

GATWICK FUNDING LIMITED

(incorporated with limited liability in Jersey with registered number 107376)

£5,000,000,000 Multicurrency programme for the issuance of Bonds

In this prospectus (the "**Prospectus**"), unless otherwise stated, words and expressions have the meanings given in the "Glossary" on pages 186-263.

On 15 February 2011, Gatwick Funding Limited (the "**Issuer**") established a multicurrency programme (the "**Programme**") for the issuance of bonds (the "**Bonds**"). This document supersedes the prospectus dated 7 February 2018. Any Bonds issued after the date of this Prospectus are issued subject to the provisions set out herein. This does not affect any Bonds issued before the date of this Prospectus.

Application has been made to the Financial Conduct Authority (the "**FCA**") in its capacity as competent authority under Part VI of the Financial Services and Markets Act 2000, as amended (the "**FSMA**"), for the purposes of the Prospectus Directive and relevant implementing measures in the United Kingdom (the "**UK Listing Authority**" or "**UKLA**") for Bonds issued under the Programme during the period of 12 months after the date hereof to be admitted to the Official List and to the London Stock Exchange plc (the "**London Stock Exchange**") and for such Bonds to be admitted to trading on the London Stock Exchange's Regulated Market (the "**Market**"). References in this Prospectus to Bonds being "listed" (and all related references) shall mean that such Bonds have been admitted to trading on the Market and have been admitted to the Official List. The Market is a regulated market for the purposes of the Markets in Financial Instruments Directive 2014/65/EU (as amended, "**MiFID II**").

The Bonds may be issued, on a continuing basis, to the Dealer specified under "*Some Characteristics of the Bond Programme*" and any additional dealer appointed under the Programme from time to time by the Issuer, which appointment may be for a specific issue or on an ongoing basis (the "**New Dealers**"). References in this Prospectus to the "Dealers", "any Dealer", "each Dealer" or the "relevant Dealers" shall be to the Dealer specified under "*Some Characteristics of the Bond Programme*" and/or the New Dealers. References in this Prospectus to the "relevant Dealer" shall, in the case of an issue of Bonds being (or intended to be) subscribed by more than one Dealer or in respect of which subscriptions will be procured by more than one Dealer, be to all Dealers agreeing to subscribe for such Bonds or to procure subscriptions for such Bonds, as the case may be.

The Programme provides that Bonds may be listed on such other or further stock exchange(s) as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Bonds and/or Bonds not admitted to trading on any regulated market for the purposes of MiFID II and in circumstances that would not otherwise require the publication of a prospectus under the Prospectus Directive ("**Exempt Bonds**"). The UK Listing Authority has neither approved nor reviewed information contained in this Prospectus in connection with the Exempt Bonds.

Bonds issued under the Programme have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the "Securities Act"), or with any securities regulatory authority of any state or other jurisdiction of the United States. The Bonds may not be offered, sold or delivered within the United States or to, or for the benefit of, U.S. persons (as defined in Regulation S under the Securities Act ("Regulation S")) except to persons that are qualified institutional buyers within the meaning of Rule 144A under the Securities Act ("Rule 144A"), or pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in accordance with all applicable state securities laws, in each case, in circumstances that will not require the Issuer to register under the United States Investment Company Act of 1940, as amended (the "Investment Company Act"). Prospective purchasers are hereby notified that sellers of Bonds may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A. Each purchaser of the Bonds in making its purchase will be deemed to have made certain acknowledgements, representations and agreements. See "*Subscription and Sale*" in this Prospectus.

Please see "*Risk Factors*" to read about certain factors you should consider before buying any Bonds.

Neither the United States Securities and Exchange Commission (the "**SEC**") nor any state securities commission in the United States nor any other United States regulatory authority has approved or disapproved the Bonds or determined that this Prospectus is truthful or complete. Any representation to the contrary is a criminal offence in the United States.

Prospectus dated 26 June 2019

Under the Programme the Issuer may, subject to all applicable legal and regulatory requirements, from time to time issue Bearer Bonds and Registered Bonds. The maximum aggregate nominal amount of all Bonds from time to time outstanding under the Programme will not exceed £5,000,000,000 (or its equivalent in other currencies calculated as described in the Dealership Agreement described therein, subject to increase as described therein). Copies of each Final Terms will be available (in the case of all Bonds) or the Pricing Supplement (in the case of any Tranche of Exempt Bonds) from the specified office set out below of Deutsche Trustee Company Limited as the Bond Trustee (in the case of Bearer Bonds), from the specified office set out below of each of the Paying Agents and (in the case of Registered Bonds) from the specified office set out below of each of the Registrar and the Transfer Agent, **provided that**, in the case of Bonds which are not listed on any stock exchange, copies of the relevant Final Terms or Pricing Supplement (as the case may be) will only be available for inspection by the relevant Bondholders.

Details of the aggregate principal amount, interest (if any) payable, the issue price and any other conditions not contained herein, which are applicable to each Tranche of each Sub-Class of each Class of each Series (all as defined below) will be set forth in the relevant Final Terms or Pricing Supplement (as the case may be) or in a Drawdown Prospectus, see "*Final Terms, Pricing Supplements and Drawdown Prospectuses*" below. In the case of a Tranche of Bonds which is the subject of a Drawdown Prospectus, each reference in this Prospectus to information being specified or identified in the relevant Final Terms or Pricing Supplement (as the case may be) shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus, unless the context requires otherwise. In the case of Bonds to be admitted to the Official List and to trading on the Market, the Final Terms will be delivered to the UKLA and the London Stock Exchange on or before the relevant date of issue of the Bonds of such Tranche. The Issuer may agree with any Dealer and the Bond Trustee that Bonds may be issued in a form not contemplated by the Conditions, in which event (in the case of Bonds admitted to the Official List only) a further prospectus or a Drawdown Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Bonds.

Bonds issued under the Programme will be issued in Series on each Issue Date and each Series may comprise one or more of two Classes. Bonds will be designated as either Class A Bonds or Class B Bonds. Each Class may comprise one or more Sub-Classes with each Sub-Class pertaining to, among other things, the currency, interest rate and maturity date of the relevant Sub-Class. Each Sub-Class may be zero-coupon, fixed rate, floating rate or index-linked Bonds and may be denominated in sterling, euro or U.S. dollars (or in other currencies subject to compliance with applicable laws).

Ratings ascribed to all of the Bonds reflect only the views of the Rating Agencies and any further or replacement rating agency appointed by the Issuer. Any two of S&P, Fitch and Moody's may provide ratings in respect of each Series of Bonds issued under the Programme. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by any one or all of the Rating Agencies. A suspension, reduction or withdrawal of the rating assigned to any of the Bonds may adversely affect the market price of such Bonds.

The rating of certain Sub-Classes or Series of Bonds to be issued under the Programme may be specified in the applicable Final Terms or Pricing Supplement (as the case may be). Whether or not each credit rating applied for in relation to the relevant Sub-Class or Series of Bonds has been issued by (i) a credit rating agency established in the European Union and registered under the CRA Regulation, or (ii) issued by a credit rating agency which is not established in the European Union and not registered under the CRA Regulation but endorsed by an EU-established and EU-registered credit rating agency, or (iii) issued by a credit rating agency which is not established in the European Union but which is certified under the CRA Regulation, will be disclosed in the Final Terms or Pricing Supplement (as the case may be). In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the European Securities and Markets Authority ("**ESMA**") on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA

list. Each of S&P Global Ratings Europe Limited (being one of the entities through which Standard & Poor's Ratings Services' business operations in the European Union are currently conducted), Fitch Ratings Limited and Moody's Investors Service Limited is established in the European Union and registered under the CRA Regulation.

If any withholding or deduction for or on account of tax is applicable to the Bonds, payments on the Bonds will be made subject to such withholding or deduction, without the Issuer being obliged to pay any additional amounts as a consequence.

In the case of any Bonds which are to be admitted to trading on a regulated market within the European Economic Area ("**EEA**") or offered to the public in a member state of the EEA in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum denomination shall be €100,000 or not less than the equivalent of €100,000 in any other currency as at the date of issue of the Bonds. Bonds may be issued in such denomination and higher integral multiples of a smaller amount specified in the relevant Final Terms or Pricing Supplement (as the case may be).

If issued under the relevant Final Terms or Pricing Supplement (as the case may be), Bonds that are Bearer Bonds may be represented initially by one or more Temporary Bearer Global Bonds, without interest coupons, which will be deposited with a common depositary or common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg on or about the Issue Date of such Sub-Class. Each such Temporary Bearer Global Bond will be exchangeable for Permanent Bearer Global Bonds or definitive securities in bearer form as specified in the relevant Final Terms or Pricing Supplement (as the case may be) following the expiration of 40 days after the later of the commencement of the offering and the relevant Issue Date, upon certification as to non-U.S. beneficial ownership and as may be required by U.S. tax laws and regulations, as described in "*Forms of the Bonds*". Bearer Bonds are subject to U.S. tax law requirements. Subject to certain exceptions, the Bearer Bonds may not be offered, sold or delivered within the United States or to U.S. persons.

The Programme contemplates the potential issue of Bonds for sale in the United States pursuant to Rule 144A under the Securities Act or another exemption from the registration requirements of the Securities Act and the Issuer may issue such Bonds in the future.

If issued under the relevant Final Terms or Pricing Supplement (as the case may be), Bonds that are Registered Bonds will be represented on issue by beneficial interests in a Registered Global Bond, in fully registered form, without interest coupons attached, which will be deposited with, and be registered in the name of, a common depositary for Euroclear and Clearstream, Luxembourg. Ownership interests in the Registered Global Bonds will be shown on, and transfers thereof will only be effected through, records maintained by Euroclear and Clearstream, Luxembourg and their respective participants. Bonds in definitive, certificated and fully registered form will be issued only in the limited circumstances described herein. In each case, purchasers and transferees of Bonds will be deemed to have made certain representations and agreements. See "*Forms of the Bonds*" and "*Subscription and Sale*" below.

IMPORTANT NOTICES

This Prospectus is being distributed only to, and is directed only at, relevant persons. This Prospectus, or any of its contents, must not be acted on or relied on by persons who are not relevant persons. Any investment or investment activity to which this Prospectus relates is available only to, and any invitation, offer or agreement to subscribe, purchase or otherwise acquire such investments will be engaged in only with, relevant persons.

Neither the delivery of this Prospectus nor the offering, sale or delivery of any Bonds shall in any circumstances imply that the information contained herein concerning the Issuer or the Obligors is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct or that there has been no adverse change in the financial position of the Issuer or the Obligors at any time subsequent to the date indicated in the document containing the same. None of the Arranger, the Dealers, the Bond Trustee, the Issuer Security Trustee, the Borrower Security Trustee or the Other Parties undertakes to review the financial condition or affairs of any of the Issuer or the Obligors during the life of the Programme or to advise any investor in the Bonds of any information coming to their attention.

This Prospectus is not intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer, any member of the Security Group, the Arranger, any Dealer, the Bond Trustee, the Issuer Security Trustee, the Borrower Security Trustee or any of the Other Parties that any recipient of this Prospectus should purchase any of the Bonds.

Each person contemplating making an investment in the Bonds must make its own investigation and analysis of the creditworthiness of the Issuer and the Obligors and its own determination of the suitability of any such investment, with particular reference to its own investment objectives and experience and any other factors which may be relevant to it in connection with such investment. A prospective investor who is in any doubt whatsoever as to the risks involved in investing in the Bonds should consult independent professional advisers.

The distribution of this Prospectus and the offering, sale or delivery of the Bonds in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions. This Prospectus does not constitute, and may not be used for the purposes of, an offer to or solicitation by any person to subscribe or purchase any Bonds in any jurisdiction or in any circumstances in which such an offer or solicitation is not authorised or is unlawful.

In connection with the issue of any Tranche of Bonds, the Dealer or Dealers appointed as Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in connection with such Tranche may over-allot Bonds or effect transactions with a view to supporting the market price of the Bonds at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Bonds is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Bonds and 60 days after the date of the allotment of the relevant Tranche of Bonds. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

IMPORTANT – EEA RETAIL INVESTORS - The Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, the "IMD"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No. 1286/2014 (the "PRIIPs Regulation") for offering or selling the Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET - The Final Terms in respect of any Bonds (or Pricing Supplement, in the case of Exempt Bonds) will include a legend entitled "MiFID II Product Governance" and outline the target market assessment in respect of the Bonds and which channels for distribution of the Bonds are appropriate. Any person subsequently offering, selling or recommending the Bonds (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Bonds (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made at the time of issue about whether, for the purpose of the product governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for a Tranche of Bonds is a manufacturer in respect of that Tranche, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

The Commission has given, and has not withdrawn, its consent under Article 4 of the Control of Borrowing (Jersey) Order 1958 to the issue of the Bonds by the Issuer. A copy of this document has been delivered to the Jersey registrar of companies in accordance with Article 5 of the Companies (General Provisions) (Jersey) Order 2002, and he has given, and has not withdrawn, his consent to its circulation. It must be distinctly understood that, in giving these consents, neither the Jersey registrar of companies nor the Commission takes any responsibility for the financial soundness of the Issuer or for the correctness of any statements made, or opinions expressed, with regard to it.

If you are in any doubt about the contents of this document you should consult your stockbroker, bank manager, solicitor, accountant or other financial advisor. It should be remembered that the price of securities and the income from them can go down as well as up.

The Bonds may not be a suitable investment for all investors.

The investment activities or certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent Bonds are legal investments for it, Bonds can be used as security for indebtedness and other restrictions apply to its purchase or pledge of any Bonds. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Bonds under any applicable risk-based capital or similar rules.

Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- has sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained in this Prospectus, any supplemental prospectus or any applicable Final Terms or Pricing Supplement (as the case may be);
- has access to, knowledge of and appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact the Bonds will have on its overall investment portfolio;
- has sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including Bonds with principal or interest payable in one or more currencies or where the currency for principal or interest payments is different from the potential investor's currency;
- understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant indices and financial markets; and
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

In addition, the market value of the Bonds may fluctuate for a number of reasons including due to prevailing market conditions, current interest rates and the perceived creditworthiness of the Issuer and the Obligors. Any perceived threat of insolvency or other financial difficulties of the Security Group or a less favourable outlook of the airport industry in the UK could result in a downgrade of ratings and/or a decline in the market value of the Bonds.

In this Prospectus, words denoting the singular number only shall include the plural number also and *vice versa*.

This Prospectus contains various forward-looking statements regarding events and trends that are subject to risks and uncertainties that could cause the actual results and financial position of the Issuer and/or the Obligors to differ materially from the information presented herein. When used in this Prospectus, the words "estimate", "project", "intend", "anticipate", "believe", "expect", "should" and similar expressions, as they relate to the Issuer, the Obligors and their management, are intended to identify such forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only on the date hereof. Except as required by applicable laws or regulations, neither the Issuer nor the Obligors undertake any obligations publicly to release the result of any revisions to these forward looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

The investments described in this document do not constitute a collective investment fund for the purpose of the Collective Investment Funds (Jersey) Law 1988, as amended, on the basis that they are investment products designed for financially sophisticated investors with specialist knowledge of, and experience of investing in, such investments, who are capable of fully evaluating the risks involved in making such investments and who have an asset base sufficiently substantial as to enable them to sustain any loss that they might suffer as a result of making such investments. These investments are not regarded by the Commission as suitable investments for any other type of investor.

Any individual intending to invest in any investment described in this document should consult his or her professional adviser and ensure that he or she fully understands all the risks associated with making such an investment and has sufficient financial resources to sustain any loss that may arise from it.

BENCHMARKS REGULATION

Amounts payable under the Bonds may be calculated by reference to EURIBOR, LIBOR and SONIA which is provided by the European Money Markets Institute, ICE Benchmark Administration Limited, the Federal Reserve (as defined herein) and the Bank of England, respectively. As at the date of this Prospectus, the European Money Markets Institute and ICE Benchmark Administration Limited do not appear on the register of administrators and benchmarks established and maintained by ESMA pursuant to article 36 of Regulation (EU) 2016/1011 (the "**Benchmarks Regulation**").

As far as the Issuer is aware, the transitional provisions in Article 51 of the Benchmarks Regulation apply, such that the European Money Markets Institute and ICE Benchmark Administration Limited are not currently required to obtain authorisation or registration.

RESPONSIBILITY STATEMENTS

This Prospectus comprises a base prospectus in respect of all the Bonds other than Exempt Bonds issued under the Programme for the purposes of Article 5.4 of the Prospectus Directive and for the purpose of giving information with regard to the Issuer and the Obligors which, according to the particular nature of the Issuer, the Obligors and the Bonds, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and the Obligors. When used in this Prospectus, Prospectus Directive means Directive 2010/73/EU (as amended or superseded), and includes any relevant implementing measure in a relevant Member State of the EEA.

Each of the Issuer, GAL, Ivy Bidco and the Security Parent accepts responsibility for the information contained in this Prospectus and the Final Terms (or Pricing Supplement, as the case may be) for each Tranche of Bonds issued under the Programme. To the best of the knowledge of each of the Issuer, GAL, Ivy Bidco and the Security Parent (each having taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

No person has been authorised to give any information or to make representations other than the information or the representations contained in this Prospectus in connection with the Issuer, any member of the Security Group, or the offering or sale of the Bonds and, if given or made, such information or representations must not be relied upon as having been authorised by the Issuer, any member of the Security Group, the Arranger, the Dealers, the Bond Trustee, the Issuer Security Trustee or the Borrower Security Trustee or any other party. Neither the delivery of this Prospectus nor any offering or sale of Bonds made in connection herewith shall, under any circumstances, constitute a representation or create any implication that there has been no change in the affairs of the Issuer, any member of the Security Group since the date hereof. Unless otherwise indicated herein, all information in this Prospectus is given on the date of this Prospectus. This document does not constitute an offer of, or an invitation by, or on behalf of, the Issuer or any Dealer to subscribe for, or purchase, any of the Bonds.

No representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Other Parties as to the accuracy or completeness of the information contained in this Prospectus or any other information supplied in connection with the Bonds or their distribution. The Other Parties do not take any responsibility for any acts or omissions of the Issuer or any other person in connection with the Issuer's offering of Bonds under this Programme. The statements made in this paragraph are without prejudice to the respective responsibilities of the Issuer and the Obligors. Each person receiving this Prospectus acknowledges that such person has not relied on the Arranger, any Dealer, the Bond Trustee, the Issuer Security Trustee or the Borrower Security Trustee or any Other Party nor on any person affiliated with any of them in connection with its investigation of the accuracy of such information or its investment decision.

None of the Issuer, GAL, Ivy Bidco, the Security Parent, the Arranger, the Dealers, the Bond Trustee, the Issuer Security Trustee, the Borrower Security Trustee or the Other Parties accept responsibility to investors for the regulatory treatment of their investment in the Bonds (including (but not limited to) whether any transaction or transactions pursuant to which Bonds are issued from time to time is or will be regarded as constituting a "securitisation" for the purposes of the CRD IV and the application of Article 405 of the CRR, Article 51 of the AIFM Regulation or Article 254 of Regulation (EU) No. 2015/35 (the "**Solvency II Regulation**") to any such transaction) in any jurisdiction or by any regulatory authority. If the regulatory treatment of an investment in the Bonds is relevant to an investor's decision whether or not to invest, the

investor should make its own determination as to such treatment and for this purpose seek professional advice and consult its regulator. Prospective investors are referred to the "*Risk Factors – Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Bonds*" section of this Prospectus for further information.

The Issuer believes that it is not, and after giving effect to any offering and sale of any Bonds and the application of the proceeds thereof will not be, a "covered fund" for purposes of Section 13 of the Bank Holding Company Act of 1956, as amended by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (commonly known as the "**Volcker Rule**"). Any prospective investor in the Bonds, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisors regarding such matters and other effects of the Volcker Rule. The Issuer has not registered and does not intend to register under the Investment Company Act in reliance upon the exemption outlined in Rule 3a-5 under such Act.

SUPPLEMENTARY PROSPECTUS

The Issuer has undertaken, in connection with the admission of the Bonds to the Official List and to trading on the Market, that, if there shall occur any significant new factor, mistake or material inaccuracy relating to information contained in this Prospectus which is capable of affecting the assessment of any Bonds whose inclusion would reasonably be required by investors and their professional advisers, and would reasonably be expected by them to be found in this Prospectus, for the purpose of making an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and the Obligors, and the rights attaching to the Bonds, the Issuer shall prepare a supplement to this Prospectus or publish a replacement prospectus for use in connection with any subsequent issue by the Issuer of Bonds and will supply to the Arranger, each Dealer and the Bond Trustee a copy or, in the case of the Bond Trustee, two copies of such supplement hereto or replacement prospectus.

Each of the Obligors and GAL has undertaken to the Dealer(s) in the Dealership Agreement (as defined in "*Subscription and Sale*") to comply with section 87G of the FSMA.

If the terms of the Programme are modified or amended in a manner which would make this Prospectus, as so modified or amended, inaccurate or misleading, a new prospectus will be prepared.

If at any time the Issuer shall be required to prepare a supplementary prospectus pursuant to section 87G of the FSMA, the Issuer shall prepare and make available an appropriate supplement to this Prospectus or a further prospectus which shall constitute a supplementary prospectus as required by the UKLA and section 87G of the FSMA.

Such supplement shall be approved by the UK Listing Authority in accordance with Article 16 of the Prospectus Directive. Statements contained in any such supplement (or contained in any document incorporated by reference therein) shall, to the extent applicable (whether expressly, by implication or otherwise), be deemed to modify or supersede statements contained in this Prospectus or in a document which is incorporated by reference in this Prospectus. Any statement so modified or superseded shall not, except as so modified or superseded, constitute part of this Prospectus.

FINAL TERMS, PRICING SUPPLEMENTS AND DRAWDOWN PROSPECTUSES

Any information relating to the Bonds which is not included in this Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Bonds will be contained either in the relevant Final Terms, Pricing Supplement or in a Drawdown Prospectus. For a Tranche of Bonds, which is the subject to Final Terms or Pricing Supplement (as the case may be), those Final Terms or Pricing Supplement (as the case may be) will, for the purposes of that Tranche only, supplement this Prospectus and must be read in conjunction with this Prospectus. The Conditions as completed by the relevant Final Terms or as supplemented, amended and/or replaced to the extent described in the relevant Pricing Supplement (as the case may be) are the terms and conditions applicable to any particular Tranche of Bonds, which is the subject of Final Terms or Pricing Supplement (as the case may be).

The Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus are the terms and conditions applicable to any particular Tranche of Bonds which is the subject of a Drawdown Prospectus. Each Drawdown Prospectus will be constituted by a single document containing the necessary information relating to the Issuer and the relevant Bonds.

U.S. INFORMATION

The Bonds have not been approved or disapproved by the SEC or any other securities commission or other regulatory authority in the United States, nor have the foregoing authorities approved this Prospectus or confirmed the accuracy or determined the adequacy of the information contained in this Prospectus. Any representation to the contrary is unlawful.

The Bonds in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended and the regulations promulgated thereunder.

In making an investment decision, investors must rely on their own examination of the Issuer and the Obligors and the terms of the Bonds being offered, including the merits and risks involved.

The Prospectus may be distributed on a confidential basis in the United States to a limited number of QIBs for informational use solely in connection with the consideration of the purchase of the Bonds being offered hereby. Its use for any other purpose in the United States is not authorized. It may not be copied or reproduced in whole or in part nor may it be distributed or any of its contents disclosed to anyone other than the prospective investors to whom it is originally distributed.

Registered Bonds may be offered or sold within the United States or to U.S. persons only to QIBs in transactions exempt from registration under the Securities Act. Each U.S. purchaser of Registered Bonds is hereby notified that the offer and sale of any Registered Bonds to it may be made in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A.

Each purchaser or holder of Bonds represented by a Rule 144A Bond, or any Bond issued in registered form in exchange or substitution therefor, will be deemed by its acceptance or purchase of any such Bond to have made certain representations and agreements intended to restrict the resale or other transfer of such Bonds as set out in "*Subscription and Sale*" and "*Transfer Restrictions*".

AVAILABLE INFORMATION

To permit compliance with Rule 144A in connection with any resales or other transfers of Bonds that are "restricted securities" as defined in Rule 144(a)(3) under the Securities Act, the Issuer has undertaken in the Bond Trust Deed to furnish, upon the request of a holder of such Bonds or any beneficial interest therein, to such holder or to a prospective purchaser designated by him, the information required to be delivered under Rule 144A(d)(4) under the Securities Act if, at the time of the request, the Issuer is neither subject to reporting under section 13 or 15(d) of the United States Securities Exchange Act of 1934, as amended (the "**Exchange Act**"), nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder.

OVERVIEW OF GATWICK AIRPORT LIMITED, THE SECURITY GROUP AND THE PROGRAMME

The following does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of this Prospectus and, in relation to the Conditions of any particular Tranche of Bonds, the applicable Final Terms or Pricing Supplement (as the case may be).

OVERVIEW

Introduction

The Security Group, comprising Ivy Holdco Limited, Gatwick Airport Limited, Ivy Bidco Limited and any of its other subsidiaries is the owner and operator of Gatwick, the world's busiest single runway airport. Gatwick occupies a key strategic location in the South East of the UK, one of the busiest centres for air transport in the world. Gatwick, operating from two terminals, is the UK's second busiest by passenger traffic, the eighth largest in Europe based on passenger numbers, and handled 27.0% share of the London market (as defined by the four largest airports' throughput to the end of January 2019).

In the year to 31 March 2019, 46.4 million passengers passed through Gatwick, which currently operates with a declared runway capacity of 55 Air Transport Movements (ATMs) per hour.

Gatwick serves 236 destinations worldwide with a diversified route network. No individual route represents more than 3.4% of total passenger traffic and Gatwick has a network of over 50 airlines offering a combination of services including full-service carriers, low-cost airlines and charter flights. Approximately half of The Security Group's income is generated through aeronautical income.

Through work with airline partners, focused airline marketing and route development activities, a number of new route developments were announced during 2018 which should contribute to future passenger growth, particularly within the long-haul market, with the following highlights:

- British Airways has continued to grow long-haul services at Gatwick, commencing new routes, in summer 2018, to Toronto and Las Vegas. However, the majority of its growth in this period was with short-haul services of 0.5 million passengers year on year, utilising the slots it purchased from Monarch Airlines ("**Monarch**"). This enabled it to grow its total number of passengers at Gatwick to 7.5 million, a 0.8 million growth in passengers from the previous year.
- Norwegian Air ("**Norwegian**") delivered long-haul growth during the period, adding a third daily service to New York, increasing its Buenos Aires flight to a daily service, and adding new services to Miami and Tampa. These additions brought Gatwick-based Boeing 787 aircraft up to a total of 13 in March 2019. In total, Norwegian's long-haul passengers grew by 0.8 million in the year.
- easyJet increased aircraft size, moving from an average of 168 seats to 171 seats by the end of the year, mainly driven by the addition of four A321 aircraft with 235 seats to its Gatwick fleet. Its aircraft movements increased by 0.2% and its average load factor to 90.7%. These changes were the drivers of a 0.3 million year-on-year increase in easyJet's passenger numbers. easyJet commenced year-round routes to Warsaw, Jerez and Düsseldorf and three winter routes to Rovaniemi, Aarhus and Aqaba. It also announced a summer seasonal route to Zadar in Croatia.
- China Eastern Airlines commenced a thrice-weekly service to Shanghai in December 2018. It plans to increase this frequency during 2019.
- Wizz announced three new routes, commencing in summer 2019, to Cluj in Romania, Gdansk in Poland, and Budapest in Hungary. Currently, only Budapest is served from Gatwick.
- Turkish Airlines launched year-round flights to Ankara and Antalya and a seasonal service to Bodrum.

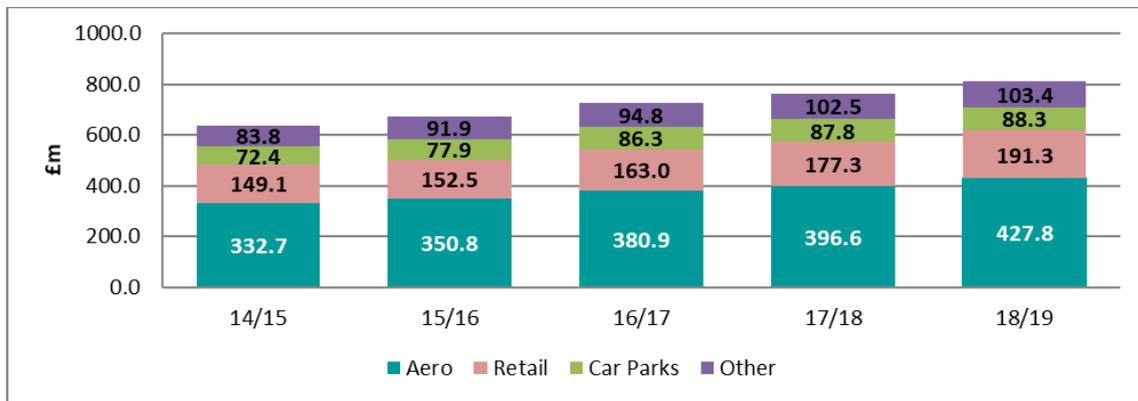

In the last five financial years, the Security Group has invested over £1.1 billion in the infrastructure of Gatwick, including the full redevelopment of Pier 1 and the introduction of a fast bag drop facility in the

North Terminal. This is in addition to investment of £1.2 billion over the six years ended 31 March 2014, which included an extension to the North Terminal, a new security search area in the South Terminal, redevelopment of the departure lounges in both terminals, resurfacing of the runway and a new baggage system.

Non-aeronautical income is an important component of the Security Group's revenue mix and is accounting for 47% of revenue in the year ended 31 March 2019, principally derived from retail concessions and car parking. Approximately 60 retail clients operate in around 159 outlets across the two terminals and Gatwick manages 40,611 car park spaces for public use. In the year ended 31 March 2019, net retail and car parking income per passenger was £5.54, an increase of 4.3% on the prior year due to a strong performance from duty- and tax-free sales after the opening of the North Terminal walk-through World Duty Free store. Since 2009, there has been a 20.4% increase in income per passenger.

For the year ended 31 March 2019, the Security Group generated revenue of £810.8 million. The chart below demonstrates the consistent growth in revenue over the last five years (compounded growth rate of 6.4%).

Financial results are reported in accordance with IFRS

EBITDA has increased each year since the change in ownership of Gatwick and reflecting this, cash flow from operations has grown by 59.2% since the year ended 31 March 2015. This is largely a result of traffic growth, higher aeronautical charges and improved commercial spend per passenger.

The chart below sets out the consistent growth in the Security Group's EBITDA over the last five years (compound annual growth rate 11.2% from the year ended 31 March 2014 to the year ended 31 March 2019).

UK Aviation Strategy

With increasing demand for air travel, securing planning permissions for new infrastructure is key to ensure Gatwick can meet such demand. Gatwick's active participation in Government policy consultations, extensive consultation with community groups and authorities at a local level is a key enabler to ensure Gatwick receives the permissions it requires to continue to meet its ambition to grow. This ambition is further supported by a Section 106 agreement (a set of legally bound undertakings between GAL, West Sussex County Council and Crawley Borough Council, and entered into on a voluntary basis, concerning the sustainable development of Gatwick Airport) which was renewed in April 2019.

Currently, the Aviation Policy Framework (2013) sets out the UK Government's policy to allow the aviation sector to continue to make a significant contribution to economic growth across the country, as well as setting out the UK Government policy on important issues such as noise and climate change. It emphasises the need for airport operators to invest in delivering new capacity as well as maximising the use of existing capacity.

Alongside the Aviation Policy Framework, an Airports Commission was established by the UK Government to identify the scale and timing of any requirement for additional runway capacity. The Commission recommended the Heathrow North West Runway scheme to the UK Government, subject to a number of conditions. The Commission also confirmed that Gatwick was a "credible, deliverable and financeable option". Following a period of further review and analysis by the Department for Transport, the UK Government announced in October 2016 that it would accept the recommendation of the Airports Commission in favour of the Heathrow North West Runway scheme.

A Draft Airports National Policy Statement ("NPS") was published on 2 February 2017 for consultation running through to 25 May 2017. The draft NPS sets out the UK Government's policy on the need for new airport capacity in the South East of England, its preferred location and scheme for delivering this capacity (the "**Heathrow North West Runway option**"), and the assessment principles to be used when considering an application for development consent. Gatwick submitted a full response to this consultation outlining its position for consideration by the UK Government. In September 2017, the Secretary of State announced the need to undertake a further consultation to allow updated evidence in relation to aviation demand forecasts and the UK Government's final air quality plan to be taken into account. Accordingly, on 24 October 2017, a revised draft NPS was published for consultation which ran until 19 December 2017 (the "**Revised Draft NPS**"). Gatwick submitted a comprehensive response to the Revised Draft NPS.

On 5 June 2018, the NPS was laid before parliament. It set out three elements:

- first, the need for additional airport capacity in the South East of England;

- second, why government believes that need is best met by a North West runway at Heathrow airport; and
- third, the specific requirements that an applicant for a new North West runway would need to meet to gain development consent.

On 25 June 2018, the House of Commons held a debate and vote on the NPS. On 26 June 2018, following approval of the statement by the House of Commons, the Secretary of State formally designated it as a national policy statement under section 5(1) of the Planning Act 2008.

In December 2018, the Government published for consultation policy proposals for a new Aviation Strategy entitled "Aviation 2050 – The future of UK aviation" (Cm9714). The policy measures are designed to develop a long term Aviation Strategy to 2050 and beyond which aim to achieve a safe, secure and sustainable aviation sector that meets the needs of consumers and of a global, outward-looking Britain. The objectives of the strategy are to:

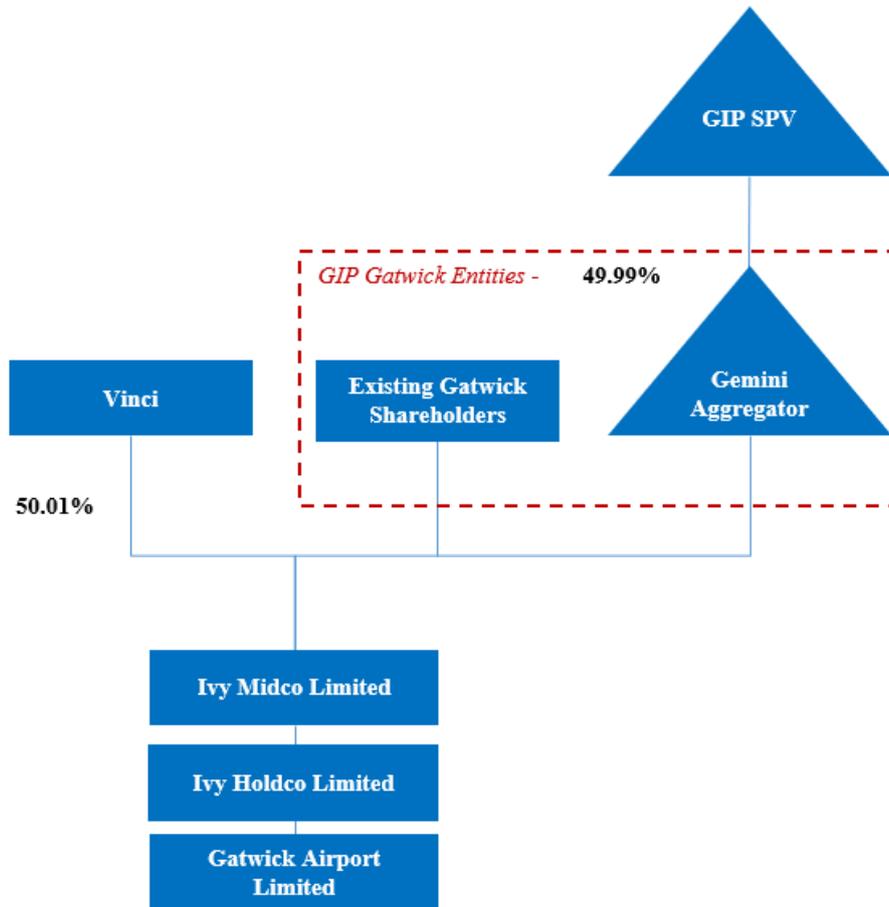

- Build a global and connected Britain,
- Help the aviation industry work for its customers,
- Ensure a safe and secure way to travel,
- Encourage competitive markets,
- Support growth whilst tackling environmental impacts,
- Develop innovation, technology and skills.

This consultation is due to close in June 2019, with a final Aviation Strategy being published by the end of 2019. Gatwick supports the development of a new Aviation Strategy and its recognition that the aviation industry is important to the whole of the UK as it creates jobs, facilitates trade and promotes economic growth, supports inbound and outbound tourism, and connects the UK with the rest of the world.

Gatwick's Shareholders

Between 2009 and 2019, Gatwick was owned by funds managed by Global Infrastructure Partners ("**GIP**"), a US\$51 billion independent, specialist infrastructure fund.

Following an acquisition by VINCI Airports ("**VINCI**"), which completed on 13 May 2019, Gatwick is 50.01% owned by VINCI, a leading worldwide airport operator with a network of 46 airports in 12 countries. The remaining 49.99% remains owned by funds managed by GIP, including a separate fund managed on behalf of the California Public Employees' Retirement System Fund ("**CalPERS**"), which holds an approximately 9.99% interest in Gatwick. CalPERS also holds a further smaller indirect interest in Gatwick through another consortium vehicle managed by GIP. VINCI and the GIP-managed funds have entered into a shareholders' agreement governing Topco, under which VINCI and the GIP-managed funds (in aggregate) each have the right to appoint five directors to the boards of Topco and GAL. The current structure is set out in simplified form below:

The shareholders' strategic direction for Gatwick remains stable. Management's priority is to transform the passenger experience and improve efficiency for the airlines and the airport itself, improving Gatwick's competitiveness in the London airport market.

Credit Strengths

The Security Group's credit highlights include:

- Premium Market in the South East of England – a densely populated and affluent catchment area in the heart of the UK service economy. Overall runway capacity is already limited at peak periods and traffic in the UK is projected by the DfT to grow by 1.2% per annum over the next ten years with no additional runway capacity currently being made available in the South East for the majority of this period.
- Strategically Advantaged London Airport – Gatwick occupies a unique position within this premium market and is located 29 miles from central London with fast direct rail links into the capital. This combination of passenger demand and a wealthy catchment area allows Gatwick to attract higher yielding passengers.
- Resilient Financial Performance – the Security Group's balanced mix of aeronautical and non-aeronautical revenues, coupled with a diversified traffic base, in terms of destinations served, carriers and airline business models, has provided historically some resilience to economic downturn and airline failure. This is reflected in the EBITDA of the group improving consistently year-on-year.
- Predictable Cost Base, Deliverable Capital Investment Programme – the Security Group benefits from a well-understood and stable operating cost base, broadly aligned with RPI and well matched to revenue. Building on the successes achieved to date in increasing the efficiency of the operation, overhauling the capital investment programme and establishing

effective project management, management sees further scope to improve both capex and opex efficiencies. This is a key focus for the management team.

- Modernised Regulatory Framework – Gatwick operates within a regulatory environment that has been modernised with the introduction of the Civil Aviation Act 2012 (the "**CA Act 2012**"). The CAA supported GAL's proposal to enter into a set of legally enforceable airline commitments ("**Airline Commitments**") to all airlines and bilateral contracts with individual airlines as an alternative form of price control. The CAA's decision for economic regulation at Gatwick beyond 31 March 2014 was published in January 2014, and on 13 February 2014, the CAA published its notice granting a licence to GAL. The notice confirmed that the new regulatory approach for Gatwick would be based on GAL's Airline Commitments to airlines (including bilateral contracts negotiated with individual airlines), underpinned by a CAA licence and supplemented by a monitoring regime. GAL believes firmly that the Airline Commitments framework has led to a transformational change in the way Gatwick operates, how it co-operates with its airline customers, and how – together – all parties are transforming the passenger experience at Gatwick (see "*Airport Regulation*").
- Experienced Management Team – a dynamic and strong executive management team is in place to drive the shareholders' operational philosophy through the business. The management team provides airport and infrastructure industry expertise at a senior level.

Driving Transformational Change

Significant progress has been made to improving the infrastructure of Gatwick and its operations over the last 10 years, including:

- the completion of the North Terminal extension, the North and South Terminal forecourts, the refurbishment of Pier 2 and the new shuttle system linking North and South Terminals;
- the redevelopment of the North Terminal including a new arrivals area, the creation of Europe's largest self-service bag-drop area, the reconfiguration and refurbishment of Pier 5;
- the construction of a new A380 stand, resurfacing of the main runway, significant investment in snow clearing equipment, new baggage systems in North and South Terminals and the redevelopment of Pier 1;
- an innovative new security area consolidating all security lanes into one area in both the South and North Terminals;
- extensive investment in the retail offering across both the North and South Terminals, including World Duty Free walkthrough stores and redevelopment of the International Departure Lounge in both the North and South Terminals;
- increased airport efficiencies to increase declared peak aircraft traffic movements from 50 in 2009 to 55 in 2014, enabling daily aircraft movements of up to 950 per day;
- consistently high performance against the Core Service Standards (described in "*Regulatory Risks – Service quality rebate triggers*" below) with greater than 95% of metrics being met; and
- innovative check-in and security processes have been trialled and intensified route marketing discussions with airline customers are producing results.

EVOLUTION OF THE REGULATORY FRAMEWORK

Economic Regulation under the CA Act 2012

The CA Act 2012 received Royal Assent in December 2012 and included reforms that modernised the system of economic regulation of airports in the UK. The CA Act 2012 introduced a new framework for the economic regulation of UK airports with an economic licensing regime for dominant airports (and dominant airport areas) where operators are determined by the CAA to have substantial market power and where competition law would provide insufficient protection against the risk of an abuse of that power, **provided**

that the benefits of intervention through licensing are likely to outweigh the adverse effects (the "**Market Power Test**") (see "*Airport Regulation - Reform of the Regulatory Framework*"). The CA Act 2012 gives the CAA greater flexibility to align the regulatory requirements that it imposes with the market and competitive position at the relevant airport.

GAL's licence and Airline Commitments for Q6

As part of Gatwick's Business Plan submission to the CAA, it proposed that GAL would enter into a set of legally enforceable Airline Commitments with all airlines operating at Gatwick covering price, service, transparency, financial resilience, operational resilience and dispute resolution. The proposal was that these Airline Commitments would be in place for seven years from April 2014 and would replace the need for economic regulation of GAL by the CAA. In addition, GAL envisaged that there would be a series of bilateral contracts, incorporating, for example, price, service and duration, agreed on a commercial basis between GAL and certain individual airlines.

The CAA has accepted the Airline Commitments framework proposed by GAL, and has incorporated them into a licence, given that Gatwick meets the Market Power Test. This licence, which was published on 13 February 2014, is in place for a period of seven years from 1 April 2014 and limits price increases over that period to RPI+0%, when any discounts in contracts with airlines are taken into account. Price increases excluding the effect of any discounts are limited to RPI+1% over the period. In addition, GAL's Airline Commitments include minimum service quality standards, minimum annual capital investment of £100 million, minimum standards of consultation with airline and passenger groups and dispute resolution procedures. GAL's licence also includes a financial resilience condition, under which GAL is required to act in a manner calculated to secure that it has available to it sufficient resources including financial, management and staff resources, to enable it to provide airport operation services at the airport. There is also an obligation for GAL to pre-notify the CAA of certain changes to the Finance Documents. In addition, the CAA also sets out a process for monitoring GAL's performance under the Airline Commitments, including whether the blended price actually charged under the Airline Commitments and bilateral contracts is consistent with the CAA's benchmark view of a fair price of RPI-1.6% per year.

The CA Act 2012 also introduced a new general duty for the CAA to carry out its functions in a manner which furthers the interests of users of existing and future air transport services regarding the range, availability, continuity, cost and quality of airport operation services, where appropriate by doing so in a manner which will promote competition in the provision of airport operation services. In carrying out its general duty, the CAA is required, among other things, to have regard to "the need to secure that each holder of a licence is able to finance its provision of airport operation services in the area for which the licence is granted".

In relation to licence provisions designed to ensure financial resilience at licensed airports, the CA Act 2012 provides for derogations to be given for pre-existing financing arrangements. The CAA is precluded from removing or amending these derogations without first determining: (i) that there has been a material change in circumstances since the derogation was granted; and (ii) the benefits of removing the derogation are likely to outweigh any adverse effects to passengers.

One of the consequences of the regulatory changes highlighted above is that from 1 April 2014, the requirement for GAL to prepare and publish separate regulatory accounts containing a RAB figure ceased to apply. For further details, including the consequences of this change under the Finance Documents, see "*Airport Regulation*" below.

The CAA undertook a "short and focused review" of the Airline Commitments in the second half of 2016 to assess whether they are operating in the passenger interest. The review was concluded in December 2016 and did not recommend any changes to the Airline Commitments.

The Airline Commitments expire on 31 March 2021. Gatwick has undertaken to notify the CAA and all operators at the Airport at least two years prior to the end of the term of its intentions with regard to the continuation of Airline Commitments. In June 2018, the CAA published CAP 1684: "Future economic regulation of Gatwick Airport Limited: initial consultation". This document consults on a possible CAA process to determine the regulatory arrangements for the period beyond the end of the current Commitments in 2021. The document is broadly supportive of Gatwick's favoured process of approaching the airlines directly with a commercial proposal, recognising that this mechanism was embedded in the original Airline Commitments.

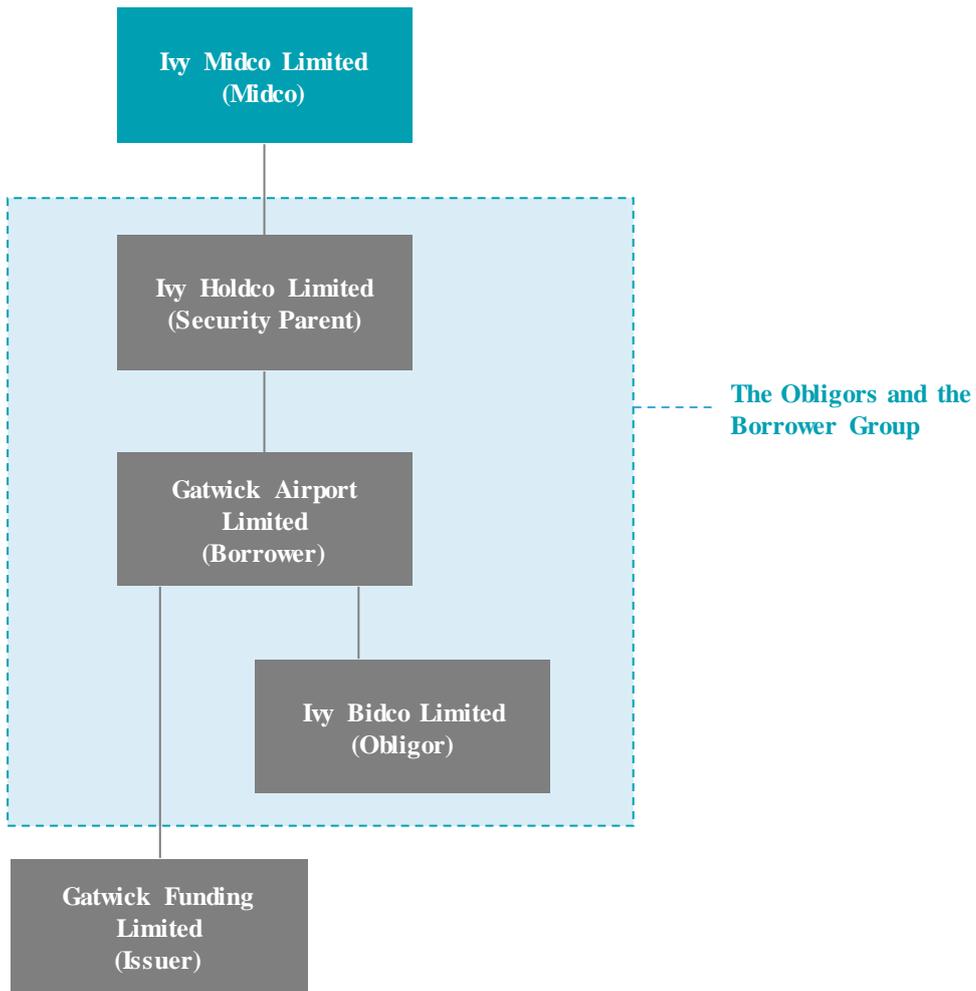

During the autumn of 2018 and spring of 2019, Gatwick, together with its airline community and with input from the passenger advisory group, have commissioned passenger research and reviewed the service standards at Gatwick Airport. In addition to this, in December 2018, Gatwick presented to the airlines its commercial proposal to amend the Airline Commitments and extend them to 31 March 2025. It is expected that this process will continue in the first half of 2019.

All airport operators are also subject to aerodrome licensing under the Air Navigation Order 2009, which requires an airport operator to demonstrate that it is competent to conduct aerodrome operations safely. This licensing requirement is not affected by the Civil Aviation Act 2012.

Bonds of each Class rank <i>pari passu</i> without preference or priority in point of security among themselves. One or more Classes, Sub-Classes or Series may be issued at one time. All Bonds issued under the Programme will be secured over the same assets of the Issuer, which are secured in favour of the Bondholders and the other Issuer Secured Creditors under the Issuer Deed of Charge.</p> <p>The Bonds represent the right of the holders of such Bonds to receive interest (where applicable) and principal payments from the Issuer in accordance with the terms and conditions of the Bonds and the Bond Trust Deed entered into by the Issuer and the Bond Trustee in connection with the Programme.</p> <p>All claims in respect of the Class A Bonds will rank in priority to payments of interest and principal due on the Class B Bonds.</p>
Covenants	The representations, warranties, covenants and events of default which will apply to, among other things, the Bonds are set out in

the Bond Trust Deed. See "*Summary of the Financing Agreements – Bond Trust Deed*".

Listing

It is anticipated that Bonds issued under the Programme will be admitted to the Official List and admitted to trading on the Market. The Bonds may also be listed on such other or further stock exchange(s) as may be agreed between the Issuer and the relevant Dealer in relation to each Series.

Exempt Bonds may also be issued pursuant to a Pricing Supplement.

Ratings

The ratings assigned to the Class A Bonds and the Class B Bonds by the Rating Agencies reflect only the views of the Rating Agencies. The ratings will be specified in the relevant Final Terms or Pricing Supplement (as the case may be).

A rating is not a recommendation to buy, sell or hold securities and will depend, among other things, on certain underlying characteristics of the business and financial condition of the Security Group. A rating may be subject to suspension, change or withdrawal at any time by the assigning Rating Agency.

Governing Law

The Bonds and any non-contractual obligations arising out of or in connection with them will be governed by, and construed in accordance with, English law.

Selling Restrictions

There are restrictions on the offer, sale and transfer of the Bonds in the United States, the United Kingdom, Jersey and such other restrictions as may be required in connection with the offering and sale of a particular Sub-Class of Bonds. See "*Subscription and Sale*" and the Final Terms or Pricing Supplement (as the case may be) for any particular series of Bonds.

Investor Information

GAL is required to produce an Investor Report semi-annually which shall be published on the designated website of GAL, being www.gatwickairport.com/investor and which will also be made available at the specified office of the Principal Paying Agent, in the case of Registered Bonds at the specified office of the Registrar and the Transfer Agents and (in all cases) at the registered office of the Bond Trustee. No reports in respect of the Borrower Loan Agreement and the Borrower Loans will be prepared.

RISK FACTORS

The following sets out certain aspects of the Programme documentation and the activities of the Issuer and the Security Group of which prospective Bondholders should be aware. The occurrence of any of the events described below could have a material adverse impact on the business, financial condition or results of operations of the Issuer, GAL, Ivy Bidco Limited and the Security Parent and could lead to, among other things, Trigger Events, Bond Events of Default, Loan Events of Default and/or non-payment of amounts under the Bonds.

This section of the Prospectus describes all material risks that are known to the Issuer and the Security Group as at the date of this Prospectus. This section of the Prospectus is not intended to be exhaustive and prospective Bondholders should read the detailed information set out elsewhere in this document prior to making any investment decision. Further, prospective Bondholders should take their own legal, financial, accounting, tax and other relevant advice as to the structure and viability of an investment in the Bonds. Bondholders may lose the value of their entire investment in certain circumstances.

In addition, while the various structural elements described in this document are intended to lessen some of the risks discussed below for holders of the Bonds, there can be no assurance that these measures will ensure that the holders of the Bonds of any Sub-Class or Tranche receive payment of interest or repayment of principal from the Issuer in respect of such Bonds on a timely basis or at all.

COMMERCIAL RISKS

Gatwick generates two types of income:

- (a) aeronautical income from airport fees and traffic charges which are regulated by the CAA and typically levied on the basis of passenger numbers, air transport movements (landing and take-off) and the length of time for which an aircraft is parked at the airport and are also linked to the rate of inflation, which is liable to change; and
- (b) non-aeronautical income from retail concession fees, car parking income, property rental income and income from the provision of operational facilities and utilities.

The following risks could affect one or both of these types of income which may, in turn, materially impact the Security Group.

