436	LLB	55-59 Grattons Drive	Crawley LLB	Crawley Locally Listed Building. Now a terrace of three houses, the "architecturally impressive" painted brick building was originally part of a farm. Decorative features include brick string-courses and dentils, a shrigled and spray-capped central tower and rows of clay ridge tiles in front of the roof.	3	6	
437	LLB	Deerswood Court	Crawley LLB	Crawley Locally Listed Building. Deerswood was a farm and partly 15th-century timber-framed mansion southeast of field village. Demolished in the 1950s, it was replaced in 1961-62 by a development of 99 flats set in three-storey blocks around the old grounds (in which a pergola survives). Architects K.H. Saunders and E.M. Boume were responsible. Various traditional materials were used, such as clay tiles and variegated brickwork.	3	6	
438	LLB	Malvern Cottage and the Old Post Office	Crawley LLB	Crawley Locally Listed Building. These semi-detached cottages have been dated to the 1850s. One was originally field village's post office, which gives the building additional historic significance. There are bay windows at ground-floor level, and the chimneys are picked out in a different shade of brickwork.	3	6	
439	LLB	Oak House	Crawley LLB	Crawley Locally Listed Building. This is a detached villa-style house of the late 19th century, with sash windows flanking a central entrance bay which features a projecting gabled porch. The building is red-brick throughout.	3	6	
440	LLB	The Royal Oak	Crawley LLB	Crawley Locally Listed Building. One of two old inns in field village (The Plough is the other), this building dates from the mid-18th century or earlier. Ironstone is the main building material, unusually for the Crawley area, but there are red-brick quoins. Original features include the side chimneys and the casement windows, but the main façade is dominated by a 1960s extension.	3	6	
441	LLB	Brooklands	Crawley LLB	Crawley Locally Listed Building. The council describes this as "a little altered late Victorian villa". The detached house stands on Rectory Lane by field Green and has red stock brick walls with red felsite tiles to the gable ends. The building also retains its old sash windows with mullions.	3	6	
442	LLB	Barn Theatre	Crawley LLB	Crawley Locally Listed Building. This stands near St Margaret's Church, the ancient parish church. It is 17th- or 18th-century and is attached to some brick and tile stables. In 1973, both structures were converted into the field Barn Theatre and were connected by a porch that "retained" from the overall appearance. The building has a capacity of 85 and also holds exhibitions.	3	6	
443	LLB	Rectory Farmhouse	Crawley LLB	Crawley Locally Listed Building. This "large and handsome" house of the 1860s stands behind St Margaret's Church. It has red brickwork, a slate roof and a central entrance porch which is characteristic of its era.	3	6

866	Geo	Geophysical Anomaly	Geophysical Survey 2019	2019 geophysical survey Area C. Possible straight form furrows of post-medieval ridge & furrow (N-S)	1	12		
866	Geo	Geophysical Anomaly	Geophysical Survey 2019	2019 geophysical survey Area B. Possible straight form furrows of post-medieval ridge & furrow (E-W)	1	12		
867	Geo	Geophysical Anomaly	Geophysical Survey 2019	2019 geophysical survey Area C. Possible ridge & furrow (N-S) (in addition to E-W sett)	1	12		
868	Geo	Geophysical Anomaly	Geophysical Survey 2019	2019 geophysical survey Area C. Faint curvilinear feature; corresponds with field boundary shown on Charlewood Tithe map	1	12		
868	Geo	Geophysical Anomaly	Geophysical Survey 2019	2019 geophysical survey Area B. Undated field boundaries and probable post-medieval field boundaries - shown on Charlewood Tithe map	1	12		
868	Geo	Geophysical Anomaly	Geophysical Survey 2019	2019 geophysical survey Area H. Undated field boundaries and probable post-medieval field boundaries - shown on Charlewood Tithe map	1	12		
869	Geo	Geophysical Anomaly	Geophysical Survey 2019	2019 geophysical survey Area C. Faint linear anomalies	1	12		
870	Geo	Geophysical Anomaly	Geophysical Survey 2019	2019 geophysical survey Area A. Linear anomaly, corresponds with former field boundary shown on historic map	1	12		
870	Geo	Geophysical Anomaly	Geophysical Survey 2019	2019 geophysical survey Area A. Linear anomaly, corresponds with former field boundary shown on historic map	1	12		
870	Geo	Geophysical Anomaly	Geophysical Survey 2019	2019 geophysical survey Area A. Linear anomaly, corresponds with former field boundary shown on historic map	1	12		
871	Geo	Geophysical Anomaly	Geophysical Survey 2019	2019 geophysical survey Area A. Series of parallel linear anomalies. most likely cloud marks	1	12
