Chief Financial Officer

BUSINESS UPDATE

Executive summary

- Passengers received a good level of service during a period of unprecedented ramp up thanks to:
 - The extraordinary effort and hard work of all frontline colleagues across the Gatwick Campus
 - Successful and safe reopening of the South Terminal
 - Decisive action to manage capacity growth with airlines for July and August
- Invested in resilience with completion of Main Runway resurfacing and transition of air traffic control services to NATS
- Net profit of £196.5m in 2022, after over £830m of losses from 2020 and 2021. Liquidity position remains strong
- Accelerating our commitment to reach net zero (Scope 1 and 2) by 2030, ten years ahead of our previous target
- Working with airlines to plan for summer 2023 operations but uncertainty remains as a result of macro-economic climate and inflationary pressure
- Re-energising our Capital Investment Programme in 2023 with focus on improving passenger experience and service, safety and security. Progressing planning application to bring the existing Northern Runway into routine use
- Consulted with airlines on updated proposals to extend the "Contracts and Commitments" framework beyond March 2025

Key financial metrics beginning to recover

Traffic **32.8m** ↑420.6% from 2021 **↓29.6%** from 2019 Revenue **£776.6**m ↑303.0% from 2021 **↓9.0%** from 2019 Operating costs¹ **£330.3m** ↑50.7% from 2021 **↓14.1%** from 2019

³ Capital expenditure in 2022 includes £0.2m (2021: £19.9m) of right of use assets in accordance with IFRS 16

YOUR LONDON AIRPORT Gatwick

5

Reinforcing Gatwick's leadership position in sustainability

Gatwick has made significant progress against Decade of Change goals since launched in 2010

Highlights of 2022

Innovative design to resurface Main Runway, reducing the amount of asphalt required by 70%, saving time, and crucially, carbon emissions

&

Introduced a new carbon charge to incentivise airlines to use more sustainable and cleaner fleets

&

Winner of the Royal Society for the Prevention of Accidents (RoSPA) President's Award, for Health and Safety

YOUR LONDON AIRPORT

Accelerating our commitment to be net zero by 2030

- Gatwick Airport Limited to invest over £250 million in reducing carbon emissions and becoming net zero (Scope 1 & 2), 10 years ahead of our previous commitment
- Working closely with our stakeholders to reduce Scope 3 emissions and ensure we are creating a sustainable airport for the future
- Will announce details on plans to deliver against our climate mitigation goals when we publish our Decade of Change roadmaps and Carbon Action Plan later this year

Building an EV fleet and infrastructure, HVO and hydrogen fuelling

Decarbonising of heating and cooling systems

Energy efficiency of terminal and buildings

YOUR LONDON AIRPORT

YOUR LONDON AIRPORT Gatwick

BUSINESS PERFORMANCE

Traffic: Strong peak season recovery

32.8m ↑420.6% from 2021 ↓29.6% from 2019

- Traffic more seasonal as peak periods recovering faster; will remain more peaked in the short-term. Short-haul recovery reaching 77%
- Slot usage rules disproportionally impacted Gatwick in Q1. Unprecedented ramp up ahead of a busy peak summer season as travel restrictions removed ahead of the Easter holidays and slot usage rules reinstated for summer 22
 - Strong recovery in leisure travel, business travel expected to take longer

Passengers by month

Gatwick

Daily average ATM's by week

Continued focus on service and maintaining passenger confidence

- Delivered a robust passenger service over the summer season by supporting the Airport community on a number of mitigations such as "white pass program" to fund incremental resource and incentives and resource for airline ground handlers
- Operations on the airfield and in the terminals were operating as usual at the end of 2022 and all our CSS measures were reinstated
- Service levels reached those comparable to 2019 by the end of the summer season; investment planned to further improve service and passenger experience

Revenue: Non-aeronautical income fully recovered

revenue £776.6m

↓9.0% from 2019

AERONAUTICAL INCOME	NON-AERONAUTICAL INCOME								
Airport charges	Total	Retail	Car parking	Property	Other				
£ 405.7 m	£ 370.9 m	£158.6m	£101.7m	£ 30.8 m	£ 79.8 m				
↓11.3% from 2019	↑4.6% from 2019	↓20.5% from 2019	16.6% from 2019	↓7.5% from 2019	↑4.6% from 2019				

- Reduction in traffic partially offset by permitted security charges, inflation, seasonality and contractual arrangement with airlines
- Despite the impact of COVID-19, we continued to price below the level permitted under the commitments framework

- Passenger volume impact on retail income partially offset by inflation, improved spend per passenger as result of increased dwell time, favourable passenger mix and improved commercial terms with concessionaires
- Increased car parking income driven by a higher proportion of UK-originating departing passengers, different mix of products and local market dynamics
- Property income less susceptible to passengers volumes, recovering as airlines and other tenants return to Gatwick
- Other income represents cost recovery for in year and covid impacted years