Macro-economic factors

Changing economic circumstances may affect demand for travel. Leisure travel, which is a key market for Gatwick, is a discretionary consumer expense. During periods of economic slowdown, customers may reduce or stop their spending on travel, impacting passenger numbers and the propensity of passengers to spend in the shops, thereby impacting income for GAL. In addition, economic conditions may impact Gatwick's operating costs, pension plan contributions and the costs and availability of capital and of the services of suppliers which are required by Gatwick.

Economic circumstances may also affect the Security Group's retail income. Like leisure travel, passengers' retail spending at Gatwick is discretionary and poor economic conditions may result in travellers choosing to curtail such spending.

Car parking income may be affected by a change in the passenger mix in circumstances where outbound leisure travellers from the UK are substituted by inbound passengers who would not generally use car parks.

In addition, fluctuations in exchange rates may impact spending by passengers.

The uncertainty associated with the UK's decision to leave the EU, including any resulting long-term effects, once the UK has left, may drive a change to economic conditions. (See "*Risks relating to the UK leaving the European Union*" below.)

Exposure to airlines' actions or financial situations

GAL has negotiated commercial arrangements with certain airlines which incentivise those airlines to maintain and grow passenger numbers, and continues to engage with other airlines under the Airline

Commitments framework to agree contract terms (see "*Airport Regulation – Regulatory regime*"). However, as airlines have no obligations to GAL to deliver a given passenger volume, to provide a minimum volume of flights through Gatwick or to use a particular type of aircraft, there can be no assurance as to the level of GAL's future aeronautical income from any one or more airline operators. Levels of retail income at Gatwick and passenger spend may also be affected by such factors.

In addition, the economic position of some airlines has been historically difficult. Individual airlines may suffer financial difficulties in the future which force them to partly or completely discontinue their flight operations or to merge with others, thereby having to realign their flight operations.

For example, Monarch Airlines ceased trading in October 2017 which could have a short term detrimental effect on passenger traffic at Gatwick, however, Monarch's winter traffic (October- March) had been historically low and only accounted for 3% of passengers in the six months to 31 March 2017. The historic slots held by Monarch were successfully sold by the administrators to IAG (and subsequently assigned to its subsidiary, British Airways). This demonstrates that Gatwick's exposure to airlines' actions is, to some extent, covered by an excess demand from airlines seeking to secure their position at the airport.

Any loss of airline customers or failure to pay by such airline customers could have a material adverse impact on the Security Group if it is unable to mitigate such loss by the take-up of the vacated slots by other airline customers. This risk is mitigated by the current excess demand during peak hours.

Reliance on major airline customers

Gatwick's biggest five airline customers (easyJet, British Airways, Norwegian, TUI and Thomas Cook) accounted for 79.1% of total air transport movements and 78.6% of passengers at Gatwick for the year ended 31 March 2019. Although GAL continues to seek to attract new airlines to operate from Gatwick and to encourage growth from existing operators, GAL has derived, and believes it will continue to derive, a significant portion of its revenue in any given year from a limited number of airlines. Actions taken by airlines (especially by those airlines that have a strong presence at Gatwick) such as decisions to change flight times, ticket prices and flight routes, or a failure by these airlines to appropriately respond to technical defects, failures in IT or data processing which may cause flight delays, damages to facilities, and the cancellation of airport services, could materially affect the financial performance of the Security Group. Also, financial difficulties experienced by any significant airline customer could lead to a reduction or cessation of flights from Gatwick and could result in a particularly adverse effect on the Security Group if it is unable to mitigate such loss by the take-up of the vacated slots by other airline customers in a timely manner. There can therefore be no assurance as to the level of the Security Group's future aeronautical income from any one or more airline operators.

Event risks

Threats to security and terrorism

The UK Government currently assesses the threat to interests within the UK, including aviation, from international terrorism as "Severe", the second highest threat level. The current threat level to interests within the UK from Irish-related terrorism is assessed as "Severe" in Northern Ireland, the second highest threat level, and "Substantial" in Great Britain.

Gatwick has been operating heightened security measures since September 2001 and was required by the UK Government to introduce additional security measures following the discovery of terrorist plots in August 2006 and December 2009. The consequences of any future terrorist attack may include cancellation or delay of flights, fewer airlines and passengers using Gatwick, liability for damage or loss and the costs of repairing damage. The implementation of additional security measures at Gatwick in the future, including stricter hand luggage and other carry-on restrictions and reduced shopping time as a result of more rigorous and time-consuming security procedures could lead to additional limitations on airport capacity, overcrowding, increases in operating costs, reduced spend by passengers and delays to passenger movement through Gatwick and fewer passengers using Gatwick.

Natural phenomena/adverse weather conditions

On 24 December 2013, severe flooding in the vicinity of Gatwick Airport resulted in the failure of electricity distribution to areas of the airfield and North Terminal. During this time train services to and from Gatwick and road networks were also severely affected by the weather. As a result of disruption

caused, 72 of the 260 scheduled departures were cancelled which significantly impacted air transport movement and passenger numbers on 24 December 2013. Any future natural phenomena or adverse weather conditions or other event causing prolonged closure of airspace could have a similar or greater adverse impact on air transport movement and passenger numbers, affecting GAL's income.

Industrial action

With over 3,000 employees, relationships with employees, trade unions and other employee representatives are important to the running of Gatwick. Gatwick also relies on the employees of third party contractors for important services such as baggage handling. Existing labour arrangements and relationships may not prevent a strike or disruption in the future (whether by GAL's employees or by the employees of a third party contractor who provides services to Gatwick), and should these relationships deteriorate, the operation of Gatwick could be adversely affected, leading to a loss of revenue and increased costs associated with industrial disputes.

Key personnel

GAL's success depends, to a significant extent, on the continued services of its executive management team, which has substantial experience in the airport industry. There is no guarantee that any of the executive management team will remain employed by or seconded to GAL. The unexpected departure or loss of the services of one or more members of the executive management team could have an adverse effect on Gatwick's operations and/or GAL's financial condition or results of operations and there can be no assurance that GAL will be able to attract or retain suitable replacements.

Epidemic diseases

Previous international outbreaks of infectious diseases, such as the outbreak of SARS in 2003, and the resulting actions tabled by the WHO (including travel advisories), had a significant adverse effect on passenger demand for air travel in the UK. An outbreak of another epidemic disease such as Ebola or Zika (whether domestic or international) or any WHO travel advisories (whether relating to UK cities or regions or other cities, regions or countries) could have a material adverse effect on passenger demand for air travel. Any resulting reduction in traffic could have a material adverse effect on GAL.

Drone Risk

On 19 December 2018, two drones were reported around the Gatwick Airport perimeter (within the drone exclusion zone) which led to the initial closure of the airport's runway. Drone activity continued intermittently, with 115 sightings being reported between the first sighting on 19 December and the last sighting on 23 December. The multiple drone reports resulted in the need to close the runway for a total of 31 hours, leading to an estimated traffic impact of 164,000 fewer passengers as a result of flight cancellations from the evening of 19 December to 21 December.

The disruption at Gatwick was an unprecedented event, with the response involving support and intervention from the Police, the Military and the Government. In response to the incident, Gatwick has taken additional drone risk mitigation measures by acquiring technology which provides confirmation of both the presence and location of drones.

At the time of the disruption, the UK Government had already applied regulation to drones, prohibiting them from flying above 400 feet and within one kilometre of the airport's boundary, with registration requirements to be introduced in November 2019. In addition, following the incident at Gatwick, the Secretary of State for Transport introduced new measures, which now gives additional powers to the Police when responding to offences by drone users and enlarged the exclusion zone around airports to five kilometres.

In spite of the measures taken by both Gatwick and the UK Government, any future drone activity around Gatwick Airport could have a similar or greater adverse impact on air transport movements and passenger numbers, which could negatively affect the Security Group's income.

Business interruption

Gatwick is exposed to the risk of accidents, including aircraft crashes. These accidents could result in injury or loss of human life, damage to airport infrastructure and short or long term closure of Gatwick's facilities and may have an impact on passenger traffic levels.

In addition, Gatwick may suffer business interruption or disruption from a number of other events out of its control such as wars, riots, political action, blockades, fire or technical problems. Any interruptions or disruptions in the services that Gatwick provides could have a material adverse impact on GAL.

As Gatwick operates from a single site, any disruption to the efficient operation of Gatwick could have a material adverse impact on GAL. In particular, damage resulting from any of the above events may take considerable time to repair. The direct effect of such events and a prolonged period before rectification could have a material adverse impact on GAL.

Concessionaires

In a situation where passengers are spending less in the shops at Gatwick, concessionaires may seek to renegotiate minimum guarantee payments to GAL under concession agreements. If contract negotiations, amendments or documentation are not satisfactorily resolved or if concessionaire contracts are not renewed or are terminated, if there is reduced competitiveness of the airport retail offering or retail tenant failures or if GAL is not able to replace lost turnover with new contracts in a timely manner, this could have a material adverse effect on GAL.

Reliance on suppliers

GAL is an operating company and has entered into and will continue to enter into contracts with third parties under which it has given or will give representations, covenants and indemnities as part of the transactions to which the contracts relate. Gatwick sources goods and services required for the operation of Gatwick from third party suppliers, including air traffic control services, border control, maintenance, and utilities. In certain cases, Gatwick may only be able to access goods and services from a limited number of suppliers and the transition to new suppliers of such goods and services may take significant amounts of time and require significant resources. A failure, refusal or inability (whether due to insolvency or otherwise) of a supplier to provide goods or services, which is beyond Gatwick's control, could have a material adverse effect on GAL.

Airlines source goods and services required for their operation at Gatwick from third party suppliers, including ground handlers. A failure, refusal or inability (whether due to insolvency or otherwise) of a supplier to provide goods or services to airlines, which is beyond Gatwick's control, and/or the transition by airlines to new suppliers of such goods and services could lead to a temporary reduction or cessation of certain flights from Gatwick and could result in a temporary reduction in aeronautical revenues of the Security Group.

Reduction of passenger demand due to increased cost to travel

Spending on travel, especially leisure travel, is discretionary and price sensitive.

Fuel costs typically represent a large percentage of airlines' operating costs. Fuel prices fluctuate widely depending on many factors, including international market conditions, geopolitical events and exchange rates. If fuel prices increase significantly above current levels, airlines may seek to pass on increases in fuel prices to their customers by increasing their fares, which may have a materially adverse impact on passenger numbers and air transport movements.

In addition, any further changes which the UK Government may introduce to air passenger duty and the system of taxing the aviation industry, other travel taxes or other taxes (whether existing or future) such as VAT may also affect the cost of flying, potentially decreasing passenger numbers.

RISKS RELATING TO THE UK LEAVING THE EUROPEAN UNION

On 23 June 2016 a referendum took place to gauge support for the UK's continued membership of the European Union. The referendum resulted in an overall vote to leave the EU.

As part of the EU, the UK is part of the Single Aviation Market. The Single Aviation Market extends to Norway, Switzerland and Iceland, and also extends to some countries neighbouring the EU as well through the European Common Aviation Agreement ("**ECAA**"). This has brought about a single and fully integrated market for air transport. Over time this has meant removing commercial restrictions for European airlines on fares and capacities, as well as allowing any EU Community carrier to access any intra-EU route without any permit or authorisation. The EU has also negotiated significant air service agreements with third party member states, of which the most significant is the US-EU Open Skies Agreement. This air transport treaty permits any airline in the EU to fly to any point in the US and *vice versa*.

On 29 March 2017 the United Kingdom gave formal notice (the "**Article 50 Notice**") under Article 50 of the Treaty on European Union ("**Article 50**") of its intention to leave the European Union on 29 March 2019 (the "**Leave Date**"). In accordance with Article 50, the European Union negotiated with the United Kingdom an agreement setting out the arrangements for its withdrawal, taking account of the framework for its future relationship with the European Union. On 25 November 2018, the European Council endorsed the draft Agreement on the withdrawal of the United Kingdom from the European Union ("**Withdrawal Agreement**") and approved the Political Declaration setting out the framework for the future relationship between the European Union and the United Kingdom. On 11 January 2019, the Council adopted Decision (EU) 2019/2741 on the signing of the Withdrawal Agreement. The Withdrawal Agreement was not subsequently approved by the UK Government.

On 10 April 2019, the European Council agreed to an extension to the Leave Date in to allow for the ratification of the Withdrawal Agreement by both parties. Such an extension should last as long as necessary and, in any event, no longer than 31 October 2019. The European Council also recalled that, under Article 50, the Withdrawal Agreement may enter into force on an earlier date, should the parties complete their respective ratification procedures before 31 October 2019. Consequently, the withdrawal should take place on the first day of the month following the completion of the ratification procedures or on 1 November 2019, whichever is the earliest.

The terms of the UK's exit from the EU remain unclear and will be determined by the negotiations taking place following the Article 50 Notice and extensions. Three outcomes remain:

1. No-deal

There remains a possibility that Parliamentary consensus cannot be reached for a Brexit deal, and the UK leave the EU without a transitional agreement in place on 31 October 2019. Under this scenario, the EU has formally approved no-deal contingencies for air connectivity & safety (the UK has already reciprocated), providing certainty that air transport will be largely shielded from severe disruption risks. In particular:

- For a period of 12 months, airlines will be allowed to keep flying between the UK and the EU without any restrictions on capacity.
- Airlines holding a licence issued by an EU27 State will be given 6 months to comply with EU ownership & control rules - subject to these airlines presenting to the relevant EU27 State authorities their plan on how to comply with such rules within 2 weeks from the UK's exit from the EU. This clause potentially applies to Iberia, Vueling, EasyJet and Ryanair.
- The UK will remain in the EU 'One-Stop Security System' – meaning EU27 airports will not need to rescreen for security purposes UK originating passengers connecting at their facilities onto other flights.

There will need to be negotiations between the EU and the UK to agree a comprehensive air transport agreement, before expiry of these temporary no-deal Brexit arrangements. A number of airlines are looking to establish new ownership structures to enable them to continue to operate flights within Europe – between two European airports – but this is expected to have minimal, if any, impact on Gatwick traffic. In addition, The Department for Transport are working closely with the 17 non-EU countries to identify replacement bilateral arrangements designed to come into effect once the EU-negotiated agreements cease to apply to the UK. The majority of these bilateral arrangements have already been agreed, and the DfT are confident the remaining agreements will be agreed in advance of the UK leaving the EU.

2. Deal

The UK could leave the EU in a transitory manner under some form of withdrawal agreement. Currently, a Parliamentary majority has not been met to accept the terms of the existing Withdrawal Agreement and the political declaration on the future relationship between the UK and EU. From an aviation perspective, this Withdrawal Agreement provides for a stand-still transition period (also known as the implementation period) and provides for a mechanism to extend the transition period, if required.

If the Withdrawal Agreement gets through the UK parliament and is ratified by EU States, this will essentially mean that while the UK will formally leave the EU, during this transition period practically nothing changes - the UK will continue to participate in EASA, remains a member of the Single Aviation Market, remains part of the EU's one-stop security arrangements and remains part of the EU's Air Service Agreements with third countries, such as the US and Canada.

The political declaration on the future relationship states that the future relationship will include a "comprehensive Air Transport Agreement, covering market access and investment, aviation safety and security, air traffic management and provisions to ensure open and fair competition." No further detail is available here, but the UK and the European Commission have both previously set out what they think this should include. The UK position is that it should include full traffic rights (up to 9th) and continued EASA membership but without voting rights; while the European Commission has suggested an agreement similar to those offered to other non-EEA countries, namely unlimited 3rd & 4th freedoms and possible discussions over 5th freedoms.

As mentioned above, the UK will also need to negotiate bilateral Air Service Agreements with 17 countries which will be effective from the end of the transition period.

3. No Brexit

The UK could revoke Article 50 itself, without having to ask the other 27 EU countries for permission. Under this scenario, the ECJ have stated the UK would then remain a member of the EU on the same terms as it has now. The ruling said revocation should be "unequivocal and unconditional", suggesting that the UK could not simply revoke Article 50 in order to gain more time and then resubmit it at a later date.

The following key risks exist which could have a material adverse effect on the business, financial condition and results of GAL and the Security Group:

Macro-economic factors

There is a possibility that the UK will experience lower economic growth, which may have a negative impact on airport traffic. Similarly, currency movements may affect the cost of travel and in turn the demand for air travel. A weakening pound may also affect the input costs of airlines, which could impact the future of more marginal routes.

Market restrictions

The future operating freedoms of UK airlines and other airlines operating in or serving the UK market will depend on the nature of the air service agreements that are negotiated, as well as the legal and safety frameworks that are put in place. Restrictive operating protocols could inhibit airline growth, as well as reduce airline flexibility and cost efficiency.

There is a risk that traffic would be disrupted during any framework transitional process.

Operational factors

There may be modifications to security and border controls and therefore the set up of Gatwick's infrastructure may need to be reconfigured or modified to adapt to such new processes and procedures.

Potential restrictions on the free flow of labour between the UK and EU, as well as welfare changes for EU citizens in the UK, may also put pressure on the supply of aviation and airport-related staff.

COMPETITION RISKS

Gatwick's market share may be adversely affected by competition from other UK airports.

In September 2012, the UK Government set up the Airports Commission, which was tasked with identifying and recommending to the UK Government options for airport capacity and connectivity. On 1 July 2015, the Airports Commission issued its final report recommending to the UK Government that an additional runway to the northwest of Heathrow be built subject to a number of conditions. The Commission also said that a new runway south of the existing northern runway at Gatwick was a credible, deliverable and financeable option. On 25 October 2016, the UK Government announced that its preferred scheme for adding new runway capacity in the South East of England was through a Northwest Runway at Heathrow Airport. This preference was subject to consultation through a draft Airports National Policy Statement (NPS), which launched on 2 February 2017 for a period of 16 weeks. The draft Airports NPS was subsequently revised and another version published on 24 October 2017 to take into account further evidence, including updated passenger demand forecasts. Responses to this consultation closed on 19 December 2017.

However, at least for the rest of this decade, London's airports will be relying on their existing physical capacity to meet expected increasing demand. As capacity becomes constrained, another airport which is granted permission to build a further runway in the future may gain a competitive advantage over Gatwick, which could have an adverse effect on GAL. Gatwick's business may also be adversely affected by the development of efficient and viable alternative means of transport to air travel, including improvement of existing surface transport systems, the introduction of new transport links or technology, as well as the increased use of communications technology.

Substantially shorter journey times for some types of rail travel are becoming possible through advances in high-speed rail transport which, in addition to enlarging the catchment areas of other UK airports, could result in air travel becoming less attractive compared to other means of transport, particularly for domestic and European routes. This could result in a decline in the volume of short-haul passenger and freight transport for Gatwick.

Car parking income may be adversely affected by competition from off-airport car park operators and valet parking providers as well as from increased use of alternative forms of transport.

REGULATORY RISKS

CAA regulation – price caps and factors which may affect pricing

In January 2014, the CAA published its Decision and Notice for the regulation of Gatwick from 1 April 2014, proposing to incorporate GAL's Airline Commitments within a licence. This was confirmed in the CAA's Notice granting a licence to Gatwick on 13 February 2014. GAL's Airline Commitments are now in place for a period of seven years from 1 April 2014 and limit price increases over that period to RPI+0%, when any discounts included in contracts with airlines are taken into account. Price increases excluding the effect of any discounts are limited to RPI+1% over the period. In addition, GAL's Airline Commitments include minimum service quality standards, minimum annual capital investment of £100 million, minimum standards of consultation with airline and passenger groups and dispute resolution procedures.

In the CAA's Notice granting a licence to Gatwick, the CAA sets out, amongst other things, its view of the "fair price" in the five years from 1 April 2014 of RPI-1.6% per year using a single till RAB calculation. However, as the CAA has decided to incorporate GAL's Airline Commitments within Gatwick's licence, the "fair price" is not included in Gatwick's licence and is for monitoring purposes only. Specifically, the CAA has stated that it intends to monitor GAL's pricing and other behaviours on an annual basis and the "fair price" analysis will be used as a benchmark. The CAA undertook a focused review of Airline Commitments in the second half of 2016 to assess whether they are operating in the passenger interest. This review was concluded in December 2016 and the CAA concluded that no changes were necessary to the regulatory framework or the specifics of the Licence (see the section titled "Airport Regulation" for more information).

In carrying out its general duty, the CAA is required, among other things, to have regard to "the need to secure that each holder of a licence is able to finance its provision of airport operation services in the area for which the licence is granted". However, there can be no assurance that any future licence conditions set

by the CAA will be sufficient to allow GAL to operate at a profit; nor that the methodology of the review process at subsequent reviews would not have a material adverse effect on the income of GAL; nor that the CAA will permit the recovery of forecast operational expenditure which cannot be avoided. Additionally, there can be no assurance that any future modifications to the licence by the CAA, while subject to appeal by GAL to the Competition and Markets Authority (the "CMA"), the successor body to the Competition Commission and Office of Fair Trading (the "OFT") to the Competition Commission by GAL, will not adversely affect the ability of GAL to finance its business at reasonable rates and thus have an adverse impact on its ability to meet its payment obligations under the Finance Documents.

Enforcement action by the CAA

The CA Act 2012 provides for CAA enforcement of licence conditions, meaning that the CAA has the power to serve contravention notices, enforcement orders and urgent enforcement orders on GAL. Where the CAA serves an enforcement or urgent enforcement order on an operator, that operator will be under a duty to comply with the terms of that order. The CAA may take action, including seeking injunctive relief, in order to ensure that an operator does not breach its duty to comply with an enforcement order.

In addition, failure to comply with licence conditions, information notices or enforcement orders or competition law could result in penalties for offending operators of up to 10% of revenue at the relevant airport. Penalties may be imposed on a daily basis or as a fixed amount. GAL would have a right of appeal to the Competition Appeal Tribunal (the "CAT") against any enforcement orders or penalties that the CAA might seek to impose under these provisions.

The CA Act 2012 also provides the CAA with certain competition powers, held concurrently with the CMA. This allows the CAA to enforce competition law, conduct market studies, and make market investigation references to the CMA.

Legal challenges to determinations by the CAA and judicial review

Certain of the CAA's decisions are subject to specific rights of appeal. The CA Act 2012 introduced a system of appeals relating to licence decisions of the CAA. In relation to the operator and market power determinations, the CAT will have the power to hear appeals. Appeals may be brought by the relevant operator, and any other person whose interests are materially affected by the determination. For new licence conditions (and licence modifications), the CMA has authority to hear appeals.

Appeals on licence conditions may be brought by the relevant operator, or airlines whose interests are materially affected by the decision.

In the event an appeal was successful, the CAA could be required to remake its decision or, in certain circumstances, the CAT or the CMA could substitute their decision for that of the CAA.

Where no specific rights of appeal exist, the CAA's decisions are subject to judicial review. The role of the court in judicial review proceedings is not to remake the decision being challenged, or to assess the merits of that decision. The court will review a decision only on grounds of illegality, irrationality, procedural unfairness or breach of legitimate expectations. The remedies available under judicial review include the quashing of a decision, the making of a declaration, a prohibiting or a mandatory order and the recovery of damages.

This means, for example, that successful judicial review proceedings by an airline against a CAA decision could result in a quashing of the decision and a requirement for the CAA to remake the decision.

Core Service Standards

GAL's Airline Commitments include minimum service quality standards (known as Gatwick's Core Service Standards or "CSS") which are similar to the Service Quality Regime ("SQR") that was in operation at Gatwick during Q5. This sets defined service standards for a range of passenger facilities, such as piers, lifts, escalators and moving walkways, as well as for airfield congestion and security queuing times. To the extent that GAL does not meet the defined standards, it is required to provide rebates to airlines on the per-passenger charges, which could amount to up to 7% of annual airport charges.

Revocation of licence

Gatwick's licence sets out the circumstances in which the licence may be revoked by the CAA. Those circumstances include if GAL (the "**Licensee**") requests or otherwise agrees in writing with the CAA that the licence should be revoked; if GAL ceases to be the operator of all of the Airport Area (as described in the licence); if the Airport Area ceases to be a dominant area; if Gatwick ceases to be a dominant airport; if GAL fails to comply with an enforcement order (given under section 33 of the CA Act 2012), an urgent enforcement order (given under section 35 which has been confirmed under section 36 of the CA Act 2012), or to pay any penalty (imposed under sections 39, 40, 51 or 52 of the CA Act 2012) by the due date for any such payment (subject to certain conditions under the licence). Before the CAA is able to revoke CAA's licence, the effect of section 48 of the CA Act 2012 is to require the CAA to notify GAL that it intends to revoke the licence (including giving its reasons) and give GAL an opportunity to make representations. A decision to revoke a licence can be appealed to the CAT in accordance with Schedule 4 of the CA Act 2012.

If Gatwick continues to meet the Market Power Test in section 6 of the CA Act 2012 (and is therefore required to have a licence under the CA Act 2012), GAL will not be permitted to levy charges in respect of airport operation services in the event that its licence is revoked. The revocation of GAL's licence could therefore have a material adverse impact on GAL's revenues, and consequently its ability to meet its payment obligations under the Finance Documents.

Section 30 of the Airports Act

Section 30 of the Airports Act gives the Secretary of State the power to give directions to airport operators in the interests of national security. The directions can require airport operators to take, or refrain from taking, particular action specified in the direction. This provision allows the Secretary of State to give directions for airport closure in times of extreme international tension or in the interests of national security. This presents a risk for Gatwick due to the potential loss of control over the operational functions at Gatwick. It also presents the risk of a loss of revenue without compensation. There is no predictability or certainty as to the occurrence of events which may trigger a direction under Section 30 of the Airports Act. Section 30 is unaffected by the provisions of the CA Act 2012.

Other changes to the regulatory environment

Income and/or operations at Gatwick could be adversely affected by changes in policies regarding route licensing, the "use it or lose it" rule (under which airlines are required to fly 80% of their slots or sacrifice them to other airlines), security and safety, immigration and border controls, airport development, environmental policy, tax, air passenger duty (including recent and planned increases) and the provision of airport capacity.

FINANCING RISKS

Hedging Risks

While the Issuer and GAL operate a hedging programme in accordance with the Hedging Policy, the Issuer and GAL are not required to fully or perfectly hedge their present or future interest rate or inflation exposure and may not in practice do so. GAL or the Issuer are subject to the creditworthiness of, and in certain circumstances early termination of the hedging arrangements by, either hedge counterparties (with respect to GAL) or the Issuer Hedge Counterparties.

Leverage Risks

Leverage

The secured nature of the borrowings and the covenant structure put in place under the Programme allows GAL to raise debt of up to 70%, and in certain cases 72.5%, of RAB which is a higher ratio than can usually be raised under an unsecured capital structure. Debt at higher levels of leverage could have a material adverse impact on GAL's ability to meet its payment obligations under the Finance Documents and its other borrowings.

A significant portion of GAL's cash flow from operations is dedicated to debt payments

Due to the secured nature of its borrowings and the structure that applies to them, GAL has been able to raise more debt than would typically be the case for an unsecured borrower. As a result, a greater portion of GAL's cash flow from operations is dedicated to payments on its debt obligations, thus reducing its flexibility to deal with significant financial under performance. This may increase GAL's vulnerability to any economic downturn in its business or to adverse industry conditions, which in turn could have a material adverse effect on GAL's business, financial condition and results of operations.

Financing risk

The Borrower Group will need to raise further debt from time to time in order, among other things, to:

- (a) finance future capital investment; and
- (b) enable it/the Issuer to refinance Bonds and other debt.

There can be no assurance that the Borrower Group will be able to raise future finance on terms that are economically viable or at all. For instance, events in the credit markets in 2007 and 2008 significantly restricted the supply of credit.

Monitoring of Compliance with Warranties and Covenants and the Occurrence of Trigger Events, Loan Events of Default or Potential Loan Events of Default

The STID provides that the Borrower Security Trustee will be entitled to assume, unless it is otherwise disclosed in any Investor Report or Compliance Certificate or the Borrower Security Trustee is expressly informed otherwise, that no Trigger Event, Loan Event of Default or Potential Loan Event of Default has occurred which is continuing. The Borrower Security Trustee will not itself monitor whether any such event has occurred. As the Issuer is a special purpose company, it will fall to the Obligor themselves to make these determinations as well as the determinations of the financial and operational positions underlying them, which may be subjective.

Unavailability of Liquidity Facilities in the future could restrict the Group's ability to incur further indebtedness

GAL and the Issuer have Liquidity Facilities available to cover certain shortfalls in interest and other payments in respect of certain of their financial indebtedness. If the Group were unable to extend or replace its Liquidity Facilities when they expire, the Issuer would not be permitted to issue further Bonds and the Group may not be able to incur any further Senior Net Indebtedness or Junior Indebtedness, which could have a material adverse effect on the Group's business, financial condition and results of operations.

Modifications, waivers and consents in respect of Common Documents and Issuer Transaction Documents and enforcement of Borrower Security

The STID provides that the Borrower Security Trustee shall seek the approval of Bondholders on certain matters, along with all other holders of Qualifying Borrower Debt, as a condition to concurring in making modifications to or granting consents or waivers or to the enforcement of the Borrower Security. Prior to the repayment in full of the Senior Debt, the Qualifying Borrower Junior Creditors (including the holders of the Class B Bonds) will not be entitled to vote (other than in respect of a Basic Terms Modification in relation to the Bonds or an Entrenched Right). It is possible that the interests of certain Qualifying Borrower Secured Creditors will not be aligned with the interests of a Class or Tranche of Bondholders and therefore there can be no assurance that any modification, consent or waiver or the enforcement action taken will be favourable to all Bondholders. In the case of modifications, consents or waivers, such changes may be detrimental to the interests of some or all Bondholders, despite the ratings of such Bonds being affirmed. The votes of the Bondholders of the relevant Class may not constitute a majority in respect of any such matter, owing to the relative size of Qualifying Borrower Debt which is capable of being voted by Authorised Credit Providers other than the Issuer (in respect of Qualifying Borrower Debt outstanding under any Borrower Loan Agreement). Such risk is increased due to the fact that (a) the votes of the Bondholders entitled to vote on a matter (except in relation to an Entrenched Right) will be treated as a single class on a pound for pound basis with the other Qualifying Borrower Secured Creditors, whereas a vote in respect of the entire Outstanding Principal Amount under certain other Authorised Credit Facilities will be taken in respect of such decisions and (b) only the votes of those Bondholders who participate within

the Decision Period specified in the STID will be taken into account. Therefore, Bondholders alone may not be able to control the outcome of any particular approval or enforcement process and it is possible that the Borrower Security Trustee may be given an instruction which is not in the interests of Bondholders.

The conditions of the Bonds contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally (other than matters which concern the enforcement of the Issuer Security or modifications to the STID, which matters may only be addressed in accordance with the procedures set out in the STID as described above). These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

Notwithstanding any other provision of Condition 14(d), the Bond Trustee shall be obliged, without the consent of any of the Bondholders or any other Issuer Secured Creditor, to concur with the Issuer, and/or if so requested by the Issuer direct the Issuer Security Trustee to concur with the Issuer, in making any modifications to the Issuer Transaction Documents and/or these Conditions that are requested by the Issuer in order to enable the Issuer solely to comply with any legal requirements which apply to it under Regulation (EU) 648/2012 (including, without limitation any associated regulatory technical standards and advice, guidance or recommendations from relevant supervisory regulators) (the "**European Market Infrastructures Regulation**" or "**EMIR**"), subject to receipt by the Bond Trustee and the Issuer Security Trustee of a certificate of the Issuer certifying to the Bond Trustee and the Issuer Security Trustee that the requested amendments are to be made solely for the purpose of enabling the Issuer to comply with its reporting, portfolio reconciliation and dispute resolution legal requirements under EMIR (and for no other purpose).

The conditions of the Bonds also provide that the Bond Trustee may, without the consent of Bondholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Bonds or (ii) determine without the consent of the Bondholders that any Bond Event of Default or potential Bond Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Bonds in place of the Issuer, in the circumstances described in Condition 14(e) (**provided that** the Bond Trustee may not enforce the Issuer Security or modify the STID other than pursuant to the STID).

ENVIRONMENTAL, HEALTH AND SAFETY, CONSTRUCTION AND PLANNING RISKS

Environmental and health and safety considerations

GAL's business is affected by a wide variety of EU and UK environmental, health and safety and planning laws and requirements. Gatwick's existing operations may be impacted by a number of environmental and planning factors, including those involving: aircraft movements; air quality (including emissions standards); noise, soil and water pollution arising from airport operations; discharges and surface water drainage; land and groundwater contamination; flooding; asbestos in premises and exposure to asbestos; waste handling, management and disposal; climate change; and energy use and efficiency.

Compliance with present or future environmental, health and safety and planning requirements may be costly and time-consuming and may interfere with Gatwick's existing activities and operations. Any such costs and other constraints which may exist in the future may have a material adverse effect on Gatwick's operations or its financial condition.

Planning and construction

GAL's capital investment programme includes major construction projects at Gatwick and is subject to a number of risks. Difficulties in obtaining any requisite permits, consents, including environmental consents, licences, planning permissions, compulsory purchase orders or easements could adversely affect the design or increase the cost of the capital investment projects or delay or prevent the completion of a project or the commencement of its commercial operation. GAL may face higher than expected construction costs and delays and possible shortages of equipment, materials and labour due to the number of major construction projects in the London area. GAL may also suffer business interruption from construction incidents.

The commencement of commercial operation of a newly constructed facility may also give rise to start-up problems, such as the breakdown or failure of equipment or processes or lack of readiness of operators, closure of facilities and disruptions of operations. GAL's construction contracts may contain restricted

remedies or limitations on liability such that any such sums claimed or amounts paid may be insufficient to cover the financial impact of breach of contract. The ability of consultants and contractors to meet their financial or other liabilities cannot be assured and they may not be adequately insured.

The failure of GAL to recognise, plan for and manage the extent of the impact of construction projects on Gatwick could result in projects overrunning budgets, operational disruptions, unsatisfactory facilities at Gatwick, safety and security performance deficiencies and higher than expected operating costs. Any of these could affect Gatwick's day-to-day operations.

OTHER RISKS

Insurance

GAL benefits from insurance cover to protect against key insurable risks including terrorism and business interruption. Cover may not be adequate to cover lost income, reinstatement costs, increased expenses or other liabilities. Moreover, there can be no assurance that, if insurance cover is cancelled or not renewed, replacement cover will be available at commercially reasonable rates or at all.

GAL may not have, or may cease to have, insurance cover if the loss is not covered under, or is excluded from, an insurance policy including by virtue of a deductible applying, exhaustion of applicable cover limits or a policy operating as an excess policy or if the relevant insurer successfully avails itself of defences available to it, such as breach of disclosure duties, breach of policy condition or misrepresentation.

Insurance cover for GAL is currently, and may in the future be, provided by a combination of insurance market entities. Any of these insurers could cease to offer current insurance cover, become insolvent or lose their licences or authorisations.

Pensions

GAL may be required to make further contributions to its defined benefit plan if the value of the pension fund assets is not sufficient to cover potential obligations. GAL provides retirement benefits for its employees through a defined benefit plan and a defined contribution pension scheme. GAL's funding obligations under the defined benefit plan are dependent upon movements in the value of the plan assets and assumptions regarding key metrics, such as price and salary inflation and mortality rates. Changes in the plan's investment strategy may also impact on GAL's funding obligations.

During the year ended 31 March 2017, Gatwick entered into consultation with employees and trade unions to close the Defined Benefit Scheme to future accruals with members having the option of transferring into the Defined Contribution Scheme or taking a special severance package.

A formal consultation period commenced in September 2016 and concluded in late November 2016. As a result of the consultation, an additional option of an amended Defined Benefit Scheme with reduced benefits and risk share was added. Final agreement was reached with acceptance of the proposed changes by all three trade unions in February 2017. Of the 1,196 Defined Benefit Scheme members, 999 elected to transfer to the Defined Contribution Scheme, 142 elected to take special severance and 55 elected to become members of the amended Defined Benefit Scheme.

In addition, the Pensions Regulator has powers, the exercise of which could require other members of the Borrower Group, including the Issuer as a connected person to GAL, to make additional contributions or put in place other financial support. Any increase in contributions or other forms of financial support could have a materially adverse impact on GAL's cash flows and returns.

OTHER LEGAL RISKS

Mortgagee in possession liability

Should the Borrower Security Trustee take enforcement proceedings under the Security Documents and if there is a physical entry into possession of GAL or an act of control or influence that may amount to possession, such as receiving rental income directly from a relevant tenant, the Borrower Security Trustee may be deemed to be a mortgagee in possession. A mortgagee in possession may incur liabilities to third parties in nuisance and negligence and, under certain statutes (including environmental legislation), can incur the liabilities of a property owner. The Borrower Security Trustee has the absolute discretion at any

time to refrain from taking any action under the Transaction Documents, including becoming a mortgagee in possession in respect of GAL, unless it is satisfied at the time that it is adequately indemnified by the Borrower Secured Creditors (including the Bondholders on behalf of the Issuer).

Change of law

It is possible that changes in law or regulations, or their interpretation or application (see, for example, "*Regulatory Risks – Legal challenges to determinations by the Civil Aviation Authority and judicial review*" above), after the date of the Prospectus may result in the transaction as originally structured no longer having the effect anticipated.

Insolvency proceedings and subordination provisions

There is uncertainty as to the validity and/or enforceability of a provision which (based on contractual and/or trust principles) subordinates certain payment rights of a creditor to the payment rights of other creditors of its counterparty upon the occurrence of insolvency proceedings relating to that creditor. In particular, recent cases have focused on provisions involving the subordination of a hedging counterparty's payment rights in respect of certain termination payments upon the occurrence of insolvency proceedings or other default on the part of such counterparty (so-called "flip-clauses"). Such provisions are similar in effect to the terms which have been included in the Issuer Transaction Documents, Common Documents and the Transaction Documents relating to the subordination of Subordinated Hedge Amounts.

The English Supreme Court has held that a flip clause as described above is valid under English law. Contrary to this, however, the U.S. Bankruptcy Court has held that such a subordination provision is unenforceable under U.S. bankruptcy law and that any action to enforce such provision would violate the automatic stay which applies under such law in the case of a U.S. bankruptcy of the counterparty. The implications of this conflict remain unresolved.

If a creditor of the Issuer or the Borrower (such as a Hedge Counterparty) or a related entity becomes subject to insolvency proceedings in any jurisdiction outside England and Wales (including, but not limited to, the U.S.), and it is owed a payment by the Issuer or the Borrower, as the case may be, a question arises as to whether the insolvent creditor or any insolvency official appointed in respect of that creditor could successfully challenge the validity and/or enforceability of subordination provisions included in the English law governed Issuer Transaction Documents, Common Documents and the Transaction Documents (such as a provision of the Issuer Payment Priorities or the Borrower Post-Enforcement Priorities of Payments which refers to the ranking of the relevant Hedge Counterparties' payment rights in respect of Subordinated Hedge Amounts). In particular, based on the decision of the U.S. Bankruptcy Court referred to above, there is a risk that such subordination provisions would not be upheld under U.S. bankruptcy laws. Such laws may be relevant in certain circumstances with respect to a range of entities which may act as a Hedge Counterparty, including U.S. established entities and certain non-U.S. established entities with assets or operations in the U.S. (although the scope of any such proceedings may be limited if the relevant non-U.S. entity is a bank with a licensed branch in a U.S. state). In general, if a subordination provision included in any of the Issuer Transaction Documents, Common Documents or Transaction Documents were successfully challenged under the insolvency laws of any relevant jurisdiction outside England and Wales and any relevant foreign judgment or order were recognised by the English courts, there can be no assurance that such actions would not adversely affect the rights of the Bondholders, the market value of the Bonds, the ability of the Borrower to satisfy its obligations under the Borrower Loan Agreements and/or the ability of the Issuer to satisfy its obligations under the Bonds.

Lastly, given the general relevance of the issues under discussion in the judgments referred to above and that the Issuer Transaction Documents, Common Documents and Transaction Documents will include terms providing for the subordination of Subordinated Hedge Amounts, there is a risk that the final outcome of the dispute in such judgments (including any recognition action by the English courts) may result in negative rating pressure in respect of the Bonds. If any rating assigned to the Bonds is lowered, the market value of the Bonds may reduce.

Tax Risks

Change of tax law and practice

The statements in relation to taxation set out in this Prospectus are based on current law and the practice of the relevant authorities in force or applied at the date of this Prospectus. Any changes in such law or practice might have an adverse effect on the financial position of the Issuer or the Borrower.

The Issuer's UK tax position

The Issuer has been advised that it should be a "securitisation company" for the purposes of the Securitisation Regulations. Accordingly, the Issuer should be subject to corporation tax in the UK on its "retained profit" only in accordance with the special regime for securitisation companies as provided for by these regulations.

If the Issuer were to cease to qualify as a securitisation company, this may have an adverse effect on the Issuer's UK tax position, which could adversely affect the Issuer's ability to make timely payment of interest and principal under the Bonds.

Potential secondary tax liabilities of the members of the Borrower Group and the Issuer

Where a company fails to discharge certain tax liabilities due and payable by it within a specified time period, UK tax law imposes, in certain circumstances (including where that company has been sold so that it becomes controlled by another person), secondary liability for those overdue taxes on other companies that are or have been members of the same group of companies, or are or have been under common control, for tax purposes with the company that has not discharged its tax liabilities.

The Security Parent on behalf of itself and each other member of the Borrower Group from time to time has undertaken in the Tax Deed that no steps have been or will be taken by it or any member of the Borrower Group which could be expected to give rise to a secondary liability for the Issuer or the Borrower. If any secondary tax liabilities arise in the Issuer or the Borrower (whether in respect of a primary tax liability of a member of the Borrower Group or of another company with which the Issuer or the Borrower is or has been grouped or is under common control for UK tax purposes), and those secondary tax liabilities are not discharged by the Security Parent or any other member of the Borrower Group, and are of significant amounts, the Issuer or the Borrower could be adversely affected.

The Issuer and the members of the Borrower Group have been and are members of a VAT group that also includes members of the wider corporate group of which GAL is the representative member.

Withholding tax in respect of the Bonds

All payments under the Bonds can be made without deduction or withholding for or on account of any UK tax **provided that** they are and continue to be included in the Official List and admitted to trading on the London Stock Exchange (see "*Tax Considerations*" below). All payments under the Bonds can be made without deduction or withholding on account of Jersey law.

In the event that any withholding or deduction for or on account of tax is required to be made from payments due under the Bonds, neither the Issuer nor any Paying Agent nor any other person will be obliged to pay any additional amounts to Bondholders or, if Definitive Bonds are issued, Couponholders, or otherwise to compensate Bondholders or Couponholders for the reduction in the amounts they will receive as a result of such withholding or deduction.

If, as a result of a change in tax law, any withholding or deduction for or on account of any UK or Jersey Tax is required to be made, the Issuer will have the option (but not the obligation) of redeeming all (but not some only) outstanding Bonds in full at the Principal Amount Outstanding (as adjusted, in the case of the index-linked bonds, in accordance with the terms of the relevant Bonds) together with accrued interest pursuant to Condition 5 (*Interest and other Calculations*). For the avoidance of doubt, none of the Bond Trustee, Bondholders or Couponholders will have the right to require the Issuer to redeem the Bonds in these circumstances.

Withholding tax in respect of the Borrower Loan Agreements

All payments made under any of the Borrower Loan Agreements can be made without deduction or withholding for or on account of any UK tax. In the event that, for example as a result of a change in tax law, any withholding or deduction for or on account of tax is required to be made from any payment due to the Issuer under any of the Borrower Loan Agreements, the amount of that payment will be increased so that, after such withholding or deduction has been made, the Issuer will receive a cash amount equal to the amount that it would have received had no such withholding or deduction been required to be made. If the Borrower is obliged to increase any sum payable by it to the Issuer as a result of the Borrower being required to make a withholding or deduction from that payment, the Borrower will have the option (but not the obligation) to prepay all relevant outstanding advances made under the Borrower Loan Agreements in full. If the Borrower chooses to prepay the advances, the Issuer will then be required to redeem the Bonds. Such redemption would be for the Principal Amount Outstanding (as adjusted, in the case of the index-linked bonds, in accordance with the terms of the Bonds), together with accrued but unpaid interest. If the Borrower does not have sufficient funds to enable it either to repay amounts due under the Borrower Loan Agreements or to make increased payments to the Issuer, the Issuer's ability to make timely payments of interest and principal under the Bonds could be adversely affected.

Withholding tax in respect of the Issuer Hedging Agreements

It should be possible to structure the Issuer Hedging Agreements so as to ensure that all payments thereunder can be made without withholding or deduction for or on account of any UK tax. If any withholding or deduction for or on account of any tax is required to be made from any payment due from the Issuer under the Issuer Hedging Agreements, the Issuer will not be obliged to pay any additional amounts to the relevant Issuer Hedge Counterparty in respect of the amounts so required to be withheld or deducted.

If any withholding or deduction for or on account of any tax is required to be made from any payment due under the Issuer Hedging Agreements by an Issuer Hedge Counterparty, that Issuer Hedge Counterparty shall be obliged to pay an additional amount to the Issuer, in a sufficient amount so that the amount received shall be equal to the amount due and payable had such withholding or deduction not been required, but in the event of a requirement (or a substantial likelihood of such a requirement) to withhold or deduct for or on account of any tax by either party to an Issuer Hedging Agreement as a result of a change in law (or the application or official interpretation thereof), the Issuer Hedge Counterparty will have the right to terminate the Issuer Hedging Agreement (subject to the condition that the Issuer Hedge Counterparty shall first have used reasonable efforts to transfer its rights and obligations under the Issuer Hedging Agreement to another of its offices or affiliates such that payments made by or to that office or affiliate under the Issuer Hedging Agreement can be made without any withholding or deduction for or on account of tax).

Insolvency Considerations

Jersey Considerations

The principal type of insolvency procedure available to creditors under Jersey law is the application for an Act of the Royal Court of Jersey under the Bankruptcy (Désastre) (Jersey) Law 1990, as amended (the "**Jersey Bankruptcy Law**") declaring the property of a debtor to be "*en désastre*" (a declaration). On a declaration of *désastre*, title and possession of the property of the debtor vest automatically in the Viscount, an official of the Royal Court (the "**Viscount**"). With effect from the date of declaration, a creditor has no other remedy against the property or person of the debtor, and may not commence or, except with the consent of the Viscount or the Royal Court, continue any legal proceedings to recover the debt.

Additionally, the shareholders of a Jersey company (but not its creditors) can instigate a winding up of an insolvent company, which is known as a "creditors' winding up" pursuant to Chapter 4 of Part 21 of the Companies (Jersey) Law 1991, as amended (the "**Jersey Companies Law**"). On a creditors' winding up, a liquidator is appointed, usually by the creditors. The liquidator will stand in the shoes of the directors and administer the winding up, gather assets, make appropriate disposals of assets, settle claims and distribute assets as appropriate. After the commencement of the winding up, no action can be taken or continued against the company except with the leave of the court. The corporate state and capacity of the company continues until the end of the winding up procedure, when the company is dissolved. The Jersey Companies Law requires a creditor of a company (subject to appeal) to be bound by an arrangement entered into by the

company and its creditors immediately before or in the course of its winding up if (*inter alia*) three quarters in number and value of the creditors acceded to the arrangement.

Appointment of Administrative Receiver

The Insolvency Act 1986 allows for the appointment of an administrative receiver in relation to certain transactions in the capital markets. Although there is as yet no case law on how these provisions will be interpreted, it should be applicable to the floating charges created by the Obligor and assigned by way of security to the Borrower Security Trustee. However, as this issue is partly a question of fact, were it not to be possible to appoint an administrative receiver in respect of one or more Obligors, they would be subject to administration if they were to become insolvent.

Since the Issuer is incorporated in Jersey, it is unlikely that it will be possible to appoint an administrative receiver in respect of the Issuer in England (so as to prevent the appointment of an English administrator) using the capital market provisions referred to above. Accordingly, in the event that the Issuer were to become insolvent and it was not possible to appoint an administrative receiver, the Issuer could be placed into administration.

Recharacterisation of fixed security interest

There is a possibility that a court could find that certain fixed security interests expressed to be created by the Security Documents instead take effect as floating charges. Whether the fixed security interests will be upheld will depend, among other things, on whether the Borrower Security Trustee or, as the case may be, the Issuer Security Trustee has the requisite degree of control over the relevant assets and exercises that control in practice. If the fixed security interests are recharacterised as floating security interests, certain claims, including certain employee claims in respect of contributions to pension schemes and wages and the costs and expenses of an administration and/or a liquidation, may have priority over the rights of the Borrower Security Trustee or the Issuer Security Trustee, as the case may be, to the proceeds of enforcement.

ISSUER AND BOND CONSIDERATIONS

Bonds obligations of Issuer only

None of the Bonds will be obligations of, nor will they be guaranteed by, any of the Other Parties or any company in the Borrower Group. Furthermore, the Bonds are limited recourse obligations of the Issuer and no person other than the Issuer will accept any liability whatsoever to Bondholders in respect of any failure by the Issuer to pay any amount due under the Bonds.

Special purpose vehicles

The Issuer is a special purpose financing entity. Other than the proceeds of the issuance of Bonds, the Issuer's principal source of funds will be pursuant to the Borrower Loan Agreements and funds available to it pursuant to the Liquidity Facilities and the Issuer Hedging Agreements.

Therefore, the Issuer is subject to all the risks relating to income and expenses to which the Borrower is subject. Such risks could limit funds available to the Borrower to enable the Borrower to satisfy in full and on a timely basis its obligations under the Borrower Loan Agreements.

Similarly, the Security Parent is a non-operating holding company. Other than by virtue of the shares it owns in GAL, the Security Parent will not have any other income or assets. The Security Parent guarantees the payment obligations of the Borrower Loan Agreements and has provided security in favour of the Borrower Secured Creditors, including the Issuer. Therefore, the Issuer is subject to the risk that the Security Parent will not have sufficient income to make payments under the guarantee or that upon the enforcement of the security provided by it, including over its shares in GAL, there are insufficient proceeds to discharge its payment obligations.

Reliance by the Issuer on third parties and Issuer Hedge Counterparties

The Issuer has entered into agreements with a number of third parties, which have agreed to perform services for the Issuer. In particular, but without limitation, the Issuer Cash Manager has been appointed to provide cash management services to the Issuer, and the Issuer Account Bank has been appointed to provide

banking services to the Issuer and the Issuer Corporate Administration Providers have been appointed to provide corporate services to the Issuer. In the event that any of those parties fails to perform its obligations under the relevant agreement to which it is a party, the ability of the Issuer to make payments owed in respect of the Bonds may be affected.

The Issuer is also reliant on the Issuer Hedge Counterparties to provide a hedge against interest rate, currency, inflation and/or other risks in respect of amounts received by the Issuer from the Borrower under the Borrower Loan Agreements and the amounts payable by the Issuer under the Bonds.

If the Issuer fails to make timely payments of amounts due under any Hedging Agreement, then it will have defaulted under that Hedging Agreement and such Hedging Agreement may be terminated by the relevant Issuer Hedge Counterparty. An Issuer Hedge Counterparty is only obliged to make payments to the Issuer as long as the Issuer complies with its payment obligations under the relevant Hedging Agreement. If a Hedging Agreement terminates or the Issuer Hedge Counterparty is not obliged to make payments or if the Issuer Hedge Counterparty defaults on its obligations to make payments of amounts in the relevant currency equal to the full amount to be paid to the Issuer on the due date for payment under the relevant Hedging Agreement, the Issuer will be exposed to changes in the relevant currency exchange rates and to any changes in the relevant rates of interest, where such hedges are put in place. Unless a replacement hedge is entered into, the Issuer may have insufficient funds to make payments due under the relevant Bonds.

If a Hedging Agreement terminates, then the Issuer may be obliged to make a termination payment to the relevant Issuer Hedge Counterparty. There can be no assurance that the Issuer will have sufficient funds available to make a termination payment under the relevant Hedging Agreement, nor can there be any assurance that the Issuer will be able to enter into a replacement hedging agreement, or if one is entered into, that the credit rating of the replacement hedge counterparty will be sufficiently high to prevent a downgrade of the then current ratings of the Bonds by the Rating Agencies.

If the Issuer is obliged to pay a termination payment under any Hedging Agreement, such termination payment will rank ahead of amounts due on the Bonds, except where default by, or downgrade of, the relevant Issuer Hedge Counterparty has caused the relevant Hedging Agreement to terminate. The obligation on the Issuer to make a termination payment may adversely affect the ability of the Issuer to meet its obligations under the Bonds.

Conflicts of interest generally

Conflicts of interest may arise during the life of the Programme as a result of various factors involving certain transaction parties. For example, such potential conflicts may arise because one or more lenders to the Issuer or the Borrower (including under the Liquidity Facility Agreement) may also act in other capacities under the Transaction Documents, although the relevant rights and obligations under the Transaction Documents are not contractually conflicting and are independent from one another.

