 to include) "plan assets" by reason of an ERISA plan; or (b) such purchaser's or transferee's purchase and holding of such Bond will not constitute or result in a prohibited transaction under section 406 of ERISA or section 4975 of the Code for which an exemption is not available. Any purported transfer of a Bond (or beneficial interest therein) to a purchaser that does not comply with the requirements of this paragraph 6 will be of no force and effect, will be void ab initio and the Issuer will have the right to direct the purchaser to transfer such Bond (or beneficial interest therein), as applicable, to a person who meets the foregoing criteria.
7. It understands that before any interest in a Global Bond may be offered, resold, pledged or otherwise transferred to a person who takes delivery in the form of an interest in a Rule 144A Global Bond, the transferor and/or transferee, as applicable, will be required to provide the Registrar with a written certification substantially in the form set out in the Bond Trust Deed as to compliance with the transfer restrictions described herein.

GENERAL INFORMATION

Authorisation

Litigation

There are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) in respect of the Issuer within the period of 12 months preceding the date of this Prospectus which may have, or have had in the recent past, a significant effect on the financial position or profitability of the Issuer.

There are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Borrower is aware) in respect of the Borrower and its subsidiaries within a period of 12 months preceding the date of this Prospectus which may have, or have had in the recent past, a significant effect on the financial position or profitability of the Borrower and its subsidiaries.

There are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Security Parent is aware) in respect of the Security Parent and its subsidiaries within a period of 12 months preceding the date of this Prospectus which may have, or have had in the recent past, a significant effect on the financial position or profitability of the Security Parent and its subsidiaries.

Availability of Financial Statements

The audited annual financial statements of the Issuer, the Borrower and the Security Parent will be prepared as of 31 March in each year. The Issuer has not published and does not intend to publish any interim financial information, but the Borrower and the Security Parent provide semi-annual unaudited financial information to various parties under the terms of the Common Terms Agreement. The unaudited interim financial information of the Borrower will be prepared as of 30 September in each year. The Issuer has commenced operations, with the most recent set of audited annual financial statements of the Issuer and the Security Parent being the year ended 31 March 2013. All future audited annual financial statements (and any published interim financial information) of the Issuer, the Borrower and the Security Parent will be available free of charge in accordance with "*Documents Available*" above.

Auditors

The auditors of the Issuer are PricewaterhouseCoopers LLP with a registered office at The Portland Building, 25 High Street, Crawley, West Sussex, RH10 1BG.

The auditors of the Borrower are PricewaterhouseCoopers LLP, with a registered office at The Portland Building, 25 High Street, Crawley, West Sussex, RH10 1BG, who have audited the Borrower's accounts, without qualification, in accordance with generally accepted auditing standards in the UK for each of the financial years ended on 31 March 2012 and on 31 March 2013. The audited accounts include reports prepared by the auditors. PricewaterhouseCoopers LLP has no material interest in either the Issuer or the Borrower.

Legend

Bearer Bonds, Receipts, Talons and Coupons appertaining thereto will bear a legend substantially to the following effect: "**Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in**

sections 165(j) and 1287(a) of the Internal Revenue Code." The sections referred to in such legend provide that a United States person who holds a Bearer Bond, Coupon, Receipt or Talon generally will not be allowed to deduct any loss realised on the sale, exchange or redemption of such Bearer Bond, Coupon, Receipt or Talon and any gain (which might otherwise be characterised as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.

Floating Rate Notes

Interest on Floating Rate Notes will accrue at a rate linked to either LIBOR or EURIBOR (each a "**FRN Reference Rate**"). The relevant FRN Reference Rate (including the relevant reference period and details of where it is published) that will apply to any particular Tranche of Notes issued under the Programme will be disclosed in the relevant Final Terms or Pricing Supplement, as the case may be.

Information in respect of the Bonds

The issue price and the amount of the relevant Bonds will be determined, before filing of the relevant Final Terms or Pricing Supplement (as the case may be) of each Tranche, based on then prevailing market conditions. The Issuer does not intend to provide any post-issuance information in relation to any issues of Bonds except for the Investor Report which will be prepared by the Borrower on a semi-annual basis and published on the designated website of GAL, being www.gatwickairport.com/investor and which will also be made available at the specified office of the Principal Paying Agent, (in the case of Registered Bonds) at the specified office of the Registrar and the Transfer Agents and (in all cases) at the registered office of the Bond Trustee. No reports in respect of the Borrower Loan Agreements and the Borrower Loans will be prepared.

Material Contracts

The Borrower has not entered into contracts outside the ordinary course of its business, which could result in the Borrower or any member of its group being under an obligation or entitlement that is material to the Borrower's ability to meet its obligation to the Issuer under the Borrower Loan Agreements.

Other Activities of the Dealers

The Dealers and their respective affiliates (i) have provided, and may in the future provide, investment banking, commercial lending, consulting and financial advisory services to, (ii) have entered into and may, in the future enter into, other related transactions with, and (iii) have made or assisted or advised any party to make, and may in the future make or assist or advise any party to make, acquisitions and investments in or related to, the Issuer or the Obligors and their respective subsidiaries and affiliates or other parties that may be involved in or related to the transactions contemplated in this Prospectus, in each case in the ordinary course of business or as Liquidity Facility Providers in respect of the Liquidity Facility made available to the Issuer and the Borrower under the Liquidity Facility Agreement. The Dealers and their respective affiliates may, in the future, act as Hedge Counterparties.