Operating costs: Continued focus on costs despite inflationary pressures

operating costs¹ £330.3m

↓14.1% from 2019

STAFF COSTS	NON-STAFF COSTS							
	Total	Maintenance & IT	Rent, rates & utilities	General & other				
£135.9 m ↓32.5% from 2019	£194.4 m ↑6.0% from 2019	£39.9 m ↓13.6% from 2019	£58.6m ↑10.6% from 2019	£95.9m ↑13.9% from 2019				

- Reduced average FTE from 3,188 in 2019 to 1,977 in 2022
- As at 31 December 2022 the Gatwick Airport Limited team was 2,230 employees and growing
- Maintenance & IT costs reduction driven by contract review, scope revisions and consolidation coupled with smaller operational footprint in Q1 with South Terminal reopening on 27 March
- Utility costs increased but protected through hedging strategy and partially offset by lower consumption
- General and other costs are largely fixed in nature such as police, ATC and insurance, as well as those that have both fixed and variable elements like special-assistance, cleaning and hold baggage screening. Labour intensive contracts exposed to wage inflation

YOUR LONDON AIRPORT

Gatwick

Cashflow: Return to positive cash flow following capital injection in 2021

- Successfully completed a tender offer to purchase some of the outstanding Class A bonds utilising cash headroom to lower short-term cost of carry and thus temporarily reducing gross debt
- As of 31 December 2022 senior net debt would have been in excess of £3.1bn without the capital injection in 2021

Gatwick

Senior Net Debt: Change from December 2021 to December 2022

Compliance certificate summary

- Sufficient headroom on both Senior ICR and Senior RAR as traffic recovery continues
- Temporary amendment to the calculation of the Senior RAR (under the second waiver agreement) remains in place until June 2024

	Year ended 31-Dec-22	Year ended 31-Dec-23	Year ended 31-Dec-24	Year ended 31-Dec-25

Traffic outlook: Building upon 2022 despite short-term uncertainty

Confident recovery will continue into 2023, boosted by:

- Announcement of 80:20 slot usage rules for the summer 2023 season, though airlines taking advantage of 5% dispensation allowance
- Existing and new airlines offering passengers more choice with a number of exciting announcements

YOUR LONDON AIRPORT

Existing and new airlines offering our passengers more choice

Strong recovery and continuing to build network at Gatwick, launching services to Calvi and Ancona this summer

Air India launching 12 flights a week to Goa, Ahmedabad, Amritsar and Kochi

New long-haul services this summer to Georgetown, Las Vegas, Vancouver and new short-haul services to Salzburg, Montpelier, Corfu and Mykonos

Adding service to Ohrid, Macedonia this summer and launching Marsa Alam, Egypt for winter 2023

Launched services to Lyon and Grenoble this winter and adding services to Dalaman, Antalya and Nice this summer vueling

Focused on growing the eight new Spanish routes launched in 2022

Delta returning with daily service to New York in April

YOUR LONDON AIRPORT

Lufthansa starting two daily services to Frankfurt

18 * Includes destinations currently served and those that have been announced by airlines

YOUR LONDON AIRPORT

Rapidly building back our Capital Investment Programme

During 2022 Gatwick invested in key projects such as:

- Main Runway resurfacing to increase resilience
- Continued to partner with Network Rail to significantly transform the train station. Expected to complete later in 2023
- Continued to develop plans to maximise use of the existing Main Runway and to bring the standby Northern Runway into routine use
- In 2023 we will invest in the passenger experience, service, capacity and building further airfield resilience

North Terminal IDL refurbishment

Train station redevelopment

Pier 6 extension

Multi story car park 7

Commitments framework continues to deliver positive outcomes for passengers

Engaging with the airport community on a proposal to extend the Contracts and Commitments framework by 4 years beyond the current expiry date of 31 March 2025

Contracts and Commitments framework:

- encourages bilateral agreements with airlines which incentivise growth and passenger choice
- allows long-term positive airline partnerships to improve passenger experience
- provides increased flexibility to respond to changing passenger and airline requirements

Both, during covid and the start of recovery have again proved the commitments framework delivers positive outcomes for passengers

Progressing long term sustainable growth projects

Bringing the Northern Runway into routine use would offer an **innovative**, **low-impact** way of unlocking new **capacity** and increasing **resilience** from the airport's **existing infrastructure**

Second public consultation completed in July 2022. **Progressing planning application** to bring the existing Northern Runway into routine use

July 2022

Conclusion

- Successfully delivered a safe and strong service through a period of unprecedented growth demonstrating industry leadership and working collaboratively with our airlines and airport community
- Delivered robust financial performance in 2022 and recovery continues in 2023 with traffic guidance increased accordingly. Medium-term uncertainty remains from macro-economic conditions
- Significantly increasing our capital investment improving service levels, passenger experience and providing further resilience
- Accelerating our commitment to be net zero by 2030
- Gatwick is preparing to submit updated proposals to the CAA on extension of "Contracts and Commitments"
- Confidence remains strong in Gatwick's long term sustainable growth plans through:
 - **Preparing planning application** to bring the **existing Northern Runway** into routine use
 - Commitment to develop plans to maximise use of the Main Runway