Issuer and Borrower security

Although the Issuer Security Trustee will hold the benefit of the Issuer Security on trust for the Bondholders and the Borrower Security Trustee will hold the benefit of the Borrower Security on trust for the Borrower Secured Creditors, such security interests will also be held on trust for certain third parties. Certain of the Issuer's obligations to such third parties rank ahead of the Bondholders. Such persons include, among others, the Bond Trustee (in its individual capacity), the Issuer Security Trustee (in its individual capacity), the Issuer Hedge Counterparties (in respect of certain payments payable to them), the Liquidity Facility Providers, the Registrar, the Transfer Agents, the Paying Agents and the Issuer Account Bank in respect of certain amounts owed to them (see "*Summary of the Financing Agreements – Issuer Cash Management Agreement*" and "*Summary of the Financing Agreements – Issuer Account Bank Agreement*"). To the extent that significant amounts are owing to any such persons, the amounts available to Bondholders will be reduced. Likewise, certain of the Borrower's obligations to certain third parties will rank ahead of its obligations to the Issuer. In addition, it should be noted that unsecured creditors of the Borrower, such as trade creditors and suppliers, while subordinate to Borrower Secured Creditors, are not bound into the financing structure as they are not parties to the STID and the Common Terms Agreement and so will be able to petition for a winding up or administration of the Borrower where it fails to pay its unsecured debts as they fall due.

Timing of payment on Bonds

Payment dates for the various different types of Senior Debt and Junior Debt will not necessarily coincide, and there is no obligation to ensure that a payment made in respect of any Junior Debt will not lead to a deficiency of funds to make payments in respect of Senior Debt that falls due on a later date.

Subordination of the Class B Bonds

Payments under any Class B Bonds (if issued) will rank subordinate to payments under the Class A Bonds. If on any Interest Payment Date the Issuer has insufficient funds to make payments under the Class B Bonds, the Issuer's liability to make such payments will be deferred and no non-payment Bond Event of Default will arise as a result of such non-payment. Prior to repayment in full of the Senior Debt, rights of holders of Class B Bonds will be (other than with respect to a Basic Terms Modification or other matters which affect their Entrenched Rights) generally restricted with respect to certain actions and participating in voting on STID Proposals, with the result that such holders will only be entitled to vote on certain matters and take action following repayment of the Senior Debt.

Conflict of interest between Bondholders

The Bond Trust Deed requires the Bond Trustee to have regard to the interests of all the Bondholders (so long as any of the Bonds remain outstanding) equally as regards all powers, trusts, authorities, duties and discretions of the Bond Trustee as if they formed a single class (except where expressly required otherwise). However, the Bond Trust Deed also requires that, in the event of a conflict between the interests of the holders of any Class of Bonds, the Bond Trustee shall have regard to the interests of the holders of the Most Senior Class of Bonds then outstanding **provided that**, if, in the Bond Trustee's opinion, there is a conflict of interest between the holders of two or more Tranches or Sub-Classes of Bonds of the same Class, it shall have regard to the interests of the holders of the Tranche or Sub-Class of such Class then outstanding with the greatest Principal Amount Outstanding.

Limited liquidity of the Bonds; Absence of secondary market for the Bonds

There can be no assurance that a secondary market for the Bonds will develop, or, if a secondary market does develop for any of the Bonds issued after the date of this Prospectus, that it will provide any holder of Bonds with liquidity or that any such liquidity will continue for the life of the Bonds. Consequently, any purchaser of the Bonds must be prepared to hold such Bonds for an indefinite period of time or until final redemption or maturity of the Bonds.

The liquidity and market value at any time of the Bonds are affected by, among other things, the market view of the credit risk of such Bonds and will generally fluctuate with general interest rate fluctuations, general economic conditions, the condition of certain financial markets, international political events and the performance and financial condition of the Borrower.

Optional redemption by the Issuer

The Issuer may, if such option is specified in the relevant Final Terms or Pricing Supplement (as the case may be), elect to redeem the relevant Bonds in advance of their scheduled maturity date by giving notice to the relevant Bondholders in accordance with the Terms and Conditions. For example, the Issuer may redeem Bonds when its cost of borrowing is lower than the interest rate on the Bonds depending on the price the applicable Bonds may be redeemed at. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Bonds and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Rating Agency assessments, downgrades and changes to Rating Agency criteria may result in ratings volatility in respect of the Bonds

The ratings to be assigned by the Rating Agencies to the Bonds reflect only the views of the particular Rating Agency and, in assigning the ratings, each Rating Agency takes into consideration the credit quality of the Obligors and structural features and other aspects of the transaction of which the Bonds form part. There is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the Rating Agencies as a result of changes in, or unavailability of, information in relation to the Obligors' underlying business and performance or if, in the

Rating Agencies' judgement, other circumstances so warrant. If any rating assigned to the Bonds is lowered or withdrawn, the market value of the Bonds may be reduced. Future events, including events affecting the Obligors and/or circumstances relating to the industry in which the Obligors operate, could have an adverse impact on the ratings of the Bonds.

A confirmation from a Rating Agency that any action proposed to be taken by the Issuer will not have an adverse effect on the then current rating of the Bonds does not, for example, confirm that such action: (a) is permitted by the terms of the Finance Documents; or (b) is in the best interests of, or not prejudicial to, the Bondholders. While each of the Secured Creditors (including the Bondholders), the Issuer Security Trustee and the Bond Trustee (as applicable) are entitled to have regard to the fact that a Rating Agency has confirmed that the then current rating of the Bonds would not be adversely affected by such action, the above does not impose or extend any actual or contingent liability on that Rating Agency to the Secured Creditors (including the Bondholders and the Bond Trustee) or the Issuer or any other person or create any legal relationship between the Rating Agencies and the Secured Creditors (including the Bondholders and the Bond Trustee) or any other person whether by way of contract or otherwise.

Any such confirmation from a Rating Agency may or may not be given at the sole discretion of that Rating Agency. It should be noted that, depending on the timing of delivery of the request and any information required to be provided as part of any such request, it may be the case that a Rating Agency cannot provide a confirmation in the time available or at all. A confirmation from a Rating Agency, if given, will be given on the basis of the facts and circumstances prevailing at the relevant time and in the context of cumulative changes to the transaction of which the Bonds form a part since the Establishment Date. A confirmation from a Rating Agency represents only a restatement of the then-current rating of the Bonds and cannot be construed as advice for the benefit of any parties to the transaction of which the Bonds form a part.

Fitch has indicated that it will no longer provide ratings confirmations as a matter of policy. To the extent that a confirmation from a Rating Agency cannot be obtained, whether or not a proposed action will ultimately take place will be determined in accordance with the provisions of the relevant Issuer Transaction Documents and specifically the relevant modification and waiver provisions.

A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by its assigning rating agency at any time.

Credit ratings may not reflect all risks relating to the Bonds

One or more independent credit rating agencies may assign an unsolicited credit rating to the Bonds. These ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above and below and other factors that may affect the value of the Bonds. Such a rating may be lower than the rating assigned to the Bonds by the Rating Agencies and may impact the market value of the Bonds.

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended) (the "**CRA Regulation**") from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to the transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended).

The list of registered and certified rating agencies published by the ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

Certain risks related to index-linked Bonds

Under the Programme, the Issuer may from time to time issue Bonds with principal or interest determined by reference to an index or formula. Potential investors should be aware that they may lose all or a substantial portion of their principal of any index-linked Bonds issued under the Programme. The historical

experience of an index should not be viewed as an indication of the future performance of such index during the term of any index-linked Bonds. Accordingly, each potential investor should consult its own financial and legal advisers about the risks entailed in an investment in any such Bonds and the suitability of such Bonds in the light of its particular circumstances.

Regulatory initiatives may have an adverse impact on the regulatory treatment of the Bonds

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in numerous measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory position to certain investors in certain securitisation exposures and/or on the incentives for certain investors to invest in securities issued under such structures, and may thereby affect the liquidity of such securities. Investors in the Bonds are responsible for analysing their own regulatory position and none of the Issuer, the Dealers or the Arranger makes any representation to any prospective investor or purchaser of the Bonds regarding the regulatory treatment of their investment on the Issue Date or at any time in the future.

The Basel Committee on Banking Supervision (the "**Basel Committee**") approved significant changes to the Basel II regulatory capital and liquidity framework in 2011 (such changes being commonly referred to as "Basel III"). In particular, Basel III provides for a substantial strengthening of existing prudential rules, including new requirements intended to reinforce capital standards (with heightened requirements for global systemically important banks) and to establish a leverage ratio "backstop" for financial institutions and certain minimum liquidity standards (referred to as the Liquidity Coverage Ratio and the Net Stable Funding Ratio). The Basel Committee agreed further reforms to Basel III in December 2017 in the publication entitled "*Basel III: Finalising post-crisis reforms*", including reforms relating to the standardised and internal ratings-based approaches for credit risk, and a revised output floor. The Basel Committee expects member countries to implement these 2017 reforms (sometimes referred to as "**Basel IV**") by 1 January 2022 (with the exception of those relating to the output floor, which will be phased in from 1 January 2022). Implementation of Basel III requires national legislation and, therefore, the final rules and the timetable for their implementation in each jurisdiction may be subject to some level of national variation. It should also be noted that changes to regulatory capital requirements have been made for insurance and reinsurance undertakings through participating jurisdiction initiatives, such as the Solvency II framework in Europe.

Denominations and trading

The Bonds of each Class, Sub-Class or Tranche will be issued in the Specified Denominations as set out in the Final Terms or Pricing Supplement (as the case may be). For so long as the Bonds of any relevant Class, Sub-Class or Tranche are represented by a Global Bond, and the rules of Euroclear and Clearstream, Luxembourg so permit, the Bonds will be tradeable in the Minimum Denomination and the Integral Amount up to and including the Maximum Denomination. However, if Definitive Bonds for that Class, Sub-Class or Tranche of Bonds are required to be issued and printed, any Bondholders holding Bonds having a denomination which cannot be represented by a Definitive Bond in the Minimum Denomination or higher integral multiples of the Integral Amount up to and including the Maximum Denomination will not be entitled to receive a Definitive Bond and would need to purchase a principal amount of Bonds such that its holding amounts to a Specified Denomination.

Book-entry form of Bonds

The Bonds will initially only be issued in global form and deposited with a common depository, or common safekeeper, for Euroclear and Clearstream, Luxembourg. Interests in the Global Bonds will trade in book-entry form only. The common depository, or its nominee, or the common safekeeper for Euroclear and Clearstream, Luxembourg will be the sole holder of the Global Bonds representing the Bonds. Accordingly, owners of book-entry interests must rely on the procedures of Euroclear and Clearstream, Luxembourg, and non-participants in Euroclear or Clearstream, Luxembourg must rely on the procedures of the participant through which they own their interests, to exercise any rights and obligations of a holder of Bonds.

Unlike the holders of the Bonds themselves, owners of book-entry interests will not have the direct right to act upon the Issuer's solicitations for consents, requests for waivers or other actions from holders of the Bonds. The procedures to be implemented through Euroclear and Clearstream, Luxembourg may not be adequate to ensure the timely exercise of rights under the Bonds.

Changes in Financial Reporting Standards

Certain provisions of the Transaction Documents contain certain conditions and/or triggers which are based upon an assessment of the financial condition of the Security Group calculated by reference to the financial statements produced in respect of the companies in the Security Group. These financial and other covenants are set at levels which are based on the current accounting principles, standards, conventions and practices adopted by the relevant companies.

The Transaction Documents provide for the possibility of adjustments to the basis of calculation of the Financial Ratios to reflect a change in accounting treatment of certain items. In certain circumstances such changes may take effect without a STID Proposal.

It is possible that any future changes in these accounting principles, standards, conventions and practices which are adopted by the companies in the Security Group may result in significant changes in the reporting of its financial performance. This, in turn, may necessitate that the terms of the conditions and triggers referred to above are renegotiated. Changes in accounting standards may also impact the tax position of the Security Group and result in increased tax payments which may ultimately have an adverse effect on the ability of the Issuer to make payments due under the Bonds.

Risks related to Bonds which are linked to "benchmarks"

LIBOR, EURIBOR and other indices which are deemed to be "benchmarks" are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective, while others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Bonds linked to such a "benchmark". For example, on 27 July 2017, the Chief Executive of the FCA, which regulates LIBOR, announced that it intends to stop persuading or compelling banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021. The announcement indicated that the continuation of LIBOR on the current basis cannot, and will not, be guaranteed after 2021. It is impossible to predict whether, and to what extent, banks will continue to provide LIBOR submissions to the administrator of LIBOR or whether any additional reforms to LIBOR may be enacted in the United Kingdom or elsewhere. At this time, no consensus exists as to what rate or rates may become accepted alternatives to LIBOR and it is impossible to predict the effect of any such alternatives on the value of LIBOR-based securities, such as some of the securities envisaged to be issued under the Programme. Uncertainty as to the nature of alternative reference rates and as to potential changes or other reforms to LIBOR may adversely affect LIBOR rates during the term of the Bonds and the return on the Bonds and the trading market for LIBOR-based securities. The potential elimination of the LIBOR benchmark or any other benchmark, or changes in the manner of administration of any benchmark or the occurrence of any other event that the relevant Issuer determines to be a Benchmark Event (as defined in the Conditions), or a determination by an Independent Adviser that a Successor Rate (as defined in the Conditions) may be available, could require or result in an adjustment to the interest provisions of the Conditions as determined by an Independent Adviser (as further described in Condition 5(i) (*Benchmark discontinuation*)), or result in other consequences, in respect of any Bonds linked to such benchmark. Any such consequence could have a material adverse effect on the value of, and return on, any such Bonds.

In particular, the Benchmarks Regulation came into force on 1 January 2018. The Benchmarks Regulation applies to "contributors", "administrators" and "users" of "benchmarks" in the EU, and, among other things: (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised) and to comply with extensive requirements in relation to the administration of "benchmarks" (or, if non-EU-based, to be subject to equivalent requirements); and (ii) prevents certain uses by EU supervised entities of "benchmarks" of unauthorised administrators. The Benchmarks Regulation could have a material impact on any Bonds linked to a "benchmark", including in any of the following circumstances:

- (i) an index which is a "benchmark" could not be used by a supervised entity in certain ways if its administrator does not obtain authorisation or register or, if based in a non-EU jurisdiction, the administrator is not otherwise recognised as equivalent; and
- (ii) the methodology or other terms of the "benchmark" could be changed in order to comply with the terms of the Benchmarks Regulation, and such changes could (amongst other things) have the

effect of reducing or increasing the rate or level, or affecting the volatility, of the published rate or level of the benchmark.

Either of the above could potentially lead to the Bonds being de-listed, adjusted or redeemed early or otherwise affected, depending on the particular "benchmark" and the applicable terms of the Bonds.

In addition, any other international, national or other proposals for reform, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or contribute to certain "benchmarks", trigger changes in the rules or methodologies used in certain "benchmarks" or lead to the disappearance of certain "benchmarks".

Based on the foregoing, prospective investors in Bonds (and in particular in relation to (a) and (b) below, the Floating Rate Bonds) should in particular be aware that:

- (a) any of these reforms or pressures described above or any other changes to a Benchmark (including LIBOR and EURIBOR) could affect the level of the published rate, including to cause it to be lower and/or more volatile than it would otherwise be;
- (b) if LIBOR or EURIBOR is discontinued or is otherwise unavailable, then the rate of interest on the Floating Rate Bonds (in relation to which Screen Rate Determination is specified in the relevant Final Terms or Pricing Supplement as the manner in which the Interest Rate is to be determined) will be determined for a period by the fall-back provisions provided for under Condition 5(c) (*Floating Rate Bonds*), although such provisions, being dependent in part upon the provision by the principal Relevant Financial Centre office of the Reference Banks of offered quotations for the Relevant Rate to prime banks in the Relevant Financial Centre interbank market, may not operate as intended (depending on market circumstances and the availability of rates information at the relevant time) and may in certain circumstances result in the effective application of a fixed rate based on the rate which applied in the previous Interest Period when LIBOR or EURIBOR was available;
- (c) if LIBOR, EURIBOR or any other relevant Benchmark is discontinued, there can be no assurance that the applicable fall-back provisions under the Hedging Agreements would operate to allow the transactions under the Hedging Agreements to effectively mitigate interest rate risk in respect of the Floating Rate Bonds; and
- (d) if LIBOR, EURIBOR or any other relevant Benchmark is discontinued, there can be no assurance that the operation of the applicable fall-back provisions under any Authorised Credit Facility would not have an indirect impact on the ability of the Issuer to meet its obligations under the Bonds.

In addition, it should be noted that broadly divergent interest rate calculation methodologies may develop and apply as between the Floating Rate Bonds and/or the Hedging Agreements due to applicable fall-back provisions or other matters and the effects of this are uncertain but could include a reduction in the amounts available to the Issuer to meet its payment obligations in respect of the Floating Rate Bonds.

Moreover, any of the above matters or any other significant change to the setting or existence of LIBOR, EURIBOR or any other relevant Benchmark could affect the ability of the Issuer to meet its obligations under the Floating Rate Bonds or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Bonds. No assurance may be **provided that** relevant changes will not occur with respect to LIBOR, EURIBOR or any other relevant Benchmark and/or that such Benchmarks will continue to exist. Investors should consider these matters when making their investment decision with respect to the Floating Rate Bonds.

The market continues to develop in relation to SONIA as a reference rate for Floating Rate Bonds

On 29 November 2017, the Bank of England and the FCA announced that the Bank of England's Working Group on Sterling Risk-Free Rates had been mandated with implementing a broad-based transition to SONIA over the following four years across sterling bond, loan and derivatives markets, so that SONIA is established as the primary sterling interest rate benchmark by the end of 2021. Investors should be aware that the market continues to develop in relation to SONIA as a reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR. In particular, market participants and relevant working groups

are exploring alternative reference rates based on SONIA, including term SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term).

The market, or a significant part thereof, may adopt an application of SONIA that differs significantly from that set out in the Conditions and used in relation to Floating Rate Bonds that reference a SONIA rate issued under the Programme. The Issuer may in the future also issue Bonds referencing SONIA that differ materially in terms of interest determination when compared with any previous SONIA referenced Bonds issued by it under the Programme. The development of Compounded Daily SONIA as an interest reference rate for the Eurobond markets, as well as continued development of SONIA-based rates for such markets and the market infrastructure for adopting such rate, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any SONIA referenced Bonds issued under the Programme from time to time.

Furthermore, interest on Bonds which reference Compounded Daily SONIA is only capable of being determined at the end of the relevant Observation Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Bonds that reference a SONIA reference rate to estimate reliably the amount of interest that will be payable on such Bonds and some investors may be unable or unwilling to trade such Bonds without changes to their IT systems, both of which could adversely impact the liquidity of such Bonds. Further, in contrast to other Floating Rate Bonds, if the Bonds that reference a SONIA rate become due and payable as a result of an event of default under Condition 10, the Interest Rate payable for the final Interest Period shall only be determined on the date the Bonds became due and payable and shall not be reset thereafter. In addition, the manner of adoption or application of SONIA reference rates in the Eurobond markets may differ materially compared with the application and adoption of SONIA in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SONIA reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Bonds referencing a SONIA reference rate. Investors should consider these matters when making their investment decisions with respect to any such Floating Rate Bonds.

Since SONIA is a relatively new market index, Bonds linked to SONIA may have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities indexed to SONIA, such as the spread over the index reflected in interest rate provisions, may evolve over time, and trading prices of such Bonds may be lower than those of later-issued indexed debt securities as a result. Further, if SONIA does not prove to be widely used in securities such as the Bonds, the trading price of such Bonds linked to SONIA may be lower than that of Bonds linked to indices that are more widely used. Investors in such Bonds may not be able to sell such Bonds at all or may not be able to sell such Bonds at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk. There can also be no guarantee that SONIA will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in Bonds referencing SONIA. If the manner in which SONIA is calculated is changed, that change may result in a reduction of the amount of interest payable on such Bonds and the trading prices of such Bonds.

BUSINESS OF GATWICK AIRPORT LIMITED AND THE SECURITY GROUP

OVERVIEW

Overview of Gatwick

Gatwick Airport is located 29 miles south of Central London and 3 miles north of Crawley, West Sussex at Gatwick, West Sussex RH6 0NP.

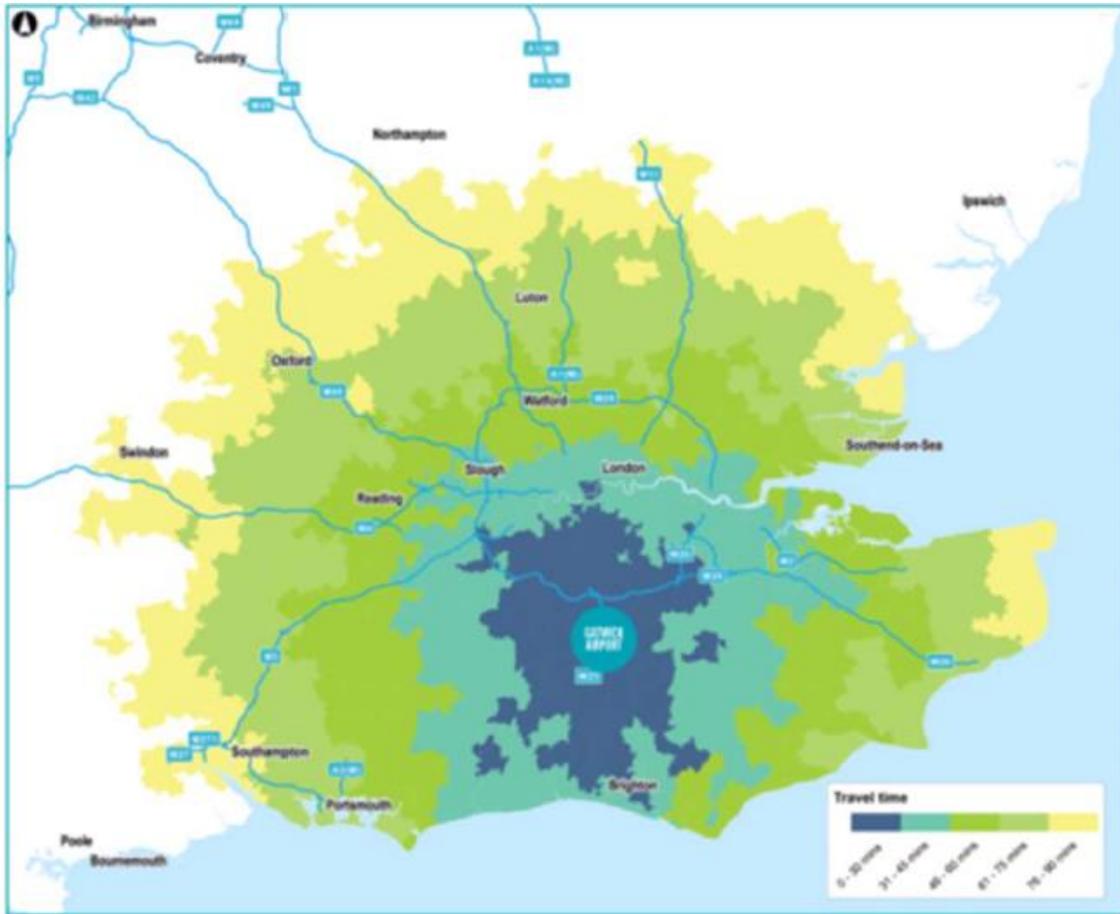

Gatwick is the world's busiest single runway airport² and the UK's second busiest airport. For the year ended 31 March 2019, 46.4 million passengers passed through Gatwick, approximately 27.0% of airline passenger traffic in the Greater London area, one of the busiest centres for air transport in the world (Source: CAA, four largest London airports' throughput to the end of January 2019). Gatwick has a high proportion of origin and destination passengers. It is the ninth largest airport in Europe based on passenger numbers and thirteenth largest airport in the world for international passenger traffic (Source: ACI Airport Rankings 2018). Gatwick had 281,741 passenger air transport movements in the year ended 31 March 2019 – a world record for a single runway airport.

A network of over 50 airlines fly from Gatwick offering a unique mix of services including full- service carriers, low-cost airlines and charter flights. Gatwick is predominantly a point-to point airport, with 73% of Gatwick's passengers accounted for by international short-haul travel. Airlines at Gatwick serve over 275 destinations, more than any other UK airport and in 2018/19 Gatwick announced 21 new long-haul routes to cities on four continents, taking the total number of long-haul connections to 51.

Gatwick generates 21,000 direct on-airport jobs and supports a further 10,000 jobs which are direct off-airport, indirect and induced jobs (Source: Gatwick Employment and Skills Research, July 2016).

² As measured by runway peak hour movement rate.

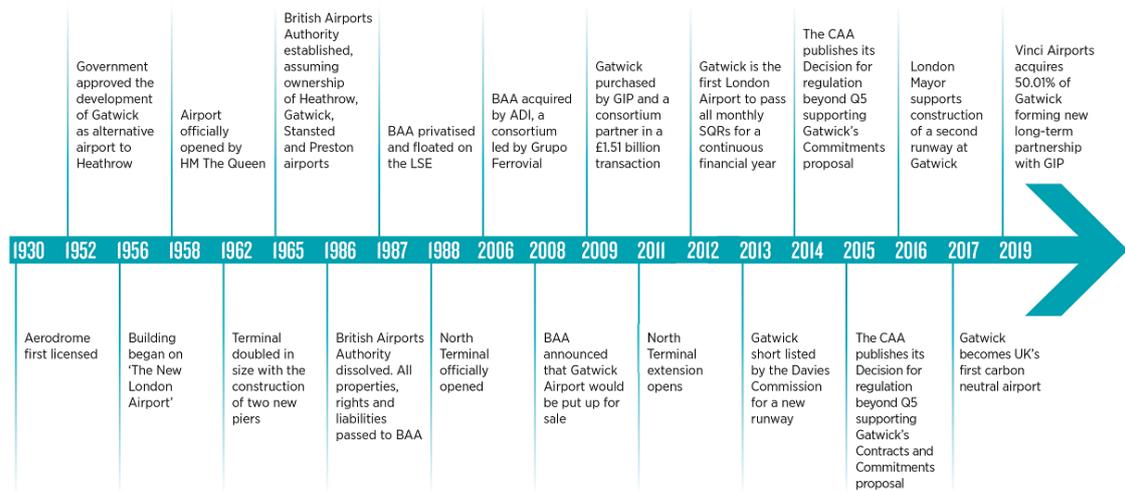

Gatwick provides a wide range of passenger services including passenger handling facilities, shops, bars, restaurants, hotels and over 40,000 public car parking spaces. Gatwick is London's best connected major airport by surface access with 3.2 million people living within 30 minutes. All of London's population and almost 15 million of the UK population live within approximately 60 minutes of Gatwick. Gatwick is easily accessible by motorway and train, taking only 30 minutes from London Victoria station on the Gatwick Express and 28 minutes to London Bridge.

The airport offers passengers 24 hour direct public transport access (by both road and rail) and the highest level of connectivity to London, the wider South-East and many parts of the UK.

Gatwick has maintained a strong focus in recent years on improving operations and the passenger experience. The Security Group has invested over £2.2 billion over the last 10 years which has provided the improved infrastructure required to generate improvements in the passenger experience.

A brief history of Gatwick and its expansion:

Gatwick's South Terminal was officially opened by HM The Queen on 9 June 1958, with the North Terminal following 30 years later in 1988. Gatwick has undergone a number of expansion and investment programmes since the change in ownership in December 2009, including the opening of the North Terminal Extension, redevelopment of the International Departures Lounges in both terminals and the installation of the world's largest self-bag drop check-in facility in the North Terminal. Investment has also been made in the North and South Terminal forecourts, the track transit system stations, car parks and piers, to configure the aircraft stands and gate rooms in Pier 5 and to construct a new Pier 1 including a new South Terminal Baggage Factory.

In 2017, Gatwick was officially recognised as a carbon neutral airport through its use of 100% renewable electricity and Gold Standard carbon credits to offset ground fuel emissions. The award, from ACI Europe, means that Gatwick Airport Limited completed Airport Carbon Accreditation at Level 3+ in 2016 for all ground operation emissions that the airport controls – including fuels, electricity and business travel.

Gatwick infrastructure and traffic

Gatwick has one 3,316 metre-long runway with a total of six piers and 79 pier-served aircraft stands. Gatwick also has 68 remote aircraft parking stands. The location of the terminals, piers and car parks can be seen on the image below.

Gatwick is prohibited by an agreement reached in 1979 with its local council from beginning the construction of a second runway prior to 2019. In July 2013, Gatwick submitted its outline proposals for providing additional runway capacity in the longer term to the Airports Commission. This and any other submissions to the Airports Commission are consistent with Gatwick's commitment with West Sussex County Council. As construction cannot commence until after the UK Government has prepared a National Policy Statement, and the Development Consent Order process for Nationally Significant Infrastructure Projects has come to a conclusion, the local planning authority, Crawley Borough Council, has continued to safeguard the land that would be required for a new runway.

In December 2013, the Airports Commission published its Interim Report which, amongst other things, concluded that there is a need for at least one additional runway to be in operation in the South East of the UK by 2030. The Airports Commission shortlisted three proposals for new runways:

- at Gatwick Airport, a new runway spaced sufficiently south of the existing runway to permit full independent operation;
- at Heathrow Airport, either a new runway constructed northwest of the existing airport or an extension of the existing northern runway to the west, lengthening it and enabling it to operate as two separate runways.

Following shortlisting, Gatwick carried out a public consultation during April and May 2014. A Report of Consultation was published in July 2014 which confirmed Gatwick's preference for a wide spaced runway of the type preferred by the Airports Commission.

At the request of the Airports Commission, the proposers of the shortlisted options submitted scheme designs in May 2014. The Airports Commission undertook its own analysis of the shortlisted options and on 11 November 2014 launched a 12 week consultation on its analysis. Prior to reporting, the Airports

Commission also undertook a three week consultation on its analysis of the air quality implications of additional runways at Heathrow and Gatwick.

The Airports Commission issued its final report on 1 July 2015. It recommended the Heathrow northwest scheme to the UK Government subject to a number of conditions. These conditions relate, for example, to noise management by prohibiting all scheduled night flights and by requiring runway capacity to be released only where compliance with UK and EU air quality legislation can be achieved. The Airports Commission also said that Gatwick was a credible, deliverable and financeable option.

Following a period of reviews and analysis by the Department for Transport, the UK Government announced in October 2016 that it would accept the recommendation of the Airports Commission in favour of the Heathrow North West Runway Scheme. Subsequently on 2 February 2017 it published a draft NPS for consultation running through to 25 May 2017. The draft NPS sets out the UK Government's policy on the need for new airport capacity in the South East of England, its preferred location and scheme for delivering this capacity, and the assessment principles to be used when considering an application for development consent. Gatwick submitted a full response to this consultation outlining its position for consideration by the UK Government. In September 2017, the Secretary of State announced the need to undertake a further consultation to allow updated evidence in relation to aviation demand forecasts and the UK Government's final air quality plan to be taken into account. Accordingly, on 24 October 2017, a revised draft NPS was published for consultation running through to 19 December 2017.

On 5 June 2018, the NPS was laid before parliament. It set out three elements:

- first, the need for additional airport capacity in the South East of England;
- second, why government believes that need is best met by a North West runway at Heathrow airport; and
- third, the specific requirements that an applicant for a new North West runway would need to meet to gain development consent.

On 25 June 2018, the House of Commons held a debate and vote on the NPS. On 26 June 2018, following approval of the statement by the House of Commons, the Secretary of State formally designated it as a national policy statement under section 5(1) of the Planning Act 2008.

In December 2018, the Government published for consultation policy proposals for a new Aviation Strategy entitled "Aviation 2050 – The future of UK aviation" (Cm9714). The policy measures are designed to develop a long-term Aviation Strategy to 2050 and beyond, which aims to achieve a safe, secure and sustainable aviation sector that meets the needs of consumers and of a global, outward-looking Britain. The objectives of the strategy are to:

- Build a global and connected Britain,
- Help the aviation industry work for its customers,
- Ensure a safe and secure way to travel,
- Encourage competitive markets,
- Support growth whilst tackling environmental impacts,
- Develop innovation, technology and skills.

This consultation is due to close in June 2019, with a final Aviation Strategy being published by the end of 2019. Gatwick supports the development of a new Aviation Strategy and its recognition that the aviation industry is important to the whole of the UK as it creates jobs, facilitates trade and promotes economic growth, supports inbound and outbound tourism, and connects the UK with the rest of the world.

It is best practice to provide regular updates on how Gatwick might develop. On 18 October 2018 Gatwick published its draft master plan, which was consulted on for a period of 12 weeks. The new draft master plan had two main sections, covering (1) the next five years, and (2) growth scenarios looking 5-15 years ahead. The latter describes three scenarios:

- one where it remains a single runway operation using the existing main runway;
- one where the existing standby runway is routinely used together with the main runway; and
- one where we continue to safeguard for an additional runway to the south.

The overall vision is for Gatwick to be the airport of the future, and a model for sustainable growth.

The work on how the existing standby runway is routinely used together with the main runway is not yet fully completed. Gatwick has, however, included preliminary information on how this might affect the operation and passenger throughput, how the infrastructure might need to change and how it might affect the environmental footprint of the airport. If it were decided to take this scheme forward, it would be in the form of a Development Consent Order application, and if engagement were commenced in 2019 and permission were granted, the runway could be brought into routine use by the mid-2020s.

Following the consultation, Gatwick is reviewing the feedback from it and will prepare a Final Master Plan to be published in 2019.

Overview of the ownership of, and strategic plans for, Gatwick

Ownership

Gatwick Airport Limited ("**GAL**") is the owner and operator of Gatwick.

On 3 December 2009, GAL was acquired from BAA by Ivy Bidco Limited, a UK incorporated company, together with certain car parks which were acquired by Ivy Subco Limited, a wholly owned subsidiary of Ivy Bidco Limited. On 2 March 2011, ownership of GAL was transferred to Ivy Holdco Limited and GAL acquired the car parks from Ivy Subco Limited which was subsequently dissolved on 10 April 2012.

On 31 March 2015, the Group undertook a restructuring whereby Ivy Midco Limited (the Company's ultimate parent in the UK), sold 100% of the issued share capital of Ivy Bidco Limited to Ivy Holdco Limited. Following this transaction, Gatwick Airport Limited acquired 100% of the issued share capital of Ivy Bidco Limited from Ivy Holdco Limited.

As at the date of this Prospectus, Ivy Holdco Limited had four wholly-owned subsidiaries: Gatwick Airport Limited, Ivy Bidco Limited, Gatwick Airport Pension Trustees Limited and Gatwick Funding Limited.

Ivy Midco Limited (as the ultimate UK parent of GAL) and its subsidiaries are ultimately indirectly owned through a number of UK and overseas holding companies and limited liability partnerships, whose economic interests (following completion of the acquisition by VINCI on 13 May 2019) were as set out above.

Strategic plans

Gatwick operates in a competitive market. Passengers have a choice as to which airport they fly from and airlines have alternative bases from which to operate. GAL's strategy for Gatwick is to transform the passenger experience and improve efficiency for the airlines and Gatwick itself, thereby improving its competitiveness in the London airport market. A key element of GAL's strategy is to build and maintain strong relationships with its airline customers, regulators and other stakeholders.

GAL has set out its ambition – "competing to grow and become London's airport of choice" – and has established six strategic priorities to which GAL's activities are aligned. These priorities are to:

- deliver the best passenger experience: by listening to Gatwick's passengers and delivering the kind of service that will make them choose to fly from Gatwick;
- help Gatwick's airlines grow: by understanding airlines' goals and developing commercial partnerships;
- increase value and efficiency: by maximising income, lowering Gatwick's operating costs and driving capital efficiency;

- protect and enhance Gatwick's reputation: by building strong and constructive relationships with Gatwick's stakeholders based on openness and trust;

STRENGTHS

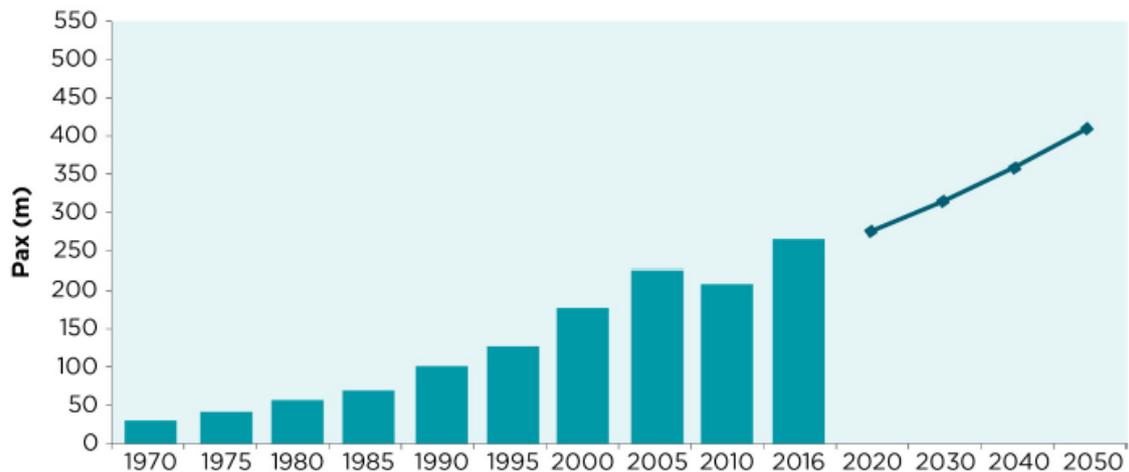

Gatwick has a number of key credit strengths. Primarily, Gatwick has a strategically advantageous position in the premium, South East UK air travel market. Benefiting from strong demand and a predictable cost base, Gatwick continues to demonstrate strong financial performance. The regulatory regime has been modernised in a manner welcomed by GAL and in line with GAL's strategy.

The South East premium market

Gatwick is located in the South East of the UK – a densely populated, affluent catchment area in the heart of the UK service economy. Air travel in the South East has grown significantly over the last forty-plus years from 13 million passenger journeys in 1966 to over 170 million in 2018 (Source: CAA). In 2017, the Department for Transport projected total traffic growth at UK airports to continue at 1.3-1.5% per annum to reach approximately 410 million by 2050 after considering capacity constraint. Without constraints to airport growth, demand is forecast to rise to 355 million by 2030 (central scenario) and 495 million passengers in 2050 within a range of 480 to 535 million (Source: DfT 2017 paper: UK Aviation Forecasts).

London is a leading global financial centre and the South East of England as a whole accounted for 37.4% of Gross Value Added (Source: Regional Gross Value Added (Income Approach) December 2018). In 2016, the UK ranked sixth in the world for international tourism arrivals and seventh in terms of international tourism receipts (Source: World Tourism Organisation) with a significant portion of the international air traffic coming through the London area. All these factors support significant continued demand for both leisure and business origin and destination air traffic through Gatwick.

UK Airport passenger volumes: historic and forecast

Source: CAA historical data; DfT forecasts October 2017

Runway capacity in the South East is limited at peak periods. Gatwick is prohibited by an agreement reached with its local council from beginning the construction of a second runway prior to 2019. However, as mentioned above, this agreement is no longer a practical constraint on development at Gatwick.

For at least the majority of this decade, London's airports will be relying on their existing physical capacity to meet expected increasing demand.

Gatwick is a strategically advantaged South East airport

Within the South East airports system, Gatwick has a desirable strategic location.

The airport is conveniently situated for transport to London and the South East. The Gatwick Express provides non-stop rail services directly to London Victoria station. Gatwick's railway station is located adjacent to the South Terminal and provides frequent additional connections to other London terminals. Gatwick is also well-served by national rail links.

Gatwick is also located a short distance from Junction 9 of the M23 motorway, nine miles from London's orbital M25 motorway.

Heathrow Airport is heavily capacity constrained, with little seasonality in its schedule and limited resilience in its daily schedule. Gatwick, which is the second busiest airport in the South East after Heathrow Airport, is capacity constrained at peak periods (although with some capacity for additional aircraft movements in selected off peak hours of the summer shoulders and in winter). Stansted Airport does have spare capacity but has historically proved less attractive to carriers than Heathrow or Gatwick given its location and its connections to London and the broader South East market. Gatwick can be considered an essential part of the South East of England's transport infrastructure.

In 2018, the total number of passengers travelling by air through the four largest airports serving the Greater London area was approximately 171 million. In 2018, Gatwick accounted for 27.0% of this traffic (Source: CAA, throughput to the end of January 2019).

Gatwick is attractive due to the presence of a diverse mix of carriers due to its low aeronautical charges compared with many major European airports (such as London Heathrow), its ease of operations and quick turnaround times, its excellent transport links to central London, and its geographic placement in the large and wealthy catchment area south of London (as illustrated in the chart below).

Gatwick's catchment area

Source: UK Office for National Statistics: Mid-year population estimates 2017: 28 June 2018

Gatwick has predominantly origin and destination traffic which comprises approximately 98.5% of the passengers using Gatwick. Gatwick serves a diverse passenger mix: approximately 55.5% for leisure travel, 26.3% VFR (visiting friends and relatives) and 18.2% business (Source: Gatwick Retail Profiler Survey, April 2018 – March 2019).

Gatwick's strong financial performance reflects its diverse revenue mix

The Security Group's revenue performance has improved in large parts as a result of increased passenger numbers which were up 29.0% over the last five years. EBITDA (pre-exceptional items) has increased by approximately 70.2% over the five years ended 31 March 2019.

The Security Group's results for the twelve months ended 31 March 2019 continued to demonstrate strong financial performance. Over this period, passenger traffic grew by 1.6% whilst revenue grew by 6.1%.

Aeronautical income (after discounts and marketing support) grew 7.9% in the year ended 31 March 2019 due to the increase in passengers and an increase in the gross aeronautical yield offset by variances in passenger traffic mix and an increase in the level of discounts and marketing support offered to airline customers. Retail income had another record year and was up 7.9% to £191.3 million in the year ended 31 March 2019. This was partly due to the increase in passenger numbers and an increase in the Duty and Tax Free sales per passenger driven by the opening of the North Terminal walkthrough in September 2017. In addition, an extension to the WDF contract was signed on improved terms. Car parking income increased by 0.6% to £88.3 million in the year ended 31 March 2019 despite a 3.9% decline in addressable market size as measured by UK resident non-transfer departing passengers.

For additional information, see "*Financial Information and Results of Operations*". *Diversified income and revenue streams*

Gatwick benefits from diversified income sources. In addition to income earned from airlines from regulated aeronautical charges, Gatwick also earns income from a variety of sources, including retail, car parking and property.

Gatwick serves a diversified range of major airlines, employing a variety of business models (e.g. low-cost, scheduled, charter) to serve origin and destination short-haul leisure and business traffic and long-haul leisure.

Over 50 airlines (serving > 5k passengers per annum) operate out of Gatwick. The largest airlines by passenger numbers at Gatwick for the year ended 31 March 2019 were as follows:

Gatwick has a diversified network of routes serving over 275 destinations worldwide. The top-twenty routes in the 12 month period ended 31 March 2019 accounted for only 37.6% of total passenger traffic, with no individual route representing more than 3.4% of the total. This means that Gatwick's revenues are resilient to airline network and route changes, with the airport not reliant on a small number of key routes.

Demand for slots in recent years has remained strong, with various carriers – notably easyJet, British Airways, Vueling and Norwegian Airlines – increasing frequencies and introducing new routes. There has also been more emphasis on the development of long-haul origination and destination traffic.

Gatwick continued to develop its route network, achieving record traffic figures during the year ended 31 March 2019 of 46.4 million passengers and with a 27.0% share of the London market (as defined by the four largest airports' throughput to the end of January 2019).

The airlines contributing most to Gatwick's growth were the established incumbent airlines such as easyJet, British Airways and Norwegian:

- easyJet increased aircraft size, moving from an average of 168 seats to 171 seats by the end of the year, mainly driven by the addition of four A321 aircraft with 235 seats to its Gatwick fleet. Its aircraft movements increased by 0.2% and its average load factor decreased by 0.1% to 90.7%. These changes were the drivers of a 0.3 million year-on-year increase in easyJet's passenger numbers. easyJet commenced year-round routes to Warsaw, Jerez and Düsseldorf and three winter routes to Rovaniemi, Aarhus and Aqaba. It announced a summer seasonal route to Zadar in Croatia.
- British Airways has continued to grow long-haul services at Gatwick, commencing new routes, in summer 2018, to Toronto and Las Vegas. However the majority of its growth in this period was with international short-haul services of 0.5 million passengers year on year, utilising the slots it purchased from Monarch. This enabled it to grow its total passengers at Gatwick to 7.5 million, a 0.7 million growth in passengers from the previous year.
- Norwegian delivered long-haul growth during the period, adding a third daily service to New York, increasing its Buenos Aires flight to a daily service, and adding new services to Miami and Tampa. These additions brought its Gatwick-based Boeing 787 aircraft up to a total of 13 in March 2019. In total, Norwegian's long-haul passengers grew by 0.8 million in the year.

Other notable highlights during the year ended 31 March 2019 include:

- China Eastern commenced a service (running three-times a week) to Shanghai in December 2018. It plans to increase this frequency during 2019.
- Wizz announced three new routes, commencing in summer 2019, to Cluj in Romania, Gdansk in Poland, and Budapest in Hungary. Currently, only Budapest is served from Gatwick.
- Turkish Airlines launched year-round flights to Ankara and Antalya and a seasonal service to Bodrum.

Delivering the best passenger experience is a strategic priority for Gatwick. Adhering to a set of stringent passenger satisfaction targets, and through listening and acting upon passenger feedback, are two ways in which service overall at the Airport is monitored.

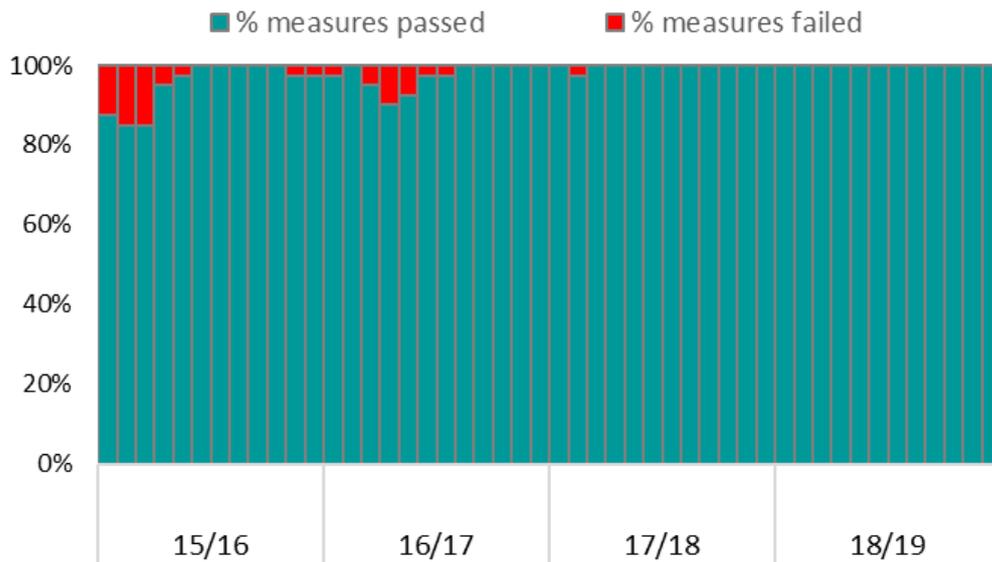

The Core Service Standards ("CSS") are stretching targets for a variety of measures impacting the passenger experience, from security queuing times to the availability of terminal and airfield assets, ensuring that Gatwick is constantly focused on its performance in these key areas. The scheme also incorporates the results of a passenger survey, the Quality of Service Monitor ("QSM"), which provides a measure of passenger satisfaction with certain airport services and facilities (cleanliness, wayfinding, flight information, and departure lounge seat availability). If service standards are not met for a number of aspects

of the Airport's facilities and services for both passengers and airlines, Gatwick pays rebates of airport charges to airlines.

Gatwick reports its performance against the CSS targets (including QSM) on a monthly basis on its website. Gatwick uses, amongst other measures, total CSS targets passed, overall QSM score, on-time departure performance and inbound baggage, to monitor whether it is delivering the best passenger experience, and this forms part of the Commitments framework under which it operates.

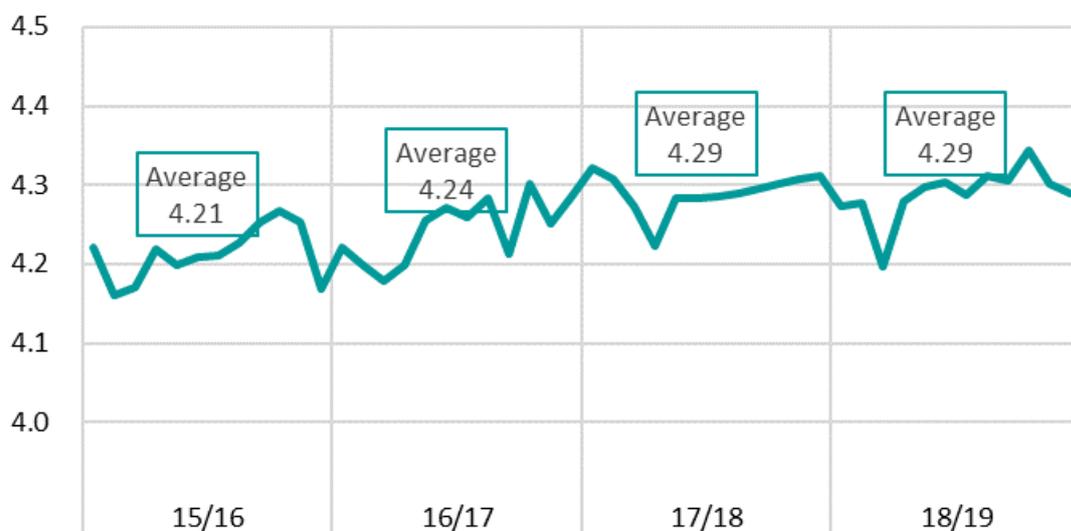

Core Service Standards

Gatwick achieved 100% of its CSS targets during the year ended 31 March 2019, compared to 99.6% in the prior year.

The following chart shows Gatwick's continued high performance over the last four years against a backdrop of increased passenger numbers using the Airport and its services.

Airfield Performance

On-time performance remains a key strategic priority for Gatwick as it seeks to improve the passenger experience and deliver a stable and resilient operation for its airline customers, allowing it to continue to grow its businesses from Gatwick.

The graph below shows the percentage of flights departing no later than 15 minutes after the scheduled time of departure on a rolling 12-month basis.

Source: Gatwick Management

For the year ended 31 March 2019, 70% of departures from Gatwick departed no later than 15 minutes after the scheduled time of departure, in line with performance for the year ended 31 March 2018, despite a higher exposure to airspace restrictions.

A number of factors can influence on-time performance and a range of stakeholders, including Gatwick, air traffic control providers, airlines and ground handlers, have an important role to play. Some of the key challenges over the last year included (i) a continued increase in the proportion of flights subject to airspace restrictions caused by congestion in en-route airspace corridors and/or restrictions at destination airports; approximately 35% of departures were issued with an airspace restriction in summer 2018 (up from 30% in summer 2017) and (ii) pressures in the ground handling market, with some ground handlers continuing to find it challenging to deliver against scheduled turnaround times.

Gatwick took a proactive role in seeking to support improved on-time performance through (i) investment in facilities to support the efficient turnaround of aircraft, including airfield and terminal works, (ii) the continuation of financial incentives for airlines and ground handlers to reward the efficient turnaround of aircraft, (iii) engagement with ground handlers to audit resource plans ahead of the summer season and (iv) a continued strong focus on meeting the Core Service Standards to support a high-quality and efficient operation.

Major airlines operating at Gatwick have also taken significant steps to address on-time performance issues, including through (i) scheduling adjustments, (ii) end-to-end process reviews of turnaround management and (iii) innovative and collaborative working with Gatwick and ground handling providers.

Gatwick's efforts to support an improvement in on-time performance are continuing into 2019/20 with (i) investment in terminal and airfield infrastructure, including an extension to Pier 6, (ii) ongoing investment in a dedicated airline performance team to support turnaround performance and (iii) continuation of the financial incentive scheme that rewards airlines for the efficient turnaround of aircraft; a 25% discount of the departure demand charge set out in the Conditions of Use is available for each aircraft turnaround that is completed within its scheduled turnaround time.

Notwithstanding the higher levels of airspace restrictions that are anticipated – primarily as a result of ongoing capacity and staffing issues in European airspace sectors – Gatwick is targeting a further improvement in on-time performance in 2019/20.

Non-aeronautical derived income

Gatwick has well-established retail in both the North and South Terminals with a total of approximately 27,000 square metres of retail space dedicated to restaurants, bars, specialist shops and duty free and tax free shopping with approximately 60 retail clients operating around 159 retail outlets. Concession revenues generally consist of a turnover percentage subject to minimum guarantees and concession rights are competitively tendered, at inception and on renewal. Typically, fashion retailers hold concessions for 3 years and catering for 5-10 years.

In addition, Gatwick has an extensive car park offering, comprising of 40,611 public spaces (4,900 spaces adjacent to terminals). A project to build decking in the South Terminal Long Stay car park was completed in August 2018 and delivered an increased capacity of 1,100 spaces. Both terminals at Gatwick are also served by car rental concessions.

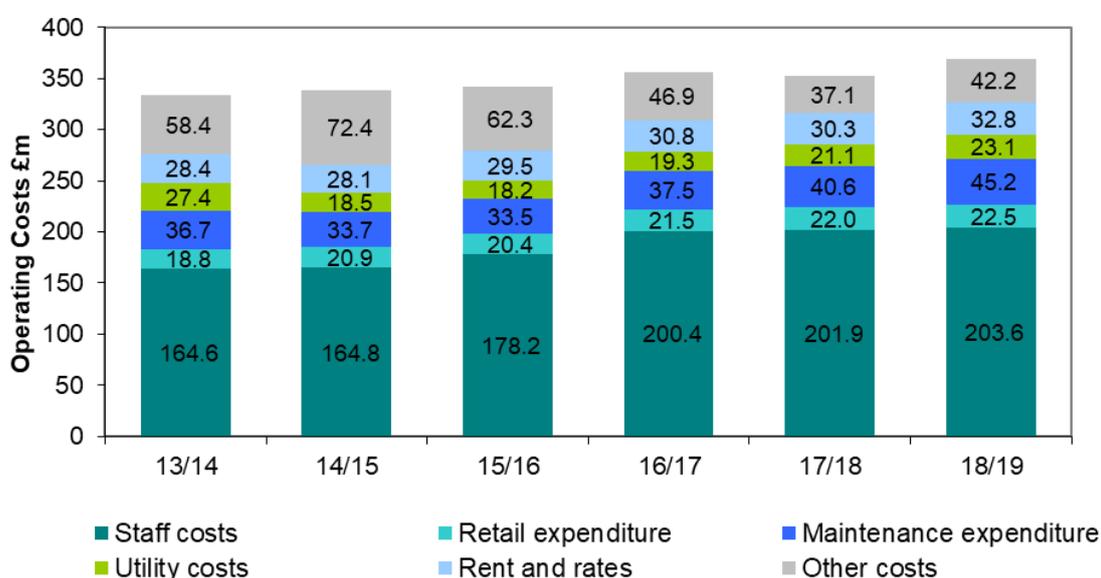

Gatwick also has a real estate portfolio which generates income, with primary tenants being airlines and associated service companies.

Management have implemented a number of initiatives to increase non-aeronautical income, including: dedicating personnel to focus on day-to-day management of concessionaires; implementing dwell time modelling, to guide layout refinements and airline operational protocols; undertaking customer research and segmentation to guide longer term re-positioning of retail brands; and refining the car park offering and online marketing strategy.

A predictable operating cost base

Gatwick has a relatively stable, and predictable, cost base. Most costs at Gatwick have a strong linkage to RPI and/or are contracted on a multi-year basis providing a good degree of certainty and/or visibility.

Operating Costs analysis £'million (excluding depreciation, amortisation and exceptional items):

Source: Gatwick Management Financial results

Staff costs increased by £1.7 million or 0.8% for the year ended 31 March 2019, primarily due to a cost of living increase in average salaries which is partly offset by a 1.3% decrease in the number of full-time equivalent ("FTE") employees in the current year.

Staff costs associated with the capital expenditure programme decreased by £1.0 million (2.4%) as a result of a different capital works programme. Overall, total staff costs capitalised were £40.9 million in the year ended 31 March 2019 (2018: £41.9 million).

GAL recognises three trade unions who represent approximately 2,000 of its employees. Relationships with all three unions have historically been cordial with no instances of industrial action during the past 20 years. During 2018/19 there were protracted pay negotiations over several months; however, this ultimately resulted in a pay deal which was accepted by our workforce. Unite, the union presented proposals for the company to enter into a technology agreement; however, Gatwick believes that our existing consultation processes effectively deal with such issues and we were unable to reach agreement on this issue.

We will continue our focus on maintaining strong relationships with full-time union officials, and building solid working relationships with representatives.

Further details on the breakdown of Gatwick's operating costs can be found in GAL's financial statements which are incorporated by reference into this Prospectus.

A deliverable Capital Investment Programme

The key strategic objective for Gatwick is to compete to grow and become London's airport of choice. A key enabler in delivering this objective is continued focus on transforming the passenger and airline experience of using Gatwick through both investment in modern infrastructure and improving service standards. This will ensure customers enjoy a superior airport experience relative to competitors, encouraging greater utilisation of Gatwick and supporting its long-term growth ambitions. The key investment drivers for the Airport are as follows:

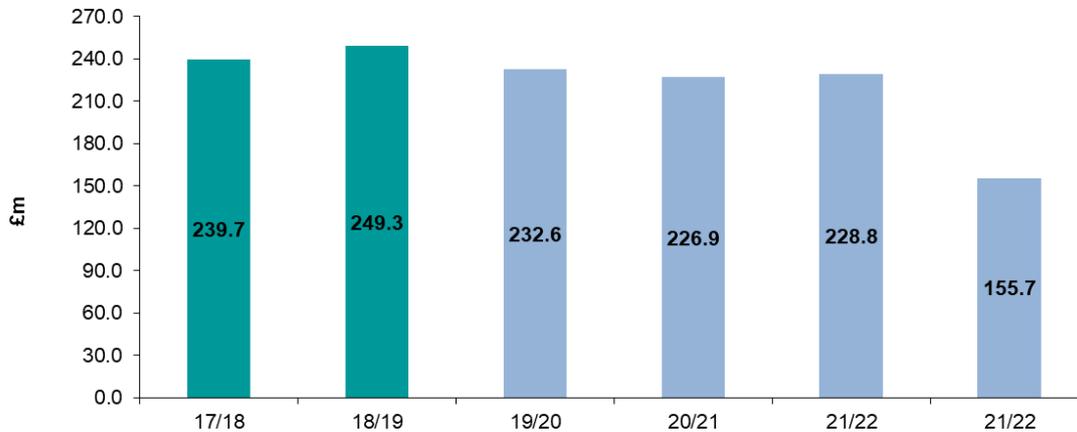

- Capacity
- Cost Efficiencies
- EH&S, Security and Compliance
- Service Quality
- Commercial Revenue
- Asset Stewardship and Resilience

From April 2014, and following completion of GAL's £1.2 billion Q5 Capital Investment Programme, regulatory oversight of Gatwick has evolved into the seven year Airline Commitments framework, under which Gatwick has made price, service quality, capital investment and consultation undertakings to its customers. Rather than being constrained by being held to a fixed investment programme, the new framework allows flexibility, innovation and pace in making investments at Gatwick to improve services for our passengers and airline customers. The framework includes a commitment to undertake capital investment of at least on average £100.0 million per annum over the next seven years from, April 2014.

In May 2018, Gatwick published its 2018 Capital Investment Programme for consultation with passengers and airlines, outlining the capital investment undertaken under the Commitments framework and the plan for the next five years. An updated Capital Investment Programme is due to be published in the summer of 2019. Gatwick has continued to invest heavily in its Capital Investment Programme, spending £249.3 million in the year ended 31 March 2019 (2018: £239.7 million). Capital investment is forecast to be approximately £1.5 billion (real, 2014/15 prices) over the seven-year Commitments period (starting in April 2014), thereby continuing a similar rate of investment and improvement since 2009, and in excess of the minimum level required under the Commitments framework.

The chart below summarises annual spend on the latest Capital Investment Programme (as published in May 2018) for the last two years, as well as forecast spend to the year ending March 2022.

Gatwick controls and delivers its Capital Investment Programme through seven individual programmes covering the key elements of the Airport. This approach allows Gatwick to deliver against its key investment drivers whilst maintaining its operations.

A key focus of the Capital Investment Programme is service and the improvement of the passenger experience; some examples of service improvement to be delivered are:

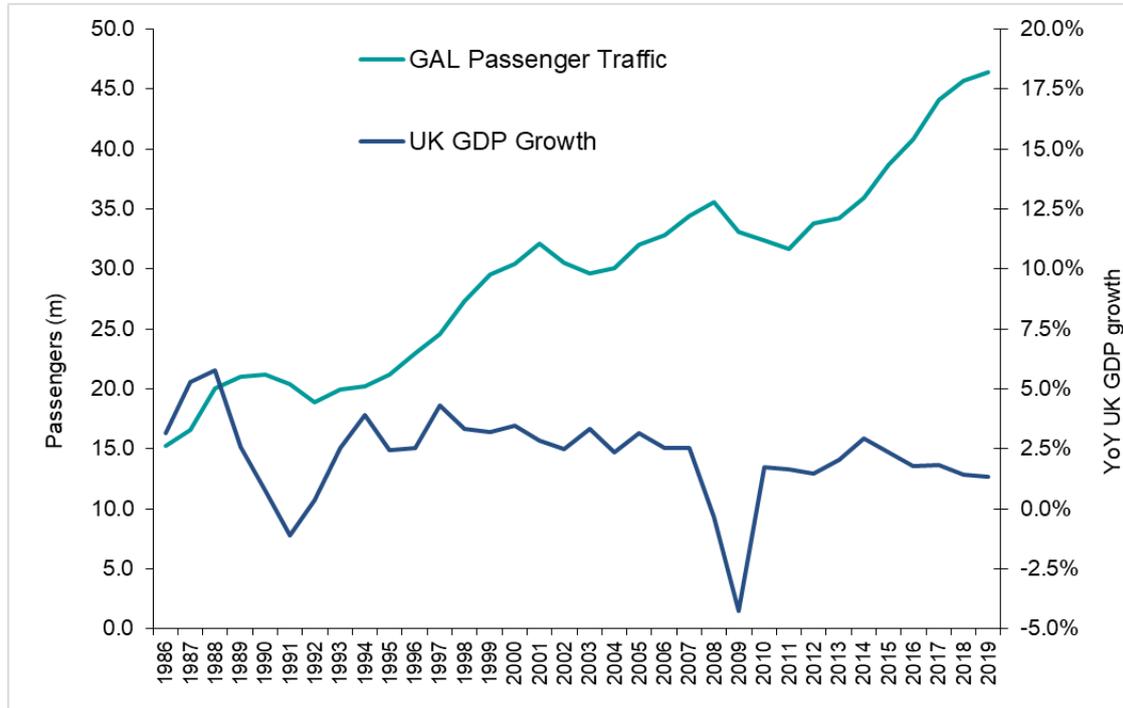

- reduced check-in queues through working with the airlines to upgrade their check-in and ag-drop facilities;
- more spacious departure lounges with more choice of facilities for departing passengers;
- improved gaterooms for departing passengers;
- expanded baggage reclaim facilities in both terminals for arriving passengers;
- improved surface transport facilities; and
- improved baggage storage facilities for passengers to enable earlier check-in.

The major development projects included in the programme (excluding Asset Stewardship, Operational Resilience, Compliance & EHS projects) are:

- improvements to level of pier service (£142.3 million);
- Hold Baggage Screening (HBS) replacement project to be compliant with the Department for Transport's security directive to install Standard 3 machines (£113.0 million), in advance of the 2019 deadline;
- improvements to North and South Terminal capacity (£42.8 million);
- car parks capacity expansion (£42.0 million); and
- optimisation of the airfield – improvements to taxiways and stands (£16.8 million).

Relative resilience to shocks and economic downturns

Through periods of UK GDP decline and exogenous events which have reduced the propensity to travel, Gatwick's performance has remained resilient. The chart below illustrates that over the last 30 years, demand for air travel at Gatwick has tended to return relatively quickly to historic levels following external shocks, suggesting resilience of the a level of demand.

Source: GAL passenger traffic: Gatwick Management; UK GDP growth 1985-2019: Office of National Statistics
 Note: Passenger traffic data is as at 31 March of the year given; GDP data as at: 31 December

Major events which have had a significant impact on passenger traffic include the terrorist attacks on the United States in 2001 and their aftermath, the Gulf Wars and periods of economic recession. Other events that have had a significant impact on passenger traffic at Gatwick in the last ten years include airline failures and the eruption of Eyjafjallajökull in Iceland in 2010.

Historically, passenger traffic has been resilient through such events with an average reduction peak to trough of 9.3% and recovery to prior levels generally taking around 2 to 3 years. The economic downturn after the 2008 global financial crisis witnessed the most significant trough in the last 30 years with the drop from the peak totalling 11.1% and lasting five years. This trough was impacted significantly by the intermittent closure of airspace in the three months to 30 June 2010 following the eruption of Eyjafjallajökull in Iceland. Gatwick has seen a 1.6% increase in passenger traffic in the year ended 31 March 2019 (in comparison to UK GDP growth of 1.3%).

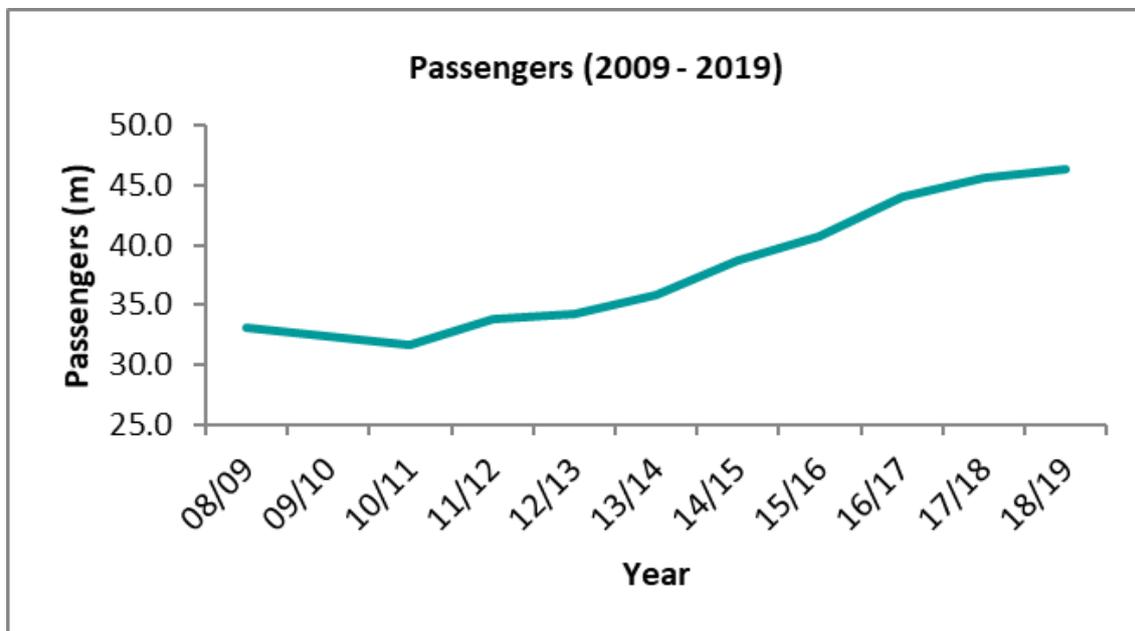

The period between 1999 and 2019 has seen a significant shift in passenger mix with European low cost traffic growing substantially and taking market share from European charter and legacy carriers. Between 2004 and 2008, Gatwick saw consistently strong growth in passenger numbers primarily as a result of easyJet expanding its activities at Gatwick. The development of the low cost carrier model, primarily led by easyJet, but recently supplemented by Norwegian Air Shuttle has continued to support passenger growth in recent years.

Long-haul traffic has recovered and subsequently increased by 7.7% p.a. over the last five years (to 31 March 2019). This growth rate has accelerated in the last couple of years; in the 12 months to March 2019, Gatwick's long-haul traffic growth was 15.0%. The number of long-haul destinations served from Gatwick was over 60 in 2018 compared to 26 in 2010.

Regulatory regime

The CA Act 2012, replaced the system of economic regulation of airports under the Airports Act with a system that allows the CAA to apply a more flexible approach in terms of how the CAA may choose to regulate.

Under the provisions of CA Act 2012, the CAA has granted licences to airport operators for the new regulatory period that commenced 1 April 2014 which it determined to have substantial market power, and where it deemed competition law to provide insufficient protection against the risk of an abuse of that power, and where it deemed that the benefits of intervention through licensing were likely to outweigh the adverse effects (the "**Market Power Test**"). Airport operators who continue to meet the Market Power Test are only permitted to levy charges in respect of airport operation services where they have been granted a licence by the CAA.

Where the CAA determined that a licence is required, the CA Act 2012 gives the CAA greater flexibility to align the regulatory requirements that it imposes with the market and competitive position at the relevant airport, concentrating more on service quality and performance incentives.

Where a licence is not required, the activities of airports and airport operators remains subject to general competition law and the provisions of the Airport Charges Regulations 2011, which imposes requirements relating to, among other things, pricing transparency. Compliance with both competition law and the Airport Charges Regulations 2011 is monitored by the CAA.

In January 2014 the CAA published its market power determination for Gatwick, finding that Gatwick passes the Market Power Test in the CA Act 2012 and therefore is required to have a licence under the new framework. Also, in February 2014, the CAA published its proposed licence for Gatwick which came into force on 1 April 2014, incorporating Airline Commitments proposed by GAL within a licence. The CA Act 2012 introduced a new general duty for the CAA to carry out its functions in a manner which furthers the interests of users of air transport services regarding the range, availability, continuity, cost and quality of airport operation services, where appropriate by doing so in a manner which will promote competition in the provision of airport operation services. In carrying out its general duty, the CAA is required, among

other things, to have regard to "the need to secure that each holder of a licence is able to finance its provision of airport operation services in the area for which the licence is granted".

In relation to licence provisions designed to ensure financial resilience at licensed airports, the CA Act 2012 provides for derogations to be given for pre-existing financing arrangements. The CAA will be precluded from removing or amending these derogations without first determining: (i) that there has been a material change in circumstances since the derogation was granted; and (ii) the benefits of removing the derogation are likely to outweigh the costs to passengers.

The CA Act 2012 also provides for:

- an appeals process associated with the market power determination and wider licence granting and modification system; and
- concurrent competition powers for the CAA (with the CMA, formerly the Competition Commission and OFT prior to 1 April 2014).

The CAA has the powers under CA Act 2012 to impose penalties for breach of licence conditions or breach of an enforcement order issued in relation to a licence condition.

An experienced management team

GAL has in place a strong executive management team, which delivers experienced airport, operational, regulatory and financial expertise. A stable operations management team is in place, ensuring continuity as the strategic direction of Gatwick is driven forward.

The management team consists of world-class senior management, with experience gained at a wide range of airports and companies, including BAA, GE, Anglo American plc, Centrica plc, BA, National Express, Budapest Airport, Stansted Airport and London City Airport, backed up by GIP operating executives. For further information on the management team, including their professional biographies, please see "*Employees and pensions – Executive Management*".

In the time that the executive management team has been in place, a number of improvements to the operation of Gatwick have been implemented and projects initiated as summarised in the sections above.

RELATED PARTY TRANSACTIONS

GAL has entered into, and may from time to time in the future enter into, transactions with certain affiliates of GAL and its shareholders. All such contracts are and will be negotiated on an arms' length basis in line with Board policy.

INSURANCE

GAL's insurance department (supported by an insurance broker and claims handling agent) provides risk management, insurance and claims handling services to Gatwick, arranging both annual and multi-year insurance programmes. The programme is renewable annually on 31 March (save for the environmental insurance policy which expires in December 2019 and the Public Offering of Securities Insurance which expires in February 2023), and includes the following insurance cover for GAL (all subject to relevant limits and deductibles):

- Property damage and business interruption insurance (including terrorism);
- Aviation and public liability insurance;
- Construction all risks insurance (including terrorism);
- Environmental insurance;
- Employers' liability insurance;
- Employment practices insurance;

- Directors' and Officers' insurance;
- Pension Trustee Liability insurance;
- Crime insurance;
- Motor and Personal Accident and Travel insurance; and
- Public Offering of Securities Insurance.

Insurance cover is provided by a combination of insurance market entities.

EMPLOYEES AND PENSIONS

Employees

During the year ended 31 March 2019, GAL had average FTE employees of 3,037 compared to 3,078 during year ended 31 March 2018. Average operational FTE employee numbers decreased from 2,594 to 2,570 during the year, and non-operational FTE employees decreased from 484 to 467. The decrease in operational staff was mainly due to more efficient resourcing.

Pensions

Following the change in ownership, GAL's employees ceased to be eligible to remain as members of the BAA defined benefit pension scheme. On the date of sale, GAL established a new defined benefit plan (with benefits and contribution rates that replicated those of the BAA defined benefit pension scheme) for those employees who were previously members of the BAA defined benefit pension scheme. Employees were granted the option to transfer to the new scheme; 1,825 members transferred. A bulk transfer of the pension liabilities and the corresponding assets from the BAA defined benefit pension scheme to GAL's new plan was made on 1 June 2010. A commutation payment of £104.7 million was required to be made by GAL to the BAA defined benefit pension scheme to extinguish all GAL's liabilities and obligations under that scheme. This payment was also made on 1 June 2010.

- GAL operates two pension schemes: a defined contribution scheme of which 3,072 employees are active members (as at 31 March 2017) into which all new employees are enrolled (and have been since 30 June 2008, the date on which the defined benefit scheme was closed to new members by BAA); and
- a defined benefit plan which during 2016/17 was amended following consultation with the 1,196 then active members which resulted in 999 employees transitioning to the defined contribution scheme, 142 employees leaving the business under a special severance scheme and 55 employees remaining active. The amended defined benefit plan had 55 active, 1,456 deferred and 306 retired members as at 31 March 2017. These employees were members (or eligible to become members) of the BAA pension scheme at the time of acquisition.

Early 2019 saw the final opportunity for employees to transfer out of the Defined Benefit Plan pension scheme (and into the defined contribution plan) with preferential defined contribution rates. One further employee took this opportunity. Gatwick delivered the reform arising from consultation in 2016. 43 Defined Benefit Plan members now remain in the Revised Defined Benefit Plan (1,200 as at January 2017). Remaining members show an average age of 48 years and average length of service of 17 years. Going forward, the administration of the scheme has just been the subject of a review and tender process as part of the strong governance approach by the trustees. The transfer to a new administration, actuarial and investment provider is now underway and due to be completed by November 2019.

Continuing active members now accrue pension on a variable accrual rate with a maximum of 1/66th (currently 1/66th) for each year of pensionable service. Benefits are payable from age 63 (58 for Fire service members) without abatement, and members pay contributions of 11% / 10% (Pre / Post 91 member), or 12.5% / 11.5% (Fire Pre 91 / Fire Post 91 member) of Shift-Inclusive Salary. Pensionable salary increases are limited to 1.25% pa, other than for promotional increases.

Once in payment, pensions are linked to RPI up to a maximum of 5% for post 1991 members and RPI for pre 1991 members.

The current employer contribution rate is 16.5% of Shift-Inclusive Salary. The last formal valuation of the plan was as at 30 September 2016 which was completed during December 2017 where deficit contributions of £1.25m per month between July 2017 and April 2021 inclusive were agreed.

The last formal valuation of the plan used for reporting purposes was as at 30 September 2013 and the results of this were updated on 31 March 2019 by an independent actuary in accordance with IAS 19, based on the following key assumptions:

- Discount rate 2.6%
- Rate of RPI inflation 3.3%
- Rate of CPI inflation 2.2%
- Rate of increase in salary from 31 March 2019 1.5%
- Life expectancy (male aged 60) 26.3 years (2019) increasing to 27.8 years (2039)

As at 31 March 2019 the scheme was recorded in the financial statements of GAL at a deficit of £37.6 million.

In the year ended 31 March 2019, a total of 46.4 million (2017: 45.7 million) passengers travelled through Gatwick; an increase of 0.7 million passengers or 1.6%.

Gatwick continued to develop its route network and maintained its market share through both existing and new airlines. Gatwick achieved record traffic figures during the year ended 31 March 2019 of 46.4 million with a 27.0% share of the London market, a share which has remained consistent, despite strong competition from other London airports.

81.1% of Gatwick's passenger traffic was on European routes (including the UK and Channel Islands) during the year ended 31 March 2019. Traffic on these routes decreased by 0.6 million passengers (1.6%).

British Airways, TUI, Thomas Cook and Qatar utilised the summer slots available from the acquisition of Monarch slots by IAG in December 2017. However, due to the lateness in the summer 2018 process of the slots becoming available, these slots were unable to be utilised for the entire season and, for most of the portfolio, the aircraft used for the incremental flying were smaller capacity than Monarch's A321s the year before. This lower utilisation of the slot portfolio directly contributed to the decline in European passenger traffic.

Long-haul destinations saw significant growth of 1.1 million passengers (14.3%) in the year and now make up 19.0% of passenger traffic through Gatwick. As the number of destinations served and frequency to those destinations increases, so has competition in the London market both in terms of fares and choice which is to the benefit of passengers.

Traffic on flights to North America grew by 0.7 million passengers (17.9%). Norwegian accounted for the majority of this growth, as the airline continued to increase capacity on its USA services, introduced a new

route to Tampa and increased services to Florida (Fort Lauderdale and Orlando). Norwegian also commenced a service to Buenos Aires, which increased to daily in the winter season, which helped boost South America passenger numbers by 0.1 million.

The Far East continued to be an important source of long-haul growth, with the number of passengers growing 45% in the year compared to the prior year. The principal additions were new services to Chengdu by Air China and Shanghai by China Eastern.

The airlines contributing most to Gatwick's growth were primarily the established incumbent companies such as easyJet, Norwegian and British Airways.

easyJet increased aircraft size, moving from an average of 168 seats to 171 seats by the end of the year, mainly driven by the addition of four A321 aircraft with 235 seats to its Gatwick fleet. Its aircraft movements increased by 0.2% and its average load factor to 90.7%. These changes were the drivers of a 0.3 million year-on-year increase in easyJet's passenger numbers. easyJet commenced year-round routes to Warsaw, Jerez and Düsseldorf and three winter routes to Roveniemi, Aarhus and Aqaba. It also announced a summer seasonal route to Zadar in Croatia.

British Airways has continued to grow long-haul services at Gatwick, commencing new routes, in summer 2018, to Toronto and Las Vegas. However, the majority of its growth in this period was with short-haul services of 0.5 million passengers year on year, utilising the slots it purchased from Monarch. This enabled it to grow its total number of passengers at Gatwick to 7.5 million, a 0.8 million growth in passengers from the previous year.

Norwegian delivered long-haul growth during the period, adding a third daily service to New York, increasing its Buenos Aires flight to a daily service, and adding new services to Miami and Tampa. These additions brought Gatwick-based Boeing 787 fleet up to a total of 13 in March 2019. In total, Norwegian's long-haul passengers grew by 0.8 million in the year.

Other existing airlines also continued to increase capacity during the year, including China Eastern commencing a service to Shanghai, Wizz announcing new routes to Cluj in Romania, Gdansk in Poland and Budapest in Hungary, and Turkish Airlines launching new flights to Ankara and Antalya, with a seasonal flight to Bodrum.

FINANCIAL REVIEW

A. Revenue

	Year ended 31 March 2019	Year ended 31 March 2018
	<i>£m</i>	
Aeronautical income	427.8	396.6
Retail income	191.3	177.3
Car parking income	88.3	87.8
Property rental income	31.9	29.1
Operational facilities and utilities income	32.5	34.5
Other Income.....	39.0	38.9
Total revenue	810.8	764.2

For the 12 months ended 31 March 2019

In the year ended 31 March 2019, the Security Group's revenue increased as a result of the increased passenger traffic discussed above, impacting aeronautical, retail and car parking income.

Aeronautical income

Aeronautical income is driven by traffic volume, the level of airport charges and the terms of bilateral contracts with airlines. During the year ended 31 March 2019, aeronautical income increased by 7.9%, or £31.2 million, to £427.8 million. This was mainly due to an increase in the level of published airport charges and a 0.7 million, or 1.6%, increase in passengers, offset by an increase in the discounts earned by airlines through bilateral contracts.

The CAA granted a licence under section 15(5) of the Civil Aviation Act 2012 which came into effect on 1 April 2014. The current regulatory approach for Gatwick is based on the Airport's Commitments to airlines (including bilateral contracts negotiated with individual airlines), underpinned by a licence issued by the CAA and supplemented by a monitoring regime.

The Airport's Commitments limit the increase in airport charges per passenger, measured over the seven-year Commitments period (1 April 2014 – 31 March 2021), to an average of RPI+1.0% per annum under the published airport tariff (i.e. excluding the terms of bilateral contracts) and an average of RPI+0.0% per annum, including the terms of bilateral contracts. The increase in airport charges in any given year of the seven-year Commitments period may be higher or lower than the average price limits over the seven-year period.

Following a period of consultation with the airline community, the planned gross yield (i.e. the planned aeronautical revenue per passenger, excluding the terms of bilateral contracts) was increased by 5.6% (equivalent to RPI+1.1%, plus a permitted security cost adjustment of 0.6%) for the year commencing 1 April 2018. Any permitted security cost adjustments are outside of the underlying price commitment.

Including the impact of bilateral pricing agreements, the aeronautical income per passenger for the year ended 31 March 2019 was £9.22 (2018: £8.68), an increase of 6.2% over the year.

Retail income

Net retail income per passenger is calculated as follows:

	Year ended 31 March 2019	Year ended 31 March 2018
	<i>£m</i>	
Duty and tax free.....	59.1	53.5
Specialist shops.....	44.1	42.9
Catering.....	41.8	37.5
Bureau de change.....	26.6	26.8
Other retail.....	19.7	16.6
	191.3	177.3
Less: retail expenditure.....	(3.4)	(2.5)
Net retail income.....	187.9	174.8
Passengers (m).....	46.4	45.7
Net retail income per passenger.....	£4.05	£3.82

For the 12 months ended 31 March 2019

Net retail income per passenger increased by £0.23, or 6.0%, in the year ended 31 March 2019 to £4.05 (2018: £3.82).

Duty- and tax-free performance saw income levels increase in the year by 10.5%. The opening of the North Terminal walkthrough in September 2017 has driven the performance of World Duty Free (WDF) in the first half of the year. The opening of a new WDF collections store in the North Terminal and an extension to the WDF contract on improved terms, have sustained growth into the second half.

In summer 2018, four new retail units opened in the space which World Duty Free vacated after the walkthrough store opened. The four new units were World Duty Free Collections, WHSmith, JD Sports and Dixons. This has led to further unit changeovers in the North Terminal. New brands included Rolling Luggage, Harry Potter, Ann Summers and Oliver Bonas. In addition, some of our existing brands have refurbished their outlets or moved location. These stores have improved the choice available for customers and reflect the ongoing optimisation of the retail proposition at the Airport.

The strength of the catering category continued with income up 11.5%, and delivered a 9.8% increase in income per passenger. To meet demand, Pret a Manger in the North Terminal was extended and there is an ongoing development to extend Pret a Manger in the South Terminal. Itsu opened in the South Terminal in the early autumn. In March, a new restaurant concept, 'Sonoma', operated by The Restaurant Group, opened in the North Terminal to replace Garfunkels and Armadillo. The second phase of this project has just started

and, later in the year, two new catering outlets will open in the space previously occupied by Eat and Shake a Hula.

Car parking income

Net car parking income per passenger is calculated as follows:

	Year ended 31 March 2019	Year ended 31 March 2018
	<i>£m</i>	
Car parking income	88.3	87.8
Less: car parking expenditure	(19.1)	(19.5)
Net car parking income	69.2	68.3
Passengers (m)	46.4	45.7
Net car parking income per passenger	£1.49	£1.49

For the 12 months ended 31 March 2019

Net car parking income per passenger for the year to 31 March 2019 remained at a similar level to last year despite some challenging market conditions.

The most significant of these was the decline in UK resident non-transfer departing passengers, the primary market relevant to the car parks business. Gatwick market research data showed an average decline in these passengers of 3.9% across the year compared to last year. However, this masks a 5.1% decline in the first six months of the year as a result of macro-economic factors and continuing to experience the loss of Monarch passengers. There was an improvement in the second half of the year (to a decline of 2.1%) reflecting the annualisation of the Monarch loss.

In terms of supply, Gatwick continues to invest in new car park capacity. A major project to build decking in the South Terminal Long Stay car park completed in August 2018 and delivered 1,100 incremental spaces for passengers. During the year, our competitors also developed additional capacity of a similar scale.

The Gatwick sales strategy continues to focus on sales direct to our dedicated website, resulting in lower sales costs year on year. In particular for this year, targeted customer segmentation pricing initiatives drove considerable yield growth and despite lower transactions over the winter period, this resulted in significant revenue growth.

For the 12 months ended 31 March 2019

Other income categories (i.e. excluding aeronautical, retail and car parking) increased by £0.9 million (0.9%) to £103.4 million in 2019 (2018: £102.5 million) primarily as a result of increased passenger numbers

B. Operating costs – ordinary

	Year ended 31 March 2019	Year ended 31 March 2018
	<i>£m</i>	
Staff costs	203.6	201.9
Retail expenditure	3.4	2.5
Car parking expenditure	19.1	19.5
Maintenance expenditure	45.2	40.6
Utility costs	23.1	21.1
Rent and rates	32.8	30.3
General expenses	42.2	37.1
Depreciation	170.0	167.6
Total operating costs – ordinary	539.4	520.6

For the 12 months ended 31 March 2019

Operating costs have increased by £18.8 million or 3.6% to £539.4 million during the year ended 31 March 2019 (2018: £520.6 million).

Staff costs increased by £1.7 million, or 0.8% for the year ended 31 March 2019, primarily due to a cost of living increase in average salaries, which is partly offset by a 1.3% decrease in the number of full-time equivalent ("FTE") employees in the current year.

Staff costs associated with the capital expenditure programme decreased by £1.0 million (2.4%) as a result of a different capital works programme. Overall, total staff costs capitalised were £40.9 million in the year ended 31 March 2019 (2018: £41.9 million).

Average FTE employee numbers decreased from 3,078 in the prior year to 3,037 in the current year; across our operational areas, FTE employee numbers decreased from 2,594 to 2,570 during the year (mainly due to more efficient resourcing), and non-operational FTE employees decreased from 484 to 467.

Retail expenditure comprises cost of sales relating to Gatwick Connects, e-commerce and advertising revenue streams; the increase in expenditure reflects revenue growth across these areas. In contrast, Car Parking expenditure has reduced by £0.4 million year on year. This stems from a deliberate move away from using third party consolidators which in turn has significantly lowered commission costs.

Maintenance and IT expenditure rose by £4.6 million (11.3%), due to increases in IT licence and maintenance costs, compliance activities associated with the introduction of GDPR and growth in project costs.

In terms of utilities costs, the combination of higher commodity prices and, to a lesser extent, greater consumption volume, led to a £2.0 million (9.5%) rise in costs.

Rent and rates increased by £2.5 million (8.3%) for the year ended 31 March 2019 primarily due to an inflationary increase in the rates multiplier applied to all valuations. In addition, the number of rateable assets was higher in the current financial year (following their return from construction and the addition of new areas and spaces), leading to increased costs year on year.

Growth in other operating expenses was largely due to writing off legacy design costs in relation to specific capital projects as well as an increase in Special Assistance Service costs reflecting the change in contracted supplier and scope.

Depreciation and amortisation increased £2.4 million (1.4%) due to continued capital investment in the Airport.

OPERATING PROFIT

Operating profit increased by £27.8 million to £271.4 million in 2019 (2018: £243.6 million).

Capital expenditure	249.3	239.7

£m

For the 12 months ended 31 March 2019

Key capital investment projects and programmes completed and in construction during the year ended 31 March 2019 can be summarised as follows:

- **Pier 6 Programme:** Design and construction works continued during the year on a significant programme of works to extend Pier 6 in order to improve pier service levels. Enabling works underway during the year included taxiway alignment and stand reconfiguration. The scheme, once complete, will include an additional eight A321-compatible gates in order to meet the continued growth and upgauging of the fleet.
- **Terminals Programme:** Investment continued during the year on the Airport's terminals with a view to improving resilience, efficiency and passenger service. Works included expansion of check-in facilities, expanding further the self-service bag drop offerings in both terminals, and replacing the ceiling in South Terminal check-in areas. Trials with passengers have also commenced on a new automated boarding gate process, designed to utilise biometrics to make

the boarding process more efficient in the future. Work continued in the South Terminal on a new facility for the Common Travel Area ("CTA") and domestic passengers. This will create a segregated walking route from Pier 1 for these arriving passengers as well as a new baggage reclaim facility.

- **Baggage Programme:** An extensive programme of works continued during the period to upgrade the Airport's Hold Baggage Screening ("**HBS**") system in accordance with DfT regulations. The programme encompasses a number of areas within the Airport, across both terminals, and includes upgrading the screening machines to the latest security standards along with associated reconfiguration of the baggage system.
- **Commercial Programme:** A number of projects were completed during the year which have improved the retail and catering offerings at the Airport. In the North Terminal, Ann Summers, Rolling Luggage, Harry Potter, Dixons, JD Sports and WHSmith all had new stores opened during the period. Work commenced on a large extension to the mezzanine level in the international departure lounge, which will accommodate new food and beverage offerings in addition to providing seating space for passengers. In the South Terminal, Itsu began trading and a new WHSmith opened, accompanied by a range of pop-up units.
- **Asset Stewardship:** Investment to maintain the existing asset base of the Airport has been ongoing during the period. These works can be categorised into: Airfield, Facilities, Commercial, IT, Compliance and EHS and are considered critical to enhance the passenger experience whilst passing through the Airport. GAL's 2018 CIP is forecasted to spend over £350.0 million in this area over the next five years to 2023.
- **Airfield Programme:** There continues to be significant investment in airfield asset stewardship and resilience in terms of taxiway rehabilitation and reconfiguration of various stands to enable the Airport to meet the changing demands of the airlines. Substation and road works associated with the new aircraft hangar were completed during the year, while construction of the hangar itself is ongoing. This project, in partnership with Boeing, will make available to airlines the necessary premium-line maintenance facilities to aid their expansion. The hangar will be large enough to accommodate two B777X aircraft and will offer significant employment, training and apprenticeship opportunities, including the creation of approximately 100 jobs.
- **Resilience:** A programme of works to improve Gatwick's resilience has been ongoing, including projects to reduce risk associated with power, flooding, weather disruption events, terminal equipment failures, IT upgrades and security. This programme aims to ensure operational resilience remains a key component of our operational and capital investment plans going forward. GAL's 2018 CIP is forecasted to spend £44.0 million in this area over the next five years to 2023.

Looking ahead, significant further investment is planned to expand current facilities where required, to achieve greater operational efficiency and improve the passenger experience for all segments of the passenger journey. Further details of this can be found in the Capital Investment Plan published annually by Gatwick.

AIRPORT REGULATION

OVERVIEW

The principal elements of the current regulatory framework for airports in the UK derive from the Civil Aviation Act 2012 (the "**CA Act 2012**"). This has replaced the economic regulation elements of the Airports Act. Under the CA Act 2012, economic licencing applies to 'dominant areas' within 'dominant airports', which explicitly correlates to the competition law concept of dominance.

The CA Act 2012 replaced the previous system of designation under the Airports Act. One of the central features of the revised regulatory framework is to ensure that regulation assists in enhancing the passenger experience.

This section describes:

- the functions of the CAA, including a short summary of the previous economic regulatory framework under the Airports Act;
- the development of the economic regulatory framework under the CA Act 2012, which replaced the economic regulation provisions in the Airports Act and modernised the economic regulation of airports by: (i) providing for new duties of the CAA, including a general duty for the CAA to further the interests of users of air transport services in a manner that will promote competition in the provision of airport operation services and, in doing so, to have regard to the need to secure that a licence holder can finance its provision of such services; (ii) providing a statutory footing for existing financing arrangements at licensed airports; and (iii) introducing a licensing regime with provision for a more flexible approach in the regulation of airports, more appropriate to competitive and market positions of each airport;
- the main provisions of the CAA's licence for Gatwick;
- the performance of Gatwick under the new regulatory framework, and the scope of the midterm review of GAL Airline Commitments framework by the CAA;
- other relevant regulatory factors; and
- changes to the basis on which GAL calculates its financial ratios under the Finance Documents as a result of adopting Transfer RAB due to the revised regulatory regime introduced by the CA Act 2012 and GAL's licence.

DESCRIPTION OF THE FUNCTIONS OF THE CAA

The CAA is the independent aviation regulator in the UK, with responsibility for economic regulation, competition law relating to airport operations services, airspace policy, safety regulation and consumer protection. The CAA is also the designated Independent Supervisory Authority for a number of pieces of EU legislation. The functions of the CAA include:

- the regulation of airlines, and the economic regulation of airports and National Air Traffic Services;
- imposition of an economic licence for airports where the CAA judges the airport to have passed the Market Power Test;
- issuing aerodrome licences to airports and ensuring that the holders of an aerodrome licence are competent and suitable persons to hold such a licence;
- investigating possible breaches of airspace rules and regulations under the Air Navigation Order and the Rules of the Air Regulations 2007;
- monitoring safety performance of the aviation system through the Safety Regulation Group;
- enforcement of the Ground Handling Directive, 96/67/EC – implemented into UK law in the Airports (Groundhandling) Regulations 1997;

- enforcement of the Flight Compensation Regulation (EC261/2004), concerning the rights of disabled persons and persons with reduced mobility when traveling by air (EC 1107/2006); and
- managing the UK's principal travel protection scheme (the "**ATOL scheme**"), licensing UK airlines and managing consumer issues.

The CAA is also required to apply the provisions of the Airport Charges Regulations 2011 ("**2011 Regulations**"), which implement the Airport Charges Directive in the UK and came into force on 10 November 2011. The purpose of the Directive is to require transparency, user-consultation and the application of the principle of non-discrimination by airports when calculating charges levied on users. It also requires there to be an independent national authority to arbitrate and settle disputes. The CAA is the relevant independent authority in the UK.

The 2011 Regulations apply only to airports located in the UK that have more than 5 million passenger movements per year. Gatwick is therefore one of the airports to which the 2011 Regulations apply. However, the existing form of economic regulation to which Gatwick is subject already contains many of the features of the 2011 Regulations, including:

- a non-discriminatory charging system;
- a consultation process between airport operators and airport users with respect to the level of airport charges (or constructive engagement – see also below); and
- service quality standards.

The 2011 Regulations specify a minimum level of information which airport users and airport operators are required to provide to each other. Airport users must provide annual traffic and fleet composition forecasts, development projects and requirements from the airport. In turn, operators must consult annually with airport users on future charges, service quality levels and the information on which the charges level has been based. The 2011 Regulations provide for penalties for non-compliance with these provisions.

THE CURRENT REGULATORY FRAMEWORK

Economic Regulation under the CA Act 2012

The CA Act 2012 was granted Royal Assent in December 2012. The main provisions came into effect on 6 April 2013. The CAA published the first licences under the new regime in February 2014, and these licences came into force on 1 April 2014, i.e. at the expiry of the Q5 price control period.

The main elements of the CA Act 2012 are:

- ***Duties of the regulator:*** The CA Act 2012 introduced a revised "general duty" for the CAA, under which the CAA must carry out its functions in a manner which it considers will further the interests of existing and future consumers of passenger and freight services at UK airports, regarding the range, availability, continuity, cost and quality of airport operation services. Where appropriate, the CAA must do so by promoting effective competition. The CAA is required to have regard to a number of factors, including:
 - the need to secure that each holder of a licence is able to finance its provision of airport operation services in the area for which the licence is granted;
 - user demand;
 - promotion of economy and efficiency;
 - measures to reduce, control or mitigate the adverse environmental impacts of the airport; and
 - regulating in a targeted, transparent, consistent and proportionate manner.

- **Financial resilience:** While recognising the need to ensure financial resilience at licensed airports, the CA Act 2012 gives statutory recognition to pre-existing financing arrangements in the airport sector. The CAA is required to have regard to the need to secure that licence holders are able to finance their provision of airport operation services. Licence conditions will be subject to appropriate derogations (i.e. suspensions of the relevant licence provisions relating to financial resilience) where these cut across financing in existence at the time the CA Act 2012 was enacted.
- In granting a licence (as discussed below), the CAA may not provide for derogations relating to financial arrangements that have been entered into before the CA Act 2012 was enacted to be terminated by reference to any time or event; nor may the CAA provide for it to determine to which financial arrangements the derogations apply. Similarly, the CAA is precluded from modifying a licence condition where the condition contains a derogation for financing arrangements entered into before the CA Act 2012 was enacted, without first determining: (i) that there has been a material change in circumstances since the derogation was granted; and (ii) the benefits of removing the derogation are likely to outweigh the adverse effects to passengers.
- **Licensing:** The CA Act 2012 introduces an economic licensing regime with licences applying to "dominant areas" within "dominant airports", which replaces the previous system of designation under the Airports Act. This is to allow for the possibility that the airport operator may have substantial market power in relation to only some of the activities that it carries on at the airport and also to allow for the future licensing of separate operators of parts of the airport such as terminals or satellites at a single airport site which is itself dominant. In both cases dominance is assessed by reference to the Market Power Test under Section 6 of the CA Act 2012 and the CAA Market Power Test Guidance, published 17 August 2016. In determining dominance and pursuant to section 6 of the CA Act 2012, the CAA is required to demonstrate that:
 - the operator of the relevant airport or airport area has, or is likely to acquire, substantial market power, either alone or otherwise;
 - that competition law does not provide sufficient protection against the risk that the relevant operator may engage in conduct which constitutes an abuse of that market power; and
 - the benefits, for passengers and users of cargo services, of regulating the relevant operator by means of a licence are likely to outweigh the adverse effects.

Licences will be imposed only where the CAA demonstrates the existence of each of the above. Airports falling outside these criteria will be subject to the general competition law, which will be enforced by the relevant competition authorities including the CAA, and the provisions of the Airport Charges Regulations 2011 enforced by the CAA. Even where a licence is required, the CA Act 2012 does not stipulate that price controls follow automatically, although the CAA must impose price control conditions where it considers that it is necessary or expedient to do so having regard to its statutory duties. The CA Act 2012 allows the CAA flexibility in the licence conditions that it imposes, so as to reflect the market and competitive position of each airport. For example, the CAA could impose a range of possible price controls such as setting maximum prices or a system of price monitoring.

All airport operators are subject to aerodrome licensing under the Air Navigation Order 2009, which requires an airport operator to demonstrate that it is competent to conduct aerodrome operations safely. That licensing requirement is not affected by CA Act 2012.

- **Appeals:** The CA Act 2012 provides for a system of appeals relating to licence decisions of the CAA. Appeals in relation to operator and market power determinations would be to the CAT. Such appeals would be capable of being brought by the relevant operator, and any other person whose interests are materially affected by the determination, on the grounds that the decision in question was based on an error of fact, wrong in law or based on a wrong exercise of discretion. Appeals in relation to the imposition and modification of licence conditions would be to the CMA. Such appeals would be capable of being brought by the relevant operator, or airlines whose interests are materially affected by the decision. The grounds for

bringing an appeal are identical to those in relation to market power and operator determinations. The CA Act 2012 requires appellants to obtain leave of the CMA to bring an appeal and allows it to refuse vexatious appeals. Similarly, under its rules, the CAT has the power to reject an application made on vexatious grounds, or to reject an appeal made by an appellant which has habitually and persistently brought vexatious proceedings.

- **Competition powers:** The CA Act 2012 grants the CAA competition powers, to be held concurrently with the CMA, in respect of services provided by airport operators and "third party" airport service providers. This allows the CAA to enforce competition law, conduct market studies, and make market investigation references to the CMA in the airports sector. The CAA has the power to impose fines of up to 10% of turnover for infringements of the Competition Act 1998, under its concurrent mandate.
- **Enforcement:** In addition to concurrent competition enforcement powers, the CA Act 2012 gives the CAA powers to enforce licence conditions, including the power to impose fines of up to 10% of the operator's turnover if the conditions are breached. Orders and penalties are subject to a right of appeal to the CAT.
- **Aviation security:** The CA Act 2012 transfers aviation security regulation functions to the CAA, in order to rationalise the number of regulators in the sector. The Secretary of State will, however, retain responsibility for overall aviation security policy.

The CAA's licence granted to GAL

The CA Act 2012 requires the CAA to justify – by way of competition analysis – the need for continued regulation. The CAA published its initial views in February 2012 that Gatwick meets the Market Power Test in the CA Act 2012. This was followed by the CAA publishing its "minded to" market analysis for consultation in May 2013, which continued to find that Gatwick meets the market power test. The CAA published its market power determination in January 2014, finding that Gatwick passed the Market Power Test in the CA Act 2012. This decision could have been appealed by Gatwick, or others whose interests are materially affected, to the CAT. The deadline for such an appeal passed on 10 March 2014 and no appeals were lodged with the CAT.

On 3 October 2013 the CAA issued for consultation its Final Proposals for regulation at Gatwick beyond 31 March 2014, together with a draft licence incorporating GAL's Airline Commitments. The Airline Commitments were initially proposed as part of Gatwick's Business Plan submission to the CAA. It proposed that Gatwick would enter into a set of legally enforceable Airline Commitments to all airlines operating at Gatwick covering price, service, transparency, financial resilience, operational resilience and dispute resolution. The Airline Commitments would be in place for a period of seven years from 1 April 2014. GAL envisaged that there would be a series of bilateral contracts incorporating, for example, price, service and duration agreed on a commercial basis between GAL and certain individual airlines.

In December 2013, GAL amended its Airline Commitments proposal reflecting increased passenger forecasts, to incorporate a maximum average revenue yield over the next seven years, based on published prices at RPI+1.0% per year, and average prices (taking into account bilateral contracts) at RPI+0.0% per year (i.e. the 'blended price'). In parallel, GAL continued discussions with airlines to agree bilateral contracts. In early January 2014, GAL had agreed Heads of Terms with a number of airlines.

In January 2014, following the CAA's Market Power determination, the CAA published its Notice under section 15(1) and (3) of the Civil Aviation Act 2012 that proposed to grant a licence for GAL from 1 April 2014, incorporating Airline Commitments proposed by GAL.

On 13 February 2014, the CAA published its Notice granting a licence to GAL. The notice confirmed that the new regulatory approach for Gatwick would be based on its Airline Commitments to airlines (including bilateral contracts negotiated with individual airlines) and underpinned by a CAA licence and supplemented by a monitoring regime (which sits outside the licence).

It is therefore a requirement of the licence that GAL complies with its obligations in the Airline Commitments. This includes that GAL complies with its commitment to incorporate a maximum average revenue yield over the next seven years, based on published prices at RPI+1.0% per year, and average prices (taking into account bilateral contracts) at RPI+0.0% per year (i.e. the 'blended price'). GAL must

comply with its Airline Commitment to undertake capital investment expenditure of at least £100 million per annum on average over the next seven years. Obligations on third parties, contained in the Airline Commitments do not form part of the licence.

In reaching its conclusion, the CAA considered that the combination of Gatwick's Airline Commitments and bilateral contacts would:

- Better further the interests of passengers as it could be tailored more to the business needs of individual airlines and their passengers, providing greater flexibility while still providing protection to all passengers. There could also be advantages from a reduction in complexity and a refocus of relationships towards airlines and away from the CAA.
- The Airline Commitments provide more certainty to airlines and GAL as they last for seven rather than five years, providing GAL with greater incentives to outperform assumptions on commercial revenues, efficiency and to grow traffic.

Part of the CAA's licence conditions includes making the entering into of the Airline Commitments a licence condition and prevents GAL from unilaterally varying the Airline Commitments, despite the already legally binding status of Airline Commitments. GAL will notify the CAA and the airlines operating at Gatwick at least two years prior to the end of the initial term of the Airline Commitments of its intention with regards to the modification, extension, termination, or otherwise of the Airline Commitments.

The CAA's licence includes a financial resilience condition. This requires GAL to produce a certificate of adequacy of resources covering the following twenty four months and submit this to the CAA on an annual basis. This condition also restricts the business of GAL to the businesses undertaken on 1 April 2014, including the owning, operation and development of the airport and associated facilities. Any other business the average annual expenditure which exceeds 2% of the value of the shadow RAB (described below) will require the written consent of the CAA. The financial resilience condition requires undertakings from the ultimate holding company of GAL to not take action that would likely cause a breach of the licence and provide information requested by the CAA to enable GAL to comply with the licence. There is an obligation for GAL in its licence to pre- notify the CAA before amending or varying any of its financial documents in respect of credit rating requirements. While not contained in its licence, GAL has committed to notifying the CAA of any changes in the banking ringfence relating to the credit rating.

Requirements as to operational resilience are included within GAL's Airline Commitments and as such form part of the licence conditions. The CAA can propose to introduce modifications to the licence conditions to the extent it considers such modifications are in the passenger interest. Such a licence modification could be appealed by the airport or airlines, to the CMA.

As noted above, the CAA also set out a process for monitoring GAL's performance under the Airline Commitments (underpinned by a licence). The CAA's monitoring (not incorporated in the licence) will include:

- Monitoring the blended price actually charged under the Airline Commitments and bilateral contracts to identify whether it is consistent with the CAA's view of a "fair price" based on a RAB counterfactual construct.

The CAA included GAL's blended price under Airline Commitments of RPI+0.0% in the licence conditions.

The CAA calculated a fair price benchmark of RPI-1.6% per year (over five years) versus GAL's blended price (the most appropriate comparison) of RPI+0.0% per year.

Under the terms of the Airline Commitment, actual pricing may be above or below RPI+1% (gross) or RPI+0% (blended) in a given year based on the price path chosen by GAL (e.g. if it decided to front or back-load the price trajectory). For this reason, actual prices may also be above or below the RPI-1.6% benchmark. Pricing may also vary for other reasons e.g. actual traffic being different from CAA forecasts. Annual monitoring by the CAA will take into account material reasons for price variance.

- Monitoring service quality performance and undertake an investigation if GAL fails an individual metric for more than six months.

- Requiring GAL to undertake (but not publish) a shadow RAB calculation for the CAA (although there is no presumption that the shadow RAB number would be used as the basis for a future price cap). The basis for rolling forward the shadow RAB is set out in Appendix J of the CAA's notice granting the licence to GAL.
- A review of the Airline Commitments framework in the second half of 2016 to identify whether as a whole they are operating in passengers' interests, including a request for stakeholders' views (see below "*The CAA mid term review of GAL's Airline Commitments framework*").

In its fair price calculation, the CAA has assumed that GAL will undertake capital investment expenditure of at least £160 million per annum on average. However, the fair price calculation is used for monitoring purposes only and the licence requires that on average at least £100m per annum capital investment be made in Gatwick's asset base.

If, as part of the CAA's monitoring of the Airline Commitments, the CAA considers that the introduction of further licence conditions, or modifications to existing licence conditions is in passenger interest, then the CAA can propose such modifications at that time. This could be for example, to introduce a requirement for GAL to set its charges consistent with the CAA's view of its 'fair price' or its view of minimum capital investment expenditure. As outlined previously, such licence modifications could be appealed by the airport or airlines, to the CMA.

The licence came into force on 1 April 2014, and no interested party sought to appeal the licence to the Competition Commission (replaced by the CMA on 1 April 2014).

Performance of GAL under new regulatory framework

The new regime is performing well for passengers and airlines, and in many aspects is ahead of performance anticipated by the CAA.

GAL has entered into a number of contractual agreements with airlines, which together account for more than 90% of passengers for the year ending 31 March 2019. By way of the contracts and Airline Commitments framework, GAL has delivered a blended price over the first four years that has declined by 3.8% per year in real terms. This compares with the CAA's 'fair price' benchmark of -1.6%, and Gatwick's blended yield Commitment of -0.0%.

Gatwick has delivered consistently good service performance in nearly all areas. It achieved 95% of its monthly Core Service Standards for the financial year ending 2016, improving to 98% for the financial year ending 2017. Eight of the CSS failures during the year 31 March 2017 were related to the length of queues in the departures security area, where the principal CSS target is for passenger queue times to be less than five minutes 95% of the time; queues should also be less than 15 minutes for 97% of the time, and always under 30 minutes.

In the year ended 31 March 2017, Gatwick did not achieve its monthly CSS security queuing target during the peak passenger traffic months of June, July and August. Prior to this busy period Gatwick had opened a new passenger security area, along with new screening technology and work practices which took longer to establish than expected. This, coupled with changes in the way hand luggage is screened, resulted in slightly longer passenger queues at certain busy points in the day. Two of the CSS failures were related to the aerodrome congestion measure. In both June and September there were isolated cases of damage to the runway surface which necessitated immediate repair, which resulted in an increased level of aircraft congestion and disruption. The remaining two CSS failures related to an IT issue with the outbound baggage system and a technical fault with a passenger lift, both of which were quickly remedied. GAL continues to consult with airlines on, and then implement plans to restore performance to the service standards specified in the Airline Commitments to users.

Gatwick passed all its CSS measures in both the year that ended 31 March 2018 and the year that ended 31 March 2019.

GAL's Airline Commitments prescribe various financial and operational resilience stipulations. In consultation with airlines and other stakeholders, Gatwick has put in place an operational resilience plan. These principles, policies, and processes are reviewed and consulted on annually and adapted accordingly. In terms of financial resilience, the Directors of GAL have provided annual confirmations of adequate

financial resources to operate the airport and provide the Core Services. GAL's financial information commitments are also fulfilled by way of disclosures within GAL's end of year statutory accounts.

Over the first three years of the Airline Commitments period, Gatwick has also continued to invest in developing its assets to meet the needs of a growing number of passengers and changing requirements of its customers. Gatwick invested £673.5 million during the three financial years ended 31 March 2017. This compares to Gatwick's commitment of investing £700 million over the seven year Airline Commitment term (equivalent to an average of £100 million per annum). It also compares to the CAA's projected capex of around £160 million per year that was used in its fair price calculation of RPI-1.6%. The Airline Commitments framework also sets out a new capital investment consultation process. Gatwick discussed and agreed with its airline customers a revised multi-lateral consultation structure to meet these requirements. Over the first three years of the Airline Commitments period, Gatwick has consulted on three rolling 5 year Capital Investment Programmes (CIP), as well as having carried out three performance reviews of the delivery of the CIP, which focus on the preceding and following 12 month periods. Gatwick also holds bi-monthly stakeholder meetings that look at the progress of Major Development Projects (defined as individual projects greater than £10 million), as well as holding separate working groups looking at the options, scope, cost and business case for Major Development Projects. This new approach to consultation, as well as effective bilateral dialogue with leading airlines under the terms of their contracts, has enabled Gatwick to adapt to the changing environment and gain prompt consensus amongst its core stakeholders. Gatwick has also benefited from direct consultation with its Passenger Advisory Group, resulting in refinements to its investment plans.

Based on the above, Gatwick has fulfilled its monitoring obligations as summarised in the previous section, and as set out by the CAA in its Notice granting the licence published in February 2014.

The CAA mid term review of GAL's Airline Commitments framework

GAL's Airline Commitments framework is a new and innovative approach to economic regulation. As part of the monitoring requirements set out in its Notice granting the licence, the CAA undertook a short and focused review of this framework in the second half of 2016 to identify whether as a whole they are operating in passengers' interests.

The CAA published its conclusions from the review in December 2016. The findings did not propose any changes to either the regulatory framework or the specifics of the economic licence. In its conclusions the CAA observed that "Many aspects of the new framework appear to be working well", specifically:

- GAL has entered into contracts with airlines covering >85% of passenger traffic;
- traffic growth was ahead of expectations and passenger satisfaction was rising;
- GAL's pricing was below the CAA's 'fair price' path and meeting its service quality targets; and
- no airlines were calling for a return to the previous regulatory regime.

The CAA did however identify three areas of concern where it expected improvements by GAL:

- *Airfield infrastructure:* "We look to GAL to make good progress with its current proposals. If capacity constraints are not being addressed, then we may need to consider further measures."
- *Airline relationships:* Good relationships at commercial, strategic and financial level but: "It is important that GAL takes steps to improve its relationships with airlines, especially at operating level" and the CAA could consider further measures.
- *On-time performance:* The CAA recognises that GAL has introduced operational initiatives to address some of the likely causes of poor On Time Performance (OTP), but the CAA is concerned about differences between GAL and the airlines' analysis into causes of delay. The CAA led an independent study in spring 2017 to help inform all parties.

GAL has responded positively to the review and welcomes the CAA's recognition of benefits for passengers. In relation to the specific concerns raised by the CAA, GAL have taken steps to address these concerns. In particular:

- Airfield infrastructure investment was accelerated in the 2017 Capital Investment Programme.
- GAL has worked with the airline community to reform the operational consultation framework and introduced a new "Joint Operations Group" as a focus for working more collaboratively with airlines on operational issues.
- Together with airlines, GAL has worked to make gains in on-time performance and have observed real gains in performance in the summer of 2017 compared to the same period last year. This is despite some of the underlying factors, such as delays driven by European airspace constraints continuing to increase.

The future of GAL's Airline Commitments framework

Under its commitment GAL undertook to notify the CAA and all Operators at the airport at least 2 years prior to the end of the Term of its intention with regards to the continuation of commitments, if any, on pricing, service standards, continuity of service, operational and financial resilience, investment consultation and financial information.

During the autumn of 2018 and spring of 2019 Gatwick, together with its airline community and with input from the passenger advisory group commissioned passenger research and reviewed the service standards at Gatwick Airport. In addition to this, in December 2018 Gatwick presented to the airlines its commercial proposal to amend the commitments and extend them to 31 March 2025. It is expected that this process will continue through the first half of 2019.

OTHER REGULATORY FACTORS

Enforcement under the Civil Aviation Act 2012

The CA Act 2012 provides for CAA enforcement of licence conditions, meaning that the CAA has the power to serve contravention notices, enforcement orders and urgent enforcement orders on GAL. Where the CAA serves an enforcement or urgent enforcement order on an operator, that operator will be under a duty to comply with the terms of that order. The CAA may take action, including seeking injunctive relief, in order to ensure that an operator does not breach its duty to comply with an enforcement order.

In addition, failure to comply with licence conditions, information notices, enforcement orders or competition law could result in penalties for offending operators of up to 10% of turnover at the relevant airport. Penalties may be imposed on a daily basis or as a fixed amount. Gatwick would have a right of appeal to the CAT against any enforcement orders or penalties that the CAA might seek to impose under these provisions.

The CA Act 2012 also provides the CAA with certain competition powers, held concurrently with the CMA, previously the OFT and Competition Commission. This allows the CAA to enforce competition law, conduct market studies, and make market investigation references to the CMA.

IMPACT OF THE REVISED REGULATORY REGIME ON GAL'S FINANCIAL REPORTING UNDER THE FINANCE DOCUMENTS

On 1 April 2014, when the economic regulatory framework under the CA Act 2012 and GAL's new licence came into force, the requirement for GAL to prepare and publish separate regulatory accounts, which applied under the regulatory regime of the Airports Act 1986, fell away. As a result, the concept of "Regulatory RAB" for the purpose of the Finance Documents, which is derived from the RAB figure set out in those regulatory accounts, ceased to exist and is no longer used by GAL as the basis for its financial covenant reporting under the Common Terms Agreement.

In accordance with the terms of the Finance Document, GAL now determines RAB for the purpose of calculating its financial ratios on the basis of "Transfer RAB" being, as at any date, the aggregate of the product of (a) the sum of the Relevant EBITDA for the previous three financial years of the Borrower

preceding such date as determined by reference to the audited financial statements of the Borrower for such financial years divided by three and (b) the Relevant Multiple.

"Relevant EBITDA" means consolidated earnings before interest, tax, depreciation and amortisation and pre-exceptional costs (revenues minus expenses) in respect of the business carried out within the Security Group insofar as such business was brought into account or not expressly disallowed by the CAA for any price determination previously published by the Regulator for the Borrower for the purpose of imposing price caps pursuant to section 40(4) of the Airports Act prior to its repeal.

The Relevant EBITDA figure for each financial year of the Borrower will be set out in the directors' report accompanying GAL's year end audited financial statements, which will be published on the Designated Website.

"Relevant Multiple" means the multiple determined by dividing the Relevant Transfer Value by the sum of the Relevant EBITDA for the three financial years of the Borrower prior to the Relevant Transfer Date as determined by reference to the audited financial statements of the Borrower for such financial years divided by three, which has been determined by GAL to equal 11.1.

The Relevant Transfer Value used for the purpose of determining the Relevant Multiple is the "Closing RAB" set out in GAL's Regulatory Accounts for the year ended 31 March 2014 (the **"Relevant Transfer Date having occurred on 1 April 2014"**).

For further details of the financial covenants to which GAL is subject pursuant to terms of the Finance Documents see "Summary of the Financing Agreements" below.

SUMMARY OF THE FINANCING AGREEMENTS

The following is a summary of certain terms of the principal Transaction Documents, including the CTA, the STID, the Bond Trust Deed and the Security Documents and is qualified in its entirety by reference to the detailed provisions of the Transaction Documents. Potential investors should refer to "Cashflows", for a detailed description of the various priority of payment waterfalls.

The Issuer's assets, including without limitation its rights under the Transaction Documents, have characteristics that demonstrate capacity to produce funds to service any payments due and payable on the Bonds.

GENERAL OVERVIEW

The Finance Parties (which includes the Issuer) all benefit from common terms under their relevant debt instrument and a common security package granted by GAL, Ivy Bidco Limited and the Security Parent (as Obligors under the CTA). It is a requirement of the CTA that any future provider of an Authorised Credit Facility must accede to and be bound by the terms of the CTA (see " – *Common Terms Agreement*" below) and the intercreditor arrangements contained in the STID (see " – *Security Trust and Intercreditor Deed*" below). The Issuer, as provider of each loan to GAL corresponding to the proceeds of an issuance of Bonds, will also be party to and be bound by the CTA and the STID.

The CTA sets out the common terms applicable to the Borrower Loan Agreements and each other Authorised Credit Facility into which GAL and any other Borrower enters. Save for certain limited exceptions, no Finance Party can have additional representations, covenants, trigger events or loan events of default beyond the common terms deemed to be incorporated by reference into their Authorised Credit Facilities through their execution of, or accession to, the CTA.

The STID regulates among other things: (i) the claims of the Borrower Secured Creditors; (ii) the exercise and enforcement of rights by the Borrower Secured Creditors; and (iii) the giving of instructions, consents and waivers and, in particular, the basis on which votes of the Borrower Secured Creditors will be counted.

With the exception of certain Jersey law governed documents, all agreements listed below and non-contractual obligations arising out of or in connection with them will be governed by English law and subject to the exclusive jurisdiction of the English courts.

Common Terms Agreement

General

As noted above, all Finance Parties must accede to the CTA in respect of their Authorised Credit Facilities (including the Borrower Loan Agreements).

Other Borrower Secured Creditors which are party to the CTA include the Hedge Counterparties (see " – *Hedge Counterparties and the STID*"), the Liquidity Facility Providers (see " – *Liquidity Facility Agreement*") and the Initial ACF Finance Parties.

It is a requirement of the CTA that future providers of Authorised Credit Facilities must also accede to and be bound by the CTA and the STID. GAL will be able to incur additional Senior Debt (including in respect of amounts owed to the Issuer under the Borrower Loan Agreements and corresponding to additional Series of Class A Bonds) if, by reference to the most recently delivered financial statements (see " – *Information Covenants*" below), the Senior RAR, taking into account such indebtedness, is less than 0.70. However, if such financial indebtedness will be used to fund RAB-Eligible Capex, GAL will be able to incur additional Senior Debt if the Senior RAR, taking into account such indebtedness, is less than 0.725.

In addition, the Issuer is able to incur additional indebtedness in respect of Class B Bonds and lend the proceeds of those Bonds to GAL if GAL has first obtained a confirmation from the relevant rating agencies stating that the then rating of the Class A Bonds then outstanding would not be reduced as a result of the issuance of such Class B Bonds below the lower of (a) the credit rating of the Class A Bonds as at their Issue Date or (b) the then current rating of such Class A Bonds before the proposed issuance.

The CTA also sets out the cash management arrangements applicable to GAL (see " – Borrower Cash Management" below) and the hedging policy (see " – Hedging" below).

Representations

The Obligors make certain representations and warranties (subject to detailed carve-outs, exceptions and qualifications set forth in the CTA) to each Finance Party on the Establishment Date and the Initial Issue Date. These representations and warranties include the following as to:

- (ii) paying Taxes; and
- (jj) complying with the Tax Deed.

Trigger Events

The CTA contains a separate category of events, the occurrence of which do not result in a default, but which do result in certain increased operational restrictions and requirements for GAL, including the prohibition of distributions to shareholders. This section describes these Trigger Events, their consequences and their remedies.

Trigger Event Types

The Trigger Events include:

- (a) a breach of the following financial ratios:
 - (i) the Senior RAR for any Calculation Date within the Relevant Period is or is forecast to be more than 0.70; or
 - (ii) the Senior ICR for any Calculation Date within the Relevant Period is or is forecast to be less than 1.50;
- (b) a credit rating downgrade of two or more of the long term public credit ratings of the Class A Bonds by two or more notches below the initial ratings assigned to the Class A Bonds;
- (c) the amount of GAL's unspent, budgeted, Capital Expenditure over the 12 months following the most recently occurring Calculation Date is more than the aggregate of:
 - (i) the undrawn available commitment under the Capex Facility as at such Calculation Date;
 - (ii) cash credited to the bank accounts of GAL or invested in Authorised Investments (excluding any Excluded Cash) as at such Calculation Date; and
 - (iii) Projected Excess Cashflow before Capex for such 12 month period;
- (d) the amount of the Issuer's estimated recurring fees and expenses, interest and equivalent finance charges for the 12 months following the most recently occurring Calculation Date on Issuer Senior Debt is more than the sum of any amounts available to the Issuer for drawing under the Liquidity Facility, plus any amounts in a liquidity standby account attributable to the Issuer's proportion under the Liquidity Facility or available to the Issuer in a liquidity reserve account as at such Calculation Date;
- (e) the amount of GAL's estimated recurring fees and expenses, interest and equivalent finance charges for the 12 months following the most recently occurring Calculation Date on Senior Debt is more than the sum of any amounts available to GAL for drawing under the Liquidity Facility, plus any

amounts in a liquidity standby account attributable to the GAL proportion under the Liquidity Facility or available to GAL in a liquidity reserve account as at such Calculation Date;

- (f) the Issuer draws down under the Liquidity Facility (excluding any drawing or repayment of any Standby Drawing) or withdraws sums credited to a liquidity reserve account (if any) and the withdrawal results in the occurrence of a Trigger Event under paragraph (d) above;
- (g) GAL draws down under the Liquidity Facility (excluding any drawing or repayment of any Standby Drawing) or withdraws sums credited to a liquidity reserve account (if any) and the withdrawal results in the occurrence of a Trigger Event under paragraph (e) above;
- (h) an enforcement order or compliance order is issued under any applicable law or regulation (including any order made pursuant to section 41 of the Airports Act) if such order would reasonably be expected to have a Material Adverse Effect;
- (i) a notice is issued to terminate any licence required for the carrying on of the business of GAL or of any proposed or actual modification to any such licence which, if implemented, would reasonable be expected to have a Material Adverse Effect;
- (j) the commencement of the final reading of draft legislation in the House of Lords or the House of Commons (whichever occurs later) of legislation relating to the business of any Obligor if such legislation would (if enacted) reasonably be expected to have a Material Adverse Effect;
- (k) a Loan Event of Default is continuing (for further detail see " – *Events of Default*" below);
- (l) on any Calculation Date, the aggregate amount of all accretions by indexation to the notional amount of any inflation-linked treasury transactions exceeds 8% of RAB; and
- (m) the auditors of an Obligor qualify the audited consolidated (if applicable) financial statements of an Obligor, on the grounds that:
 - (i) the auditors have inadequate information;
 - (ii) the auditors are unable to prepare financial statements on a going concern basis; or
 - (iii) the qualification could be expected to be adverse to the interests of the Secured Creditors,in a manner or to an extent which would have a Material Adverse Effect.

Trigger Event Consequences

Following the occurrence of a Trigger Event and at any time until such Trigger Event has been waived or deemed remedied in accordance with the CTA, certain consequences will result, including:

- (a) a block on Restricted Payments;
- (b) in respect of the Trigger Events described in (d), (e), (f), (g) and (i) of " – *Trigger Event Types*" above, the Obligors must provide such information as may be requested by the Borrower Security Trustee and must provide written proposals for appropriate remedial action and related timetables and meet with the Borrower Secured Creditors to discuss such proposals. For all other Trigger Events described in the section entitled " – *Trigger Event Types*" above, this consequence also applies but only if such Trigger Event is continuing for 12 months or more;
- (c) the Investor Reports must contain additional Senior RAR and Senior ICR calculations as described in (g)(i)(B) and (g)(ii)(D) of " – *Information Covenants*" above;
- (d) provided the Trigger Event is continuing for 12 months or more, the Borrower Security Trustee may commission an independent review to be conducted by technical or other appropriate advisers to examine the causes of the relevant Trigger Event and recommend appropriate measures; and
- (e) provided the Trigger Event is continuing for 12 months or more, the Borrower Security Trustee will be entitled to participate in discussions with the Regulator regarding the Trigger Event and its remedy.

Trigger Event Remedies

At any time when an Obligor believes that a Trigger Event has been remedied in accordance with the detailed provisions of the CTA, it must provide the Borrower Security Trustee with a certificate signed by a director of the Obligor to that effect and provide such evidence in support of such certificate as the Borrower Security Trustee may reasonably require. In the case of the Trigger Events referred to in paragraphs (h) and (k) of the section entitled " – *Trigger Event Types*" above, the Borrower Security Trustee must respond confirming that the relevant Trigger Event has, in its reasonable opinion, been remedied or setting out its reasons for believing that such Trigger Event has not been remedied. The Trigger Event will continue to be a Trigger Event until such time as the Borrower Security Trustee is reasonably satisfied that the Trigger Event has been remedied.

Events of Default

The CTA contains a number of events of default (the "**Loan Events of Default**") which will be Loan Events of Default under each Finance Document (other than, in respect of the Hedge Counterparties, the Hedging Agreements and in respect of the Liquidity Facility Providers, the Liquidity Facility Agreement). Subject, in some cases and including, as stated below, to agreed exceptions, materiality thresholds and qualifications, reservations of law, grace periods and remedies, the Loan Events of Default are:

- (a) non-payment of amounts payable under the Finance Documents;
- (b) non-compliance with certain other obligations under the Finance Documents;
- (c) material misrepresentation;
- (d) insolvency of any Obligor or insolvency proceedings being commenced against any Obligor;
- (e) the occurrence of a default for non-payment under any Non-ACF Financial Indebtedness totalling more than 0.5% of RAB;
- (f) termination of any material licence or authorisation which is required for the carrying on of a material part of the Permitted Business of GAL or of the business of the Issuer where this would be expected to have a Material Adverse Effect;
- (g) repudiation, illegality or unenforceability of a Transaction Document or any material obligation contained therein;
- (h) any of the security created pursuant to the Security Documents ceasing to be in full force and effect;
- (i) certain governmental action which would be reasonably likely to have a Material Adverse Effect;
- (j) any change in law which would be reasonably likely to have a Material Adverse Effect or any change in the insolvency regime applicable to an Obligor which would have an adverse material effect on the rights, interests and/or remedies of the Secured Creditors;
- (k) failure by any Obligor to comply with any final judgment;
- (l) an Obligor ceasing to carry on its business or a substantial part of its business which when such cessation has or would be expected to have a Material Adverse Effect;
- (m) commencement of proceedings against the Obligor or its assets;
- (n) the Senior RAR as at the most recently occurring Calculation Date is more than 0.85;
- (o) the Senior ICR as at the most recently occurring Calculation Date is or is less than 1.1;
- (p) non-compliance by any party to the Tax Deed; and
- (q) the occurrence of a Bond Event of Default.

In respect of the Loan Events of Default described in (n) and (o) above, no Loan Event of Default will have occurred if, within 30 days of the relevant Calculation Date, GAL procures that Additional SP Contributions

are made and applied in prepayment of the Senior Debt such that the Senior RAR is lower than 0.85 and the Senior ICR is higher than 1.1.

The CTA also provides for an Accepted Restructuring Event regime where if there occurs an actual change in law or regulation and its effect would be to:

- (i) restrict the ability of GAL to grant fixed or floating security over all of its assets;
- (ii) restrict the ability of GAL to appoint an administrative receiver; or
- (iii) establish a special insolvency regime,

and, such proposed or actual change would otherwise result in the occurrence of a Trigger Event, a Potential Loan Event of Default or a Loan Event of Default as described in (j) above, then only a Trigger Event will arise until either (a) such event is remedied or (b) the date falling on the later of (1) twelve months after the date of the occurrence of the Trigger Event or (2) nine months after the date on which the relevant Loan Event of Default would (but for the Accepted Restructuring Event regime) have first occurred at which point (in the case of (b)) a Loan Event of Default will occur. Certain other Loan Events of Default (including relating to insolvency) are not included in this regime.

Borrower Cash Management

Operating Account

The CTA requires GAL to open and maintain the Operating Account with the Borrower Account Bank.

Under the CTA, GAL will ensure that all of its revenues (other than any interest or income on Authorised Investments and Standby Drawings) and all amounts drawn under its debt will be paid into the Operating Account or into the Borrower Liquidity Reserve Account. GAL will use the funds standing to the credit of the Operating Account and the Borrower Liquidity Reserve Account to make payments permitted pursuant to the Transaction Documents.

The Operating Account will be the sole current account of GAL through which all operating and capital expenditures, any Taxes incurred by GAL, distributions to shareholders and (subject to the terms of the Finance Documents) payments in respect of the Financial Indebtedness of the Security Group will be cleared.

Prior to the delivery of any Loan Enforcement Notice or Loan Acceleration Notice, payments from the Operating Account to a Borrower Secured Creditor will be paid in accordance with the pre-enforcement priority of payments waterfall which is set forth in detail in "*Cashflows - Borrower Pre-Enforcement Priority of Payments*".

Authorised Investments

The Security Group may invest in Authorised Investments from such part of the amounts standing to the credit of any of the Obligor Accounts from time to time as is prudent.

Application of Borrower Post-Enforcement Priority of Payments in certain circumstances If, prior to the delivery of a Loan Enforcement Notice:

- (a) a Hedge Counterparty becomes entitled to terminate any treasury transaction under a Borrower Hedging Agreement due to non-payment or due to the occurrence of an additional termination event (as further described below in "*Hedging*"); or
- (b) on any Payment Date there are insufficient funds available to the Obligors to pay in full all Borrower Secured Liabilities falling due for payment on such date,

then for so long as any such event is continuing unremedied or unwaived, the Borrower Post-Enforcement (Pre-Acceleration) Priority of Payments (as described further in "*Security Trust and Intercreditor Deed - Enforcement and Acceleration*" below and in "*Cashflows - Borrower Post-Enforcement (Pre-Acceleration) Priority of Payments*") will apply and GAL will ensure that no amounts are applied in discharging any liabilities due to a Borrower Secured Creditor unless on the date such amounts are to be

applied all sums then due and payable to each prior ranking Borrower Secured Creditor have been first discharged in full.

Liquidity Facility

Any amounts drawn by GAL in respect of a GAL Liquidity Shortfall either under the Liquidity Facility or from the Liquidity Standby Account shall be deposited in the Operating Account and paid in respect of paragraphs (a) to (f) (other than items (f)(i), (iii) and (iv)) (inclusive) in "*Cashflows - Borrower Pre-Enforcement Priority of Payments*" (excluding, for the avoidance of doubt, any termination payments and all other unscheduled amounts payable to any Borrower Hedge Counterparty).

Security Trust and Intercreditor Deed

General

The intercreditor arrangements in respect of the Security Group and the Issuer (the "**Intercreditor Arrangements**") are contained in the STID and the CTA, and in relation to the Issuer, in the Issuer Deed of Charge (see "*– Issuer Deed of Charge*" below). The Intercreditor Arrangements bind each of the Secured Creditors (including the Issuer) and each of the Obligor.

The Borrower Secured Creditors will include all providers of Senior Debt that enter into or accede to the STID. Any new Authorised Credit Provider will be required to accede to the STID and the CTA. The STID also contains provisions restricting the rights of Subordinated Intragroup Creditors and contains mechanics requiring any creditors in respect of Subordinated Intragroup Liabilities to accede to the STID as a Subordinated Intragroup Creditor.

The purpose of the Intercreditor Arrangements is to regulate, among other things (a) the claims of the Secured Creditors; (b) the exercise, acceleration and enforcement of rights by the Secured Creditors; (c) the rights of the Secured Creditors to instruct the Borrower Security Trustee; (d) the Entrenched Rights and the Reserved Matters of the Secured Creditors; and (e) the giving of consents and waivers and the making of modifications to the Common Documents.

The Intercreditor Arrangements also provide for the ranking in point of payment of the claims of the Borrower Secured Creditors, both before and after the delivery of a Loan Acceleration Notice and for the subordination of all claims of Subordinated Intragroup Creditors, or claims among the Security Group. Each Borrower Secured Creditor and each Obligor give certain undertakings in the STID which serve to maintain the integrity of these arrangements. The Issuer Deed of Charge and Issuer Cash Management Agreement provide for the ranking in point of payment of the claims of the Issuer Secured Creditors (as described further in "*– Issuer Deed of Charge*" and "*– Issuer Cash Management Agreement*" below).

Modifications, Consents and Waivers

General

The STID contains detailed provisions setting out the voting and instruction mechanics in respect of (a) Ordinary Voting Matters; (b) Extraordinary Voting Matters; and (c) Entrenched Rights and Reserved Matters (as further described below in "*– Types of Voting Categories*"). Subject to Entrenched Rights and Reserved Matters (which will always require the consent of all of the Secured Creditors in the case of Entrenched Rights, and, in the case of Reserved Matters, only, the relevant Secured Creditors who are affected) and Extraordinary Voting Matters, the Borrower Security Trustee will only agree to any modification of or grant any consent or waiver under the Common Documents with the consent of or if so instructed by the relevant majority of Participating QBS Creditors (the "**Majority Creditors**") **provided that** the relevant Quorum Requirement has been met.

GAL is entitled to provide the Borrower Security Trustee with written notice requesting any consent or waiver it requires under or in respect of any Common Document (a "**STID Proposal**"). The notice will certify whether such STID Proposal is a Discretion Matter, an Ordinary Voting Matter or an Extraordinary Voting Matter or whether it gives rise to an Entrenched Right (as further described in "*– Types of Voting Categories*" below) and stating the Decision Period (as further described in "*– Decision Periods*" below). If the STID Proposal is in relation to a Discretion Matter, GAL must also provide a certificate evidencing this status. If the STID Proposal is in relation to an Entrenched Right, GAL must include information as to the Secured Creditors who are affected by such Entrenched Right.

The Borrower Security Trustee will, within five Business Days of receipt of a STID Proposal, send a request (the "**STID Voting Request**") in respect of any Ordinary Voting Matter, Extraordinary Voting Matter or Entrenched Right to each Qualifying Borrower Secured Creditor (through its Secured Creditor Representative, which in respect of the Issuer shall be the Bond Trustee for each corresponding Sub-Class of Bonds). If the STID Proposal gives rise to an Entrenched Right, the STID Voting Request will contain a request that each relevant Affected Borrower Secured Creditor (including where the Issuer is an Affected Borrower Secured Creditor, each Issuer Secured Creditor who is affected) confirm whether or not it wishes to consent to the relevant STID Proposals that would affect the Entrenched Right.

The Qualifying Borrower Secured Creditors representing at least 10% of the Qualifying Borrower Debt are able to challenge GAL's determination of the voting category of a STID Proposal. In addition, the Secured Creditors, through their respective Secured Creditor Representatives, are able to challenge GAL's determination as to whether there is an Entrenched Right, subject to such dissenting creditors providing supporting evidence or substantiation for their disagreement with such determination. Challenging creditors that comply with the foregoing requirements may instruct the Borrower Security Trustee to inform GAL in writing within ten Business Days of receipt of the relevant STID Voting Request that they disagree with GAL's determination and specifying, as applicable, the voting category they propose should apply or whose Entrenched Right is affected along with the required supporting evidence. GAL and the relevant Qualifying Borrower Secured Creditors and/or relevant Borrower Secured Creditors will agree the voting category or whether there is an Entrenched Right within ten Business Days from receipt by GAL of the relevant notice from the Borrower Security Trustee. If they are unable to agree within this time, or if no agreement can be reached, then an appropriate expert will make a decision as to the voting category or whether there is an Entrenched Right which decision will be final and binding on each of the parties.

Types of Voting Categories

Ordinary Voting Matters

Ordinary Voting Matters include all matters which are not designated as Extraordinary Voting Matters or Discretion Matters (see " – *Extraordinary Voting Matters*" and " – *Discretion Matters*" below). If the Quorum Requirement is met (see " – *Quorum Requirements*" below), a resolution in respect of an Ordinary Voting Matter may be passed by a simple majority of the Qualifying Borrower Debt that was voted.

Extraordinary Voting Matters

The STID also describes the treatment of Extraordinary Voting Matters. If the Quorum Requirement for an Extraordinary Voting Matter is met (see " – *Quorum Requirements*" below), the majority required to pass a resolution in respect of an Extraordinary Voting Matter will be at least 75% of the Participating QBS Creditors by reference to the Outstanding Principal Amount of the aggregate Voted Qualifying Debt of such Participating QBS Creditors.

Entrenched Rights

Entrenched Rights are rights that cannot be modified or waived in accordance with the STID without the consent of the Affected Borrower Secured Creditor(s). When the Affected Borrower Secured Creditor is the Issuer, consent must be obtained from each affected Issuer Secured Creditor.

Reserved Matters

Reserved Matters are matters which, subject to the STID and the CTA, a Borrower Secured Creditor is free to exercise in accordance with its own debt instrument including:

- (a) to receive any sums owing to it for its own account;
- (b) to make determinations of and require the making of payments due and payable to it;
- (c) to exercise the rights vested in it or permitted to be exercised by it under and pursuant to the terms of the CTA, the STID and the other Finance Documents;
- (d) to receive notices under the Finance Documents;

- (e) to assign its rights or transfer any of its rights and obligations under any Authorised Credit Facility to which it is a party subject to the provisions of the STID; and
- (f) in the case of each Hedge Counterparty, (i) to terminate the relevant Hedging Agreement provided such termination is a Permitted Hedge Termination or to terminate the relevant Hedging Agreement in part and amend the terms of the Hedging Agreement to reflect such partial termination or (ii) to exercise rights permitted to be exercised by it under a Hedging Agreement.

Discretion Matters

The Borrower Security Trustee may (but is not obliged to) make modifications to the Finance Documents without the consent of any other Secured Creditor where such modifications, consents or waivers:

- (a) in the opinion of the Borrower Security Trustee, are:
 - (i) to correct manifest errors or an error in respect of which an English court could reasonably be expected to make a rectification order; or
 - (ii) of a formal, minor, administrative or technical nature,
- (b) would not, in the opinion of the Borrower Security Trustee materially prejudice the interests of any of the Qualifying Borrower Secured Creditors.

Quorum Requirements

Pursuant to the terms of the STID, the Quorum Requirement is (a) in respect of an Ordinary Voting Matter, one or more Participating QBS Creditors representing in aggregate at least 20% of the entire Outstanding Principal Amount of all Qualifying Borrower Debt, (b) in respect of an Extraordinary Voting Matter, one or more Participating QBS Creditors representing, in aggregate, at least 50% of the entire Outstanding Principal Amount of all Qualifying Borrower Debt. If the Quorum Requirement for an Extraordinary Voting Matter is not met by the Business Day immediately preceding the last day of the Decision Period (as described further below in " – *Decision Periods*"), the Decision Period will be extended and the Quorum Requirement will reduce to 20% of the aggregate Outstanding Principal Amount of all Qualifying Borrower Debt.

Decision Periods

The STID includes provisions specifying the relevant decision periods within which votes must be cast (each a "**Decision Period**") which period must not be less than (a) ten Business Days from the date of delivery of the STID Proposal for any Discretion Matter; (b) ten Business Days from the date of receipt of the relevant STID Voting Request, or if there is an agreement or determination that the original STID Voting Request is incorrect, the date of receipt of the amended STID Voting Request (the "**Decision Commencement Date**") for any Ordinary Voting Matter; (c) 15 Business Days from the Decision Commencement Date for any Extraordinary Voting Matter and (d) 15 Business Days from the Decision Commencement Date for an Entrenched Right. However, the Decision Period for an Entrenched Right for which the Issuer is the Affected Borrower Secured Creditor will not be less than 45 days.

In the case of an Extraordinary Voting Matter for which the Quorum Requirement has not been met during the initial Decision Period, the Decision Period may be extended for a further ten days to allow for a second vote at the lower quorum threshold (as further described in " – *Quorum Requirements*" above).

Modifications, consents and waivers will be passed by the requisite number of creditors as further described in " – *Types of Voting Categories*" above.

Qualifying Borrower Debt

General

Creditors to whom Qualifying Borrower Debt is owed are entitled to vote the amount of such debt when consenting to proposals made by GAL or instructing the Borrower Security Trustee to take action in accordance with the STID. Qualifying Borrower Debt means Qualifying Borrower Senior Debt prior to repayment in full of the Senior Debt and Qualifying Borrower Junior Debt following such repayment.

Subject to Entrenched Rights and Reserved Matters, prior to payment in full of the Qualifying Borrower Senior Debt, only the relevant Qualifying Borrower Senior Creditors that are owed, or deemed to be owed, Qualifying Borrower Senior Debt may vote (through their Secured Creditor Representatives). Upon repayment in full of the Qualifying Borrower Senior Debt, only the Qualifying Borrower Junior Creditors that are owed, or deemed to be owed, Qualifying Borrower Junior Debt may vote (through their Secured Creditor Representatives).

Qualifying Borrower Senior Debt

Qualifying Borrower Senior Debt is comprised of (a) the principal amount outstanding that is owed to the Issuer by the Borrower under any Borrower Loan Agreements and corresponding to the Class A Bonds, (b) the market-to-market value which would be payable in respect of closed out cross-currency hedging transactions if an early termination date was designated at such time under the cross-currency hedging transactions in respect of Class A Bonds, (c) the principal amounts outstanding or committed designated as Senior Debt under the Initial Authorised Credit Facility Agreement and (d) the principal amounts outstanding or committed under any other Authorised Credit Facility ranking *pari passu* with (a), (b) and (c).

Qualifying Borrower Junior Debt

Qualifying Borrower Junior Debt is comprised of (a) the principal amount outstanding that is owed to the Issuer by the Borrower under the Borrower Loan Agreements and corresponding to Class B Bonds, (b) the market-to-market value which would be payable in respect of closed out cross-currency hedging transactions if an early termination date was designated at such time under the cross-currency hedging transactions in respect of Class B Bonds, (c) the principal amounts outstanding designated as Junior Debt under the Initial Authorised Credit Facility Agreement and (d) the principal amounts outstanding under any other Authorised Credit Facility ranking *pari passu* with (a), (b) and (c).

Certification of amounts of Qualifying Borrower Debt

Each Qualifying Borrower Secured Creditor must certify to the Borrower Security Trustee the relevant amount of the Qualifying Borrower Debt that it is permitted to vote within five Business Days of delivery of the applicable notice from the Borrower Security Trustee. If any Qualifying Borrower Secured Creditor fails to provide such certification through its Secured Creditor Representative within the time required, then the Borrower Security Trustee will notify GAL of such failure. GAL must promptly inform the Borrower Security Trustee of the Outstanding Principal Amount of Qualifying Borrower Debt of such Qualifying Borrower Secured Creditor and such notification will be binding on the relevant Qualifying Borrower Secured Creditors except in the case of manifest error and without liability to GAL.

Tranching of Qualifying Borrower Debt and Determination of Voted Qualifying Debt for which the Issuer is a Creditor

As described in the section " – *Qualifying Borrower Debt*" above, amounts owed to the Issuer by the Borrower under the Borrower Loan Agreements are included in the Qualifying Borrower Senior Debt and/or the Qualifying Borrower Junior Debt. However, the Issuer Secured Creditors, as opposed to the Issuer itself, are entitled to vote in respect of such amounts. When the Bond Trustee (as the Issuer's Secured Creditor Representative) casts its votes on the Issuer's behalf, it will do as instructed by the relevant Issuer Secured Creditors. The Qualifying Borrower Senior Debt or the Qualifying Borrower Junior Debt, as the case may be, corresponding to the Bonds outstanding will be divided into tranches as set out below.

In the case of (a) and (b) of Qualifying Borrower Senior Debt (as described further in " – *Qualifying Borrower Senior Debt*" above):

- (a) a tranche for the holders of each Sub-Class of Class A Bonds equal to the aggregate Principal Amount Outstanding of each Sub-Class of the Class A Bonds; and
- (b) a tranche for each Cross Currency Hedge Counterparty in relation to Class A Bonds in respect of all transactions arising under the relevant Issuer Hedging Agreements equal to the Outstanding Principal Amount of the relevant Issuer Hedging Agreements.

In the case of (a) and (b) of Qualifying Borrower Junior Debt (as described further in " – *Qualifying Borrower Junior Debt*" above):

- (a) a tranche for the holders of each Sub-Class of Class B Bonds equal to the aggregate Principal Amount Outstanding of each Sub-Class of the Class B Bonds; and
- (b) a tranche for each Cross Currency Hedge Counterparty in relation to Class B Bonds in respect of all transactions arising under the relevant Issuer Hedging Agreements equal to the Outstanding Principal Amount of the relevant Issuer Hedging Agreement.

Holders of the each Sub-Class of Class A Bonds will vote in respect each Class A Bond voting tranche, and following repayment in full of the Senior Debt, holders of each Sub-Class of Class B Bonds will vote in respect of each Class B Bond voting tranche in accordance with the voting procedures set out in the Bond Trust Deed. A vote by the holder of a specified Principal Amount Outstanding of Bonds of any Sub-Class will be deemed to be a vote by the Issuer in respect of the same principal amount of the corresponding Class A Bond or Class B Bond voting tranche as described above.

Decisions by Bondholders as described in (a) and (c) above will be determined on a "pound for pound" basis between votes cast in favour and votes cast against. Votes cast in favour and votes cast against will then be aggregated by the Borrower Security Trustee with the votes cast for and against by the other Qualifying Borrower Secured Creditors.

When voting in respect of each cross currency voting tranche, each Issuer Hedge Counterparty will vote the Outstanding Principal Amount of all transactions arising under each Cross Currency Hedging Agreement to which it is a party in respect of the relevant Class of Bonds. A vote by an Issuer Hedge Counterparty in respect of the Outstanding Principal Amount of a Cross Currency Hedging Agreement will be deemed to be a vote by the Issuer in respect of the same Outstanding Principal Amount of the corresponding Cross Currency Hedging Agreement voting tranche.

Decisions by each Issuer Hedge Counterparty will not be divided between votes cast in favour or against but will be a single vote of such amount in relation to all transactions under the relevant Cross Currency Hedging Agreement.

Only principal amounts of the relevant voting tranches that vote on a proposed resolution within the Decision Period will be counted towards the Quorum Requirement.

QBS Creditor Instructions

Qualifying Borrower Secured Creditors with at least 10% of the aggregate Outstanding Principal Amount of all Qualifying Borrower Debt may instruct the Borrower Security Trustee to exercise any of the rights granted to the Borrower Security Trustee under the Common Documents and (i) to appoint a person specified by such Qualifying Borrower Secured Creditor(s) to investigate the calculations contained in any Compliance Certificate; and (ii) following delivery of a Loan Enforcement Notice but prior to delivery of a Loan Acceleration Notice to send a Further Enforcement Instruction Notice.

Enforcement and Acceleration

Following a Loan Event of Default and for so long as it is continuing, the Borrower Security Trustee will request an instruction from the Qualifying Borrower Secured Creditors (through their Secured Creditor Representatives) as to whether the Borrower Security Trustee should deliver a Loan Enforcement Notice to enforce all or part of the Borrower Security and/or deliver a Loan Acceleration Notice to accelerate all of the obligations secured under the Borrower Security.

When voting on an Enforcement Instruction Notice:

- (a) the Quorum Requirement will be one or more Participating QBS Creditors representing, in aggregate, at least 33 $\frac{1}{3}$ % of the aggregate Outstanding Principal Amount of all Qualifying Borrower Debt;
- (b) the Decision Period will be ten Business Days from the date of delivery of the Enforcement Instruction Notice or Further Enforcement Instruction Notice; and

- (c) the majority required to pass the resolution will be more than 50% of the Voted Qualifying Debt.

Borrower Post-Enforcement (Pre-Acceleration) Priority of Payments

After delivery to GAL of a Loan Enforcement Notice, but prior to the delivery of a Loan Acceleration Notice, the whole of the Borrower Security will become enforceable. Subject to certain matters and to certain exceptions, following an enforcement, any proceeds of enforcement or other monies held by the Borrower Security Trustee under the STID will be applied by the Borrower Security Trustee in accordance with the Borrower Post-Enforcement (Pre-Acceleration) Priority of Payments waterfall. See "*Cashflows - Borrower Post-Enforcement (Pre-Acceleration) Priority of Payments*" for a detailed description.

Borrower Post-Enforcement (Post-Acceleration) Priority of Payments

Upon delivery to GAL of a Loan Acceleration Notice all Borrower Secured Liabilities will be accelerated in full. Subject to certain matters and to certain exceptions following an acceleration, any proceeds of acceleration or monies held by the Borrower Security Trustee under the STID will be applied by the Borrower Security Trustee in accordance with the Borrower Post-Enforcement (Post-Acceleration) Priority of Payments waterfall. See "*Cashflows - Borrower Post-Enforcement (Post-Acceleration) Priority of Payments*" for a detailed description.

Permitted Enforcement – Liquidity Facility Agent

Prior to the delivery of a Loan Enforcement Notice and/or Loan Acceleration Notice, if an Obligor has defaulted on any payment obligation under the Liquidity Facility Agreement, the Liquidity Facility Agent shall be entitled to exercise any right against any Obligor to recover any amounts due and payable under the Liquidity Facility Agreement.

Distressed Disposals

On the occurrence of a Distressed Disposal the Borrower Security Trustee may, without any consent from any Borrower Secured Creditor, release any Borrower Security as is required to effect the disposal in accordance with the STID. The net proceeds of disposal are to be applied in accordance with priorities of payments (see the section " – *Enforcement and Acceleration*" above and "*Cashflows*").

Conditions Precedent

The conditions precedent to among other things the signing of the CTA, the Establishment Date, the Initial Issue Date and the initial utilisation under the Initial Authorised Credit Facility Agreement are set out in a conditions precedent agreement (the "**CP Agreement**") as agreed between, among others, the Bond Trustee, the Borrower Security Trustee and the Obligors.

Borrower Security Agreement

Security

Pursuant to the Borrower Security Agreement between GAL, the Security Parent and the Borrower Security Trustee, the obligations set forth thereunder became effective on the Initial Issue Date. Under the Borrower Security Agreement GAL and the Security Parent guarantee each other's obligations under the Finance Documents and each of GAL and the Security Parent grant a security interest over all of their assets (subject to certain limited exceptions).

The security constituted by the Borrower Security Agreement is expressed to include, amongst other things:

- (a) first fixed charges over:
- (i) the shares in GAL and the Issuer including all dividends, interest and other monies payable in respect thereof and all other rights related thereto;
 - (ii) GAL's and the Security Parent's right, title and interest from time to time in and to certain land and other real property and the proceeds of any disposal thereof;
 - (iii) all present and future plant, machinery, office equipment, computers, vehicles and other chattels;

- (iv) all monies standing to the credit of GAL's bank accounts;
 - (v) certain Intellectual Property Rights owned by GAL and the Security Parent;
 - (vi) uncalled capital and goodwill;
 - (vii) each Authorised Investment;
 - (viii) all present and future book debts; and
 - (ix) all benefit in respect of its insurances;
- (b) an assignment of GAL's and the Security Parent's right in respect of all Transaction Documents and other designated material contracts; and
- (c) a first floating charge of the whole of the undertaking of GAL and the Security Parent.

Any entity acquired or established by any Obligor which becomes a New Obligor under the STID will be required to provide supplementary security over its assets and a guarantee of the Obligors' obligations under the Finance Documents.

Ivy Bidco Limited Security Agreement

In connection with its accession to GAL's current Authorised Credit Facility Agreement as an Obligor and an Additional Borrower (see "*Authorised Credit Facility Agreement*" below), Ivy Bidco Limited has entered into a Security Agreement with GAL and the Security Parent in favour of the Borrower Security Trustee pursuant to which Ivy Bidco Limited has granted security over all of its assets and a Ivy Bidco Limited, GAL and the Security Parent guarantee of GAL's and each other's obligations under the Finance Documents.

The security constituted by the Ivy Bidco Security Agreement is expressed to include, amongst other things:

- (a) first fixed charges over:
- (i) Ivy Bidco Limited's right, title and interest from time to time in and to certain land and other real property and the proceeds of any disposal thereof;
 - (ii) all present and future plant, machinery, office equipment, computers, vehicles and other chattels;
 - (iii) all monies standing to the credit of Ivy Bidco's bank accounts;
 - (iv) any Intellectual Property Rights owned by Ivy Bidco Limited;
 - (v) uncalled capital and goodwill;
 - (vi) certain investments;
 - (vii) all present and future book debts; and
 - (viii) all benefit in respect of its insurances;
- (b) an assignment of Ivy Bidco Limited's rights in respect of all Transaction Documents and other designated material contracts relating to its assets; and
- (c) a first floating charge of the whole of the undertaking of Ivy Bidco Limited.

Hedging

For the purposes of this Section, Group means the Security Parent and its Subsidiaries including the Issuer.

Hedge Counterparties and the STID

Each Hedge Counterparty will become a Borrower Secured Creditor party to the STID and the CTA and, in the case of such a treasury transaction with the Issuer, the Issuer Deed of Charge.

Cross Currency Hedge Counterparties are able to vote on STID Proposals in respect of the market-to-market value of any transactions in respect of the Class A and Class B Bonds only to the extent that such value represents an amount which would be payable to them if an early termination date was designated in respect of such transactions and such transactions are closed out at such time (see " – *Security Trust and Intercreditor Deed - Qualifying Borrower Debt*" above).

Payments owed to the Hedge Counterparties under Rate Hedging Agreements in respect of scheduled amounts and unscheduled amounts (including termination payments) will rank senior to or *pari passu* with interest or principal payments on Senior Debt (see " – *Security Trust and Intercreditor Deed - Enforcement and Acceleration*" above).

General Principles

GAL and the Issuer are the only members of the Group permitted to enter into Hedging Agreements.

The purpose of the hedging policy is to manage the exposure of the Group to fluctuations in interest rates, currencies and other financial or operational risks. No member of the Group will enter into treasury transactions for the purpose of speculation, but rather only to manage risk inherent in its business or financings. Subject to the approvals contemplated above, the Hedging Policy will be reviewed from time to time by the Group and amended (subject to and in accordance with the provisions of the STID) as appropriate in line with market developments, regulatory developments, Good Industry Practice and the Group's funding arrangements and requirements.

Currency Risk Principles

The Group must not (after taking into account any natural hedging arising from operating income of the Group received in currencies other than sterling and any Cross Currency Hedging Agreement to which GAL or the Issuer is party) bear currency risk in respect of any foreign currency denominated debt instruments (excluding any fees payable in respect of any foreign currency denominated Authorised Credit Facility).

GAL will be permitted to enter into currency hedges to hedge any non-sterling revenues or expenditures **provided that** such hedging is entered into in the ordinary course of business and not for speculative purposes. The counterparties under such hedging arrangements will not be required to be party to the STID and will not benefit from the Borrower Security or have any voting rights. GAL will be permitted to provide collateral support in respect of such hedging arrangements.

Interest Rate Risk Principles

The Group may hedge its exposure to interest rate risk through a combination of cash balances, Authorised Investments and derivative instruments such as interest rate swaps and/or inflation swaps, subject to the parameters detailed below. The Group will not, at any time enter into non-sterling denominated interest rate swaps or inflation swaps except as part of a Cross Currency Hedging Agreement.

The Group will hedge its exposure to interest rate risk on its interest outgoings such that (without double counting) any basis swaps and, in the case of the Issuer, amounts receivable under the Borrower Loan Agreements:

- (a) at least 75% of the Relevant Debt of the Group from time to time effectively bears either a fixed rate of interest or inflation-linked rate of interest until the end of the then current Regulatory Period; and
- (b) at least 50% of the Relevant Debt of the Group from time to time effectively bears either a fixed rate of interest or inflation-linked rate of interest until the immediately following Regulatory Period.

Relevant Debt means (without double counting) the aggregate, at the time, of the outstanding:

- (a) Qualifying Borrower Senior Debt, excluding for these purposes any mark-to-market value of any transactions under Cross Currency Hedging Agreements and the principal amount outstanding under the Revolving Facility at such time;
- (b) Qualifying Borrower Junior Debt, excluding for these purposes any mark-to-market value of any transactions under Cross Currency Hedging Agreements;
- (c) the Principal Amount Outstanding under the Class A Bonds; and
- (d) the Principal Amount Outstanding under the Class B Bonds,

provided that for the purposes of calculating Relevant Debt only, non-sterling denominated debt shall be deemed to be converted to sterling at the rate specified in the relevant Cross Currency Hedging Agreement related to the relevant non-sterling denominated debt.

The Group will not, at any time, hedge its exposure to interest rate risk such that the Total Notional Hedged Amount (defined below) exceeds 102.5% of the sum of the Relevant Debt (the "**Hedging Limit**"). The Total Notional Hedged Amount will be the aggregate, at the time, of (a) the outstanding notional amount of treasury transactions under the relevant Hedging Agreements which are interest rate swap transactions and inflation swap transactions (excluding, prior to (but including upon and following) any Loan Event of Default, any Pre-hedges (as defined below) and excluding the notional amount of any treasury transactions which are inflation swap transactions which do not provide for any payment obligations referenced to floating rate interest) and (b) the outstanding principal amount of the Fixed-rate Debt and **provided that** the Total Notional Hedged Amount shall be calculated by netting the Notional Amount (as defined in the relevant Hedging Agreements) of any Treasury Transaction to which a member of the Group is a party against the Notional Amount (as defined in the relevant Hedging Agreements) of any Treasury Transaction to which a member of the Group is a party and which provide for opposite payment obligations. Fixed-rate Debt is the aggregate, at the time, of the outstanding Relevant Debt that bears either a fixed rate of interest or inflation-linked return.

The Group will, in addition, be permitted to enter into derivative instruments such as forward starting interest rate swap transactions and/or inflation rate swap transactions (the "**Pre-hedges**"). Any Pre-hedge must have an effective date no later than 24 months from the date of entry into such treasury transaction and must be hedging Financial Indebtedness which is projected to be incurred within 24 months from the execution date and which is not projected to breach the Additional Indebtedness Tests at the projected date of incurrence. Subject to no Loan Event of Default having occurred, such Pre-hedges will not count towards the Hedging Limit prior to the applicable effective date of the relevant Pre-hedge.

Other Hedging Risk Principles

GAL will be permitted to enter into hedges (including, but not limited to, index-linked instruments) to hedge its forecast operating revenues or operating or capital expenditures (including, but not limited to, electricity price hedging and commodities hedging in respect of materials required for development projects). This hedging must be entered into in the ordinary course of business, relate to the business requirements of GAL and not be for speculative purposes. The counterparties under such hedging arrangements will not be required to be party to the STID and will not benefit from the Borrower Security or have any voting rights. GAL will be permitted to provide collateral support in respect of such hedging arrangements.

Principles relating to Hedge Counterparties and Hedging Agreements

All Hedging Agreements and Pre-hedges must comply upon their execution with the requirements set out in the then current Rating Agency Criteria at the time the Hedging Agreement is entered into unless the Rating Agencies providing the ratings for the outstanding Bonds have confirmed that the previous Rating Agency Criteria remains acceptable.

The Issuer or, as applicable, GAL will only enter into a Hedging Agreement with a Hedge Counterparty if such Hedging Agreement limits the termination events thereunder in accordance with the hedging policy including as follows:

- (a) non-payment or non-delivery by the Issuer or, as applicable, GAL, under such Hedging Agreement;
- (b) certain insolvency events affecting the Issuer or, as the case may be, GAL;
- (c) any termination event under the relevant Hedging Agreement relating to illegality (as defined in the relevant Hedging Agreement);
- (d) certain tax events;
- (e) redemption of the Relevant Debt hedged by such treasury transactions;
- (f) following the delivery of a Loan Acceleration Notice or a Bond Enforcement Notice;
- (g) GAL and/or the Issuer (as applicable) do not comply with the Hedging Limit;
- (h) to the extent that the aggregate notional amount of Treasury Transactions which hedge any particular portion of non-sterling denominated Relevant Debt at that time exceeds the outstanding principal amount of such debt in which event each such Treasury Transaction shall be terminated on a *pro rata* basis;
- (i) to the extent that the aggregate notional amount of treasury transactions which hedge any particular portion of the Fixed-rate Debt exceeds the outstanding principal amount of such debt, in which event such treasury transaction will be terminated on a *pro rata* basis;
- (j) in the case of any Pre-hedges and/or any other inflation or interest rate swap transactions, (i) pursuant to any mandatory termination provision in the relevant Hedging Agreement or (ii) in respect of the Pre-hedge only, to the extent that the projected Financial Indebtedness is not incurred as projected or has been incurred and the relevant pre-hedging is no longer required;
- (k) prior to the effective date of a Pre-hedge and in respect of such Pre-hedge only, any of the events outlined in section 5(a) and section 5(b) of the relevant Hedging Agreement; and
- (l) upon agreement between the parties.

Where GAL and the Issuer have entered into back-to-back hedge agreements, GAL and the Issuer shall terminate any such back-to-back transactions immediately upon and to the extent of any termination of corresponding Treasury Transaction by the Issuer and the relevant Hedge Counterparty as permitted by the terms of the Hedging Policy.

All Hedging Agreements must be entered into in the form, as amended by the parties thereto, of the 1992 ISDA Master Agreement (Multicurrency – Cross Border), the 2002 ISDA Master Agreement or any successor thereto published by ISDA unless otherwise agreed by the Borrower Security Trustee.

OTHER FINANCE DOCUMENTS

Authorised Credit Facility Agreement

GAL and the ACF Arrangers entered into an Authorised Credit Facility Agreement on 21 June 2019 under which the ACF Lenders made available to GAL a £300,000,000 Revolving Facility to be applied towards its general corporate and working capital purposes. The Revolving Facility is not subject to any cleandown provisions requiring the facility to be repaid in full during each year.

The Obligors make representations and warranties, covenants and undertakings to the ACF Finance Parties on the terms set out in the CTA.

The Loan Events of Default under the CTA apply under the Authorised Credit Facility Agreement.

The ability of the ACF Finance Parties to accelerate any sums owing to them under the Authorised Credit Facility Agreement upon or following the occurrence of a Loan Event of Default thereunder is subject to

the STID. However, no further drawings may be made under the Authorised Credit Facility Agreement following the occurrence of a Loan Event of Default which is continuing.

The Authorised Credit Facility Agreement was amended and restated on 31 March 2015, at which time Ivy Bidco Limited became an Additional Borrower under that Agreement. In connection with it becoming an Additional Borrower, Ivy Bidco Limited also acceded to the Common Terms Agreement, the STID, the Tax Deed and the Master Definitions Agreement as a Borrower and an Obligor, save that it did not become a Borrower for the purposes of the Hedging Policy, any Hedging Agreement or for the purposes of certain amendment provisions of the STID.

Borrower Loan Agreements

General

On or prior to the issuance by the Issuer of a Sub-Class or Class of Bonds under the Programme, the Issuer, the Borrower and the Borrower Security Trustee will enter into a Borrower Loan Agreement, the terms of which will be agreed at the relevant time, and the aggregate proceeds of the issuance of such Sub-Class or Class of Bonds will be on-lent to the Borrower under such Borrower Loan Agreement, except that, in relation to any issuances of Bonds which are fungible with an existing issuance of a Sub-Class or Class of Bonds, the Issuer will make available further facilities under the Borrower Loan Agreement relating to such existing issuance of a Sub-Class or Class of Bonds in an aggregate amount equal to the proceeds of each such new issuance under the terms of such Borrower Loan Agreement.

Each Advance (or each Sub-Advance together making a single Advance) made under a Borrower Loan Agreement will correspond to the principal amount of each Sub-Class or Class of Bonds issued on the corresponding Issue Date such that the economic terms of each Advance match the economic terms of the corresponding Sub-Class or Class of Bonds. The making of each Advance will be subject to the satisfaction of the conditions precedent set out in the relevant Borrower Loan Agreement, which will include a condition that the Security Parent will be an Obligor in respect of that Advance.

Matching of obligations

As each Advance is structured and tranching to match the tenor, interest rate and payment dates of each, Sub-Class of Bonds, the Advances have characteristics that demonstrate capacity to produce funds to service any payments due and payable under each, Sub Class or Class of the Bonds.

Advances

All Advances made or to be made by the Issuer under each Borrower Loan Agreement are or will be in amounts and at rates of interest (or such discount or indexed amount) corresponding to amounts and rates set out in the relevant Final Terms or Pricing Supplement (as the case may be) and will have interest periods which match the Interest Periods for the corresponding Tranche, Sub-Class or Class of Bonds but will have interest payment dates three Business Days prior to the Interest Payment Date on the related Sub-Class or Class of Bonds. Interest on each Advance made under each Borrower Loan Agreement will accrue from the date of such Advance. In addition, each Advance will be repayable on the Business Day falling three Business Days prior to the Scheduled Redemption Date in respect of the related Bonds together with any accrued but unpaid ongoing facility fees.

Prepayments

If the Borrower is required to prepay amounts outstanding under a Borrower Loan Agreement, it will prepay the relevant Advances or part thereof together with accrued interest, any prepayment fees and other break fees, costs and expenses and where applicable any make-whole amounts, then payable under a Borrower Loan Agreement and other relevant Transaction Documents to correspond to the amounts payable by the Issuer in respect of the corresponding early redemption of the corresponding Sub-Class or Class of Bonds.

Fees

In consideration for the Issuer agreeing to make the Advances available under a Borrower Loan Agreement, the Borrower will agree to pay to the Issuer the initial and ongoing facility fees set out in the relevant Borrower Loan Agreement.

Prior to an Issue Date, the Borrower shall pay on behalf of the Issuer by way of the initial facility fee any expenses of the Issuer reasonably incurred in connection with the issue of Bonds including, *inter alia*, the fees and expenses of the Bond Trustee, the Issuer Security Trustee, the Agents, the Issuer Cash Manager, the Issuer Account Bank, the Issuer Corporate Administration Providers, the Issuer's legal advisers, accountants and auditors and any amounts payable to the Issuer Hedge Counterparties.

After the relevant Issue Date, the Borrower will pay periodically a facility fee by way of the ongoing facility fee which shall meet the ongoing costs, losses and expenses of the Issuer in respect of amounts owed to, *inter alios*, the Bond Trustee, the Issuer Security Trustee (and any receiver appointed by the Issuer Security Trustee), the Agents, the Issuer Cash Manager, the Issuer Account Bank, the Issuer Corporate Administration Providers, the Liquidity Facility Providers, the Issuer's legal advisers, accountants and auditors and any amounts payable to the Issuer Hedge Counterparties (in each case to the extent not covered by the initial facility fee) and Liquidity Facility Providers.

Secured obligations

The obligations of the Borrower under each Borrower Loan Agreement will be secured pursuant to the Borrower Security Agreement, and such obligations will be guaranteed by each other Obligor in favour of the Borrower Security Trustee, who will hold the benefit of such security and guarantees on trust for the Borrower Secured Creditors (including the Issuer) on the terms of the STID.

Loan Event of Default

The Issuer's obligations to repay principal and pay interest on the Bonds are intended to be met primarily from the payments of principal and interest received from the Borrower under the corresponding Borrower Loan Agreement and payments received under any related Hedging Agreements. Failure of the Borrower to repay an Advance on the maturity date in respect of such Advance (which corresponds to the Business Day falling three Business Days prior to the Scheduled Redemption Date of the corresponding Sub-Class or Class of Bonds) will be a Loan Event of Default under the relevant Borrower Loan Agreement, although it will not, of itself, constitute a Bond Event of Default. The Maturity Date under the Bonds corresponding to the relevant Advance will fall two years after the Scheduled Redemption Date, to cater solely for the possibility that the Borrower might default on repayment of the Borrower Loans. In the event of such a Loan Event of Default, the Bonds will accrue interest at a floating rate, which will be met from any available proceeds from the Borrower Loans or, if insufficient, from drawings under the Liquidity Facility to the extent available. If the Bonds are not redeemed in full by their Maturity Date, there will be a Bond Event of Default.

Withholding/deductions

The Borrower agrees to make all payments to the Issuer free and clear of any withholding on account of tax unless it is required by law to do so – in such circumstances the Borrower will gross-up such payments.

Borrower Account Bank Agreement

General

GAL established or caused to be established on or before the Establishment Date a sterling operating account, a mandatory standby repayment account and a borrower hedge collateral account and may at a later date establish a liquidity reserve account (together with any other accounts that may be opened from time to time, the Borrower Accounts). The Borrower Accounts are held with the Borrower Account Bank pursuant to the Borrower Account Bank Agreement dated on the Establishment Date between GAL, the Borrower Account Bank and the Borrower Security Trustee. Any Liquidity Standby Account opened under the Liquidity Facility Agreement will be opened and maintained with the Borrower Account Bank under the Borrower Account Bank Agreement.

Termination

The Borrower Account Bank may resign its appointment upon not less than 120 days' notice to GAL **provided that** such resignation shall not take effect until a substitute Borrower Account Bank with the Requisite Rating has been duly appointed.

GAL may revoke its appointment of the Borrower Account Bank by not less than 30 days' notice to the Borrower Account Bank **provided that** such revocation shall not take effect until a substitute has been duly appointed. Furthermore, GAL may terminate the appointment of the Borrower Account Bank if, *inter alia*, (a) an Insolvency Event occurs in relation to the Borrower Account Bank, (b) the Borrower Account Bank no longer maintains the Requisite Rating with any two of the Rating Agencies and (c) if the Borrower Account Bank defaults in the performance of any of its material obligations under the Borrower Account Bank Agreement subject to the applicable grace period.

Liquidity Facility Agreement

Each Liquidity Facility Provider is a Borrower Secured Creditor and Issuer Secured Creditor party to the STID and the CTA.

The amounts owed to the Liquidity Facility Providers other than Liquidity Subordinated Amounts do not constitute Qualifying Borrower Senior Debt. However, fees, interest and principal payable to the Liquidity Facility Providers will rank senior to interest and principal payments on the Class A Bonds (see "*Security Trust and Intercreditor Deed - Enforcement and Acceleration*").

On the Establishment Date, GAL and the Issuer entered into the Liquidity Facility Agreement with the Liquidity Facility Providers pursuant to which the Liquidity Facility Providers agreed to make the Liquidity Facility available to meet certain liquidity shortfalls.

Under the terms of the Liquidity Facility Agreement, the Liquidity Facility Providers will provide a 364-day commitment in an aggregate sterling amount specified in the Liquidity Facility Agreement to permit drawings to be made by (i) GAL in circumstances where GAL has or will have insufficient funds available on a Payment Date to pay (among other things) scheduled interest on the Authorised Credit Facilities to the extent such amount is in respect of Senior Debt (a "**GAL Liquidity Shortfall**") and (ii) the Issuer in circumstances where the Issuer has or will have insufficient funds available on an Interest Payment Date to pay (among other things) scheduled interest on the Class A Bonds (a "**GFL Liquidity Shortfall**"). The Liquidity Facility shall not be available to provide for any termination payments or other unscheduled amounts payable by the Issuer or GAL to the Hedge Counterparties.

The Liquidity Facility Agreement provides that the amounts repaid by GAL or the Issuer to the Liquidity Facility Providers may be redrawn.

Each Liquidity Facility Provider must be a bank which as at the Establishment Date has the Requisite Rating.

The Liquidity Facility Agreement provides that if (i) at any time the relevant rating of a Liquidity Facility Provider falls below the Requisite Rating or (ii) a Liquidity Facility Provider does not agree to renew such Liquidity Facility prior to the expiry of the 364 day period, GAL and/or the Issuer will:

- (a) use all reasonable endeavours to replace the relevant Liquidity Facility Provider with a party having the Requisite Rating and/or enter into a substitute liquidity facility agreement with a party having the Requisite Rating; and
- (b) if a replacement is not made (or if the affected Liquidity Facility Provider does not procure a guarantee of its obligations from a guarantor with the Requisite Rating) or a substitute agreement is not entered into within the relevant time period specified in the Liquidity Facility Agreement, be entitled to require make a Standby Drawing in respect of such Liquidity Facility Provider's under a commitment.

A Standby Drawing will generally be repayable, together with any interest accrued thereon, only if (i) the affected Liquidity Facility Provider is re-rated with the Requisite Rating (or higher), or (ii) the relevant Liquidity Facility Provider assigns or transfers its rights, benefits and obligations to a substitute Liquidity Facility Provider in accordance with the Liquidity Facility Agreement, or (iii) GAL and/or the Issuer serve a notice of cancellation to the affected Liquidity Facility Provider in accordance with the Liquidity Facility Agreement.

Interest accrues on any drawing (including a Standby Drawing) made under the Liquidity Facility Agreement provided by the Liquidity Facility Providers at a reference rate (of LIBOR) plus a margin plus certain step-up amounts. Under the Liquidity Facility Agreement, GAL and the Issuer are also required to pay additional amounts if: (i) a withholding or deduction for or on account of tax is imposed on payments made by it to the relevant Liquidity Facility Provider; or (ii) if the relevant Liquidity Facility Provider suffers an increase in the cost of providing the relevant Liquidity Facility.

Under the terms of the CTA and the STID (in the case of GAL) and the Issuer Cash Management Agreement and the Issuer Deed of Charge (in the case of the Issuer), all indebtedness outstanding under the Liquidity Facility Agreement (other than certain liquidity subordinated amounts) will rank in priority to amounts payable under the Authorised Credit Facilities and the Class A Bonds (as applicable).

Declaration of Trust over Liquidity Standby Account

On the Initial Issue Date, GAL, the Borrower Security Trustee, the Issuer Security Trustee and the Issuer entered into a declaration of trust in relation to the Liquidity Standby Account, under which GAL acts as trustee in respect certain property including the amount of any Standby Drawing(s) made by the Liquidity Facility Provider(s) to the Liquidity Standby Account. The beneficiaries under the Liquidity Standby Account Declaration of Trust will be GAL and the Issuer and their beneficial interests in the trust will be determined by the terms of the Liquidity Standby Account Declaration of Trust based on the respective amounts, from time to time, of the Outstanding Principal Amount under the Authorised Credit Facilities and the Principal Amount Outstanding of the Class A Bonds.

GAL and the Issuer granted security over their respective beneficial interests in the Liquidity Standby Account Declaration of Trust under the terms of the Borrower Security Agreement (in the case of GAL) and under the Issuer Deed of Charge (in the case of the Issuer).

Standby Drawings made to the Liquidity Standby Account are subject to the Liquidity Standby Account Declaration of Trust and no Liquidity Facility Provider has any proprietary interest or security interest in such amounts, save as arises under the Security Documents.

Tax Deed

Pursuant to the Tax Deed, among other things, each of the Covenantors has made representations as at the Initial Issue Date and given covenants in relation to its tax affairs and the tax affairs of its group (where applicable) for the benefit of the Issuer Security Trustee (as trustee for the Issuer Secured Creditors) and the Borrower Security Trustee (as trustee for the Borrower Secured Creditors) with a view to protecting the Security Group from various tax-related risks.

The effect of the representations and covenants given by the Covenantors is that the risk of any member of the Security Group being subject to an unexpected tax liability which might affect its ability to perform its obligations under any of the Transaction Documents should be minimised.

A breach of the terms of the Tax Deed shall not give rise to any liability under the Tax Deed to the extent that the tax liability that arises is less than 0.5% of RAB.

ISSUER TRANSACTION DOCUMENTS

The Issuer Deed of Charge

General

On the Establishment Date, the Issuer entered into the Issuer Deed of Charge with the Issuer Security Trustee and the Bond Trustee for itself and on behalf of the Bondholders, the Liquidity Facility Agent, the Issuer Hedge Counterparties, the Issuer Account Bank, the Registrar, the Principal Paying Agent, the Paying Agent, the Exchange Agent, the Agent Bank, the Issuer Cash Manager, the Issuer Corporate Administration Providers, any receiver and any other creditor of the Issuer which accedes to the Issuer Deed of Charge (together the "**Issuer Secured Creditors**").

Issuer Security

- Pursuant to the Issuer Deed of Charge, from the Initial Issue Date, the Issuer secured its obligations to the Issuer Secured Creditors by granting the following security (the "**Issuer Security**"):
 - an absolute assignment (or, to the extent not assignable, a first fixed charge) of all of its rights in respect of the Issuer Transaction Documents and the Finance Documents to which the Issuer is a party (other than the Issuer Deed of Charge, the Bond Trust Deed and the Jersey Corporate Administration Agreement);
 - an absolute assignment (or, to the extent not assignable, a first fixed charge) of all of its rights in respect of any amount standing from time to time to the credit of the Issuer Accounts and all interest paid or payable in relation to those amounts and all debts represented by those amounts;
 - an absolute assignment (or, to the extent not assignable, a first fixed charge) of all its rights in relation to the Issuer's interest in the trust created under the Liquidity Standby Account Declaration of Trust;
 - a first fixed charge of all its rights in respect of each Authorised Investment of the Issuer; and
 - a first floating charge over the whole of the Issuer's assets (including, without limitation, its uncalled capital) other than any assets at any time otherwise effectively charged or assigned by way of fixed charge or assignment under the Issuer Deed of Charge.

The Issuer Security is held on trust by the Issuer Security Trustee for itself and on behalf of the Issuer Secured Creditors in accordance with, and subject to the Issuer Deed of Charge.

Restrictions on the exercise of rights

The Issuer Deed of Charge contains certain restrictions on the exercise of rights. These include that, each of the Issuer Secured Creditors agrees with the Issuer and the Issuer Security Trustee that (a) only the Issuer Security Trustee may enforce the Issuer Security in accordance with the terms of the Issuer Deed of Charge, (b) it will not take any steps or proceedings to procure the winding up, administration or liquidation of the Issuer and (c) it will not take any other steps or action against the Issuer or in relation to the Issuer Security for the purpose of recovering any of the secured liabilities or enforcing any rights arising out of the Issuer Transaction Documents against the Issuer or take any other proceedings in respect of or concerning the Issuer or the Issuer Security **provided that**, subject to items (a) and (b) above, the Liquidity Facility Agent and the Issuer Hedge Counterparties may sue for, commence or join legal or arbitration proceedings against

the Issuer to recover any amounts due and payable in respect of or under the Liquidity Facility Agreement or the relevant Issuer Hedge Agreement, as the case may be.

Furthermore, each of the Issuer Secured Creditors agrees that all obligations of the Issuer to each Issuer Secured Creditor are limited in recourse to the Issuer Security. If (a) there is no Issuer Security remaining which is capable of being realised or otherwise converted into cash, (b) all amounts available from the Issuer Security have been applied to meet or provide for the relevant obligations in accordance with the provisions of the Issuer Deed of Charge and (c) there are insufficient amounts available from the Issuer Security to pay in full the secured liabilities, then the Issuer Secured Creditors shall have no further claim against the Issuer in respect of any amounts owing to them which remain unpaid and such unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be deemed to cease.

Priority of payments upon acceleration

After the service of a Bond Enforcement Notice by the Bond Trustee in accordance with Condition 10(b) (*Delivery of Bond Enforcement Notice*) the Issuer Cash Manager shall (to the extent that such funds are available) use funds standing to the credit of the Issuer Accounts (subject to certain exceptions) to make payments in accordance with the Issuer Post-Enforcement Priority of Payments waterfall. See "*Cashflows - Issuer Post-Enforcement Priority of Payments*" for more detail.

Enforcement of the Issuer Security

The Issuer Security Trustee will be bound to enforce the Issuer Security if directed to do so by the Bond Trustee, **provided that** the Issuer Security Trustee has been indemnified and/or secured to its satisfaction against any liabilities.

The Issuer Security will become immediately enforceable following the occurrence of a Bond Event of Default and the delivery of a Bond Enforcement Notice by the Bond Trustee or, if there are no Bonds outstanding, upon failure by the Issuer to pay any other secured liability on its due date.

Bond Trust Deed

General

On the Establishment Date, the Issuer and the Bond Trustee entered into the Bond Trust Deed pursuant to which the Bonds will be constituted. The Bond Trust Deed includes the form of the Bonds and contains a covenant from the Issuer to the Bond Trustee to pay all amounts due under the Bonds. The Bond Trustee holds the benefit of that covenant on trust for itself and the Bondholders in accordance with their respective interests.

Enforcement

The Bond Trustee may at any time, at its discretion and without notice:

- (a) take such action, proceedings and/or other steps as it may think fit against or in relation to the Issuer or any other person to enforce its obligations under the Bond Trust Deed, the conditions, the Bonds or any other Issuer Transaction Document to which the Bond Trustee is a party,
- (b) exercise any of its rights under, or in connection with, the Bond Trust Deed, the Conditions or any other Issuer Transaction Document and/or
- (c) give any directions to the Issuer Security Trustee under or in connection with any Issuer Transaction Document (including, but not limited to, the giving, subject to the delivery of a Bond Enforcement Notice, of a direction to the Issuer Security Trustee to enforce the Issuer Security).

Waiver of a Bond Event of Default

The Bond Trustee may, without the consent or sanction of the Bondholders or any other Issuer Secured Creditor at any time (but only if in its opinion such waiver will not be materially prejudicial to the interests of the Most Senior Class of Bondholders) determine that any event which would otherwise constitute a Bond Event of Default or Potential Bond Event of Default shall not be treated as such for the purposes of the Bond Trust Deed **provided that** the Bond Trustee shall not exercise such powers in contravention of

any express direction given by Extraordinary Resolution of the holders of the Most Senior Class of Bonds then outstanding or of a request in writing made by holders of not less than 25% in aggregate of the principal amount of the Most Senior Class of Bonds then outstanding.

Modification

The Bond Trustee may without the consent or sanction of the Bondholders and without the consent of the other Issuer Secured Creditors (other than any Issuer Secured Creditor which is party to the relevant documents), at any time and from time to time concur with the Issuer and any other person, or direct the Issuer Security Trustee to concur with the Issuer or any other person, in making any modification to the Bond Trust Deed, the Conditions, the Bonds and/or the other Issuer Transaction Documents (other than a Basic Terms Modification) (subject as provided in the STID in relation to any Common Documents) which may, in the opinion of the Bond Trustee, be proper to make **provided that** the Bond Trustee is of the opinion that such modification will not be materially prejudicial to the interests of the Bondholders of the Most Senior Class of Bonds then outstanding and **provided further that** if any such modification relates to an Issuer Secured Creditor Entrenched Right, each of the affected Issuer Secured Creditors has given its prior written consent.

The Bond Trust Deed provides that in connection with the exercise by it of any of its trusts, powers, authorities or discretions under the Bond Trust Deed (including, without limitation, any modification, waiver, authorisation, determination or substitution) or any other Issuer Transaction Document the Bond Trustee shall:

- (a) have regard to the general interests of the Bondholders of each Class or Sub-Class as a class or sub-class; and
- (b) except where expressly provided otherwise, have regard to the interests of the Class A Bondholders and the Class B Bondholders equally, **provided that** the Bond Trustee shall have regard to the interest only of the holders of the Most Senior Class of Bonds if, in the Bond Trustee's opinion, there is a conflict between the interests of the Class A Bondholders and the Class B Bondholders.

Action, proceedings and indemnification

TERMS AND CONDITIONS

*The following is the text of the terms and conditions which (subject to completion and amendment and as supplemented or varied in accordance with the provisions of the relevant Final Terms or Pricing Supplement (as the case may be) and, save for the italicised paragraphs) will be incorporated by reference into each Global Bond and each definitive Bond (in the latter case only if such incorporation by reference is permitted by the rules of the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Bond will have endorsed thereon or attached thereto such terms and conditions). Further information with respect to each Tranche of Bonds will be given in the relevant Final Terms or Pricing Supplement (as the case may be) which will provide for those aspects of these Conditions which are applicable to such Tranche of Bonds and, in the case of all Sub-Classes, the terms of the relevant advance under the loan agreement to be entered into by, among others, the Issuer and Gatwick Airport Limited or Ivy Bidco Limited or any other entity which accedes to the Common Terms Agreement and the STID as a borrower (the "**Borrower**") (the "**Borrower Loan Agreement**"). References in the Conditions to Bonds are as the context requires, references to the Bonds of one Sub-Class only, not to all Bonds which may be issued under the Programme. Reference should be made to the "Pro Forma Final Terms" or the "Pro Forma Pricing Supplement" for a description of the content of Final Terms or Pricing Supplement (as the case may be) which will specify which of the terms are to apply in relation to the relevant Bonds.*

Each Class may comprise one or more Sub-Classes (each a "**Sub-Class**") and each Sub-Class comprises one or more tranches (each a "**Tranche**").

The Bonds will be designated as Class A Bonds or Class B Bonds. Each Sub-Class will be denominated in different currencies or have different interest rates, maturity dates or other terms. Bonds of any Class may be zero coupon ("**Zero Coupon Bonds**"), fixed rate ("**Fixed Rate Bonds**"), floating rate ("**Floating Rate Bonds**"), index-linked ("**Indexed Bonds**") or instalment bonds ("**Instalment Bonds**") depending on the method of calculating interest payable in respect of such Bonds and may be denominated in sterling, euro, U.S. dollars or in other currencies subject to compliance with applicable law or regulation.

In the event of any inconsistency between these Conditions and the relevant Final Terms or Pricing Supplement (as the case may be), the relevant Final Terms or Pricing Supplement (as the case may be) shall prevail.

Agents (in the case of Bearer Bonds) or the Transfer Agents and the Registrar (in the case of Registered Bonds) are party). As used herein, each of "**Principal Paying Agent**", "**Paying Agents**", "**Exchange Agent**", "**Agent Bank**", "**Transfer Agent**" and/or "**Registrar**" means, in relation to the Bonds, the persons specified in the Agency Agreement as the Principal Paying Agent, Paying Agents, Agent Bank, Transfer Agent and/or Registrar, respectively, and, in each case, any successor to such person in such capacity, and Agents shall mean the Principal Paying Agent, the Transfer Agent, the Exchange Agent, the Registrar, the Agent Bank, any Calculation Agent (as defined below) appointed thereunder and any additional Paying Agents also appointed thereunder. The Bonds may also have the benefit (to the extent applicable) of a calculation agency agreement (in the form or substantially in the form of schedule 1 to the Agency Agreement, the "**Calculation Agency Agreement**") between, *inter alia*, the Issuer and any calculation agent appointed by the Issuer as calculation agent (the "**Calculation Agent**").

On or about the Establishment Date, the Issuer will enter into a deed of charge (as amended, supplemented and/or restated from time to time the "**Issuer Deed of Charge**") with Deutsche Trustee Company Limited as security trustee (the "**Issuer Security Trustee**", which expression includes the security trustee or trustees for the time being of the Issuer Deed of Charge), pursuant to which on or prior to the Initial Issue Date the Issuer will grant the "**Issuer Security**" (as defined in Condition 4(a) (*Security*)) to the Issuer Security Trustee for itself and on behalf of the Bond Trustee (for itself and on behalf of the Bondholders), the Bondholders, the Couponholders, each Issuer Hedge Counterparty, each Liquidity Facility Provider, the Principal Paying Agent, each Paying Agent, the Exchange Agent, the Calculation Agent (if any), the Transfer Agent, the Registrar, Santander UK (acting in its capacity as "**Issuer Account Bank**" and any other financial institution which accedes to the Issuer Account Bank Agreement as an Issuer Account Bank), the Agent Bank, Gatwick Airport Limited (in its capacity as "**Issuer Cash Manager**" under the Issuer cash management agreement entered into by, among others, the Issuer and the Issuer Cash Manager (as amended, supplemented and/or restated from time to time the "**Issuer Cash Management Agreement**") and Intertrust Offshore Limited (in its capacity as the "**Jersey Corporate Administration Provider**") and Intertrust Management Limited (in its capacity as the "**UK Corporate Administration Provider**" and, together with the Jersey Corporate Administration Provider, the "**Issuer Corporate Administrative Providers**") (together, the "**Issuer Secured Creditors**").

On or before the Establishment Date, the Issuer will enter into a dealership agreement (as amended, supplemented and/or restated from time to time the "**Dealership Agreement**") with the dealers (or dealer, as the case may be) named therein (the "**Dealers**" or the "**Dealer**" (as the case may be)) in respect of the Programme, pursuant to which any of the Dealers may enter into a Subscription Agreement (each a "**Subscription Agreement**") in relation to each Sub-Class of Bonds issued by the Issuer, and pursuant to which the Dealers will agree to subscribe for the relevant Sub-Class of Bonds. In any Subscription Agreement relating to a Sub-Class of Bonds, any of the Dealers may agree to procure subscribers to subscribe for the relevant Sub-Class of Bonds.

On or around the Establishment Date, the Issuer and the Borrower will enter into a liquidity facility agreement (as amended, supplemented and/or restated from time to time the "**Liquidity Facility Agreement**") with certain liquidity facility providers (together, the "**Liquidity Facility Providers**") pursuant to which the Liquidity Facility Providers agree to make certain facilities (the "**Liquidity Facilities**") available to meet liquidity shortfalls.

For so long as any of the Bonds is represented by a Global Bond held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Bonds (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Bonds standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Bond Trustee and the Agents as the holder of such nominal amount of such Bonds for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Bonds, for which purpose the bearer of the relevant Bearer Global Bond or the registered holder of the relevant Registered Global Bond shall be treated by the Issuer, the Bond Trustee and any Agent as the holder of such nominal amount of such Bonds in accordance with and subject to the terms of the relevant Global Bond and the expressions "**Bondholder**" and "**holder of Bonds**" and related expressions shall be construed accordingly.

"Issuer Hedge Counterparty" means a Hedge Counterparty who is party to an Issuer Hedging Agreement (together, the **"Issuer Hedge Counterparties"**);

"Issuer Qualifying Creditors" means, in respect of Issuer Qualifying Debt:

- (i) for so long as any Class A Bonds remain outstanding, the holders of the Class A Bonds and each Cross Currency Hedge Counterparty that is party to a Cross Currency Hedging Agreement in respect of the Class A Bonds; or
- (ii) if there are no Class A Bonds then outstanding and for so long as any Class B Bonds remain outstanding, the holders of the Class B Bonds and each Cross Currency Hedge Counterparty that is party to a Cross Currency Hedging Agreement in respect of the Class B Bonds;

"Issuer Qualifying Debt" means:

- (i) for so long as any Class A Bonds remain outstanding, the sum of (i) the Principal Amount Outstanding of the Class A Bonds and (ii) the mark-to-market value of all transactions arising under Cross Currency Hedging Agreements in respect of the Class A Bonds to the extent that such value represents an amount which would be payable to the relevant Cross Currency Hedge Counterparties if an early termination date was designated at such time in respect of such transactions; or
- (ii) if there are no Class A Bonds then outstanding and for so long as any Class B Bonds remain outstanding, the sum of (i) the Principal Amount Outstanding of the Class B Bonds and (ii) the mark-to-market value of all transactions arising under Cross Currency Hedging Agreements in respect of the Class B Bonds to the extent that such value represents an amount which would be payable to the relevant Cross Currency Hedge Counterparties if an early termination date was designated at such time in respect of such transactions;

"**Relevant Debt**" has the meaning given to it in the Hedging Policy; and

"**Treasury Transaction**" means any currency or interest rate purchase, cap or collar agreement, forward rate agreement, interest rate agreement, index-linked agreement, interest rate or currency or future or option contract, foreign exchange or currency purchase or sale agreement, interest rate swap, currency swap or combined similar agreement or any derivative transaction protecting against or benefitting from fluctuations in any rate or price.

(d) ***Application After Enforcement***

After enforcement of the Issuer Security, the Issuer Security Trustee shall (to the extent that such funds are available) use funds standing to the credit of the Issuer Accounts and any other proceeds of the enforcement of the Issuer Security to make payments in accordance with the Issuer Post-Enforcement Priority of Payments (as set out in the Issuer Deed of Charge).

5. **Interest and other Calculations**

(a) ***Interest Rate and Accrual***

Each Bond (unless specified in the relevant Final Terms or Pricing Supplement (as the case may be) to be a Zero Coupon Bond) bears interest on its Principal Amount Outstanding (or as otherwise specified in the relevant Final Terms or Pricing Supplement, as the case may be) from the Interest Commencement Date at the Interest Rate, such interest being payable in arrear (unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be)) on each Interest Payment Date.

Interest will cease to accrue on each Bond (or, in the case of the redemption of part only of a Bond, that part only of such Bond) on the due date for redemption unless, upon due presentation, payment of principal is improperly withheld or refused, in which event interest will continue to accrue (both before and after judgment) at the Interest Rate that would otherwise apply in respect of unpaid amounts on such Bonds at such time to the Bond Relevant Date).

In the case of interest on Class B Bonds only, if, on any Interest Payment Date, prior to the delivery of a Bond Enforcement Notice, there are insufficient funds available to the Issuer in accordance with the applicable Issuer Payment Priorities (after taking into account the amounts available to be drawn by the Issuer under any Liquidity Facility) to pay such accrued interest, the Issuer's liability to pay such accrued interest will be treated as not having fallen due and will be deferred until the earliest of: (i) the next following Interest Payment Date on which the Issuer has, in accordance with the cash management provisions of the Issuer Cash Management Agreement, sufficient funds available to pay such deferred amounts (including any interest accrued thereon); (ii) the date on which the Senior Debt has been paid in full; and (iii) the date on which a Bond Enforcement Notice has been delivered. Interest will accrue on such deferred interest at the rate otherwise payable on unpaid principal of such Class B Bonds at such time.

If any "**Maximum Interest Rate**" or "**Minimum Interest Rate**" is specified in the relevant Final Terms or Pricing Supplement (as the case may be), then the Interest Rate shall in no event be greater than the maximum or be less than the minimum so specified, as the case may be.

(b) ***Business Day Convention***

If any date referred to in these Conditions or the relevant Final Terms or Pricing Supplement (as the case may be) is specified to be subject to adjustment in accordance with a Business Day convention (each, a "**Business Day Convention**") and would otherwise fall on a day which is not a Business Day, then if the Business Day Convention specified in the relevant Final Terms or Pricing Supplement (as the case may be) is:

- (i) the "**Following Business Day Convention**", such date shall be postponed to the next day which is a Business Day;
- (ii) the "**Modified Following Business Day Convention**", such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month,

in which event such date shall be brought forward to the immediately preceding Business Day; or

- (iii) the "**Preceding Business Day Convention**", such date shall be brought forward to the immediately preceding Business Day.

(c) ***Floating Rate Bonds***

This Condition 5(c) is applicable only if the relevant Final Terms or Pricing Supplement (as the case may be) specify the Bonds as Floating Rate Bonds and in the limited circumstances set out in Condition 5(d) (*Fixed Rate Bonds*) and Condition 5(e) (*Index-Linked Bonds*).

(i) ***Screen Rate Determination***

Subject to Condition 5(i) (*Benchmark discontinuation*), if "**Screen Rate Determination**" is specified in the relevant Final Terms or Pricing Supplement (as the case may be) as the manner in which the Interest Rate(s) is/are to be determined, and if a Reference Rate and a Relevant Screen Page are so specified and the Reference Rate so specified is not SONIA, the Interest Rate applicable to the Bonds for each Interest Period will be determined by the Agent Bank (or the Calculation Agent, if applicable) on each Interest Determination Date on the following basis:

- (A) if the Relevant Screen Page displays a rate which is a composite quotation or customarily supplied by one entity, the Agent Bank (or the Calculation Agent, if applicable) will determine the Relevant Rate (as defined in Condition 5(j) (*Definitions*));
- (B) in any other case, the Agent Bank (or the Calculation Agent, if applicable) will determine the arithmetic mean of the Relevant Rates which appear on the Relevant Screen Page as at the Relevant Time on the relevant Interest Determination Date (as defined in Condition 5(j) (*Definitions*)) **provided that**, if five or more offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one highest quotation, one only of those quotations) and the lowest (or, if there is more than one lowest quotation, one only of those quotations) shall be disregarded by the Agent Bank (or Calculation Agent, if applicable) for the purpose of determining the arithmetic mean (rounded as provided in Condition 5(f) below) of the offered quotations);
- (C) if, in the case of paragraph (A) above, such rate does not appear on that Relevant Screen Page or, in the case of paragraph (B) above, fewer than two such rates appear on that Relevant Screen Page or if, in either case, the Relevant Screen Page is unavailable, the Agent Bank (or the Calculation Agent, if applicable) will:
 - (1) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Relevant Rate at approximately the Relevant Time on the relevant Interest Determination Date to prime banks in the Relevant Financial Centre interbank market (or, if appropriate, money market) in an amount that is representative for a single transaction in that market at that time; and
 - (2) determine the arithmetic mean of such quotations; and
- (D) if fewer than two such quotations are provided as requested in paragraph 5(c)(i)(C) above, the Agent Bank (or the Calculation Agent, if applicable) will determine the arithmetic mean of the rates (being the rates nearest to the Relevant Rate as determined by the Agent Bank (or the Calculation Agent, if applicable)) quoted by the Reference Banks at approximately 11.00 am (local time in the Relevant Financial Centre of the Relevant Currency) on the relevant Interest Determination Date (as defined in Condition 5(j) (*Definitions*)) for loans in the Relevant Currency to leading European banks for a period equal to the relevant Interest Period and in the Representative Amount (as defined in Condition 5(j) (*Definitions*)), and the Interest Rate for such Interest Period shall be the sum of

the rate or (as the case may be) the arithmetic mean so determined and (a) for any Interest Period that ends before the Scheduled Redemption Date, the Margin and (b) for any Interest Period that ends on or after the Scheduled Redemption Date, the Margin and the Step-Up Floating Fee Rate. However, if the Agent Bank or the Calculation Agent (as applicable) is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Interest Rate applicable to the Bonds during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Bonds in respect of a preceding Interest Period.

(ii) *ISDA Determination*

If "**ISDA Determination**" is specified in the relevant Final Terms or Pricing Supplement (as the case may be) as the manner in which the Interest Rate(s) is/are to be determined, the Interest Rate(s) applicable to the Bonds for each Interest Period will be the sum of the relevant ISDA Rate and (a) for any Interest Period that ends before the Scheduled Redemption Date, the Margin and (b) for any Interest Period that ends on or after the Scheduled Redemption Date, the Margin and the Step-Up Floating Fee Rate where ISDA Rate in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Agent Bank (or the Calculation Agent, if applicable) under an interest rate swap transaction if the Agent Bank (or the Calculation Agent, if applicable) were acting as calculation agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (A) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms or Pricing Supplement (as the case may be);
- (B) the Designated Maturity (as defined in the ISDA Definitions) is the Specified Duration (as defined in Condition 5(j) (*Definitions*)); and
- (C) the relevant Reset Date (as defined in the ISDA Definitions) is either (1) if the relevant Floating Rate Option is based on the London interbank offered rate ("**LIBOR**") for a currency, the first day of that Interest Period, (2) if the relevant Floating Rate Option is based on the Euro-zone interbank offered rate ("**EURIBOR**"), the first day of that Interest Period or (3) in any other case (such as in the case of SONIA), as specified in the relevant Final Terms or Pricing Supplement (as the case may be).

(iii) *Provisions relating to Floating Rate Bonds which reference SONIA*

If the relevant Final Terms or Pricing Supplement (as the case may be) specifies the Interest Rate applicable to the Bonds as being Floating Rate and the Reference Rate specified in the applicable Final Terms or Pricing Supplement (as the case may be) is SONIA, the Interest Rate applicable to the relevant Bonds for the relevant Interest Period will, subject as provided below, be Compounded Daily SONIA plus or minus the applicable relevant margin (for the purposes of this Condition 5(c)(iii), the "**Relevant Margin**") specified in the relevant Final Terms or Pricing Supplement (as the case may be), all as determined by the Calculation Agent.

For the purposes of this Condition 5(c)(iii):

"**Compounded Daily SONIA**" means, with respect to an Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) and will be calculated by the Calculation

Agent, as follows, and the resulting percentage will be rounded, if necessary, to the fourth decimal place, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

"**d**" means, for any Interest Period, the number of calendar days in such Interest Period;

"**d_o**" means, for any Interest Period, the number of London Banking Days in such Interest Period;

"**i**" means, for any Interest Period, a series of whole numbers from one to d_o, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in such Interest Period to, and including, the last London Banking Day in such Interest Period;

"**London Banking Day**" or "**LBD**" means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

"**n_i**" means, for any London Banking Day "i", the number of calendar days from, and including, such London Banking Day "i" up to, but excluding, the following London Banking Day;

"**Observation Period**" means, in respect of an Interest Period, the period from, and including, the date which is "p" London Banking Days prior to the first day of such Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) and ending on, but excluding the date which is "p" London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling "p" London Banking Days prior to such earlier date, if any, on which the Bonds become due and payable);

"**p**" means the whole number specified as the Observation Look-back Period in the applicable Final Terms, such number representing a number of London Business Days and which shall not be specified in the applicable Final Terms as less than five without the prior agreement of the Calculation Agent;

"**SONIA**" means the Sterling Overnight Index Average;

"**SONIA_i**" means, in respect of any London Banking Day, "i", a reference rate equal to the daily SONIA rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors (on the London Banking Day immediately following such London Banking Day); and

"**SONIA_{i-pLBD}**" means, in respect of any London Banking Day falling in the relevant Interest Period, the SONIA rate for the London Banking Day falling "p" London Banking Days prior to the relevant London Banking Day "i".

Subject to Condition 5(i) (*Benchmark discontinuation*), if in respect of any London Banking Day in the relevant Observation Period, the SONIA rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA rate shall be:

- (i) (A) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at close of business on the relevant London Banking Day; plus (B) the mean of the spread of the SONIA rate to the Bank Rate over the previous five London Banking Days on which a SONIA rate has been published, excluding the highest spread (or, if there

is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate; or

- (ii) if the Bank Rate is not published by the Bank of England at close of business on the relevant London Banking Day, the SONIA rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day on which the SONIA rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors).

Notwithstanding the paragraphs above, if the Bank of England publishes guidance as to: (i) how the SONIA reference rate is to be determined; or (ii) any rate that is to replace the SONIA reference rate, the Calculation Agent shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA for the purpose of the Notes for so long as the SONIA reference rate is not available or has not been published by the authorised distributors.

If the SONIA rate ceases to exist and the Calculation Agent determines that there is no industry accepted successor rate for debt market instruments linked to the SONIA rate, and that no substitute or other successor base rate is comparable to the SONIA rate, the Floating Rate will be determined by the Calculation Agent in its sole discretion and acting in good faith and in a commercially reasonable manner.

If the relevant Series of Bonds become due and payable in accordance with Condition 7, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms or Pricing Supplement (as the case may be), be deemed to be the date on which such Bonds became due and payable and the Interest Rate on such Bonds shall, for so long as any such Bond remains outstanding, be that determined on such date.

(d) ***Fixed Rate Bonds***

This Condition 5(d) is applicable only if the relevant Final Terms or Pricing Supplement (as the case may be) specify the Bonds as Fixed Rate Bonds.

Subject to the next paragraph, the Interest Rate applicable to the Bonds for each Interest Period will be the rate specified in the relevant Final Terms or Pricing Supplement (as the case may be).

The Interest Rate applicable to the Bonds for each Interest Period from (and including) the Scheduled Redemption Date will be a floating rate equal to the sum of (a) the rate determined in accordance with Condition 5(c) (*Floating Rate Bonds*) if that Condition otherwise applied and (b) the Step-Up Fixed Fee Rate.

(e) ***Indexed Bonds***

This Condition 5(e) is applicable only if the relevant Final Terms or Pricing Supplement (as the case may be) specify the Bonds as Indexed Bonds.

Payments of principal on, and interest payable in respect of, the Bonds will be subject to adjustment for indexation and to the extent set out in Condition 6(b) (*Application of the Index Ratio*).

Subject to the next paragraph, the Interest Rate applicable to the Bonds for each Interest Period will be the rate specified in the relevant Final Terms or Pricing Supplement (as the case may be).

The Interest Rate applicable to the Bonds for each Interest Period from (and including) the Scheduled Redemption Date will be a floating rate equal to the sum of (a) the arithmetic mean rate determined in accordance with Condition 5(c) (*Floating Rate Bonds*) if that Condition otherwise applied and (b) the Step-Up Fixed Fee Rate.

(f) ***Rounding***

For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified):

- (i) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up);
- (ii) all figures will be rounded to seven significant figures (with halves being rounded up); and
- (iii) all currency amounts which fall due and payable will be rounded to the nearest unit of such currency (with halves being rounded up). For these purposes, unit means, with respect to any currency other than euro, the lowest amount of such currency which is available as legal tender in the country of such currency and, with respect to euro, means 0.01 euro.

(g) ***Calculations***

The amount of interest payable in respect of any Bond for each Interest Period shall be calculated by applying the Interest Rate to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Bond divided by the Calculation Amount (as defined in Condition 5(j) (*Definitions*)) and, in the case of Indexed Bonds only, adjusted according to the indexation set out in Condition 6(b) (*Application of the Index Ratio*), unless an Interest Amount is specified in respect of such period in the relevant Final Terms or Pricing Supplement (as the case may be), in which case the amount of interest payable in respect of such Bond for such Interest Period will equal such Interest Amount.

(h) ***Determination and Publication of Interest Rates, Interest Amounts, Redemption Amounts and Instalment Amounts***

As soon as practicable after the Relevant Time on each Interest Determination Date or such other time on such date as the Agent Bank (or the Calculation Agent, if applicable) may be required to calculate any Redemption Amount or the amount of an instalment of scheduled principal (an "**Instalment Amount**"), obtain any quote or make any determination or calculation, the Agent Bank (or the Calculation Agent, if applicable) will determine the Interest Rate and calculate the amount of interest payable (the "**Interest Amounts**") in respect of each Specified Denomination of Bonds for the relevant Interest Period (including, for the avoidance of doubt, any applicable Index Ratio to be calculated in accordance with Condition 6(b) (*Application of the Index Ratio*)), calculate the Redemption Amount or Instalment Amount, obtain such quote or make such determination or calculation, as the case may be, and cause the Interest Rate and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Redemption Amount, Principal Amount Outstanding or any Instalment Amount to be notified to, in the case of Bearer Bonds, the Paying Agents or in the case of Registered Bonds, the Registrar, and, in each case, the Bond Trustee, the Issuer, the Bondholders and the London Stock Exchange and each other listing authority, stock exchange and/or quotation system by or on which the relevant Bonds have then been admitted to listing, trading and/or quotation as soon as possible after its determination but in no event later than: (i) (in case of notification to the Stock Exchange and each other listing authority, stock exchange and/or quotation system by which the relevant Bonds have then been admitted to listing, trading and/or quotation) the commencement of the relevant Interest Period, if determined prior to such time, in the case of an Interest Rate and Interest Amount; or (ii) in all other cases, the fourth Business Day after such determination. The Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange or other relevant authority on which the relevant Sub-Class or Class of Bonds are for the time being listed or by which they have been admitted to listing, to the Principal Paying Agent, the Bond Trustee and to the Bondholders in accordance with Condition 16 (*Notices*). If the Bonds become due and payable under Condition 10 (*Bond Events of Default*), the accrued interest

and the Interest Rate payable in respect of the Bonds shall nevertheless continue to be calculated as previously provided in accordance with this Condition 5 (*Interest and other Calculations*) but no publication of the Interest Rate or the Interest Amount so calculated need be made unless otherwise required by the Bond Trustee. The determination of each Interest Rate, Interest Amount, Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the Agent Bank (or the Calculation Agent, if applicable) or, as the case may be, the Bond Trustee pursuant to this Condition 5 or Condition 6 (*Indexation*), shall (in the absence of manifest error) be final and binding upon all parties.

(i) ***Benchmark discontinuation***

(i) *Independent Adviser*

Notwithstanding Conditions 5(c)(i), (ii), (iii) and (iv), if the Issuer determines in good faith that a Benchmark Event occurs in relation to an Original Reference Rate at any time when these Conditions provide for any remaining Interest Rate (or any component part thereof) to be determined by reference to such Original Reference Rate, then the Issuer shall notify the Calculation Agent and use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(i)(ii) and, in either case, an Adjustment Spread if any (in accordance with Condition 5(i)(iii)) and any Benchmark Amendments (in accordance with Condition 5(i)(iv)).

An Independent Adviser appointed pursuant to this Condition 5(i) (*Benchmark discontinuation*) shall act in good faith as an expert and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Bondholders, the Issuer, the Agents or any other party specified in the applicable Final Terms or Pricing Supplement (as the case may be) as being responsible for calculating the Interest Rate for any determination made by it or for any advice given to the Issuer in connection with the operation of this Condition 5(i) (*Benchmark discontinuation*).

(ii) *Successor Rate or Alternative Rate*

If the Independent Adviser determines that:

- (A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(i)(iii)) subsequently be used in place of the Original Reference Rate to determine the relevant Interest Rate (or the relevant component part thereof) for all relevant future payments of interest on the Bonds (subject to the further operation of this Condition 5(i) (*Benchmark discontinuation*)); or
- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(i)(iii)) subsequently be used in place of the Original Reference Rate to determine the relevant Interest Rate (or the relevant component part thereof) for all relevant future payments of interest on the Bonds (subject to the further operation of this Condition 5(i) (*Benchmark discontinuation*)).

(iii) *Adjustment Spread*

If the Independent Adviser determines: (i) that an Adjustment Spread should be applied to the Successor Rate or the Alternative Rate (as the case may be); and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be for each subsequent determination of a relevant Interest Rate (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable)).

(iv) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5(i) (*Benchmark discontinuation*) and the Independent Adviser

determines: (i) that amendments to these Conditions (including without limitation, amendments to the definitions of Day Count Fraction, Business Day, Interest Payment Date, Interest Determination Date, Relevant Time or Relevant Screen Page and related provisions) and the method for determining the fallback rate in relation to the Bonds are necessary to follow market practice or to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "**Benchmark Amendments**"); and (ii) the terms of the Benchmark Amendments, then the Calculation Agent shall, at the direction and expense of the Issuer and subject to the Issuer giving notice thereof in accordance with Condition 5(i)(v), without any requirement for the consent or approval of Bondholders, vary these Conditions and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice provided that the Calculation Agent shall not be obliged to effect any Benchmark Amendment if in the sole opinion of the Calculation Agent doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to it in these Conditions or the Agency Agreement in any way.

Notwithstanding any other provision of this Condition 5(i) (*Benchmark discontinuation*), if, as a result of the determination of any Successor Rate, Alternative Rate or Adjustment Spread, in the Calculation Agent's opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 5(i) (*Benchmark discontinuation*), the Calculation Agent shall promptly notify the Issuer thereof and the Issuer shall direct the Calculation Agent in writing as to which alternative course of action to adopt. If the Calculation Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer thereof and the Calculation Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

In connection with any such variation in accordance with this Condition 5(i)(iv), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Bonds are for the time being listed or by which they have been admitted to trading.

(v) *Notices, etc.*

The Issuer will notify the Bond Trustee, any other party specified in the applicable Final Terms or Pricing Supplement (as the case may be) as being responsible for calculating the Interest Rate and, in accordance with Condition 16, the Holders promptly of any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 5(i) (*Benchmark discontinuation*).

The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such notice will (in the absence of manifest error or bad faith in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any)) be binding on the Issuer, the Bond Trustee, the Paying Agent and the Holders.

(vi) *Survival of Original Reference Rate*

Without prejudice to the obligations of the Issuer under the provisions of this Condition 5(i) (*Benchmark discontinuation*), the Original Reference Rate and the fallback provisions provided for in Condition 5(i) (*Benchmark discontinuation*) will continue to apply unless and until a Benchmark Event has occurred.

(vii) *Fallbacks*

If, following the occurrence of a Benchmark Event and in relation to the determination of the Interest Rate on the relevant Interest Determination Date, no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this Condition 5(i) (*Benchmark discontinuation*) by such Interest Determination Date, the Interest Rate applicable to the next succeeding Interest Period shall be equal to the Interest Rate last determined in

relation to the Bonds in respect of the immediately preceding Interest Period (though substituting, where a different Margin or Maximum or Minimum Interest Rate is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Interest Rate relating to the relevant Interest Period, in place of the Margin or Maximum or Minimum Interest Rate relating to that last preceding Interest Period).

For the avoidance of doubt, this Condition 5(i)(vii) shall apply to the determination of the Interest Rate on the relevant Interest Determination Date only, and the Interest Rate applicable to any subsequent Interest Period(s) is subject to the subsequent operation of, and to adjustment as provided in, this Condition 5(i) (*Benchmark discontinuation*).

(viii) *Definitions*

In this Condition 5(i) (*Benchmark discontinuation*):

"**Adjustment Spread**" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines should be applied to the Successor Rate or the Alternative Rate (as the case may be) as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (A) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (B) in the case of an Alternative Rate or (where (A) above does not apply) in the case of a Successor Rate, the Independent Adviser determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (C) (if the Independent Adviser determines that (A) above does not apply and no such spread, formula or methodology is recognised or acknowledged as being customary market usage as referred to in (B) above) the Independent Adviser determines to be appropriate;

"**Alternative Rate**" means an alternative to the Reference Rate which the Independent Adviser determines in accordance with Condition 5(i)(ii) has replaced the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) or if no such rate exists, the rate which is most comparable to the Original Reference Rate, for a comparable interest period and in the same Specified Currency as the Bonds;

"**Benchmark Amendments**" has the meaning given to it in Condition 5(i)(iv);

"**Benchmark Event**" means:

- (A) the Original Reference Rate ceasing to be calculated, administered or published;
- (B) the later of: (i) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate); and (ii) the date falling six months prior to the specified date referred to in (B)(i) above;

- (C) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;
- (D) the later of: (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued; and (ii) the date falling six months prior to the specified date referred to in (D)(i) above;
- (E) the later of: (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case on or before a specified date; and (ii) the date falling six months prior to the specified date referred to in (E)(i) above; or
- (F) it has or will become unlawful for the Calculation Agent or any Paying Agent to calculate any payments due to be made to any Holder using the Original Reference Rate;

"Independent Adviser" means an independent financial institution of international repute or an independent financial adviser with appropriate expertise appointed by the Issuer under Condition 5(i)(i) at its own expense;

"Original Reference Rate" means the originally-specified Reference Rate used to determine the relevant Interest Rate (or any component part thereof) on the Bonds;

"Relevant Nominating Body" means, in respect of the Original Reference Rate:

(c) ***Changes in Circumstances Affecting the Index***

(i) *Change in base:* If at any time and from time to time the Index is changed by the substitution of a new base therefor, then with effect from the calendar month from and including that in which such substitution takes effect (A) the definition of Index and Index Figure in Condition 6(a) (*Definitions*) shall be deemed to refer to the new date or month in substitution for January 1987 (or, as the case may be, to such other date or month as may have been substituted therefor), and (B) the new Base Index Figure shall be the product of the existing Base Index Figure and the Index Figure immediately following such substitution, divided by the Index Figure immediately prior to such substitution.

(ii) *Delay in publication of Index:* If the Index Figure relating to any month (the "**relevant month**") which is required to be taken into account for the purposes of the determination of the Index Figure for any date is not published on or before the 14th Business Day before the date on which any payment of interest or principal on the Bonds is due (the "**date for payment**"), the Index Figure relating to the relevant month shall be (A) such substitute index figure (if any) as the Indexation Adviser considers to have been published by the United Kingdom Debt Management Office or the Bank of England, as the case may be, (or such other body designated by the UK Government for such purposes) for the purposes of indexation of payments on the Reference Gilt or, failing such publication, on any one or more issues of index-linked United Kingdom government stock selected by the Indexation Adviser (and approved by the Bond Trustee); or (B) if no such determination is made by such Indexation Adviser within seven days, the Index Figure last published (or, if later, the substitute index figure last determined pursuant to (A) above) before the date for payment.

(d) ***Application of Changes***

Where the provisions of Condition 6(c)(ii) (*Delay in publication of Index*) apply, the determination of the Indexation Adviser as to the Index Figure applicable to the month in which the date for payment falls shall be conclusive and binding. If, an Index Figure having been applied pursuant to Condition 6(c)(ii)(B), the Index Figure relating to the relevant month is subsequently published while a Bond is still outstanding, then:

- (i) in relation to a payment of principal or interest in respect of such Bond other than upon final redemption of such Bond, the principal or interest (as the case may be) next payable after the date of such subsequent publication shall be increased or reduced by an amount equal to (respectively) the shortfall or excess of the amount of the relevant payment made on the basis of the Index Figure applicable by virtue of Condition 6(c)(ii)(B), below or above the amount of the relevant payment that would have been due if the Index Figure subsequently published had been published on or before the 14th Business Day before the date for payment; and
- (ii) in relation to a payment of principal or interest upon final redemption, no subsequent adjustment to amounts paid will be made.

(e) ***Cessation of or Fundamental Changes to the Index***

- (i) If (A) the Bond Trustee has been notified by the Agent Bank (or the Calculation Agent, if applicable) that the Index has ceased to be published or (B) the Bond Trustee has been notified by the Agent Bank (or the Calculation Agent, if applicable) when any change is made to the coverage or the basic calculation of the Index which constitutes a fundamental change which would, in the opinion of the Bond Trustee acting solely on the advice of an Indexation Adviser, be materially prejudicial to the interests of the Bondholders, the Bond Trustee will give written notice of such occurrence to the Issuer, and the Issuer and the Bond Trustee together shall seek to agree for the purpose of the Bonds one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave the Issuer and the Bondholders in no better and no worse position than they would have been had the Index not ceased to be published or the relevant fundamental change not been made.
- (ii) If the Issuer and the Bond Trustee fail to reach agreement as mentioned above within 20 Business Days following the giving of notice as mentioned in paragraph (i) above, a bank or other person in London shall be appointed by the Issuer and the Bond Trustee or, failing agreement on and the making of such appointment within 20 business days following the expiry of the 20 Business Day period referred to above, by the Bond Trustee (in each case, such bank or other person so appointed being referred to as the "**Expert**"), to determine for the purpose of the Bonds one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave the Issuer and the Bondholders in no better and no worse position than they would have been had the Index not ceased to be published or the relevant fundamental change not been made. Any Expert so appointed shall act as an expert and not as an arbitrator and all fees, costs and expenses of the Expert and of any Indexation Adviser and of any of the Issuer and the Bond Trustee in connection with such appointment shall be borne by the Issuer.
- (iii) If any payment in respect of the Bonds is due to be made after the cessation or changes referred to in paragraph (i) above but before any such adjustment to, or replacement of, the Index takes effect, the Issuer shall (if the Index Figure applicable (or deemed applicable) to the relevant month is not available in accordance with the provisions of Condition 6(c)(i) (*Delay in publication of Index*)) make a provisional payment on the basis that the Index Figure applicable to the month in which such payment is due to be made is the Index Figure last published. In that event, or in the event of any payment (also referred to below as a "**provisional payment**") on the Bonds having been made on the basis of an Index applicable under Condition 6(c)(ii)(A) and the Bond Trustee (acting solely on the advice of an Indexation Adviser) subsequently determining that the relevant circumstances fall within this Condition 6(e), then:
 - (A) in relation to a payment of principal or interest in respect of the Bonds other than upon final redemption of such Bond, if the sum which would have been payable if such adjustment of substitute index had been in effect on the due date for such payment is greater or less than the amount of such provisional payment, the Interest Amount payable on the Bonds on the Interest Payment Date next succeeding the date on which such adjustment or substitute index becomes effective shall be increased or reduced to reflect the amount by which such provisional payment fell short of, or (as the case may be) exceeded, the sum which

would have been paid on the Bonds if such adjustment or substituted index had been in effect on that date; or

- (B) in relation to a payment of principal or interest upon final redemption, no subsequent adjustment to amounts paid will be made.
- (iv) The Index shall be adjusted or replaced by a substitute index as agreed by the Issuer and the Bond Trustee or as determined by the Expert pursuant to the foregoing paragraphs, as the case may be, and references in these Conditions to the Index and to any Index Figure shall be deemed amended in such manner as the Bond Trustee and the Issuer agree are appropriate to give effect to such adjustment or replacement. Such amendments shall be effective from the date of such notification and binding upon the Issuer, the other Issuer Secured Creditors, the Bond Trustee and the Bondholders, and the Issuer shall give notice to the Bondholders in accordance with Condition 16 (*Notices*) of such amendments as promptly as practicable following such notification.

7. **Redemption, Purchase and Cancellation**

(a) ***Scheduled Redemption***

Unless previously redeemed in full, or purchased and cancelled as provided below, or unless such Bond is stated in the relevant Final Terms or Pricing Supplement (as the case may be) as having no fixed Maturity Date, each Sub-Class of Bonds will be redeemed on the Scheduled Redemption Date as follows and to the following extent:

- (i) if, by the Scheduled Redemption Date, the Issuer has received repayment of the related advance (in accordance with the provisions of the Borrower Loan Agreement) of a principal amount equal to the Principal Amount Outstanding (in the case of Indexed Bonds as adjusted in accordance with Condition 6(b) (*Application of the Index Ratio*)) of such Sub-Class, then the Bonds of such Sub-Class will be redeemed in full (after exchange of such principal amount to the relevant currency pursuant to the relevant Cross Currency Hedging Agreement, if such a Cross Currency Hedging Agreement has been entered into); and
- (ii) if, by the Scheduled Redemption Date, the Issuer has received repayment of the related advance (in accordance with the provisions of the Borrower Loan Agreement) of a principal amount less than the Principal Amount Outstanding (in the case of Indexed Bonds as adjusted in accordance with Condition 6(b) (*Application of the Index Ratio*)) of such Sub-Class, then the Bonds of such Sub-Class will be redeemed *pro rata* in part to the extent of the amount which is so deposited (after exchange of such principal amount to the relevant currency pursuant to the relevant Cross Currency Hedging Agreement, if such a Cross Currency Hedging Agreement has been entered into).

If the Bonds of a Sub-Class are not redeemed in full by the Scheduled Redemption Date, then on each Interest Payment Date which thereafter occurs, the Bonds of such Sub-Class will be redeemed in full or, as the case may be, *pro rata* in part to the extent of the principal amount (after exchange of such principal amount to the relevant currency pursuant to the relevant Cross Currency Hedging Agreement, if such a Cross Currency Hedging Agreement has been entered into or, if there is no longer a Cross Currency Hedging Agreement in place and the Sub-Class is denominated in a currency other than the currency of the related advance, at a spot rate of exchange) which, if any, is received by the Issuer in repayment of the related advance(s) (in accordance with the provisions of the Borrower Loan Agreement) until the earlier of (a) such time as such Sub-Class of Bonds is redeemed in full or (b) the Maturity Date specified in the relevant Final Terms or Pricing Supplement (as the case may be) for such Sub-Class.

(b) ***Final Redemption***

If the Bonds of a Sub-Class have not previously been redeemed in full, or purchased and cancelled, the Bonds will be finally redeemed at the then Principal Amount Outstanding (in the case of Indexed Bonds as adjusted in accordance with Condition 6(b) (*Application of the Index Ratio*)) of such Sub-Class plus accrued but unpaid interest on the Maturity Date specified in the relevant Final Terms or Pricing Supplement (as the case may be) for such Sub-Class.

In the case of principal on Class B Bonds only, if, on any date on or after the Maturity Date but prior to the delivery of a Bond Enforcement Notice on which such Bond is to be redeemed (in whole or in part), there are insufficient funds available to the Issuer to pay such principal, the Issuer's liability to pay such principal will be treated as not having become payable and will be deferred until the earliest of (i) the next following Interest Payment Date on which the Issuer has, in accordance with the cash management provisions of the Issuer Cash Management Agreement, sufficient funds to pay such deferred amounts (including any interest accrued thereon); (ii) the date on which all Senior Debt has been paid in full and (iii) the date on which a Bond Enforcement Notice has been delivered. Interest will accrue on such deferred principal at the rate otherwise payable on unpaid principal of such Class B Bonds immediately prior to the Maturity Date.

(c) ***Redemption of Zero Coupon Bonds after Scheduled Redemption Date***

If the relevant Final Terms or Pricing Supplement (as the case may be) specifies that there is a Scheduled Redemption Date for the Bonds, the Redemption Amount payable upon redemption of a Zero Coupon Bond at any time after the Scheduled Redemption Date shall be an amount equal to the sum of:

- (i) the Redemption Amount that would have been payable if the Bond had been redeemed on the Scheduled Redemption Date; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to such amount from (and including) the Scheduled Redemption Date to (but excluding) the date of redemption or (as the case may be) the date upon which the Bond becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms or Pricing Supplement (as the case may be) for the purposes of Condition 7(j) (*Redemption by Instalments*) or, if none is so specified, a Day Count Fraction of 30/360.

In these Conditions, "**Accrual Yield**" has the meaning given to it in the relevant Final Terms or Pricing Supplement (as the case may be).

(d) ***Optional Redemption***

Subject as provided below, upon giving not more than 60 nor less than 15 days' notice to the Bond Trustee, the Issuer Secured Creditors and the Bondholders, the Issuer may (prior to the Maturity Date) redeem any Sub-Class of the Bonds in whole or in part (but on a *pro rata* basis only) on any Interest Payment Date at their Redemption Amount, **provided that** Floating Rate Bonds may not be redeemed before the date (if any) specified in the relevant Final Terms or Pricing Supplement (as the case may be), as follows:

- (i) In respect of Fixed Rate Bonds denominated in sterling, the Redemption Amount will, unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be), be an amount equal to the higher of (A) their Principal Amount Outstanding and (B) the price determined to be appropriate by a financial adviser in London (selected by the Issuer and approved by the Bond Trustee) as being the price at which the Gross Redemption Yield on such Bonds on the Reference Date is equal to the Gross Redemption Yield at 3.00 pm (London time) on the Reference Date on the Reference Gilt while that stock is in issue, and thereafter such UK government stock as the Issuer may, with the advice of three persons operating in the gilt-edged market (selected by the Issuer and approved by the Bond Trustee) determine to be appropriate, plus accrued but unpaid interest on the Principal Amount Outstanding.

For the purposes of this paragraph 7(d)(i), "**Gross Redemption Yield**" means a yield expressed as a percentage and calculated on a basis consistent with the basis indicated by the UK Debt Management Office publication "Formulae for Calculating Gilt Prices from Yields" published on 8 June 1998 with effect from 1 November 1998 and updated on 15 January 2002, page 5 or any replacement therefor and, for the purposes of such calculation, the date of redemption of the relevant Fixed Rate Bonds shall be assumed to be the Scheduled Redemption Date and not the Maturity Date; "**Reference Date**" means the date which is two Business Days prior to the despatch of the notice of redemption under this paragraph (i); and "**Reference Gilt**" means the United Kingdom government stock specified in the relevant Final Terms or Pricing Supplement (as the case may be).

- (ii) In respect of Floating Rate Bonds, the Redemption Amount will, unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be), be the Principal Amount Outstanding plus any premium for early redemption in certain years (as specified in the relevant Final Terms or Pricing Supplement (as the case may be)) plus any accrued but unpaid interest on the Principal Amount Outstanding.

- (iii) In respect of Indexed Bonds denominated in sterling, the Redemption Amount will (unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be)) be the higher of (i) the Principal Amount Outstanding and (ii) the price determined to be appropriate (without any additional indexation beyond the implicit indexation in such determined price) by a financial adviser in London (selected by the Issuer and approved by the Bond Trustee) as being the price at which the Gross Real Redemption Yield on the Bonds on the Reference Date (as defined below) is equal to the Gross Real Redemption Yield at 3.00 pm (London time) on the Reference Date on the Reference Gilt while that stock is in issue, and thereafter such UK government stock as the Issuer may, with the advice of three persons operating in the giltedged market (selected by the Issuer and approved by the Bond Trustee), determine to be appropriate, plus accrued but unpaid interest (as adjusted in accordance with Condition 6(b) (*Application of the Index Ratio*)) on the Principal Amount Outstanding.

For the purposes of this paragraph (iii), "**Gross Real Redemption Yield**" means a yield expressed as a percentage and calculated on a basis consistent with the basis indicated by the UK Debt Management Office publication "Formulae for Calculating Gilt Prices from Yields" published on 8 June 1998 with effect from 1 November 1998 and updated on 15 January 2002, page 4 or any replacement therefor and, for the purposes of such calculation, the date of redemption of the relevant Indexed Bonds shall be assumed to be the Scheduled Redemption Date and not the Maturity Date; "**Reference Date**" means the date which is two Business Days prior to the despatch of the notice of redemption under this paragraph (iii); and Reference Gilt means the United Kingdom government stock specified in the relevant Final Terms or Pricing Supplement (as the case may be).

- (iv) In respect of Fixed Rate Bonds denominated in euro, the Redemption Amount will, unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be), be an amount equal to the higher of (i) their Principal Amount Outstanding and (ii) the present value at the Reference Date of (A) their Principal Amount Outstanding plus (B) all required interest payments due on the Bonds (excluding accrued but unpaid interest to the date on which the Bonds are to be redeemed (the "**Redemption Date**")), computed using a discount rate equal to the Bund Rate on the Reference Date and assuming the relevant Fixed Rate Bonds would otherwise have been redeemed on the Scheduled Redemption Date, plus, in either case, accrued but unpaid interest to the Redemption Date.

For the purposes of this paragraph 7(d)(iv), "**Bund Rate**" means, with respect to any Reference Date, the rate per annum equal to the equivalent yield to maturity on such date of the Comparable German Bund Issue, assuming a price for the Comparable German Bund Issue (expressed as a percentage of its principal amount) equal to the Comparable German Bund Price on such date of determination; "**Comparable German Bund Issue**" means the German Bundesanleihe security specified in the relevant Final Terms or Pricing Supplement (as the case may be) or, if no such security is specified or the specified security is no longer in issue, the German Bundesanleihe security selected by any Reference German Bund Dealer as having a fixed maturity most nearly equal to the period from such Reference Date to the Scheduled Redemption Date and that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of euro-denominated corporate debt securities in a principal amount approximately equal to the then Principal Amount Outstanding of the Bonds and of a maturity most nearly equal to the Scheduled Redemption Date **provided, however, that** if the period from such Redemption Date to the Scheduled Redemption Date is less than one year, a fixed maturity of one year shall be used; "**Comparable German Bund Price**" means, with respect to any relevant date, the average of all Reference German Bund Dealer Quotations for such date (which, in any event, must include at least two such quotations), after excluding the highest and lowest such Reference German Bund Dealer Quotations or, if the Financial Adviser obtains fewer than four such Reference German Bund Dealer Quotations, the average of all such quotations; "**Financial Adviser**" means a financial adviser in Frankfurt (selected by the Issuer and approved by the Bond Trustee); "**Reference Date**" means the date which is three Business Days prior to the despatch of the notice of redemption under this paragraph (iv); "**Reference German Bund Dealer**" means any dealer of German Bundesanleihe securities appointed by the Financial Adviser; and "**Reference German Bund Dealer Quotations**" means, with respect to each Reference German Bund Dealer

and any relevant date, the average as determined by the Financial Adviser of the bid and offered prices for the Comparable German Bund Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Financial Adviser by such Reference German Bund Dealer at or about 3.30 pm (Frankfurt, Germany time) on the Reference Date.

In the case of a partial redemption of Bonds, the Bonds to be redeemed ("**Redeemed Bonds**") will be selected individually by lot, in the case of Redeemed Bonds represented by Definitive Bonds, and in accordance with the rules of DTC and/or Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), in the case of Redeemed Bonds represented by a Global Bond, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"). In the case of Redeemed Bonds represented by Definitive Bonds, a list of the serial numbers of such Redeemed Bonds will be published in accordance with Condition 16 (Notices) not less than 15 days (or such shorter period as is specified in the applicable Final Terms or Pricing Supplement (as the case may be)) prior to the date fixed for redemption. No exchange of the relevant Global Bond will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 7(d) and notice to that effect shall be given by the Issuer to the Bondholders in accordance with Condition 16 (*Notices*) at least five days (or such shorter period as is specified in the applicable Final Terms or Pricing Supplement (as the case may be)) prior to the Selection Date.

In any such case, prior to giving any such notice, the Issuer must certify (as further specified in the Finance Documents) to the Bond Trustee that it will have the funds, not subject to any interest (other than under the Issuer Security) of any other person, required to redeem the Bonds as aforesaid and to meet any amounts to be paid in priority to or *pari passu* with the Bonds being redeemed under the relevant Issuer Payment Priorities.

(e) ***Redemption for Index Event, Taxation or Other Reasons***

Redemption for Index Events: Upon the occurrence of any Index Event (as defined below), the Issuer may, upon giving not more than ten nor less than five days' notice to the Bond Trustee, the Issuer Secured Creditors and the holders of the Indexed Bonds in accordance with Condition 16 (*Notices*), redeem all (but not some only) of the Indexed Bonds of all Sub-Classes on any Interest Payment Date at the Principal Amount Outstanding (adjusted in accordance with Condition 6(b) (*Application of the Index Ratio*)) plus accrued but unpaid interest. No single Sub-Class of Indexed Bonds may be redeemed in these circumstances unless all the other Classes and Sub-Classes of Indexed Bonds linked to the same underlying Index are also redeemed at the same time. Before giving any such notice, the Issuer shall provide to the Bond Trustee and the Issuer Secured Creditors a certificate signed by an authorised signatory (a) stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (b) confirming that the Issuer will have sufficient funds on such Interest Payment Date to effect such redemption and to discharge any amounts to be paid in priority to, or *pari passu*, with the Bonds being redeemed under the applicable Issuer Payment Priorities.

"**Index Event**" means (i) if the Index Figure for three consecutive months falls to be determined on the basis of an Index Figure previously published as provided in Condition 6(c)(ii) (*Delay in publication of Index*) and the Bond Trustee has been notified by the Principal Paying Agent that publication of the Index has ceased or (ii) notice is published by Her Majesty's Treasury, or on its behalf, following a change in relation to the Index, offering a right of redemption to the holders of the Reference Gilt, and (in either case) no amendment or substitution of the Index has been advised by the Indexation Adviser to the Issuer and such circumstances are continuing.

Redemption for Taxation Reasons and Illegality: In addition, if at any time the Issuer satisfies the Bond Trustee that by reason of a change in law (or the application or official interpretation thereof), which change becomes effective on or after the Issue Date, (a) the Issuer would, on the next Interest Payment Date, become obliged to deduct or withhold from any payment of interest, premium or principal in respect of the Bonds (other than in respect of default interest), any amount for or on

account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the UK or Jersey or any political subdivision thereof, or any other authority thereof or any change in the application or official interpretation of such laws or regulations ("**Taxes**"); (b) the Borrower would on the next Interest Payment Date be required to make any withholding or deduction for or on account of any Taxes from payments in respect of the Borrower Loan Agreement; (c) a Hedge Counterparty would be entitled to terminate a Hedging Agreement in accordance with its terms as a result of the Issuer Hedge Counterparty being required to make any withholding or deduction for or on account of any Taxes from payments in respect of an Issuer Hedging Agreement; or (d) it has or will become unlawful for the Issuer to perform any of its obligations under the Borrower Loan Agreement or to fund or to maintain its participation in the Borrower Loans, then the Issuer may, in order to avoid the relevant deductions, withholding or illegality but is not obliged to, (i) use its reasonable endeavours to arrange the substitution of a company incorporated under the laws of another jurisdiction approved by the Bond Trustee as principal debtor under the Bonds and as lender under the Borrower Loan Agreement and as obligor under the Finance Documents upon satisfying the conditions for substitution of the Issuer as set out in Condition 14(e) (*Meetings of Bondholders, Modification, Waiver and Substitution*) or (ii) convert any Bearer Bonds into Registered Bonds in accordance with Condition 2(a) (*Exchange of Bonds*) if such conversion will be effective to avoid the relevant deduction, withholding or illegality. If the Issuer is unable to arrange a substitution as described above having used reasonable endeavours to do so and a conversion of Bearer Bonds into Registered Bonds would not prevent any withholding, deduction or illegality and, as a result, the relevant illegality or obligation to make a deduction or withholding is continuing, then the Issuer may, upon giving not more than ten nor less than five days' notice to the Bond Trustee, the Issuer Secured Creditors and the Bondholders in accordance with Condition 16 (*Notices*), redeem all (but not some only) of the Bonds on any Interest Payment Date at their Principal Amount Outstanding plus accrued but unpaid interest thereon (each adjusted, in the case of Indexed Bonds, in accordance with Condition 6(b) (*Application of the Index Ratio*)). Before giving any such notice of redemption, the Issuer shall provide to the Bond Trustee and the Issuer Secured Creditors a certificate signed by an authorised signatory (a) stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have been satisfied (together with evidence satisfactory to the Bond Trustee that such conditions have been satisfied, including such legal opinions as the Bond Trustee may require) and (b) confirming that the Issuer will have sufficient funds on such Interest Payment Date to effect such redemption and to discharge any amounts to be paid in priority to, or *pari passu* with, the Bonds being redeemed under the applicable Issuer Payment Priorities.

(f) ***Early Redemption on Prepayment of Borrower Loan Agreement***

If:

- (i) the Borrower gives notice to the Issuer under the Borrower Loan Agreement that it intends to prepay all or part of any advance made under such Borrower Loan Agreement or the Borrower is required to prepay all or part of any advance made under the Borrower Loan Agreement; and
- (ii) in each case, such advance was funded by the Issuer from the proceeds of the issue of a Class or Sub-Class of Bonds,

the Issuer shall, upon giving not more than ten nor less than five days' notice to the Bond Trustee, the Issuer Secured Creditors and the Bondholders in accordance with Condition 16 (*Notices*) (where such advance is being prepaid in whole) redeem all of the Bonds of that Class or Sub-Class or (where part only of such advance is being prepaid) the proportion of the relevant Class or Sub-Class of Bonds which the proposed prepayment amount bears to the amount of the relevant advance.

In the case of a voluntary prepayment, the relevant Bonds will be redeemed at their Redemption Amount determined in accordance with Condition 7(d) (*Optional Redemption*) except that, in the case of Fixed Rate Bonds and Indexed Bonds, for the purposes of this Condition 7(f), "**Reference Date**" means the date two Business Days prior to the despatch of the notice of redemption given under this Condition 7(f), plus accrued but unpaid interest and, in the case of any other prepayment,

the relevant Bonds will be redeemed at their Principal Amount Outstanding plus accrued but unpaid interest.

Notwithstanding the foregoing, no redemption of Call Protected Floating Rate Bonds, Fixed Rate Bonds or Indexed Bonds shall be made in respect of any Sub-Class of Call Protected Floating Rate Bonds, Fixed Rate Bonds or Indexed Bonds at such Par Redemption Amount or, as the case may be, Modified Redemption Amount unless sanctioned by an Extraordinary Resolution passed at a meeting of Bondholders of the relevant Sub-Class of Call Protected Floating Rate Bonds, Fixed Rate Bonds or Indexed Bonds, duly convened and held in accordance with the Bond Trust Deed.

For the purposes of this Condition 7(f), "**Alternative Redemption Amount**" means the amount specified as such in the relevant Final Terms or Pricing Supplement (as the case may be) (if any); "**Call Protected Floating Rate Bonds**" means any Floating Rate Bonds, the Final Terms or Pricing Supplement (as the case may be) in respect of which, at the proposed date of redemption, would oblige the Issuer to pay a premium to par upon the optional early redemption of such Floating Rate Bonds; "**Redemption Rate**" means the sum of the Relevant Swap Mid Curve Rate and 0.50% per annum or, if the Relevant Swap Mid Curve Rate is not able to be determined, the sum of such rate as may be approved by the Bond Trustee and 0.50% per annum; "**Gross Redemption Yield**" has the meaning given to it (in the case of Fixed Rate Bonds) in Condition 7(d)(i) or (in the case of Indexed Bonds) in Condition 7(d)(iii); "**Relevant Swap Mid Curve Rate**" means the mid-point of the bid-side and offer-side rates for the fixed leg of a hypothetical interest rate swap with a notional profile equal to the interest profile applicable to the relevant Sub-Class of Bonds to be redeemed to (but excluding) the Scheduled Redemption Date, with the same payment dates as the relevant Bonds, against a floating leg of the Relevant Interest Rate, with no spread, where such hypothetical interest rate swap is between two highly-rated (as rated AA- by S&P or Fitch or Aa3 by Moody's or equivalent or higher) and fully collateralised market counterparties (the Relevant Swap Mid Curve Rate shall be determined by a financial adviser (nominated by the Issuer and approved by the Bond Trustee) using its standard valuation methodology (as at the date of calculation) as at or about the time for determining interest rate quotation in the currency of the relevant Bonds in accordance with market practice on the Reference Date); and "**Relevant Interest Rate**" means the rate of interest for deposits in the currency of the relevant Bonds and of a duration equal to the length of the Interest Period (other than the first or last Interest Period, if different) of the relevant Bonds as determined as at or about the time for determining interest rate quotation in the currency of the relevant Bonds in accordance with market practice on the Reference Date by reference to the Reuters screen (if the relevant Bonds are denominated in sterling or U.S. dollars) LIBOR01, (if the relevant Bonds are denominated in euro) EURIBOR01 or (if the relevant Bonds are denominated in a currency other than sterling or euro) specified in the relevant Final Terms or Pricing Supplement (as the case may be) or, in each case, such other page as may replace such page or, if that service ceases to display such information, such page as displays such information on such service (or, if more than one, that one previously approved in writing by the Bond Trustee) as may replace the Reuters screen.

(g) ***Early redemption following Loan Enforcement Notice***

If the Issuer receives (or is to receive) any monies from any Obligor following the service of a Loan Enforcement Notice in repayment of all or any part of a Borrower Loan, the Issuer shall, upon giving not more than ten nor less than five days' notice to the Bond Trustee, the Issuer Secured Creditors and the Bondholders in accordance with Condition 16 (*Notices*) apply such monies in accordance with the Issuer Pre-Enforcement Priority of Payments or the Issuer Post-Enforcement Priority of Payments, as applicable, and redeem (to the extent of such monies as are available in accordance with the relevant Issuer Payment Priorities) each Sub-Class of the then outstanding Bonds (corresponding to the advance under the Borrower Loan Agreement which is prepaid in accordance with the provisions of the Borrower Post-Enforcement (Pre-Acceleration) Priority of Payments, if applicable) at their Principal Amount Outstanding plus accrued but unpaid interest on the next Interest Payment Date (or, if sooner, Maturity Date). In the event that there are insufficient monies to redeem all of the Bonds outstanding of a particular Sub-Class, each Bond of such Sub-Class shall be redeemed in part in the proportion which the Principal Amount Outstanding of such Bond to be redeemed bears to the aggregate Principal Amount Outstanding of such Sub-Class.

(h) ***Early redemption of Zero Coupon Bonds***

Unless otherwise specified in the relevant Final Terms or Pricing Supplement (as the case may be), the Redemption Amount payable on redemption of a Zero Coupon Bond at any time before the Maturity Date shall be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Bond becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms or Pricing Supplement (as the case may be) for the purposes of this Condition 7(h) or, if none is so specified, a Day Count Fraction of 30/360.

In these Conditions, "**Accrual Yield**" and "**Reference Price**" have the meanings given to them in the relevant Final Terms or Pricing Supplement (as the case may be).

(i) ***Purchase of Bonds***

The Issuer or any Obligor may, **provided that** no Bond Event of Default has occurred and is continuing, purchase Bonds (**provided that** all unmatured Receipts and Coupons and unexchanged Talons (if any) appertaining thereto are attached or surrendered therewith) in the open market or otherwise at any price. Any purchase by tender shall be made available to all Bondholders alike. Such Bonds may be held, reissued, resold or, at the option of the Issuer or the relevant Obligor, may be surrendered to any Paying Agent and/or the Registrar for cancellation in accordance with Condition 7(k) (*Cancellation*).

If not all the Bonds which are in registered and definitive form are to be purchased, upon surrender of the existing Registered Definitive Bond, the Registrar shall forthwith upon the written request of the Bondholder concerned issue a new Registered Definitive Bond in respect of the Bonds which are not to be purchased and despatch such Registered Definitive Bond to the Bondholder (at the risk of the Bondholder and to such address as the Bondholder may specify in such request).

While the Bonds are represented by a Global Bond, the relevant Global Bond will be endorsed to reflect the Principal Amount Outstanding of Bonds to be so purchased and cancelled.

(j) ***Redemption by Instalments***

Unless previously redeemed, purchased and cancelled as provided in this Condition 7, each Bond which provides for instalment dates (as specified in the relevant Final Terms or Pricing Supplement (as the case may be), each an "**Instalment Date**") and Instalment Amounts (as specified in the relevant Final Terms or Pricing Supplement (as the case may be)) will be partially redeemed on each Instalment Date at the Instalment Amount.

(k) ***Cancellation***

Any Bearer Bonds or Registered Bonds purchased by or on behalf of the Issuer or by an Obligor in accordance with Condition 7(i) (*Purchase of Bonds*) may be surrendered to or to the order of the Principal Paying Agent or the Registrar, as the case may be, for cancellation and, if so surrendered, will, together with all Bonds redeemed by the Issuer, be cancelled forthwith (together with, in the case of Bearer Bonds, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Bonds so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Bonds shall be discharged.

8. **Payments**

(a) ***Bearer Bonds***

Payments to the Bondholders of principal (or, as the case may be, Redemption Amounts or other amounts payable on redemption) and interest (or, as the case may be, Interest Amounts) in respect of Bearer Bonds will, subject as mentioned below, be made against presentation and surrender (if the Bond is not intended to be in NGB form) of the relevant Receipts (in the case of payment of Instalment Amounts other than on the due date for final redemption and **provided that** the Receipt is presented for payment together with its relative Bond), Bonds (in the case of all other payments of principal and, in the case of interest, as specified in Condition 8(f) (*Unmatured Coupons and Receipts and Unexchanged Talons*)) or Coupons (in the case of interest, save as specified in Condition 8(f) (*Unmatured Coupons and Receipts and Unexchanged Talons*)), as the case may be, at the specified office of any Paying Agent outside the United States of America by transfer to an account denominated in the currency in which such payment is due with, or (in the case of Bonds in definitive form only) a cheque payable in that currency drawn on, a bank in (i) the principal financial centre of that currency **provided that** such currency is not euro, or (ii) the principal financial centre of any Participating Member State if that currency is euro. On the occasion of each payment, (i) in the case of any Bearer Bond which is not issued in NGB form, a record of such payment made on such Bearer Bond, distinguishing between any payment of principal and any payment of interest, will be made on such Bearer Bond by the Paying Agent and such record shall be *prima facie* evidence that the payment in question has been made and (ii) in the case of any Global Bond which is issued in NGB form, the Paying Agent shall instruct Euroclear and Clearstream, Luxembourg to make appropriate entries in their records to reflect such payment.

No payment of principal and/or interest in respect of a Bearer Bond with an original maturity of more than 365 days will be made by a transfer of funds into an account maintained by the payee in the United States or by mailing a cheque to an address in the United States, except as provided in Condition 8(c) (*Payments in the United States of America*).

(b) ***Registered Bonds***

Payments of principal (or, as the case may be, Redemption Amounts) in respect of Registered Bonds will be made to the holder (or the first named of joint holders) of such Bond against presentation and surrender of the relevant Registered Bond at the specified office of the Registrar and in the manner provided in Condition 8(a) (*Bearer Bonds*).

Payments of instalments in respect of Registered Bonds will be made to the holder (or the first named of joint holders) of such Bond against presentation of the relevant Registered Bond at the specified office of the Registrar in the manner provided in Condition 8(a) (*Bearer Bonds*) and annotation of such payment on the Register and the relevant Bond.

Interest (or, as the case may be, Interest Amounts) on Registered Bonds payable on any Interest Payment Date will be paid to the holder (or the first named of joint holders) (i) in respect of a Registered Global Bond, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) in respect of a Registered Definitive Bond on the 15th day before the due date for payment thereof (the "**Record Date**"). Payment of interest or Interest Amounts on each Registered Bond will be made in the currency in which such payment is due by cheque drawn on a bank in (a) the principal financial centre of the country of the currency concerned, **provided that** such currency is not euro, or (b) the principal financial centre of any Participating Member State if that currency is euro and mailed to the holder (or to the first named of joint holders) of such Bond at its address appearing in the Register. Upon application by the Bondholder to the specified office of the Registrar before the relevant Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a bank in (a) the principal financial centre of the country of that currency **provided that** such currency is not euro, or (b) the principal financial centre of any Participating Member State if that currency is euro.

On the occasion of each payment, a record of each payment so made will be endorsed on the schedule to the Global Bond or the Registered Definitive Bond by or on behalf of the Principal

Paying Agent or the Registrar, as the case may be, which endorsement shall be *prima facie* evidence that such payment has been made.

(c) ***Payments in the United States of America***

Notwithstanding the foregoing, if any Bearer Bonds are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States of America with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Bonds in the manner provided above when due;
- (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts; and
- (iii) such payment is then permitted by the law of the United States of America, without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(d) ***Payments subject to fiscal laws; payments on Global Bonds***

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the (i) provisions of this Condition 8 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, amended (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commission or expenses shall be charged to the Bondholders, Couponholders or Receiptholders (if any) in respect of such payments.

The holder of a Global Bond shall be the only person entitled to receive payments of principal (or Redemption Amounts) and interest (or Interest Amounts) on the Global Bond (as the case may be) and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Bond in respect of each amount paid.

(e) ***Appointment of the Agents***

The Agents appointed by the Issuer (and their respective specified offices) are listed in the Agency Agreement. Any Calculation Agent will be listed in the relevant Final Terms or Pricing Supplement (as the case may be) and will be appointed pursuant to a Calculation Agency Agreement. The Agents act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any holder. The Issuer reserves the right, with the prior written consent of the Bond Trustee, at any time to vary or terminate the appointment of any Agent, and to appoint additional or other Agents, **provided that** the Issuer will at all times maintain (i) a Principal Paying Agent (in the case of Bearer Bonds), (ii) a Registrar (in the case of Registered Bonds), (iii) an Agent Bank or Calculation Agent (as specified in the relevant Final Terms or Pricing Supplement (as the case may be)) and (iv) if and for so long as the Bonds are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent, Transfer Agent or Registrar in any particular place, a Paying Agent, Transfer Agent and/or Registrar, as applicable, having its specified office in the place required by such listing authority, stock exchange and/or quotation system. Notice of any such variation, termination, resignation or appointment shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice has been given to the Bondholders in accordance with Condition 16 (*Notices*).

(f) ***Unmatured Coupons and Receipts and Unexchanged Talons***

- (i) Subject to the provisions of the relevant Final Terms or Pricing Supplement (as the case may be), upon the due date for redemption of any Bond which is a Bearer Bond (other than a Fixed Rate Bond, unless it has all unmatured Coupons attached), unmatured Coupons and Receipts relating to such Bond (whether or not attached) shall become void and no payment shall be made in respect of them.

- (ii) Upon the date for redemption of any Bond, any unmatured Talon relating to such Bond (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iii) Upon the due date for redemption of any Bond which is redeemable in instalments, all Receipts relating to such Bond having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iv) Where any Bond, which is a Bearer Bond and is a Fixed Rate Bond, is presented for redemption without all unmatured Coupons and any unexchanged Talon relating to it, a sum equal to the aggregate amount of the missing unmatured Coupons will be deducted from the amount of principal due for payment and redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Bond is not an Interest Payment Date, interest accrued from the preceding Interest Payment Date or the Interest Commencement Date, as the case may be, or the Interest Amount payable on such date for redemption shall only be payable against presentation (and surrender if appropriate) of the relevant Bond and Coupon.

(g) ***Non-Business Days***

Subject as provided in the relevant Final Terms or Pricing Supplement (as the case may be), if any date for payment in respect of any Bond, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, "**business day**" means a day (other than a Saturday or a Sunday) on which banks are open for presentation and payment of debt securities and for dealings in foreign currency in London and in the relevant place of presentation and in the cities referred to in the definition of Business Days and (in the case of a payment in a currency other than euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which dealings may be carried on in the relevant currency in the principal financial centre of the country of such currency and, in relation to any sum payable in euro, a day on which the TARGET2 system is open.

(h) ***Talons***

On or after the Interest Payment Date for the final Coupon forming part of a coupon sheet issued in respect of any Bond, the Talon forming part of such coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further coupon sheet (and if necessary another Talon for a further coupon sheet) (but excluding any Coupons which may have become void pursuant to Condition 12 (*Prescription*)).

9. **Taxation**

All payments in respect of the Bonds, Receipts or Coupons will be made (whether by the Issuer, any Paying Agent, the Registrar or the Bond Trustee) without withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature unless the Issuer, any Paying Agent or the Registrar or, where applicable, the Bond Trustee is required by applicable law to make any payment in respect of the Bonds, Receipts or Coupons subject to any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature. In that event, the Issuer, such Paying Agent, the Registrar or the Bond Trustee, as the case may be, shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. None of the Issuer, any Paying Agent, the Registrar or the Bond Trustee will be obliged to make any additional payments to the Bondholders, Receiptholders or the Couponholders in respect of such withholding or deduction but without limitation to Condition 7(e). The Issuer, any Paying Agent, the Registrar or the Bond Trustee may require holders to provide such certifications and other documents as required by applicable law in order to qualify for exemptions from applicable tax laws.

10. **Bond Events of Default**

(a) ***Bond Event of Default***

Each and any of the following events shall be treated as a "**Bond Event of Default**":

- (i) *Non-payment*: default is made by the Issuer in the payment of principal in respect of any Sub-Class of the Most Senior Class of Bonds when due in accordance with these Conditions, or default is made by the Issuer for a period of three Business Days in the payment of interest on any Sub-Class of the Most Senior Class of Bonds when due in accordance with these Conditions;
- (ii) *Breach of other obligations*: default is made by the Issuer in the performance or observance of any other obligation, condition, provision, representation or warranty binding upon or made by it under the Bonds or the Issuer Transaction Documents (other than any obligation whose breach would give rise to the Bond Event of Default provided for in paragraph (i) above) and, except where in the opinion of the Bond Trustee such default is not capable of remedy, such default continues for a period of 30 Business Days;
- (iii) *Insolvency Event*: an Insolvency Event occurs in relation to the Issuer; or
- (iv) *Unlawfulness*: it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Bonds or the Issuer Transaction Documents.

(b) ***Delivery of Bond Enforcement Notice***

If any Bond Event of Default occurs and is continuing and, in the case of the Bond Event of Default described in Condition 10(a)(ii), the Bond Trustee has certified in writing that, in its opinion, the happening of such event is materially prejudicial to the interests of the holders of each Sub-Class of the Most Senior Class of Bonds, the Bond Trustee (i) may, at any time, at its discretion and (ii) shall, upon being so directed in writing by Issuer Qualifying Creditors together holding or representing 25% or more of the Issuer Qualifying Debt, deliver a notice (the "**Bond Enforcement Notice**") to the Issuer and copied to the Issuer Security Trustee **provided that**, in either case, it is indemnified and/or secured and/or prefunded to its satisfaction.

(c) ***Confirmation of no Bond Event of Default***

The Issuer, pursuant to the terms of the Bond Trust Deed, shall provide written confirmation to the Bond Trustee, on an annual basis, that no Bond Event of Default has occurred.

(d) ***Consequences of the delivery of a Bond Enforcement Notice***

Upon delivery of a Bond Enforcement Notice in accordance with Condition 10(b) (*Delivery of Bond Enforcement Notice*): (i) all Classes of the Bonds then outstanding shall thereby immediately become due and repayable at their respective Principal Amount Outstanding (in the case of Indexed Bonds, as adjusted in accordance with Condition 6(b) (*Application of the Index Ratio*)) plus accrued but unpaid interest (other than in the case of Zero Coupon Bonds) and, in the case of Indexed Bonds, as adjusted in accordance with Condition 6(b) (*Application of the Index Ratio*) and (ii) the Issuer Security shall become enforceable by the Issuer Security Trustee in accordance with the Issuer Deed of Charge.

"**Issuer Qualifying Creditors**" means, in respect of Issuer Qualifying Debt:

- (i) for so long as any Class A Bonds remain outstanding, the holders of each Sub-Class of Class A Bonds and each counterparty (each, a "**Cross Currency Hedge Counterparty**") that is party to a cross currency hedging agreement (each, a "**Cross Currency Hedging Agreement**") in respect of the Class A Bonds; or
- (ii) if there are no Class A Bonds then outstanding and for so long as any Class B Bonds remain outstanding, the holders of each Sub-Class of Class B Bonds and each Cross Currency Hedge Counterparty that is party to a Cross Currency Hedging Agreement in respect of the Class B Bonds.

"Issuer Qualifying Debt" means:

- (i) for so long as any Class A Bonds remain outstanding, the sum of (i) the Principal Amount Outstanding of the Class A Bonds and (ii) (as determined by the party or parties which would be responsible for such calculation in the event of the designation of such as an early termination date in accordance with such Cross Currency Hedging Agreement) the mark-to-market value of all transactions arising under Cross Currency Hedging Agreements in respect of the Class A Bonds to the extent that such value represents an amount which would be payable to the relevant Cross Currency Hedge Counterparties if an early termination date was designated at such time in respect of such transactions; or
- (ii) if there are no Class A Bonds then outstanding and for so long as any Class B Bonds remain outstanding, the sum of (i) the Principal Amount Outstanding of the Class B Bonds and (ii) (as determined by the party or parties which would be responsible for such calculation in the event of the designation of such as an early termination date in accordance with such Cross Currency Hedging Agreement) the mark-to-market value of all transactions arising under Cross Currency Hedging Agreements in respect of the Class B Bonds to the extent that such value represents an amount which would be payable to the relevant Cross Currency Hedge Counterparties if an early termination date was designated at such time in respect of such transactions.

11. Enforcement Against Issuer

No Bondholder, Receiptholder, Couponholder or other Issuer Secured Creditor is entitled to take any action against the Issuer or against any assets of the Issuer to enforce its rights in respect of the Bonds or to enforce any of the Issuer Security unless the Bond Trustee or, as the case may be, the Issuer Security Trustee, having become bound so to proceed, fails or neglects to do so within a reasonable period and such failure or neglect is continuing. The Issuer Security Trustee shall, subject to being indemnified and/or secured and/or prefunded to its satisfaction against all fees, costs, expenses, liabilities, claims and demands to which it may thereby become liable or which it may incur by so doing, upon being so directed in writing by the Bond Trustee, enforce the Issuer Security in accordance with the Issuer Deed of Charge.

None of the Bond Trustee, the Issuer Security Trustee, the Bondholders, the Receiptholders, the Couponholders or the other Issuer Secured Creditors may institute against, or join any person in instituting against, the Issuer any bankruptcy, winding up, re-organisation, arrangement, insolvency or liquidation proceeding (except for the taking of any enforcement action under the Issuer Deed of Charge including the appointment of a Receiver pursuant to the terms of the Issuer Deed of Charge) or similar proceeding under any other law for so long as any Bonds are outstanding or for two years and a day after the latest Maturity Date on which any Bond of any Series is due to mature.

12. Prescription

Claims against the Issuer for payment in respect of the Bonds, Receipts or Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within ten years (in the case of principal) or five years (in the case of interest) from the appropriate Bond Relevant Date (as defined in Condition 5(j) (*Definitions*)) in respect thereof.

13. Replacement of Bonds, Coupons, Receipts and Talons

If any Bearer Bond, Registered Bond, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed it may be replaced, subject to applicable laws and requirements of the London Stock Exchange (in the case of listed Bonds) (and each other listing authority, stock exchange and/or quotation system upon which the relevant Bonds have then been admitted to listing, trading and/or quotation), at the specified office of the Principal Paying Agent or, as the case may be, the Registrar upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may require. Mutilated or defaced Bonds, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

14. **Meetings of Bondholders, Modification, Waiver and Substitution**

(a) ***Meetings of Bondholders, Modifications and Waiver***

The Bond Trust Deed contains provisions for convening meetings of Bondholders of one or more Sub-Classes, to consider matters affecting their interests, including the modification of these Conditions, the Bond Trust Deed and any other Issuer Transaction Document and any other document to which the Bond Trustee is a party or in relation to which the Issuer Security Trustee or the Issuer Security Trustee holds security. Subject to Condition 14(d) (*Modification and waiver*), any modification may (except in relation to any Ordinary Voting Matter or Extraordinary Voting Matter or matter giving rise to an Entrenched Right (as described in further detail in Condition 14(b) (*Relationship with Borrower Secured Creditors*)), Direction Notice, Enforcement Instruction Notice or Further Enforcement Instruction Notice and subject to the provisions concerning meetings of particular combinations of Sub-Classes of Bonds as set out in Condition 14(c) (*Relationship between Classes*) and the Bond Trust Deed) be made if sanctioned by a resolution passed at a meeting or meetings of the Bondholders of the relevant Sub-Class or Sub-Classes duly convened and held in accordance with the Bond Trust Deed by a majority of not less than three-quarters of the votes cast (an "**Extraordinary Resolution**") of such Bondholders. Such a meeting may be convened by the Bond Trustee or the Issuer and shall be convened by the Issuer upon the request in writing of the Bondholders holding not less than one-tenth of the aggregate Principal Amount Outstanding of the outstanding Bonds of the relevant Sub-Class or Sub-Class(es).

The quorum at any meeting convened to vote on an Extraordinary Resolution will be one or more persons holding or representing not less than 50% of the aggregate Principal Amount Outstanding of the relevant outstanding Bonds or, at any adjourned meeting, one or more persons being or representing Bondholders, whatever the Principal Amount Outstanding of the relevant outstanding Bonds held or represented, **provided, however, that** certain proposals (the "**Basic Terms Modifications**") in respect of any particular Sub-Class of Bonds, being any proposal:

- (i) to change any date fixed for payment of principal or interest in respect of such Sub-Class of Bonds, to change the amount of principal or the rate of interest (provided that the parties may agree to any modifications as may be required in order to give effect to Condition 5(i) (*Benchmark discontinuation*) in connection with effecting any Alternative Reference Rate, Successor Rate, Adjustment Spread or Benchmark Amendments referred to in Condition 5(i) (*Benchmark discontinuation*) without the requirement for the consent or sanction of the Bondholders, Receiptholders or Couponholders) payable on any date in respect of such Sub-Class of Bonds or (other than as specified in Conditions 7 (*Redemption, Purchase and Cancellation*) and 8 (*Payments*)) to alter the method of calculating the amount of any payment in respect of such Sub-Class of Bonds on redemption or maturity;
- (ii) other than pursuant to Condition 14(d) (*Modification and waiver*), to effect the exchange, conversion or substitution of such Sub-Class of Bonds for, or their conversion into shares, bonds or other obligations or securities of the Issuer or any other person or body corporate formed or to be formed and/or for cash;
- (iii) to change the currency in which amounts due in respect of such Sub-Class of Bonds are payable;
- (iv) to change the quorum required at any meeting or the majority required to pass an Extraordinary Resolution;
- (v) an Entrenched Right where the Issuer is an Affected Borrower Secured Creditor and the interests of the Bondholders are affected thereby; or
- (vi) to amend this definition or this Condition 14 (Meetings of Bondholders, Modification, Waiver and Substitution),

may be sanctioned only by an Extraordinary Resolution passed at a meeting of holders of such Sub-Class of Bonds at which one or more persons holding or representing not less than three-quarters or, at any adjourned meeting, one quarter of the aggregate Principal Amount Outstanding of the relevant outstanding Bonds form a quorum. Any resolution duly passed at any such meeting

shall be binding on all the relevant Bondholders, Receipholders and Couponholders whether present or not.

In addition, a resolution in writing signed by or on behalf of the holders of not less than three-quarters of the aggregate Principal Amount Outstanding of the relevant Bonds will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more relevant Bondholders.

Subject to Condition 14(b) (*Relationship with Borrower Secured Creditors*), a meeting of such Bondholders will also have the power (exercisable by Extraordinary Resolution) to advise or instruct the Bond Trustee (including to instruct the Bond Trustee to instruct the Issuer Security Trustee) in connection with the exercise by the Bond Trustee and/or the Issuer Security Trustee (at the direction of the Bond Trustee), as the case may be, of any of their rights, powers and discretions under the Issuer Transaction Documents including to appoint any persons (whether Bondholders or not) as a committee to represent the interests of such Bondholders and to confer upon such committee any powers which such Bondholders could themselves exercise by Extraordinary Resolution.

(b) ***Relationship with Borrower Secured Creditors***

STID Proposals: The STID provides that in respect of, among other things, Ordinary Voting Matters and Extraordinary Voting Matters, Direction Notices, Enforcement Instruction Notices and Further Enforcement Instruction Notices (each as defined in the STID), holders of the Most Senior Class of Bonds shall be entitled to instruct the Bond Trustee how to vote.

Voting in connection with a STID Proposal, Direction Notice, Enforcement Instruction Notice or Further Enforcement Instruction Notice shall be determined on a pound-for-pound basis by reference to the Outstanding Principal Amount owed to each of the relevant Participating QBS Creditors, so that all votes in favour of the proposal and against the proposal from the Participating QBS Creditors and the other Participating QBS Creditors who are not Bondholders are considered on an aggregated basis, irrespective of whether a majority of such holders of Bonds are in favour of or against the proposal.

For the purpose of voting in connection with a STID Proposal, Direction Notice, Enforcement Instruction Notice or Further Enforcement Instruction Notice, the Borrower (in the case of a STID Proposal) or, as the case may be, the Borrower Security Trustee shall send a copy of such proposal or request for instructions to the Secured Creditor Representatives of the Issuer. The Bond Trustee shall promptly forward a copy of such notice to the holders of the Most Senior Class of Bonds in accordance with Condition 16 (*Notices*) requesting them to instruct the Bond Trustee how to vote. After obtaining the instructions of the holders of the Most Senior Class of Bonds, the Bond Trustee will vote in relation to the relevant STID Proposal, Direction Notice, Enforcement Instruction Notice or Further Enforcement Instruction Notice in accordance with such instructions. Subject as provided in the STID, where the holder of any particular Principal Amount Outstanding of any Sub-Class of Bonds of the Most Senior Class instructs the Bond Trustee to vote, the Bond Trustee shall vote in respect of the same Outstanding Principal Amount owed to the Issuer under the tranche of the Borrower Loan Agreement corresponding to such Sub-Class of Bonds as is equal to the aggregate Principal Amount Outstanding of such Sub-Class of Bonds.

Irrespective of the result of voting by the Bondholders in relation to a proposed STID Proposal in respect of an Ordinary Voting Matter or an Extraordinary Voting Matter, a Direction Notice, an Enforcement Instruction Notice or a Further Enforcement Instruction Notice, any matter or action which is the subject of such STID Proposal, Direction Notice, Enforcement Instruction Notice or Further Enforcement Instruction Notice approved in accordance with the provisions of the STID shall be binding on all of the Bondholders, Receipholders and Couponholders.

If a STID Proposal gives rise to an Entrenched Right whereby the Issuer is an Affected Borrower Secured Creditor, the Bond Trustee shall, subject to being indemnified and/or secured and/or prefunded to its satisfaction, forthwith, in accordance with the Bond Trust Deed, convene a meeting of the holders of each Sub-Class of Bonds then outstanding and affected by such Entrenched Right.

No STID Proposal that gives rise to an Entrenched Right whereby the Issuer is an Affected Borrower Secured Creditor can be approved, in accordance with the terms of the STID, unless it has previously been approved by an Extraordinary Resolution of the holders of each Sub-Class of Bonds affected by the Entrenched Right.

(c) ***Relationship between Classes***

- (i) An Extraordinary Resolution of the holders of any Sub-Class or Sub-Classes of Class A Bonds shall be binding on the Class B Bondholders irrespective of its effect on them, except that an Extraordinary Resolution to sanction a modification of the Conditions, Bonds, Receipts, Coupons or the Issuer Transaction Documents or other document to which the Bond Trustee or Issuer Security Trustee is a party or in respect of which the Issuer Security Trustee holds security or a waiver or authorisation of any breach or proposed breach thereof or certain other matters specified in the Bond Trust Deed shall not be effective unless
 - (A) it is sanctioned by Extraordinary Resolution of each Sub-Class of the Class B Bondholders (to the extent that there are Class B Bonds outstanding); or
 - (B) the Bond Trustee considers that the interests of the Class B Bondholders of each Sub-Class would not be materially prejudiced by the implementation of such Extraordinary Resolution.
- (ii) Other than an Extraordinary Resolution of the Class B Bondholders under Condition 14(c)(i)(B) above, no Extraordinary Resolution of the Holders of any Sub-Class or Sub-Classes of Class B Bonds shall be effective unless (i) it is sanctioned by Extraordinary Resolution of the Class A Bondholders (if any) or (ii) the Bond Trustee considers that the interests of the Class A Bondholders (if any) would not be materially prejudiced by the implementation of such Extraordinary Resolution of each Sub-Class.
- (iii) Conditions 15(a) (*Trustee Considerations*) and (b) (*Reliance on certificates*) in respect of meetings are subject to the further provisions of the Bond Trust Deed.

The Bond Trust Deed provides that, in relation to a Class of Bonds comprising more than one Sub-Class:

- (i) a resolution which in the opinion of the Bond Trustee affects only one Sub-Class of Bonds shall be deemed to have been duly passed if passed at a separate meeting of the holders of that Sub-Class of Bonds;
- (ii) a resolution which in the opinion of the Bond Trustee affects more than one Sub-Class of Bonds but does not give rise to a conflict of interest between the holders of the Sub-Classes of Bonds so affected shall be deemed to have been duly passed if passed at a single meeting of the holders of the Sub-Classes of Bonds so affected; and
- (iii) a resolution which in the opinion of the Bond Trustee affects more than one Sub-Class of Bonds and gives or may give rise to a conflict of interest between the holders of one Sub-Class or group of Sub-Classes of Bonds so affected and the holders of another Sub-Class or group of Sub-Classes of Bonds so affected shall be deemed to have been duly passed only if passed at separate meetings of each Sub-Class or, as the case may be, group of Sub-Classes of Bonds so affected.

(d) ***Modification and waiver***

The Bond Trustee may, without the consent of the Bondholders of any Sub-Class or (subject as provided below) any other Issuer Secured Creditor, concur with, or direct the Issuer Security Trustee to concur with, the Issuer or any other relevant parties in making (i) any modification to the Conditions, Bonds, Receipts, Coupons or the Issuer Transaction Documents (subject as provided in the STID in relation to any of the Security Documents, the Common Terms Agreement, the Master Definitions Agreement, the STID and the Tax Deed (the "**Common Documents**")) or other document to which the Bond Trustee or Issuer Security Trustee is a party or, in respect of which the Issuer Security Trustee holds security if in the opinion of the Bond Trustee such

modification is made to correct a manifest error, or an error in respect of which an English court would reasonably be expected to make a rectification order, or is of a formal, minor, administrative or technical nature or (ii) any modification (other than a Basic Terms Modification) to the Conditions, Bonds, Receipts, Coupons or any Issuer Transaction Document (subject as provided in the STID in relation to any Common Documents) or other document to which the Bond Trustee or Issuer Security Trustee is a party or in respect of which the Issuer Security Trustee holds security if the Bond Trustee is of the opinion that such modification is not materially prejudicial to the interests of the Bondholders of the Most Senior Class of Bonds then outstanding **provided that** to the extent such modification under (ii) above relates to an Issuer Secured Creditor Entrenched Right, each of the affected Issuer Secured Creditors has given its prior written consent.

The Bond Trustee and the Issuer Security Trustee are authorised to execute and deliver on behalf of each Issuer Secured Creditor other than the relevant Issuer Secured Creditors all documentation required to implement such modification and such execution by the Bond Trustee and/or the Issuer Security Trustee, as the case may be, shall bind each of the Bondholders, the Receiptholders, the Couponholders and such Issuer Secured Creditors as if (in the case of such Issuer Secured Creditors) such documentation had been duly executed by it.

The Bond Trustee may, without the consent of the Bondholders of any Sub-Class or (subject as provided below) any other Issuer Secured Creditor and without prejudice to its rights in respect of any subsequent breach or Bond Event of Default, from time to time, and at any time but only if and in so far as in its opinion the interests of the Bondholders of the Most Senior Class of Bonds then outstanding shall not be materially prejudiced thereby, waive or authorise, or direct the Issuer Security Trustee to waive or authorise, any breach or proposed breach by the Issuer or any other relevant party of any of the covenants or provisions contained in the Conditions or any Issuer Transaction Document (subject as provided in the STID in relation to a Common Document) or other document to which the Bond Trustee or Issuer Security Trustee is a party or in respect of which the Issuer Security Trustee holds security, or determine that any event which would otherwise constitute a Bond Event of Default shall not be treated as such for the purposes of the Bond Trust Deed **provided that** to the extent such event, matter or thing relates to an Issuer Secured Creditor Entrenched Right, each of the affected Issuer Secured Creditors has given its prior written consent and **provided further that** the Bond Trustee shall not exercise such powers in contravention of any express direction given by Extraordinary Resolution of the holders of the Most Senior Class of Bonds then outstanding or of a request in writing made by holders of not less than 25% in aggregate of the principal amount of the Most Senior Class of Bonds then outstanding (but no such direction or request shall affect any waiver, authorisation or determination previously given or made) or so as to authorise or waive any proposed breach or breach relating to any matter which is the subject of a Basic Terms Modification.

The Bond Trustee and the Issuer Security Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Bond Trustee or the Issuer Security Trustee, as applicable, would have the effect of (a) exposing the Bond Trustee or the Issuer Security Trustee, as applicable, to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction; or (b) increasing the obligations or duties, or decreasing the protections, of the Bond Trustee or the Issuer Security Trustee, as applicable, in the Issuer Transaction Documents and/or the Terms and Conditions of the Bonds.

Any such modification, waiver, authorisation or determination may be given or made on such terms and subject to such conditions (if any) as the Bond Trustee may determine and shall be binding on the Bondholders and the holders of all relevant Receipts and Coupons and the other Issuer Secured Creditors and, unless the Bond Trustee agrees otherwise, notice thereof shall be given by the Issuer to the Bondholders in accordance with Condition 16 (*Notices*) as soon as practicable thereafter.

Notwithstanding that none of the Bond Trustee, the Issuer Security Trustee, the Bondholders or the other Issuer Secured Creditors has any right of recourse against the Rating Agencies in respect of any confirmation from the Rating Agencies which is relied upon by the Bond Trustee or the Issuer Security Trustee, as the case may be, the Bond Trustee and the Issuer Security Trustee shall be entitled to assume, for the purposes of exercising any power, trust, authority, duty or discretion under or in relation to the Bonds or any Issuer Transaction Document or any other document to which the Bond Trustee or Issuer Security Trustee is a party or in respect of which the Issuer Security Trustee holds security, that such exercise will not be materially prejudicial to the interests

of the Bondholders (or any class of Sub-Class thereof) if the Rating Agencies have provided confirmation that such exercise will not have an adverse effect on the then ratings of the Bonds (or the Bonds of such class or Sub-Class). Without prejudice to the foregoing, the Bondholders are deemed to agree for the benefit of the Rating Agencies only that a credit rating is, however, an assessment of credit and does not address other matters that may be of relevance to Bondholders. The Bond Trustee, the Issuer Security Trustee and the Bondholders agree and acknowledge that being entitled to rely on the fact that the Rating Agencies have delivered confirmation that the ratings of their Bonds will not be adversely affected does not impose or extend any actual or contingent liability for the Rating Agencies to the Bond Trustee, the Issuer Security Trustee, the Bondholders, any other Issuer Secured Creditor or any other person or create any legal relations between the Rating Agencies and the Bond Trustee, the Issuer Security Trustee, the Bondholders, any other Issuer Secured Creditor or any other person whether by way of contract or otherwise.

Notwithstanding any other provision of this Condition 14(d), the Bond Trustee shall be obliged, without the consent of any of the Bondholders or any other Issuer Secured Creditor, to concur with the Issuer, and/or if so requested by the Issuer direct the Issuer Security Trustee to concur with the Issuer, in making any modifications to the Issuer Transaction Documents and/or these Conditions that are requested by the Issuer in order to enable the Issuer solely to comply with any legal requirements which apply to it under Regulation (EU) 648/2012 (including, without limitation any associated regulatory technical standards and advice, guidance or recommendations from relevant supervisory regulators) (the "**European Market Infrastructures Regulation**" or "**EMIR**"), subject to receipt by the Bond Trustee and the Issuer Security Trustee of a certificate of the Issuer certifying to the Bond Trustee and the Issuer Security Trustee that the requested amendments are to be made solely for the purpose of enabling the Issuer to comply with its reporting, portfolio reconciliation and dispute resolution legal requirements under EMIR (and for no other purpose).

(e) ***Substitution of the Issuer***

The Bond Trustee may without the consent of the Bondholders, Receiptholders or Couponholders at any time agree with the Issuer to the substitution in place of the Issuer (or of the previous substitute under this Condition) as the principal debtor under the Bonds and the Bond Trust Deed of any holding company of the Issuer, any Subsidiary of such holding company or any Subsidiary of the Issuer (such substituted company being hereinafter called the "**New Company**") **provided that** a trust deed is executed or some other form of undertaking is given by the New Company in form and manner, satisfactory to the Bond Trustee, agreeing to be bound by the provisions of the Bond Trust Deed and these Conditions with any consequential amendments which the Bond Trustee may deem appropriate as fully as if the New Company had been named as the principal debtor in place of the Issuer (or of the previous substitute under this Condition 14(e)) and **provided further that** the Issuer unconditionally and irrevocably guarantees all amounts payable under the Bonds to the satisfaction of the Bond Trustee.

The following further conditions shall apply to substitution of the Issuer as set out above:

- (i) the Issuer and the New Company shall comply with such other requirements as the Bond Trustee may direct in the interests of the Bondholders;
- (ii) undertakings or covenants shall be given by the New Company in terms corresponding to the provisions of the Conditions;
- (iii) without prejudice to the rights of reliance of the Bond Trustee under paragraph (iv) below, the Bond Trustee is satisfied that the relevant transaction is not materially prejudicial to the interests of the Bondholders; and
- (iv) if two directors of the New Company (or other officers acceptable to the Bond Trustee) shall certify that the New Company is solvent both at the time at which the relevant transaction is proposed to be effected and immediately thereafter (which certificate the Bond Trustee may rely upon absolutely), the Bond Trustee shall not be under any duty to have regard to the financial condition, profits or prospects of the New Company or to compare the same with those of the Issuer or the previous substitute under this Condition 14(e), as applicable.

15. **Bond Trustee Protections**

(a) ***Trustee Considerations***

In connection with the exercise by the Bond Trustee under these Conditions, the Bond Trust Deed or the Issuer Transaction Documents of its rights, powers, trusts, authorities and discretions (including any modification, consent, waiver or authorisation), the Bond Trustee shall:

- (i) where it is required to have regard to the interests of the holders of the Bonds or any Sub-Class of Bonds, have regard to the general interests of the holders of the Bonds or such Sub-Class of Bonds as a class and will not have regard to the consequences of such exercise for individual Bondholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and the Bond Trustee shall not be entitled to require from the Issuer, nor shall any Bondholders be entitled to claim from the Issuer or the Bond Trustee, any indemnification or other payment in respect of any consequence (including any tax consequence) for individual Bondholders of any such exercise;
- (ii) except where expressly provided otherwise, have regard to the interests of the Class A Bondholders and the Class B Bondholders equally, **provided that** the Bond Trustee shall have regard to the interests only of the Class A Bondholders if, in the Bond Trustee's opinion, there is a conflict between the interests of the Class A Bondholders and the Class B Bondholders **provided that**, if, in the Bond Trustee's opinion, there is a conflict of interest between the holders of two or more Tranches or Sub-Classes of Bonds of the same Class, it shall have regard to the interests of the holders of the Tranche or Sub-Class of such Class then outstanding with the greatest Principal Amount Outstanding.

(b) ***Reliance on certificates***

The Bond Trustee shall be entitled to rely absolutely on a certificate of any director of the Issuer in relation to any matter and to accept without liability any such certificate as sufficient evidence of the relevant fact or matter stated in such certificate.

16. **Notices**

Notices to holders of Registered Bonds will be posted to them at their respective addresses in the Register and deemed to have been given on the date of posting. Other notices to Bondholders will be valid if published in a leading daily newspaper having general circulation in the United Kingdom (which is expected to be the *Financial Times*). The Issuer shall also ensure that all notices are duly published in a manner which complies with the rules and regulations of the London Stock Exchange and any other listing authority, stock exchange and/or quotation system on which the Bonds are for the time being listed. Any such notice (other than to holders of Registered Bonds as specified above) shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made. Couponholders and Receipholders will be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Bonds in accordance with this Condition 16.

So long as any Bonds are represented by Global Bonds, notices in respect of those Bonds may be given only by delivery of the relevant notice to Euroclear Bank SA/NV or Clearstream Banking SA, DTC or any other relevant clearing system as specified in the relevant Final Terms or Pricing Supplement (as the case may be) for communication by them to entitled account holders in substitution for publication in a daily newspaper with general circulation in London. Such notices shall be deemed to have been received by the Bondholders on the day of delivery to such clearing systems.

The Bond Trustee will provide each Rating Agency, at its request, from time to time and **provided that** the Bond Trustee will not contravene any duty of confidentiality or law or regulation in so doing, with all notices, written information and reports that the Bond Trustee makes available to the Bondholders of any Class or Sub-Class except to the extent that such notices, information or reports contain information confidential to third parties.

17. **Limited Recourse**

Each of the Bondholders is deemed to agree with the Issuer that, notwithstanding any other provision of the Issuer Transaction Documents, all obligations of the Issuer to the Bondholders, including its obligations under the Bonds and the Issuer Transaction Documents, are limited in recourse to the Issuer Charged Property. If:

- (i) there is no Issuer Charged Property remaining which is capable of being realised or otherwise converted into cash;
- (ii) all amounts available from the Issuer Charged Property have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Issuer Deed of Charge; and
- (iii) there are insufficient amounts available from the Issuer Charged Property to pay in full, in accordance with the provisions of the Issuer Deed of Charge, the Issuer Secured Liabilities,

then the Bondholders shall have no further claim against the Issuer in respect of any amounts owing to them which remain unpaid and such unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be deemed to cease.

18. **Miscellaneous**

(a) ***Governing Law***

The Bond Trust Deed, the Issuer Deed of Charge, the Bonds, the Coupons, the Receipts, the Talons (if any) and the other Issuer Transaction Documents and any non-contractual obligations arising out of or in connection with them shall be governed by, and shall be construed in accordance with, English law.

(b) ***Submission to Jurisdiction***

- (i) Subject to sub paragraph (iii) below, the English courts are to have exclusive jurisdiction to settle any dispute including any dispute as to any non-contractual obligations that may arise out of or in connection with the Bond Trust Deed, the Issuer Deed of Charge, the Bonds, the Coupons, the Receipts, the Talons and the other Issuer Transaction Documents (a "**Dispute**") and, accordingly, any legal action or proceedings arising out of or in connection with the Bonds, the Coupons, the Receipts, the Talons (if any) and/or the Finance Documents may be brought in such courts. In relation to any Dispute, the Issuer, the Bond Trustee and any Bondholders submits to the exclusive jurisdiction of such courts.
- (ii) For the purposes of this Condition 18(b), the Issuer waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.
- (iii) To the extent allowed by law, each of the Bond Trustee and the Bondholders may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.

(c) ***Third Party Rights***

No person shall have any right to enforce any term or condition of the Bonds or the Bond Trust Deed under the Contracts (Rights of Third Parties) Act 1999.

(d) ***Rights Against Issuer***

Under the Bond Trust Deed, persons shown in the records of DTC and/or Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to interests in the Bonds will (subject to the terms of the Bond Trust Deed) acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Global Bond became void, they had been the registered Holders of Bonds in an aggregate principal amount equal

to the principal amount of Bonds they were shown as holding in the records of Euroclear, Clearstream, Luxembourg or any other relevant clearing system (as the case may be).

(e) ***Clearing System Accountholders***

References in the Conditions of the Bonds to "**Bondholder**" are references to the bearer of the relevant Bearer Global Bond or the person shown in the Register as the holder of the Registered Global Bond.

Each of the persons shown in the records of DTC and/or Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system (the "**Clearing Systems**"), as the case may be, as being entitled to an interest in a Global Bond (each an "**Accountholder**") must look solely to DTC and/or Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer, to such Accountholder and in relation to all other rights arising under the Global Bond. The extent to which, and the manner in which, Accountholders may exercise any rights arising under a Global Bond will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system (as the case may be) from time to time. For so long as the relevant Bonds are represented by a Global Bond, Accountholders shall have no claim directly against the Issuer or in respect of payments due under the Bonds and such obligations of the Issuer will be discharged by payment to the bearer or registered holder of the Global Bond, as the case may be.

FORMS OF THE BONDS

The Bonds of each Series will be in either bearer form, with or without interest coupons attached, or registered form, without interest coupons attached. Bearer Bonds will be issued outside the United States in reliance on Regulation S and Registered Bonds will be issued both outside the United States in reliance on Regulation S and within the United States in reliance on Rule 144A or otherwise in private transactions that are exempt from the registration requirements of the Securities Act.

Bearer Bonds

Each Sub-Class of Bearer Bonds will be initially issued in the form of a Temporary Bearer Global Bond or, if so specified in the applicable Final Terms or Pricing Supplement (as the case may be), a Permanent Bearer Global Bond and, together with a Temporary Bearer Global Bond which, in either case, will:

- (a) if the Global Bonds are intended to be issued in NGB form, as stated in the applicable Final Terms or Pricing Supplement (as the case may be), be delivered on or prior to the original issue date of the Tranche to the Common Safekeeper for Euroclear and Clearstream, Luxembourg; and
- (b) if the Global Bonds are not intended to be issued in NGB form, be delivered on or prior to the original issue date of the Sub-Class to the Common Depository for, Euroclear and Clearstream, Luxembourg.

While any Bearer Bond is represented by a Temporary Bearer Global Bond, payments of principal, interest (if any) and any other amount payable in respect of the Bonds due prior to the Exchange Date will be made (against presentation of the Temporary Bearer Global Bond if the Temporary Bearer Global Bond is not intended to be issued in NGB form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Bearer Global Bond are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the Exchange Date interests in such Temporary Bearer Global Bond will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Bearer Global Bond of the same Series or (ii) Bearer Definitive Bonds of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms or Pricing Supplement (as the case may be) and subject, in the case of Bearer Definitive Bonds, to such notice period as is specified in the applicable Final Terms or Pricing Supplement (as the case may be)), in each case against certification of beneficial ownership as described above unless such certification has already been given, **provided that** purchasers in the United States and certain U.S. persons will not be able to receive Bearer Definitive Bonds. The holder of a Temporary Bearer Global Bond will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Bond for an interest in a Permanent Bearer Global Bond or for Bearer Definitive Bonds is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Bond will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Bearer Global Bond if the Permanent Bearer Global Bond is not intended to be issued in NGB form) without any requirement for certification.

The applicable Final Terms or Pricing Supplement (as the case may be) will specify that a Permanent Bearer Global Bond will be exchangeable (free of charge), in whole but not in part, for Bearer Definitive Bonds with, where applicable, receipts, interest coupons and talons attached upon either (a) not less than 60 days' written notice given at any time from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Bond) to the Principal Paying Agent as described therein or (b) only upon the occurrence of an Exchange Event. In respect of (a), such exchange upon notice option is only applicable if the holding of the Permanent Bearer Global Bond holder amounts to the Specified Denomination of the Bonds. Furthermore, such Specified Denomination construction is not permitted in relation to any issuance of Bonds which is to be represented on issue by Permanent Bearer Global Bonds exchangeable for Definitive Bonds. In respect of (b), "**Exchange Event**" means that (i) an Event of Default has occurred and is continuing or (ii) the Issuer has been notified that both Euroclear and

Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Bond Trustee is available. The Issuer will promptly give notice to Bondholders in accordance with Condition 15 (*Bond Trustee Protections*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg or the common depositary or the common safekeeper for Euroclear and Clearstream, Luxembourg, as the case may be, on their behalf (acting on the instructions of any holder of an interest in such Permanent Bearer Global Bond) may give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

The following legend will appear on all Permanent Bearer Global Bonds and Bearer Definitive Bonds (in each case, where the applicable Final Terms or Pricing Supplement specifies "**TEFRA D Rules apply**") which have an original maturity of more than 365 days and on all receipts and interest coupons relating to such Bonds:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Bonds, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Bonds, receipts or interest coupons.

Bonds which are represented by a Bearer Global Bond will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Registered Bonds

The Registered Bonds of each Series offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons (as defined in Regulation S) outside the United States, will initially be represented by a Regulation S Global Bond. Prior to expiry of the Distribution Compliance Period applicable to each Series of Bonds, beneficial interests in a Regulation S Global Bond may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in Condition 2 (*Exchanges of Bearer Bonds for Registered Bonds and Transfers of Registered Bonds*) and may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Regulation S Global Bond will bear a legend regarding such restrictions on transfer.

The Rule 144A Bonds of each Tranche offered and sold in the United States or to U.S. persons may only be offered and sold in private transactions to QIBs. The Registered Bonds of each Tranche sold to QIBs will be represented by a Rule 144A Global Bond. Registered Global Bonds will either (i) be deposited with a custodian for, and registered in the name of a nominee of, DTC or (ii) be deposited with a common depositary or common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg or in the name of a nominee of the common safekeeper, as specified in the applicable Final Terms or Pricing Supplement (as the case may be). Persons holding beneficial interests in Registered Global Bonds will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Definitive Bonds in fully registered form.

The Registered Global Bonds will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

Payments of principal, interest and any other amount in respect of the Registered Global Bonds will, in the absence of provision to the contrary, be made to the person shown on the Register as the registered holder of the Registered Global Bonds. None of the Issuer, any Paying Agent, the Bond Trustee or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Bonds or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Bonds in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date immediately preceding the due date for payment in the manner provided in Condition 8 (*Payments*).

Interests in a Registered Global Bond will be exchangeable (free of charge), in whole but not in part, for definitive Registered Bonds without receipts, interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, Exchange Event means that (i) a Bond Event of Default has occurred and is continuing, (ii) in the case of Bonds registered in the name of a nominee for DTC, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Bonds and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act and no alternative clearing system is available or (iii) in the case of Bonds registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system satisfactory to the Bond Trustee is available. The Issuer will promptly give notice to Bondholders in accordance with Condition 16 (*Notices*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or Clearstream, Luxembourg or any person acting on their behalf (acting on the instructions of any holder of an interest in such Registered Global Bond) may give notice to the Registrar requesting exchange. Any such exchange shall occur not later than ten days after the date of receipt of the first relevant notice by the Registrar.

Transfer of Interests

Interests in a Registered Global Bond may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Bond. No beneficial owner of an interest in a Registered Global Bond will be able to transfer such interest, except in accordance with the applicable procedures of DTC, Euroclear and Clearstream, Luxembourg, in each case to the extent applicable. Registered Bonds are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions; see "*Subscription and Sale*".

General

Pursuant to the Agency Agreement, the Principal Paying Agent shall arrange that, where a further Sub-Class of Bonds is issued which is intended to form a single Series with an existing Sub-Class of Bonds, the Bonds of such further Sub-Class shall be assigned a common code and ISIN and, where applicable, a CUSIP and CINS number which are different from the common code, ISIN, CUSIP and CINS number assigned to Bonds of any other Sub-Class of the same Series until at least the expiry of the Distribution Compliance Period.

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or DTC shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or Pricing Supplement (as the case may be) or as may otherwise be approved by the Issuer, the Principal Paying Agent and the Bond Trustee.

No Bondholder, Receiptholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Bond Trustee or the Issuer Security Trustee, as the case may be, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing. In addition, holders of interests in such Global Bond credited to their accounts with DTC may require DTC to deliver Definitive Bonds in registered form in exchange for their interest in such Global Bond in accordance with DTC's standard operating procedures.

The Issuer may agree with any Dealer that Bonds may be issued in a form not contemplated by the Terms and Conditions of the Bonds herein, in which event a new Prospectus or a supplement to this Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Bonds.

Provisions Relating to the Bonds while in Global Form

Global Bonds will contain provisions that apply to the Bonds which they represent, some of which modify the effect of the Conditions of the Bonds as set out in this Prospectus. The following is a summary of certain of those provisions:

- **Meetings:** The holder of a Global Bond shall be treated as being two persons for the purposes of any quorum requirements of a meeting of Bondholders and, at any such meeting, the holder of a Global Bond shall be treated as having one vote in respect of each minimum denomination of Bonds for which such Global Bond may be exchanged.
- **Cancellation:** Cancellation of any Bond represented by a Global Bond that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant Global Bond.
- **Notices:** So long as any Bonds are represented by a Global Bond and such Global Bond is held on behalf of Euroclear, Clearstream, Luxembourg or any other relevant Clearing System, notices to the Bondholders may be given, subject always to listing requirements, by delivery of the relevant notice to Euroclear, Clearstream, Luxembourg or any other relevant Clearing System for communication by it to entitled Accountholders in substitution for publication as provided in the Conditions. Such notices shall be deemed to have been received by the Bondholders on the date of delivery to such clearing systems.

Eurosystem eligibility

The Issuer will notify the ICSDs and the Paying Agents upon issue and it will be stated in the relevant Final Terms or Pricing Supplement (as applicable) whether the Bonds are intended, or are not intended, to be held in a manner which would allow Eurosystem eligibility and deposited with one of the ICSDs as common safekeeper (and in the case of registered Bonds, registered in the name of a nominee of one of the ICSDs acting as common safekeeper). Where the Bonds are not intended to be deposited with one of the ICSDs as common safekeeper upon issuance, should the Eurosystem eligibility criteria be amended in the future such that the Bonds are capable of meeting such criteria, the Bonds may then be deposited with one of the ICSDs as common safekeeper. Where the Bonds are so deposited with one of the ICSDs as common safekeeper (and in the case of registered Bonds, registered in the name of a nominee of one of the ICSDs acting as common safekeeper) upon issuance or otherwise, this does not necessarily mean that the Bonds will be recognised as eligible collateral for Eurosystem monetary policy and intraday credit operations by the Eurosystem at issuance or at any time during their life. Such recognition will depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria have been met.

Issuer-ICSDs Agreement

The Issuer has entered into an Issuer-ICSDs Agreement with Euroclear Bank SA/NV and Clearstream Banking SA (the "ICSDs") in respect of any Bonds issued in NGB form. The Issuer-ICSDs Agreement provides that the ICSDs will, in respect of any such NGBs, maintain their respective portion of the issue outstanding amount through their records. The Issuer-ICSDs Agreement will be governed by English law.

BOOK-ENTRY CLEARANCE PROCEDURE

The information set out below has been obtained from the Clearing Systems and the Issuer believes that such sources are reliable, but prospective investors are advised to make their own enquiries as to such procedures. The Issuer accepts responsibility for the accurate reproduction of such information from publicly available information. In particular, such information is subject to any change in or reinterpretation of the rules, regulations and procedures of the Clearing Systems currently in effect and investors wishing to use the facilities of any of the Clearing Systems are therefore advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System.

Euroclear and Clearstream, Luxembourg

Custodial and depository links have been established between Euroclear and Clearstream, Luxembourg to facilitate the initial issue of each Series of the Bonds and cross-market transfers of the Bonds associated with secondary market trading. Euroclear and Clearstream, Luxembourg each holds securities for its customers and facilitates the clearance and settlement of securities transactions through electronic book-entry transfer between their respective accountholders. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions which clear through or maintain a custodial relationship with an accountholder of either system. Investors may hold their interests in Global Bonds directly through Euroclear or Clearstream, Luxembourg as Direct Participants or indirectly as Indirect Participants.

Book-entry ownership

Each Global Bond will have an ISIN and a common code and will be deposited with a common depository or common safekeeper, as the case may be, on behalf of Euroclear and Clearstream, Luxembourg. Each Global Bond will have an ISIN and a common code and will be registered in the name of a common depository or nominee on behalf of Euroclear and Clearstream, Luxembourg.

Payments and relationship of participants with Clearing Systems

Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a Bond represented by a Global Bond must look solely to Euroclear or Clearstream, Luxembourg (as the case may be) for his share of each payment made by the Issuer to the holder of such Global Bond and in relation to all other rights arising under the Global Bond, subject to and in accordance with the respective rules and procedures of Euroclear or Clearstream, Luxembourg. The Issuer expects that, upon receipt of any payment in respect of Bonds represented by a Global Bond, the common depository or common safekeeper, as the case may be, by whom such Bond is held, or nominee in whose name it is registered, will immediately credit the relevant participants' or accountholders' accounts in the relevant Clearing System with payments in amounts proportionate to their respective beneficial interests in the principal amount of the relevant Global Bond (as the case may be) as shown on the records of the relevant Clearing System or its nominee. The Issuer also expects that payments by Direct Participants in any Clearing System to owners of beneficial interests in any Global Bond held through such Direct Participants in any Clearing System will be governed by standing instructions and customary practices. Save as aforesaid, such persons shall have no claim directly against the Issuer in respect of payments due on the Bonds for so long as the Bonds are represented by such Global Bond and the obligations of the Issuer will be discharged by payment to the registered holder, as the case may be, of such Global Bond in respect of each amount so paid.

Settlement and transfer of Bonds

Subject to the rules and procedures of each applicable Clearing System, purchases of Bonds held within a Clearing System must be made by or through Direct Participants, which will receive a credit for such Bonds on the Clearing System's records. The Beneficial Owner will in turn be recorded on the Direct Participants' and Indirect Participants' records. Transfers of ownership interests in Bonds held within the Clearing System will be effected by entries made on the books of Participants acting on behalf of Beneficial Owners.

Beneficial Owners will not receive certificates representing their ownership interests in such Bonds, unless and until interests in any Global Bond held within a Clearing System are exchanged for Definitive Bonds.

PRO FORMA FINAL TERMS

[**PROHIBITION OF SALES TO EEA INVESTORS** - The Bonds are not intended to be offered, sold or otherwise made available to and, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("**MiFID II**"); (ii) a customer within the meaning of Directive 2002/92/EC as amended or superseded, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended or superseded, the "**Prospectus Directive**"). Consequently no key information document required by Regulation (EU) No. 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]

[**MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET** - Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Bonds has led to the conclusion that: (i) the target market for the Bonds is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Bonds to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Bonds (a "**distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Bonds (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.]

PRO FORMA PRICING SUPPLEMENT

Set out below is a form of Pricing Supplement for use in connection with Exempt Bonds issued under the Programme. This pro forma Pricing Supplement is subject to completion and amendment to set out the terms upon which each Tranche or Series of Exempt Bonds is to be issued.

IMPORTANT NOTICE

In accessing the attached pricing supplement (the "Pricing Supplement") you agree to be bound by the following terms and conditions.

The information contained in the Pricing Supplement may be addressed to and/or targeted at persons who are residents of particular countries only as specified in the Pricing Supplement and/or in the Prospectus (as defined in the Pricing Supplement) and is not intended for use and should not be relied upon by any person outside those countries and/or to whom the offer contained in the Pricing Supplement is not addressed. Prior to relying on the information contained in the Pricing Supplement, you must ascertain from the Pricing Supplement and/or Prospectus whether or not you are an intended addressee of the information contained therein.

Neither the Pricing Supplement nor the Prospectus constitutes an offer to sell or the solicitation of an offer to buy securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration, exemption from registration or qualification under the securities law of any such jurisdiction.

NO PROSPECTUS IS REQUIRED IN ACCORDANCE WITH DIRECTIVE 2003/71/EC AS AMENDED OR SUPERSEDED (THE "PROSPECTUS DIRECTIVE") FOR THIS ISSUE OF BONDS. THE BONDS WHICH ARE THE SUBJECT OF THIS PRICING SUPPLEMENT ARE BEING ISSUED PURSUANT TO ONE OR MORE EXEMPTIONS FROM THE REQUIREMENT TO PRODUCE A PROSPECTUS UNDER THE PROSPECTUS DIRECTIVE AND THE UK LISTING AUTHORITY HAS NEITHER APPROVED NOR REVIEWED THE INFORMATION CONTAINED IN THIS PRICING SUPPLEMENT.

[PROHIBITION OF SALES TO EEA INVESTORS - The Bonds are not intended to be offered, sold or otherwise made available to and, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("**MIFID II**"); (ii) a customer within the meaning of Directive 2002/92/EC as amended or superseded, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended or superseded, the "**Prospectus Directive**"). Consequently no key information document required by Regulation (EU) No. 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]

[[MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET - Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Bonds has led to the conclusion that: (i) the target market for the Bonds is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Bonds to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Bonds (a "**distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Bonds (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.]

USE OF PROCEEDS

The net proceeds of each series of Bonds will be lent by the Issuer to the Borrower under the Borrower Loan Agreement.

The Borrower will apply the proceeds of the Borrower Loans for, amongst other things, its general corporate purposes including:

- (i) to fund operating and capital expenditure;
- (ii) to pay interest on and refinance (A) loans made under its Authorised Credit Facilities and (B) certain intercompany indebtedness; and
- (iii) for general corporate purposes.

DESCRIPTION OF ISSUER HEDGE COUNTERPARTIES

The Issuer may enter into hedging arrangements with Issuer Hedge Counterparties from time to time in accordance with the Hedging Policy. For general details of the hedging arrangements see "*Summary of Finance Agreements – Hedging*". Such Issuer Hedge Counterparties will satisfy the relevant Rating Agency requirements existing at the time. Details of the identity and current rating of any Issuer Hedge Counterparty appointed in connection with the issue of a Series of Bonds will be set out in the relevant Final Terms or Pricing Supplement (as the case may be).

TAX CONSIDERATIONS

UNITED KINGDOM TAXATION

The following applies only to persons who are the beneficial owners of Bonds and is a summary of the Issuer's understanding of current United Kingdom law and published HM Revenue & Customs' practice relating only to the United Kingdom withholding tax treatment of payments of interest (as that term is understood for United Kingdom tax purposes) in respect of Bonds. The comments below may not apply to certain classes of person (such as dealers and persons connected to the Issuer). The following is not exhaustive and does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Bonds. The United Kingdom tax treatment of prospective Bondholders depends on their individual circumstances and may be subject to change in the future. Prospective Bondholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

Payment of Interest on the Bonds

Payments of interest on the Bonds may be made without deduction or withholding of or on account of United Kingdom income tax provided that the Bonds carry a right to interest and the Bonds are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007. The London Stock Exchange is a recognised stock exchange. Securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part 6 of the FSMA) and admitted to trading on the London Stock Exchange. Provided, therefore, that the Bonds carry a right to interest and are and remain so listed on a "recognised stock exchange", interest on the Bonds will be payable without withholding or deduction on account of United Kingdom income tax.

Interest on the Bonds may also be paid without withholding or deduction of or on account of United Kingdom income tax where the maturity of the Bonds is less than 365 days and those Bonds do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on the Bonds that have a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20%), subject to any other available exemptions and reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Bondholder, HMRC can issue a notice to the Issuer to pay interest to the Bondholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

JERSEY TAXATION

The following summary of Jersey taxation law in relation to the holding, sale or other disposition of Bonds by Bondholders (other than Jersey residents) and the payment of interest in respect of the Bonds to Bondholders (other than residents of Jersey) is based on Jersey taxation law as it is understood to apply at the date of this Prospectus. It does not constitute legal or tax advice. Bondholders should consult their professional advisers on the implications of acquiring, buying, holding, selling or otherwise disposing of Bonds under the laws of the jurisdictions in which they may be liable to taxation. Bondholders should be aware that tax laws, rules and practice and their interpretation may change.

Under the Jersey Income Tax Law, the Issuer will be regarded as not resident in Jersey under Article 123(1) of the Jersey Income Tax Law provided that (and for so long as) it satisfies the conditions set out in that provision in which case the Issuer will not (except as noted below) be liable to Jersey income tax.

Nevertheless, if the Issuer: (i) derives any income from the ownership, exploitation or disposal of land in Jersey or the trade of importing or supplying hydrocarbon oil to or in Jersey, that income will be charged to Jersey income tax at the rate of 20 per cent; or (ii) qualifies as a large corporate retailer with an income in excess of £500,000, that income will be charged to Jersey income tax at a rate of up to 20 per cent. It is not anticipated that the Issuer will be taxed under (i) or (ii).

The Issuer will be able to pay interest in respect of the Bonds without any withholding or deduction for or on account of Jersey tax. Bondholders (other than residents of Jersey) will not be subject to any Jersey tax in respect of the holding, sale or other disposition of the Bonds.

Goods and Services Tax

The Issuer is an "international services entity" for the purposes of the GST Law. Consequently, the Issuer is not required to:

- (a) register as a taxable person pursuant to the GST Law;
- (b) charge goods and services tax in Jersey in respect of any supply made by it; or
- (c) (subject to limited exceptions that are not expected to apply to the Issuer) pay goods and services tax in Jersey in respect of any supply made to it.

Stamp Duty

Stamp duty of up to 0.75% (which is capped at a maximum of £100,000) is payable on the grant of probate or letters of administration in Jersey in respect of a deceased natural person (i) who died domiciled in Jersey, on the value of the entire estate wherever situate (including any Bonds or interests therein) and (ii) otherwise, on the value of so much of the estate (including any Bonds or interests therein) if any, as is situate in Jersey.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting, or related requirements. The Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including Jersey) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Bonds, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Bonds, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Bonds, such withholding would not apply prior to the date that is two years after the publication of the final regulations defining "foreign passthru payment". Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Bonds. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Bonds, no person will be required to pay additional amounts as a result of the withholding.

Organisation for Economic Co-operation and Development (OECD) Common Reporting Standard

The Organization for Economic Co-operation and Development (the "**OECD**") has been actively engaged in working towards exchange of information on a global scale and has published a global Common Reporting Standard for multilateral exchange of information pursuant to which many governments have now signed multilateral agreements. A group of those governments, including Jersey, has committed to a common implementation timetable which has seen the first exchange of information in 2017 in respect of accounts open at and from the end of 2015, with further countries also committed to implement the new global standard. The Common Reporting Standard has been implemented in Jersey by the Taxation (Implementation)(International Tax Compliance)(Common Reporting Standard)(Jersey) Regulations 2015 which came into force on 1 January 2016. The Issuer may need to comply with the aforementioned exchange of information requirements as they progress and develop. Bondholders must satisfy any requests for information pursuant to such requirements.

Base Erosion and Profit Shifting

The law and any other rules or customary practice relating to tax, or its interpretation in relation to the Issuer, its assets and any investment of the Issuer may change during its life. In particular, both the level

and basis of taxation may change. In particular, the OECD's on-going global Base Erosion and Profit Shifting project, which intends to achieve a multinational framework on corporate taxation, could substantially affect the tax treatment of the Issuer. Additionally, the interpretation and application of tax rules and customary practice to the Issuer, its assets and investors by any taxation authority or court may differ from that anticipated by the Issuer. Both could significantly affect returns to Bondholders.

THE PROPOSED FINANCIAL TRANSACTIONS TAX (FTT)

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Greece, Spain, France, Italy, Austria, Portugal, Slovenia, Slovakia (the "**participating Member States**") and Estonia. However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Bonds (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

Under the Commission's Proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Bonds where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of the Bonds are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

Dealership Agreement

Bonds may be sold from time to time by the Issuer to the Dealer(s) acting as principal or to subscribers from whom subscriptions have been procured by the Dealer(s), in each case pursuant to the Dealership Agreement. The arrangements under which a particular Sub-Class of Bonds may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers or subscribers are set out in the Dealership Agreement and the Subscription Agreements relating to each Sub-Class of Bonds. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Bonds, the price at which such Bonds will be purchased by the Dealers or subscribers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealership Agreement makes provision for the resignation or termination of appointment of the existing Dealer and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Series, Class or Sub-Class of Bonds.

In the Dealership Agreement, the Issuer, failing whom the Borrower, has agreed to reimburse the Dealer(s) for certain of their expenses in connection with the establishment and maintenance of the Programme and the issue of Bonds under the Dealership Agreement and the Issuer and each of the Obligors has agreed to indemnify the Dealer(s) against certain liabilities incurred by them in connection therewith.

United States of America

The Bonds have not been and will not be, registered under the Securities Act, or with any securities regulatory authority of any state or other jurisdiction of the United States. The Bonds may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except, with respect to Rule 144A Bonds only, to persons that are QIBs within the meaning of Rule 144A or pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meaning given to them in Regulation S.

Bearer Bonds are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended and Treasury Regulations promulgated thereunder (the "Code").

Unless otherwise provided in the relevant Final Terms or Pricing Supplement (as the case may be), the Bonds will be offered, sold and delivered only outside the United States, to persons who are not U.S. persons, in offshore transactions in reliance on Regulation S.

In connection with any Bonds which are offered or sold outside the United States in reliance on an exemption from the registration requirements of the Securities Act provided under Regulation S ("**Regulation S Bonds**"), the Dealer represented, warranted, undertook and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant, undertake and agree, that it will not offer, sell or deliver such Regulation S Bonds (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Bonds on a syndicated basis, the relevant lead manager, of all Bonds of the Tranche of which such Regulation S Bonds are a part, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act. The Dealer further agrees, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Regulation S Bonds during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Regulation S Bonds within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the two preceding paragraphs have the meanings given to them by Regulation S under the Securities Act.

In respect of Bearer Bonds where TEFRA D is specified in the applicable Final Terms, the Dealer has represented, undertaken and agreed (and each additional Dealer appointed under the Programme will be required to represent, undertake and agree) that:

- (a) except to the extent permitted under U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D) (or any substantially identical successor United States Treasury regulation section, including without limitation, substantially identical successor regulations issued in accordance with Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) (the D Rules), (i) that it has not offered or sold, and during the restricted period it will not offer or sell, Bearer Bonds to a person who is within the United States or its possessions or to a United States person, and (ii) that it has not delivered and it will not deliver within the United States or its possessions Definitive Bearer Bonds that are sold during the restricted period;
- (b) it has and throughout the restricted period it will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Bearer Bonds are aware that such Bonds may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the D Rules;
- (c) if it is a United States person, it is acquiring Bearer Bonds for purposes of resale in connection with their original issuance and if it retains Bearer Bonds for its own account, it will only do so in accordance with the requirements of U.S. Treas. Reg. Section 1.163- 5(c)(2)(i)(D)(6) (or any substantially identical successor United States Treasury regulation section, including without limitation, substantially identical successor regulations issued in accordance with Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010);
- (d) with respect to each affiliate that acquires Bearer Bonds from a Dealer for the purpose of offering or selling such Bonds during the restricted period, such Dealer repeats and confirms the representations and agreements contained in subparagraphs (a), (b) and (c) on such affiliate's behalf; and
- (e) it will obtain from any distributor (within the meaning of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D)(4)(ii)) (or any substantially identical successor United States Treasury regulation section, including without limitation, substantially identical successor regulations issued in accordance with Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) that purchases any Bearer Bonds from it pursuant to a written contract with the Dealer (except a distributor that is one of its affiliates or is another Dealer), for the benefit of the Issuer and any other Dealer (if applicable), the representations contained in, and such distributor's agreement to comply with, the provisions of subparagraphs (a), (b), (c) and (d) of this paragraph insofar as they relate to the D Rules, as if such distributor were a Dealer hereunder.

Terms used in this paragraph have the meanings given to them by the Code and Treasury regulations promulgated thereunder, including the D Rules.

Until 40 days after the commencement of the offering of any Series of Bonds, an offer or sale of such Bonds within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Each issue of Index-Linked Bonds shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer may agree as a term of the issue and purchase of such Bonds, which additional selling restrictions shall be set out in the relevant Subscription Agreement. The relevant Dealer agrees that it shall offer, sell and deliver such Bonds only in compliance with such additional U.S. selling restrictions.

The Dealership Agreement provides that the Dealer(s) may arrange for the offer and resale of Bonds pursuant to Rule 144A of the Securities Act, but that no issuance of such Bonds shall be made, unless either the Dealership Agreement or the relevant Subscription Agreement is amended to the satisfaction of the relevant parties for such purpose.

Purchasers of Bonds shall be deemed to have made the representations set forth under "*Transfer Restrictions*".

The Dealer(s) shall to the best of its knowledge and belief comply with all applicable laws and regulations in each jurisdiction in or from which it purchases, offers, sells or delivers Bonds or has in its possession or distributes the Prospectus or any other offering material, in all cases at its own expense unless agreed otherwise.

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such supplement or modification will be set out in the relevant Final Terms or Pricing Supplement (as the case may be) (in the case of a supplement or modification relevant only to a particular Sub-Class of Bonds) or (in any other case) in a supplement to this Prospectus.

TRANSFER RESTRICTIONS

The Bonds have not been, and will not be, registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction. Accordingly, to ensure compliance with applicable laws, including the Securities Act, transfers of the Bonds (or beneficial interests therein) will be subject to restrictions and to certification requirements as set forth below (as the same may be amended, supplemented or modified in respect of a particular Series pursuant to the relevant Final Terms or Pricing Supplement (as the case may be)).

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE

LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

4. With respect to such Regulation S Bonds (or beneficial interest therein), either: (a) such purchaser or transferee is not, and for so long as such Regulation S Bonds (or beneficial interest therein) is held will not be (i) an "employee benefit plan" within the meaning of section 3(3) of ERISA that is subject to Title I of ERISA, (ii) a "plan" within the meaning of and subject to section 4975 of the Code, (iii) any entity whose underlying assets include (or are deemed for the purposes of ERISA or Section 4975 of the Code to include) "plan assets" of the foregoing (i) or (ii) employee benefit plan or plan (each of the foregoing (i)-(iii), a "**Plan Entity**"), or (iv) a governmental, church or non-U.S. plan that is subject to any Similar Law or (b) such purchaser's or transferee's acquisition, holding and disposition of such Regulation S Bonds will not constitute or result in a non-exempt prohibited transaction under section 406 of ERISA or section 4975 of the Code or a violation of any Similar Law. ERISA CONSIDERATIONS

The U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), imposes certain requirements on "employee benefit plans" (as defined in section 3(3) of ERISA) subject to ERISA, including entities such as collective investment funds and separate accounts whose underlying assets include the assets of such plans (collectively, "**ERISA Plans**") and on those persons who are fiduciaries with respect to ERISA Plans.

Section 406 of ERISA and section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), which are among the ERISA and Code fiduciary provisions governing plans, prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans that are not subject to ERISA but which are subject to section 4975 of the Code, such as individual retirement accounts (together with ERISA Plans, "**Plans**")) and certain persons (referred to as "**parties in interest**" or "**disqualified persons**") having certain relationships to such Plans, unless a statutory or administrative exemption is applicable to the transaction. Prohibited transactions within the meaning of section 406 of ERISA or section 4975 of the Code may arise if a Bond is acquired by a Plan with respect to which the Issuer, the Dealers, the Bond Trustee or any of their respective affiliates are a party in interest or a disqualified person. Certain exemptions from the prohibited transaction provisions of section 406 of ERISA and section 4975 of the Code may be applicable, however, depending in part on the type of Plan fiduciary making the decision to acquire Bonds and the circumstances under which such decision is made. There can be no assurance that any exemption will be available with respect to any particular transaction involving the Bonds, or that, if an exemption is available, it will cover all aspects of any particular transaction.

"Governmental plans" (as defined in section 3(32) of ERISA), "church plans" (as defined in section 3(33) of ERISA) that have made no election under section 410(d) of the Code and non-U.S. plans (as described in section 4(b)(4) of ERISA), while not subject to the fiduciary responsibility provisions of ERISA or the provisions of section 4975 of the Code, may nevertheless be subject to state, local, other federal or non-U.S. laws that are substantially similar to the provisions of Title I of ERISA or section 4975 of the Code ("**Similar Law**"). Fiduciaries of any such plans should consult with their counsel before purchasing a Bond.

By its purchase of a Bond (or an interest therein), each purchaser (whether in the case of the initial purchase or in the case of a subsequent transfer) will be deemed to have represented, warranted and agreed either that (i) it is not and for so long as it holds a Bond (or any interest therein) will not be an ERISA Plan or other Plan, or an entity whose underlying assets include the assets of any such ERISA Plan or other Plan (each of the foregoing, a "**Plan Entity**"), or a governmental, church or non-U.S. plan that is subject to any Similar Law, or (ii) its acquisition, holding and disposition of the Bonds will not result in a non-exempt prohibited transaction under section 406 of ERISA or section 4975 of the Code or a violation of any Similar Law.

In addition, each Plan Entity that purchases the Bonds (or any interest therein) will be deemed to represent, warrant and agree that (i) none of the Issuer, the Security Group, the Arranger, the Dealer(s), the Bond Trustee, the Issuer Security Trustee, the Borrower Security Trustee, the Other Parties or their respective affiliated entities (collectively, the "**Transaction Parties**") have provided any investment recommendation or investment advice to the Plan Entity or any fiduciary or other person investing the assets of the Plan Entity (a "**Plan Fiduciary**"), on which either the Plan Entity or Plan Fiduciary has relied in connection with the decision to purchase the Bonds (or any interest therein), (ii) the Transaction Parties are not otherwise acting as a "fiduciary", as that term is defined in Section 3(21) of ERISA or Section 4975(e)(3) of the Code, to the Plan Entity or Plan Fiduciary in connection with the Plan Entity's purchase of the Bonds (or any interest therein) and (iii) the Plan Fiduciary is exercising its own independent judgement in evaluating the transaction.

The foregoing discussion is general in nature and not intended to be all-inclusive. Any Plan fiduciary who proposes to cause a Plan to purchase the Bonds should consult with its counsel regarding the applicability of the fiduciary responsibility and prohibited transaction provisions of ERISA and section 4975 of the Code to such an investment, and to confirm that such investment will not constitute or result in a prohibited transaction or any other violation of an applicable requirement of ERISA or the Code.

The sale of Bonds to a Plan is in no respect a representation by the Issuer, the Obligors, the Financial Guarantors, the Bond Guarantor or the Dealers that such an investment meets all relevant requirements with

respect to investments by Plans generally or any particular Plan, or that such an investment is appropriate for Plans generally or any particular Plan.
